ECON 10400: Introduction to Quantitative Economics
Fall 2018 Syllabus

Instructor: Ahmed Elkhoully

Email: aelkhoully@ccny.cuny.edu

Office hours: Thursdays 3:30 PM – 5:30 PM

Class Meetings: Saturdays 9 AM - 12 AM

Office: NAC 5/103 B

Overview: In this course, we will explore the essential topics of economics (macro and micro) from quantitative perspective. We will combine both mathematical and conceptual discussions. By the end of the course you should be able to understand the core theories of micro- and macroeconomics. Modern analytical approach will be employed to treat topics including theory of consumer demand, theory of firm, market structure, inflation, unemployment, and economic growth. Special emphasis on managerial economics and empirical methods by which economists test hypotheses and estimate parameters.

Course Materials and Resources:

- 1) **Text Book:** Principles of Economics by OpenStax. (2017 Edition). **Available for free online on:** <https://openstax.org/details/books/principles-economics-2e>
- 2) **Blackboard:** All course information, announcements, data sets, and so on will be made online via Blackboard.
- 3) **Facebook Page:** The page will provide opportunity for you to ask me questions, discuss answers and share the knowledge with your classmates. Also, I will be posting videos and presentations on the page. The page can be found on the following link: <https://www.facebook.com/groups/268230663214768/>

Getting Help: Additional to the FB group, please feel free to e-mail me with any questions you have. Also, I am willing to set up a time to discuss the material by phone (call timing can be scheduled by email).

Grade Distribution: -

1- Quiz 10%

2- Midterm Exam: 30%

4- Final Exam: 30%. The final exam is cumulative: It will cover All the material we studied up to date.

5- Project 30%. Will mainly be about linking class knowledge with current issues and policies in the Economy.

6- Extra Credits: The main goal of the class is to improve your critical thinking skills using quantitative Economics models and theories. To this end, class discussions are very important and worth points towards your final grade. Also, I will give extra credit assignments that worth certain percentage of your final grade.

Letter Grade	Quality Points	Numerical Grade
A+	4	(97-100)
A	4	(95-96)
A-	3.66	(90-94)
B+	3.33	(87-89)
B	3	(84-86)
B-	2.66	(80-83)
C+	2.33	(77-79)
C	2	(74-76)
C-	1.66	(70-73)
D	1	(60-69)
F	0	(below 60)

Disability Accommodations: If you have a disability that requires accommodation, especially additional time for exams, please bring a copy of your approval letter to my attention as early as possible in the semester so that I can make arrangements.

Attendance policy: Allowable absence during the entire semester is one time.

Excessive Absence: If a student's class absences exceed the limit established for a given course or component, the instructor will alert the student that a grade of "WU" may be assigned. If a student remains officially registered for a course and never attends that course, a final grade of "*WN" will be assigned. If the student withdraws officially from the course, he/she will be assigned a grade in accordance with the existing withdrawal policy of the College.
