

LAGUARDIA COMMUNITY COLLEGE
SENATE PLAN APPROVED

The College's staff has overwhelmingly approved the proposed governance plan in a referendum held at the end of November.

With 71% of the College's staff participating, the final count of the referendum showed 85% of those voting approved the proposed plan. Approximately 13% were against and 2% of the ballots were illegible.

A student referendum held earlier revealed that more than 87% of the student body had approved the senate plan and 10% had voted against it. Two percent of the ballots were declared void. Thirty-two percent of the students took part in the referendum.

At the College's Professional Staff meeting held earlier in December, President Joseph Shenker said that the final step prior to implementing the plan was for the Board of Higher Education to approve the proposal. The Board was expected to consider the plan in the next few weeks. President Shenker said that barring any complications, the plan could be put into operation by mid-February.
