November 15, 1994

Guests: C. Honda, M. Gillespie, G. Diallo

- I. Chairman James Ryan called the meeting to order at 2:39pm.
- II. The minutes of October 25, 1994 were approved unanimously.
- III. CORRESPONDENCE
 - A. Professor Capers asked to defer the presentation of the proposed new course (on the agenda as 4A), Computer Music Sequencing until the following curriculum meeting.
 - B. Professor Ryan proposed that the changes requested by Professor Quinn regarding Department of Secretarial and Office Information Systems prerequisites and corequisites to Keyboarding and Word Processing courses were routine rather than substantive, thus negating the need for extensive discussion. The committee concurred. A vote to approve the changes was unanimous. (see attached)
- IV. OLD BUSINESS
 - A. In regard to the matter of curricular options offered at BCC but not registered at the State Education Department, Dean Fuller reported that little new information was available. It still appears that comments specific to a curriculum need to be dealt with on a department by department basis. If an umbrella problem exists, a course of action still needs to be examined.
 - B. The proposed dual/joint degree program with Lehman College leading to an AAS degree in Education at BCC, with continuation towards a BA or BS at Lehman with a minor in Elementary and Early Childhood Education was passed unanimously. (see attached.)
- V. NEW BUSINESS
Professor Geraldine Diallo (History) presented the department's new proposed course: The Americas: Cultures in Comparison and Contrast.
Questions were raised for her response at the committee's next meeting.
No action was scheduled.
- VI. CONCLUSION
Professor Ryan reminded the committee that it would be meeting on November 29th and the following week, December 6th, which would be the last meeting of the semester.
- VII. The meeting was adjourned at 3:26PM.

Respectfully submitted,

Debra A. Gonsher
