Sept. 9, 1943

President Harry D. Gideonse
Brooklyn College
Brooklyn, N. Y.

Dear President Gideonse:

Breaking camp today; I may also get away this afternoon after I see the century of students and teacher(3) off at Oneida.

I am enclosing a few items; one this morning is not typical of the groups as a whole, but an example of what an spoiled senior can be capable. She left early in August, after she had been taken out of positions of responsibility because of general inefficiency and lack of cooperation. She has ways that make her superficially attractive until results are called; the poorest producer on the field, etc.

My letter can go in the files. The other items are supplementary and will be added to after things are sorted out.

Sincerely,

Ralph C. Benedict
