Dean of Academic Affairs

A. Fuller

Registrar

A. Glasser

Curriculum Coordinators

W. Hynes

Student Government

A. Lyles

Guests

H. Frisz and A. Smith

2. Dr. Ryan convened the meeting at 2:40 P.M.
3. Pages 151-152 and 175 of the minutes from April 27, 1993 were approved as corrected. New Business should be item number 6, and the rest of the item numbers should reflect this change. Also, the curriculum pattern for the Associate degree in Automotive Technology was omitted from these minutes, and will be attached to the minutes for this meeting (October 12th). A number of questions were raised concerning the accuracy of the attachments describing the experimental Child Care Worker certificate program and attendant new courses (pages 153-174.). Dr. Ryan asked Dr. Galub to clarify questions raised by the committee with the appropriate departments and the Registrar and to return to the next meeting of this committee with a corrected document. The minutes of September 14, 1993 were approved as corrected to show the presence of M. Wenzel and the Registrar, A. Glasser, at that meeting.

4. There were no announcements, reports, or correspondence to present.
5. Old Business
 - A. Dr. Henry Frisz returned to the committee to present a revised description of the course requirements for the Associate degree in Automotive Technology and to answer the questions the committee had asked at the last meeting. More questions were asked and corrections made to the list of course requirements.
 - B. Prof. Ann Smith distributed a revised curriculum pattern, which reflects the Nursing Department's request to add an additional elective, DAT 33 -- Microcomputer Applications, to the nursing degree options. Prof. Deborah Gray answered the questions raised last week by this committee. No additional questions were asked.
6. There was no new business.
7. The meeting adjourned at 3:15 P.M.

Respectfully submitted,

Virginia Nordstrom
