V. OLD BUSINESS

- A. BIO 28, Microbiology and Infection Control (Change in Credits and Content) (Biology Dept.)

It was moved by Dr. M. Kanuck that this course be approved. Discussion concerned changes in the Nursing Department's curriculum pattern sheet necessitated by the increase in credit hours - suggestions for changes will be discussed at the next meeting of the Nursing Department's Curriculum Committee.

Approved: 20-1-1

Microbiology and Infection Control. 3 rec. 3 lab. 4 credits.

Catalogue Description

An introduction to microbial structure, function and reproduction. Introduces the medical aspects of bacteriology, mycology, parasitology, virology, serology, immunology, epidemiology, and infection control. Emphasis is on the biological and clinical aspects of infectious diseases.

- B. Career Development (Student Development)

- 1. It was moved by Prof. J. Seals that the course be approved.

Questions were raised about the prerequisites as well as those with many credits but no definite career commitments.

A two-part ammendment to the motion was made by Dr. B. Ettinger.

- (1) the course be offered for 0 credits
- (2) be restricted to those who have completed 36 or more credits

Motion to offer the course for 0 credits 2 rec.

Approved: 13-9-0

V. OLD BUSINESS (continued)

- B. 2. After discussion the Department of Student Development accepted a compromise to limit the course to students with 30 or more credits who have met the prerequisites of RDL 01, ENG 01 and OCD 01.

The chair ruled that the matter would not come up for a vote since the Committee by its previous vote to denying the course credit had made its wishes known. The motion was withdrawn until May 17 at the request of the Department of Student Development.
