Assignment 5: Due Monday, October 15 by 6:30pm

Part I: DataCamp

- This week's DataCamp assignment covers two chapters of *Supervised Learning with scikit-learn*, but does not require the full course. It should be shorter than past DataCamp assignments and will appear in your DataCamp account.

Part II: Linear Regression Practice

- The **assignment notebook** has a few short questions building on today's lecture and data exercise. Please complete the exercises as instructed in each individual notebook cells to obtain full credit for the assignment. To submit your assignment, please submit a completed jupyter notebook (***.ipynb files only**) through Blackboard.
