

4/15/37

UNCONSTITUTIONAL!

4/15/37

A junior Supreme Court is ruling City College. True to the dearest traditions of its seniors, it has ruthlessly nullified basic laws of our Free College. 19

When the Free Academy was established the State Law provided that, "The Board of Higher Education shall provide in all things for the good gov't and management of the said Free Academy and for the purchase of the BOOKS apparatus and all things necessary and expedient to enable the said Free Academy to be properly and successfully conducted."

Why then do we not have free books? How long shall we be duped? Follow labor's example, organize, and force our administration to restore our legal right to free books. SIGN PETITIONS FOR FREE BOOKS
