AROUND THE WORLD CARNIVAL 1961
The Dance
Realizing the necessity of better coordination between the houseplans and clubs, the Central Houseplan Association was established in 1959. Since then its expansion has been commensurate with that of the college. C.H.P.A. operates as a liaison between the campus' houseplans. The association consists of delegates from the various houseplans, each club having one vote. The representatives also discuss procedures and means for bettering houseplan ideas. Upon request, C.H.P.A. assists financially and otherwise in enriching the social and cultural programs of member organizations. The association also sponsors two main events on the college's social calendar, the Carnival and the June boatride.
Dedicated to legitimate conservative action, the B.C.C. chapter of the Young Americans for Freedom has contributed to political thought on campus. B.C.C. students are invited to display their views on specific topics at Y.A.F. meetings, which embrace discussions concerning American Conservative beliefs and the Cold War. Y.A.F. also has shown anti-communist films. The club has participated in several demonstrations sponsored by the Greater New York Y.A.F. In September the chapter attended a rally against the admission of Red China to the U.N., and in March the college chapter participated in the "Rally for World Liberation from Communism."
The Choral Club was founded in the fall of 1959 and made its first public appearance at the Christmas-Chanukah Assembly of that year. Since then, the Choral Club has sung at the commencement ceremonies for the first two graduating classes, convocations and numerous informal college functions. Another memorable performance was the impromptu recital on the afternoon the roof blew off.

In addition to providing a service to the college and the community, the Choral Club, under the direction of Dr. Salzberg and Mr. Furst, offers an opportunity for students to enjoy the experience of group singing and performance.
The Evening Session Student Council was formed in the Spring of 1960. Its purposes are to govern the evening student body, to arrange social activities and to promote clubs among the evening students. A president and a vice-president are elected by the entire evening student body. Furthermore, each class elects a representative to the council. These fifty delegates handle the affairs of the council. In the past the council has held dances, luncheons, outings, and lectures by prominent persons. The activities of the Evening Session Student Council are publicized through the Evening Newsletter.

ADVISOR: Mrs. Eleanor Harder
The Student Council is an independent, self-governing organization which helps to fulfill many of the student's needs. The council consists of elected representatives from various classes and clubs, with the main officers being elected by the entire studentry.

Through its financial and legislative powers, the Student Council has expanded extracurricular activities which have enriched the lives of those who work and study here. As an integral part of the college, the Student Council helps provide an environment conducive to the social and cultural development of the student.

Day Student Council

ROW 2, left to right, standing: Terri McMahon, Bill Preinsberger, Arnold Ferolito, John Shanahan, Bernard Carbin Jr., Ronald Levy, Peggy Gillen.

GRADUATED: Carey Broslovsky - president, Marlene Mennis - recording secretary.
Starting as a small core of secretarial students, the Business Club has grown to its present membership of approximately 150, comprised of accounting, retailing, and secretarial majors. The purposes of the Business Club are to relate classroom activities to the business world and to encourage social activities that will enable students to develop attitudes that are conducive to success in business.

With the aid of its dynamic advisors, Profs. Krey and Takei, the club has become an invaluable asset to the Business and Commerce student.
The Evening Newsletter was published in April, 1961. It has grown from one page into a three and sometimes a four page publication.

It is published monthly during the Fall and Spring semesters. The Evening Newsletter publicizes the events and activities of interest to the Evening Session students. It also reports the proceedings and activities of the Evening Student Council. Information pertaining to part time education is featured periodically. The Editor welcomes articles and comments submitted by its readers.

At present the Evening Newsletter staff is comprised of two persons, Carol T. Andrea, editor-in-chief, and Emily Schecter, associate editor. The paper's advisor is Mr. Caffrey.
From a crude single page two years ago, the Newsletter has unfolded into an impressive multipage weekly. This year, the students were astounded but pleased with the new, scintillating format that had been devised by the weekly’s editorial staff. The “new” Newsletter is published weekly by the day session Student Council. Primarily, it informs the student body of upcoming social and cultural events on the campus. It also features a sports column and an editorial.

To keep up with the campus events, the staff toiled incessantly, and, at times, their efforts were futile. Its reporters lost copy and grades; Mr. Caffrey “proofread” many an issue out of existence. Despite these and other setbacks, the staff produced a handsome paper.
Again in 1962, the Communicator staff covered the news on campus endlessly and superbly. Serving students, faculty and members of the community is its aim. The school newspaper began operations in the Spring of 1959. Dr. Reynolds met with a volunteer group of incoming students at the Board of Higher Education headquarters and introduced tentative policies and procedures.

For three years the staff has had to cleave through mountains of red tape, work and worry in order to bring to its subscribers “all the news of B. C. C. that’s fit to print.” Students who have paid their student activities fees receive seven or eight issues of the Communicator annually. With the completion of adequate facilities, the staff plans to publish the newspaper twice as frequently in the future.

Standing left to right: Regina Winkler, Bill Viggiano, Barbara Schneebaum, Margueritte Brunelli, Madeline Freed
Gleanings

Gleanings was created to tap the latent wealth of literary talent which exists on campus. Last semester, the editors conducted a publicity campaign urging the college’s future writers to submit their manuscripts. So excellent was the response that the first issue was a thesaurus of literary opulence. Under the guidance of Mr. Motola and Dr. Heinz, the staff produces a magazine which amply expresses the literary thought on campus.

ADVISOR: Mr. Gabriel Motola

ROW 1, left to right, seated: Joel Nesson, Gail Roth - Editor in chief, Helen Getter, William Viggiano.
ROW 2, left to right, standing: Marcia Levine, Alice Klein, Carol Alexy, Jane Warshaw, Irma Levy.
ROW 1, left to right, seated: Larry Fiebert, Reidar Syvertsen, Aaron Dittler.
ABSENT: Joseph Napolitano, Montgomery Gray, Mary Ann Grassl - recording secretary.

Pendulum

Added to the growing family of college publications is the political journal, PENDULUM. Its objective is to serve as a vent for political essays and illustrations submitted by the student body.

The accepted manuscripts are reviewed by Miss Braginsky and Mr. Galub, who advise the board on the merits of each article. The accepted manuscripts then appear in the PENDULUM. One issue may encompass such topics as the Student Council, Katanga, the admission of Red China to the United Nations, or the Cuban fiasco.
Operating amateur radio station WA2QBS is an exhilarating and edifying experience for the members of the Radio Club. With recent radio equipment allotted by the Student Council, the club has expanded its short wave broadcasts. Radio contacts have been made with other "hams" in the United States and Latin American countries.

For two years the club's advisor, Mr. Uscinowski, has moderated the activities of the amateur radio society. During that period, its members have become well-versed in the techniques of assemblage, operation, and repair of radio apparatus.
In April, 1961, the New York Chapter of the Institute of Radio Engineers approved a petition requesting the establishment of a Student Associate Branch at Bronx Community College. Presently, the branch has over forty-five members, and is growing rapidly. B.B.C. members initiated their I.R.E. activities with a trip, last March, to the I.R.E. Exhibition at the New York Coliseum. The Fall term was an active one for the new branch. I.R.E. presented weekly discussion sessions on topics of interest to radio engineers and talks by outstanding speakers, such as Mr. Palmer, Manager of Customer Engineering of the Bronx Branch of IBM. I.R.E. members also visited the IBM plant in Poughkeepsie. The organization's advisor, Professor Lawrence, tells us that a workroom is being designed where members will be able to construct and repair electronic equipment as well as to provide displays for the college.
Founded two years ago, the membership of the Newman Club has expanded from twenty to seventy students. This increase can be credited to the club's personable advisors, Father Netter and Dr. White. The club surveys the religious problems confronting today's young men and women. Topics such as "The Meaning of Faith and Religion" and "The Catholic in Politics" have been discussed. Its annual communion breakfast was held at Our Lady of Mercy church. During Christmas, the members collected gifts for the children at Fordham Hospital.
The religious club on any campus satisfies a vital need in the lives of its members. The Hillel Society furthers the understanding and appreciation of Jewish culture and religion. Ever since its inception, the club has fostered many charitable affairs, such as the Chanukah party for the children at Montefiore Hospital.

The Deans
TO THE CLASS OF 1962:

A year ago, in greeting the first graduating class of Bronx Community College, I spoke of "beginnings" and described why beginnings are never easy. I congratulated them for their amazing patience and fortitude during the process of founding our college.

While our ship is launched, there is still much to be done, and in this we are as grateful to you as we were to our pioneers. It is sometimes difficult to believe that young men and women can withstand the hardships of our physical plant and yet pursue with success their educational aims. To me this proves once again that what makes a college is not the physical surroundings but the human ones. The faculty, which has labored so long and so hard to fashion the curriculum and to give it life within the classrooms, shops, and laboratories, are the ones really responsible for the college to which you devoted the past two years of your lives.

As you leave us for gainful employment or for continued education, you take part of the faculty with you.

You may be certain that all of us will continue to stand by you, because we will never forget your contributions to Bronx Community College.

Morris Meister
President
ADMINISTRATION
When President Meister assumed his duties in February 1958, a major task confronted him, that of recruiting a competent faculty for the infant college. From positions in colleges and universities, as well as from posts held in other professions, the first members of the faculty arrived. Its members, who brought with them an abundance of experience and intellectual vigor, have labored incessantly to produce a favorable academic atmosphere.

In appreciation of their unselfish devotion, patience, friendship and inspiration, we, the graduating class of 1962, dedicate our yearbook to the Faculty of Bronx Community College.
In the fall of 1961, by legislative action, the New York municipal colleges became the City University of New York. Bronx Community College is one of seven institutions comprising the University. The seven include: the four-year colleges—City, Hunter, Brooklyn and Queens; and the community colleges—Staten Island, Bronx and Queensborough.

At the head of the University is Dr. John R. Everett, Chancellor. Serving with him on the Administrative Council are the presidents of the member colleges.
City University of New York

CHANCELLOR EVERETT WITH CHAIRMAN ROSENBERG OF CUNY
Prof. Marvin Hirschfeld  

Literary Advisor  

Mr. Gerald Blidstein, the literary advisor of *Genesis 1962*, gives much of himself to the classes he teaches, and his enthusiasm and enjoyment of literature is transmitted to his students.  

Love of teaching and working with students has resulted in his interest in travelling. In the summer of 1960, he conducted a student tour of Israel. When thinking of his travels and studies abroad, Mr. Blidstein asserts that the experience derived from meeting different people and visiting historical places of interest adds to the education of an individual.  

Mr. Blidstein received his B.A. from Yeshiva University, and earned his master’s degree in English from Columbia University. He is currently working for his doctorate at Columbia.  

Mr. Blidstein added a statement that aptly exemplifies his feeling for the teaching profession, and is the advice that he offers to the graduating class, “Go beyond that which is required, whether this be seeking an education or most anything in life, for everything will be all the more rewarding and profitable if you give of yourself to that which you enjoy.”  

Business Advisor  

Professor Marvin Hirschfeld, business advisor to the yearbook, obtained his B.S. and M.A. degrees at New York University. There, he was a member of the basketball team, and served as a coach after graduation.  

At the present time, Professor Hirschfeld is completing a doctoral thesis entitled, “Development of an Apparel and Accessories Course of Study for a Community College in the Metropolitan Area.” In addition to his experience as a college teacher, he has taught on the elementary, junior high, and secondary school levels. For ten years he taught business courses at the Bronx Park and Taft Youth and Adult centers. He coordinates a co-operative course at B.C.C., and helps to place seniors in retail training jobs at such department stores as Klein’s, Gimbel’s and Alexander’s.  

Professor Hirschfeld cordially tells all seniors: “It doesn’t cost anything to smile, and it usually pays in dividends.”
Yearbook advisor, Professor Wm. Walter Duncan spent his undergraduate years at Berry College, in Rome, Georgia. From there he went to the University of Michigan for an M.A. Presently he is completing the requirements for a doctorate at New York University. Professor Duncan teaches classes in English and speech at Bronx Community.

Most of his professional life has been spent in the East: one year at the University of Maine, two years at Temple University in Philadelphia, four years with NBC and CBS, and four years at Queens College before coming to Bronx Community.

Professor Duncan states that he likes teaching at B.C.C. because he “enjoys working with the students here who are both ambitious and responsive.” When asked what advice he had for the graduating class, he replied: “None. I merely wish them the best in their academic, professional and personal pursuits in the years to come.”
Requiem

FOR DR. THELMA C. SPAULDING

To think of her is to recall wisteria
Purpling in the wind, a southern plant
Set in the north that it may see, release
Shy scent at summer's end and when ripened
Relinquish light to snow and earth to drought.

She feared December's cold as if she knew
That universal Christmas were her own
And symbols of the year, yule trees and wreaths,
Were her symbols, were her wreaths.

So like
The seasonal pines she wore her symbols at
Her throat and on her fingers, amethyst emblems
Worn by her mother once that soon her daughters
Would be wearing.

And in those gems how swift
The pictures form, composites that were she:
A summer's walk in country grass, a noon-time
Fishing spree in Croton Lake—her catch,
A two-inch Bass which she threw back to sea
And life, the long firm handshake as evening bled
Its treasonous course through fields and valleys.
Evening comes more often now for everyone.

And after tears, the tumult of
Her trip through life, after family
And friends depart for their own destinies,
After we think wisteria and amethyst,
We think of her, that brave, kind voice—the essential
Being—timeless in her genesis.

Miss Suzanne Henig
As you read this, the second yearbook of Bronx Community College, you may say to yourself: Why was GENESIS 1962 chosen as the title? What possible significance can a word meaning "the beginning" have for a senior class that has for two years received the educational benefits that Bronx Community College has to offer? Why call it the beginning?

The dictionary defines genesis as, "the coming into existence of anything." As we look about us, we see the coming into existence of a dream at B.C.C. That dream is the creation of a physical plant which, because of its bright newness, lends an exhilarating air to our pursuit of higher education. It produces in our minds an increased spiritual vigor which correlated with an increase in intellectual vitality.

The seeds have been sown and, indeed, the first fruits are already being enjoyed. For two years we have experienced the arduous growth process which we have tried to record in this book. To grow and broaden one's outlook is to live.

GENESIS 1962 is the result of the sincere efforts of the editors and their staff members, who, despite many a discouraging turn of event, maintained their loyalty in the realization of our goal. I wish to take this opportunity to thank the staff for their many hours of hard work. I should also like to extend to the advisors a special word of gratitude for their consistent help and encouragement. And to the student body, a final word of thanks for their cooperation in making this yearbook possible.

</table>
They're wearing them high this season

Let your weight rest on both feet

Girls have all the fun

Come the Revolution

They all prefer Mollie's
You'd look even funnier upside down

But it's my best profile

No, I don't have a kangaroo in here

My boy friend will love these

Down and down we go . . .
Seasonal sports at the "Y"

The Theory of the Leisure Class

I used to do this for a living

Holding hands at midnight

This is our protection

The end's in sight

Who says the Commies have all the cops?
Seasonal sports at the “Y”

The Theory of the Leisure Class

I used to do this for a living

Holding hands at midnight

This is our protection

The end's in sight

Who says the Commies have all the cops?
A funny thing happened to my dog

Getting stoned, again?

The view from the back is better

The Ptomaine Twosome
Do you want another card, Prof. McGrath?

No, I'm perfectly normal

The best suggestion yet!

The President's been doodling again

Out of the mouths of babes . . .
Women's Sports
at B. C. C.
The third annual student-faculty basketball game was held on March 2, 1962. Six members of the faculty along with three alumni members made an effort to defeat a basketball team composed of several members of the student body. The students won 59-41. This was the third straight defeat that the faculty has suffered. Led by Al Lissoy, the highest scorer of the game with 13 points, the students prevailed throughout every phase of the game. Rounding out the faculty and alumni scorers were: Prof. Schaumberger with 14 points and Irwin Roberts with 8. Other members of the faculty and alumni team were: Mr. Steuern1an, Mr. Finnegan, Prof. Hirshfeld, Mr. Segal, Prof. McGrath, Clark Shuback, Ray Bergman and R. Seewald. Student team members were: Efram Berger, Dave Hayes, Gerry Kopelman, Ted Lachman, Leon Levy, Steve Neithardt, Arnold Robinson, Bob Sandler, Jay Schneiner, Ed Simmons, Dave Siegal, Julius Stewart, William Walker, and Lewis Weinberg.
In the fall of 1960 the Boys' Bowling Club was organized with George Dolinsky as captain and Mr. Caffrey, of the English and Speech Department, as faculty advisor. The club swung into action as matches were held with New York Community College, Fashion Institute of Technology and Staten Island Community College.

With the absence of George in the fall of '61, John Kesecki and Al Mandel as co-captains took over the management of the club. The club was asked to join the Metropolitan Junior College League along with City Tech, F.I.T., Queensborough Community College and Nassau Community College.

The club is composed of Ted Lachman, Norm Levine, Joe Molitor, Bruce Leonard, Roger Servat, and Ray Bergman.
In the fall of 1960 Mr. Steuerman organized Bronx Community College's first intercollegiate activity—the Wrestling Team. Its debut came when they held a scrimmage with Hunter College. As the team grew they gained experience by wrestling against C.C.N.Y., N.Y.U., and Nassau Community College.

This year five varsity men returned to find that Coach Steuerman was in the army. The B.C.C. matmen, however, were able to start practice with the arrival of their temporary coach, Mr. Behrman, employed at City College. The wrestlers elected Al Siegel, 130, and Fred Wiethop, 167, as co-captains.

Coach Steuerman was discharged from the army on November 30, 1961 in time for the season's opening match. The team opened its season against Hunter College on Saturday, December 2, 1961 winning 33-3.

In January 1961 the team suffered a great loss with the graduation of Al Siegel, 130, and Bob Stahl, 157, both were original members and outstanding wrestlers. They hope to wrestle at City College as does Barry Kuperman who wrestled with B.C.C. last year.

Remaining upper-classmen of the team are Rodger Hudson, 137; Mike Dacker, 147; Fred Wiethop, 167; Mitch Wenzel, 177; and Tom Dushas, heavyweight. The new and most promising members of the team are: Mike Ronson, 115; Dave Sheniac, 123; Stu Lavochkin, 147; Dick Heller, 157; and Barry Traub, 191. This year, the team held matches with Hunter College, Rockland Community College, Nassau Community College, and Yeshiva University. They also entered the National Junior College Championships (Eastern District).
ROW 1, left to right, seated: Tom Dushas, Ed Mantell, Mitch Wenzel, Fred Wiethop, Bob Stahi, Stu Lavochkin, Barry Traub, Rodger Hudson.
ROW 2, standing: Dick Meller, Mike Docker, Fred Hoffer, Coach Steuerman.
Foreground, kneeling: Dave Sheniak, Mike Ronson.
ABSENT: Al Siegel.
