2. Dr. Ryan called the meeting to order at 2:45 PM.

3. The minutes of October 27, 1992 were approved unanimously. Dr. Ryan pointed out that the re-edited final report of the Subcommittee on A.A.S. Curricula (pp.6-36) should have been attached to the minutes from the October 27th meeting. They are appended with the minutes for the November 10th meeting.

4. Announcements

A. Dr. Ryan announced that Virginia Nordstrom will serve as secretary for the Curriculum Committee. A vote of thanks was extended to her from committee members.

B. Item 4. B. on the agenda was corrected to reflect that it is an action item.

5. Old Business

A. Dr. Ryan, who had attended the meeting on 10/29/92 of Provosts and Deans from all CUNY Campuses gathered to discuss CPI implementation, summarized the key issues. He asked committee members to endorse his draft resolution on the implementation of CPI at Bronx Community College, Fall 1993. During the ensuing discussion the committee voted on the following amendments:

- 1) A proposed amendment suggesting that English 11 be withheld from satisfying the CPI English/Literature unit failed unanimously.
- 2) Item 2. d) in the Mathematics section was approved as amended to read: *No CPI Mathematics units will be awarded for completion of non-Mathematics courses, except by specific Curriculum Committee resolution after consultation with the departments involved.*

This document as a statement of intent and direction of CPI implementation here was voted on by ballot and approved as amended. The revised document will clarify that students graduating high school in June of 1993 or later will be obliged to complete nine CPI units to graduate from this college. (Vote 13-3-0)

- B. Committee members endorsed the offering of *English as a Second Language - Intensive* as an experimental course for Fall 1993. (Vote 13-2-1)

6. New Business

- A. Prof. LaBlanc discussed the rationale for a new course in the Department of Secretarial Studies. Committee members asked questions for the department to answer concerning *Introduction to Records and Information Management*.
- B. Prof. Moghaddasi presented rationales and course outlines for two experimental courses proposed for this spring by the Engineering Technologies Department. They are *Logic Design and Digital Systems* and *Microprocessor System Design*. Dr. Ryan outlined the procedure for making a curriculum change.

7. Adjournment

The meeting adjourned at approximately 4:30 P.M.

Respectfully Submitted,

Virginia Nordstrom
