The Southern Illinois University School of Dental Medicine's Community Health Dentistry Clinic opened in University Park on the Edwardsville campus Thursday with a ribbon-cutting ceremony.

The clinic is equipped to provide a full scope of dental services, including preventive dentistry, fillings, crowns and bridges, dentures, surgery, rest and implant procedures. The clinic also is equipped to perform simple and complex extractions, and provides additional training laboratory space in support of the SIU SDM's International Advanced Placement Program.

"The Edwardsville clinic was created to be able to expand the scope of our available care, provide that access to all individuals and groups," Dr. Bruce Rotter, dean of the SIU SDM, said Thursday. "We hope the clinic will open to the public Wednesday, March 1. To set up an appointment, contact the Main Pain Clinic at SIU Edwardsville at 650-275-7360 Monday through Friday, 8 a.m. to 5 p.m.

"A clinic such as this is like cutting new lines in history for an institution," said Richard Carpenter, SIUE chancellor, during a ceremony at the museum's Edwardsville campus.

"This year's awards were presented to the Edwardsville Police Department for heroism and will signify the choice of the SEMO for their treatment in the past. The recognition is scheduled for a series of events in the schools around the country," Carpenter said. Better Police continued from Page 1

"Several withholdings to the incident where Officer Carpenter and Sgt. Tony Manely were involved and the subject was armed with a large knife and fronted by the suicidal subject who was indicating he wanted custody of two children and the firearms were on the floor," Carpenter said.

"Your good judgment and calm demeanor during a very dangerous situation," Carpenter said.

"Moments after the initial call, when you arrived on the scene and located the armed robbery suspect, you had a loud and clear message for your person," Carpenter said.

"Your dedication to duty and professionalism brought me to believe that with the Maryville Police Department," Carpenter said.

"Your veracity and the handling of the incident with no violence and two people left unharmed," Carpenter said. "I'm proud to say these are the officers that make up our community," Gulledge said.

"I want to say thank you, but rarely do I get complaints of the police officers for the commitment that they have to our community," Gulledge said.

"As the mayor I know you guys do an outstanding job," Gulledge said. "I'm proud to say today you guys saved lives."

"I want to thank all of you, even the ones who I have never met, but rarely do I get complaints of the police officers for the commitment that they have to our community," Gulledge said.
