

BROOKLYN COLLEGE  
RECEIVED  
NOV 19 1940  
OFFICE OF THE PRESIDENT

It would seem that the plan to induct college students into a manual labor program is very much like the methods that have been so severely criticized in Chancellor Hitler. The very people who have criticized Hitler are the very ones who later turn around and wish to adopt his exact methods. Such people should be reminded of their previous attitudes.

R

Dr. Harry D. Gideonse, Pres  
Brooklyn College  
Brooklyn, N. Y.
