#### COURSE DESCRIPTION

Value and Ethics in the American Experience      3 Rec. 3 Cr.  
Selected topics in American History, raising issues related to values, ethics and morality. Ranging from the colonial period to the contemporary era, the course examines major concerns of the American people throughout their history and illustrates how the ethical questions discussed then have developed to the present day.

Prerequisite: HIS 10.

The revised Liberal Arts curriculum pattern is attached, p 25.

- B. Curriculum Revision - Nuclear Medicine Technology (Physics Department) with new course, "Radiation Biology". Dr. Prince answered questions about the new course and the proposed new changes.  
Action possible at the next meeting.
- C. New course proposal "Radio Broadcasting" (Communication Arts and Sciences Department)  
Prof. Consentino responded to questions.  
Action possible at next meeting.
