Love is groovy ..... wild.
Love is a long trip.
Love is pickles and ice cream.
Love is an illusion filled with sadness and confusion.
Love is a B.C.C. clock with the right time.
Love is finding out there is a difference.
Love is an itch in your heart that you can't scratch.
I just finished a two year hitch in the army ... I forget.
To the Class of 1968:

Warmest congratulations to each of you. In completing your studies at Bronx Community College, you have climbed another rung on the educational ladder that extends ever upward.

In many ways, you are very fortunate, for there is a great and growing need for well-trained men and women in a variety of vocational, technical, and professional areas. The human service professions, too, offer many opportunities for challenging and rewarding work. In short, your range of choices is truly remarkable, limited only by your capacities and your determination to succeed.

But the same forces responsible for these unparalleled opportunities are gathering momentum and, with total impartiality, they can and, undoubtedly, will bring about further revolutionary changes. New products, new services, new techniques will appear overnight, while the tried and true may fast become obsolete and disappear.

Thus, the exponential growth of knowledge, and rapid technological and social change, will confront you with the need to make decisions ten or twenty years hence for which no detailed prescription is possible at this time.

This is why we have stressed broad and basic preparation in the fundamentals of knowledge; and this is why I urge you to continue to learn, to grow, and to improve your ability to absorb new knowledge and cope with change.

As you enter upon a new phase of your career, our hopes, our prayers, and our best wishes for your continued success accompany you.

Sincerely yours,

James A. Colston
President

COLLEGE SEAL

The seal of the Bronx Community College represents its educational and philosophical aspirations.

The design is that of a symbolic tree of learning bearing fruit on its three branches.

The upper section depicts an open book, suggesting the work of the scholar, superimposed upon an ancient scroll, implying that wisdom and knowledge may help us to learn to live better.

In the lower left-hand section, the palm of a hand holds the planet, Earth, asserting the conviction that man can control his destiny.

The diagram of the atom in the lower right-hand segment represents the determination that man shall control matter and energy for peaceful human purposes.

The seal thus reflects the dedication of the college to the realization of the highest ideals of humanity through education and the search for truth.

COLLEGE COLORS

The college colors, green and gold, were chosen as a harmonious balance that represents the college ideals.

Green was selected because it is the color of the pigmentation of the natural process of photosynthesis. This suggests the creativity and vigor of youth, traits to be cultivated in college students.

Gold is the color of the rays of the sun, the basic source of energy and light. This symbolizes curiosity and the penetrating qualities of mind. Their purpose is to penetrate darkness, dispel ignorance, and illuminate all areas in a quest for knowledge, truth and enlightenment.

The combination of green and gold synthesizes the hope to advance human progress with the idealism and intellectual fervor of the youthful spirit.

THE COLLEGE MASCOT

The mascot of the Bronx Community College is “The Broncs”
ALMA MATER: GOLD AND GREEN

Stand we here with voices raised,
    To our Alma Mater;
You alone deserve the praise
    For knowledge gained in countless ways;
Your spirit proud will always be
    Our guide eternally.

Chorus
Gold and Green, Gold and Green,
    We pledge ourselves anew.
Gold and Green, Gold and Green,
    With honor we'll be true.

In the years that lie ahead,
    We will come together;
Joined in all that's right and good
    With faith in God and Brotherhood;
Our loyalty is ever bound
    To thee, where truth is found.

Repeat Chorus

Music by Dr. Marvin Salzberg
Words by Gil Perlroth.

ACCOUNTING CLUB
The Accounting Club, guided by Professor Robert Kissel, attempts to familiarize its members with the business world practices, outside the confines of the college and textbooks. As a part of B.A.R.L. Incorporated, the club has welcomed freshmen, honored seniors, and taken Christmas gifts to children at hospitals.

BRONX COMMUNITY COLLEGE
CHINESE CLUB
The B Triple C Club is designed to bring students together socially. There are ample opportunities for members to meet other members of the Chinese clubs of New York City in inter-collegiate social functions. Professor Frank Wong is the faculty advisor.
The brothers of Chi Kappa Epsilon consider charity work an important part of college life. This year X.K.E. sponsored the Mary Jane Miner charity to raise money to support research on blood diseases. The brothers of X.K.E. consider the tradition of fraternalism sacred, and deem that the manifestation of a strong feeling of brotherhood by joining a fraternity is a vital part of attending college.

Beta Delta Mu fraternity was founded on the principles of friendship and service to the school and community. The brothers engage in educational, social, athletic and service activities throughout the year. The faculty advisor is Mr. Richard Heller. The club did not participate in the Student Council during the Spring term.
DEBATE SOCIETY

The purpose of the society is to foster the arts and skills of argumentation and debate. Active participation in college level debates offers the students the opportunity to develop keenness of mind, and his own personal opinion on controversial issues. Mr. Donald Canty is the advisor.
FOLK MUSIC CLUB

Under the direction and guidance of Mr. Richard Heller, the Folk Music Club meets each week to sing. The group sings the current and standard folk songs to the accompaniment of their own guitars and banjo.

I.E.E.E.

The Institute of Electrical and Electronics Engineers, Inc., is the largest professional engineering society in the world. Its objectives, both scientific and educational, include the advancement of the theory and practice of electrical engineering, electronics, radio and allied branches of engineering. Professor Stella Lawrence is the faculty advisor.
INTERNATIONAL CLUB
The International Club, reorganized in 1965, is dedicated to the goal of mutual understanding among students from other lands, the student body, and the college community at large. It acts as a forum to promote increased international understanding and friendship. Student discussions relating to American and foreign cultures are programmed often.

INTER-CHRISTIAN VARSITY FELLOWSHIP
Inter-Christian Varsity Fellowship is a non-denominational fellowship which was organized in the Spring, 1967 at the Nursing Center. I.V.C.F. believes God is for today, that He has something to say amid upheavals: social, political, and religious. Through informal Bible-centered discussions, we listen to His personal messages for us. We have sponsored singing groups, social organizations, and speakers at our monthly meetings.

NEWMAN CLUB
The Newman club is an educational organization for Catholic Students on the secular campus. Its purpose is the formation of a dynamic laity through the educational, spiritual and social development of its members.
ITALIAN CLUB
The Italian Club at Bronx Community College was founded in 1966. It encourages the students to use the Italian language and attempts to make them better acquainted with the culture and civilization of the Italian people. This is done by arranging lectures and films at the college and by the students visiting performances and functions which will broaden their knowledge of Italy.

JUDO CLUB
The B.C.C. Judo Club is under the direction of Mr. Elliot Errera and Mr. George Pasluk, with the charter membership listing twenty enthusiasts. Mr. Pasluk (First Degree Black Belt) took first place in the 1967 Senior Metropolitan Judo Championships and is the head instructor. The ultimate objective of Judo is the perfection of oneself by the systematic training of the mind and body through exercise.
Newman Club

The B.C.C. Newman Club provides students with a well-rounded program of spiritual, intellectual and social activities having its base in the Roman Catholic religion. These activities range from its annual communion breakfast, lectures, forums, and newspaper, "Newmanite," to parties, dances, picnics, boatrides, and theater parties.

C.A.P.

Chi Alpha Pi is the official Houseplan of the Nursing Center of B.C.C. and is an active social and service group. Its chief purpose is to serve as a center of interest for students residing at the Nursing Center. In its short existence the group has grown to be one of the largest sororities on campus, with members active in many areas of student life. Mr. Walter Merrigan is the faculty advisor.
Pi Epsilon Pi is a social and service group of evening session girls. P.E.P. supports the work of the Student Council and participates in all college functions. The group was the co-winner of the 1964 and 1965 Student Council award for "outstanding service to the community."

*Phi Epsilon Tau*

This is a service houseplan, dedicated to aiding the school and surrounding community. Organized in September, 1964, its service to B.C.C. was ushering at the January, 1965 graduation exercises. The members engage in numerous social activities. The advisor is Miss Katherine Cunningham.
The Reform Democratic Club was formed in September 1967, by founding president Christopher Culkin. During both terms the club invited guest speakers to the college to speak on topics of current political interest. The members discuss politics and are backing a presidential hopeful for the 1968 election.
SIMBA
The purposes and objectives of Simba are to investigate and present the cultural achievements of African and Afro-American peoples of North, Central, and South America, and to explore the political, historical, and social movements which have confronted the Afro-American of today.

SIGMA EPSILON CHI
The purpose of S.E.X. as stated in the Constitution, is "to maintain the best possible houseplan life, to cooperate with the college authorities in their effort to maintain high social and scholastic standards throughout the college, to be a forum for the discussion of the questions of interest to the college and the community, and to help others less fortunate than we are." The houseplan supports a Korean Foster daughter, Kwi Ok Kang. The faculty advisor is Mrs. Bluth.
The Spanish Club was founded in September, 1961, by Professor Armas. With the help of interested students, the club has flourished since. The objective of the club is to bring to the students the varied cultures and facets of the life of Spanish-speaking peoples throughout the world. Included in their annual activities are the showing of films in Spanish, invitation of special guest speakers, and donations to organizations such as Care and the Daily News Christmas fund. They participate also in the activities of the college, helping whenever possible.

Mr. Porter R. Char, chairman of the Board of Higher Education, and Albert H. Bowker, Chairman of the City University of New York, announced on February 19, 1968, that Community College Number VII, will be located in the Bedford-Stuyvesant area of Brooklyn, will be opened in September 1969, if the necessary permissions from city and state authorities can be promptly secured.

Community-Oriented Education

According to a release, Dr. Buerkel states that "this proposed college in Bedford-Stuyvesant will be a long-needed addition to the community," of which he is an active participant. He also comments that the role of the Board of Higher Education is to provide educational opportunities to people who have been frustrated in the past by the general university structure. He is greatly concerned with the problem of "the knowledge of the masses." He believes that a new college should be created in the City University System to meet the needs of the people of the City of New York. This college should be a "model of education," according to Dr. Buerkel, and should provide for the "complete education of the citizen." He also emphasizes the importance of the "total education" of the people of the City of New York, and the "total education" of the community.

At the moment, Mr. Ziaabi, of the University of California, is the President of the University of California. He is an American citizen, and has been appointed to the position of President of the University of California by the Governor of the State of California. Mr. Ziaabi is a strong advocate of community-oriented education, and he is deeply concerned with the problem of the "total education" of the people of the City of New York.

The Board of Higher Education announced that a new college will be opened in Bedford-Stuyvesant, if the necessary permissions from city and state authorities can be promptly secured.

The Board of Higher Education announced that a new college will be opened in Bedford-Stuyvesant, if the necessary permissions from city and state authorities can be promptly secured.

After graduation from a school in Nazareth and another Arab College, Mr. Ziaabi entered the University of California, and received his B.A. in 1966. He has been in the Armed Forces of the United States for two years. Mr. Ziaabi is a strong advocate of community-oriented education, and he is deeply concerned with the problem of the "total education" of the people of the City of New York.

ACKNOWLEDGEMENTS

Ah, I could go on forever! My staff varied from day to day, but one person who never failed me, was ME! (I don't like self-praise, but then, give credit where credit is due!)

To all of you, Staff of 1968, a warm Thank You. Warm, ha! HOT! Those deadlines piled up one after the other and the atmosphere in the PUB was a lot of hot air!

My Associate Editor, what's her name? Noreen Handler, although stubborn, pig-headed, and lazy, managed to skip enough classes to work with me at all times. (Not only did we skip classes, but concerts, parties, dances, dates, people ...!) Yet no matter how I describe her, I know that without her there would be NO Yearbook.

To all the PUB people I say Thanks!—for the advice. They warned me about taking on this headache, but I refused to listen. Now I know! But you meet so many wonderful people: To Mark Marmer, Harvey Schwartz, Richard Blair, Walter Chayes, Steve Rosenberg, Joel Kveskin, and Peter Frischauf, goes a special word of appreciation. You're all swell! You gave of your time ("just call me any time and I'll come when I can ...") and energy ("I can't, I have to catch up on my beauty sleep ... "). I certainly won't forget my typists, Vicki Bartels and Noreen and myself. We did an amazing job, considering those tremendous problems which arose towards the end!

To last semester's staff: Judy Gans, Shelley Epstein, Fran Ginsberg, and Harriet Crosby, Thanks for leaving when the going got rough!
To our staff artists: Sandra Kitt, Joel Kveskin, and Noreen again, I say Thanks for adding beauty to our book.

To our roving photographers, Richard and Walter of course, and friends Howard Rose, Joel Bernstock, and Ira Lutsky, only Thanks, because words don't come easily to express how I really feel!

Mrs. Joyce Einson, at the Nursing Center, Thank You for being so helpful to the foreigners from the Main Building!

Thank You too, Miss Sharlene Schop, for the photographic assistance.

To Mr. William Woolfson, Thank You for your cooperation at the difficult times.

To Mr. Walter Merrigan, our faculty adviser, I say Thank You for being so easy to work with. Each year I have reason to say Thanks to you. What can we look forward to for next year?

To Rappaport Studios, our professional photographer, and to Inter-Collegiate Press, our printer, we say, once again, Thank You.

Finally, to next year's Editor-In-Chief, my only words are Good Luck! You asked for it, you've got it!

Sheryl Maisell
"... the moving finger writes and having writ moves on."
