A student takes the CUNY placement examination and then

<u>FORMERLY</u>	
08 - Arithmetic + a little Algebra	01 - Content same
05 - if certain level not attained (arithmetic $\frac{1}{2}$ + $\frac{3}{4}$ Algebra)	02 - 6 hrs (5+1)
05B - Algebra only	03 - 4 hrs
06 - Trig. & Int. Algebra	06
07 - Int. Algebra	04

Discussion was concerned with

- a) MTH 08 which will become MTH 01. Course description does not seem the same.
- b) Students could be held for 12 hrs. of remediation.
- c) Since 01 is not the first remedial MTH course for most students, using designation 01 will lead to confusion.
- d) Since 01 is not high school level remediation, it should have a special designation.
- e) Suggestion by A. Nesto that zero level MTH courses be numbered to reflect modular sequence so as to eliminate overlapping of modules between courses.

Action possible next week.
