1. **Call to Order:** 2:05 P.M., meeting called to order by S. Powers. The meeting was recorded.
2. **Approval of the April 22, 2020, minutes:** The minutes from the 4/22/2020 minutes were approved unanimously by the 16 members present who were at that meeting.
3. **Student Appeals:** (attached) S. Skelt presented the appeals report. Eleven appeals were heard, 10 were approved and one was denied. Additional information will be requested for the denied appealed. The appeals were approved with fifteen in favor and two abstentions (*W. Roczniak and A. Afful*).
4. **College Now Grades:** Tabled until Fall 2020.
5. **Revision of minimum 2.0 GPA for online courses proposal:** Tabled until Fall 2020.
6. **CR/NC:** A. Ott updated on the new CR/NC policy established by CUNY during the current pandemic. The "form" is now available for students on CUNYFirst in the Student Center. It is also available for winter courses. The deadline to submit the change by students is 6/25 (students who miss the deadline and want to make the CR/NC change will have to request the change). The four allied health programs are the ones that CR/NC may impact and those students are being encouraged to take the letter grade instead of CR/NC. Those four allied health programs have determined that a course taken this semester unsuccessfully will not be counted as an "attempt" so will not count against the student. Questions were asked and answered. A. Ott noted he is available to answer questions.
7. **Graduation:** Sixteen members present voted to grant the Registrar the right to graduate those students eligible for spring and summer 2020 graduation (See 11.4.1 in the Academic Rules and Regulations). (*Abstention from A. Afful*).
8. **Adjournment:** 2:37 P.M.

The first meeting of the fall semester is scheduled for September 9, 2020, from 2-4 p.m. Additional fall semester meetings are scheduled for September 23, October 28 (not 10/14 as classes follow a Monday schedule), November 11(not 11/25 as classes follow a Friday schedule), and December 9. Meetings are held on the 2nd and 4th Wednesday of the month.

Respectfully Submitted,

Teresa A. Fisher, Recording Secretary

**Proposed Changes to Academic Policy re Enrollment in Online/Hybrid
Revised Options
4/1/20**

Context: As several departments that offer hybrid and asynchronous sections reported low enrollment and cancelled sections, a CAS review and possible action was requested. Per conversation at CAS this semester, it is clear that there is departmental opposition to eliminating all GPA minimums for fully online courses. Most departments that offer asynchronous sections reported a desire to retain at least some limitation on enrollment in on-line courses. The proposal seeks to allow proficient new students to register, and those students who are not in good academic standing would have limited registration options.

Proposed: Eliminate 2.0 minimum GPA requirement for hybrid, allowing all eligible students to register in these sections; retain it for fully online with an exception for proficient new students.

Proposed: Revise BCC academic policy regarding minimum GPA to take online/hybrid courses by eliminating the GPA requirement for hybrid, retaining the 2.0 minimum for fully online courses only. Allow new students with no GPA who are CUNY proficient in English/math to enroll in fully online.

This proposal would result in the following:

- (1) Hybrid would now be open to all students, including students with GPA <2.0 and first time freshmen/transfers, who have no GPA, and
- (2) fully online would remain closed to students with GPA <2.0 and first-time freshmen/transfers, who have no GPA unless they are found CUNY proficient in English and math. The proposed new language also makes the appeal option explicit.

Students registering in <u>fully</u> online courses must have a minimum GPA of 2.0. <u>New students with no GPA may register for fully online if they are CUNY proficient in English and math. Effective Semester: Spring 2020?

Rationale: Remote learning is increasingly common in higher education, even before the COVID-19 pandemic. Remote learning modalities (hybrid and fully online) allow BCC students, many of whom have extensive work and family commitments, to pursue their education with more schedule flexibility. This revised policy will improve access opportunities for BCC students, including new students who have demonstrated no developmental need. Additionally, it moves BCC closer to the most common policy in CUNY community colleges: no GPA minimums for online/hybrid (only one peer in CUNY has minimum GPA requirements for hybrid/online). Making the appeal option explicit is important because students who wish to enroll in a fully online course should be aware that such an appeal is possible.
