Miller studies Germany's economic history

Regional

Almedaro Rorro College Talk

East Germany has finally integrated into the reunified Germany.

"I don't think any of us naïve or say no or something like that," Miller said. "When the 7th Circuit Court tells you that you have to do something, your back is up against the wall," he said. "When the 7th Circuit Court tells you you must do something, it's going to be unique to them."

"If the 7th Circuit Court tells you that you have to do something, it's going to be unique to them."

Miller's next project is to work with the editors of the defunct East German secret police known as Stasi, who were highly educated about history, to make sure that history is not distorted or forgotten.

"The world that is divided today is the world that divided between Western and Eastern Europe," Miller said. "This is a great experience if you make it that way."
