Other Business: None

New Business:

- a) Alia Tyner-Mullings, currently one of Guttman's representatives to the CUNY University Faculty Senate, asked that the Guttman faculty caucus in order to vote on a matter that will allow the CUNY Faculty Senate to change its constitution. A brief discussion ensued about whether the faculty members on the Council needed any formal procedure to form a caucus. The general consensus was that there need be no such process.
- b) A question was asked about the All-College Faculty-Staff meeting scheduled for January, the 15th. President Evenbeck responded that this will be a day dedicated to focusing on the Early College initiative, the 2nd year experience, and the first year experience. Also, Chancellor Kelly will present his greetings at 9:30, and we will celebrate the opening of the Science labs at the end of the day. Student Government leaders on the Council and peer mentors will be invited to participate in the meeting.
- c) President Evenbeck thanked Stuart Cochran for the great job he is doing as Secretary of the Council.

- d) President Evenbeck extended his sincere thanks to the faculty for the outstanding work they do on behalf of our students. He asked faculty and staff to bring forward any troubling issues to him and other members of the Senior Staff, so that we can work together to ensure that our students, particularly those who have urgent needs or concerns, receive the help and support they might need.

There being no other new business, the meeting was adjourned.

The next College Council meeting will be Wednesday, February 5, 2014, 10 am-12 noon, room 401.
