GSUC ARCHIVES V-D

PRESIDENTS FILES

KELLY

Note: The paper records of Kelly's presidency are few and somewhat scattered, partly because he preferred to use the newly available means of information and communications technology, and partly because his personal preference was to speak extemporaneously, mostly even without notes. The Archives contains those gathered over several months by Kelly's executive assistant, Marilyn Marzolf, and her assistants, whose efforts are gratefully acknowledged. Despite their paucity the archival arrangement of these papers follows that of his predecessors as far as possible. It is important to note, also, that Kelly served for many years as provost and vice president under President Horowitz, and records of his activities in those roles may be found in the Horowitz record group (V-C).
