Move . . .
Discovering New Things . . .
Even the day's end... 
the trek home...brings the 
anticipation of a new tomorrow
...for like today, tomorrow will find us on the move again...
seeking the promise reaching out always...

Dedication

There is no one who has been a part of the Bronx Community College community for even a short time, who has not directly benefited from the positive contributions made to this institution by President James A. Colston.

During these times of unrest—when others have sought safety in barricaded offices—his door has remained always open to one and all.

He may number among his friends all of us at BCC. It is therefore only fitting upon the moment of his retirement that we share with him our deep appreciation for his years of devoted service. And perhaps the simplest way is the most appropriate:

President Colston, we thank you.
A Difficult Year . . .

It's been a rough year at BCC:
Keeping things together
Getting our message across.
Strikes...Demonstrations...
Repeating our message over and over for anyone who would listen.
East 80th Street
City Hall
Sometimes we even argued among ourselves...
But not all demonstrations are protests. We all need something. But the audiences we seek ... are not all the same.

Imagine...
Pretending, playing games under the hot lights ... and you're the star

Sometimes I get tired of playing
and rehearsals get me down . . .

BCC can seem like such a big place
Sometimes I feel lost . . .
It's the little hassles that always get to me...
The elevators in Tech II are a constant problem.
Up and down.
But they never seem to stop on my floor.
In the winter, it's trying to climb the hill from Burnside.
Then spring comes...
As if I didn't have enough to do with exams, it rained today.
There are puddles everywhere.
And, of course, I forgot my umbrella....
Sometimes I just have to get away by myself for awhile...
But when you come right down to it
I really enjoy being at BCC
Spring finds me registering for new and interesting courses...
I guess I spend a lot of my time just "hanging around"...
But when the warm weather comes, you'll find me outside after class with everyone else. Spring seems to make people feel so free.
People play on the grass.
And sometimes
just sometimes
... they find love

This isn't the first time financial troubles have hit New York City. CBS films the story of Boss Tweed on campus last summer.
Being a Dean was no easy job this year... what with the two week closing, the cutbacks, and strikes. But they've been pretty cool... I guess that's one of those things I like about BCC... the people who work in the Administration are casual and friendly... They listen when you've got a problem.

TO: ALL ADMINISTRATIVE OFFICERS
BRONX COMMUNITY COLLEGE

With the current restructuring of the City University system now a viable possibility, it is felt that a thorough review of the following (contained in the memo of October 5, 1975) is in order:

See Jane. See Tom. See Spot. See Jane run. See Tom run. See Jane and Tom run up the hill. See Spot run. "Run, Spot, run!" says Tom. See Spot run up the hill. See Jane and Tom play tag. See Spot chase them. See them all fall down the hill. And live happily ever after.
