To the Graduates:

It is significant that your graduation coincides with the Silver Anniversary of the first graduating class of this College. The last twenty-five years have seen many changes in all phases of life in this society - in the human rights for some people, and reversals for others, in the increased access to quality higher education and the shrinking job market. Your study at Bronx Community College has prepared you to face the challenges with which you will be confronted during the next twenty-five years by virtue of the mastery of skills you have achieved. You will be able to contribute to the development and maintenance of a sane society, one in which advances have no limits, one in which expectations are realized, one in which quality education leads directly to a betterment of the human condition.

As President of this College, I am pleased and proud to lead an institution able to boast of having played a part in preparing a student body to make its mark on this society . . . and leave it better for generations to come.

Congratulations and best wishes,

Roscoe C. Brown Jr.

There comes a time when we heed a certain call
When the world must come together as one.
There are people dying
And it's time to lend a hand to life.
The greatest gift of all
We can't go on pretending day by day
That someone, somewhere will soon make a change.
We are all a part of God's great big family.
And the truth, you know,
Love is all we need.

CHORUS:
We are the world, we are the children
We are the ones who make a brighter day.
So let's start giving
There's a choice we're making
We're saving our own lives.
It's true we'll make a better day.
Just you and me.
Send them your heart so they'll know that someone cares.
And their lives will be stronger and free.
As God has shown us by turning stones to bread.
So we all must lend a helping hand.

REPEAT CHORUS:
When you're down and out, there seems no hope at all.
But if you just believe there's no way we can fall.
Let us realize that a change can only come.
When we stand together as one.

REPEAT CHORUS.

CONGRATULATIONS!!

A moment of truth is finally here. However, please take this moment to reflect for a while on the hard work, the lined attitude, and the unmatched courage that were demanded of you, in order for you to be where you are now.

Encouraged by it, and let the times spent at Bronx Community College inspire you to reach for higher heights. To try greater things.

most of all reminded by your accomplishments, that anything is possible when a dream can be made a reality.

BELIEVE IN YOURSELF!!

Your respectfully,

HIGHLIGHTS OF THE 1984-85 SEASON

MEN'S BASKETBALL - The team started the season by winning the Rochester Invitational Tourney. Sekee Clarke was the MVP and Troy Cook was selected to the All Tourney team. The team played extremely well up until Christmas achieving a 9-3 record. We split the remaining 14 games losing our last three games giving us a 16-10 record, earning us a place in the regional tournament.

The season was highlighted by the all around play of Sekee Clarke who was selected to 2nd team All-Region and 1st team all-Met Conference. Consistent performances from Tommy Nelson, Mike Worrell, Leroy Plaskett and Donald Jones carried us throughout the year.

SOFTBALL TEAM

SOFTBALL - This was one of the finest softball teams in history of the college. The team was made up of a group of women with exceptional talents. Kim Tutson led the team in hitting with an average of .528. Aida Serrano played outstanding defense and batted .428. Myrna Carriles pitched every game and hurled the first shutout in the history of B.C.C. Dawn Brown and Cynthia Picart handled many positions effectively and had some timely hits in playing every game.

In addition, Yari Polanco, Glenda Botas, Arlene Shaw and Carmen Velez helped the team to a successful season. Wins against NYCTC 11-5, Manhattan C.C. 6-0; a come from behind win over Suffolk West 11-10; and a 14-3 win over CCNY highlighted the year. In addition games against Farmingdale; Queensborough and Orange C.C. were close thanks to the outstanding play of the women.

Students Put their Best Hand Forward

By Orlando Ramao

With the financial strain of the students at BCC, it is pleasing to report the drive to raise funds for the drought stricken countries in Africa on campus is doing well.

This fund raising drive was taken a step farther by one of the many great professors here on campus. Professor Tom Schwartz, Coordinator of Health Education, has integrated into his Health 91 classes a term project by which students of his course are involved in focusing on the plight of the Ethiopian people in their struggle against famine. The students found the project very challenging, and as a team, were able to bring about an ongoing successful drive. Within two weeks of the project, one hundred dollars was raised. By the second day of April the students had raised $1100. With team work and some creativity, the students have shown what can be accomplished. They took an oatmeal container and wrapped around it a poster of a starving Ethiopian baby. The canister was then used for collecting donations in their (the students) communities and where they work. The twelve students, a combination of day and evening students, should be congratulated on their effort of taking the project and making it a reality, a reality of more than $1000 more to help those who are in need of every penny and every loaf of bread that can be sent. Mary Branch, Franz Robinson, Reinaldo Martinez, Josie Morales, Myrna Bines, Diana Gonzales, Franklin Costello, Helena Chrenshaw, Stiff Ronald, Sonia Lee Hines, Norman Anderson, Romarace Sookial, Valentina Llouch, and Alonze Jon are the students involved with the project.

The founder and motivator of the project is Professor Schwartz who has been at BCC for 13 years. Prior to his college education, he enlisted into the United States Navy from 1950 to 1954, where he traveled extensively. During this period of time, he had the unfortunate experience of being involved in the Korean War (Conflict). After leaving Korea, he was sent to another part of the world called French-Indo China on what was called a "goodwill cruise". Unknowingly, this was actually the beginning of the involvement of the United States in the Vietnam War. "The large numbers of lives lost and many more suffering from injuries and disease," he said, "sensitized me to the needs of the people and the problems of people from other parts of the world." "This," he further indicated, "was a strong factor in becoming a Health Educator."

"The students are 'delighted' with the positive outcome of the project," said Professor Schwartz, "and are happy to be a part of a drive to rid Africa of its famine and drought."

TILL THE END OF TIME

Last night we kissed good-night,
In the soft, pale glow of the moonlight.
Holding hands we spoke of love; I was the raven.
You were the dove, two foolish birds lost in love.
We'll spread our wings and soar on high.
Flying high we'll reach the sky, we'll fly together.
Till the day we die, forever, till the end of time.
Last night amid the tears of pain,
We saw the love we had was not in vain.
Holding tight we found the strength.
To clear the cobwebs of our souls and in the darkness.
We saw the flames of love begin to glow, and I was the raven.
You were the dove, two foolish birds lost in love.
We made a vow to always be, no more alone.
There will always be a we spreading our wings.
Soaring on high, Flying high, we reached the sky.
We'll fly together till the day we die.
Forever, till the end of time.

until the end of time.

Tracey M. Brown and
Emmanuel M. Vazquez Jr.
In the beginning, I had fears and doubts.
So many questions; what's it all about?
Can I make it, will I succeed?
Is this really what I need?

I was a stranger in this place.
I didn’t recognize a single face.
I kept to myself, as though in a race.
Stumbling, faltering, but keeping the pace.

I made new friends and explored new ideas.
I laughed, sighed, and fought back the tears.
With some instructions, I could not agree.
But eye to eye we need not see.

For each person has a particular view
That sheds light on the things we can do
To better ourselves and the world-at-large,
We’re being prepared now to take charge.

It's the end of the beginning, one step on the way
To a brighter future, a better day.
And as I leave these halls, where learning
Has cultivated in me a yearning
For knowledge of things great and small,
I'm able to leave her strong and tall-
Ready to face the challenges each day brings.

Ronald O'Gorman
BEAUTIFUL BROWN BLIND EYES
(A TRIBUTE TO PROFESSOR VALERIE CAPERS)

Beautiful brown blind eyes
What see you in the darkness?
Is there light?
Do you take time to envision
what you feel, taste or smell?

Beautiful brown blind eyes
Possessed with pure powers from on high
to behold the heavens and all of its beauty
or to pierce the depths of knowing
and understanding one man's soul.

Cry you must at the sounds of this earth's wretched
pain
of people dying, never living with the knowledge
of life's purpose.
Weep and moan for all of us
who never awoken to greater truth
that you have found in the stillness of
your own mind's eye.

You walk through this life so trustingly.
You reach out and touch the lives of people
that you will never see.
God has granted you gifts much rarer than sight-
The gift of love, of insight to see the beauty
that lies deep within man's soul.

WATCHING THE SUN RISE

With an 8:00 A.M. class twice a week, I have many chances to watch the sun rise and the clouds open up in the morning. At first, I felt that having an 8:00 A.M. class and waking up at five o’clock was inhuman. But after seeing the rainbow-colored sky and feeling the tender kisses of the morning dew, I feel that getting up any later would be inhuman!

Rita Nixon
THE DAWN

It pushes with splendour into the morning sky
Slowly, bringing with it a new day
As the earth unfolds to greet this wonder of creation.

Like a mighty warrior it strikes its persisting rays upon us
Warding off creatures of the night
While the beseeching trees lift up their heads to behold the coming dawn.

Karen Wilson
RESPECT

Respect is what you earn. It's also what you learn; and when you show someone respect you also show concern. Some people often cry and often wonder why, but without respect for yourself you're never satisfied. Respect is something real that should never be concealed; and if you have it for yourself your conscience is fulfilled.

Larry Mitchell
THE STRONGEST ELEMENT

Fear me, for I shall control you
Hear me, for my actions are louder than words . . .

Heed me? you don’t need me but, you treasure me . . .
You can’t resist me, never look for me, I shall find thee.
Don’t deny me or I shall reveal you.
Never say my name, for no one will believe you.

I am the “Strongest Element” I will make you cry when you’re happy or when you’re sad . . .
I hush the ocean, so birds’ songs may be heard.
I make life instantly, inscrutably beautiful for those who
want my commitment, never abuse me . . .
For I at will, can crush the heart.
I am beautiful and peaceful like a “Dove”

For I am . . . “LOVE”

Congratulations to the Class of "85"

I would like to express my best wishes to you. I know that the road through Bronx Community may not have been easy. There were many obstacles to be moved. But with Faith, Determination and Courage you made it through. Continue to believe in yourself and success will be yours.

I sincerely hope that in the years to come as you look through this book you will be able to realize just how far you have come and enjoy the memories of your first step to success, your years at B.C.C.

Sincerely Yours
