Using Image to Assist Students in Construct Searching Concepts and Framing Research Questions

(Image link: https://www.123rf.com/photo_123249460_cartoon-lung-character-say-no-to-cigarette-smoking-is-harmful-to-human-lung-resulting-in-organ-damag.html)

Curiosity

smoking damages lungs

smoking is bad

quitting smoking is good

General Questions

What different stages deteriorate lungs?

What is the **benefit** of **quitting smoking**?

Why is smoking bad for lungs?

College-Level Research Questions

1. Do heavy smoking increase the lung damage?
2. Is there a causal relation between lung cancer and smoking?
3. Do heavier smokers have longer lifespan than light smokers?
4. Do gene variants play a role in increasing the lifespan of heavy smokers?
5. Do heavier smokers have lower infection rate of COVID-19?
6. Does E-cigarettes increase the risk of chronic lung disease?
