BROOKLYN COLLEGE  
PLACEMENT BUREAU

March 27, 1942

To NYA Department Representatives:

With the exception of LOWER Freshman, all NYA workers who had been allotted 20 hours may work 25 hours during the current period (ending April 15) and 30 hours for each of the two remaining periods (ending May 15 and June 15).

This increase is possible because Brooklyn College and the other city colleges have just been given additional funds released by private colleges to which they were originally allocated.

Barbara K. O'Neil  
Placement Associate,  
Personnel Bureau

BKO'N:smf

P. S. This increase in hours is the equivalent of \_\_\_\_\_ workers. If, therefore, you could release one or more individuals, we would be able to assign them where they are very much needed.
