

BRONX COMMUNITY COLLEGE
of the City University of New York

Committee on Instruction

Minutes of the Meeting of March 27, 1986
Tech Two, Room 419, 3 p.m.

In attendance: A. Pomerantz (presiding), L. Alpert, M. Adeyanju, E. Schorr,
S. Schwartz, W. Sokolsky, M. Wise.

Announcements:

Unfortunately, time did not permit the assembling of the requisite material necessary for the submission of names to Change magazine before the April 1 deadline of outstanding teachers. Ronald Thomas, however, was nominated by his chairperson. All had fine things to say about Dr. Thomas.

Other Business:

Marion Adeyanju reported that preparations for the meeting on "Faculty/Student Expectations and Responsibilities" (The Committee's theme for the year) were proceeding smoothly. (April 10)

Dean Rempson was asked to poll the faculty (in his survey of faculty) on whether to "reward" outstanding faculty.

Concerning the Student Evaluation of Faculty questionnaire, Professor Alpert noted that #12 pertaining to office hours does not apply to adjunct faculty and should be stricken from it.

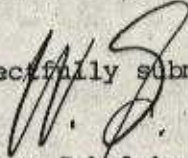

Again, relating to the above, objection was voiced to the shifting, in the last questionnaire, of "Don't Know" -- previously numbered Zero to #5 on the latest questionnaire.

Professor Alpert wanted to know if the Committee should get involved in the proposed "Prep School." There was no time for a discussion of the issue at this meeting.

Professor Pomerantz reported that the Dean's Humanities Reception was expecting a fairly sizeable number of honoree's on May 15.

Professor Schwartz submitted an extensive list of the activities of the new BCC Health Promotion Center.

Respectfully submitted,

Wallace Sokolsky
Secretary, pro tem
