Dedication: To Myron Kalin

The success of the Innovation Center, which has been a prime moving force in the area of extracurricular activities, in seeking solutions to student problems, and in the implementation of ideas, is owed primarily to its chairman, Professor Myron Kalin. The important role that the Innovation Center now plays at our college and its reputation as a place to get things done is a tribute to Myron. He is outstanding in his participation in student, college, and community affairs. He even reaches those students that have yet to come to our college for he is also in charge of freshman orientation and does a splendid job of helping the new students to feel at home. Professor Kalin is also a member of various faculty committees.

One of his outstanding attributes as a person is his modesty. At a time when we are constantly confronted by student and faculty apathy and egotism, it is pleasing to find in him someone who is willing to cooperate and get involved without seeking credit. It is with the deepest sincerity, appreciation, and pride that we dedicate this yearbook to Myron Kalin.
happy times as I remember
have come back in my mind
to stay
me and wisdom
me and love
I remember happy times today
I am smiling
laughing too
no more crying
no more défini
old times new

Phone Strike-Belly Building Renovations Are Completed

By MILTON ERDFARB

The seemingly endless New York telephone installers' strike has reached its end. The utility company has completed the construction of a new building that will be used for the installation of telephones. Even though all of the new building has been completed, the lack of phone service has rendered the building impractical.

A stately building at the corner of the Grand Concourse and Kingsbridge Center is being rented by the college to house academic programs primarily in the arts. "When we get our phones and move in, students will really appreciate what we've done here," said William C. Woolson, administrator of the institution.

B.C.C. PUBLICATIONS

Save BCC Campus

By BILL ANDOR

The architectural firm of Emery, Roth and Sons has been selected to salvage Bronx Community College's project, which was under construction. The college will now proceed with a new design for the building.

Finally, the BCC campus will be complete. The college will open with a full complement of students and facilities. The total cost of the project will be 2,000,000 dollars. The student body is expected to be 1,000.

COFFEE HOUSE TO BE HELD TODAY

An afternoon of entertainment and relaxation is planned today. That is what you can expect to find at the Kingsbridge Center Lounge anytime between one and four PM. This is the time that the special BCC Coffee House will be presenting. An afternoon of music and song is slated for today. The program will feature a wide variety of acts, including soul, folk and jazz. For brothers of all kinds, the program is an opportunity to relax and enjoy some good music.

OLD MAN

Old man,
    with brown dry wrinkled wrinkled skin,
    why do you grin at me
    with your toothless mouth?
Don’t you see I’m tired
    of you and your smiles . . .
    and of myself looking?

Old man,
    with matted hair and bony hands,
    why do you batter me with empty words
    and humble bowing?
Don’t you see I’m weary
    of you and your feelings . . .
    and of my own responding?

Old man,
    with beaten knees and leather thighs
    why don’t you go sweat in the fields
    amid your ride-out of my sight?
Don’t you see I’m disgusted
    with you and your efforts . . .
    and with my own futility?

Old man,
    why must you keep looking up at me
    forcing me to see
    my own reflection in your eyes?
Don’t you see I want to rest
    away from your glance, and remembering . . .
    what would be so much easier to forget?
    —Igor Brobowski

Students inspect Athletic Association trophies.

Nursing Center display.
SKI CLUB

In September, 1970, the B.C.C. Ski Club was organized to offer students bound by the asphalt and noise of "Fordham and Jerome" a chance to communicate with nature. Clean snow, breathtaking views and physical exhilaration are the ingredients which add to a college experience. Discussions, lectures, films and student involvement have aided the club in attaining its "sold-out bus" status for outings. The group is attempting to achieve the Greek ideal of a sound body and a sound mind!

Members are Rafael Billing, Julia Cruz, Sharo DelHoyo, Robert Egan, Richie Howitt, Jean Ede, Harriette Lanahan, JoAnne Manei, Christine McLaughlin, Elgin Mena, Mike Morales, Edith Taylor, Rebles, Victoria Wai, Joe Green.

Faculty Adviser: Prof. Irwin Ronson
President: Bill Tider
Vice President: Bill Roth
Secretary: Drena Chinnis
Treasurer: Ben Rosenburg

BUSINESS CLUB

Faculty Adviser: Mrs. Lorraine T. Henderson
President: Georgia Mastralis
Vice President: Enaida Hernandez

The Business Club was founded when the college was quite young by the Business Administration department. The law, retailing, data processing, and accounting clubs grew from this original club, and the Secretarial Studies Department retained the name Business Club for its group. The purposes of the club are civic, social, and educational. This year guest speakers addressed the club on Women's Liberation, Business Education, Opportunities in the Business World, and Charm. The club's cake sale raised $80 this year, with the funds being donated to charity. The group attended "The Me Nobody Knows."

I.E.E.E.
Faculty Adviser: Prof. Stella Lawrence
Co-Chairmen: Beresford, Austin, Stanley Chambers.
Vice Chairman: Peter Velez
Secretaries: Ralph Lopez, Jose Torres
Metropolitan Student
Council Delegates: Stanley Chambers, Peter Velez

I.E.E.E. is a branch of a nationally recognized engineering society and provides students in the engineering curricula with an opportunity for professional growth. The group also participates in field trips to leading research and manufacturing facilities, such as Brookhaven National Laboratory and to seminars on employment opportunities.
SHUTTERBUGS

PHYSICS AND ASTRONOMY CLUB

Faculty Adviser: Prof. Kalman Pomeranz
Officers:
  S. A. Mitsialis
  L. Donohue
  D. Schacher
  M. Amaral

The club is one of the most active at B.C.C. Its purpose is to familiarize students with the applications of physics and with the science in general outside the formal atmosphere of the classroom. This goal is attained through trips to institutions, lectures, and demonstrations of applied scientific principles.
SPANISH CLUB

Faculty Advisers:
Prof. Salomon Wilkofsky
Prof. Luis Pinto

The Spanish Club is a culturally-oriented group whose main objective is to help students to improve their knowledge of Spanish as a spoken language rich in customs and literature. A major activity of the club is providing student tutors for those having difficulties with the language. They also present films, lectures, discussions, and a special event at the end of every semester. All students are welcome whether they are studying Spanish or not.

Some of the club members are Juan Guarroia, Carmen Melendez, Juan Ureña, Steve Rosenblatt, Julio Rodriguez.

CLIO (HISTORY CLUB)

Faculty Advisers:
Prof. James Ryan
Prof. Joseph Wieczerzak

President: Micahel Fata
Secretary: Tom Spencer
Treasurer: Tom Whelan

Long established at B.C.C., but only recently revamped, CLIO is a society geared to the interests of those students who are drawn to history. In addition to career-oriented students, there are many in the club who see history more as an enjoyable hobby. Thus, the club is a happy blend of the serious student and the devoted amateur. The club also serves the college through providing films and other programs for the student body.

Members are Philip Frankel, Pauline Gavin, Randy Meyerson, Phyllis Reda, Diano Amodio, Nora Jaeger, Irma McClellan, Matthew Young, Milton Erdfarb, Paul Abrahams, Anthony Val, Paul Zemsky, Ronald Cecelini, Iris Jerominimon, Michael Broetsky, Stephen Norse, Reginald Fowle.
INTERNATIONAL CLUB

Faculty Adviser: Mrs. Ruth Rackman
President: Colin Young
Vice President: Godfrey Brobbey
Secretary: Margaret Hinds
Treasurer: Juliana LeBlanc

The International Club’s purpose is to further mutual understanding between students from other lands and the rest of the student body. Its activities are directed toward the goal of promoting international understanding and friendship. The club also provides a good time for its members with parties, films, Broadway shows, Bear Mountain and Circle Line trips, ice skating, and visits to the International Peace Academy and the Pennsylvania Dutch country.

The Theatre Workshop was originally formed during the late fifties and has developed a great deal. The goal of the club is to perform new and exciting theatre productions which would not ordinarily be presented in the New York area. Delta Psi Omega specializes in student written plays, avant-garde plays, and those works which do not become Broadway successes. The club gives all students a chance to act or work backstage and involves them in plays that say something about the world we know and suffer with rather than the illusory world of the Broadway stage.

B-A-R-L-D REFLECTIONS

Faculty Adviser: Prof. Blanche Ettinger
Editor: Dorothy Mauriello
Staff:
Sandra Caraballo
Grace Dean
Carol Mercer
Helene Schikler

The first issue of B-A-R-L-D REFLECTIONS (originally called CHANNEL B-A-R-L-D), under the direction of Prof. Blanche Ettinger, appeared in May, 1968. Louis Quiros, a former student of Bronx Community College, and presently a member of the Accounting Department, was one of our first editors.

B-A-R-L-D REFLECTIONS is a publication developed by the students and for the students. They are encouraged to contribute articles of interest to other students. Creativity is invited.

The magazine is published twice a year, in May and in December. The objective is to inform the students in the business, accounting, law, retailing, data processing, and secretarial curricula of recent events sponsored by the respective clubs; to feature articles on various business topics; and to keep our students alert to the constantly changing world of business.
One of the primary goals of the Accounting Club this year was to provide detailed information on the jobs and salaries available to graduates of 2-year and four-year college programs in business. During the spring semester, many of our members provided substantial help to the local community by volunteering to work with Community Tax Aid, Inc. This all-volunteer organization prepared income tax returns free of charge for citizens of the community.

Members are Vincent Battaglia, Herbert Bellamy, Harry Bridges, Ronald Brown, Rudolph Bryant, Jon Carlton, Grace Carelli, Patricia Centronze, Joanne Curry, Miguel Diaz, Michael Duzant, Michael Guido, Charles Faubian, Sean Flanagan, Chun-Far Fu, Lois Harrel, Douglas Hartley, Blondell King, Terrie Levant, Carrol Mannion, Michael Marrone, Esther Martinez, Patricia Maynard, Liz Menzer, Elias Morales, Harry Nelson, Carlos Nunez, Tom O'Shea, Diana Perry, Elizabeth Petty, Rebecca Pratt, Jerry Rocco, Angel Rodriguez, Nancy Rothman, Eliacin Santiago, Luetta Thomas, Jason Thomas, Luis Vargas, Carmen Zapatero.
ART CLUB

Faculty Adviser: Prof. Ruby Harkins
President: Richard Cronk

The Art Club not only seeks out and provides a creative environment for serious art students, but it also seeks out those with no apparent artistic talent and through exposure to other artists and individual help, tries to show them that they have creative abilities which they may have ignored. The club uses live models in its sessions and travels around the community for sketching. Participation is encouraged in art shows and other artistic endeavors. The main goal of the club is to make the entire B.C.C. community aware that they will help anyone with any project. "We know we have talent and we want to share it!"

PRE-LAW CLUB

Faculty Adviser: Dr. Samuel S. Ress
Acting President: Joan Gannon
Past President: Rafael Castro Calderon
Publicity Chairman: Helene Shickler
Treasurer: Olga Morales
Refreshments Chairman: Nancy Rotman

The Pre-Law Club was organized in 1963 by B.C.C. students with Dr. Samuel Ress as faculty adviser. The purpose of the club was to provide students with an opportunity to learn more about the law and legal procedures outside the classroom. This goal has been accomplished by holding mock trials with students participating and by having guest speakers from the courts, the District Attorney's office, the F.B.I., the Social Security Administration, the Police Department, the U.S. Congress, and the New York City Council. The club also conducted a B.C.C. Perspective Series lecture on "Legal Remedies for the Poor." An annual Law Day, U.S.A., essay contest is conducted for B.C.C. students.
CHINESE CLUB (B Triple C)

Faculty Adviser: Prof. Frank Wong
President: Tim Eng
Vice President: Al Huie
Secretary: Susan Lee
Recording Secretary: Irene Chew
Treasurer: Jewelry Chan

The B-Triple C Club has developed a membership of 60 students after only four years of existence. Its purpose is to promote school and community events and to provide opportunities for social contacts with other Chinese clubs in the area. Activities of the club have included the 4th Annual Chinese Cultural Show, the city-wide Chinese Cultural Festival, publication of their own Chinese language magazine entitled "Waves," and work with the Chinatown Planning Council of the Lower East Side.

The Retailing Club originated in 1960 and was led then, as it is now, by Prof. Cutler. The club has invited speakers in the fields of advertising, marketing, buying, and personnel.
JEWISH STUDENTS' COALITION

Faculty Adviser: Dr. Norman Bindler
President: Irwin Blank
Vice President: Daniel Lisitz

The JSC was founded in January, 1970, for the purpose of fostering Jewish identity and pride in the Jewish students at B.C.C. They stand for several principles: the love of fellow Jews, love of Israel, strengthening the ties between Jewish communities in the city, and the promotion of Jewish heritage and learning among their brethren.

Members are Irwin Blank, Daniel Lisitz, Ron Wasserman, Dave Slotkoff, Eugene Klein, Wade Liebowitz, Harry Goldstein, Ephraim Bardakh, Tim Garrett, Mohammed Khan, Bernard Garfinkel, Milton Erdfarb, Bernice Bennett, Ellen Zanler, Faye Feinberg, Marlene Sukgnick, Shirley Lewenfus, Stewart Shenkman, Jerrold Rosenstein, Henry Klein, Morris Pejsach.

BIOLOGY CLUB

Faculty Adviser: Mrs. Ellen Levitan
President: Calvin Miller
Vice-President: Lance Luria
Secretary-Treasurer: Gwendolyn Poche

The Biology Club, which was founded in the spring of 1970, has these objectives: to keep the members aware of current discoveries and of career opportunities in the clinical and biological sciences and to inform all B.C.C. students about the ways in which biology affects their lives. The club plans to sponsor speakers from the Sickle Cell Foundation and Planned Parenthood.
STAND... 

In the end you'll still be you,

One that's done all the things he set out to do.
This year’s bowling team had a successful season considering that most members were fairly inexperienced bowlers. The main body of the team consisted of freshman, with the most-improved bowler being Robert Roldan, who upped his average from 150 to 170. Other members of the team are Dave Bertuzzi, Mike Farrugia, William Thomysson, and Joel Maldonado.

SOCCER

Coach Constantine and Lamarre, who if the first B.C.C. soccer play to be selected to All-Met Conference Team two consecutive years.
1971 Broncs Boot!

Experience and a nucleus of returning lettermen made the 1971 soccer season the best ever for Coach Gus Constantine and the Bronc Booters.

Freshman Goalie Elton Smith was sensation in the goal as the Broncs booted their way to a third place tie in the Met Conference. Newcomer Jean Robert Berthelmieux made All-Met Conference in 1971 as a Center Halfback.

The 1971 season saw the Broncs open their season in a flurry, scoring 11 goals in their first four games. Frank Piccolo scored a record 4 against Bergen Community College as he became B.C.C.'s leading scorer.

Harold Lamarre, the team's assist leader, made All-Met Conference at Outside Right, thus becoming the only B.C.C. soccer player to ever achieve the honor two years in a row.

Cliff Mitchell and Mario Caputi played steady ball as the Broncs recorded impressive victories over New York C.C. (3-1), North Country C.C. (2-1), and Manhattan C.C. (3-2).

CROSS COUNTRY

This year's cross country team, led by All-Metropolitan Richard Howitt, posted a 7 win and 3 loss record. Even though Howitt was first in every meet, valuable points were scored by strong races from Corum Rimes, Phil Baffuto, and John Montalvo. The team credits its winning record and attitude to the inspired coaching of Byron Dyce. Members of the team are Richard Howitt, Corum Rimes, Eddie Morat, Phil Baffuto, John Montalvo, Roy Harris, and Mark Froimowitz.
UNREALIZED DISAPPEARANCE

My friends.
My people.
Are they gone?
Do they still exist?
I do not see them.
What has happened?
Yesterday they were here,
today they are not.
What has taken them
from me?
What strange, cruel beast
has stolen them?
Perhaps gone forever!
I see it now!!
It is behind me.
It is the monster
few men fear
but,
it terrorizes me.
It has destroyed
my past
and
Darkens my future.
It cuts all strings,
It is . . . GRADUATION

Idelisso Barretto
To my Class, the Class of 1972:

On Graduation Day, we will hear each other say, "I'm glad it's all over." "It was a hassle but I made it." And on a day in the distant future we will leaf through our old yearbook and reflect upon the college experience. Some of us will know but others will wonder as to just what that college experience was. To be sure, it was for all of us a turning point in our lives, a transition from youth to adult, in the intellectual sense. It was a filling in of the "tabula rasa" the God gave us and that Rousseau told us about in History 12.

The college experience is more than an academic education. Hanging out in the lounge or smoking pot are not part of it. The college experience is a unique experience that exposes us to the realities of the various aspects of life in college. We gain the college experience through academic achievement and personal involvement in the college community.

Bronx Community College provides us with the opportunity to obtain a useful (dollar-equivalent) and liberal education. Academic achievement is being successful at taking advantage of this opportunity while applying the philosophies that we should go to class to question and to take knowledge and, that maximum effort leads to maximum knowledge which further leads to maximum personal benefit and success.

A usually unconscious but sometimes conscious aim of students is to retake the country as soon as we graduate. The task calls for personal involvement. Personal involvement can be expressed as a desire to take part in events and decisions that influence our lives and goals as students. It can be a desire to bring about needed change or to work for the benefit of all students. At our college, personal involvement has manifested itself as participation in student government, faculty committees, clubs, athletics, service to the college and student body, and as active involvement in seeking solutions to issues, crises, and other problems that we students face from time to time.

I wish you luck in your future endeavors. Your yearbook will remind you that at B.C.C. we began a lifetime of learning.

Peter Velez
President
Student Government
Peter Velez, President of Day Student Government.
Nursing Students in Action
PARAPROFESSIONAL GRADUATES:

PARAPROFESSIONALS'

Arlene Tuff addressing the group.

Boyce Bennett, Dr. Rempson.
Arlene Tuff is president of the B.C.C. Education Society. The purpose of the organization is to promote the welfare and meet the needs of paraprofessionals and students majoring in education. Other officers are: Vice President, Olga Viade; Secretary, Francis Brown; Treasurer, Beatrice Preley.

The purpose of education should be the transmission of knowledge, attitudes, and skills. Education should prepare people not just to earn a living, but also to live a creative, humane and sensitive life. Education should include not only literate and intellectual development, but education of the whole self. It should help one to think and act in a human way and to have human values.

The purpose of education should be to give one the capacity to think about his own nature and about the meaning of life and to know something about the experience of beauty. Education should help one to understand something about how to make one's intentions effective in the world, how to apply knowledge to the life one lives and to the society and community in which one lives it.

I believe the purpose of education to be a never-ending search for knowledge and the capacity to share this knowledge with others.

administration
To the Class of 1972:

Your graduation from Bronx Community College marks the beginning of new and exciting things for all of you. Many of you will be starting in the careers that you have studied for so diligently, and others will continue their studies at the senior colleges. Whatever your path, you take with you the affection and good wishes of the entire Bronx Community College family.

I know that your parents and friends are proud of you. I too am proud of you, for you have earned your degree at a time when the City University is experiencing unprecedented growth. This has created many problems and has often caused inconveniences to students, faculty, and staff. Yet in spite of all difficulties, you have persevered, and together we have met every challenge facing us.

This year's graduating class is a special one. Among you, there are some students who are members of the first Open Admissions class which was admitted two years ago. All the arguments and philosophies aside—you are the first tangible proof that Open Admissions can work. Because you are in the vanguard of a bold movement, the eyes of social scientists, statisticians, and researchers in higher education are upon you. I know that your experience at Bronx Community College will stand you in good stead.

Students have played an important role in helping to focus attention upon the problems of our society. As college-trained men and women, you bear a special responsibility for continuing this task and for contributing to the solution of urgent social problems. It is my hope that you will want to participate in this important task of reconstruction.

As you leave Bronx Community College, I wish you good luck and pray that all those things that make for a happy and fulfilled life will be yours.

Sincerely yours,

James A. Colston

Campus Architect/Planner
Salvaged '72 Yearbook Going To Print

Work on the 1972 edition of the college yearbook is progressing well, with sixteen of the 128 pages having already been submitted to the printer and 32 more to be mailed next week, according to Carole Slade, faculty adviser.

There was a time last semester when suspending the publication of the yearbook was being seriously considered. Apparent lack of student interest in the project had threatened its continuation. But a staff was found and, under Ms. Slade's direction, work is under way.

The staff, perhaps influenced by the name change of the poetry magazine Gleanings to Through the Looking Glass, decided to change the name of the yearbook from Genesis to Infinity. This was reportedly intrigued by the design possibilities of the thematical sign for infinity, a symbol they have used for the liner side cover and as a symbol throughout the book.

The yearbook cover, which is already gone to press, was designed by Sandra Gonzalez, and Richard Cronk drew the liner. The lines have submitted art work by other members of the Art Department and Art Club.

Shutterbugs Help

"The photography club, the Shutterbugs, with Art Director and Adviser, has been a tremendous help to us," said Ms. Slade. Vernley, Bob Raguet, Charlie Barbanell, Tim Gibson and Leon Ward, as well as other members of the club, have contributed their time taking pictures in developing them.

Dino Leone, the Editor, has taken responsibility for many decisions about the poetry included, while Heike Schulze has done some hand lettering. For Franco's expert help in layout, has been invaluable, Ms. Slade reported.

Brigitte Maniotis, Achille Editor, is organizing the selections of student clubs, and Phil Bafuto, Sports Editor, has been scouting about the physical education departments for pictures of information.

Day Student Council President Peter Velez has submitted photographs from many campus activities and has organized the publicity for senior pictures. Senior pictures are being taken this week. Please check the schedule.
