NEW YORK

June 22nd 1932

My dear Dr. Boylan,

I was delighted to read in the daily press of the new academic honors conferred upon you. It is most gratifying to follow the upward progress of some people in whom we have a personal interest.

As one of your former pupils of P.S.46 of the class of 1910 I want to take this means of extending to you my heartiest congratulations. We were four in our family (Viola, Frank, Madeleine, and Harvey), who received our public school education under your able guidance. We all know tha the position of President of the Brooklyn College could be filled by none better than yourself.

We all wish you great joy and satisfaction in your new undertaking.

Cordially,

Maddeline Mayer Fleischer
(*Ms. M. B. S. Fleischer*)
