Dr. Harry D. Gideonse,
President,
Brooklyn College
Brooklyn, New York

My dear Dr. Gideonse:

I have read with intense interest in the New York Times a statement of your attitude towards the youth problem.

If the contents of the enclosed booklet interest you in any way, I should be very glad to meet with you for a discussion of the movement. ✓

Please, let me hear from you at your earliest convenience.

Sincerely yours,

I. Warsaw
