Dr. Rosenstock stated that the issues of costs, enrollment and the future of the program will be discussed with the administration.

Prof. Tyson pointed out that an accredited curriculum cannot be terminated unilaterally without consultation with the accrediting agency.

Mr. Braxton (student) expressed his dissatisfaction with having been refused a meeting with President Brown, although he did meet with Dean Polowczyk. He feared that changes in the course offerings would endanger his completion of the program.

Mr. Williams (student) stated that he expected the reduction in staff to diminish the quality of instruction. He also expressed concern about continuing his studies at BCC.

Prof. Canty, Director of Audio-visual Services, stated that his department would be unable to maintain the standards of its services and its training of the 87 students in the curriculum. He protested the placing of the program on hold without evaluation.
