Black studies and African-American studies programs are a common facet in colleges and universities. But what do these programs teach, and how does the experience engage those who are interested in understanding U.S. social issues or resiliencies of today.

“I think that what we are trying to do under the banner of black studies is not just study the history of Africans and African Americans in the United States, but to look at a slightly broader spectrum,” said Weissinger quickly responded. “We don’t just study the history of Africans and African Americans in the United States, but to look at a slightly broader spectrum.”

American Indian Education Days scheduled

American Indian Education Days

Annual Cardboard Car parade.

Louis will provide information about Indian cultures, ceremonies, dances and traditions. Native American children will be on hand to play arrows, interpret story-teller and dancer may also perform. The Indiana University South Bend mascot, Chief Illiniwek, will also perform.

The hand became the form. The fifth and sixth graders enjoyed making larger figures, using wooden figures. “The students, and especially fourth graders, had a lot of fun drawing images with chalk. They would draw the image, then draw the chalk images into the chalk drawings, and then draw the chalk image into the chalk drawing,” said Heerspink.

The selection of the children’s art-works is required to have a transition statement that describes what the child’s artwork is about. The statement will then be used to help bring awareness to the children’s work, which can be seen at the website.

The township was able to hire an engineering firm for the site improvements that we have in place. The engineering firm has given us a great start to other improvements that we have in mind for the park this year.”

The township has had several issues with its stormwater management. In 2013, the township had to pay $66,960 to the Illinois Environmental Protection Agency for tools and equipment to help with the stormwater management. In 2014, the township had to pay $54,850 to the Illinois Environmental Protection Agency for tools and equipment to help with the stormwater management.
