GENERATIONS
WOMEN IN THE SOUTH

This new 120-page book from Southern Exposure explores the richness and diversity of women's experience in a region clouded by stereotypes.

Women in the South have always combined the great human capacities of love and work. As we struggle for new definitions of love, for new choices in work, we remain rooted in a culture that they created and preserved. In search of our mothers' gardens, we will find our own.

Articles include:

Alice Walker - In Search of Our Mother’s Gardens
Sara Evans - Women's Consciousness and the Southern Black Movement
Jacquelyn Hall - Women and Lynching
Anne Braden - A Second Open Letter to Southern White Women
Pauli Murray - The Fourth Generation of Proud Shoes
Lillian Smith - previously unpublished essay on women's autobiography

Comprehensive bibliography of 300 books, articles and dissertations on Southern women

"An excellent issue...of lasting usefulness to social historians and historians of women."
—Anne Firor Scott, author of The Southern Lady

“Beyond the eloquence of its writers, Generations makes a real contribution to our developing insight into the convergence of sex, race, and class as defining factors in Southern women's life experience.”
—Elizabeth Meese, Director of Women's Studies University of Alabama

The Maimie Papers

NEW FROM THE FEMINIST PRESS!

Historical Editor: Ruth Rosen
Textual Editor: Sue Davidson
Introduction by Ruth Rosen

Prepared in cooperation with
the Schlesinger Library of Radcliffe College
paper $6.95; cloth $12.95

In 1910 a remarkable correspondence began between Maimie Pinzer, a Jewish prostitute just then recovering from morphine addiction, and a distinguished Bostonian, Fanny Quincy Howe. Maimie’s letters offer an unprecedented autobiographical account of the life of a poor, working woman in the first quarter of this century.

At thirteen, Maimie began a struggle for survival that led her through jails, reformatories, and hospitals, and brought her into contact with other poor and exploited people whose miseries and hopes she depicted with a writer’s gift.

The intervention of a kindly social worker, the warm support of Fanny Howe, and Maimie’s own strength and intelligence enabled her not only to leave prostitution and learn secretarial skills, but eventually to use her small earnings and agile management to aid young women like herself.
