Dean of Administration and Director of Evening Session
Our college days hold for us many memories. We entered Bronx Community College and walked up the steps into a whole new and different world. We walked into our first classes with mixed emotions, harboring much hope and some doubt. And in time, we climbed the stairs to our classrooms and to the cafeteria, and began to fit into the scheme of things. We found answers to the questions that occupied our minds, and friends to add to our sense of accomplishment. We did these things always with the knowledge that our time here was short; always with the understanding that in two brief years we would have to move on. But our enthusiasm was no less weakened and our effort no less strengthened because of that fact. It is cause to make us proud.

Our time to leave has reached us, and we must pick up our memories and walk down the steps into another new and different world; the world that waits for us after we graduate, whatever it may be. As we leave our college, we are sure of only this: Bronx Community College has brought us several steps closer toward the fulfillment of our desires.
To the Class of 1964:

The theme of GENESIS 1964 is your clarion call for stepping into the future. As you do so, you leave behind for future generations some outstanding achievements.

During your stay with us, Bronx Community College received its full accreditation as a two-year college. Its curricula as a whole, and especially those in the engineering technologies, received the unqualified approval of those in higher education who are qualified to evaluate such matters.

While you were with us, our college attained its highest enrollment and is now among the three or four largest community colleges in the city, state, and nation.

It was your class which watched the slow and sometimes torturous progress of a physical plant completely renovated.

It was your class that helped us to reach the high spot of our service to the community. We are now better known to the citizens of New York City, and especially in the Borough of the Bronx, as a well-established college which serves the higher education needs of youth.

We are grateful to your class and will always remember your fine spirit and cooperation. As you leave us you take part of the college with you in those essential intangibles for which the faculty and you have striven so hard.

Looking to the future, may we say again that our campus will always hold its doors open to you. You are members of our family and we want to share in your futures which we know will be both bright and a credit to B. C. C.

Sincerely yours,

Morris Meister
President

The Bronx Community College is administered by the Board of Higher Education under the program of the State University of New York
We set aside this page as a dedication expressing our deep gratitude to our former advisor, Prof. William W. Duncan.

He has brought an air of culture and tradition not only to this yearbook but also to the others before it. He has shown us that a yearbook is more than a record of our days here. Through his patience and understanding we have been made aware of all the benefits — the tangible as well as the intangible ones — of a yearbook.

It is to this man we dedicate our book.

GENESIS
THE
4th
EDITION
OF
THE SENIOR CLASS PRESENTS
The knowledge of the world of old
And insight into science of the new,
Will help us to attain our goal of truth —
And live in peace.
Reprinted by special permission of The Saturday Evening Post, (c) 1960, The Curtis Publishing Company.
“We are Americans. That is a proud boast. That is a great privilege. . . . These are extraordinary times. And we face an extraordinary challenge. Our strength as well as our convictions have imposed upon this nation the role of leader in freedom’s cause. No role in history could be more difficult or more important. . . . It is the fate of this generation. . . . to live with a struggle we did not start, in a world we did not make. But the pressures of life are not always distributed by choice. And while no nation has ever faced such a challenge, no nation has ever been so ready to seize the burden and the glory of freedom.”
