# STOP HITLER!

40

## Save Peace

Five days ago Chamberlain and Daladier sold out Czechoslovakia. The stage was set for the world's greatest betrayal. The stage was set for the continuance of Hitler aggression far beyond Czechoslovakia. The world was ready for war.

Today the stage is set for the greatest victory for PEACE!

The betrayal was planned well. But it was planned without the peoples of Czechoslovakia, France, and England. The demonstrations of the peoples of the world forced the French and British Governments to straighten up their spines. Thank God that the British, French, and yes, the American people are not isolationists. Thank God they realize that their lives and homes are tied up with the fate of the people of the world.

The action of the people has staved off war for two weeks. And the people of the world have just begun to act. Intense action up to October 1st will make Hitler's deadline Hitler's death line. American sentiment can bring this about. Let Roosevelt embargo Germany and invoke the Kellogg Peace Pact to reunite the democracies for international collaboration for peace. Let Roosevelt help defeat Hitler on every front. Make him lift the Embargo on Spain. An emergency bulletin from Prague yesterday stated: "One statement by Roosevelt is worth six Regiments."

C.C.N.Y. will express these sentiments Thursday noon in the Great Hall. C.C.N.Y.'s A.S.U. must act as the shock brigade to assure an overwhelming response to the faculty-student plea to be issued today.

Every A.S.U. member and every friend of peace is requested to attend the emergency A.S.U. preparatory meeting this afternoon at 3 P.M. in Room 126.
