Call to Order: The meeting was called to order at 12:22pm by S. Dorleans.

Seating of Alternates: D. Sayeed, K. Ojakian, and J. Ziegler were seated.

Approval of Agenda: R. Ben-Nun made a motion to add a moment of silence for Vicki Flaris and Andrew McNerney to the agenda. The motion was approved (Y- 42, N- 0, A- 0).

Moment of Silence: S. Dorleans asked for a moment of silence to remember V. Flaris and A. McNerney. R. Ben-Nun reported that F. Moore suffered a mild stroke.

Approval of Minutes of December 6, 2018: The minutes were approved with amendments (Y- 42, N- 0, A- 2).
6. **President’s Report:** T. Isekenegbe thanked S. Dorleans for chairing the meeting and welcomed the body to the first meeting of the semester. T. Isekenegbe expressed sadness over the passing of V. Flaris and A. McInerney. He also asked the body to pray for F. Moore. T. Isekenegbe reported on the following items.

   **a. Colston:** T. Isekenegbe thanked the faculty and staff for handling the situation well. The administration is doing a walk-through with the PSC, and is planning to have faculty and staff move back into Colston tomorrow. Those in floors 4-8 will move in. Floors 2-3 will be delayed.

   **b. New CUNY Chancellor:** CUNY will have a new chancellor, Felix Matos Rodriguez, effective May 1. T. Isekenegbe shared that he already wrote a letter of welcome on behalf of the college community and is working on the new Chancellor’s visit to BCC in the fall.

   **c. Middle States:** The Middle States document is completed. T. Isekenegbe thanked the steering team and everyone who submitted documents. The Middle States Chair gave a positive review of the document and will be having a team meeting this Sunday. The team will be visiting March 24-27. T. Isekenegbe hopes to show the team the BCC spirit. There will be a Town Hall meeting tomorrow at 10 a.m. to talk about the Middle States visit and other college issues. N. Ritze has volunteered to meet with many departments. One of the things that the chair asked is to come up with recommendations about how to move forward with the document.

   **d. Provost Search Committee:** The committee met two weeks ago and has been formally charged with instructions. Over 100 CVs have been submitted. Moving forward, A. Lamazares will be reporting on the search committee. S. Utakis brought up the PSC report. The report raises concerns of mold and highlights the need to replace some of the sheetrock. Will this happen before occupancy? D. Taylor stated that the sheetrock is being remediated at this moment. The mold is being handled. S. Utakis stated that there were three recommendations made in the report. D. Taylor responded that the issues are being remediated.

7. **SGA:** C. Valenzuela reported on the following items.

   **a.** The SGA participated in freshman convocation and orientation.

   **b.** There were vacancies in SGA. The SGA has been reaching out to different clubs on campus and visiting them. The search ended last night and we were able to make a selection.

   **c.** The club fair was successful. Students and faculty participated.

   **d.** The SGA went to the legislative caucus in Albany on the 10th to represent CUNY.
e. The SGA is planning a pep rally to build traditions at BCC. The pep rally will be held before the first baseball home game.

8. Faculty Council: R. Ben-Nun reported on the following items.
   a. **Elections**: The Faculty Council filled a vacancy on the Diversity and Inclusion Task Force (Oluremi Alapo) and the Governance and Elections Committee (Goldie Sherr).
   b. **Reappointment, Promotion, Tenure, and Leave Task Force**: The council amended the resolution that was distributed last semester on the process of tenure, promotion, and leave. The council elected a slate of seven members and will be convening in the next few weeks. The purpose of the task force is to look into the processes mentioned above and consider where improvements can be made. The slate includes Nikolaos Apostolakis, Iris Cortes, Yasmin Edwards, Tanweer Haroon, Swan Kim, and Nichole McDaniel, and Ahmed Reid.

9. Committee Reports
   a. **Academic Standing**: S. Powers reported on the MEDP proposal (see report) and the revision proposal to the LPN program (see report).
   b. **Curriculum**: H. Clampman reported on the following new items.
      1) Proposed new experimental course (MEST 64) on social media. Course to be included in Flexible Core D
      2) EDU 40 change in course prerequisites and corequisites.
      3) Proposed change in existing degree program (Digital Arts AAS Degree Program -> Digital Design AAS Degree Program).
   c. **Instruction and Professional Development**: R. Araya reported on the following items (see report).
      1) Faculty Day: April 12th. The theme is “Social Justice and Community College Education.” Cheryl Wilkins of Columbia School of Social Work will be the keynote speaker.
      2) Professors across the departments participated in the new student survey in Fall 2018. Preliminary results were shared with the CIPD.
      3) BCC Muslim Student Association and the Peace and Justice Club have a President’s Conversation Series.
   d. **Governance and Elections**: S. Davis reported on the following items (no action items).
      1) **Changes in representation on senate committees**. Item will return for a vote (passed unanimously in the committee). R. Ben-Nun stated that this would pertain to the way instructional staff are elected on
committees. Rationale: to unify the way instructional staff are elected to senate committees.

2) **The addition of two sitting members on the College P&B (non-voting but advisory/administrative purposes).** This was approved unanimously. There are no change in voting rights in the committee. D. Gonsher called for a discussion regarding the structure of the College P&B. Currently, five people on the College P&B do not have votes, and some people are not required to attend every meeting.

3) **Proposal for new committee (Diversity and Inclusion Committee).** This will come back as an action item. The committee originated from the COACHE survey. R. Ben-Nun asked the body for suggestions for membership selection. M. Guishard stated that interested individuals should be persons educated about Weingarten rights and raised concerns about structural and institutional racism.

4) **Elections:** S. Davis stated that the current semester is an election semester. There are three sets (referendum at the end of the year, senators at-large, UFS senate vacancies). S. Davis asked the body to watch for the broadcasts and expressed hope to wrap things up before spring break. L. Brenner commented on the lack of representation of G&E representatives.

e. **Space, Facilities, and Physical Plant:** D. Taylor welcomed the new student representative. The committee is compiling the parking study and will be meeting next Monday.

f. **Student Activities:** M. Lopez reported that the Bronco has been named Bruno. The committee held a discussion about campus spirit and campus culture. Discussion topics included: When do activities take place? How does that communication take place? How do adjunct faculty get to have these types of communications with students?

g. **Community Events:** J. Nagloo reported that the committee will be meeting on March 14.

h. **Academic Freedom:** no report.

i. **Vice-Presidents and Deans:** no report.

10. **University Faculty Senate:** F. Kaighobadi reported on the following items.

a. The UFS met this past Tuesday. Currently the UFS is working on its charter. They want the campuses to give feedback. The changes express a desire to give UFS more negotiating power.

b. Resolution of the Budget Advisory Committee (see report). Recommendations for changes included stronger language, student scholarships, 7K for adjuncts, and support for part-time students. This
resolution passed. Asking individual campuses to come up with their own resolutions to support the UFS resolutions.

11. **University Student Senate**: A. Cuevas reported on Higher Education Day (opportunity for student leader to go to Albany and lobby for funding) and changes in CUNY remedial assessment practices. CUNY is trying to remove remedials by 2020 in CUNY colleges. There are many questions about the index they will use to assess students.

J. Robertson commented on D. Crook’s memo on the algorithm that will be in place. This is not an optimal way to assess students. They want students in CLIP and CUNY Start. The programs are intensive and people are not able to do that schedule. N. Ritze stated that this is an issue that is dealt with extensively in the Middle States report. My office will be doing constant research on where students are and how they are doing. We are developing instruments for students with no data. We are still waiting to see what the algorithm will look like. R. Ben-Nun stated that we are most effective when we collaborate between the faculty, administration, and student government. J. Ewell spoke about his own experience as a student and spoke favorably about developmental education. S. Dorleans stated that the topic would be brought back at the next meeting.

12. **Announcements and Reports**

   a. **Chairperson, Vice-Chairperson**: Ben-Nun reported on behalf of Franklin. All the committee officers met in February. Hoping to do this on a regular basis (see report).

   b. **Vice Presidents and Deans**: L. Montenegro reminded faculty of deadline for early academic progress reports. The college will be sending out a masterlist of the classrooms and offices that can be moved back to Colston. The move will happen next Monday. N. Ritze stated that there is a summary of the Middle States report available and asked the body to review the document. R. Whelan announced the 41st annual Run the Bronx and asked for participation.

13. **Auxiliary Enterprises**: A broadcast for elections was sent to the college community. C. Valenzuela commented on transitioning of student senators. There needs to be a more seamless transition.

14. **Adjournment**: Meeting was adjourned at 1:49 p.m.

Section AIII: Changes in Degree Programs

AIII.1 The following revisions are proposed for the Licensed Practical Nurse program:

Program: Licensed Practical Nurse Certificate
Program Code: 91041
Hegis Code: 5209

Proposed: Change “admission” criteria for Licensed Practical Nurse clinical coursework to “progression” criteria. Codified TEAS score requirement for progression. Codified prioritization of candidates for progression based on GPA. Reword PNR course minimum grade criteria for clarity. Reflect changes already approved by governance (e.g., PHM 10) and changes currently pending CUNY approval (e.g., elimination of COMM 11 as a program requirement).

iii. Transfer students from other institutions must be in good academic standing. Students who are on academic probation, have failed out of a nursing program, or have been dismissed (ethical, integrity or safety issues) from any nursing program at a previous school are not eligible for admission to the BCC Licensed Practical Nursing (LPN) Program.

iv. In the case in which the number of qualified LPN students exceeds the number of available LPN clinical placements, the LPN program will prioritize clinical placements for students with the highest cumulative college GPA.

8.2.4 Licensed Practical Nursing - minimum acceptable grade and time limitations

a) While in the clinical phase of the program, students must maintain a grade of "C+" in each PNR course and earn a minimum of "C" in BIO 24.

b) An LPN student who earns a grade of "C" or lower on PNR 101 may not repeat the course. An LPN student with a grade of "C" or lower on a PNR course other than PNR 101 may repeat the course one time to achieve a C+ or better. (This may occur for only two PNR courses.) An LPN student with a grade of "C-" or lower on BIO 24 may repeat the course one time to achieve a C or better.

c) All PNR courses required for graduation must be taken within three years from the date the student began PNR 101.

Effective Semester: Fall 2019
RATIONALE:

The New York State Department of Education (NYSED) has charged nursing programs (both practical and registered nursing) to streamline curriculums by reducing the number of credits and time it takes for qualified applicants to get through the program. In a memo this past spring 2018 to the BCC Nursing Department, NYSED indicated that the LPN program cannot have two admission requirements, but can however have a rigorous progression criteria into the clinical sequence. In the memo, NYSED wrote: “These courses [liberal arts and sciences (LAS)] are part of the registered program and cannot be required prior to admission, students who take these courses and seek transfer consideration must compete with other students who have not completed these courses. You may set requirements for acceptable scores for these courses for transfer students but there must be alternative ways to determine if a student’s prior academic record is satisfactory for admission. The College can develop rigorous progression criteria related to the LAS sequence. NYSED further indicates that: “Commissioner’s Regulation 52.2 (d)(2) requires admissions shall take into account the capacity of the student to undertake a course of study and the capacity of the institution to provide the instructional and other support the student needs to complete the program. Please revise based on the comments; it may need a different approach to the admission process as the registered program is inclusive of the LAS courses.”

The proposed revisions to the BCC progression requirements conform to the guidance from NYSED and are similar to those at peer CUNY community college LPN programs. Academic standards proposed are based on existing BCC LPN policies as well as review of peer institution policies (e.g., the TEAS exam minimums proposed are identical to those used by the LPN program at LaGuardia).
Proposed: In order to clarify the requirements for readmission into the MEDP after an absence of one or more semesters.

   a. A student returning after an absence of no more than three years from the MEDP program may continue in the degree along their program track.
      i. Returning students must initially be advised by the Department Chair (or his/her designee) to discuss their progress in the Program and plan their course of study.
      ii. To ensure availability in their needed remaining MEDP classes, students are encouraged to register no later than four weeks prior to the new term.

   b. A student returning after an absence of three or more years from the MEDP (CMT) Program may need to retake MEDP (CMT) courses to complete the degree.
      i. Returning students must initially be advised by the Department Chair (or his/her designee) to discuss their progress in the Program and plan their course of study.
      ii. If the equipment and/or software used in an MEDP (CMT) course have changed since the student took that course, the student will need to repeat said course(s).
      iii. Returning CMT students who wish to continue in the major will be enrolled in the MEDP AS Program.
      iv. To ensure availability in their needed remaining MEDP classes, students are encouraged to register no later than four weeks prior to the new term.

   c. Transfer students into the MEDP program
      i. Transfer students into the MEDP program must initially be advised by the Department Chair (or his/her designee) to plan their course of study.
      ii. The Chair (or his/her designee) will determine the equivalence of courses taken at another school to BCC’s MEDP courses.
      iii. To ensure availability in their needed MEDP classes, transfer students are encouraged to register no later than four weeks prior to the new term.

Effective Semester: Fall 2019

Rationale: Currently, there is no written policy regarding readmitting to or transferring into the MEDP (Media and Digital Film Production) AS program (formerly CMT [Media Technology AAS Program]). Content of MEDP courses taken at BCC by students who
have been gone for three or more years from the program may be no longer relevant. As such, students may need to retake courses in order to ensure they have been trained in the latest technology. This impacts 2-4 students per year.

Additionally, transfer students’ previous media and digital production coursework taken at another school may not align with BCC’s MEDP courses. As such, students may need to take courses to ensure their program learning outcomes correspond with BCC’s MEDP degree.

Having returning and transfer students meet with the Chair (or his/her designee) before reentering or entering into BCC’s MEDP program ensures that students understand the requirements of the MEDP program. The Communications Arts and Sciences Department has noted an unequivocal correlation between early/effective student advisement and successful progression in the MEDP program, which is why we insist on students meeting with us for at least their initial advisement.

**Rationale:** Social media is a growing area of communication and media studies. Social media provides a mode of communication that students need to not only master but also understand and, most importantly, learn to look at critically. As a Pathways course Social Media Communication will provide an option for all students who need a Flexible Core D class. Furthermore, this course represents a welcome addition to the department’s current Media Studies option course offerings of film and television studies.
Textbooks Required:

Supplemental Articles Provided by Instructor (subject to change):

Course Description:
This course explores communication on social media platforms. Topics include the use of social media in both personal and professional contexts; ethical and legal issues; social media theory; public relations; branding; privacy; and best practices.

Student Learning Outcomes:
- Students will select a public figure or organization with a social media presence and assess their posts on available public platforms. In an oral presentation, the students will explain how posts convey branding message(s).
- Students will analyze, in a written assignment, how social media content (e.g. text, images, video, and audio) influences groups (e.g. professionals, students, women, etc.).
- Students will select one problem with social media that affects users across one or various platforms. In a 3-page paper, students will evaluate the issue and assess possible solutions.
- Students will identify social media concepts (e.g. platforms, profiles, and branding) and apply them to broader issues in communication studies (e.g. channels, audiences, and intercultural communication).
- In a written assignment, students will articulate the ethics and implications of shared content and privacy.
- Through a written assignment, students will analyze the benefits (e.g. networking and real-time information) and negative impacts (e.g. cyberbullying and account hacking) of social media.
Grade Weighting:
- Quizzes 15%
- Writing Assignments (3) 15%
- Branding Presentation 15%
- Social Media Problem Paper 20%
- Midterm Exam 15%
- Final Exam 20%

Assignments:
Writing Assignment #1
After reading chapter 1, students will examine their first-hand experience with social media in a 1-2 page paper. Students will reveal how their individual posting activity has impacted them personally and/or professionally.

Writing Assignment #2
Students will write a 1-2 page paper, synthesizing course materials and their first-hand knowledge, to assess how social media content (e.g. text, images, video, and audio) influences groups (e.g. professionals, students, women, etc.).

Writing Assignment #3
After reading chapter 8, students will evaluate the ethics of shared content and privacy. In a 1-2 page paper, students will assess how shared content and privacy on social media impacts users.

Branding Presentation
Students will select a public figure or organization with a social media presence and assess their posts on available public platforms. The students will then interpret the branding message conveyed and explain how the posts support this. This assignment will be delivered in class with the use of PowerPoint. Students will submit their subject to the instructor for approval prior to completion.

Social Media Problem Paper
Students will select one problem related to social media from a list provided by the instructor. After conducting research, students will analyze in a 3-page paper how the problem directly affects a group with which they identify.

Course Policies
Departmental Attendance Policy

Attendance at all class sessions is required. Class attendance is considered both a privilege and a responsibility. There are no excused absences in this class. Students are allowed six (6) hours of absence for this course. Please note that the policy is based on hours of absence not class sessions. Every one (1) hour absence beyond the stated allowance will result in a reduction of the final course grade by one full letter grade (on the 7th hour of absence a B becomes a C, a C becomes a D etc.; on the 8th hour of
absence an A becomes a C, a B becomes a D; on the 9th hour of absence an A becomes a D).
THIS IS A DEPARTMENTAL POLICY AND NOT SUBJECT TO MODIFICATION OR CHANGE.

Lateness
Please avoid being late; lateness disrupts the class. If a student comes to class after attendance was taken, that student is late. Three instances of lateness will equal one hour of absence. If a student is late, it is her/his responsibility to check in with the instructor to ensure s/he has been included in the attendance roster.

Homework
Please submit homework in accordance with the syllabus and provided instructions. Students should write their full name and section number on their assignment. Homework should follow standard grammatical rules, unless otherwise indicated. If needed, please seek assistance from the Writing Center.

Quizzes/Exams
All in-class quizzes and exams will be given at the start of class on the dates scheduled. It is crucial to arrive to class on time and prepared. Students will not be allowed to use notes, textbooks, or electronic devices while taking a quiz or exam.

Late Work
Late work will not be accepted unless the student has, prior to the due date, requested an extension with a valid reason. In addition, there will be no make-ups or extensions for any quiz, midterm, or final without the prior written approval of the instructor.

Cell Phones
Cell phones and other electronic devices should be off or on silent in the classroom. Laptops are allowed for note taking only; no internet surfing please. Answering a phone in class is unacceptable. In cases of emergency, please exit the room quietly to answer the phone.

E-mail
Please make sure that BCC email is checked daily. This is also the quickest way to contact the instructor. Emailing from student email accounts will reduce the likelihood that email will go into the junk mail folder.

Academic Integrity
All work submitted/presented in this course must follow BCC’s policy on academic integrity, published on pp. 87 of the BCC College Catalog, accessible via the BCC website. Students must not represent the work of others as their own, and must not give or receive information that compromises the integrity of tests. If a student has violated this policy, the Department Chair will be notified. In addition, the student will receive a “0” grade for the affected assignment.

Blackboard Access
There is a Blackboard site for this course, accessible via CUNY Portal (www.cuny.edu). The syllabus, assignments, and grades will be posted on Blackboard. Please see the IT Help Desk in Roscoe Brown room 308 for assistance with your CUNY Portal account as you will need access to Blackboard for this class.

Withdrawal from the Course
The last day to withdraw from the course with a “W” grade is ____________. Students who stop attending after this date will receive a “WU” grade (equivalent to an “F” in your GPA).

I will post several education articles and videos on our class Blackboard site throughout the semester. Some of the information is required while others are optional. You are responsible for any required material which will be indicated in the subject line, e.g., “Required.” Please check our Blackboard site often. In addition, you should stay current with the New York Time’s coverage of Education.

For links to NY standards and the Common Core State Standards: [www.engageNy.org](http://www.engageNy.org)

For help with grammar and punctuation, please consult: [https://owl.english.purdue.edu/owl/section/1/](https://owl.english.purdue.edu/owl/section/1/) You may also contact Dr. Redpath at: alice.redpath@bcc.cuny.edu (Colston Hall, Room 407).

Assignments and Due Dates:
All assignments must be typed, double-spaced, and edited before submission to me. Any work that is not handed in on time will result in a lowered grade of 10 points for each day that it is late.

Student Professional Dispositions: Professional dispositions are the values, commitments, and professional ethics that influence behaviors toward students, families, colleagues, and communities, and affect student learning, motivation, and development as well as the educator’s own professional growth. Dispositions are guided by beliefs and attitudes related to values such as caring, fairness, honesty, responsibility, and social justice. Students will demonstrate professional dispositions by exhibiting the following professional behaviors:

Arriving for class on time
Reading the assigned materials before class
ASSIGNMENTS:

1. Participation (10 points)

Suggested Questions to Be Used for Classroom Observations

**Guiding Question 1:** What are the content frameworks that guide teachers as they prepare instruction? Location and write two (2) common core standards that your cooperating teacher addressed in the classroom. How did the teacher introduce the standard?

**Guiding Question 2:** Why is it important for teachers to understand the demographics of their students? What is the ethnicity of the students in your classroom? How many English Language Learners are in your classroom? What is the gender make-up of the student population in your classroom? What percentage of students in your cooperating school receives free and reduced Lunch?

**Guiding Question 3:** Why should teachers incorporate technology into their instruction? Make a list of the types of technologies and/or technology resources that are available to your cooperating teacher at the cooperating school.

**Guiding Question 4:** Why is important to teach students how to work well in a group? Design a meaningful activity that would help students develop positive behaviors that would encourage productive group work with students. Describe a strategy that you observed your cooperating teacher use in the classroom to redirect students who were off task.

**Guiding Question 5:** Why should teachers understand and address the different modalities of the students in their classroom? List 3 strategies that help teachers address different learning styles, i.e., visual, auditory, kinesthetic, multiple.

**Guiding Question 6:** Why is it important for teachers to understand and incorporate similarities and differences in culture, family structure, and learning styles in their instruction?

AI.1 The following revision is proposed for the Digital Arts A.A.S. Degree Program

Rationale: Since the department is proposing to eliminate the degree options in favor of a single-track degree, we feel the name change will help clarify the program's focus. We believe the title DIGITAL DESIGN better describes what we offer students, which is a comprehensive, computer-based design education. The title Digital Arts was originally coined to create a general umbrella term to accommodate the two options: Graphic Design and Web Design. However, the word ARTS has led to misconceptions about the program in the past. This is not a fine art digital program, but a specialized design program.

1 Except Bio 23
RATIONALE: Due to continued technological advances in the digital/graphic design field, namely the use of high-end typography in web design and the proliferation of web/UX (user experience) design into all facets of graphic design, the department feels we no longer need the separate options for the degree. Instead we would like to provide a foundation in web and UX design to all students, thus making ART 88 – Web Interactivity a requirement. The addition of ART 90 – Graphic Design Project and ART 91 – Design Portfolio as requirements is meant to strengthen student preparedness for the workforce. Art 90 being a branding class, gives students professional training in corporate design, while the portfolio class prepares students for job-seeking and interviewing and allows them to create a portfolio of their work, which is essential for employment. In order to accommodate these courses, we are moving ART 72 and ART 89 into the ART elective pool. ART 41 and MUS 13 are removed because we cannot sustain so many electives, and feel that those are the least relevant to the program. We believe this new program will provide a more solid design foundation to students whether seeking employment or transfer after graduation.

Thomas A. Isekenegbe, Ph.D.

After an unexpectedly excitement-filled beginning of the 2019 Spring semester, I am excited to write to you today with updates and to welcome you back again! With the closure of Colston Hall (updates included below) and all of the last minute changes it necessitated, we cancelled the Spring 2019 Faculty and Staff Convocation to allow everyone to focus on responding to the building emergency and/or getting settled and ready for classes. On Thursday, February 14, 2019, we held an Open Conversation on Colston Hall to discuss faculty and staff concerns and provide background and plans for the building. This Friday, March 1, 2019, we are hosting another Town Hall in Nichols Hall Auditorium (Room 104) to discuss the upcoming Middle States Accreditation Review (additional details below). These, along with the budget, were the two main topics that would have been addressed at the cancelled Convocation.

I would like to take this opportunity to thank you all for your patience and flexibility over the past five weeks. Faculty, staff, and students have shown incredible grace in the face of the challenges presented by moving classrooms; lack of access to regular materials, resources, and office spaces; and limited available information. We welcome ongoing feedback and will specifically solicit your thoughts in anticipation of debriefing discussions and a post-mortem on how we can improve our crisis response.

**NEW CUNY CHANCELLOR:** I am pleased to report at the appointment of Dr. Félix V. Matos Rodríguez as the eighth Chancellor of The City University of New York. He has been serving as president of Queens College since 2014 and is an accomplished scholar, educator and administrator. He will be both the first Latino and first minority to lead CUNY when he assumes the post on Wednesday, May 1, 2019.

Chancellor Matos Rodríguez has drawn national recognition as a trailblazer in higher education. He enhanced Queens College’s reputation for excellence and propelled the school to the highest echelon in college social-mobility rankings. As president of CUNY’s Eugenio María de Hostos Community College, the post he held immediately prior to his appointment at Queens College, he gained acclaim for engineering a double-digit increase in the school’s retention rate. He is one of a select few U.S. educators who has served as president of both a baccalaureate and community college.

Matos Rodríguez holds a B.A. from Yale University, where he was a cum laude graduate, and a doctorate in history from Columbia University.

**COLSTON HALL UPDATE:** This Friday, March 1, 2019, we expect that faculty and staff will be able to re-enter, re-occupy, and access Colston Hall floors 4-8. The phenomenal BCC Custodial team will be completed with their cleaning by Friday morning. From preliminary walkthroughs, it is clear that they have done an exceptional job thus far. Emergency repairs on these floors is complete. Elevators, internet, phone service, and personal computers are all operable. The building has also been fully exterminated to ensure that there is no rodent or pest activity. We expect that students will begin accessing the space on Monday, March 4, 2019, and the Office of Academic Affairs is working now to reschedule classes in CUNYFirst, so that students, faculty, and staff can access the most up-to-date information via their CUNYFirst accounts.

Offices and classrooms on Colston Hall floors 2-3 are undergoing emergency repair work this week (including floor removal, asbestos abatement, floor replacement, and cleaning), which will continue through next week. We hope that academic departments and classes on these floors can be re-occupied beginning Friday, March 8, 2019. As with floors 4-8, the PSC will be invited to participate in a walkthrough of these spaces in advance of re-occupancy. In the interim, faculty and staff with offices on floors 2-3 can reach out to Assistant Vice President David Taylor, Vice President Kay Ellis, or Campus Planner Robin Auchincloss via email to arrange for times to access these spaces. Some areas may not be available until after the asbestos abatement and floor replacement is completed.

**MIDDLE STATES ACCREDITATION REVIEW UPDATE:** We continue preparing for the March 24-27, 2019, visit by our Middle States Accreditation team. At this time, we have submitted our Middle States Self Study Report, focusing on our theme, “Reflecting on Our Community of Excellence”. It is available for review at: [http://www.bcc.cuny.edu/wp-content/uploads/2019/02/bcc-msche-self-study-2-7-19.pdf](http://www.bcc.cuny.edu/wp-content/uploads/2019/02/bcc-msche-self-study-2-7-19.pdf). An Executive Summary of this document is also available for review online at: [http://www.bcc.cuny.edu/wp-content/uploads/2019/02/bcc-msche-self-study-executive-summary-2-22-19.pdf](http://www.bcc.cuny.edu/wp-content/uploads/2019/02/bcc-msche-self-study-executive-summary-2-22-19.pdf). I would like to extend a special thank you to Dean for Institutional Research, Planning and Assessment Nancy Ritze, Middle States Steering Committee Co-Chairs (Vice President for Student Success Irene R. Delgado and Professor Jordi Getman-Erazo), and English Department Chairperson and Professor Robert Beuka for their leadership in coordinating the compilation and copyediting of our document. It is beautiful and well written. I would urge you each to review it in advance of our site visit.

Our Accreditation Review Chairperson is Dr. Steve Rose, President of Passaic County Community College. Prior to the March visit, Dr. Rose shares that our Accreditation team will have composed a first draft of their final report based solely on the written
documents made available to them in advance of the site visit and interviews. When they arrive at the College, they anticipate conducting interviews of approximately 200 individuals. By the end of Wednesday, March 27, 2019, the visit will conclude and Dr. Rose will deliver his final Accreditation Report before leaving campus. This will include any recommendations for the College but will not include his final recommendation to the Middle States Commission. That ultimate recommendation will be made during a presentation to the Middle States Commission in June 2019. At that time, Dr. Rose and our team will meet the Middle States Commissioner assigned to review and assess Bronx Community College. Our Commissioner will conduct an evaluation based solely on available written materials and will not conduct any in-person interviews or campus site visits. This will comprise the second layer of review for our overall assessment. Following the June 2019 meeting, the College will know the ultimate outcome of our Middle States Accreditation review.

In preparation for the upcoming visit, I invite you to join us at the Friday, March 1, 2019, Middle States Town Hall for more information. It is scheduled from 10am-11:30am in Nichols Hall Auditorium (Room 104).

**Provost/Vice President Search Update:** The national open and competitive search for Provost and Vice President of Academic Affairs is underway. We secured ACCT Searches, an executive search firm, to assist with the vetting process because they have specific relevant experience and will be able to pay particular attention to the needs of an urban community college. We are still hoping that the new Provost will begin on July 1, 2019. The Search Committee met and was charged on Wednesday, February 6, 2019. The Committee members are listed in the chart below and is composed of nine members; including four faculty members on the professorial line, an adjunct faculty member, a CLT, a senior administrator, a HEO-series administrator, and a student. There is a balance by gender and wide representation by ethnicity. By March/April 2019, we hope the initial selection process will be complete and recommendations will be made on finalist candidates. In May/June, the college will begin the onboarding process, including presenting the selected candidate to the CUNY Board of Trustees. If you have any questions or concerns about the process, please feel free to reach out to Executive Director for Human Resources Marta Clark or Chief Diversity Officer Jessenia Paoli. We will continue to provide updates as the process moves forward and look forward to wide participation in the search.

**MSCHE Standards for Accreditation**

**Standard I: Mission and Goals.** The institution's mission defines its purpose within the context of higher education, the students it serves, and what it intends to accomplish. The institution's stated goals are clearly linked to its mission and specify how the institution fulfills its mission.

**Standard II: Ethics and Integrity.** Ethics and integrity are central, indispensable, and defining hallmarks of effective higher education institutions. In all activities, whether internal or external, an institution must be faithful to its mission, honor its contracts and commitments, adhere to its policies, and represent itself truthfully.

**Standard III: Design and Delivery of the Student Learning Experience.** An institution provides students with learning experiences that are characterized by rigor and coherence of all program, certificate, and degree levels, regardless of instructional modality. All learning experiences, regardless of modality, program pace/schedule, level, and setting are consistent with higher education expectations.

**Standard IV: Support of the Student Experience:** Across all educational experiences, settings, levels, and instructional modalities, the institution recruits and admits students whose interests, abilities, experiences, and goals are congruent with its mission and educational offerings. The institution commits to student retention, persistence, completion, and success through a coherent and effective support system sustained by qualified professionals, which enhances the quality of the learning environment, contributes to the educational experience, and fosters student success.

**Standard V: Educational Effectiveness Assessment.** Assessment of student learning demonstrates that the institution’s students have accomplished educational goals consistent with their programs of study, degree level, the institution’s mission, and appropriate expectations for institutions of higher education.

**Standard VI: Planning, Resources and Institutional Improvement.** The institution's planning processes, resources, and structures are aligned with each other and are sufficient to fulfill its mission and goals, to continuously assess and improve its programs and services, and to respond effectively to opportunities and challenges

**Standard VII: Governance Leadership and Administration.** The institution is governed & administered in a manner that allows it to realize its stated mission & goals in a way that effectively benefits the institution, its students, & the other constituencies it serves. Even when supported by or affiliated with governmental, corporate, religious, educational system, or other unaccredited organizations, the institution has education as its primary purposed, & it operates as an academic institution with appropriate autonomy.
I. Update on BCC policy on academic integrity changes
   The BCC academic integrity policy must comply with that of CUNY. CIPD will draft a 3 paragraph
   statement which will include a preamble (What is the policy?, What are the ramifications of infringement
   of the policy?, etc.), examples of plagiarism and cheating, and how to avoid such instances (we will
   include a link to a PDF/website/) as well as reference to the BCC head librarian. A suggestion was
   made that we include a Blackboard module such as “Are you Ready (to take an online course)?” that
   addresses ways to cite properly and avoid plagiarism.

II. Update on 2018 Pilot Student Survey Results A tenured professor from each academic department
   participated in a new paper student survey in Fall 2018. Preliminary results collected by Chris Efthimiou
   of Institutional search were shared with CIPD.

III. Update on Presidential Grant Rubric for 2019-2020
    The rubric to evaluate Presidential Grant Submissions was revised and will be disseminated once it is
    voted on by CIPD in Fall 2019.

IV. Faculty Day Spring 2019 Updates
    Faculty Day will be on Friday April 12th 2019. The theme is “Social Justice and Community College
    Education”. The call for papers/presentations/workshops has been broadcast via BCC email. Cheryl
    Wilkins of Columbia School of Social Work will be our keynote speaker.

V. Department Announcements
   A. The BCC Muslim Student Association and the Peace and Justice Club have a President's Conversation
      Series. **Hijab Awareness Events February 1-19, 2019.** World Hijab Day was first celebrated on
      February 1, 2013, inspired by activist Nazma Khan, to share the experience of the Hijab wearing and
      promote understanding among all cultures. Contact Hisseine Faradj (Social Sciences)
      hisseine.faradj@bcc.cuny.edu or Mara Lazda (mara.lazda@bcc.cuny.edu)

   B. Vivian Rodriguez of the Radiologic Technology (Nursing) Department announced that this semester
      RadTech graduates will have a pinning ceremony to celebrate their graduation from the program. Details
      will be forthcoming.

VI. New Business: Please see attached CIPD Chair's Report from CUNY Faculty Affairs Advisory Board
    meeting of February 4, 2019.

Next CIPD meeting on Tues, March 5th, 2019 in Faculty and Staff Lounge of Language Hall.
Instructional Staff Senate Committees Membership – Proposal

This proposal seeks to align the way instructional staff members are elected to senate committees. It simplifies the existing rules and divides them into two groups: committees with departmental reps elected by departments, and committees with instructional at-large reps elected by the Faculty Council. Presently, while in most cases the Faculty Council elects instructional staff representatives to various committees, there are several exceptions. In addition, the pool of candidates and the language used to define it differs even when describing the same groups.

1. Senate Executive Committee
   Six members of the Faculty Council, elected by the Faculty Council
   Six members elected by and from the Faculty Council

   (Wording change only)

2. Committee on Governance and Elections
   Five faculty members: two elected by and from the Faculty Council, three elected by the Faculty Council from the Instructional Staff at-large
   Five members elected by the Faculty Council from the Instructional Staff at-large

   (To allow wider participation it is proposed to open nominations to the entire instructional staff, rather than just faculty or FC members)

3. Committee on Academic Standing
   One faculty member elected by and from each department
   One faculty member elected by and from each academic department

   (Wording change only)

4. Committee on Curriculum
   One representative to be elected by each department
   One faculty member elected by and from each academic department

   (Wording change only)

5. Committee on Student Activities
   Two faculty members elected by and from the Faculty Council
   Two members elected by the Faculty Council from the Instructional Staff at-large

   (To allow wider participation it is proposed to open nominations to the entire instructional staff, rather than just faculty or FC members)
6. Committee on Space, Facilities, and Physical Plant
Three (3) At-Large Faculty Members
Three members elected by the Faculty Council from the Instructional Staff at-large

(To align the election process with other committees, and avoid the need for a general election which is costly)

7. Committee on Instruction and Professional Development
One faculty member elected by and from each department

(No change)

8. Committee on Community Events
Four members from the Instructional Staff: two elected by the Faculty Council; two appointed by the Executive Committee
Four members elected by the Faculty Council from the Instructional Staff at-large

(To align the election process with other committees and assure that instructional staff reps are elected only by instructional staff members of senate)

9. Committee on Vice Presidents and Deans
Two members of the Faculty Council elected by the Faculty Council; Two members of the Instructional Staff appointed by the Executive Committee
Four members elected by the Faculty Council from the Instructional Staff at-large

(To allow wider participation it is proposed to open nominations to the entire instructional staff, rather than just FC members)

10. Committee on Academic Freedom
Five members of the Instructional Staff elected by the Faculty Council
Five members elected by the Faculty Council from the Instructional Staff at-large

(Wording change only)

This includes the gathering of data surrounding these issues (point by point) and reporting back to the Faculty Council the findings for the purpose of further discussion and possible action.

   Adopted unanimously by a voice vote of the BCC Faculty Council, Thursday, Nov. 8, 2018

Elections to the task force were held– Nikolaos Apostolakis (MTH), Iris Cortes (NUR), Yasmin Edwards (BIO), Tanweer Haroon (BUS), Swan Kim (ENG), Nichole McDaniel (BIO), and Ahmed Ried (HIS) were elected.
Permanent Committee on Diversity and Inclusion Proposal

1. Committee on Diversity and Inclusion

   a. Functions of the Committee on Diversity and Inclusion:

      i. Present a yearly report of successes in diverse representation across the college campus, specifically within the administration, faculty, and staff, and report areas where diverse representation is lacking, to the Senate.

      ii. Create opportunities for further diverse representation through a variety of activities on campus, including but not limited to creating diversity training activities, and creating/promoting events with diversity and diverse representation as part of their central theme, all with the purpose of increasing awareness of issues in diverse representation in governance, faculty, and staff hiring.

      iii. Review/revise Human Resources Exit Survey, as needed, in terms of diversity/representation.

      iv. Utilize future COACHE Surveys and BCC Faculty and Staff surveys to inform activity planning in areas of diversity and inclusion.

      v. Create and maintain a diversity training online interface.

      vi. Highlight the work of diverse faculty and staff on an ongoing basis, in order to promote diverse representation and provide students with diverse role models.

      vii. Work with the Office of Affirmative Action, and other interested parties, in order to promote activities outlined above.

   b. Membership of the Committee on Diversity and Inclusion:

      i. The Vice President of Academic Affairs, or a representative from that office.

      ii. The Chief Diversity Officer, or a representative from that office.

      iii. One faculty member elected by and from each academic department.

      iv. Two students: one elected by and from the Student Government Association; one elected by the Student Government Association from the student body at large.

SUBMITTED BY the Diversity Task Force: Grisel Y. Acosta (Chair); Laura Barberan; Iris Cortes (Secretary); Raffaella Diotti; Giulia Guarnieri; Abdul Hashim; Michael Miller (Vice-Chair); Marian Stewart-Titus; Cynthia Tobar
STATEMENT OF PURPOSE (proposed MISSION STATEMENT):

The MISSION of the Bronx Community College Diversity Committee is to continually ensure that the BCC campus supports diverse representation among all faculty and staff, via personnel practices, campus events, training, and communication. The BCC DC will promote diversity awareness and be a guardian of diverse representation among faculty and staff, with the ultimate purpose of faculty and staff satisfaction, faculty and staff representation, and diverse student learning.

PURPOSE OF INTENT (reasoning):

The BCC Diversity and Inclusion Task Force strongly believes that, in order to address the initial pressing concerns of the COACHE Survey results (2016), BCC must install a permanent Diversity Committee. In fact, when the COACHE Task Force was initiated, members discovered that there was already a CUNY Diversity Initiative at BCC that had fallen through the cracks without a permanent committee to oversee its requirements/suggestions. Regardless of the results of future COACHE Surveys, it is our stance that because of the overarching issues that have been discovered regarding diversity and inclusion, a permanent Diversity Committee is vital to BCC’s mission of serving students with “diverse backgrounds” and providing them with an education that will allow them to “thrive in and contribute to a 21st-century global community marked by diversity.” Furthermore, we strongly feel that a permanent Diversity Committee, which requires representation from all academic departments, student representation, and administrative representation will have a more democratic vision than a temporary task force that does not have the same kind of well-balanced representation. A temporary task force should not be given the work that only a permanent committee can do well.

RESOLUTION
CUNY University Faculty Senate
Draft for Review by BAC – Version 4

WHEREAS since its founding, CUNY has served as a vehicle of upward mobility for all New Yorkers, including those from low-income families, underrepresented groups and immigrant communities. CUNY’s diverse faculty provides quality instruction, workforce training and research in the broad and ever-expanding domains of knowledge that prepare them for successful futures. The University has conferred more than 1.3 million degrees in the past 45 years, and surveys indicate that more than three-quarters of its graduates remain in the city. CUNY colleges account for more than a third of the business and finance degrees awarded by New York City institutions, about one-third of the city’s public school teachers and a high percentage of the nurses and health and science technicians employed by local medical facilities. The University produces hundreds of computer scientists and engineering professionals each year, and those numbers have risen sharply in the last five years, and

WHEREAS the funding of the core operating budgets for SUNY and CUNY has increasingly relied over the last decade on tuition and fees, which—while New York’s neediest students have been protected due to the generous Tuition Assistance Program (TAP), SUNY/CUNY Supplemental TAP Awards, and the first-in-the-nation Excelsior Scholarship Program—has exacerbated both financial pressure on students and their families and the student-debt crisis in New York, despite SUNY and CUNY having among the lowest tuition and fees in the nation, and

WHEREAS a large portion of CUNY’s 27 million square feet of owned space is at least half a century old. Investments are needed to extend the life of facilities, meet safety and code requirements, improve energy conservation and support academic programs and services, and

WHEREAS the Legislature and Governor have an historic opportunity and responsibility during this budget process to make New York State a national leader in sustainably and equitably funding its public university systems.

RESOLUTION:
THEREFORE BE IT RESOLVED that the CUNY University Faculty Senate urge the members of the New York State Legislature and Governor Cuomo to support CUNY by funding the following operating budget priorities:

- **Mandatory Cost Increases**: The University’s budget request seeks $93.9 million at the senior colleges for contractually required incremental salary increases, fringe benefit expenses and building rental and energy cost increases.

- **TAP Tuition Credit/TAP Gap Parity**: For students who receive full TAP awards, CUNY is required legally to cap tuition at the TAP award level. This creates a “TAP Gap” for our senior colleges, which will grow to about $85 million in FY2020. CUNY is seeking $20 million per year for the next four years to help close this gap. In addition, colleges with higher percentages of students that receive TAP generate less revenue than those colleges with higher student income levels, and therefore are affected disproportionately by this requirement. The University requests $4.9 million for these specific campuses in order to provide TAP Gap parity.

- **Community College Base Aid - $250 per FTE**: CUNY requests an increase in community college funding by $250 per student FTE. Additional funding generated by this increase would be used to support the strategic goals to bolster student success, as well as keep tuition levels flat.

- **New Full-Time Faculty / Diversifying CUNY’s Faculty**: CUNY requests funding to hire 200 new faculty per year to increase the diversity of its faculty and ensure excellence in teaching and research.

- **College Completion Programs**: The University seeks strategic investments to expand upon proven approaches that advance student academic success and degree completion, including our signature ASAP student success program for associate degree students; its new four-year counterpart, Accelerate, Complete and Engage (ACE), as well as Early College collaborations with the NYC Department of Education.

- **Supporting Needs of Students**: Funding is needed so that students do not become sidetracked in their academic pursuits by issues like food and housing insecurity, transportation costs, unmet mental and physical health needs, the demands of childcare and other basic needs.

- **CUNY Works**: This is a set of integrated, bold new steps to ensure our students are well-positioned to thrive in today’s changing world of work.
CUNY School of Medicine at City College: The establishment of a full medical school requires a significant commitment of resources dedicated to personnel and facilities in order to comply with the requirements of the national accrediting body, the Liaison Committee for Medical Education (LCME). NYS provides $40,000 per student for SUNY medical school students and CUNY is requesting equivalent funding.

THEREFORE BE IT FURTHER RESOLVED that the CUNY University Faculty Senate joins the SUNY Faculty Senate to support a sustainable commitment to fiscal maintenance of effort for SUNY and CUNY, to assure funding for mandatory operating cost increases—such as utilities, building rentals, equipment and supplies, ongoing collective bargaining costs, and tuition increases that widen the TAP gap.

THEREFORE BE IT FURTHER RESOLVED that the CUNY University Faculty Senate urges the members of the New York State Legislature and Governor Cuomo to support CUNY by funding $570 million, for CUNY-Wide Senior Colleges, Capital Infrastructure and Equipment. Funding requested to continue to address deferred maintenance at senior colleges, as identified in CUNY’s State of Good Repair Analyses. CUNY’s state-of-good-repair program aims to undertake the work necessary to keep buildings open and infrastructure operating in support of its educational mission.

THEREFORE BE IT FURTHER RESOLVED that the CUNY University Faculty Senate urges the members of the New York State Legislature and Governor Cuomo to support CUNY by funding our Five-Year Capital Plan for Fiscal Year FY 2019-20 through FY 2023-24 is $6.2 billion: $4.7 billion is for the senior colleges, professional and graduate schools, and $1.5 billion, to be matched by the City of New York, is for the community colleges. Projects originate from CUNY-approved campus master plans and address space deficits on campus.

FINALLY BE IT RESOLVED that the CUNY University Faculty Senate calls on all Senators to share this resolution with their campus governance bodies and work with their Campus Governance Leader and others to pass campus governance body resolutions aligned with ours, which include encouragement of all students, alumni, donors, and current and former workers at their institution to reach out to the Governor and their representatives in the New York State Legislature and, as fellow citizens or residents of New York and/or supporters of public higher education, urge them to enact a budget that truly supports and advances our core academic missions.

  - A resolution that was passed by SUNY UFS for a “new deal” with the NY state governor, stating budget shortfalls, lack of a contract for 2 years, urging for a “true maintenance of effort” from the state and not a “flat budget.”
  - SUNY is going through a comprehensive review and change of their General Education program. A faculty-led review of Gen-Ed has not been done in last 20 years at SUNY.

- Kerin Coughlin (Parliamentarian and member of the Executive Committee) presented proposed changes to the UFS charter. These changes are aimed at increasing UFS’ power to be consulted by CUNY on additional policy matters and more directly (those proposed changes are marked on the attached document below). The presentation was followed by a discussion on the proposed change of language of Article II, section 2. The current language states that members of the senate must include persons “holding a faculty rank.” It is proposed to change the language to “members of the instructional staff.” A subcommittee is now formed including 3 full-time and 3 part-time members of UFS to discuss and make recommendations to UFS on this specific change in the charter.
  - UFS wishes to receive feedback from campuses on these proposed changes.

- Standing Committees did not report to the senate. Their reports are available for review on UFS website.

- The Budget Advisory Committee brought a resolution to the floor that passed, pending minor suggested changes. The resolution (attached) urges the State Legislature to increase CUNY’s budget. The UFS body proposed below changes and additions:
  - Delete the section on “School of Medicine.”
  - Make changes in order to make the language stronger.
  - Ask for $7K for adjunct faculty.
  - Ask for student scholarships.
  - Ask for support for part-time students.

PREAMBLE

The University Faculty Senate is the principal organ of faculty expression and participation in the governance of The City University of New York (CUNY). Composed of elected delegates from each of the autonomous constituent units of the University*, its purposes are to assure that the faculty shares policymaking authority and responsibility with regard to appropriate aspects of University-wide planning and operation, and to provide a channel of reciprocal communication between the faculty and the administration of the University. The Senate complements and supplements, at the University level, the Faculty Councils and other deliberative bodies of the colleges and schools of the University. Its powers and responsibilities do not normally extend to matters falling within the areas of concern of such bodies, but only to matters of University-wide import.

The basic philosophic principle of this Charter is that CUNY, composed of autonomous constituent units under the jurisdiction of the Board of Trustees, is a self-governing community of scholars in which faculty, administration, and students all have legitimate and meaningful roles to play in the achievement of their common goals.

The basic operational principle of this Charter is that, under the Board of Trustees, the University Faculty Senate constitutes the principal decision-making body within the structure of the University with regard to those areas of activity in which the faculty has the primary responsibility; and that in all other areas of faculty interest and concern, the University Faculty Senate constitutes the proper organ for faculty participation in the decision-making processes of the University.

* "Unit" for the purposes of this Charter means the Colleges of the University, the Graduate School and University Center, the Graduate School of Biological Sciences of the Mount Sinai School of Medicine, and the City University School of Law at Queens College.

ARTICLE I--POWERS AND FUNCTIONS

§1. The University Faculty Senate shall be concerned with policies, operations, problems and issues which have University-wide import. The powers and responsibilities of the Senate shall not normally extend to areas or interests which fall exclusively within the domain of the autonomous constituent units of the University.

§2. The University Faculty Senate shall have primary responsibility, under the Board of Trustees, for determining University-wide policies and procedures concerning:

a.) the academic status, role, rights, responsibilities, and freedoms of the faculties; and

b.) University-level educational and instructional matters, and research and scholarly activities of University-wide import.
§3. The Senate shall be fully advised on all matters germane to the programs and operations of the University and shall be routinely consulted on all proposals before the Council of Presidents, the Board of Trustees and other University-wide bodies. All information and materials pertinent to the deliberations of those bodies shall be routinely received by the Senate.

The Senate shall initiate policy recommendations, shall review and comment upon changes in policy initiated by the University's administration, and shall routinely present faculty views to the Council of Presidents, the Board of Trustees, and other University-wide bodies before, as, and after matters of policy are considered and decided.

§4. Through formal procedures, and consonant with the Bylaws of the Board of Trustees, the Senate or its representatives shall in addition participate fully, directly, and at all stages in the making of decisions as described in § 3 above, including those relevant to:

a.) the allocation of monies and other resources for educational objectives, for research and scholarly activities, for the development and maintenance of the physical plant of the University, and for other purposes involved in the operation of the University;

b.) the establishment and location of new units of the University and the appointment of principal administrative officers thereof;

c.) the appointment of the principal administrative officer at existing units of the University;

d.) the appointment and retention of the principal administrative officers at the University level;

e.) the establishment of University-wide academic programs, initiatives and priorities;

f.) the revisions of existing University-wide academic programs;

g.) relations between the University and the local community or between the University and governmental units or agencies; and

h.) the general public relations of the University.

§5. In the event of disagreement between the University Faculty Senate and the University administration or the Board of Trustees, the Senate shall determine what further steps it deems necessary or desirable to protect the interests of the faculty and the University.

Article II -- MEMBERSHIP

§1.

a.) Each unit of the University shall have one representative for each sixty persons, or major proportion thereof, who are full-time faculty eligible to vote at that unit. No delegation shall have fewer than two Senators. Each unit having at least sixty persons who are part-time
members of the instructional staff, as such staff is defined in the Bylaws of the Board of Trustees, as well as those persons holding titles in the CLT series, but excluding those persons identified under Section 3 below, shall collectively have one additional representative. Units which have separate schools that have previously elected their own Senators, and schools which have sixty members of the faculty or a major portion thereof eligible to vote, shall continue to provide such representation within the total delegation. The Senate encourages units that are not entitled to representation under any of the foregoing criteria to delegate one representative with voice but without vote from all eligible faculty.

b.) Faculty eligible to vote shall constitute the electorate for purposes of nominating and electing candidates.

§2. To be a member of the Senate representing the faculty identified under Section 1.a. above, a person must be a member of the instructional staff except as excluded below in Section 3.

§3. No person holding the position of Chancellor, Deputy Chancellor, Vice Chancellor, University Administrator, University Associate Administrator, University Assistant Administrator, President, Provost, Vice President, Assistant Vice President, University Dean, University Associate Dean, University Assistant Dean, Dean, Associate Dean, Assistant Dean, Administrator, Associate Administrator, Assistant Administrator, Research Associate, Research Assistant, Clinical Assistant, Registrar, Associate Registrar, Assistant Registrar, Registrar’s Assistant, Higher Education Officer, Higher Education Associate, Higher Education Assistant, Assistant to Higher Education Officer, Higher Education Intern, Business Manager, Assistant Business Manager, Assistant to Business Manager, or whose duties are predominantly administrative in nature, not directly related to teaching and research, except in the case of department chairs, shall be eligible for election as a Senator.

§4. Senators shall be elected for a term of three (3) years except that each unit of the University shall allocate, if necessary, terms of office to individual Senators in such fashion that, as near as may be possible, one-third of the terms of office of all its Senators shall expire annually.

§5.

a.) During the Fall semester the Senate Office shall notify each of the constituent units of the University as to the number of Senators allocated to that unit’s delegation.

b.) Nominations for Senator shall be made at each constituent unit of the University. Each college, school, or constituent unit of the University having its own faculty deliberative body shall determine its own nominating procedures. Where such a faculty deliberative body does not exist, the University Faculty Senate delegation in consultation with the Executive Committee of the University Faculty Senate shall determine the nominating procedures to be followed.

c.) Elections shall be held at each constituent unit of the University, and each unit shall report the results of its election to the Senate by the penultimate plenary of the Spring semester. Newly elected Senators may attend without vote such plenary sessions of the Senate as may

Comment [KC3]: This proposed addition effects no substantive change, just encourages broader participation in faculty governance.

Comment [KC4]: This proposed revision (replacing "hold faculty rank" with "be a member of the instructional staff") is intended to ensure that adjuncts are eligible to serve on UFS. Under CUNY Bylaws 8.1 and 8.2, “faculty rank” and “faculty status” apply only to full-time employees. However, under CUNY Bylaw 6.1, “instructional staff” include adjuncts and other part-time personnel.

Comment [KC6]: This suggested change (replacing “In the month of October” with “During the Fall semester”) is intended to provide helpful flexibility to UFS, while still giving campuses enough time to prepare for their next elections of Senators.

Comment [KC7]: Propose to omit “during the month of November,” to give campuses flexibility, and to reflect the realities that (i) there is no need for campuses to solicit nominations in November because Senators’ terms do not begin until the last plenary of the Spring semester; and (ii) at least some (if not many/most/all) campuses do not solicit nominations in November, with no negative result.

Comment [KC8]: The suggested edits in this paragraph (c) are intended: (i) to give campuses freedom to conduct elections as they see fit, so long as they identify their Senators by the plenary immediately before the May plenary, when those Senators’ terms will begin; (ii) to reflect the realities on timing of elections referenced regarding paragraph (b) above; (iii) to recognize that it is neither necessary nor realistic to require new Senators whose terms have not started to attend plenaries, when they cannot vote; and (iv) provide for the possibility that what we generally call the “May plenary,” at which Senators’ terms begin and officers are elected, could occur outside the month of May.

Deleted: Visiting Professor, Visiting Associate Professor, Visiting Assistant Professor.

Deleted: In the month of October

occur before the final plenary meeting of the Senate of the academic year, which generally takes place in May (the "May plenary meeting"). Elected Senators shall take office officially at the May plenary meeting and serve through the day prior to the May plenary meeting of the year ending their stipulated term of office.

d.) The Senate shall be the judge of the elections, returns, and qualifications of its own members.

e,) Each college shall elect annually Alternate(s) to fill vacancies in their constituent unit's regular Senate delegation as they may occur. Alternates may attend meetings of the Senate with voice but without vote. In the absence of a member of the Alternate's delegation an Alternate may vote. A Senator who resigns or vacates his or her position, prior to termination of incumbency, shall be replaced, until the next regular unit-wide election, by an Alternate.

f.) A Senator may be removed from office by means of the following procedure: (1) a petition to recall, signed by sixty of the members of the electorate or one-third of the electorate, whichever is less, is submitted to the University Faculty Senate delegation of the Senator's constituent unit, and to the Executive Committee of the Senate; and (2) a recall referendum is scheduled within two weeks of the submission to the University Faculty Senate delegation in the Senator's constituent unit and to the Executive Committee of the Senate of the petition to recall. A Senator will be deemed to have been removed from office if, in the recall referendum, a majority of voters vote to recall. If a Senator is recalled, that Senator may be replaced, until the next regular unit-wide election, by an Alternate, or a new unit-wide election may be scheduled to choose a replacement. No Senator who is recalled shall be prohibited from standing for re-election.

§6. Professional Staff Congress of CUNY (PSC-CUNY) shall be invited to send a representative to plenary sessions of the Senate to participate with voice but without vote.

§7. The Chancellor of the University shall be an ex-officio member of the Senate, with voice but without vote.

§8. Each delegation to the Senate shall designate one member of its delegation as liaison with its faculty council or appropriate deliberative body.

ARTICLE III -- MEETINGS

§1. The Senate shall conduct elections and do other organizing business as appropriate for the following academic year during the May plenary meeting.

§2. The Senate shall hold regular meetings at least twice in the Fall semester and twice in the Spring semester of each academic year, the first Fall meeting to be held no later than October 15. §6. The right to vote at meetings of the Senate and the right to hold office shall be limited to all duly elected Senators and Alternates (See Article II, Section 5) whose terms of office have not expired. In those cases where a college or constituent unit of the University has failed to re-elect or replace a Senator whose term of office has expired, the Senator shall continue to serve with the right to vote and hold office until duly re-elected or replaced, but such service shall not continue later than the following June 1st.

The Vice Chair shall not be a Senator from the same college or school as the Chair. In the absence of the Chair, the Vice Chair shall fulfill the duties of the Chair.

RESOLUTION
CUNY University Faculty Senate
Draft for Review by BAC – Version 4

WHEREAS since its founding, CUNY has served as a vehicle of upward mobility for all New Yorkers, including those from low-income families, underrepresented groups and immigrant communities. CUNY’s diverse faculty provides quality instruction, workforce training and research in the broad and ever-expanding domains of knowledge that prepare them for successful futures. The University has conferred more than 1.3 million degrees in the past 45 years, and surveys indicate that more than three-quarters of its graduates remain in the city. CUNY colleges account for more than a third of the business and finance degrees awarded by New York City institutions, about one-third of the city’s public school teachers and a high percentage of the nurses and health and science technicians employed by local medical facilities. The University produces hundreds of computer scientists and engineering professionals each year, and those numbers have risen sharply in the last five years, and

WHEREAS the funding of the core operating budgets for SUNY and CUNY has increasingly relied over the last decade on tuition and fees, which—while New York’s neediest students have been protected due to the generous Tuition Assistance Program (TAP), SUNY/CUNY Supplemental TAP Awards, and the first-in-the-nation Excelsior Scholarship Program—has exacerbated both financial pressure on students and their families and the student-debt crisis in New York, despite SUNY and CUNY having among the lowest tuition and fees in the nation, and

WHEREAS a large portion of CUNY’s 27 million square feet of owned space is at least half a century old. Investments are needed to extend the life of facilities, meet safety and code requirements, improve energy conservation and support academic programs and services, and

WHEREAS the Legislature and Governor have an historic opportunity and responsibility during this budget process to make New York State a national leader in sustainably and equitably funding its public university systems.

RESOLUTION:
**THEREFORE BE IT RESOLVED** that the CUNY University Faculty Senate urge the members of the New York State Legislature and Governor Cuomo to support CUNY by funding the following operating budget priorities:

- **Mandatory Cost Increases:** The University’s budget request seeks $93.9 million at the senior colleges for contractually required incremental salary increases, fringe benefit expenses and building rental and energy cost increases.

- **TAP Tuition Credit/TAP Gap Parity:** For students who receive full TAP awards, CUNY is required legally to cap tuition at the TAP award level. This creates a “TAP Gap” for our senior colleges, which will grow to about $85 million in FY2020. CUNY is seeking $20 million per year for the next four years to help close this gap. In addition, colleges with higher percentages of students that receive TAP generate less revenue than those colleges with higher student income levels, and therefore are affected disproportionately by this requirement. The University requests $4.9 million for these specific campuses in order to provide TAP Gap parity.

- **Community College Base Aid - $250 per FTE:** CUNY requests an increase in community college funding by $250 per student FTE. Additional funding generated by this increase would be used to support the strategic goals to bolster student success, as well as keep tuition levels flat.

- **New Full-Time Faculty / Diversifying CUNY’s Faculty:** CUNY requests funding to hire 200 new faculty per year to increase the diversity of its faculty and ensure excellence in teaching and research.

- **College Completion Programs:** The University seeks strategic investments to expand upon proven approaches that advance student academic success and degree completion, including our signature ASAP student success program for associate degree students; its new four-year counterpart, Accelerate, Complete and Engage (ACE), as well as Early College collaborations with the NYC Department of Education.

- **Supporting Needs of Students:** Funding is needed so that students do not become sidetracked in their academic pursuits by issues like food and housing insecurity, transportation costs, unmet mental and physical health needs, the demands of childcare and other basic needs.

- **CUNY Works:** This is a set of integrated, bold new steps to ensure our students are well-positioned to thrive in today’s changing world of work.
• **CUNY School of Medicine at City College:** The establishment of a full medical school requires a significant commitment of resources dedicated to personnel and facilities in order to comply with the requirements of the national accrediting body, the Liaison Committee for Medical Education (LCME). NYS provides $40,000 per student for SUNY medical school students and CUNY is requesting equivalent funding.

**THEREFORE BE IT FURTHER RESOLVED** that the CUNY University Faculty Senate joins the SUNY Faculty Senate to support a sustainable commitment to fiscal maintenance of effort for SUNY and CUNY, to assure funding for mandatory operating cost increases—such as utilities, building rentals, equipment and supplies, ongoing collective bargaining costs, and tuition increases that widen the TAP gap.

**THEREFORE BE IT FURTHER RESOLVED** that the CUNY University Faculty Senate urges the members of the New York State Legislature and Governor Cuomo to support CUNY by funding **$570 million**, for **CUNY-Wide Senior Colleges, Capital Infrastructure and Equipment**. Funding requested to continue to address deferred maintenance at senior colleges, as identified in CUNY’s State of Good Repair Analyses. CUNY’s state-of-good-repair program aims to undertake the work necessary to keep buildings open and infrastructure operating in support of its educational mission.

**THEREFORE BE IT FURTHER RESOLVED** that the CUNY University Faculty Senate urges the members of the New York State Legislature and Governor Cuomo to support CUNY by funding our **Five-Year Capital Plan** for Fiscal Year FY 2019-20 through FY 2023-24 is $6.2 billion: $4.7 billion is for the senior colleges, professional and graduate schools, and $1.5 billion, to be matched by the City of New York, is for the community colleges. Projects originate from CUNY-approved campus master plans and address space deficits on campus.

**FINALLY BE IT RESOLVED** that the CUNY University Faculty Senate calls on all Senators to share this resolution with their campus governance bodies and work with their Campus Governance Leader and others to pass campus governance body resolutions aligned with ours, which include encouragement of all students, alumni, donors, and current and former workers at their institution to reach out to the Governor and their representatives in the New York State Legislature and, as fellow citizens or residents of New York and/or supporters of public higher education, urge them to enact a budget that truly supports and advances our core academic missions.

PREAMBLE

The University Faculty Senate is the principal organ of faculty expression and participation in the governance of The City University of New York (CUNY). Composed of elected delegates from each of the autonomous constituent units of the University, its purposes are to assure that the faculty shares policymaking authority and responsibility with regard to appropriate aspects of University-wide planning and operation, and to provide a channel of reciprocal communication between the faculty and the administration of the University. The Senate complements and supplements, at the University level, the Faculty Councils and other deliberative bodies of the colleges and schools of the University. Its powers and responsibilities do not normally extend to matters falling within the areas of concern of such bodies, but only to matters of University-wide import.

The basic philosophic principle of this Charter is that CUNY, composed of autonomous constituent units under the jurisdiction of the Board of Trustees, is a self-governing community of scholars in which faculty, administration, and students all have legitimate and meaningful roles to play in the achievement of their common goals.

The basic operational principle of this Charter is that, under the Board of Trustees, the University Faculty Senate constitutes the principal decision making body within the structure of the University with regard to those areas of activity in which the faculty has the primary responsibility; and that in all other areas of faculty interest and concern, the University Faculty Senate constitutes the proper organ for faculty participation in the decision-making processes of the University.

* "Unit" for the purposes of this Charter means the Colleges of the University, the Graduate School and University Center, the Graduate School of Biological Sciences of the Mount Sinai School of Medicine, and The City University School of Law at Queens College.

ARTICLE I--POWERS AND FUNCTIONS

§1. The University Faculty Senate shall be concerned with policies, operations, problems and issues which have University-wide import. The powers and responsibilities of the Senate shall not normally extend to areas or interests which fall exclusively within the domain of the autonomous constituent units of the University.

§2. The University Faculty Senate shall have primary responsibility, under the Board of Trustees, for determining University-wide policies and procedures concerning:

a.) the academic status, role, rights, responsibilities, and freedoms of the faculties; and

b.) University-level educational and instructional matters, and research and scholarly activities of University-wide import.
§3. The Senate shall be fully advised on all matters germane to the programs and operations of the University and shall be routinely consulted on all proposals before the Council of Presidents, the Board of Trustees and other University-wide bodies. All information and materials pertinent to the deliberations of those bodies shall be routinely received by the Senate.

The Senate shall initiate policy recommendations, shall review and comment upon changes in policy initiated by the University's administration, and shall routinely present faculty views to the Council of Presidents, the Board of Trustees, and other University-wide bodies before, as, and after matters of policy are considered and decided.

§4. Through formal procedures, and consonant with the Bylaws of the Board of Trustees, the Senate or its representatives shall in addition participate fully, directly, and at all stages in the making of decisions as described in § 3 above, including those relevant to:

a.) the allocation of monies and other resources for educational objectives, for research and scholarly activities, for the development and maintenance of the physical plant of the University, and for other purposes involved in the operation of the University;

b.) the establishment and location of new units of the University and the appointment of principal administrative officers thereof;

c.) the appointment of the principal administrative officer at existing units of the University;

d.) the appointment and retention of the principal administrative officers at the University level;

e.) the establishment of University-wide academic programs, initiatives and priorities;

f.) the revisions of existing University-wide academic programs;

g.) relations between the University and the local community or between the University and governmental units or agencies; and

h.) the general public relations of the University.

§5. In the event of disagreement between the University Faculty Senate and the University administration or the Board of Trustees, the Senate shall determine what further steps it deems necessary or desirable to protect the interests of the faculty and the University.

Article II -- MEMBERSHIP

members of the instructional staff, as such staff is defined in the Bylaws of the Board of Trustees, as well as those persons holding titles in the CLT series, but excluding those persons identified under Section 3 below, shall collectively have one additional representative. Units which have separate schools that have previously elected their own Senators, and schools which have sixty members of the faculty or a major portion thereof eligible to vote, shall continue to provide such representation within the total delegation. The Senate encourages units that are not entitled to representation under any of the foregoing criteria to delegate one representative with voice but without vote from all eligible faculty.

b.) Faculty eligible to vote shall constitute the electorate for purposes of nominating and electing candidates.

§2. To be a member of the Senate representing the faculty identified under Section 1.a. above, a person must be a member of the instructional staff except as excluded below in Section 3.

§4. Senators shall be elected for a term of three (3) years except that each unit of the University shall allocate, if necessary, terms of office to individual Senators in such fashion that, as near as may be possible, one-third of the terms of office of all its Senators shall expire annually.

§5.

a.) During the Fall semester, the Senate Office shall notify each of the constituent units of the University as to the number of Senators allocated to that unit's delegation.

b.) Nominations for Senator shall be made at each constituent unit of the University. Each college, school, or constituent unit of the University having its own faculty deliberative body shall determine its own nominating procedures. No Senator who is recalled shall be prohibited from standing for re-election.

§6. **Professional Staff Congress of CUNY (PSC-CUNY)** shall be invited to send a representative to plenary sessions of the Senate to participate with voice but without vote.

Meeting of the Student Activities Committee
Friday, February 22, 2019
Roscoe Brown Student Center, room 305
1:00 – 2:00 p.m.

Attendees: Adijat Adebola, Quiana Berry, Anthony Cuevas, Manny Lopez (convener), Ryan McCarthy, Jasmina Sinanovic, Carolina Valenzuela

Meeting was called to order at 1:07 p.m.

Meeting dates, times, and location for spring 2019 are as follows:

- February 22 at 1 pm, BC room 305
- March 22 at 1 pm, BC room 305
- April 12 at 1 pm, BC room 305

We commenced the meeting with the goal of determine what can be done to increase and foster school pride and college culture amongst the students, faculty and staff.

A discussion ensued about various matters related to school culture and pride. Following are the two themes that emerged:

- **When events take place:**
  - Most out-of-classroom activities take place during 12-2 pm on Thursdays which causes various challenges including resource allocation. What activities can be successfully implemented on days and times other than Thursdays?

- **Communications:**
  - Communications with the college community via broadcast is basic text and uninteresting. Can images and color be embedded in the body of the email – not just as an attachment or a link to flyers?
  - Is it possible to send broadcast correspondence in both English and Spanish (or the next dominant language spoken by members of this community)?
  - How can communications between adjunct faculty and students be more effective?
Meeting of the Student Activities Committee  
Friday, February 22, 2019  
Roscoe Brown Student Center, room 305  
1:00 – 2:00 p.m.

Based on the themes that emerged, next steps for the committee members is to 1) determine what are all the ways in which employees communicate with students, 2) determine what are all the ways in which students communicate with employees, 3) determine what school spirit activities take place at the college that can be fostered.

Last semester the student activities committee launched a campaign to engage the college community in an effort to name the BCC mascot. The name that was won is BRUNO. The BCC mascot’s name is Bruno the Bronco.

The meeting adjourned at 2:14 p.m.

Recorder: Adijat Adebola,
A meeting of senate committee officers was held on Feb. 14, 2019.

Several items were discussed and proposed for improving the way we do business:

1. Centralize room reservations and calendar posting for all governance.
2. Centralize posting of agendas, officer info and membership on website.
3. Organize and update the archives and link web pages to it properly.
4. Figure out what to do with paper ballots other printed materials that need archiving.
5. Create a transition guide for governance.
6. Establish annual meeting of governance committee officers.
7. Set up bi-annual training for new senators/committee members.

Franklin Moore (Senate Chair) and Roni Ben-Nun (Faculty Council Chair) will be meeting with the administration to follow up on this and will be reporting back to the senate.
