VICE PRESIDENT FOR FINANCE AND ADMINISTRATION

Note: This small record group had been put together and processed in the mid-1990s. It was re-processed in 2003 to conform to the organization and criteria employed in processing the other record groups. The vice president from whose office they came was Dr. Vincent Tenaglia. Related material will be found in the Subjects, Committee Records, and Presidents' Files record groups.

This material is arranged by fiscal years, and, if more than one folder is required for the papers of any one fiscal year, further subdivided by calendar years or months. There is considerable overlap from one fiscal year to the next. Many papers are undated, but an effort has been made to determine their approximate date and to put them in their proper place within the sequence. The boxes, the folders they contain, and the documents within each folder are arranged in reverse chronological order, i.e., the latest in front. For the earliest six fiscal years only the presidential statements are extant
