Students Fight For Social Justice... The Struggle Continues.
Candle of Faith

In this sick world of hatred
And violence and sin.
Where men renounce morals
And reject discipline,
We stumble in "darkness"
Groping vainly for "light"
To distinguish the difference
Between wrong and right.
But dawn cannot follow
This night of despair
Unless faith lights a candle
In all hearts everywhere
And warmed by the glow
Our hate melts away
And love lights the path
To a peaceful, new day.

by Helen Steiner Rice
TIANANMEN SQUARE

On April 18, 1989, Chinese College students occupied Tiananmen Square in a non-violent demonstration. They were voicing their opposition to the Chinese Communist regime and demanded that there be democratic reform. The students occupied Tiananmen Square until June 4, 1989 when troops were called in to stop the demonstrations. Although the first troops were sent on May 20, many were sympathetic to the students. The soldiers who were sent on June 4, were not. They fired indiscriminately into crowds killing hundreds, if not thousands, of unarmed students. The troops went on a murderous rampage for the next several days and shot at anyone who stood in their way. Shocking pictures showed people being crushed by armored tanks. The students demonstrations were savagely ended and persecution went on for a long time. It is estimated that there are thousand of students who are incarcerated awaiting trial. At first the world looked on in hope, then in horror as we saw the inhumanity of the soldiers and the leaders who commanded them.

We dedicated this book to those students who made the supreme sacrifice in the name of freedom and democracy.
1989 - John Cougar Mellencamp sang in 1987: "When the walls, come tumblin' tumblin', tumblin' tumblin', downn..." Two years later the walls came tumbling down all over the world. On November 9, East Germany, one of the most hard-line Communist regimes in Eastern Europe, lifted restrictions on travel and immigration by its citizens to West Germany. In one of the year’s most emotional scenes, East and West Germans stood side by side and tried, literally, to tear down the 28 year old Berlin Wall.

More than just walls tumbled in San Francisco on October 17th. An earthquake, measuring 7.1 on the Richter scale, shook most of Northern California, causing more than $7 billion worth of damage and killing more than 60 people. Among the most memorable scenes was that of a 250 ton upper section of Interstate 880 collapsing onto the lower section, crushing and killing more than 41 unsuspecting people in their cars.

In March, the Exxon Valdez, a fully loaded oil tanker ran around 25 miles away from a major shipping port in Alaska, spilling 11 million gallons of oil into the Prince William Sound. Thousands of helpless fish and animals were killed.

In September, Hurricane Hugo ripped through the Caribbean Islands, bringing with it 155 mile per hour winds. Among the hardest hit were Monserrat, the U.S. Virgin Islands and Puerto Rico. Tens of thousands were left homeless.

Beijing, China — What began as a peaceful pro-democracy student demonstration in April soon became a horror-show. In the early morning hours of June 4th, government troops stormed Tiananmen Square and blazed a path of death and destruction. Tanks and troops fired at will into groups of unarmed students, killing several hundred and injuring thousands. Millions around the world were horrified as they watched the unforgettable scene of a lone student standing defiantly before a column of army tanks.
Highly publicized court cases were in the news in 1989. Among the guilty were: Joel Steinberg (death penalty not good enough), for murdering his six year old illegally adopted daughter Lisa; Lieutenant Colonel Oliver North, convicted for his role in the Iran/Contra affair (and his strings never even tangled); TV Evangelist Jim Bakker (straight jacket and all), on 24 counts of fraud and conspiracy; Billionaireess, Hotel Queen Leona Helmsley, of income tax evasion. Her husband, billionaire Harry Helmsley was declared incompetent to stand trial (Hah! He got to sit back and watch his wife take the heat for their mistakes.

In 1989 we mourned the death of many famous and infamous people. Comedian Gilda Radner fought hard, but succumbed to cancer in May; Mel Blanc, the voice of Bugs Bunny and many other cartoon characters, also passed on. Three of the entertainment world’s most accomplished actors, Sir Laurence Olivier, John Cassavetes and Bette Davis died.

Iran’s spiritual leader, Ayatollah Ruhollah Khomeini died after a lengthy illness. Thousands of Iranians showed their emotions in the streets of Tehran by grabbing at his casket, and tearing the shroud from his body. Jazz musician Billy Tipton died in January. The renowned pianist and saxophonist became the talk of the music industry following his death when it was discovered that he, although he had a wife and children, was actually a woman.

The sports community mourned the losses of boxer Sugar Ray Robinson, Baseball Commissioner A. Bartlett Giamatti and former Yankee manager Billy Martin.

And last, but certainly not least, we bid a sad farewell to America’s favorite red head, Lucille Ball. "We love you, Lucy."
ENTERTAINMENT

-The top ten movie money-makers of 1989 made a combined total of $1,309,300,000. Leading the way, of course was "Batman" at $251.2 million. -Pop star Madonna was linked to Sean Penn (her ex-husband), Comedian Sandra Bernhardt (?) and actor (and current lover) Warren Beatty. Madonna was not, however, linked to Pepsi very long. Her commercial for the soft drink was pulled from the air after only one viewing, when Pepsi decided her risque religious imagery was too offensive. However, the ink on her $5 million dollar pay check had already dried. -The Rolling Stones gathered no moss, but raked in the dollar pay check had already dried.

CONGRATS TO . . . "Rain Main" and its star Dustin Hoffman, the Oscar winners for Best Picture and Best Actor, Jodie Foster, who returned to the screen as a rape victim in "The Accused," and walked away with Best Actress honors; Bobby McFerrin, who scored the #1 song of the year with "Don't Worry, Be Happy."

WHO WAS NOT??

SPORTS

-The Oakland A's treated the San Francisco Giants similarly to the way the earthquake treated the Bay area. A four game sweep (interrupted prior to game four) only added injury to the Giants insult. -The San Francisco 49ers secured their place in National Football League history by defeating the Cincinnati Bengals for their third Super Bowl victory of the 1980's. -The Detroit Pistons won their first National Basketball League championship by sweeping the Los Angeles Lakers in four straight games, ending the Laker dynasty of the 80's. -College football saw the return of the Notre Dame "Fighting Irish" to college football prominence.

SPORTS BITS: Cincinnati Reds manager, and all-time baseball great, Pete Rose was suspended for life when he allegedly bet on Reds games; Mets pitcher Doc Gooden signed a three year contract, paying him an average of $9,700 per inning (based on 1988 stats); Canadian Olympic track star, Ben Johnson, was stripped of the Gold Medal he had won in the 100 meter dash when he tested positive for using anabolic steroids; Texas Rangers pitcher Nolan Ryan recorded his 5000th career strikeout, a truly amazing feat for a 42 year old.

WHY ISN'T THIS MAN SMILING?
There are 251 million reasons why he should be!
Shortly after the Alvin Ailey Dance Company gave a performance our Theatre in January of 1989, Mr. Ailey passed away of a rare blood disorder. Known as a choreographer, dancer and director, he was at the forefront of modern dance in America.
No Alvin Ailey performance can be thought of as complete without a performance of "Revelations," their signature piece. It was this showstopping dance which helped to make the finale an unforgettable event.

African American History Month

The Student Activities Department sponsored Akyene Baako on February 15, 1989 in celebration of African-American History Month. They are an African Folk Music ensemble with Caribbean, Hispanic, Brazilian and European-American influences.

The music has messages which are based on stories or folklore. The songs are sung in African or Pidgin English. The music draws inspiration from the cultural heritage of Africa. The songs are informative as well as entertaining since they make comments about society and the deeds and misdeeds of individuals.

The instruments that were used were mostly hand made. One of the members of the group wore a hand woven hat from Northern Ghana. The hat was used to shield the sun while working in the fields.

1890's
Last Decade of
the 19th Century

The Importance of the 1890's in Accordance to the Future.

The 1890's. The last decade of the 19th century brought the U.S. great events that became part of our history. The country, at least for a portion of the decade, was not involved in war, and though in 1893 a major depression plummeted the prices on the New York Stock Exchange, it prospered economically the following years. The 1890's was the dawning of the technological age . . . moving pictures . . . horseless carriages . . . and long distance telephone services. And the U.S. grew, with Idaho and Wyoming becoming the first two states in the 1890's to join the U.S.

It is curious that in our "modern" times the general approach of life, at least to some people, is the "getting back to basics" schema . . . save the earth . . . preserve (the already destroyed) ozone layer . . . recycle and so forth. During the 1890's this country was blessed with beautiful meadows, woods, clean rivers and fresh air. Today mankind has destroyed all these things with its factories, which pollute both the air and water, and long range construction that has destroyed many forests and woods. Mankind has managed in less than 150 years to destroy most of nature's beauty.

Main Events that Took Place The Last Decade of the 19th Century.

1890's Events:
- Idaho and Wyoming become the 43rd and 44th states of the United States.
- First moving picture, "The Picture of Dorian Gray," by Oscar Wilde, was viewed in N.Y.
- Sitting Bull was captured and killed
- Widespread famine in Russia
- Earthquake in Japan kills 10,000 people
- Ellis Island opens as a receiving station for all immigrants entering N.Y. via Atlantic
- First Horseless Carriage presented at a Barnum and Bailey season opening at Madison Square Garden
- Grover Cleveland elected President (1892)
1990: The Year in Review

Good News:
- Ellis Island Reopens
- Nelson Mandela is freed after 27 years in jail
- East and West Germany officially unite
- Bugs Bunny turns 50
- New York Giants won Superbowl
- Cincinnati Reds won the World Series

Bad News:
- Saddam Hussein of Iraq
- Federal deficit, budget cuts, layoffs
- C.D.C. ruling, Haitians aren't allowed to donate blood - suspected link to the AIDS virus

Sports '90:
- Detroit Pistons win 2nd straight N.B.A title defeating Portland in 5.
- Notre Dame wins college Football National Championship.
- Martina Navratalova wins record 9th Wimbledon Championship.
- Edmonton Oilers win Stanley Cup without Wayne Gretzky.
- Edberg wins Wimbledon over Becker.
- U.N.L.V. wins N.C.A.A. title and is suspended from next year's Championship...and that decision is revoked... (Will you guys make up your minds?)

1990 New Beginning for the Last Decade of the 20th Century
(Has we really reached the most glamorous life?)

As the beginning year of the last decade of the twentieth century sets in, we come to notice that the world is filled with extremes of hope, as well as despair. Threats of global conflict arise from the Middle East. In Europe we have seen the emergence of a new unified Germany. On our American homefront, people open their eyes and realize that the American dream has become most difficult to turn to reality. Our children, future leaders, fall prey to multiple diseases of our country. Each day brings a tragic episode to our lives, children are being influenced by drugs in their own school playgrounds, AIDS is a national widespread disease which is incurable, and crime has become part of the American life. We, the American people, can never go back to the 1890's; so we, instead, try to improve or salvage what we have left in the world. No matter how hard we try to clean up this world, there will always be something keeping us from that goal, be it war or drugs. These are things that, until we learn to control and behave ourselves, will always be major problems.

LaGuardia Community College Picks for 1990:

Best Movie:
- Ghost
- Goodfellas

T.V. Shows:
- The Simpsons
- In Living Color

Sex Symbols:
- Kevin Costner
- Mel Gibson
- Julia Roberts
- Madonna

The Songs:
- Madonna's - "Vogue" and M.C. Hammers - "U Can't Touch This"

Best Pic for Automotive Excellence (Radicle Hot Car!):
- The Lamborghini Diablo

A Few of the Headlines you might have missed:
- "Termites Ate My Wooden Leg"
- "Vampires Linked to AIDS!"
- Evidence Points to Shocking Fact...
- Dracula was Gay!" (Has anyone contacted the C.D.C. about this?)

Desiderata

Go placidly amid the noise and the haste, and remember what peace there may be in silence. As far as possible, without surrender, be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even to the dull and ignorant; they too have their story. Avoid loud and aggressive persons; they are vexatious to the spirit. If you compare yourself with others, you may become vain or bitter, for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs, for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals, and everywhere life is full of heroism. Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment, it is as perennial as the grass. Take kindly to the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with dark imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be. And whatever your labors and aspirations, in the noisy confusion of life, keep peace in your soul. With all its shame, drudgery and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy.
I think it is foremost, that you use the education you attain here at LaGuardia to promote yourselves to meaningful jobs and even further education. LaGuardia should be a firm stepping stone from which you launch your professional careers and realize your dreams of personal fulfillment. Given the economic climate in which we live, it is understandable that you seek employment to cope with the many demands that are placed on you. Do not allow yourselves, however, to become so self-satisfied with your first job that you treat your LaGuardia experience as a golden beginning.

Just think for a moment that throughout your professional lives you are likely to change not only your jobs but, more importantly, your careers. What type of education will best prepare you for such eventualities? In my view, an education that provides a broad base will ensure the flexibility of moving smoothly from one career to another. It is a sobering thought that the 21st century in which you will spend most of your life promises to be a time of sweeping technological changes. Star Wars type technology will, of course be the norm. Given that I didn’t know what a computer was when I graduated from college in 1956, and the fact that the 21st century is only nine years away, I fully appreciate the dizzying speed with which knowledge is changing.

Without a broad-based education to equip you for these dramatic developments, you are likely to be lost. Jobs that we have come to expect and rely on for our livelihood today will be obsolete in the next 10 to 20 years. It is essential, therefore, that you make a concerted effort to keep abreast of developments through a life-long educational pursuit.

My best wishes for your continued professional growth!

— President Raymond C. Bowen

Dear 1989-90 Graduates,

We, the Yearbook Committee, have put a lot of time and effort into bringing you this book to commemorate the time that you have spent at LaGuardia Community College. This book has been dedicated to provide you with all the events that took place.

This book is part of your life. A remembrance of all the good and bad time spent with your friends. Cherish and appreciate all the work that has gone into this book. We hope you enjoy this masterpiece; we sure have.

We thank you for your support. No! Seriously. We thank you for your patience and we hope you enjoy going through it as much as we enjoyed all the heavy work, time and effort we put into this book. Take good care of it. After all, you have waited a long time for it to go from our hands into yours.

Sincerely,

The Yearbook Committee
