REQUIREMENTS FOR BACCALAUREATE DEGREES

John Jay College of Criminal Justice candidates for the baccalaureate degree (Bachelor of Arts or Bachelor of Science) must complete at least 120 credits, composed of the general education requirements, a major and electives (no more than 4 credits of physical education activities courses may be applied in this last category). To receive a baccalaureate degree from John Jay College, students must complete at least 30 credits of coursework in residence and at least 50 percent of their majors at the College.

Any student may complete a dual major where such a major exists among departments and programs. Baccalaureate candidates may also complete an optional minor or one of the special programs offered by the College.

BACCALAUREATE DEGREE
GENERAL EDUCATION REQUIREMENTS

Exposure to the liberal arts and sciences helps create well-rounded individuals who can communicate with people in different scholarly communities and can understand problems outside their specialized area of study. By promoting the integration, synthesis and application of knowledge, general education provides individuals with an awareness of their role in a diverse culture and highlights their responsibilities to the larger community.

Candidates for the baccalaureate degree must complete 44-60 credits in general education. The number of credits is dependent upon exemptions. Students are encouraged to complete the English, mathematics and speech requirements within the first 30 credits of coursework. Students who do not complete these requirements within the first 60 credits will not be permitted to register for further coursework until these requirements have been fulfilled.

Please note: In accordance with the CUNY Board of Trustees Transfer Policy, students who have earned an Associate of Arts degree (AA) or an Associate of Science degree (AS) from a CUNY college will be deemed to have automatically fulfilled the lower division general education requirements for the baccalaureate degree. Students may, however, still be required to complete one additional course in a discipline required by John Jay College that was not part of the student’s associate degree program. Students who have earned an Associate of Applied Science degree (AAS) from a CUNY college will have their general education courses applied on a discipline-by-discipline basis to John Jay College’s lower division general education requirements. Students must fulfill all requirements for courses.

Students are advised to complete the required courses in history, literature, philosophy, ethnic studies and the social sciences (several are prerequisites for certain majors) within the first 60 credits. All remaining general education requirements should be completed within the first 96 credits or by the conclusion of the student's junior year.

**Students must enroll in ENG 101 or ENGS 095 in their first semester at the College, except for those who are required to take remedial or developmental work in writing. All students must pass ENG 101 or ENGS 095 before registering for ENG 201 (formerly English 102).**

Placement in the required English and mathematics courses is based upon results achieved on the CUNY Assessment Tests and upon assessments by the Department of English and the Department of Mathematics and Computer Science. For information about the CUNY Assessment Tests, see Chapter 5, Admission and Registration.

**Note:** Students with a strong mathematics or science background without an exemption may satisfy the general education science requirement with two laboratory-based science courses such as BIO 103-104, CHE 103-104, PHY 101-102, PHY 203-204, or the equivalent, with permission of the Department of Sciences. 1 Exemption from the speech requirement is granted by the Department of Communication and Theatre Arts based on extensive job-related public or small group speaking experience. Apply at the department when classes are in session. Students who are not fluent in spoken English should enroll in the sections of SPE 113 designated for non-native speakers of English. Students who require speech therapy should also apply to the department chair for special placement before they register for SPE 113.

2 Placement in or exemption from a beginning mathematics course is determined by the student’s score on the CUNY Assessment test in Mathematics. Students exempt from MAT 105 can fulfill the mathematics requirement with either MAT 108, MAT 141 or MAT 241.

3 The foreign language requirement is a one-year sequence at the 100-level. It is strongly suggested that students seeking a bachelor’s degree complete the sequence within a three-semester period. Students who have completed three years of a language at the high school level, including a passing grade on a New York State Level III Regents Examination, are exempt from the foreign language requirement. Transfer students who can provide documentation showing they have successfully completed one year of a foreign language on the college level may have fulfilled the foreign language requirement. Students who take the placement test in Spanish, French or Russian and place into the second half of the 100-level or higher can satisfy the general education requirement with one 3 credit course. Students who place into SPA 101 must complete the sequence by taking SPA 102. Students who take SPA 111 must complete the sequence by taking SPA 112 or a higher level course (upon the instructor’s recommendation) to satisfy the general education requirements.

**Please note:** Students who can provide documentation of a high school degree from a foreign country and whose primary language is not English are exempt from the foreign language requirement but are not awarded any credits for that language. Students who receive a grade of three or higher on the Advanced Placement Examination in high school are exempt from the foreign language requirement and will be awarded 6 credits, which may be applied toward a minor in a foreign language. Credit by examination (up to a maximum of 6 credits) or exemption by examination may be obtained by taking the CLEP examination. For additional information, see Chapter 5, Admission and Registration. In addition, American Sign Language shall be accepted on the same basis as all other languages in fulfillment of John Jay’s foreign language requirement for graduation.

4 Students who have completed three years of science in high school (9th-year general science plus two years of New York State Regents credit) are exempt from taking NSC 107 but are still required to take another laboratory-based science course. To confirm exemption, students must fill out the appropriate form at One Stop. Students who have completed two years of science in high school (9th-year general science plus one year of Regents credit) must take NSC 107 and one additional laboratory-based science course. Students cannot take NSC 107 after they have taken any other science course at John Jay College.

5 Students who have received physical education credit for their military training, or police, fire, or corrections academy, or other comparable agency training can use that credit to satisfy this requirement.
Degrees Offered

CULTURE AND DEVIANCE STUDIES
(formerly Deviant Behavior and Social Control)
(Bachelor of Arts)

The major in Culture and Deviance Studies is designed to provide students with a basic interdisciplinary understanding of deviance as a concept of difference and diversity within the framework of cross-cultural research and how deviance has been related to important social problems and institutional responses to treat and control them. This foundation is enhanced by a comprehensive and critical understanding of cultural variation and macro- and micro-social and historical contexts as these apply to human conflict. This major also teaches students the ethnographic and ethnological perspectives and skills used in professional field research, while maintaining strong interdisciplinary content. The Culture and Deviance Studies major prepares students to be professionally effective in diverse and challenging fields, including social services, protective and corrective services, probation, parole, community reintegration and treatment. The research, writing, and interdisciplinary theoretical training provide majors with the background necessary for graduate programs in social work, law, or the social sciences. The core requirements pertain to theory, ethnographic methods, cross-cultural research and analysis, while electives demonstrate applications of both theory and method to particular problems.

Credits required. 33

PART THREE. THEMATIC CLUSTERS Subtotal: 12

Select four of the following courses. Only two may be at the 100-level. (Note: Students are encouraged, but not required, to take at least two courses in one of the clusters below).

The Culture and Deviance Studies major enables students to select thematic clusters both across disciplines and within disciplines. Thus students are advised to consult the College Bulletin course descriptions for specific prerequisite information for particular courses. For example, all GOV, POL, PSC, PSY, and SOC courses require a 101 prerequisite in their respective disciplines. Students are advised to plan their cluster course selections with this in mind.
Likewise, some 200-, 300-, and 400-level courses are sequence-based, meaning that the topic and theme is continued at the upper-level, if students wish to pursue further study of a topic or subject. A student wishing to concentrate their courses beyond the anthropology core in psychology should be aware that, for example, PSY 331 requires PSY 266 and PSY 268 a prerequisite. PSY 350 requires PSY 266, PSY 268 as well as PSY 331. Please note that some concentration courses do not require specific prerequisites beyond the basic 101-level but do require sophomore or junior standing or permission of the instructor.

ECONOMICS
(Bachelor of Science)

Economics is the study of how people and societies make choices to accomplish individual and social purposes. In this major, students learn about individual, national and global economic behavior, and then apply theoretical insights and methods of analysis to contemporary challenges involving crime, social justice, and the investigation of fraud and corruption.

Credits required: 36 or more depending upon the completion of prerequisites (if needed).

Prerequisites: ECO 101 is a prerequisite for required courses in the Economics major and also fulfills one of the College’s general education requirements in the social sciences. Transfer students who have completed 18 credits or more in economics and/or accounting are waived from the ECO 101 prerequisite.

Students considering graduate programs in economics should consider additional mathematics and statistics courses as free electives, part of a minor, or as electives within Concentration A. Concentration A includes MAT 241 Calculus I and MAT 242 Calculus II as course options. MAT 241 requires MAT 141 as a prerequisite, which can fulfill general education requirements in mathematics. Students are strongly advised to discuss graduate school options early in their progression through the major.

FORENSIC SCIENCE (Bachelor of Science)

The major in Forensic Science is designed to provide academic and professional training for students seeking to work in forensic science laboratories, or who are planning to pursue careers as research scientists, teachers or medical professionals. The major draws primarily from chemistry (organic, analytical and physical) with courses in biology, physics and law. Students may specialize in one of three tracks: Criminalistics, Molecular Biology, or Toxicology.
**Credits required.** 73 or more depending upon the completion of prerequisites (if needed).

**Mathematics Requirement.** Two semesters of calculus (MAT 241 and MAT 242) are required as well as one semester of probability and statistics (MAT 301). It is recommended that the MAT 241-242 sequence be completed as soon as possible since MAT 241 is a prerequisite for PHY 203 and MAT 242 is a prerequisite for PHY 204. Physics is placed in the sophomore year of the three-year common core for all Forensic Science majors.

**Coordinator.** Professor Larry Kobilinsky, Department of Sciences (212.237.8884, lkobilinsky@jjay.cuny.edu). Referrals will be made to faculty in each of the tracks within the major.

**Science Internship Directors.** Peter Diaczuk for forensic science laboratory internships (212.484.1176, pdiaczuk@jjay.cuny.edu), Professor Ronald Pilette for research internships (212.237.8989, rpilette@jjay.cuny.edu).

**Additional information.** An internship is required for the forensic science degree. This can be fulfilled by either FOS 401 or FOS 402 (see course descriptions in Chapter 2 of this bulletin). The internship requirement is to be completed after the junior year in the Forensic Science major progression. Certain courses are offered only in the fall semesters while others are offered only in the spring semesters. Consult the course descriptions in this bulletin or the designated coordinator for proper program planning. Please note that certain courses have specific prerequisites that must be taken for timely progression through the major. The chemistry or biology taken in the freshman year of the Forensic Science major fulfills the science component of the general education requirements.

Students who enrolled for the first time at the College in September 2009 or thereafter must complete the major in the form presented here. Students who enrolled prior to that date may choose either the form shown here or the earlier version of the major. A copy of the earlier version may be obtained at the Office of Undergraduate Studies or at the Lloyd George Sealy Library.

**Prerequisite information.** To be placed into BIO 103, students must have an SAT Verbal score of 520 or higher; or completion of the New York State Biology Regents with a score of at least 80%. Students who have not taken the New York State Biology Regents will need departmental permission. Students not meeting these criteria must complete the BIO 101-102 sequence (or equivalent) in lieu of BIO 103.

To be placed into CHE 103, students must be eligible to take MAT 141 or higher; or be taking MAT 104 or MAT 105 and have earned a score of 80% or higher on the New York State Chemistry Regents. Placement will be determined by the CUNY Mathematics Compass Exam. Students who did not take the New York State Chemistry Regents will need departmental permission. Students not meeting these criteria must complete the CHE 101-102 sequence (or equivalent) instead of CHE 103. For physics prerequisites, see mathematics requirement noted above.

**Academic Standards/GPA Requirement.** Students must maintain a GPA of 2.0 or better in the science and mathematics courses of the major to qualify for progression to the sophomore- and junior-level courses in the major. Students not maintaining the necessary GPA will be dropped from the major. Students may request a waiver of this requirement by appealing to the department chairperson.

**Please note:** the majority of courses required for the degree in Forensic Science are not available in the evening.

GENDER STUDIES (Bachelor of Arts)

The Gender Studies major explores how gender and sexuality influence constructions of human identity historically and culturally, and how these in turn shape human development, behavior, and the processes of justice. Students in the major will learn to examine gender and sexuality from a broad variety of academic perspectives. As such, they become versatile thinkers with strong skills in critical problem solving, research, data collection, and writing. The Gender Studies major has been designed in the best tradition of liberal arts study: courses are structured to support independent inquiry, ethical reflection, and critical thought, and they culminate in a final research project that enables students to test their skills on a question of their own choosing. Students graduating with a B.A. in Gender Studies go on to a wide variety of careers and post-graduate study, including the arts, business, education, health care, media, politics, law, public policy and social work.

**PART FIVE. GENDER STUDIES AREA ELECTIVES**  
**Subtotal: 15**

Students select five electives from Gender Studies-designated courses and may substitute a semester-long internship in a gender-related field for one elective. To ensure that students are exposed to significant and significantly different approaches to thinking about gender and sexuality, students must take at least one course in each of the following categories:

**Category A. U.S. and/or Global Ethnic/Racial, Gender, and Sexual Diversity**

These courses focus on non-dominant U.S. constructions of gender and sexuality internationally and among diverse communities and cultures in the United States. Recognizing that gender and sexuality are defined as much by their positioning within global political, social and economic systems as by their individual racial, ethnic, religious, class or sexual identity, this cluster offers a comparative look at both the individual and the global aspects of gender and sexuality. Courses that satisfy this requirement will examine the diversity of histories, experiences and cultures within the United States or internationally.

History 265/Latin American and Latina/o Studies 265 Class, Race, and Family in Latin American History
Latin American and Latina/o Studies 255 The Latin American Woman
Sociology 333 Gender Issues in International Criminal Justice

**Category B. Art, Media, Literary, and Cultural Representations of Gender and Sexuality**

These courses focus on the study of art, media, literature and cultural production both as sites of theoretical and political work about gender and sexuality and as sources of the construction and representation of gendered/sexed identities. Courses that satisfy this requirement will examine forms of expression and representation, such as literature, art, philosophy, theory, and cinema, as constitutive and contested arenas of sexuality and gender.

Art 224/African-American Studies Art 224 African American Women in Art
Literature 316 Gender and Identity in Literature
Drama 245 Women in Theatre
Drama 243 Black Female Sexuality in Film

**Category C. Socio-Political and Economic Systems and Gender & Sexuality**

These courses address the construction of gender and sexuality within the legal, economic and social structures of our society. They look at the very pragmatic ways that societies both reinforce and undermine gender and sexuality through their policies and social practices.
Courses that satisfy this requirement will investigate historical or contemporary gender and sexuality within law, sociology, economics, government, criminology, and psychology.

GLOBAL HISTORY
(Bachelor of Arts)

The Global History major is derived from the discipline of global history, which emphasizes interactions and collisions between and among cultures. The major offers undergraduates the chance to become specialists in their chosen period of the history of the world, either prehistory-500 CE, 500-1650, or 1650-the present. After completing the required three-part survey in global history, students choose the period that most interests them and pursue electives and research topics from it. Electives cover a wide range of topics, but all of them embrace the principles of global history rather than producing students with a narrow and specialized geographic focus. The required skills courses introduce students to the major schools of historical thought, varied techniques and approaches to doing historical research, and provide them with the opportunity to do original research in their capstone seminars. Honors students will have the opportunity to produce a senior thesis over the course of their final year of study under the guidance of a faculty mentor.

BACCALAUREATE/MASTER’S DEGREE PROGRAM

The Baccalaureate/Master’s Degree Program (BA/MA) provides academically advanced students the opportunity to pursue simultaneously the baccalaureate and master’s degrees. It is available to students studying criminal justice, forensic psychology and public administration. The number of undergraduate electives and courses in the major are reduced for BA/MA candidates, thus enabling them to begin graduate courses once they have fulfilled the college general education requirements and some of the requirements of their major. Graduate courses then fulfill certain undergraduate requirements.

Degree Requirements

Students receive both the bachelor’s and master’s degrees upon completion of the requirements of this program. The BA/MA Program in Criminal Justice requires either 128 credits and a master’s thesis, or 134 credits and the passing of a comprehensive examination. The BA/MA Programs in Forensic Psychology and Public Administration each require the completion of 134 credits.

For each of these programs, the entire graduate course of study must be completed (see program requirements below). Students who are interested in the BA/MA Program are encouraged to meet with the BA/MA Director early in their academic career.

Eligibility

To be eligible for admission, students must complete 60 credits (including the college general education requirements) and have earned a 3.5 or better grade point average (GPA). This is a minimum requirement for eligibility and does not guarantee acceptance into the program.

Applicants must also submit a personal statement indicating why they are seeking admission, a recommendation from a faculty member, and a writing sample that is representative of their research/writing skills. Applications are reviewed each fall for spring admission and each spring for fall admission. Further application instructions are available through the BA/MA website accessed through the John Jay College Home page (www.jjay.cuny.edu).

Transfer students must first establish the 3.5 GPA, for one semester (12 credits) at John Jay College, prior to applying to the BA/MA Program. However, students transferring from colleges with an articulation agreement with John Jay College will be considered for admission to the BA/MA Program based on their GPA at the home college. The list of colleges with an articulation agreement with John Jay College is available on the BA/MA website. Updated information about the BA/MA Program will be posted periodically on the website.
Students are required to maintain the 3.5 GPA to remain in the BA/MA Program. Students whose GPAs fall below the 3.5 level will not be able to receive the graduate degree even if they have completed sufficient credits.

For additional information, contact Professor Chitra Raghavan, Director of the BA/MA Program (212.237.8417, bamadirector@jjay.cuny.edu).

**Baccalaureate/Master's Program and the Thesis Alternative**

BA/MA students in the Criminal Justice Program who choose to complete the alternative to the thesis requirement for their master’s degree must complete a total of 134 credits, 36 of which must be graduate credits. BA/MA students in the Public Administration Program must complete 134 credits, 42 of which must be graduate credits. BA/MA students in the Forensic Psychology Program must complete 134 credits, 39 of which must be graduate credits.

**REQUIREMENTS FOR ASSOCIATES DEGREES**

*Please note: Students are no longer being admitted to these programs. For a listing of the general education program and concentration requirements associated with these programs, see the 2009-10 Undergraduate Bulletin available on the John Jay College website.*
Enrollment in other than registered or otherwise approved programs may jeopardize a student’s eligibility for certain student aid awards.

This course acts as a bridge in the history major, moving students from simply learning history to learning the significant approaches to doing it. By the end of the course, students will understand the plethora of approaches available to studying history, know when to use which approach and why, and be ready to begin historical investigations of their own.

INTERDISCIPLINARY STUDIES (See Program description for contact)

Theme A (for Freshmen) The Individual and Society and Individuals in Conflict
This two-semester theme examines the variety of ways that individuals relate to one another and “to society.” What do we mean by society? What is the social contract? Why do some people affirm society’s values and norms, and others rebel, whether by fighting against injustice or by behaving criminally? During the second semester, the theme focuses on how people in our society experience and attempt to deal with situations of conflict. Among the topics covered are domestic violence; dispute mediation; prison culture; war; and generational, racial, ethnic, and gender conflicts. The emphasis in both semesters is on using primary source materials and readings from the humanities, social sciences, law and fine arts.

Theme B (for Sophomores, Juniors, and Seniors – Specific courses offered change each semester depending on faculty availability)
Community and Responsibility
This theme situates the individual in the communities of which she is a part, and explores the dynamic interplay of persons and social contexts in the shaping of responsibilities. Approaches from the humanities and social sciences are brought to bear on the topics of community, responsibility, conflict and resolution. Course topics may include childhood, the family, affirmative action, rural and urban communities, and educational institutions.

Conflict and Change
This theme integrates the humanities and social sciences in an examination of the forces that give rise to and resolve conflict and that bring about change, both in the individual and in society. Of interest in this theme are examples and patterns of conflict and change in the intimate sphere of family and neighborhoods; at the institutional level in the legal and criminal justice system; and historically, at moments of national and international crisis. Specific courses change each semester depending on which faculty members are teaching in the program. Course topics may include: legal challenges of the 90s, power and justice in law and society, World War II, personal conflict and social change, love and hate in the family, the changing roles of women in the workplace, inside the criminal mind, from slavery to citizenship, childhood and society.

Transactions and Transformations
This theme examines the many ways in which individuals, communities, ethnic groups and even whole nations interact with one another in the exchange of ideas, cultures, rituals, technology, economy, conflicts and more. In what ways do these interactions produce change in individuals and groups? What kinds of changes? What are the risks in these interactions? What are the risks in refusing to engage in such social, cultural, political and economic transactions? Course topics may include the concept of citizenship; cross-cultural definitions of crime and criminality; religion; human rights; war; technology; ideas about oppression and freedom.

Perspectives on the Extraordinary
This theme is devoted to exploring people, events, concepts and artifacts that have achieved wide recognition as extraordinary in one or more ways. How does something or someone emerge from the ordinary? How do people respond to extraordinary people, events and ideas? Course topics may include the idea of the scientific, legal, political, philosophical, and/or artistic "breakthrough"; the phenomenon of genius; catastrophe and human response; revolution; biography and autobiography; cosmology and the origins of the universe; violence and criminality.

This course examines Shakespeare’s representation of justice in its connections to social and political order, crime and the law. The investigation will be both historical, situated within early modern understandings of justice, and aesthetic, situated within Shakespeare’s dramatic vocabularies. What are the connections between poetic justice and legal, social, and religious justice? How do such connections order plot, character, and structure? And finally: how do Shakespeare's representations of justice and injustice support or challenge early modern ideas of justice? Students will explore these questions through close analysis of selected plays and affiliated historical readings, and through their performance of scenes key to Shakespeare’s articulations of justice.

This course will focus on the representation and interrogation of human rights and related issues in literary texts. We will be looking at how human rights have been construed and debated at particular historical moments by writers from specific cultures and groups. In doing so we will place an emphasis on due process, a concept which, although arguably common to every society, takes on very different meanings depending on that society’s structures, beliefs, customs, norms and values. Every society, for example, will have its own conception of 1) the priority of collective rights and imperatives, and 2) the priority of individual rights and imperatives.

Each semester, depending on their areas of specialization, individual instructors will anchor the course in one or more specific cultures, historical moments, sub-topics and primary texts. Through close reading and analysis of a variety of literary forms, we may examine, for example: natural rights; the right to habeas corpus; the right to self-determination and self-expression (including the right to write); the right to preserve and practice one’s cultural heritage; and the right to depart from socially constructed norms of behavior. The history of the human rights struggle and relevant concepts and debates in the related disciplines of government, law, philosophy and sociology will provide an analytic framework.

### CUNY Baccalaureate for Unique and Interdisciplinary Studies

Established in 1971, the CUNY Baccalaureate for Unique and Interdisciplinary Studies (CUNY BA/BS) is a small, University-wide alternate degree program intended for self-directed, academically strong students who have well-formulated academic goals. Students who are admitted to the program develop their own area of concentration with guidance from a CUNY faculty member who agrees to serve as their mentor. Students also complete the program's liberal arts core and other degree requirements. Although students in the program are matriculated at one CUNY college, they are free to pursue their studies and take courses at any other CUNY college.

To apply, students must have a clear academic goal and must have completed at least 15 college credits with a grade point average of 2.5 or higher. The CUNY BA/BS degrees are fully accredited and are awarded by the City University rather than by an individual college. The program operates under the auspices of the CUNY Graduate School and University Center.

Further information may be obtained from the CUNY BA/BS Office at 365 Fifth Avenue, Suite 6412, New York, New York 10016-4309 (212-817-8220) or on the Web at [www.cunyba.cuny.edu](http://www.cunyba.cuny.edu). ### Internship and Cooperative Education Programs

#### Internship Courses

Internship courses provide students with an opportunity to earn 3 academic credits while gaining experience working in a field placement. An internship usually requires a minimum attendance of
8 hours each week (16 hours during summer) for a total of 96 hours of fieldwork. All interns, faculty, advisers and agency supervisors meet on Internship Day early each semester for a general orientation and initial faculty seminar meeting. Throughout the semester, students meet with faculty advisers in the required seminar classes for a total of 15 hours. To fulfill the academic requirements, students must complete both the fieldwork and academic requirements such as assigned reading, logs, notebooks, written reports analyzing the field experience, oral presentations, etc. Additionally, students are responsible for submitting all required documentation to the Internship Office.

Eligibility requirements for internships include completion of 30 credits and a minimum grade point average of 2.5. In special situations, letters of recommendation from faculty members and approval from the Director of Internships and Cooperative Education may be required. Please note that some field placements have specific academic and background requirements.

In most agreements, CO-OP students are offered employment after successful completion of both their academic requirements and the work experience.

Students may apply for 3 credits per semester for work in a Cooperative Education Program. A maximum of 6 credits may be earned in this manner. To fulfill the academic requirement, participants register for the Cooperative Education courses, CEP 390 or CEP 391, described in Chapter 2 of this undergraduate bulletin. To be eligible for a CO-OP internship, a student must have completed at least 60 credits with an overall grade point average of 3.0.

Students interested in the Internship and Cooperative Education Program should apply to Ms. Prem Sukhan, Director of the Office of Internship and Cooperative Education (212.237.8437, psukhan@jjay.cuny.edu). Students must supply an unofficial copy of their academic transcript when applying.

**Ronaldo E. McNair Post-Baccalaureate Achievement Program**

The McNair Program is a federally funded program. It is designed to increase the participation of students who are first generation, low-income and/or from underrepresented groups (African-American, Hispanic, Native American and Pacific Islander) in graduate education, particularly in doctoral programs.

Student participants, known as McNair Scholars, receive mentoring, specialized academic and career counseling, tutoring and graduate school preparatory seminars, assistance in obtaining financial aid for graduate study, and assistance in applying for and obtaining admission to graduate school. McNair Scholars also earn 3 credits for their participation in a research seminar during the spring semester. First-year scholars receive summer stipends and second-year scholars receive spring semester stipends while they participate in research apprenticeships with faculty mentors. Students who have a genuine interest in pursuing a doctoral degree, a grade point average of 3.0 or better, junior or senior status, and who are either first generation college students who meet federal income
requirements AND/OR members of a group underrepresented in graduate education are eligible.

For additional information and an application for the McNair Program, please contact Mr. Ernest Lee (212.237.8760, elee@jjay.cuny.edu).

SEEK PROGRAM (Search for Education, Elevation and Knowledge)
SEEK is a program established by the New York State Legislature for the senior colleges of The City University of New York to assist in providing higher educational opportunity to students who otherwise would not have such access.

SEEK is a four-year college program of special assistance for students to overcome educational, economic and social disadvantages. The program provides concentrated and specialized counseling, additional instruction, tutorial services and financial aid. Students who utilize such assistance can achieve a quality college education and expand their social and career capabilities.

Eligibility
Under the provisions of the New York State Education Law, students must meet certain residence, academic and financial criteria for admission to the program.

Residency
Applicants must be United States citizens, or have permanent-residence status, and must be New York State residents for at least one year.

Academic
Applicants must be graduates of approved high schools or must hold New York State high school equivalency diplomas, or their equivalent, as determined by the New York State Commissioner of Education. Except for veterans who have earned up to 18 college credits prior to their entry into the service, applicants may not have previously attended a college or any other post-secondary educational institution.*

For purposes of eligibility, students are considered in need of academic support if they have received a general equivalency diploma or do not meet the academic admission requirements established for CUNY senior colleges.

Students are eligible for admission to the SEEK Program at John Jay College only if they apply for a major offered at the College.

* Transfer applications are accepted from students who were previously enrolled in EOP and HEOP. College Discovery students may transfer if they meet CUNY opportunity program transfer requirements.

Financial
For financial criteria, see the Pell, SEEK, and TAP entries in Chapter 9, Financial Aid.

Application Procedure
Application forms, which are incorporated into the City University Application, are available at all New York City high schools and at John Jay College. Individuals seeking admission to the program must complete the City University Application Form, including the section for “SEEK/College Discovery.” Completed applications should be sent to the University Applications Processing Center, P.O. Box 136, Bay Station, Brooklyn, New York 11235.

For information, contact Dr. Schevaletta Alford, Director of the SEEK Program (212.237.8171, calford@jjay.cuny.edu). For financial information, contact Ms. Valentina Morgan, APTS/SEEK Financial Aid Coordinator (212.237.8156, vmorgan@jjay.cuny.edu).

MINORS
A minor is a course of study that allows undergraduates a second field of specialization. Minors are intended to encourage and officially acknowledge students’ attainment of knowledge in more than one academic field, with the goal of broadening their education.
A minor requires 18-21 credits in a particular field different from the student's major. Because many majors are interdisciplinary at John Jay College, some overlap may occur between courses appearing in a major and a minor but this should be kept to a minimum. At least 50 percent of the credits in a minor must be taken at the College and at least two-thirds of the credits in a minor must be graded on an A through F basis. A minor shall be completely optional for students and cannot be required by an academic program. Minor requirements must be completed with an earned 2.0 (C) grade point average.

A student who wishes to pursue a minor must consult the minor adviser or chairperson of the appropriate department or program as early as possible. Students should declare minors by the time they have earned 75 credits by submitting a Declaration of Minor Form to One Stop. The form is available from One Stop: http://jstop.jjay.cuny.edu/onestop.php. Be aware that some minors may have advanced enrollment requirements, specific procedures for completing the minor, or requirements and/or restrictions concerning grades and courses, which may be used to fulfill the minor.

Upon completing a minor, students should see the minor coordinator or department chairperson for their signature certifying that the student has completed the minor. A form must then be submitted to One Stop. Completion of a minor is noted on the student's official transcript and will be conferred at the same time that the degree is conferred.

Note: Minors may not be conferred retroactively upon students who have already graduated.

**ANTHROPOLOGY MINOR**

*Description.* The minor in Anthropology provides students with exposure to the range of human variation across time and space and a comprehensive background in cross-cultural studies.

*Rationale.* A minor in Anthropology is excellent preparation for further study in any discipline that requires the ability to understand and deal with other cultures. Students are trained to integrate humanistic concerns with the cross-cultural perspective and analytic framework provided by anthropology. These skills will be particularly valuable for students planning careers in which an understanding of human behavior and cultural diversity is essential, including law enforcement, criminal justice, public policy, counseling, business, law and communications. Because of its breadth of outlook, anthropology also offers an ideal basis for those seeking a strong general education in an increasingly interdependent and multicultural world.

*Minor coordinator.* Professor Richard Curtis (212.237.8962, rcurtis@jjay.cuny.edu)

*Requirements:* The minor consists of 18 credits (six courses) chosen from the courses listed below:

ART MINOR

Description. The Art minor provides students with the opportunity to integrate art with other academic and research pursuits. It is designed for students to pursue studies in both studio art and art history with an integrated, mixed media approach. Students selecting the minor in Art are not necessarily pursuing careers as practicing professional artists and art historians. They are seeking a unique program of study where the visual arts provide opportunities to problem-solve creatively and efficiently.

Rationale. The program combined with other areas of study fosters an appreciation and understanding of the disciplines of art and design and its applications to one's self and environment.

Minor coordinator. Professor Roberto Visani, Department of Art and Music (212.237.8348, rvisani@jjay.cuny.edu)

Requirements: Students are required to take at least 18 credits (six courses) distributed evenly between studio art and art history courses.

COMPUTER SCIENCE MINOR (Department of Mathematics and Computer Science)

Rationale. Computers are the future. By learning to use a computer, students are securing their tomorrows. Good computer skills will build self-confidence and increase students’ marketability and competence in their chosen fields. Computers also allow users to work fast and efficiently with data and information in a way that no other devices do.

Minor coordinators. CORRECTIONS MINOR (Department of Law, Police Science and Criminal Justice Administration)

Description. The Corrections minor exposes students to important concepts in corrections and promotes an understanding of the correctional environment. Minor courses also introduce students to all aspects of careers in corrections. Additionally, the minor aims to equip students with a better understanding of current social problems.

The Corrections minor combines a focus on classical theories of penology with developing ideas and approaches, as well as with contemporary strategies for dealing with offenders after they have been convicted and while awaiting trial. Emphasis is placed on helping students to become critical thinkers in general and about corrections in particular. A primary goal of the minor is to help students focus on the end process of the criminal justice system by helping them understand the nature and consequences of processing offenders through the system. Students will be exposed to such important topics as incarceration, community supervision, treatment of offenders, rehabilitation and the reintegration process.

Rationale. The minor provides a solid preparation for graduate work in the field of criminal justice, public administration, policy making in civil service and the social sciences in general. As can be seen from the corrections courses offered, the program provides a solid understanding of theory and research related to corrections as well as criminal justice. The curriculum emphasizes the development of analytical and research skills that prepare students to effectively meet everyday challenges in the criminal justice system and in corrections. Coursework is designed to integrate theory with practice, while using critical approaches to discuss competing strategies in correction practice.

Minor coordinator. Students who wish to pursue a minor in Corrections should consult as early as possible to plan their course of study with Professor Lior Gideon, Department of Law, Police Science and Criminal Justice Administration (212.237.8991, lgideon@jjay.cuny.edu).

Requirements: Students who wish to minor in Corrections may do so under the guidance of the corrections coordinator. The minor requires 18 credits (six courses) in corrections courses (those with the COR course prefix).

In order to make the best out of the minor, while complying with its above stated mission, it is suggested that students seeking to minor in Corrections take the courses listed below in the order they are listed. Each course is 3 credits.

COUNSELING MINOR (Department of Counseling)

Please note: this minor is being phased out. For students who are starting a minor, see Human Service Minor listed below

Description. The Counseling minor represents a valuable educational opportunity for those students interested in seeking employment within the human services professions. The goal of the minor is to prepare students for careers in the criminal justice fields of probation, parole, corrections and victim advocacy that require counseling, communication and interview skills. In addition, course offerings provide an opportunity to explore many topics relevant to work within a broad range of criminal justice and public service
systems, such as human growth and development, counseling and vocational theory, ethics, diversity and multiculturalism, leadership, family systems, spirituality, gender dynamics, crisis intervention and research methodology.

DISPUTE RESOLUTION MINOR (Department of Sociology)

Description. The Dispute Resolution minor provides students with an opportunity to learn about the causes, complex dynamics, escalation, de-escalation, and constructive resolution of conflicts in a variety of contexts from the interpersonal to the international levels. Students will also gain knowledge and techniques necessary to negotiate, facilitate, and mediate a wide range of situations.

Learning Objectives. Upon completion of the minor, the students will be able to:

- Recognize the causes of conflict
- Understand the dynamics and progression of conflict
- Think more critically about how to process conflict situations, utilize dispute resolution techniques and skills needed to negotiate, facilitate, and mediate in a variety of contexts.

Rationale. This minor is particularly attractive and beneficial for students who cannot complete the existing Dispute Resolution Certificate since they will acquire a solid understanding of conflict, its causes, progression, complexity, and management. With 18 credits focused on dispute resolution, it is still possible for students to deepen their critical understanding of conflict which will be invaluable for them in their personal lives, at work, and in graduate school, especially for those students who will enter professions like law, social work, business, etc, where sorting through conflicts is essential. There is virtually no major that will not benefit from having students add this minor to their undergraduate portfolio.

Minor coordinator. Professor Maria Volpe, Department of Sociology (212.237.8692, mvolpe@jjay.cuny.edu).

Please note: Students cannot earn both the Minor and Certificate in Dispute Resolution.

Requirements. Students wishing to minor in Dispute Resolution must complete 18 credits of coursework, of which 6 credits are required and 12 credits are electives. Courses chosen for the minor have been selected to reflect substantive areas relevant for dispute resolution and to differentiate it from the Dispute Resolution Certificate.

ECONOMICS MINOR

Description. Economics courses provide students with an opportunity to develop critical analytical skills that will improve their performance in other courses and professional pursuits. These include understanding graphs and charts, employing statistical analysis, using cost-benefit analysis, evaluating different theoretical perspectives and developing professional presentation and writing skills.
Certificates, Programs and Minors

Rationale. Employers recognize that the study of economics develops the professional skills necessary for success including the analytical skills needed for the complex tasks in today's highly technical work environment. A 1995 survey, in ACJS Today, ranked economics as one of the top three most desirable majors for law school admissions. Graduate schools recognize that the study of economics develops the analytical and research skills that prepare students for the rigors of advanced education.

Minor Coordinator. Professor Jay Hamilton, Department of Economics (212.237.8093, jhamilton@jjay.cuny.edu)

Requirements: Students who desire a minor in Economics must complete 18 credits (six courses) subject to the approval of the department chair.

ENGLISH MINOR

Description. Students who have found their required English and Literature courses exciting may continue their exploration of texts (including films and other genres in popular culture) and develop their voices in a variety of written forms in the English minor. The minor offers students the opportunity to broaden their experience of literary study, improve their critical thinking skills, and advance their skills in analytical, expository and/or creative writing.

Rationale. The study of literature and the practice of expository and creative writing strengthen important skills while engaging students in significant historical, ethical and aesthetic debates. Students who study literature learn to read critically, form interpretations, and make arguments based on evidence. Students who study writing learn to express themselves clearly, concisely and creatively while also perfecting their editing and revision skills. Students who pursue the minor in English will graduate with an increased command of language and with incisive critical skills that will serve them well in their chosen career or post-graduate work.

Minor Coordinator. Professor Jay Walitalo, Department of English (212.484.1192, jwalitalo@jjay.cuny.edu)

Additional Information. Students who enrolled for the first time at the College in September 2008 or thereafter must complete the minor in the form presented here. Students who enrolled prior to that date may choose the form shown here or the earlier version of the minor. A copy of the earlier version can be obtained on the College Web site, at the Office of Undergraduate Studies, or at the Lloyd George Sealy Library.

Requirements: To receive a minor in English a student must complete 18 credits with at least 3 credits at or above the 300-level. Students may apply the 6 credits earned in the general education literature requirement (LIT 230, LIT 231, LIT 232, LIT 233) toward their 200-level course requirement. Every student must take LIT 260 Introduction to Literary Study to earn the minor in English.

**FIRE SCIENCE MINOR (Department of Protection Management)**

Minor coordinator. For information on the Fire Science minor, see Professor Robert Till, Department of Protection Management (212.484.1379, rtill@jjay.cuny.edu).

**GENDER STUDIES MINOR (Interdisciplinary – see Minor Coordinator/Adviser below)**

Description. Gender studies is an interdisciplinary field that explores the making and meaning of gender — femininity and masculinity — as well as sexuality across cultures and social formations, past and present. The underlying belief of gender studies is that gender influences human options, conditions and experiences. Legal, political, economic and cultural systems are all profoundly gendered. Deep understanding of gender patterns, dynamics and biases can enhance the accuracy and scope of work in many fields, including criminal justice, psychology, anthropology, sociology, literature,
philosophy and history. Gender awareness benefits individuals, communities and organizations.

**Rationale.** One of the strengths of gender studies is that it teaches critical analysis by taking one of our most basic experiences — that of being a gendered human being — and forces us to question its meaning within a broad range of frameworks. Because students in the minor take courses from a variety of disciplines, such as government, Latin American and Latina/o Studies, law and police science, and literature, they are exposed to many different methodological approaches and theoretical debates. Students who earn a Gender Studies minor learn to be supple and critical thinkers, skills that will enhance their eligibility for any post-graduate work or career.

A minor in Gender Studies is very flexible. Like majors or minors in other social science and humanities disciplines, the Gender Studies minor does not prepare students for one job, but for many different kinds of employment. Gender studies courses train students in critical thinking, social science and humanities research methods and writing. Coursework provides knowledge about the interplay of gender, race, class and sexuality in the United States and globally. The ability to apply an internship toward credit in the minor allows students the opportunity to evaluate possible careers and provides employment experiences that help graduates find employment. A minor in Gender Studies, with its combination of cross-disciplinary, analytic and practical skills, provides a well-rounded graduate with the tools to adapt to a world of rapidly changing work and family structures.

Students who pursue gender studies have gone on to work in social services administration, domestic violence advocacy, business, communications, journalism, law enforcement, psychological and counseling services, legal and political fields, and a host of other careers.

**Minor coordinator:** Professor Allison Pease, Department of English (212.237.8565, apeare@jjay.cuny.edu)

**Requirements:** The Gender Studies minor allows students to focus on the meanings and implications of gender by taking six courses (18 credits) from the rich variety of gender studies courses offered in the social sciences and humanities.

Courses such as *Sex and Culture, Psychology of the African-American Family, Sex Offenders in the Criminal Justice System, History of Gender Images, Gender Issues in International Criminal Justice, Gender in Literature, Women and Crime* and *Manhood in America* offer exciting, new ways of understanding the world we live in as well as important tools for analyzing experience. Gender studies courses are offered every semester by the majority of academic departments at John Jay. The gender studies coordinator compiles a list of all courses offered in the minor prior to student registration and posts it on the gender studies minor website: [http://web.jjay.cuny.edu/~wsc/minor.htm](http://web.jjay.cuny.edu/~wsc/minor.htm).

**Other information.** Students minoring in Gender Studies can receive 3 credits toward the minor if they do an internship in a gender-related field.

**HISTORY MINOR**

**Description.** The Department of History offers students the opportunity to minor in History by completing 18 credits (six courses) in the department. The first 6 credits form the core of the minor and encompass the general education requirements in history. After completing the core courses, students are invited to select from the electives offered by the Department of History to complete the minor. At least one elective must be at the 300-level to complete a History minor.

**Rationale.** The study of history supports the analytical skills desired by many graduate programs, including law schools, by teaching students to evaluate evidence, and to present and defend arguments about historical change based on evidence. It also provides students with important information about the world in which they live, the process of social change and the factors affecting it, and the creation and evolution of cultural institutions. Students with a strong historical background will be well equipped to work in public institutions because they will have a coherent understanding of the purposes and limitations of public systems. They also will be excellent employees in private institutions because they will understand and be able to support the social and economic purposes of private industry. Finally, students who have studied history make more conscious and active citizens, because they are aware of the role of race and class in America. They are cognizant of the rich history of America's political institutions and their civic responsibilities to use, protect, and maintain their political and legal rights.

**Minor coordinator.** Professor Michael Pfeifer, Department of History (212.237.8856, mpfeifer@jjay.cuny.edu)
**Additional Information.** Students who enrolled for the first time at the College in September 2009 or thereafter must complete the minor in the form presented here. Students who enrolled prior to that date may choose the form shown here or the earlier version of the minor. A copy of the earlier version may be obtained on the College Website, at the Office of Undergraduate Studies or at the Lloyd George Sealy Library.

The field of Human Service is broadly defined, uniquely approaching the objective of meeting human needs through an interdisciplinary knowledge base, focusing on prevention as well as remediation of problems, and maintaining a commitment to improving overall quality of life of service populations. Combining social work, counseling, psychology, sociology, and education, the field requires professionals to perform a variety of helping roles within the social service arena while maintaining a respect for diversity and knowledge of multicultural perspectives.

The Human Service minor represents a concentrated program of study, with courses designed to develop an understanding of the basic tenets of the Human Service profession. They are intended to help students develop a better understanding of the challenges facing diverse and underserved populations in society whom traditionally seek services from public, non-profit, and private Human Service agencies.

Rationale. **HUMANITIES AND JUSTICE MINOR (Interdisciplinary – see Minor Coordinator)**

*Description.* The Humanities and Justice minor offers students the opportunity to explore fundamental questions about justice from a humanistic and interdisciplinary perspective. Embedded in history, literature, and philosophy, the minor engages students in the study of constructions of justice that underlie social policy and criminal justice as well as in broader issues of morality and equity.

*Rationale.* The Humanities and Justice minor will provide students who are majoring in the social sciences and sciences with an important supplementary perspective for their study of issues, policies, and laws concerned with justice. With its interdisciplinary focus, the minor will also enrich the curriculum of students majoring in one of the humanities. Its courses are designed to help students develop the skills of careful reading, critical thinking, and clear writing that are necessary for careers in law, public policy, civil service, and teaching.

*Minor coordinator.* Professor Bettina Carbonell, Department of English *(212.237.8702, bcarbonell@jjay.cuny.edu)*

*Requirements.* The minor in Humanities and Justice requires a total of 18 credits of which 6 credits are required and 12 credits are electives.

This two-course sequence provides an introduction to a consideration of "justice" as a personal, social, and political construction. Selected texts from history, literature, and philosophy introduce students to the complexities attending the meanings of justice from ancient to modern times. Issues under study may include retribution and revenge; justice as political and social equity; determinism, free will, and the "unjust" act; divinity, hierarchy, and community as perceived sources of justice (or injustice); the social construction of justice, injustice, and crime; law as a structure of rules representing, defining, and shaping justice. The sequence will explore how understandings of justice clarify the ethical and legal frameworks defining religion, the state, colonialism and national identity, race and ethnicity, gender, ruling, class, the family, and similar structures.

Students in HJS 250 study works concerned with justice in the western tradition (primarily historical, literary, and philosophical texts of Europe, Britain, and North America). With its focus on works from the Mideast, Africa, Asia, and the other Americas, HJS 310 expands student understandings of justice. It encourages comparative assessments between western and nonwestern forms of justice by studying contacts resulting from war and conquest, trade, and cultural exchange. HJS 310 also develops and extends the skills students have gained in HJS 250 by its comparative tasks, by supplementing primary texts with theoretical readings, and by more complex and lengthy writing assignments.

**JOURNALISM MINOR (Department of English)**

**Description.** Asking the right questions — Condensing complex information — Writing for an audience — these are the core skills of a journalist. The Journalism minor will provide knowledge and experience in these areas, while also introducing students to the emerging tools of the journalistic trade in the 21st century and the media’s vital but complicated role as a public service in a democratic society. The minor will sharpen critical thinking skills, information literacy, and the ability to write for a public stage. It will engage students with the news of the day, expose the inner workings of the media and communications professions, analyze the freedoms and limitations of the American press, allow for hands-on experiences in new media, and provide a space where students create and publish their own journalistic work. For students interested in graduate study in journalism, or in a communications-focused career, the minor provides an ideal educational and vocational foundation. For others, it offers a chance to develop skills and insights that will serve them well across the professional spectrum.
Students will:

- Develop an understanding of how the media functions in society historically, theoretically and practically.
- Learn how newspapers and online content delivery systems are structured, and how news value, medium, audience, bias and other factors shape stories.
- Practice and master the rules specific to journalistic writing, including journalistic attribution, AP style and grammar, the aim for objectivity, nut graphs, leads and copy editing.
- Hone research methods in a journalism-specific manner by learning to access public records, conduct background research, identify legitimate sources, adopt sound interviewing techniques, work with sources fairly and ethically, and understand the basics of libel law.
- Work as news gatherers, editors and page designers in order to get a sense of real-world deadlines, production and collaboration, resulting in published student work in The John Jay Sentinel, while also learning the basic skills of creating and editing video, digital audio, slideshows, blogging and other forms of online media.

Rationale. Students of all disciplines can benefit by learning about the power of a free press and by learning the most responsible, effective ways to wield such power. Such education is more – not less – important given the changes buffeting the journalism industry today. As technology democratizes media access and multiplies public voices exponentially, students need the information literacy and critical thinking skills to navigate among the chaos as consumers and cultivate their own public voices as producers.

MUSIC MINOR

Description. The Music minor offers students the opportunity to explore music through a comprehensive and multi-faceted approach. The minor combines core requirements with two areas of concentration, Music History/Comparative Music, or Composition/Technology/Theory. Through the study of western art music and comparative music studies such as Caribbean music, world music, and pop, rock and jazz, the student examines and contextualizes the art form. The study of voice, piano, songwriting, composition, and music technology encourages the student to explore their inherent creative potential by directly engaging in the creation of music, while also developing a foundation in the basic skills of music making.

Rationale. Music, one of the most universal and fundamental art forms, reflects virtually every aspect of personal and social experience. Through the development of its skills and the consideration of its history, we see how broader cultural patterns are reflected in music specifically, and in art forms generally. The core courses in the minor will ensure homogeneity among the students in their abilities and, in conjunction with the advanced courses, will allow them to express their creativity while developing an understanding of the place of music in the history of the world.

PHILOSOPHY MINOR

Description. The Philosophy minor is designed to give students interested in philosophy the opportunity to do intensive work in the field and have that work recognized. Philosophy — a term derived from the ancient Greek *philosophia* — means “love of wisdom.” As a discipline, philosophy strives to seek thoughtful and rigorous responses to the most fundamental “Why?” questions about ourselves, the universe and our place in the universe. Areas of study include being or existence, knowledge, ethics, political philosophy and various “philosophy of . . .” issues (e.g., philosophy of law, philosophy of mind, philosophy of language, etc.). Some core questions that philosophers ask range from “What is the nature of justice?” and “How should I live my life?” to “Do humans have free will?” and “What sort of justification is required for me to have knowledge?”

Learning objectives for Philosophy minors include the development and mastery of the following skills and competencies.

- Critically evaluate arguments
- Appreciate different responses to a given philosophical question
- Offer a thoughtfully defended thesis on a given philosophical question
- Entertain and respond to challenges to one’s thesis

Rationale. A Philosophy minor, which is noted on the student's final transcript, is extremely beneficial for students planning careers in law school or various graduate programs. A liberal arts and humanities education, according to some of the top law schools, is the best preparation for understanding, synthesizing, and evaluating the legal theory and moral reasoning employed in legal judgments. Both law schools and graduate schools place a premium on the sort of critical thinking and conceptual analysis that philosophy uniquely provides. In addition, there is statistical evidence that those who major in philosophy consistently score higher than those in nearly every other major on standardized exams such as the LSAT and the GRE.

Minor coordinator. Professor Tanya Rodriquez, Department of Philosophy (212.237.8338, trodriguez@jjay.cuny.edu)

Requirements:

- A student must complete 18 credits (six courses) in philosophy.
- Philosophy 231 is required (also fulfills the general education requirement for philosophy).
- At least two courses must be at the 300-level or higher.
- Independent study courses, arranged between the student and a supervising faculty member, and experimental courses can be used to fill the 18-credit requirement. For details on independent study courses, see the Chapter 6, Academic Standards.

Philosophy courses satisfying the requirements of the minor include the following:

- Recognize and reconstruct arguments

PUBLIC ADMINISTRATION MINOR (Department of Public Management)

**Description and rationale.** Wherever a career leads, it will inevitably involve management. The minor in Public Administration gives students an understanding of how administration works, how policy gets made, and how to excel as a manager in government, nonprofit and corporate organizations. The supervision, planning and budgeting skills you acquire in the Public Administration minor will prove valuable as you advance towards a leadership role in any organization that helps carry out the business of government.

RUSSIAN STUDIES MINOR (Department of Foreign Languages and Literatures)

Description. The Department of Foreign Languages and Literatures offers a Russian Studies minor. It is designed to give the student a command of both the written and spoken language as well as a deeper understanding of the cultural and literary development of the Russian people.

Rationale. In today’s diverse world, the study of foreign languages and cultures becomes increasingly important. Students, especially those who wish to work in the field of criminal justice, in law enforcement and other government agencies, and in international organizations, would benefit greatly from having additional knowledge of a foreign language (obtained through language courses) paired with expertise in national character (acquired through literature and culture courses). At a time when city and federal agencies are seeking both language specialists and specialists in foreign national character, students with the Russian Studies minor on their transcripts are in high demand.

Minor coordinator. Professor Olga Muratova, Department of Foreign Languages and Literatures (646.557.4520)

Requirements: The minor consists of six courses in Russian language, literature and culture. The language courses are taught in Russian; the literature and culture courses, in English. Students need 18 credits (six courses) to complete the Russian Studies minor. All courses offered by the Russian section of the Department of Foreign Languages and Literatures — except for 100-level, basic-Russian courses — count towards the minor. To complete the minor, students must take three 200-level courses, two 300-level courses, and one 400-level course. Higher-level courses can be substituted for lower-level ones (i.e., RUS 325 instead of RUS 239), but not vice versa.

SECURITY MANAGEMENT MINOR (Department of Protection Management)

Description. The minor in Security Management targets the analysis of security risks and vulnerabilities, along with the administration of programs designed to reduce loss — in public and private institutions and corporations. The minor helps prepare students for careers as managers, consultants and entrepreneurs.

Rationale. Every public institution and private corporation has a security function associated with its mission. Understanding this function within a particular industry or public enterprise enhances the skill set of the professional working in or studying that field. Further, understanding the principles, practices and law within the security field enables individuals to better safeguard their person, property and privacy — both inside and outside of the work environment.

Minor coordinator. Professor Robert McCrie, Department of Protection Management (212.237.8386, rmccrie@jjay.cuny.edu)
## Certificates, Programs and Minors

### Requirements:
- A minimum of 18 credits is required.
- All courses applied to the minor must be courses designated by the course number prefix specific to security management (SEC). Courses that are cross-listed in the college bulletin are acceptable, e.g., Security Management/Mathematics.
- No more than 9 credits applied to a minor may be credits that the student also uses to fulfill a major.
- At least 6 credits applied to the minor must be in courses at the 300-level or above.

To apply for a minor, the student should complete the Approved Plan for a Minor Form available from the security management coordinator and the Department of Protection Management and make an appointment to meet with the department chairperson for approval. At the discretion of the chairperson, the student may be referred to the security management coordinator. Students must bring with them a copy of their up-to-date John Jay College transcript. Any revision of the plan requires the completion of a new Approved Plan for a Minor Form and another approval meeting.

### SOCIOLOGY MINOR

**Description.** The Sociology minor considers the following areas in the study of modern society: social groups, social organization, the sociology of institutions such as law, the courts, the family, the process of interaction, social disorganization and change. Topics such as violence, delinquency, deviant behavior, social control, and ethnic, race and class relations are central to the minor concentration. Issues of culture, personality and urbanization are studied.

**Minor coordinator.** Professor Douglas Thompkins, Department of Sociology (212.484.1118, dthompkins@jjay.cuny.edu)

**Requirements:** Students wishing to minor in Sociology must complete 18 credits (six courses) at the 200-level or above. No more than half of these credits may be used to satisfy credit requirements in the student’s major.

### SPANISH MINOR (Department of Foreign Languages and Literatures)

**Description.** The Spanish minor is designed to make students proficient in spoken and written Spanish through language and literature courses that also present a cultural and psychological understanding of the Spanish Diaspora.

An example of this is Spanish 212, an intermediate course in grammar and conversation, taught with the use of film and literature in which themes such as immigration, justice, nationalism, gender issues, prejudice, personal relationships and the importance of family are explored and discussed.

**Rationale.** In today’s global society, it is of paramount importance for students to study foreign languages and cultures. If a student earns a minor in Spanish, one of the five most important languages in

**Total: 18**
Certificates, Programs and Minors

the world, they will be better prepared to compete in whatever major field of study they are pursuing at John Jay College. Agencies such as the FBI, CIA, DEA, U.S. Customs Service, and the Immigration and Naturalization Service give preference and a higher salary to those who can communicate in a foreign language. Minoring in a foreign language will assist students in becoming qualified to attain these positions.

Minor coordinators Department of Foreign Languages and Literatures: Professors Liliana Soto-Fernandez (212-237-8712, lsotofernandez@jjay.cuny.edu), Clara Castro-Ponce (646.557.4416, ccastro-ponce@jjay.cuny.edu), Daria Montero (212-237-8716, dmontero@jjay.cuny.edu), Raul Romero (212-237-8714, rromero@jjay.cuny.edu), Raul Rubio (646-557-4413, rrubio@jjay.cuny.edu)

Requirements: To complete the minor, students must take 18 credits (six courses) in Spanish language, literature and/or translation beginning at the 200-level. At least three 200-level courses, two 300-level courses, and one 400-level course must be taken. Students should consult a minor advisor for courses that are not available during a particular semester.

Note: A higher level course can be substituted for a lower level course but not vice versa. For example, Spanish 320 can be substituted for Spanish 250.

Students have the possibility of receiving 3-6 credits for earning a score of four or better on the Spanish Language and/or Literature Advanced Placement Examination taken in high school. These credits can be applied towards the minor in Spanish.

SPEECH and MEDIA MINORS (Department of Communication and Theatre Arts)

Description and rationale. The Department of Communication and Theatre Arts offers minors in Speech and Media, Theatre, or a combined minor in Speech, Theatre and Media Studies. The minor in Speech and Media is designed to help students gain confidence and power through enhancing the effectiveness of their communication performance and analysis. The Theatre minor is designed to allow students to explore their theatrical talent and to experience great plays and films while developing a critical eye. The combined minor helps to develop communication skills and analysis as a speaker, a performer and a critic of communication while focusing students’ course selection on their interests. The classes in these minors provide unique learning opportunities such as becoming a cast or crew member in one of the department’s plays, getting a handle on news media, and learning video production techniques to create movies.
Minor coordinator. Professor Martin Wallenstein, chair, Department of Communication and Theater Arts (212.237.8364, mwallenstein@jjay.cuny.edu), or his designee. Students interested in any of these minors should make an appointment with the coordinator for guidance in tailoring their course selection to their needs and interests. Students are encouraged to see the coordinator by at least the first semester of their junior year but preferably as soon as an interest is developed in one of these minors.

Requirements for a Speech and Media Minor: Students must complete 18 credits in speech including the required SPE 113 course. Up to 6 credits can be earned by taking the department’s video production classes. For these courses, see the drama (DRA) course listings.

Requirements for a combined Speech, Theatre and Media Studies Minor: Students must complete 18 credits from a combination of speech and drama courses. For this combined minor, Speech 113 is a prerequisite and does not count toward the 18 credits.

Note: No more than 6 credits toward these minors may be transfer credits. Any of the drama courses can be used to fulfill the College’s general education requirement in the fine arts.

THEATRE ARTS MINOR (Department of Communication and Theatre Arts)

Description. The Theatre Arts Minor is structured to give students an overview of drama and theatre, in terms of history, performance, and criticism. The curriculum involves the student in both the practical and theoretical aspects of the theatre process. The minor offers ample opportunities for students to apply their skills onstage and/or backstage.

In addition, the Theatre Arts minor affords opportunities to enhance creativity, time management, and communication skills that are useful in virtually any professional area. John Jay College’s proximity to Lincoln Center and New York City’s theatrical district provides students with opportunity for utilization of performing arts libraries, organizations, theatres, and internships.

The Theatre Arts minor concludes with a three credit 300-level theatre course or Capstone Project chosen by the student, under the guidance of a member of the theatre faculty. This project will provide the student with the opportunity to demonstrate acquired proficiency in an area of performance, production, criticism, and/or scholarship.

A successful Theatre Arts minor will:

- Know what is meant by Theatre, in particular what distinguishes it from drama and film.
- Develop a general understanding and appreciation of major periods of theatre history and major pieces of dramatic literature with perspectives in western and non-western traditions and gender and ethnic identities.
- Identify the characteristics of the major theatre genres, and know how each of these genres and styles have engendered distinctive forms of playwriting, acting, directing, and theatrical design.
- Enhance critical thinking and writing skills through literary analysis of important dramatic works of classical and contemporary drama.
- Acquire the ability to analyze scripts and critically assess those elements that contribute the theatre process.
- Apply drama-based skills in non-theatrical environments, for example business, law, criminal justice settings, healthcare, and education.
- Acquire cultural capital through exposure to professional theatre in the NYC area.

Writing Minor (Department of English)

Description: The Writing minor allows students to practice the craft of writing in various forms and genres. In the minor, students will participate in a broad range of workshop-based courses, including poetry, fiction, creative nonfiction, journalism, legal writing and business writing. Some courses will focus on creating original, artistic work, and others will be geared toward preparing students for careers involving professional writing or for graduate study.

In the creative writing courses, students will master narrative forms and learn how to structure their own experiences into resonant fiction, creative nonfiction and poetry. In the journalism courses, students will learn how to gather appropriate information, ask pertinent questions and write hard news articles and features. In the academic and professional writing courses, students will practice original research, argumentation and advanced rhetorical strategies.

All courses will be conducted as workshops, so students will regularly present their writing for close review and critique by their professors and peers. This emphasis on close reading, as well as on writing, will strengthen their critical abilities. The Writing minor will allow students to hone their writing skills and to find their own unique voices as they learn to negotiate the demands of specific audiences and genres.

Minor coordinator: Professor Jay Walitalo, Department of English (212.484.1192, jwalitalo@jjay.cuny.edu)

Admission to the minor: Completion of English 201 with a minimum grade of C+, or permission of the Writing Minor Advisor.

ACADEMIC FACILITIES

Lloyd George Sealy Library
212.237.8246
libref@jjay.cuny.edu

Located in spacious quarters on the first two floors of Haaren Hall, the Lloyd George Sealy Library houses the foremost collection of criminal justice materials in the world. Boasting more than half a million books, periodicals, microforms, films and digital collections, the Library integrates historical and contemporary materials to present a balanced view of the criminal justice field. John Jay and CUNY faculty and students as well as scholars, practitioners and members of the legal community from all over the world use this Library.

The main strength of the Library is in criminal justice, fire science, forensic psychology, forensic science, public administration, social sciences and related fields. Resources are extensive and support the research needs of undergraduate and graduate students, faculty and criminal justice agency personnel. The Library holds a number of unique special collections directly related to the mission of the College. Trial transcripts of the New York criminal courts dating from the 1890s to 1927 provide a rich source for the study of history, sociology and law; an extensive collection of police department annual reports from all over the United States invites quantitative and comparative studies. There is also a significant body of material dealing with alcoholism and substance abuse. The Library’s extensive media collection of approximately 3,000 items has many rare titles and supports classroom instruction. More than 6 million volumes of books in 20 separate CUNY libraries supplement the Library’s print resources.

The Lloyd George Sealy Library maintains its own website (www.lib.jjay.cuny.edu) providing the entryway to its digital collections. These include more than 50 general and specialized databases; the full text of more than 25,000 journals and newspapers, U.S. and foreign legal materials; more than 8,000 electronic books; an electronic reserve collection; and a growing collection of images and text digitized from our special collections.

Students can avail themselves of these resources from off campus utilizing the Library’s proxy server at any hour of the day or night. More than 100 networked computers providing access to this material, the online catalog and the Internet are located on the Library’s upper level, along with a classroom equipped for hands-on instruction in utilizing these digital resources.

Personal and professional papers of individuals who have made significant contributions in fields of concern to the College — Burton Turkus, Lewis Lawes, Flora Schreiber, Robert Martinson, Richard Dugsdale and Gary McGivern, to name a few — as well as archives of social, political and investigative agencies, add to the prestige and scope of the collection.

Specialized reference librarians are available to assist Library users with research questions or with using the databases. Circulation and print reserve services are located at the entry level, along with a computer lab for word processing and other office functions; reference collections and administrative offices are on the upper level. The circulating collection, arranged in open stacks to encourage browsing, is housed on both levels. Student study areas are interspersed throughout the Lloyd George Sealy Library.

Instructional Technology Support Services
212.237.8047
itss@jjay.cuny.edu

Instructional Technology Support Services (ITSS) serves as the open-access computing facility for all currently enrolled undergraduate and graduate students. ITSS supports a wide range of software applications, programming languages, tutorial software and course-related programs as well as access to the Internet and to the World Wide Web. Manuals and user documentation are available.
Consultants are available to provide technical assistance and answer user questions.

ITSS also supports the College e-training program, course and departmental web pages, and is a leader in piloting new technologies for campus use. Hands-on workshops in software applications, World Wide Web technology, and computer maintenance are held each semester for faculty, staff and students. A current workshop schedule may be found on the College website under "Instructional Technology Support Services."

ITSS is the site license coordinator for CUNY-purchased, university-wide software licenses. All site-licensed software is for on-campus use by faculty, staff and registered students.

In addition, ITSS houses the Cisco Local Academy and the Microsoft IT Academy, which provide continuing education programs in computing, networking, security and wireless technologies.

Instructional Technology Support Services is open day and evening hours Monday through Thursday and during the day on Friday and Saturday.

Health Professions Adviser
Chairperson of Department of Sciences
212.237.8884

Students interested in pursuing careers in the health professions — medicine, dentistry, optometry, osteopathy, podiatry or veterinary medicine — are able to fulfill the necessary academic requirements at John Jay. Anyone considering these professions should consult with the health professions adviser who serves as the liaison to the professional schools. The adviser will assist these students in planning their academic programs to achieve their goals. Professional schools require all applicants to have a fundamental knowledge of biology, chemistry, physics and mathematics. These subjects are part of the standardized tests that applicants take at the end of their junior year. Because test results, applications and the adviser’s letter of recommendation are usually forwarded by the beginning of the senior year, it is strongly advised that students begin science preparation in the freshman year with Biology 103–104, Chemistry 103–104, and Mathematics 241–242. The health professions adviser is the chairperson of the Department of Sciences.

The Center for English Language Support (CELS) provides instructional assistance to non-native, English speaking students. Instruction is related to academic English language development with emphasis on writing. Each semester, CELS offers individual and small-group tutoring sessions and workshops on topics ranging from improving sentence structure to preparing research papers. Instructors with graduate degrees in teaching English as a second language conduct the tutoring sessions and workshops. CELS also has a large inventory of online instructional modules targeting academic English language skills.
In addition to instructional services, CELS provides testing and placement services for incoming non-native, English speaking students in order to determine their level of English proficiency and to recommend appropriate courses. Professional advice is provided to students on how to study academic English in a second language context. Students are requested to schedule tutoring appointments and register for workshops in advance.

**Writing Center**  
**212.237.8569**

The Writing Center provides tutoring and writing consultation to all undergraduate and graduate students enrolled in the College. Trained tutors work with students on conceptual and sentence level skills, rules of grammar and style. The Center emphasizes formulating a thesis, organizing and developing ideas, documenting American Psychological Association (APA) style, evaluating evidence and revising a paper, and writing specific to the disciplines. State-of-the-art computers, grammar/writing software and a small specialized library of books on writing are available. Students may be referred to the Center by members of the faculty, or arrange tutoring sessions themselves. Throughout the year, the Writing Center offers numerous writing-oriented workshops, some specific to writing in the individual disciplines, as well as intensive CUNY Proficiency Exam (CPE/ACT) preparation. All are conducted by faculty and staff and are open to all students.

The Reading and Study Skills Center is open to every student enrolled at the College. All students registered in COM 101 and 102 are required to complete 10 hours of independent study in the center. Students experiencing difficulty fulfilling the reading requirements of their courses and those who have yet to pass the CUNY Assessment Tests (CAT’s) are interviewed and tested by a staff member of the Reading Center, who provides a weekly tutorial plan. Students enrolled in COM 110 and 120 use the center. All undergraduate and graduate students may avail themselves of these services. The center is located in the Department of Communication and Theatre Arts.

**Mathematics/Science Resource Center**  
**212.237.2869**

The Mathematics/Science Resource Center provides tutoring primarily to students who are taking MAT 105, 108, 141, or higher-level mathematics courses. Tutoring services are also available for Forensic Science and Fire Science majors who are taking biology, chemistry, and/or physics courses. The center is equipped with microcomputers and related software and peripherals that are available to students and faculty for coursework and research projects when they are not serving instructional purposes.

A tutor coordinator is available for consultation on how best to support your learning.

This chapter outlines requirements and procedures for admission consideration to all undergraduate programs including regular and special programs for matriculated students (freshmen, transfer, SEEK, international students, public safety personnel), visiting students, non-degree students and senior citizens.
MATRICULATED STUDENTS

A matriculated student is accepted and recognized by the College as working toward a degree. Students may attend John Jay on a full-time or part-time basis and be considered matriculated students.

Students may apply for admission as matriculated students in the following categories:

- Freshman
- Transfer
- Search for Education, Enlightenment and Knowledge (SEEK )
- International
- Public Safety Personnel (police officers, firefighters, correction officers, etc.)

The deadline to apply for matriculation for the fall semester is February 1st and for the spring semester, it is September 15th. The admission application, application-processing fee and all supporting documents must be postmarked by the dates above. Applications received after this date will be considered on a space-available basis.

REQUIREMENTS FOR ADMISSION

Freshmen

All entering freshmen applicants are considered for admission based on their high school academic average, academic units, SAT or ACT scores and/or GED scores. A diploma from an accredited high school, an equivalency diploma, or a diploma from a United States Armed Forces Institute is required for entrance to the College. A high school certificate or an Individualized Education Program (IEP) diploma is not acceptable.

An applicant for freshman admission must present evidence of having received a high school diploma from an accredited high school. Students from non-English speaking countries must take the Test of English as a Foreign Language (TOEFL) examination (see the International Students section for details). All baccalaureate students must take the Scholastic Aptitude Test (SAT) or ACT prior to admission.

Transfer

Students who have attended a college or postsecondary institution must have a minimum cumulative grade point average (GPA) of 2.0 based on the total number of credits they have attempted/completed. Prospective transfer students with fewer than 24 credits must have a minimum GPA of 2.0, and the prerequisite high school average and academic units for admission to a baccalaureate program.

Visiting Students

Visiting students are students who wish to attend John Jay College while being matriculated at another college. Generally, visiting or permit students must meet the same requirements to register for specific courses as John Jay College students.

All City University of New York visiting students (permits) must apply via the ePermit system of the University at www.cuny.edu. Students must log into the portal and then click on ePermit. This electronic process allows students to select courses and apply for permission from both the student’s home college and John Jay College.

Students from outside CUNY must first seek permission from their own college to take courses at John Jay College. The Visiting/Non-Degree Application is available online at One Stop: http://www.jjay.cuny.edu/nondegree. The completed application, accompanied by the application fee of $65 should be submitted to the Office of Undergraduate Admissions.

Non-degree Students

Non-degree students are accepted on a semester-to-semester basis, depending on space availability. New non-degree students must apply through the Office of Undergraduate Admissions. Students must provide verification of high school graduation or a General Equivalency Diploma (GED), as well as transcripts from all colleges previously attended. Non-degree students must meet the academic achievement standards established for matriculated students.
Public Service Employees

John Jay is a premier educational institution where criminal justice is taught in all its modern complexities and public service is valued as the noble endeavor that it is. The College provides a number of special educational opportunities for members of the New York City Department of Corrections, the New York City Fire Department, the New York City Police Department and other Public Service Law Enforcement organizations.

Students interested in learning more about the requirements and various educational opportunities available should call 212.237.8865 to set up an appointment with a member of the Admissions Office staff. They may also apply directly to the College. Please note that those who do so will be classified as an advance standing student.

Senior Citizens

Senior citizens (age 60 or older) are permitted to audit undergraduate courses at senior colleges on a space available basis, without tuition and fees. Enrolling in a course on an audit basis gives students the right to attend and participate in all aspects of the course without receiving credit for the course. At the conclusion of the course, students are assigned a grade of "AUD," which will appear on their permanent record at the College. The course, however, will have no credit attached to it and will not count toward any degree/certificate program offered by The City University of New York.

Senior citizens may opt to enroll for credit bearing courses, but must do so on the same basis as other matriculated students by paying the applicable tuition charges and related fees.

ACADEMIC SKILLS REQUIREMENTS

For Entering Freshmen

As mandated by the Board of Trustees of The City University of New York (CUNY), all new students are required to meet minimal standards in three skills areas: reading, writing and mathematics, before enrolling at a CUNY senior college. Students can demonstrate that they meet the University’s skills requirement based on SAT, ACT, or New York State Regents test scores or through the CUNY Assessment Test (CAT).

Unless a student is otherwise exempt, the CUNY Assessment Test (CAT) scores will determine if the student meets the minimal competency mandated by The City University of New York. Students who do not pass any the CAT tests will be eligible for additional preparation through the Summer Academy and will have the opportunity to be retested.

CUNY Assessment Test Exemptions

All students must take the CUNY Assessment Test in mathematics. This examination is used for placement purposes for students who are otherwise exempt.

For entering freshman and transfer students

- Entering freshman and transfer students are exempted from the CUNY Assessment Test in Reading and Writing with an SAT verbal score of 480 or higher; a New York State Regents score of 75 or higher; or an ACT score of 21 or higher. Entering freshman and transfer students are exempted from the CUNY Assessment Test in Mathematics with an SAT Quantitative score of 500 or higher; a New York State Regents score of 75 or higher; or an ACT score of 21 or higher. Both freshman and transfer students may also be exempt with a 3-credit, college-level English course and/or Mathematics course or its equivalent with an earned grade of C or better from an accredited college or university. All students are required to take the CUNY Assessment Test in Mathematics. This test is used for placement purposes for students who are otherwise exempt.

- Students who have earned a bachelor’s degree and are pursuing a second degree are not required to take the CUNY Assessment Tests. However, students from international institutions may be required by the College to take the tests upon entry in order to help the College determine their placement in mathematics or language skills courses.

For languages other than those taught at John Jay College, students may apply to a CUNY college that does teach that language for a composition exam. The results will be sent to the John Jay College foreign language department. If the language to be tested is not taught within CUNY, the student can be tested by New York University for a fee.

For additional information on credit by examination, contact the CLEP Administration Center at 800.257.9558 or online at [www.collegeboard.com/student/testing/clep/about.html](http://www.collegeboard.com/student/testing/clep/about.html).

**Military Credit**

Students are generally granted 4 credits for service. The form to apply for credit for service in the United States Armed Forces is available online at [http://jstop.jjay.cuny.edu/](http://jstop.jjay.cuny.edu/).

The College accepts credit evaluations of military training from the American Council on Education (ACE). Original ACE transcripts should be forwarded to Ms. Joan Antonicelli, the College Registrar.

**External Credit for Public Safety Personnel**

External credit is granted for non-collegiate education programs that the College has judged comparable in content and quality to specific courses or areas taught in its departments.

- New York City Police Department officers may receive external credit for the following courses completed with a grade of C or better at the New York City Police Department Academy, provided that these courses have not previously been completed as regular college courses: Police Science 101, 4 credits; Police Science 207, 3 credits; Law 203, 4 credits; Law 204, 4 credits; Psychology 221, 4 credits; Sociology 201, 3 credits; Physical Education 103, 113, and blanket credit, 3 credits; totaling 28 credits.

Graduates of the New York City Police Academy, New York City Fire Academy or New York City Correction Academy may be exempt from the College’s general education requirements provided that they transfer with 28 credits in liberal arts courses from an accredited postsecondary institution. Courses taken at the various academies may not be used toward this exemption.

• Students who have successfully completed a training program that has been evaluated by the College for the award of credit, or a program that has been recommended for the award of credit by the American Council on Education (ACE), must apply to the Office of the Registrar for the application of this credit toward the undergraduate degree. Applicants must provide documentation in support of their requests. A statement or transcript indicating subjects taken, grades received, dates of attendance, and the number of hours of participation must be sent directly to the Office of the Registrar from the agency that has provided the training.

**Equivalent Credit**

Equivalent credit is granted for knowledge gained from either work-related or other qualifying experience. It is the learning and not the experience itself that must be documented to prove that it is at the college level and serves as a valid substitute for the content of a specific course as outlined in this Undergraduate Bulletin. Students must file a formal application for credit with the Office of the Registrar and follow established guidelines. The Equivalent Credit application is available a One Stop: at [http://jstop.jjay.cuny.edu/](http://jstop.jjay.cuny.edu/). Applications for Equivalent Credit are evaluated by the appropriate academic department.

**IMMUNIZATION REQUIREMENTS**

To attend college in New York State, proof of immunization from measles, mumps and rubella or a certificate stating the dates when you had these diseases must be presented prior to enrollment.

New York State Public Health Law also requires that all registered students complete a form acknowledging that they have:

• Received information about meningococcal disease and the vaccine
• Obtained the meningococcal vaccine within the last ten years
• Or decided NOT to obtain the vaccine

**READMISSION**

A student in good academic standing who has not registered for one or more semesters is required to file an application for readmission at least one month before the beginning of the registration period. When the application is processed, the student will receive registration instructions. Readmitted students may be subject to changes in curricular requirements instituted since their last term of attendance. The application for readmission may be downloaded from the One Stop page at [http://jstop.jjay.cuny.edu/](http://jstop.jjay.cuny.edu/).

**Students Applying for Readmission with GPAs less than 2.00**

Students who wish to return to the College with a GPA less than 2.00 must submit an application for readmission through the normal process. The application is reviewed by the Readmission Committee, which assesses the student’s record and makes a decision on whether the student may return to the College. As a part of the readmission process the student is then referred to a counselor (SEEK counselor for SEEK students) for a mandatory readmission session. In this session the student will receive academic advisement, assistance in developing strategies to get off of probation, review study habits and skills and plan the next semester’s schedule. Students then sign a
readmission agreement, which specifies the conditions of readmission and go to the One Stop Service Center to register for the semester.

Students who are denied readmission through this process may submit a written appeal to the Vice President for Student Development.

OFFICE OF THE REGISTRAR GENERAL

INFORMATION

Registering for Classes
All registration is dependent upon course availability and sufficiency of enrollment.

All first-time freshmen must attend a special freshman registration seminar after they have completed their immunization requirement and taken CUNY Assessment Tests. Freshmen attend an orientation immediately preceding the semester when they begin their studies. The date, time and location of the orientation are available from the online Academic Calendar (www.jjay.cuny.edu) or by contacting the Vice President for Student Development at 212.237.8100.

Already enrolled students register online through the CUNY Portal (www.cuny.edu) and eSIMs.

DegreeWorks
All students are advised to review their progress toward their degree in the College’s online advisement system (DegreeWorks). This tool is specific for each student’s major and coursework. DegreeWorks should be reviewed both before and after each semester’s registration to assure that progress is being maintained. DegreeWorks is available through the CUNY Portal at www.cuny.edu.

Schedule of Classes
The Schedule of Classes, listing class meeting hours and instructors, is available online the preceding spring for the fall semester and early summer for the spring semester. The entire class schedule may be accessed online through eSIMS.

Change of Program
Students who register for courses during the Change of Program Period (first week of classes) are responsible for all work assigned from the beginning of the term. They are also subject to the instructor’s attendance policy, beginning with the first class meeting of the semester. Late registrants desiring to purchase texts and complete first- and second-week assignments, should contact their course instructor or the department secretary concerning syllabi and assignments.

Payment of Tuition
Students may view their bill on eSIMS, the University’s online registration system. Bills are not mailed. Payment due dates are listed prominently in eSIMS and on the Academic Calendar. Students who are in receipt of financial aid or other assistance which covers their entire amount due will be processed as paid by the College. Students who have balances due after all credits are applied may make payment online through eSIMS. eSIMS payment may be made either by electronic transfer or by approved credit card. Students who fail to make payment by the due date will have their registrations cancelled by the College and will be given a new registration appointment. Students who register just prior to the first day of classes and during the Change of Program period may have their financial aid delayed.

Students are reminded that outstanding financial obligations to the College and the John Jay Library or CUNY Interlibrary fines must be cleared before registration. Students may be barred from registration and/or graduation until these obligations are fulfilled.

ADDITIONAL LEARNING OPTIONS

Summer Sessions
Summer sessions provide students with an opportunity to take credit-bearing courses to accelerate their program of study or to concentrate on a particular subject. The sessions typically meet from early June through mid-August, and summer courses are equivalent in content,
credit and classroom time to courses offered during the regular academic year. The Summer Schedule of Classes is usually available on the College’s website in March. For additional information concerning summer session, contact the One Stop Center, 212.663.7867.

Winter Session
Between the fall and spring semesters, the College offers a three-week winter session, which is equivalent in all respects to a fall or spring semester. The schedule for the winter session is available as a part of the annual spring registration process.

Online Courses
John Jay College offers a variety of courses via distance learning. Information and a listing of online courses may be accessed on the College’s Home Page under Current Students and Course Search.

For additional information, contact Katherine Killoran, Academic Director of Undergraduate Studies, 212.237.8263, kkilloran@jjay.cuny.edu.

RESIGNATION
Students are academically and financially responsible for all courses for which they register. A student who is unable to meet attendance requirements may request to resign from a course by written application. Appropriate forms are available online at One Stop. Students should be aware that any resignation may affect financial aid loan deferment eligibility and dependent health insurance.

The following details the various resignation options:

- Students may add and drop courses during the first week of the semester either online through eSIMS. Tuition is adjusted automatically according to the College’s policy on tuition and fees. During the second and third week of the semester, students may drop courses electronically through eSIMS. Tuition charges are adjusted according to the refund schedule published in Chapter 8, Tuition and Fees. Students should refer to the Academic Calendar on the College’s Home Page, www.jjay.cuny.edu, for specific tuition liability dates.

- From the fourth to tenth weeks of the semester, students may resign from a course without academic penalty if they file with the Office of the Registrar an Application for Resignation signed by the appropriate course instructor.

- Requests to resign after the tenth week must include medical, occupational, psychological, or other appropriate documentation. Such resignations must be approved by the Registrar.

- Failure to attend class and subsequent failure to withdraw officially can result in a grade of WU or WN (see Chapter 6, Academic Standards).

- Students withdrawing from all courses are required to have an exit interview with a member of the counseling staff.

- In unusual cases, such as those arising from illness or military service, requests for retroactive resignation (resignation after the completion of a semester) may be filed with the Vice President for Enrollment Management. Such applications must include substantial documentation. These applications are reviewed by a committee and the student is notified of the decision in writing.

- The grade of W awarded for an approved resignation is not computed in the student’s grade point average.
GENERAL INFORMATION

Student Responsibilities

Students are responsible for fulfilling the admission, course and program prerequisites and the degree and graduation requirements. They are also responsible for observing the college deadlines, policies, rules and regulations published in this bulletin.

Note: Students in the BA/MA program are classified as undergraduate students until they earn their dual degrees.

Maximum Number of Courses in a Term

Freshmen and sophomores are permitted to register for five courses each semester; juniors and seniors may register for six. Sophomores, juniors and seniors with grade point averages of 3.30 or above may exceed these limits by one course. The forgoing limits may be exceeded by enrolling in a physical education activity course that awards 1 credit. When making decisions about course load, students are encouraged to take into account factors like employment and family responsibilities and to register for the number of courses in which they can expect to do well. Students should plan to spend at least two hours on coursework outside of class for every hour they spend in class.

During summer sessions, students may register for up to 6 credits per session. Students on academic probation may not register for summer session without the approval of the Dean of Undergraduate Studies or the Registrar.

Maximum Course Substitutions

Occasionally, a course required to fulfill the requirements of a major is not offered. A maximum of three course substitutions is permitted for each degree program. Course substitution forms are available at One Stop and online at http://jstop.jjay.cuny.edu. Students seeking a substitution for such a course are to consult with the appropriate department chairperson or program coordinator. The Dean for Undergraduate Studies may also approve a substitute course in the absence of the department chairperson or program coordinator.

Students on Academic Probation

Students who are on academic probation are limited to a maximum of four courses by the Academic Review Committee and may not take courses in the summer session unless approved by the Dean of Undergraduate Studies or the Registrar.

Course Prerequisites

Students must first fulfill the prerequisites specified for any course before they may register for it. The prerequisites required as preparation for coursework at a more advanced level are included in Chapter 2, Courses Offered of this bulletin.
Academic Standards

Note: English 101 is a prerequisite for all courses at the 200-level while English 102 or English 201 is a prerequisite for all courses at the 300-level or above.

Permission to register for a course without first fulfilling its prerequisite(s) may be granted only when a course description specifies that permission of the section instructor may be granted for that purpose. In the absence of the section instructor, the chairperson of the department (or designee) may authorize the prerequisite waiver. Prerequisites may be waived only if, in the judgment of the section instructor (or the chairperson of the department or the latter’s designee), the student is academically prepared for the more advanced course. The English prerequisites may only be waived by the Dean of Undergraduate Studies.

If a course is required in a major or is part of the College’s general education requirements, the student must take the course even if it was waived as a prerequisite for a particular course.

Overall Credit Limitation

Students who have completed 144 or more credits or who have registered for 20 or more semesters will not be permitted to register without the approval of the Vice President for Enrollment Management. Such students must develop a plan to complete their degree requirements with the Vice President. They will be permitted to register only for those courses required for fulfillment of degree requirements.

REPETITION OF COURSES

Prohibited Repetition

A course for which credit has already been granted may not be repeated. Students will not be granted credit toward their degrees for repeated courses.

Required Repetition

Students who receive the grade of F, FIN or WU in a required course must repeat the course at the next earliest opportunity.

Students who do not pass remedial or developmental courses must re-enroll in these courses during the next semester of attendance. The following remedial or developmental courses and their SEEK equivalents are offered at the College:

- English for Academic Purposes EAP 121 and 131
- English-W 100/SEEK English 093 and 094
- Mathematics 100/SEEK Mathematics 095
- Mathematics 103
- Communication Skills 101/SEEK Communication Skills 101
- Communication Skills 102/SEEK Communication Skills 102
- Speech 101

Limitation on the Repetition of Remedial and Developmental Courses

The following policy shall apply in the matter of grades assigned for remedial and developmental courses (see list in Required Repetition section of this chapter):

1. A student shall not be permitted to register at the College if he or she has received two Fs, FINs WUs, WNs or Rs, or any combination thereof in the same course or its SEEK equivalent;
2. After receiving two Fs, FINs WUs, WNs or Rs, or any combination thereof in the same course, students are prevented from registering at John Jay College until they pass the course at a CUNY community college. This decision is final.
3. Students wishing to continue within CUNY must apply to and be accepted by a community college.

Independent Study Courses

Students who wish to undertake independent study under the direction of a member of the faculty must complete an Independent Study Form obtained from One Stop or online. The form must be signed by both the faculty member and the department chair, certified by the Registrar and accepted during the official registration period and prior to the end of the second week of class. Approval is subject
to the academic prerequisites listed in the course description and the following stipulations:

1. The student must have completed 60 degree credits and have a 2.50 grade point average.
2. Students may take only one independent study course each semester, up to a total of four such courses for the duration of their undergraduate enrollment at the College.
3. The instructor must be a full-time member of the faculty.
4. The instructor cannot sponsor more than two independent study courses per semester.

Permission for exceptions to these regulations must be obtained from the department chair and the Vice President for Enrollment Management or the Dean of Undergraduate Studies prior to the registration period. Independent study courses at the 400-level require the additional approval of the Dean of Undergraduate Studies.

Approval to Take Courses on Permit at Other CUNY Colleges

The City University of New York has put in place an e-Permit system designed to help students find, receive approval for, and register for courses at other CUNY colleges. Through e-Permit, students can file an online request and it will be processed online. Students are kept informed of the progress of their permit request throughout the approval process. If a request is rejected, a student will be notified electronically of the reason for the disapproval. To access e-Permit, students should log in to the CUNY homepage (www.cuny.edu). Once on the University homepage, students initially will have to register for a Portal ID and Password and can do so by clicking on "Register" and following the directions. Once registered and logged in, students will find themselves on their own "My Page," which has a link to the e-Permit system prominently displayed.

Through the e-Permit website, students can find listings and descriptions of courses at all CUNY colleges. The CUNY online schedule of classes is accessible through the e-Permit site. It is the student's responsibility to find out whether a selected course is being offered in that semester, whether it fits into the student's schedule, and whether seats are still available. Students are required to use the e-Permit application on the e-Permit website (www.cuny.edu) for all CUNY permit courses. Please note that students are required to submit one e-Permit application for each course they wish to take on permit. When a permit is approved, students will be notified by the host college when they can register. Students must then register for the course at the host college.

Once the permit is approved to another CUNY institution, the credits will be posted to the student’s tuition bill. Payment must be made in full at the Bursar’s Office or One Stop before a student can register at the host institution.
All notifications are e-mailed directly to the student’s college e-mail address. All grades (A to WU) of courses taken on permit at CUNY colleges will be posted to the student’s record and computed into his or her overall grade point average. Students receiving a failing grade (WU, F) for a course taken on permit will not benefit from the CUNY F-grade policy.

Approval to Take Courses on Permit at Non-CUNY Colleges

All students seeking a permit to a non-CUNY institution must make an appointment to see the permit coordinator at the Office of the Registrar. Students must bring a copy of the most recent college catalog of the institution they plan to attend to the appointment. The catalog must have course descriptions of the classes.

Students planning to take courses on permit at a non-CUNY educational institution while enrolled at John Jay College must obtain permission via a paper permit in advance from the Office of the Registrar. Guidelines are available at the Office of the Registrar or by visiting the Registrar’s Office site on the College’s home page, www.jjay.cuny.edu.

Permits to non-CUNY Institutions require that payment be made at the host institution. Students will be liable for the tuition rate of the college they plan to attend outside the CUNY system.

Students are responsible for arranging to have an official transcript sent from the host institution to John Jay College.

ATTENDANCE

Standard Courses

Students are expected to attend all class meetings as scheduled. Excessive absence may result in a failing grade for the course and may result in the loss of financial aid. The number of absences that constitute excessive absence is determined by the individual instructor, who announces attendance guidelines at the beginning of the semester in the syllabus for the course. Students who register during the Change of Program period after classes have begun are responsible for the individual course attendance policy.

Remedial and Developmental Courses

In remedial and developmental courses, students are automatically considered excessively absent if their absences exceed the number of times a class meets in any two-week period and are not eligible for passing grades. In classes that meet once a week, more than two absences are excessive. In classes that meet twice a week, more than four absences are excessive. In classes that meet three times a week, more than six absences are excessive.

The remedial and developmental courses are:

- English for Academic Purposes EAP 121 and 131
- English-W 100/SEEK English 093 and 094
- Mathematics 100/SEEK Mathematics 095
- Mathematics 103
- Communication Skills 101/SEEK Communication Skills 101
- Communication Skills 102/SEEK Communication Skills 102
- Speech 101

Academic Integrity

Note: The following information is excerpted from the CUNY Policy on Academic Integrity. See the Appendix of this bulletin for the complete text of the John Jay College Policy on Academic Integrity, including sanctions, and the complete text of the CUNY Policy on Academic Integrity.

Definitions and Examples of Academic Dishonesty

Cheating is the unauthorized use or attempted use of material, information, notes, study aids, devices or communication during an academic exercise. The following are some examples of cheating, but by no means is it an exhaustive list:

- Copying from another student during an examination or allowing another to copy your work
- Unauthorized collaboration on a take-home assignment or examination
- Using notes during a closed-book examination
• Taking an examination for another student, or asking or allowing another student to take an examination for you
• Changing a graded exam and returning it for more credit
• Submitting substantial portions of the same paper to more than one course without consulting with each instructor
• Preparing answers or writing notes in a blue book (exam booklet) before an examination
• Allowing others to research and write assigned papers or do assigned projects, including use of commercial term paper services
• Giving assistance to acts of academic misconduct/dishonesty
• Fabricating data (all or in part)
• Submitting someone else’s work as your own
• Unauthorized use during an examination of any electronic devices such as cell phones, palm pilots, computers or other technologies to retrieve or send information.

Plagiarism is the act of presenting another person’s ideas, research or writings as your own. The following are some examples of plagiarism, but by no means is it an exhaustive list:

• Copying another person’s actual words without the use of quotation marks and footnotes attributing the words to their source
• Presenting another person’s ideas or theories in your own words without acknowledging the source
• Using information that is not common knowledge without acknowledging the source
• Failing to acknowledge collaborators on homework and laboratory assignments

Internet plagiarism includes submitting downloaded term papers or parts of term papers, paraphrasing or copying information from the Internet without citing the source, and “cutting and pasting” from various sources without proper attribution.

Obtaining Unfair Advantage is any activity that intentionally or unintentionally gives a student an unfair advantage in the student’s academic work over another student. The following are some examples of obtaining an unfair advantage, but by no means is it an exhaustive list:

• Stealing, reproducing, circulating or otherwise gaining advance access to examination materials
• Depriving other students of access to library materials by stealing, destroying, defacing, or concealing them
• Retaining, using or circulating examination materials, which clearly indicate that they should be returned at the end of the exam
• Intentionally obstructing or interfering with another student’s work

Falsification of Records and Official Documents. The following are some examples of falsification, but by no means is it an exhaustive list:

• Forging signatures of authorization
• Falsifying information on an official academic record
• Falsifying information on an official document such as a grade report, letter of permission, drop/add form, I.D. card or other college document

** The P grade is not computed in the grade point average and is authorized only for:

1. Remedial and developmental courses
2. Non-remedial courses for which the P grade is designated in the course description in this undergraduate bulletin
3. Courses taken on a Pass/Fail Option
   (see page 227).

OTHER GRADES

Grade of AUD (Senior Citizen’s Audit)
The grade of AUD is assigned when a senior citizen registers for a course. Enrolling in a course on an audit basis gives the student the right to attend and participate in all aspects of the course without receiving credit for the course. The course will not count toward any degree or certificate program offered by The City University of New York.

Grade of INC (Incomplete)
The grade of INC (Incomplete) is given by an instructor only when there is reasonable expectation that a student will successfully complete course requirements. If this grade is unresolved by the end of the following semester, it will automatically convert to the grade of F although students have until one calendar year after the end of the semester to resolve the INC.

Degree candidates should be aware that an INC grade received during their last semester in courses required for graduation will result in the postponement of graduation.

GRADE OF FIN (Incomplete Changed to F)
The grade of FIN (Incomplete Changed to F) is given when an Incomplete grade is turned into an F (FIN). Undergraduate students who receive and “INC” grade at the end of any semester have up to one year to complete the work for the course and receive a grade.

The Registrar’s office will convert all “INC” grades to an “FIN” at the end of the next semester if the “INC” is not resolved.

Resolving the grade of INC through make-up examinations
The procedure outlined here is initiated when a student has received the grade of INC because of absence from a final examination.

All make-up final examinations given after the completion of the semester are processed and administered by the Office of the Registrar. The scheduled date for make-up examinations is published in the Undergraduate Academic Calendar on the College’s home page (www.jjay.cuny.edu). Students must submit applications at least two weeks prior to the examination date. Applications require the written authorization of the course instructor together with the required fee. Students are required to present their College I.D.’s for admission to make-up examinations.

Grade of W (Withdrawal)
The grade of W indicates withdrawal without penalty. It is assigned by the Office of the Registrar upon approval of an Application for Resignation filed by the deadline as indicated in the Undergraduate Academic Calendar (usually in the tenth week of classes). A grade of W is not computed in the grade point average. W grades may affect student eligibility for financial aid.

Grade of WA (Administrative Withdrawal)
The grade of WA is assigned by the Office of the Registrar when a student fails to comply with the Proof of Immunization Policy of the College. The grade of WA is not computed in the grade point average. WA grades may affect student eligibility for financial aid.

Grade of WU (Withdraw Unofficially)
The grade of WU is assigned by the instructor when a student has ceased attending class and has not submitted an Application for Resignation. The grade is computed as a failure (0.0) in the grade point average, which may result in the adjustment of financial aid funds. Students who want to withdraw from a class are therefore advised to submit an official Application for Resignation to One Stop prior to the end of the tenth week of classes.
Academic Standards

Grade of WN (Never Attended)
The grade of WN is assigned by the instructor when a student is registered for a course but never attended. The grade is a non-penalty grade similar to a “W” but it will have an effect on the student’s financial aid for the semester.

Grade of PEN (Pending)
The PEN grade is recorded when a faculty member suspects or determines that an academic integrity violation has taken place that warrants formal intervention. The faculty member submits a Faculty Report of Alleged Violation of Academic Integrity Policies to the Academic Integrity Officer of the College, who notifies the Registrar so that the Registrar can record a PEN grade to prevent withdrawal from the course by the student in question. A PEN grade is removed or changed when the applicable consultation, appeal, and/or adjudication processes are complete. In the event that the alleged violation is withdrawn in the student’s favor, the student will have the right to withdraw from the course based on the date that the violation form was filed. For further details on the PEN grade, see the John Jay College Policy on Academic Integrity in the Appendix of this bulletin.

Grade of R (Repeat)
This grade is assigned to students who have attended class regularly and completed course requirements but have not demonstrated sufficient progress to justify a passing grade. The grade is awarded only for remedial or developmental courses. This grade is not computed in the grade point average. Students who receive the grade of R must repeat the course in the very next semester of attendance.

Pass/Fail Option
Upon completion of 60 credits, students with a grade point average of 2.0 and higher may take one course a semester under a Pass/Fail Option, for a total of four such courses. The Pass/Fail Option may be applied to all courses except courses satisfying the College’s general education requirements and courses in the student’s major. Application for the Pass/Fail Option must be made at One Stop before the conclusion of the second week of classes; in summer session, at the end of the first week of classes; and in winter session before the third class. Once granted, this option is irrevocable. Grades of P received for a Pass/Fail Option are not computed in the grade point average. Grades of F are computed as a zero in student grade point averages.

Remedial and Developmental Courses
The only grades authorized for the courses listed below are P, R, F, W, WU, and INC. However, at the discretion of certain academic departments, the grade of A may be given in place of the grade of P.

- English for Academic Purposes EAP 121 and 131
- English-W 100/SEEK English 093 and 094
- Mathematics 100/SEEK Mathematics 095
- Mathematics 103
- Communication Skills 101/SEEK Communication Skills 101
- Communication Skills 102/SEEK Communication Skills 102
- Speech 101

Change of Final Grade
Application for a change of grade assigned by a member of the faculty may be made at any time within one year from the end of the semester in which the course was taken. This request may be made by either the student or the instructor. The procedures outlined below apply to the change of grades of A, A–, B+, B, B–, C+, C, C–, D+, D, D–, F, FIN, WU and P.

Application for Change of Final Grade
Students seeking a change of a final grade must file a Request for Change in Grade Form with the Office of the Registrar, which will forward the form to the appropriate instructor. If the requested change is approved, the faculty member enters the change on the form, has it countersigned by the department chairperson, and returns it to the Office of the Registrar, which will enter the change in the student’s record.

Faculty members who initiate such a change must file a Change of Grade Form, including the reason for the change, have the application countersigned by the department chairperson, and forward the completed form to the Office of the Registrar, which will process the change and notify the student.
Appeal for Change of Final Grade

In the event that the faculty member reaffirms the final grade, the student has the right to appeal to the Grade Appeals Committee of the relevant department. To initiate this procedure, the student must first appear at the Office of the Registrar to request this further review. The Office of the Registrar forwards the pertinent materials to the departmental Grade Appeals Committee and notifies the instructor of the action. A meeting is scheduled at a time convenient to all so that both parties may present their positions. The Grade Appeals Committee submits its decision and reasons for its judgment in writing to the Office of the Registrar. The decision of this committee is final.

Change of INC to Administrative FIN

The grade of FIN is assigned by the Office of the Registrar when an INC (Incomplete) remains unresolved at the end of the semester following the term in which the course was taken. Students have up to one year after the completion of the semester to have the INC/FIN changed.

Appeal by Student

The student should contact the instructor or the department chair in the absence of the instructor, to appeal the grade of F resulting from an unresolved Incomplete. If both the instructor and the student agree on the course of action, the student completes the coursework, and a change of grade form is filed with the Office of the Registrar. This process must be completed within one year after the last day of classes of the semester in which the Incomplete was received.

Students who have extraordinary circumstances may appeal the deadline in writing to the Dean for Undergraduate Studies for transmittal to the Faculty Grade Appeals Subcommittee of the Academic Standards Committee. The decision of this subcommittee is final.

Appeal by Faculty

An appeal instituted by a member of the faculty to change an administrative F must indicate that the work required to resolve the INC grade was in the instructor’s possession prior to the deadline date.

Grade Point Average (GPA)

The grade point average is computed by multiplying the numerical value of grades A, A–, B+, B, B–, C+, C, C–, D+, D, D–, F, FIN, WU, and WN with the number of credits of each course, which yields the number of quality points. The number of quality points is then divided by the total number of attempted credits to yield the grade point average. For example, the grade point average of a student who has attempted 30 credits with grades ranging from A to WU is calculated as follows:

<table>
<thead>
<tr>
<th>Number of Credits</th>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>6</td>
<td>X</td>
<td>A (4.0)</td>
</tr>
<tr>
<td>3</td>
<td>X</td>
<td>A– (3.7)</td>
</tr>
<tr>
<td>4</td>
<td>X</td>
<td>B+ (3.3)</td>
</tr>
<tr>
<td>3</td>
<td>X</td>
<td>B (3.0)</td>
</tr>
<tr>
<td>3</td>
<td>X</td>
<td>C+ (2.3)</td>
</tr>
<tr>
<td>8</td>
<td>X</td>
<td>C (2.0)</td>
</tr>
<tr>
<td>1</td>
<td>X</td>
<td>D (1.0)</td>
</tr>
<tr>
<td>1</td>
<td>X</td>
<td>F (0.0)</td>
</tr>
<tr>
<td>1</td>
<td>X</td>
<td>WU (0.0)</td>
</tr>
</tbody>
</table>

30 81.2

The total number of quality points – 81.2 – divided by the total number of attempted credits – 30 – yields a grade point average of 2.70.

Repetition of Failed Courses and the Grade Point Average

Beginning in the fall 1990 semester and in any semester thereafter, the grade of F, WU or WN is not computed in the grade point average when a student repeats the failed course and receives a grade of C- or better. The original F, WU or WN, however, remains on the student’s official transcript. The number of failing credits that can be omitted from the grade point average in this manner is limited to 16 for the duration of the student’s undergraduate enrollment in the institution.
Grade Point Average Required for Enrollment in Graduate Courses

Seniors with a grade point average of 3.0 or higher may, upon the recommendation of the academic department concerned and the approval of the Dean of Graduate Studies or the Registrar, enroll for a maximum number of 6 credits of graduate courses for undergraduate credit at no additional fee.

Only one 3-credit graduate course may be taken in a semester. These courses may not count toward the master’s degree if they have served to fulfill baccalaureate degree requirements.

RETENTION STANDARDS

Grade Point Average Required for Continued Enrollment

Students must meet specific grade point average requirements at specific levels of credit to remain in good standing.

Academic Probation

Students with grade point averages that fall below the required minimum may be placed on academic probation. During this probationary period, students who make satisfactory academic progress will continue to maintain their academic standing with the College and their concurrent eligibility for financial aid.

Probation Students

Students should meet with their advisers several times during the semester. Advisers will support students in making good academic progress in their classes, prepare them for registration, and help students in planning their course of study. Students who have less than 30 credits should contact the Academic Advisement Center (212.237.8120). Students who have over 30 credits should contact the Department of Counseling (212.237.8111).

Dismissal

The academic records of students who fail to meet the minimum retention standards are reviewed each semester by the Academic Review Committee, which determines whether there has been satisfactory progress toward meeting required standards. Students who, in the judgment of the committee, have not made adequate progress are dismissed from the College. Upon dismissal, a student may not enroll at John Jay College for at least one year. There is no presumption that students will be readmitted after one year.

Students who receive two Fs, FINS, WUs, Rs or WNs, or any combination thereof in remedial or developmental courses are not permitted to continue at the College. (For a list of these courses, see the Remedial and Developmental Courses section of this chapter.) Students may not appeal the denial of registration. Students may apply for readmission after completing the equivalent remedial or developmental course at a community college.

Students who do not pass the CUNY Assessment Tests (CAT) by the 60th credit may be barred from registering until they pass the CAT.

Reinstatement after Dismissal

Students who have been dismissed from the College because of academic failure may seek reinstatement after one year. The process for reinstatement is initiated by the submission of an application for readmission and payment of a $10.00 processing fee to One Stop. Deadline dates are available on the Academic Calendar on the College’s home page, www.jjay.cuny.edu. Deadlines are strictly enforced. Students are encouraged to reapply as early as possible.

The application is reviewed by the Readmissions Committee, a decision is made and the student is notified in writing.

Students who are considered appropriate candidates are referred to a counselor (SEEK Counselor for SEEK students). For more information see Chapter 5, Admission and Registration. A student approved through this process is admitted to the College on academic probation and must follow the plan developed in the counseling
interview which is formalized as a signed agreement. Failure to meet the conditions of this agreement may result in permanent dismissal.

GRADUATION

Students are encouraged to use DegreeWorks, an online tool, to track their academic progress towards graduation. DegreeWorks is available through the CUNY Portal at www.cuny.edu.

Requirements

Candidates for the associate degree must complete at least 60 credits and candidates for the baccalaureate degree must complete at least 120 credits to obtain a degree. All degree candidates must have completed all required courses, fulfilled the requirements of their majors, achieved at least a cumulative grade point average of C (2.00), and cleared all accounts with the College. Students are required to complete at least 30 credits at John Jay as well as 50 percent of their major. Students are also required to pass the CUNY Proficiency Examination (CPE) to receive any undergraduate degree.

Candidates for degrees are reminded that grades of INC assigned during the last semester of attendance in courses required for graduation will result in the postponement of graduation.

Application

Candidates must submit applications for their degrees by the date prescribed in the Undergraduate Academic Calendar (available on the College’s Home Page at www.jjay.cuny.edu). Spring semester candidates must demonstrate the potential for satisfying the requirements of the degrees for which they apply.

Commencement

Students who have filed for graduation and have two courses or less to complete their degree requirements at the end of the summer session following the annual spring commencement, as certified by the Registrar’s Office, may attend the commencement ceremony if both of the following conditions are met at the time of the Office of Registrar certifies the graduation list:

- The student has registered for and paid for the required course(s) during the summer session
- The student has a minimum GPA of 2.00 (3.00 for graduate students).

Students who are prospective summer graduates would be listed as such in the graduation program.

Diplomas

Students are advised in writing to pick up their diplomas. Prior to picking up their diplomas, students must clear all outstanding obligations to the College including exit interviews for loan programs. Outstanding obligations to the College will prevent students from receiving verification of their graduation.

7 Academic Honors, Awards & Special Opportunity Programs

SPECIAL OPPORTUNITY PROGRAMS

Ronald McNair Program
Department of African-American Studies

Application required
This program aims to foster graduate education, especially in a doctoral program of study for first generation, low-income college students from underrepresented groups (African-American, Hispanic, Native American, and Pacific Islander). To apply for this program, a student must be entering junior year with a 3.0 grade point average or better, must come from a low-income background and be a first-generation college student or member of a group under-represented in graduate education. For an application, please call 212.237.8760.

DISTINGUISHED STUDENTS PROGRAM

Application required
The Distinguished Students Program is designed to support academically gifted students and to refine their leadership potential as public servants. The program provides participants with an enriched educational experience that incorporates service activities such as peer tutoring and mentoring as well as leadership training and research internships. Each year, approximately 20 entering freshmen are selected for entrance into the program. Distinguished students are offered two tuition-free courses each summer that are not open to the general college population. They also have priority scheduling for course registration and are eligible for on-campus employment. For an application, please call 212.237.8553.

HONORS

Dean’s List
Students are eligible for the Undergraduate Dean’s List if they have:

- Passed or been exempted from all three assessment exams (reading, writing and mathematics)
- Earned a 3.35 cumulative GPA and a 3.5 GPA calculated over the past academic year
- Had no grade of INC or WU during the past academic year
- Taken 18 credits during this period, none of which consisted of pass/fail, remedial or developmental coursework

The Undergraduate Dean’s List is based upon the credits and grade point average recorded by the Office of the Registrar at the conclusion of the spring term for the previous academic year, a period that includes the summer session(s), fall term and spring term. Designation for the Undergraduate Dean’s List is finalized on June 30 and published during the subsequent fall semester. For more information, please call 212.237.8553.

The College recognizes its outstanding students in a variety of ways: placement on the Dean’s List, granting of general college honors and honors in the major, induction into honorary societies and admission to special programs that enhance a student’s education by providing opportunities for faculty mentorship, advanced research and/or other individualized projects.
Graduation with Honors

Baccalaureate students qualify for three levels of academic honors awarded at graduation:

- **Summa cum laude** (with highest distinction), awarded to students whose cumulative grade point average is at least 3.8
- **Magna cum laude** (with great distinction), awarded to students whose cumulative grade point average is at least 3.5
- **Cum laude** (with distinction), awarded to students whose cumulative grade point average is at least 3.2

This distinction will be noted on the student’s transcript.

To be eligible for graduation with honors, a student must complete at least 56 credits at the College. Students who entered the College with an associate degree qualify for these honors with a minimum of 52 credits earned at the College. All courses and earned grades obtained at John Jay enter into the computation of the GPA.

Honors in the Major

To qualify for honors in the major, a student must have completed the credit requirements for the major and have earned at least a 3.5 cumulative grade point average in courses above the 100-level in the major. Credit for courses required as prerequisites for major courses and transfer credits applied to the major will not be calculated into the major cumulative grade point average. Students must have also earned at least a 3.2 overall cumulative grade point average. This honor will be noted on the student’s transcript.

Valedictorian and Salutatorian

The valedictorian and salutatorian for commencement exercises are chosen from among the June baccalaureate candidates and the graduates of the previous August and February. The two students with the highest grade point averages are awarded these distinctions.

In the event of identical grade point averages, the students with the greatest number of credits earned at John Jay College (up to 120 credits) will be designated valedictorian and salutatorian. In the event that two students have identical grade point averages and have earned the same number of credits at the College (up to 120 credits), they will be declared co-valedictorians and no salutatorian will be designated. In the event that three or more students have identical grade point averages and have earned the same number of credits at the College (up to 120 credits), the valedictorian and salutatorian will be selected by the Committee on Undergraduate Honors, Prizes and Awards.

TUITION

Tuition rates for undergraduate students are established by the Board of Trustees of The City University of New York. All fees and tuition charges listed in this bulletin and in any registration materials issued by the College are subject to change without prior notice by action of the Board of Trustees of The City University of New York.

In the event of any increase in fees or tuition charges, payments already made to the College will be treated as partial payment. Students will be notified of the additional amount due and the time and method of payment. Students who have not paid all fees and tuition by the time indicated will not be considered registered and will not be admitted to classes.

NOTES: For the purposes of determining tuition charges, a student is considered a resident of the State of New York if the student has a principal place of abode in the State of New York for a period of at least 12 consecutive months immediately preceding the first day of classes for the semester with respect to which the residency determination is made. Such a student must state an intention to live permanently and maintain a principal place of abode in New York State. Residence in a dormitory, hotel, or other temporary housing facility does not in itself establish New York State residency. The College may require appropriate documentation to verify residency status.

TUITION REFUNDS

Students who drop courses during the refund period (first three weeks of the semester) will automatically be processed for refunds based on the date of the transaction. The date on which the application is filed is considered to be the official date of the transaction. Non-attendance in classes does not waive the tuition liability incurred at registration. Students should allow approximately eight weeks for refund checks to be processed and mailed.

Administrative Cancellations

Outstanding Debts to the College

Students with outstanding debts to the College may not register for a succeeding semester until the debts are cleared. Personal checks in payment of delinquent accounts will not be accepted during the registration period. Transcripts and diplomas shall not be released with outstanding liabilities with the College.

Returned Check Policy

Checks returned unpaid to the College by a financial institution, no matter the amount or reason for the return, will automatically incur a $15 reprocessing fee in addition to the original obligation. The Bursar will attempt to notify the student or former student who submitted the returned check to provide information on making payment. Full payment must be made within two weeks of the date of the check being returned to the College. Failure to meet this deadline will result in an additional $15 Late Payment Service Fee and, in some cases, that account being turned over to the College’s collection attorneys for appropriate action. The Bursar will not accept checks in payment of tuition or fees, even if the student wishes to use someone else’s check.

If the financial institution supplies a letter to the College admitting error on its part, the student will have his/her check writing privileges restored. A student who fails to pay tuition or other obligations will be denied access to his/her records and will be prevented from registering in the future.

The City University of New York Policy on Withholding Student Records

Students who are delinquent and/or in default in any of their financial accounts with the College, the University, or an appropriate state or federal agency for which the University acts as either a disbursing or certifying agent, and students who have not completed exit interviews as required by the Federal Perkins Loan Program, the Federal Family Education Loan Programs, the William D. Ford Federal Direct Loan Program and the Nursing Student Loan Program, are not permitted to complete registration, or be issued a copy of their grade, a transcript of academic record, certificate or degree, nor are they to receive funds under the federal campus-based student assistance programs or the Federal Pell Grant Program unless the designated officer, in exceptional hardship cases and consistent with federal and state regulations, waives in writing the application of this regulation.

This is a New York State tuition assistance program for active members of the New York Army National Guard, the New York Air National Guard and the New York Naval Militia. It provides tuition assistance for active members enrolled in a first degree program of study. The award covers tuition after all other financial aid has been applied to the tuition charges. Students must apply for federal and state aid and file a DMNA 96-1 form, which can be obtained from their individual National Guard unit. Continuation of the award will be dependent on good military standing, making satisfactory progress toward the degree and on maintaining good academic standing for financial aid purposes.

**William D. Ford Federal Direct Loan Program (Unsubsidized)**

These loans are available directly from the federal government to undergraduate students who need additional funds. Students may borrow up to $11,500 per academic year. An origination fee of 1.5 percent of the loan amount is deducted from the amount borrowed. The interest rate is fixed at 6.8 percent. Two repayment options for interest are available. Students may begin repayment while still attending school by paying the interest, with repayment of the principal deferred until after graduation or termination of attendance, or, interest may be added to the principal, with repayment of the principal and interest deferred until after graduation or termination of attendance. The aggregate total that may be borrowed from this program is $31,000 subsidized loan for dependent students and $57,500 aggregate sub for independent students.

**Direct PLUS (Parent Loan for Undergraduate Students)**

These are loans parents may obtain to help pay the cost of education.
for their dependent undergraduate. The maximum that can be borrowed is equal to the cost of attendance minus any other financial aid received. Interest accrues while the student is in school. There is an origination fee of 4 percent of the loan principal that will be deducted proportionately from each loan disbursement. The interest rate is currently 7.9 percent. There is no grace period.

**Application process:** Students who wish to apply for a Direct Loan must first submit their FAFSA application and then must complete a Direct Loan entrance counseling session on the web. The Federal Direct Loan application can be filed electronically through the CUNY Portal at [www.cuny.edu](http://www.cuny.edu). Students must login in order to submit the application.

### Alternative Loans

These loans of last resort are private lender loans for students who may not be eligible for Federal Direct Student Loans or for students who are eligible and need additional funds to help meet additional educational expenses including tuition and housing. The amount that a student may borrow is limited to the “cost of attendance” as determined by federal approved standard budgets. All applicants are subject to credit review and/or may require a co-signer. Students who do not have eligible citizenship status for federal financial aid may borrow an Alternative Loan if they have a co-signer with eligible citizenship status. Interest is variable and may be as high as 18-21 percent.

**Application process:** Students who wish to apply for an Alternative Loan must also submit a FAFSA application prior to application for the loan.

Awards are currently funded at $1,000 per year and are renewable for the length of the degree program, as long as the student continues to meet eligibility criteria.

### TUITIONPAY MONTHLY PAYMENT PLAN

**1-866-267-CUNY or www.TuitionPay.com/cuny**

The City University of New York and John Jay College have developed a monthly payment plan to help students finance their education. Under this plan, students pay their tuition in monthly installments. There is no interest, no finance charges, only a low annual enrollment fee. Information is available at the Financial Aid Office, by phone or online.
ACADEMIC REQUIREMENTS FOR FINANCIAL AID

There are academic standards that must be maintained for continued receipt of aid. At present, there are two sets of requirements, one for TAP (Tuition Assistance Program), and another for Title IV Aid, which includes Federal Pell, Federal Work Study, Federal Perkins Loan and Federal Direct Loans.

Academic Qualifications for TAP

Students qualify for their TAP award each semester by enrolling as a full-time student. The student must be registered for at least 12 credits that are part of their individual major requirements at the College. Please use Degree Works at www.cuny.edu.

The academic guidelines are divided into two areas: Program Pursuit and Rate of Progress. Students must follow both sets of rules in order to receive a TAP award each semester.

Program Pursuit

Program Pursuit requires all students to complete a certain number of courses each semester. A course is considered completed when a grade of A, A–, B+, B, B–, C+, C, C–, D+, D, D–, P (Passing) or F (Failing), is awarded at the end of the semester. Grades of W (Withdrawal), WU (Unofficial Withdrawal), WA (Administrative Withdrawal), WN (Withdrawal – Did not attend), FIN (Incomplete Changed to F) or INC (Incomplete) indicate that a course has not been completed.

Students enrolled for their first semester at the College must be enrolled for at least 3 credits and 12 equated hours to qualify for TAP. During their second semester at the College students must be enrolled for at least 6 credits and 12 equated hours to qualify for TAP. Students who are receiving a first- or second-semester TAP award must complete at least 50 percent (6 credits or the equivalent) of a full-time load in order to receive a TAP award for the next semester. Students who are receiving a third- or fourth-semester award must complete at least 75 percent (9 credits or the equivalent) of a full-time load in order to receive a TAP award for the following semester. Students who are receiving a fifth through eighth payment must complete a full-time load (12 credits or the equivalent) in order to receive the next TAP payment. (Note: Students who have received four semesters of TAP awards as undergraduates must complete a minimum of 12 credits per semester in order to be eligible for the next TAP award.) Before withdrawing from any course, students should see a financial aid counselor in order to learn what effect the withdrawal will have on the next TAP award.

Rate of Progress

The Rate of Progress rules are in addition to the Program Pursuit rules. Students must follow both sets of rules in order to receive a TAP award each semester. Rate of Progress requires that a student earn (pass) a certain number of credits before receiving each TAP award. In addition, students must also maintain a certain grade point average (GPA).

There are academic standards that must be maintained for continued receipt of aid. At present, there are two sets of requirements, one for TAP (Tuition Assistance Program), and another for Title IV Aid, which includes Federal Pell, Federal Work Study, Federal Perkins Loan and Federal Direct Loans. The academic requirements for each award are as follows:

To receive each TAP payment:

- credits counted must meet degree requirements you are enrolled in
- you must have completed a specific number of credits in prior term
- you must met a specific number of total credits
- you must maintain a minimum GPA (grade point average)

**“C” Average Requirement**

In addition, a student who has received four semesters of TAP payments must maintain a grade point average (GPA) of 2.0 or better. This requirement is in effect for each semester that a subsequent TAP payment is made.

**ACADEMIC REQUIREMENTS FOR TITLE IV FINANCIAL AID**

To be considered to be making satisfactory academic progress toward a degree, an undergraduate student must meet the GPA required for good academic standing at the institution (2.0 or better). The student must also:

- accumulate credits toward the degree greater than or equal to two-thirds the cumulative credits attempted at the institution,
- not have attempted more than 150 percent of the credits normally required for the completion of the degree.

Students will be measured against the satisfactory academic progress standard at the end of the spring term to determine eligibility for the receipt of Title IV student financial assistance for the upcoming year.

**Financial Aid Waiver**

Students who believe they are unable to meet the academic standards because of extraordinary extenuating circumstances, which can be documented, may request a waiver from the regulations in order to receive their next financial aid payment. Waivers are granted through the Financial Aid Waiver Committee. Information on how to submit a request to this committee is available in the Financial Aid Office.

**Students on Academic Probation**

Students with grade point averages that fall below the required minimum (see section on Retention Standards) will be placed on academic probation. During this probationary period, students who make satisfactory academic progress will continue to maintain their academic standing with the College and their concurrent eligibility for federal financial aid. Students who are on probation for the subsequent year will not be eligible for federal financial aid.

**Readmit Students with a GPA Below 2.0**

Students with grade point averages below 2.0 who are readmitted to the College are not eligible to receive student loans until their GPA is again above 2.0. Students who have extenuating circumstances, which can be documented, may apply for a waiver from this regulation. Information on how to submit a request for a waiver is available in the Financial Aid Office.
WITHDRAWALS AND THE RETURN OF TITLE IV FUNDS

As part of the Higher Education Amendments of 1998, Congress passed new provisions governing what happens to a student’s federal financial assistance if a student completely withdraws from school in any semester. The policy covers all federal loan programs, including Federal Perkins Loan and Federal Direct Loans, but does not affect Federal Work Study.

During the first 60 percent of the term, students earn Title IV funds in proportion to the time they are enrolled. If a student receives more aid than he/she earned, the unearned portion must be returned to the Department of Education. If a student receives less aid than the amount earned, he/she may be eligible for a late disbursement. The new law assumes that a student “earns” federal financial aid awards directly in proportion to the number of days of the term the student attends classes. If a student completely withdraws from school during a term, the school must calculate according to a specific formula the portion of the total scheduled financial assistance the student has earned and is therefore entitled to receive up to that point in time. If a student receives (or the College receives on the student’s behalf) more assistance than the student has earned, the unearned excess funds must be returned to the Department of Education. If, on the other hand, the student receives (or the College receives on the student’s behalf) less assistance than has been earned, the student may be able to receive those additional funds.

The portion of federal grants and loans a student is entitled to receive is calculated on a percentage basis by comparing the total number of days in the semester to the number of days the student completed before withdrawing from classes. For example, if a student completes 30 percent of the semester, the student earns 30 percent of the assistance the student was originally scheduled to receive. This means that 70 percent of the scheduled awards remain unearned and must be returned to the federal government.

Once a student has completed more than 60 percent of the semester, the student can be said to have earned all (100 percent) of the student’s assistance. If a student completely withdraws (either officially or unofficially) before this point, the student may have to return any unearned federal funds that may have already been disbursed.

If a student has received excess funds that must be returned, the College shares with the student the responsibility of returning those excess funds. The College portion of the excess funds to be returned is equal to the lesser of

- the entire amount of the excess funds, or
- the student’s total tuition and fee charges multiplied by the percentage of unearned funds.

If the College is not required to return all the excess funds, the student must return the remaining amount. Any loan funds that a student must return must be repaid according to the terms of the student’s promissory note. If a student must return any grant funds, the law provides that the amount to be repaid be to be reduced by 50 percent. This means that the student only has to return half of any excess funds he/she receives.

Any amount that a student has to return is considered a federal grant overpayment. The student must either return that amount in full or make satisfactory arrangements with either the College or the Department of Education to repay the amount. The student must complete these arrangements within 45 days of the date of the College’s notifying him/her of the student’s overpayment status or risk losing eligibility for further federal financial assistance.
STUDENT LIFE

Student Body

John Jay’s exemplary student body of 15,000 reflects the ethnic diversity of New York City itself. Of the nearly 3,000 first-time freshmen enrolled in 2009, 15 percent were born outside the United States. They came from places like the Dominican Republic and Trinidad…from Poland, Ukraine, Albania, and Uzbekistan…and from Sierra Leone and Liberia. Many grew up in homes where the first language spoken was Russian, Chinese, Polish or Spanish; 46 percent are first generation in college.

John Jay’s students are drawn primarily from New York City’s five boroughs. An online student experience survey conducted in winter 2008-09 found that 90 percent ranked the statement, “the college offered programs or majors that interest me,” as the number one reason for attending John Jay; 78 percent rated their experience at John Jay as good or excellent; and 63 percent of entering freshmen had listed John Jay as their first choice in colleges.

The College also serves as the most significant teaching and training center in the New York metropolitan area for the continuing education of members of the uniformed services and employees of government agencies responsible for criminal justice, fire safety and other public services.

Campus

John Jay’s campus is located along the east and west sides of Tenth Avenue from 56th Street to 59th Street with Haaren Hall, North Hall and Westport as its focal points. These buildings house the classrooms, administrative offices, labs and other special venues of the College. Its fitness and recreational facilities include a cardiovascular fitness center, tennis court, outdoor running track and an NCAA-regulation swimming pool. Haaren Hall also houses the 611-seat Gerald W. Lynch Theater, a state-of-the-art space that provides an auditorium for college events as well as a stage for professional theatre companies.

Neighborhood

At John Jay, students are just a short walk from two of the world’s most renowned centers for music and dance – Carnegie Hall and Lincoln Center. This Westside neighborhood is dotted with dozens of cafés and coffee houses. On balmy spring days, Central Park beckons for anyone who wants to jog around the Reservoir or wander its shaded paths.

John Jay is also near the Time Warner Center, a 21st-century shopping and transportation hub where a MetroCard will take you downtown to Greenwich Village and the art galleries of Soho, uptown to the Museum of Natural History, the Cloisters and the Metropolitan Museum of Art, not to mention to Times Square, Broadway and even out to Coney Island’s boardwalk.

Graduate School Planning

Career advisers offer one-on-one advising to students relative to identifying and applying to graduate or professional schools matching their career path through various resources. In addition, information detailing reasons for applying to graduate school as well as requirements for master’s and doctoral degrees, prep tests, letters of recommendation and graduate school fairs can be obtained to help guide students in this decision-making process. Students are connected with graduate and professional schools through referrals, events, publications, information technology and on-campus interviews.

College Opportunity to Prepare for Employment (COPE) Program

212.237.8018 or 212.237.8017

The COPE Program is funded by and operated in collaboration with the Family Independence Administration (FIA) of the City of New York Human Resources Administration (HRA). Services are available to anyone who is a current or former CUNY student applicant and receives public assistance cash benefits (Temporary Assistance to Needy Families, Safety Net Family Assistance, Safety Net Single Assistance), or meets federal income guidelines for families with income under 200 percent of the federal poverty level. COPE’s mission is to aid these students to successfully navigate through college and obtain gainful employment leading to economic self-sufficiency.

In accordance with this mission, COPE offers comprehensive services to program participants. COPE also assists all students, whether or not they are on public assistance, with issues related to the Agency for Child Development (ACD), food stamps, housing and other social service concerns. In this endeavor, COPE aids students in completing forms for ACD, food stamps and housing. Realizing the difficulty and stress that is related to successfully meeting HRA requirements while remaining in satisfactory academic standing, managing or searching for employment and often running a household, trained COPE staff members are available to assist students with all of these challenges.

INTERNSHIP AND COOPERATIVE EDUCATION PROGRAMS

Through its Internship Courses and Cooperative Education Programs, John Jay College offers students a valuable opportunity to gain professional experience and college credit. Students enrolled in internship courses may earn 3 academic credits while gaining experience working in a field placement. The CO-OP Program combines academic study with paid work experience in the public and private sectors.

For more detailed information, including eligibility requirements, please see Chapter 3 of this undergraduate bulletin.

ATHLETICS, RECREATION AND INTRAMURALS

Department of Health and Physical Education
212.237.8399

Through the Department of Health and Physical Education, John Jay College offers undergraduate courses in physical fitness, health education, stress management and several courses addressing the physical fitness needs of law enforcement and public service students.

In fall of 2010, the department will introduce a minor in Health and Physical Education. The minor provides the coursework students may use to improve their personal health and physical fitness in conjunction with career preparation. It is designed to promote healthy lifestyle habits through the study and application of the wellness principles of nutrition, physical fitness and stress management, as well as the acquisition of physical activity skills.

Department of Athletics
212.237.8371

Under the nickname “Bloodhounds,” 12 intercollegiate teams currently represent John Jay College. Fall sports include soccer, women’s volleyball, men’s and women’s cross country, and women’s tennis. Men’s and women’s varsity basketball, co-ed rifle and women’s swimming comprise the winter sports. In the spring, sports include baseball, softball and men’s tennis.

The College is a Division III member of the National Collegiate Athletic Association (NCAA), adheres to all its rules, and is dedicated to the principles of fair play in athletic competition and equitable treatment of men and women. Bloodhound teams compete in the City University of New York Athletic Conference (CUNYAC), the Eastern College Athletic Conference (ECAC) and the Mid Atlantic Rifle Conference.

Full-time undergraduate students wishing to participate in intercollegiate athletics must be in good academic standing as defined by the College. For further information, please visit www.johnjayathletics.com.

Recreation and Intramural Programs
212.237.8367

The recreation and intramural activities provided by the Department of Athletics are an integral part of life at the College and are supported by student activity fees. The gymnasium, pool, racquetball court, jogging track, and outdoor tennis court are open many hours each week for free play. These facilities are also used for a variety of intramural competitions as well as bodybuilding, power lifting and triathlon contests. Programs include special clubs that are devoted to karate and judo.

The recreation and intramural programs are open to all members of the John Jay College student body upon presentation of a valid college ID card. Students may call the department for additional information, events schedules, and court reservations or online at www.johnjayathletics.com.

Cardiovascular Fitness Center
212.237.8633

Students who wish to improve their physical fitness can avail themselves of the many programs that the cardiovascular fitness center offers. Interested students follow an individually prescribed exercise program that is evaluated periodically. Medical clearance is required for participation. All forms and further information may be obtained from the cardiovascular fitness center or online at www.johnjayathletics.com.
The Department of Health and Physical Education strongly advises all students, faculty and staff interested in athletics, recreation, intramurals, or physical education courses to have a medical checkup prior to participation. Medical clearance is required for participation in intercollegiate athletics and the cardiovascular fitness center.

THEATRE AND THE ARTS

Arts

212.237.8325/8698

The College offers a rich and diversified program in music and the visual arts. Concerts featuring renowned performers, exhibitions of paintings, drawings, sculpture, photography and mixed media shown in the College galleries are among the varied presentations.

In its afternoon concert series the College has presented a diverse array of internationally known soloists, many of whom appear regularly with the Lincoln Center Chamber Music Society, the New York Philharmonic Orchestra and the New York City Opera. Fine chamber music ensembles, such as the Annapolis Brass Quintet, the Western Wind Vocal Ensemble, and the Apollo Chamber Orchestra, are often major features of the concert series. Musical artists have included the late jazz innovators Teddy Wilson and Zoot Sims, the Cleftones of early Rock fame, gospel singer Pearl Williams-Jones and operatic performer Willard White.

The John Jay Gallery is committed to presenting bodies of work by artists from a wide array of cultural traditions. Some are emerging artists, others established. Shows are usually solo exhibitions one month in length. Now open 12 months of the year, the Gallery devotes December and May to exhibitions by the College’s undergraduate studio art students. Among the artists who have presented in the John Jay Gallery are: Muhsana Ali, Cindy Ho, Anna Kuo, Despo Magoni, Richard K. Miller, Delilah Montoya, Annie Nash, Susan Newmark, Armand Ortiz, Sophie Rivera, Miriam Romais, Tara Sabharwal, Edwine Seymour, Chie Shiamura and Mary Ting.

For information on concerts and exhibitions, students may contact the Department of Art and Music and the Office of Student Activities and Campus Life.

Theatre

212.237.8363

John Jay College offers its students a variety of opportunities for participation in theatre and play production, as well as access to nearby Lincoln Center and Broadway productions.

A major departmental production is mounted each semester in the Gerald W. Lynch Theater, a state-of-the-art facility located in Haaren Hall. In addition to stage productions, performances of work often conceived and performed by students and hosted by one or more clubs or college programs are held each semester in alternative spaces at the College.

The Department of Communication and Theatre Arts presents a vibrant theatre program that dates back to the earliest days of the College. Many productions involve criminal justice themes, and have included major plays in the repertoire of world drama ranging from Greek tragedy to plays by contemporary playwrights: Oedipus Rex, The Merchant of Venice, Marat Sade, The Bald Soprano, Short Eyes, Equus, For Colored Girls . . . and Crimes of the Heart. Kafka’s The Trial and Sidney Kingsley’s Detective Story were recognized by major New York critics, while more recently, The Crucible and Macbeth drew large, enthusiastic crowds and glowing accolades from students and community alike. Musicals like Godspell, Brecht’s Happy End, and Once Upon This Island have offered John Jay’s multi-talented students the opportunity to showcase their acting skills, as well as their instrumental and vocal skills. Reflecting the interdisciplinary nature of the College, departmental productions generally involve close collaboration with student clubs, the John Jay Players (the student theatrical group) and Women’s Studies.

In recent years, departmental productions have been featured in the Kennedy Center American College Theatre Festival. Main stage productions have won praise from festival adjudicators; student actors and technicians have been invited to perform and attend
workshops at regional Kennedy Center American College Theatre
Festivals.

For information on performances, students may contact the
Department of Communication and Theatre Arts.

COLLEGE MISSION

John Jay College of Criminal Justice of The City University of New York is a liberal arts college dedicated to education, research and service in the fields of criminal justice, fire science and related areas of public safety and public service. It strives to endow students with the skills of critical thinking and effective communication; the perspective and moral judgment that result from liberal studies; the capacity for personal and social growth and creative problem solving that results from the ability to acquire and evaluate information; the ability to navigate advanced technological systems; and the awareness of the diverse cultural, historical, economic and political forces that shape our society. The College is dedicated to fostering an academic environment, to promoting scholarship and encouraging research, especially in areas related to criminal justice. The breadth and diversity of scholarship at the College reflect our continuing commitment to innovative analyses, interdisciplinary approaches and global perspectives. The College offers its students a curriculum that balances the arts, sciences and humanities with professional studies. It serves the community by developing graduates who have the intellectual acuity, moral commitment and professional competence to confront the challenges of crime, justice and public safety in a free society. It seeks to inspire both students and faculty, to the highest ideals of citizenship and public service.

HISTORY OF THE COLLEGE

A recognized international leader in educating for justice, John Jay offers a rich liberal arts and professional studies curriculum to a diverse student body. Since its establishment in 1964, John Jay, a senior college of The City University of New York, has evolved from a “cop college” into a premiere educational institution where criminal justice is taught in all its modern complexities and public service is valued as the noble endeavor that it is. The strength, reputation and vitality of the College are embodied in the commitment to academic excellence of the faculty, many of whom are recognized experts in their fields. They conduct critical research in areas such as violent behavior, DNA analysis, drug abuse trends, child aggression, sexual abuse, eyewitness reliability, criminal law, police methods and crime reduction strategy.

Its motivated students have the acuity, moral commitment and professional competence to confront the challenges of crime, justice and public safety in a free society.

Accreditation

John Jay College is accredited by the Middle States Association of Colleges and Secondary Schools and is a member of the Council of Graduate Schools in the United States. The College is an institutional member of the National Association of Schools of Public Affairs and Administration (NASPAA). Additionally, John Jay programs are registered by the New York State Education Department.

THE CITY UNIVERSITY OF NEW YORK

The City University of New York is the nation’s largest urban public university: eleven senior colleges, six community colleges, the CUNY Honors College, the Graduate School and University Center, the Graduate School of Journalism, the Law School and the Sophie Davis School of Biomedical Education. The University serves more than 450,000 degree-credit students and continuing and professional education students. College Now, the University’s academic enrichment program for 32,500 high school students, is offered at CUNY campuses and more than 200 high schools throughout the five boroughs of the City of New York. In 2006, the University launched its first online baccalaureate degree through the School of Professional Studies and a new Teacher Academy offering free tuition for highly motivated mathematics and science majors who seek teaching careers in the city’s public schools.

The University dates from 1847, when the needs of the city for free education were first met by the establishment of the Free Academy — now City College — as the result of a public referendum. In 1961, though state legislation, the seven municipal colleges then administered by the Board of Higher Education became The City University of New York, governed by a Board of Trustees.

RULES AND REGULATIONS FOR THE MAINTENANCE OF PUBLIC ORDER PURSUANT TO ARTICLE 129A OF THE EDUCATION LAW

The tradition of the University as a sanctuary of academic freedom and center of informed discussion is an honored one, to be guarded vigilantly. The basic significance of that sanctuary lies in the protection of intellectual freedom: the rights of professors to teach, of scholars to engage in the advancement of knowledge, of students to learn and to express their views free from external pressures or interference. These freedoms can flourish only in an atmosphere of mutual respect, civility, and trust among teachers and students, only when members of the University community are willing to accept self-restraint and reciprocity as the conditions upon which they share in its intellectual autonomy.

Academic freedom and the sanctuary of the University campus extend to all who share these aims and responsibilities. They cannot be invoked by those who would subordinate intellectual freedom to political ends, or who violate the norms of conduct established to protect that freedom. Against such offenders the University has the right, and indeed the obligation, to defend itself. We accordingly announce the following rules and regulations to be in effect at each of our colleges, which are to be administered in accordance with the requirements of due process as provided in Bylaws of The Board of Trustees.

With respect to enforcement of these rules and regulations, we note that the Bylaws of the Board provide that.

THE PRESIDENT, with respect to his educational unit, shall:

a. Have the affirmative responsibility of conserving and enhancing the educational standards of the college and schools under his jurisdiction

b. Be the adviser and executive agent of the Board and of his respective College Committee and as such shall have the immediate supervision with full discretionary power in carrying into effect the Bylaws, resolutions, and policies of the Board, the lawful resolutions of the several faculties

c. Exercise general superintendence over the concerns, officers, employees, and students of his or her educational unit

Rules

1. A member of the academic community shall not intentionally obstruct and/or forcibly prevent others from the exercise of their rights. Nor shall he interfere with the institution’s educational processes or facilities, or the rights of those who wish to avail themselves of any of the institution’s instructional, personal, administrative, recreational and community services.

2. Individuals are liable for failure to comply with lawful directions issued by representatives of the University/college when they are acting in their official capacities. Members of the academic community are required to show their identification cards when requested to do so by an official of the college.

3. Unauthorized occupancy of University/college facilities or blocking access to or from such areas is prohibited. Permission from appropriate college authorities must be obtained for removal, relocation and use of University/college equipment and/or supplies.

4. Theft from or damage to University/college premises or property, or theft or damage to University/college premises or property or theft or damage to property of any person on University/college premises is prohibited.

5. Each member of the academic community, or an invited guest has the right to advocate his position without having to fear abuse — physical, verbal, or otherwise — from others supporting conflicting points of view. Members of the academic community and other persons on the college grounds shall not use language or take actions reasonably likely to provoke or encourage physical violence by demonstrators, those demonstrated against, or spectators.

6. Action may be taken against any and all persons who have no legitimate reason for their presence on any campus within the University/college, or whose presence on any such campus obstructs and/or forcibly prevents others from the exercise of their rights, or interferes with the institution’s educational processes or facilities, or the rights of those who wish to avail themselves of any of the
institution’s instructional, personal, administrative, recreational and community services.

7. Disorderly or indecent conduct on University/college-owned or controlled property is prohibited.

8. No individual shall have in his possession a rifle, shotgun, or firearm or knowingly have in his possession any other dangerous instruments or material that can be used to inflict bodily harm on an individual or damage upon a building or the grounds of the University/college without written authorization of such educational institution. Nor shall any individual have in his or her possession any other instrument or material, which can be used and is intended to inflict bodily harm on an individual or damage upon a building or the grounds of the University/college.

9. Any action or situation, which recklessly or intentionally endangers mental or physical health or involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization is prohibited.

10. The unlawful manufacture, distribution, dispensation, possession, or use of illegal drugs or other controlled substances by University students or employees on University/college premises, or as part of any University/college activities is prohibited. Employees of the University must also notify the College Personnel Director of any criminal drug statute conviction for a violation occurring in the workplace not later than five (5) days after such conviction.

11. The unlawful possession, use, or distribution of alcohol by students or employees on University/college premises or as part of any University/college activities is prohibited.

II. Penalties

1. Any student engaging in any manner of conduct prohibited under substantive Rules 1 to 11 shall be subject to the following range of sanctions as hereafter defined below: admonition, warning, censure, disciplinary probation, restitution, suspension, expulsion, ejection and/or arrest by the civil authorities.

2. Any tenured or non-tenured faculty member or classified or other member of the instructional or member of the classified staff engaging in any manner in conduct prohibited under substantive Rules 1 to 11 shall be subject to the following range of penalties: warning, censure, restitution, fine not exceeding those permitted by law or by the Bylaws of The City University of New York, or suspension with/without pay pending a hearing before an appropriate college authority, dismissal after a hearing, ejection, and/or arrest by the civil authorities, and, for engaging in any manner in conduct prohibited under substantive Rule 10, may, in the alternative, be required to participate satisfactorily in an appropriately licensed drug treatment or rehabilitation program. A tenured or non-tenured faculty member, or other member of the instructional staff, or member of the classified staff charged with engaging in any manner in conduct prohibited under substantive Rules 1-11 shall be entitled to be treated in accordance with applicable provisions of the Education Law or the Civil Service Law, or the applicable collective bargaining agreement, or the Bylaws or written policies of The City University of New York.

3. Any visitor, licensee, or invitee engaging in any manner in conduct prohibited under substantive Rules 1 to 11 shall be subject to ejection and/or arrest by the civil authorities.

4. Any organization, which authorizes the conduct prohibited under substantive Rules 1 to 11 shall have its permission to operate on campus rescinded.

NEW YORK STATE EDUCATION LAW
Article 5 Section 224—a

Students unable because of religious beliefs to attend classes on certain days:

1. No person shall be expelled or be refused admission as a student to an institution of higher education for the reason that he or she is unable, because of his or her religious beliefs, to register or attend classes or to participate in any examination, study or work requirements on a particular day or days.

2. Any student in an institution of higher education who is unable, because of his or her religious beliefs, to attend classes on a particular day or days shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.

3. It shall be the responsibility of the faculty and of the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his or her religious beliefs, an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such equivalent opportunity.

4. If registration, classes, examinations, study or work requirements are held on Friday after four o’clock post meridian or on Saturday, similar or makeup classes, examinations, study or work requirements shall be made available on other days, where it is possible and practicable to do so. No special fees shall be charged to the student for these classes, examinations, study or work requirements held on other days.

5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his or her availing himself or herself of the provisions of this section.

6. Any student who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the supreme court of the county in which such institution of higher education is located for the enforcement of his or her rights under this section.

6-A. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing them that each student who is absent from school, because of his or her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements, which he or
she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.

7. As used in this section, the term “institution of higher education” shall mean any institution of higher education, recognized and approved by the Regents of the University of the State of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution, which is operated, supervised or controlled by a church or by a religious or denominational organization whose educational programs are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines. As used in this section, the term “religious belief” shall mean beliefs associated with any corporation organized and operated exclusively for religious purposes, which is not disqualified for tax exemption under section 505 of the United States Code.

ACCESS TO STUDENT RECORDS
(FERPA POLICY)

Rights of access. Pursuant to the Family Educational Rights and Privacy Act of 1974 (FERPA) and the Board of Trustees of The City University of New York Student Records Access Policy of April 1979, John Jay College students have “the right to inspect and review any and all official records, files, and data directly related” to them and to deny access by others without written consent of the student except under limited and specified circumstances. This right pertains to any present or former student but not to candidates for admission.

Procedures. A student who wishes to inspect and review his or her educational records may make the request to the Student Records Access Officer of the college or to the person in charge of the office who is the official custodian of the record in question, but a request pertaining to records in the custody of a teacher or counselor should be made directly to that teacher or counselor. Requests made to the Student Records Access Officer in the Office of the Registrar must be made by completing a request form. Requests for records in other locations may be oral or written. Requests will be granted or denied within fifteen days of receipt of the request.

If the request is granted, the student will be notified of the time and place where records may be inspected. If the request is denied or not responded to within fifteen days, the student may appeal. Additional information regarding the appeal procedure will be provided to the student if a request is denied.

A student may request an amendment of education records that the student believes are inaccurate or misleading. In this case, the student should write to the college official who is responsible for the record, clearly identify the part of the record that is in question, and specify why it should be changed. If the College decides not to amend the record, the student will be notified of the decision and advised of his or her right to a hearing. When the student is notified, additional information will be provided regarding the hearing procedures.

Schools may disclose, without consent, directory information (student’s name, address, telephone listing, date and place of birth, major field of study, class, year or date of expected graduation, participation in officially recognized activities and sports, height and weight of members of athletic teams, e-mail address, photograph, dates of attendance, degrees and awards received, and the most recent educational agency or institution attended by the student) to persons having a legitimate interest in this information. A student may require that any or all of the information set forth above may not be released without the student’s prior written consent if the student completes a form that is available in the Office of the Registrar. A student’s education records, other than directory information stated above, shall be released without the student’s consent only to university officials — including trustees, college officials, faculty, and staff — with a legitimate educational interest. Upon request, the College may disclose education records without consent to officials of another school in which a student seeks or intends to enroll.

John Jay College’s policies and procedures are the means by which policies of the Board of Trustees of The City University of New York
are implemented. The complete texts of the revised Board of Higher Education policy as adopted April 23, 1979, and the Family Educational Rights and Privacy Act of 1974, as amended, are available for review in the Office of the Registrar, 4113 North Hall.

**Policy on withholding student records.** In accordance with a resolution adopted by the Board of Trustees of The City University of New York on April 23, 1979, and amended on March 25, 1985, it was resolved that: “Students who are delinquent and/or in default in any of their financial accounts with the college, the University, or an appropriate State or Federal agency for which the University acts as either a disbursing or certifying agent, and students who have not completed exit interviews, as required by the National Direct Defense Student Loan (now Perkins Loan) Program and the Nursing Student Loan Program, are not to be permitted to complete a registration, or issued a copy of their grades, a financial aid transcript, a transcript of academic record, certificate or degree, nor are they to receive funds under the Federal campus-based student assistance programs or the Pell (Basic) Grant Program unless the designated officer, in exceptional hardship cases and consistent with Federal and State regulations, waives in writing the application of this regulation.”

**STATEMENT OF NON-DISCRIMINATION**

John Jay College of Criminal Justice is an Equal Opportunity and Affirmative Action Institution. The College does not discriminate on the basis of race, color, national or ethnic origin, religion, age, sex, sexual orientation, transgender, marital status, disability, genetic predisposition or carrier status, alienage or citizenship, military or veteran status, or status as victim of domestic violence in its student admissions, employment, access to programs, and administration of educational policies.

Ms. Silvia Montalban is the College Affirmative Action Officer and Coordinator for Title IX, which prohibits sex discrimination in federally assisted education programs, and Coordinator for the Age Discrimination Act, which prohibits age discrimination in federally assisted education programs. Her telephone number is 646.557.4409.

**DISCRIMINATION/HARASSMENT COMPLAINT PROCEDURES**

John Jay College of Criminal Justice encourages prompt and equitable resolution of all complaints and grievances alleging discrimination. The College has adopted informal and formal procedures available to all members of the college community, who allege action(s) relating to discrimination on the basis of race/color, religion, national origin, disability, sex, sexual orientation, alienage, veteran, marital status, military status or age. The complaint procedure is initiated by filing a written complaint. Complaints should be addressed to:

Silvia Montalban
Director of Affirmative Action
899 Tenth Avenue
New York, New York 10019
646.557.4409

**FREEDOM OF INFORMATION LAW NOTICE**

Requests to inspect public records at the College should be made to the Records Access Officer Designee, Joan Antonicelli, 212.237.8881. Public records are available for inspection and copying by appointment only at a location to be designated. You have a right to appeal a denial of a request for access to records to the CUNY General Counsel and Vice Chancellor for Legal Affairs. Copies of the CUNY Procedures for Public Access to Public Records Pursuant to Article 6 of the Public Officers Law and the appeal form are available at the reference desk of the library and on the college website.
Informal Complaint Procedures

Individuals are encouraged to discuss and/or report any acts felt to be discriminatory in nature directly to the Affirmative Action Officer. Subsequent to the filing of a written complaint, all attempts will be made to resolve the issue informally within ten (10) working days, with the goal of reaching a solution satisfactory to both the complainant and the College.

The City University Of New York Student Complaint Procedure:

Resolved. That the procedures for handling student complaints about faculty conduct in formal academic settings be adopted, effective February 1, 2007.

Explanation: Although the University and its Colleges have a variety of procedures for dealing with student-related issues, those procedures generally have not covered student complaints about faculty conduct in the classroom or other formal academic settings. The University respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style of teaching activities. At the same time, however, the University recognizes its responsibility to establish procedures for addressing student complaints about faculty conduct that is not protected by academic freedom and not addressed in other procedures. The proposed procedures will accomplish this goal.

Procedures for Handling Student Complaints About Faculty Conduct in Academic Settings

I. Introduction. The University and its Colleges have a variety of procedures for dealing with student-related issues, including grade appeals, academic integrity violations, student discipline, disclosure of student records, student elections, sexual harassment complaints, disability accommodations, and discrimination. One area not generally covered by other procedures concerns student complaints about faculty conduct in the classroom or other formal academic settings. The University respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style of teaching activities. Indeed, academic freedom is and should be of paramount importance. At the same time the University recognizes its responsibility to provide students with a procedure for addressing complaints about faculty treatment of students that are not protected by academic freedom and are not covered by other procedures. Examples might include incompetent or inefficient service, neglect of duty, physical or mental incapacity and conduct unbecoming a member of the staff.

II. Determination of Appropriate Procedure. If students have any question about the applicable procedure to follow for a particular complaint, they should consult with the chief student affairs officer. In particular, the chief student affairs officer should advise a student if some other procedure is applicable to the type of complaint the student has.

III. Informal Resolution. Students are encouraged to attempt to resolve complaints informally with the faculty member or to seek the assistance of the department chairperson or campus ombudsman to facilitate informal resolution.

IV. Formal Complaint. If the student does not pursue informal resolution, or if informal resolution is unsuccessful, the student may file a written complaint with the department chairperson or, if the chairperson is the subject of the complaint, with the academic dean or a senior faculty member designated by the college president. (This person will be referred to below as the Fact Finder.)

A. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the conduct complained of.

B. The Fact Finder shall promptly send a copy to the faculty member about whom the complaint is made, along with a letter stating that the filing of the complaint does not imply that any wrongdoing has occurred and that a faculty member must not retaliate in any way against a student for having made a complaint. If either the student or the faculty member has reason to believe that the department chairperson may be biased or otherwise unable to deal with the complaint in a fair and objective manner, he or she may submit to the academic dean or the senior faculty member designated by the college president a written request stating the reasons for that belief; if the request appears to have merit, that person may, in his or her sole discretion, replace the department chairperson as the Fact Finder.

C. The Fact Finder shall meet with the complaining student and faculty member, either separately or together, to discuss the complaint and to try to resolve it. The Fact Finder may seek the
assistance of the campus ombudsman or other appropriate person to facilitate informal resolution.

D. If resolution is not possible, and the Fact Finder concludes that the facts alleged by the student, taken as true and viewed in the light most favorable to the student, establish that the conduct complained of is clearly protected by academic freedom, he or she shall issue a written report dismissing the complaint and setting forth the reasons for dismissal and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. Otherwise, the Fact Finder shall conduct an investigation. The Fact Finder shall separately interview the complaining student, the faculty member and other persons with relevant knowledge and information and shall also consult with the chief student affairs officer and, if appropriate, the college ombudsman. The Fact Finder shall not reveal the identity of the complaining student and the faculty member to others except to the extent necessary to conduct the investigation. If the Fact Finder believes it would be helpful, he or she may meet again with the student and faculty member after completing the investigation in an effort to resolve the matter. The complaining student and the faculty member shall have the right to have a representative (including a union representative, student government representative or attorney) present during the initial meeting, the interview and any post-investigation meeting.

E. At the end of the investigation, the Fact Finder shall issue a written report setting forth his or her findings and recommendations, with particular focus on whether the conduct in question is protected by academic freedom. The Appeals Committee shall not conduct a new factual investigation or overturn any factual findings contained in the report unless they are clearly erroneous. If the Appeals Committee decides to reverse the Fact Finder in a case where there has not been an investigation because the Fact Finder erroneously found that the alleged conduct was protected by academic freedom, it may remand to the Fact Finder for further proceedings. The committee shall issue a written decision within 20 calendar days of receiving the appeal. A copy of the decision shall be sent to the student, the faculty member, the department chairperson and the president.

VI. Subsequent Action. Following the completion of these procedures, the appropriate college official shall decide the appropriate action, if any, to take. For example, the department chairperson may decide to place a report in the faculty member's personnel file or the president may bring disciplinary charges against the faculty member. Disciplinary charges may also be brought in extremely serious cases even though the college has not completed the entire investigative process described above; in that case, the bringing of disciplinary charges shall automatically suspend that process. Any action taken by a college must comply with the bylaws of the University and the collective bargaining agreement between the University and the Professional Staff Congress.

VII. Campus Implementation. Each campus shall implement these procedures and shall distribute them widely to administrators, faculty members and students and post them on the college website.

VIII. Board Review. During the spring 2009 semester, the Chancellery shall conduct a review of the experience of the colleges with these procedures, including consultation with administrators, faculty and students, and shall report the results of that review to the Board of Trustees, along with any recommended changes.

In accordance with Section 504 of the Rehabilitation Act of 1973, “The Civil Rights Act” for the people with disabilities and the Americans with Disabilities Act of 1990, the College adheres to the law that states in part that: “No otherwise qualified individual ...

**B. John Jay College Policies and Procedures: Academic Integrity**

1. **College Policy**

John Jay College of Criminal Justice, as a campus of The City University of New York, is subject to CUNY policy. Therefore, the CUNY Policy on Academic Integrity applies to the College and its faculty, students and administration.

2. **Responsibility for Implementation**

The primary academic governance committee for undergraduate implementation of the policy is the Committee on Standards. The primary academic governance committee for graduate implementation of the policy is the Committee on Graduate Studies. These committees act by initially developing these procedures and submitting them to the College Council for approval, and by proposing modifications to the procedures as may become necessary. The committees will also develop and the College Council will approve the associated documents and statements, such as statements in the College Bulletins.

This procedure also assigns or recognizes support responsibilities to the following academic and administrative offices:

• Maintenance of electronic plagiarism prevention services:
  
  *Director of Educational Technology*

• Academic Integrity Official: *Academic Integrity Officer (AIO), Division of Student Development*

• Faculty /Student Disciplinary Process: *Dean of Students, Division of Student Development*

• Undergraduate Academic Sanction Appeals: *Academic Departments*

• Graduate Academic Sanction Appeals: *Committee on Graduate Studies*

• Faculty Orientation: *The Office of the Provost*
• Student Orientation: The Dean of Students and the Dean of Graduate Studies

The committees should coordinate with academic and administrative units to ensure that the assigned responsibilities are carried out. The College will establish and maintain membership in the Center for Academic Integrity. Liaisons to the Center shall be designated from the membership of the Standards Committee and the Committee on Graduate Studies.

3. Informal Resolution by the Faculty Member

When a faculty member suspects or determines that a student has committed a violation of the CUNY and/or the College Academic Integrity Policy, the faculty member shall review with the student the facts and circumstances of the suspected violation whenever possible. The faculty member and the student may arrive at an informal resolution appropriate to the facts and circumstances.

4. Faculty Report of Alleged Violation of Academic Integrity Policies

The Faculty Report of Alleged Violation of Academic Integrity Policies is a form to be completed by a faculty member. The form shall be completed when the faculty member suspects that a violation of academic integrity policy has taken place that warrants formal intervention. The filing of the form is at the discretion of the faculty member, except that in all cases of major violations, the faculty member is strongly urged to file the form. The form is submitted to the Academic Integrity Officer (AIO.). Upon receipt of the form, the AIO: sends a copy of the form to the Registrar, so that the Registrar can enter a PEN grade, as explained below:

- Sends a copy to the student by mail and by official college email, along with a written explanation of the student’s opportunities to appeal the allegation
- Files the report in a confidential academic integrity file
- Reviews the AIO’s records of such forms for prior instances of academic integrity violations by the student
- Sends a receipt to the faculty member; and informs the faculty member if the AIO’s records include reports of prior instances
- makes any records of prior violations available for review by the faculty member at the office of the AIO, and
- Resolves PEN grades, when not otherwise resolved though regular adjudication and appeal processes by the deadline applicable for INC grades, by notifying the faculty member who shall determine the final grade, and by notifying the Registrar of the faculty member’s determination

If either the grade appeals process or the Faculty-Student Disciplinary Committee finds that no violation occurred, the Academic Integrity Official shall remove and destroy all material relating to that incident from the student’s confidential academic integrity file.

A version of this form is available for online completion and submission.

The AIO will prepare an annual report, distributed to the College Council, Committee on Academic Standards, Committee on Graduate Studies and the Department Chairs. The report shall include statistics on numbers of cases and their dispositions.

5. PEN (Pending) Grade

The PEN grade shall be assigned by the faculty member when there is an unresolved integrity issue for a student in the faculty member’s course. A PEN grade is defined as follows:

The PEN grade is recorded when a faculty member suspects or determines that an academic integrity violation has taken place that warrants formal intervention. The grade is recorded by the Registrar based on receipt, from the AIO, of a Faculty Report of Alleged Violation of Academic Integrity Policies. The PEN grade is recorded, based on the report, under four circumstances.

The faculty member suspects a violation, but the assessment and faculty/student consultation is not complete. The effect of the PEN grade is to bar withdrawal from the course pending resolution of the suspected violation.
The faculty member and the student agree on a resolution of the situation, and the faculty member elects to invoke the PEN grade to preserve the agreement by barring withdrawal from the course.

The faculty member finds that a violation has occurred and the faculty member imposes an academic sanction, and the student appeals the sanction.

The faculty member suspects an integrity violation and decides to refer the case to the Student Discipline process, and the case is pending before that process.

A PEN grade is removed or changed when the applicable consultation, appeal, and/or adjudication processes are complete. When a PEN grade is not otherwise resolved though regular adjudication and appeal processes by the deadline applicable for INC grades, the AIO contacts the faculty member who shall determine the final grade, and then the AIO notifies the Registrar of the faculty member’s determination.

When a faculty member suspects or determines that an academic integrity violation has taken place that warrants formal intervention, the faculty member shall file the designated form with the Academic Integrity Official. Upon receipt of the faculty member’s submission, the Official shall notify the Registrar, so that the Registrar can file a PEN grade to prevent withdrawal from the course by a student seeking to evade responsibility for the alleged violation. In the event that the alleged violation is withdrawn in the student’s favor, the student will have the right to withdraw based on the time that the violation form was filed.

6. Electronic Plagiarism Prevention

The College has contracted with www.turnitin.com for electronic plagiarism prevention services. The following is the College’s official policy with respect to this service.

John Jay College of Criminal Justice is committed to the fundamental values of preserving academic integrity as defined in CUNY and John Jay College policies. John Jay College has contracted with turnitin.com, a plagiarism prevention system that uses proprietary search technology to check assignments against Internet resources, proprietary databases, and previously submitted student assignments. Faculty members reserve the right to use this and other electronic means to detect and help prevent plagiarism. By registering for courses offered by the College, students consent that all assignments are subject to submission for textual similarity review to www.turnitin.com. Assignments submitted to www.turnitin.com may be included in www.turnitin.com’s restricted access database solely for the purpose of detecting plagiarism. The faculty member may require students to submit their assignments electronically to www.turnitin.com, or the faculty member may submit all or some student assignments to www.turnitin.com. The terms that apply to the College’s use of the www.turnitin.com service are further described on the www.turnitin.com website.

Faculty members are authorized to use this service, and the following procedures apply:

- The Director of Educational Technology is designated as the administrator of the www.turnitin.com service for the College.
- Faculty members must apply for accounts through the Director and obtain the College’s Turnitin account ID and join password from the Director.
- The College’s Turnitin account ID and join password may not be further disclosed or distributed without the written permission of the Director. Should the College’s Turnitin Account ID or join password be inadvertently disclosed, the Director must be notified.
- Faculty members must notify students, in their course syllabi, how written assignments may be subjected to review by www.turnitin.com. The course syllabus should address the following points:
  - Whether the faculty member requires students to submit written assignments directly to www.turnitin.com, and/or whether the faculty member may submit all or some written assignments to www.turnitin.com.
• The faculty member’s decisions relating to other Turnitin options at the faculty member’s discretion, such as the opportunity to submit papers to Turnitin for reporting in advance of the final assignment deadline.

• Whether students must be prepared to submit to www.turnitin.com or to the faculty member electronic file versions of their written assignments (Word, Wordperfect, RTF, PDF, or HTML format) in addition to any paper version that may be required to be turned in to the faculty member.

• The faculty member’s policy for the course with respect to use of the student’s original written material that has been or is being used for written assignments in other courses — such as the submission of a paper or report in multiple courses that contain the same or substantially the same text.

If a faculty member suspects plagiarism based on a www.turnitin.com originality report, and the faculty member intends to base a grading decision substantially on the report or file disciplinary charges based on report, the faculty member will provide the student with access to the www.turnitin.com report if the student does not already have such access.

7. Notice

The College will publish the CUNY Policy on Academic Integrity, and related appropriate College policies, procedures and forms in the following documents:

Undergraduate Bulletin, Graduate Bulletin, Student Handbook, Faculty Handbook, Orientation Packet for New Full-time Faculty, Orientation Packet for New Adjunct Faculty

In addition, the College will maintain a web page that provides the policy summary as well as additional information about student, faculty and administrative responsibilities under the procedure, along with associated forms and documents.

All such notices and associated forms and procedures shall be approved in advance of posting or publication by the undergraduate Committee on Academic Standards and the Committee on Graduate Studies.

C. Procedure for Imposition of Sanctions for Violations

The following procedure is based on the CUNY procedure, adapted to John Jay College based on specific assignments of responsibility to academic and administrative units in this procedure.

1. Introduction

These procedures provide for alternative approaches depending on the severity of the sanction(s) being sought. If the instructor desires solely an “academic” sanction, that is, a grade reduction, less process is due than if a “disciplinary” sanction, such as suspension or expulsion, is sought.

A faculty member who suspects that a student has committed a violation of the CUNY and/or the College Academic Integrity Policy shall review with the student the facts and circumstances of the suspected violation whenever possible. The decision whether to seek an academic sanction only, rather than a disciplinary sanction or both types of sanctions, will rest with the faculty member in the first instance. The College retains the right under extreme or unusual circumstances to bring disciplinary charges against the student, even though neither the student nor the faculty member invoked the process.

Among the factors the College should consider in determining whether to seek a disciplinary sanction are whether the student has committed one or more prior violations of the Academic Integrity Policy and mitigating circumstances, if any.

Every instance of suspected violation should be reported to the Academic Integrity Official on a form provided by the College. Among other things, this reporting will allow the College to determine whether it wishes to seek a disciplinary sanction even where the instructor may not wish to do so.
When the form is submitted, the AIO will provide a copy to the student, along with an explanation of the student’s opportunity to provide a written explanation.

2. Procedures In Cases Where The Instructor Seeks An Academic Sanction Only

Student Accepts Guilt And Does Not Contest The Academic Sanction:

If the faculty member wishes to seek only an academic sanction (i.e., a reduced grade only), and the student does not contest either his/her guilt or the particular reduced grade the faculty member has chosen, then the student shall be given the reduced grade, unless the College decides to seek a disciplinary sanction. The reduced grade may apply to the particular assignment as to which the violation occurred or to the course grade, at the faculty member’s discretion.

Student Denies Guilt And/or Contests The Academic Sanction:

If the student denies guilt or contests the particular grade awarded by the faculty member, then the matter shall be handled using the College’s grade appeals process, including departmental grading committees for undergraduate courses and the Graduate Studies Committee for graduate courses. In either case, the process must, at a minimum, provide the student with an opportunity to be heard and to present evidence.

When a faculty member determines that an academic integrity violation has taken place that warrants formal intervention, the faculty member shall complete the “Faculty Report of Alleged Violation of Academic Integrity Policies” (See 3.b above.) and submit the form to the Academic Integrity Officer, who sends a copy to the student by mail and by official college email, along with a written explanation of the student’s opportunities to appeal the allegation. If the form is submitted before the last four weeks of the semester, the student may appeal the factual determination (as distinct from any sanction) through the applicable grade appeal process. The departmental or Graduate Studies Committee shall resolve with appeal within 30 days. In the event that the factual determination is sustained or not appealed, the student also may appeal the academic sanction after the course is completed, through the normal grade appeal process.

Footnote 1. A reduced grade can be an “F,” a “D-,” or another grade that is lower than the grade that would have been given but for the violation.

3. Procedures In Cases Where A Disciplinary Sanction Is Sought

If a faculty member suspects a violation and seeks a disciplinary sanction, the faculty member shall refer the matter to the College’s Academic Integrity Official using the Faculty Report form, as described in the third Recommendation for Promoting Academic Integrity above, to be adjudicated by the College’s Faculty-Student Disciplinary Committee under Article 15 of the CUNY Bylaws. As provided for therein, the Faculty-Student Disciplinary Committee may, among other things, investigate, conciliate, or hear evidence on cases in which disciplinary charges are brought. Under certain circumstances, college officials other than the Academic Integrity Official may seek disciplinary sanctions following the procedures outlined above. If a reduced grade is also at issue, then that grade should be held in abeyance, pending the Faculty-Student Disciplinary Committee’s action.

Footnote 2. Typically, disciplinary sanctions would be sought in cases of the most egregious, or repeated, violations. For example: infraction in ways similar to criminal activity such as forging a grade form; stealing an examination from a professor or university office; or forging a transcript; having a substitute take an examination or taking an examination for someone else; sabotaging another student’s work through action designed to prevent the student from successfully completing an assignment, dishonesty that affects a major or essential portion of work done to meet course requirements. [These examples have been taken from a list of violations compiled by Rutgers University]

4. Procedures In Cases In Which Both A Disciplinary and an Academic Sanction are Sought

If a faculty member or the College seeks to have both a disciplinary and an academic sanction imposed, the process should begin with the disciplinary proceeding seeking imposition of a disciplinary sanction and await its outcome before addressing the academic sanction. If the Faculty-Student Disciplinary Committee finds that the alleged violation occurred, then the faculty member may reflect that finding in the student’s grade. If the Faculty-Student Disciplinary Committee finds that the alleged violation did not occur, then no sanction of any
kind may be imposed. The decision whether to pursue both types of sanctions will ordinarily rest with the faculty member.

5. Reporting Requirements

By The Faculty Member To The Academic Integrity Official:

In cases where a violation of academic integrity has been found to have occurred, whether by admission or a fact-finding process, the faculty member shall promptly file with the Academic Integrity Official a report of the adjudication in writing on a Faculty Report form provided by the College as previously described.

The Academic Integrity Official shall maintain a confidential file for each student about whom a suspected or adjudicated violation is reported. If either the grade appeals process or the Faculty-Student Disciplinary Committee finds that no violation occurred, the Academic Integrity Official shall remove and destroy all material relating to that incident from the student’s confidential academic integrity file. Before determining what sanction(s) to seek, the faculty member or the Academic Integrity Official may consult the student’s confidential academic integrity file, if any, to determine whether the student has been found to have previously committed a violation of the Academic Integrity Policy, the nature of the infraction, and the sanction imposed or action taken.

By the Academic Integrity Official To the Faculty Member: Where a matter proceeds to the Faculty-Student Disciplinary Committee, the Academic Integrity Official shall promptly report its resolution to the faculty member and file a record of the resolution in the student’s confidential academic integrity file, unless, as indicated above, the suspected violation was held to be unfounded, in which case all reporting forms concerning that suspected violation shall be destroyed.

- Failing to acknowledge collaborators on homework and laboratory assignments

**Internet plagiarism** includes submitting downloaded term papers or parts of term papers, paraphrasing or copying information from the Internet without citing the source, and “cutting & pasting” from various sources without proper attribution.

**Obtaining Unfair Advantage** is any activity that intentionally or unintentionally gives a student unfair advantage in his/her academic work over another student.

The following are some examples of obtaining an unfair advantage, but by no means it is an exhaustive list:

- Stealing, reproducing, circulating or otherwise gaining advance access to examination materials
- Depriving other students of access to library materials by stealing, destroying, defacing, or concealing them
- Retaining, using or circulating examination materials, which clearly indicate that they should be returned at the end of the exam
- Intentionally obstructing or interfering with another student’s work

**Falsification of Records and Official Documents**

The following are some examples of “falsification,” but by no means is it an exhaustive list:

- Forging signatures of authorization
- Falsifying information on an official academic record
- Falsifying information on an official document such as a grade report, letter of permission, drop/add form, ID card or other college document

The Baruch College document includes excerpts from University of California’s Web page entitled “The Academic Dishonesty Question: A Guide to an Answer through Education, Prevention, Adjudication and Obligation” by Professor Harry Nelson.

**II. METHODS FOR PROMOTING ACADEMIC INTEGRITY**

- Orientation sessions for all new faculty (full and part-time) and students should incorporate a discussion of academic integrity. Packets containing information explaining the policy, the procedures that are in place, and examples of infractions should be distributed. These packets should be readily available, throughout the academic year, in the appropriate offices of the college and the locations of those offices should be widely publicized. Colleges using additional resources to detect plagiarism should publicize these resources widely.
- All college catalogs, student handbooks, and college websites should include the CUNY and college Academic Integrity Policy and the consequences of not adhering to it. The Policy on Academic Integrity, as adopted by the Board, shall be distributed to all students. All syllabi and schedules of classes should make reference to the CUNY and college’s academic integrity policy and where they are published in full.
- A “Faculty Report” form should be used throughout the University to report incidents of suspected academic dishonesty.
(It is strongly recommended that the faculty member should report all such incidents by completing and submitting the form to the chief student affairs officer, the Academic Integrity Committee if the college has established one (see recommendation below), or other appropriate academic integrity official whom the college may designate (collectively referred to hereinafter as the “Academic Integrity Official”). A follow-up form should be submitted to the student’s academic integrity file by the adjudicating person or body once the suspected incident has been resolved pursuant to one of the methods described below. Although forms need not be uniform across the University, they need to be uniform within each college. The form should provide at least minimal information such as the name of the instructor and student, course name and number, date of incident, explanation of incident and the instructor’s telephone/email contact information; it should be easy to use and process. Except as otherwise provided in the CUNY Procedures, the Academic Integrity Official of each college should retain the forms for the purposes of identifying repeat offenders, gathering data and assessing and reviewing policies.

- CUNY will develop a website on Academic Integrity. This website will include suggestions for faculty, students and administrators to reduce cheating or plagiarism, resources on academic integrity and links to relevant sites. Future plans also include the development of an online training program to raise awareness about academic integrity.

- The Committee recommends that this CUNY Policy on Academic Integrity, dated Spring 2004, be adopted by the Board of Trustees.

- Colleges should adopt the “PEN” (Pending) grade to facilitate the implementation of the Procedures for Imposition of Sanctions. This grade already exists in the University’s Glossary of Grades.

- Colleges may wish to consider issuing a Student Guide to Academic Integrity. An excellent example is a document that students at Baruch College developed called *Student Guide to Academic Integrity at Baruch College*. The Guide is in its final stages of approval.

- Each college should consider joining the Center for Academic Integrity.

- Colleges should consider subscribing to an electronic plagiarism detection service. Any college that does subscribe must notify every student each semester of the fact that such a service is available for use by the faculty.

- Colleges should consider establishing an Academic Integrity Committee, to serve in lieu of grade appeals committees in cases of academic dishonesty, which would hear and decide contested grade reductions that faculty members award because of students violations of the Academic Integrity Policy and collect and maintain files of Faculty Report forms of suspected and adjudicated violations of the Academic Integrity Policy.

- Establish a mechanism for preventing students from dropping a class in order to avoid an investigation and/or imposition of a sanction for a violation of academic integrity.

### III. PROCEDURES FOR IMPOSITION OF SANCTIONS FOR VIOLATIONS OF CUNY POLICY ON ACADEMIC INTEGRITY

#### A. Introduction

As a legal matter, in disciplining students for violations of policies of academic integrity, CUNY, as a public institution, must conform to the principles of due process mandated by the Fourteenth Amendment to the United States Constitution — generally speaking, to provide notice of the charges and some opportunity to be heard. In the context of court-litigated violations, questions as to how much and what kind of process was “due” turn on the courts’ judgment whether the decision on culpability was “disciplinary” (a question of fact) or “academic” (a question of the instructor’s expert judgment). This distinction has proved difficult to apply on campus.
Accordingly, these procedures provide for alternative approaches depending on the severity of the sanction(s) being sought. If the instructor desires solely an “academic” sanction, that is, a grade reduction, less process is due than if a “disciplinary” sanction, such as suspension or expulsion, is sought.

A faculty member who suspects that a student has committed a violation of the CUNY or the college Academic Integrity Policy shall review with the student the facts and circumstances of the suspected violation whenever possible. The decision whether to seek an academic sanction only, rather than a disciplinary sanction or both types of sanctions, will rest with the faculty member in the first instance, but the college retains the right to bring disciplinary charges against the student. Among the factors the college should consider in determining whether to seek a disciplinary sanction are whether the student has committed one or more prior violations of the Academic Integrity Policy and mitigating circumstances if any. It is strongly recommended that every instance of “suspected” violation should be reported to the Academic Integrity Official on a form provided by the college as described in the third Recommendation for Promoting Academic Integrity, above. Among other things, this reporting will allow the college to determine whether it wishes to seek a disciplinary sanction even where the instructor may not wish to do so.

B. Procedures In Cases Where The Instructor Seeks An Academic Sanction Only

1. Student Accepts Guilt And Does Not Contest The Academic Sanction

If the faculty member wishes to seek only an academic sanction (i.e., a reduced grade only), and the student does not contest either his/her guilt or the particular reduced grade the faculty member has chosen, then the student shall be given the reduced grade, unless the college decides to seek a disciplinary sanction, see Section I above and IV below. The reduced grade may apply to the particular assignment as to which the violation occurred or to the course grade, at the faculty member’s discretion.

Footnote 1. A reduced grade can be an “F,” a “D-,” or another grade that is lower than the grade that would have been given but for the violation.

2. Student Denies Guilt And/Or Contests The Academic Sanction

If the student denies guilt or contests the particular grade awarded by the faculty member, then the matter shall be handled using the college’s grade appeals process, including departmental grading committees where applicable, or the Academic Integrity Committee. In either case, the process must, at a minimum, provide the student with an opportunity to be heard and to present evidence.

C. Procedures In Cases Where A Disciplinary Sanction Is Sought

If a faculty member suspects a violation and seeks a disciplinary sanction, the faculty member shall refer the matter to the college’s Academic Integrity Official using the Faculty Report form, as described in the third Recommendation for Promoting Academic Integrity above, to be adjudicated by the college’s Faculty-Student Disciplinary Committee under Article 15 of the CUNY Bylaws. As provided for therein, the Faculty-Student Disciplinary Committee may, among other things, investigate, conciliate, or hear evidence on cases in which disciplinary charges are brought. Under certain circumstances, college officials other than the Academic Integrity Official may seek disciplinary sanctions following the procedures outlined above. For the reasons discussed in Item IV below, if a reduced grade is also at issue, then that grade should be held in abeyance, pending the Faculty-Student Disciplinary Committee’s action.

Footnote 2. Typically, disciplinary sanctions would be sought in cases of the most egregious, or repeated, violations. For example, infractions in ways similar to criminal activity (such as forging a grade form; stealing an examination from a professor or a university office; or forging a transcript); having a substitute take an examination or taking an examination for someone else; sabotaging another student’s work through actions designed to prevent the student from successfully completing an assignment; dishonesty that affects a major or essential portion of work done to meet course requirements. [These examples have been taken from a list of violations compiled by Rutgers University.]
D. Procedures In Cases In Which Both A Disciplinary And An Academic Sanction Are Sought

If a faculty member or the college seeks to have both a disciplinary and an academic sanction imposed, it is not advisable to proceed on both fronts simultaneously lest inconsistent results ensue. Thus, it is best to begin with the disciplinary proceeding seeking imposition of a disciplinary sanction and await its outcome before addressing the academic sanction. If the Faculty-Student Disciplinary Committee finds that the alleged violation occurred, then the faculty member may reflect that finding in the student’s grade. If the Faculty-Student Disciplinary Committee finds that the alleged violation did not occur, then no sanction of any kind may be imposed. The decision whether to pursue both kinds of sanctions will ordinarily rest with the faculty member.

E. Reporting Requirements

1. By The Faculty Member To The Academic Integrity Official
In cases where a violation of academic integrity has been found to have occurred (whether by admission or a fact-finding process), the faculty member should promptly file with the Academic Integrity Official a report of the adjudication in writing on a Faculty Report form provided by the college as described above. The Academic Integrity Official shall maintain a confidential file for each student about whom a suspected or adjudicated violation is reported. If either the grade appeals process or the Faculty-Student Disciplinary Committee finds that no violation occurred, the Academic Integrity Official shall remove and destroy all material relating to that incident from the student’s confidential academic integrity file. Before determining what sanction(s) to seek, the faculty member or the Academic Integrity Official may consult the student’s confidential academic integrity file, if any, to determine whether the student has been found to have previously committed a violation of the Academic Integrity Policy, the nature of the infraction, and the sanction imposed or action taken.

2. By the Academic Integrity Official To the Faculty Member
Where a matter proceeds to the Faculty-Student Disciplinary Committee, the Academic Integrity Official shall promptly report its resolution to the faculty member and file a record of the resolution in the student’s confidential academic integrity file, unless, as indicated above, the suspected violation was held to be unfounded, in which case all reporting forms concerning that suspected violation shall be destroyed.

THE CITY UNIVERSITY OF NEW YORK WORKPLACE VIOLENCE POLICY AND PROCEDURES

The City University of New York has a longstanding commitment to promoting a safe and secure academic and work environment that promotes the achievement of its mission of teaching, research, scholarship and service. All members of the university community — students, faculty and staff — are expected to maintain a working and learning environment free from violence, threats of harassment, violence, intimidation or coercion. While these behaviors are not prevalent at the University, no organization is immune.

The purpose of this policy is to address the issue of potential workplace violence in our community, prevent workplace violence from occurring to the fullest extent possible, and set forth procedures to be followed when such violence has occurred.

Policy
The City University of New York prohibits workplace violence. Violence, threats of violence, intimidation, harassment, coercion, or other threatening behavior towards people or property will not be tolerated. Complaints involving workplace violence will not be
ignored and will be given the serious attention they deserve. Individuals who violate this policy may be removed from University property and are subject to disciplinary action and/or personnel action up to and including termination, consistent with University policies, rules and collective bargaining agreements, and/or referral to enforcement authorities for criminal prosecution. Complaints of sexual harassment are covered under the University’s Policy Against Sexual Harassment.

The University, at the request of an employee or student, or at its own discretion, may prohibit members of the public, including family members, from seeing an employee or student on University property unless necessary to transact University-based business. This policy particularly applies in cases where an employee or student suspects that an act of violence will result from an encounter with said individual(s).

Scope
All faculty, staff, students, vendors, contractors, consultants, and others who do business with the University, whether in a University facility or off-campus location where University business is conducted, are covered by this policy. This policy also applies to other persons not affiliated with the University, such as former employees, former students and visitors. When students have complaints about other students, they should contact the Office of Student Affairs at their campus.

Definitions
Workplace violence is any behavior that is violent, threatens violence, coerces, harasses or intimidates others, interferes with an individual’s rights of movement or expression, or disrupts the workplace, the academic environment, or the University’s ability to provide services to the public. Examples of workplace violence include, but are not limited to:

1. Disruptive behavior intended to disturb, interfere with or prevent normal work activities (such as yelling, using profanity, verbally abusing others, or waving arms and fists).

2. Intentional physical contact for the purpose of causing harm (such as slapping, stabbing, punching, striking, shoving, or other physical attack).

3. Menacing or threatening behavior (such as throwing objects, pounding on a desk or door, damaging property, stalking, or otherwise acting aggressively; or making oral or written statements specifically intended to frighten, coerce, or threaten), where a reasonable person would interpret such behavior as constituting evidence or intent to cause harm to individuals or property.

4. Possessing firearms, imitation firearms, knives or other dangerous weapons, instruments or materials. No one within the University community shall have in their possession a firearm or other dangerous weapon, instrument or material that can be used to inflict bodily harm on an individual or damage to University property without specific written authorization from the Chancellor or the college President regardless of whether the individual possesses a valid permit to carry the firearm or weapon.

Reporting of Incidents
1. General Reporting Responsibilities. Incidents of workplace violence, threats of workplace violence, or observations of workplace violence are not to be ignored by any member of the University community. Workplace violence should promptly be reported to the appropriate University official (see below). Additionally, faculty, staff and students are encouraged to report behavior that they reasonably believe poses a potential for workplace violence as defined above. It is important that all members of the University community take this responsibility seriously to effectively maintain a safe working and learning environment.

2. Imminent or Actual Violence. Any person experiencing or witnessing imminent danger or actual violence involving weapons or personal injury should call the Campus Public Safety Office immediately, or call 911.

3. Acts of Violence Not Involving Weapons or Injuries to Persons. Any person who is the subject of a suspected violation of this policy involving violence without weapons or personal injury, or is a
witness to such suspected violation, should report the incident to his or her supervisor, or in lieu thereof, to their respective Campus Public Safety Office. Students should report such incidents to the Office of Student Affairs at their campus or in lieu thereof, their Campus Public Safety Office. The Campus Public Safety Office will work with the Office of Human Resources and the supervisor or the Office of Student Affairs on an appropriate response.

4. **Commission of a Crime.** All individuals who believe a crime has been committed against them have the right, and are encouraged, to report the incident to the appropriate law enforcement agency.

5 **False Reports.** Members of the University community who make false and malicious complaints of workplace violence, as opposed to complaints which, even if erroneous, are made in good faith, will be subject to disciplinary action and/or referral to civil authorities as appropriate.

6. **Incident Reports.** The University will report incidents of workplace violence consistent with the College policies for Incident Reporting Under the Campus Security Policy and Statistical Act (Cleary Act).

**Responsibilities**

1. **Presidents.** The President of each constituent college of The City University of New York, the Chief Operating Officer at the Central Office, and the Deans of the Law School and Sophie Davis School of Biomedical Education shall be responsible for the implementation of this policy on his or her respective campus. The responsibility includes dissemination of this policy to members of the college community, ensuring appropriate investigation and follow-up of all alleged incidents of workplace violence, constituting a Workplace Violence Advisory Team (see #7), and ensuring that all administrators, managers, and supervisors are aware of their responsibilities under this policy through internal communications and training.

2. **Campus Public Safety Office.** The Campus Public Safety Office is responsible for responding to, intervening, and documenting all incidents of violence in the workplace. The Campus Public Safety Office will immediately log all incidents of workplace violence and will notify the respective supervisor of an incident with his/her employee, or notify the appropriate campus official of an incident with a student. All officers should be knowledgeable of when law enforcement action may be appropriate. Public Safety will maintain an internal tracking system of all threats and incidents of violence. Annual reports will be submitted to the President (at the same time as the report noted below) detailing the number and description of workplace violence incidents, the disposition of the incidents, and recommend policy, training issues, or security procedures that were or should be implemented to maintain a safe working and learning environment. The incidents will be reported in the Annual Report of the College Advisory Committee on Campus Security consistent with the reporting requirements of Article 129A Subsection 6450 of the NYS Education Law (Regulation by Colleges of Conduct on Campuses and Other College Property for Educational Purposes).

Officers will be trained in workplace violence awareness and prevention, non-violent crises intervention, conflict management and dispute resolution.

Officers will work closely with Human Resources when the possibility of workplace violence is heightened, as well as on the appropriate response to workplace violence incidents consistent with CUNY policies, rules, procedures and applicable labor agreements, including appropriate disciplinary action up to and including termination.

When informed, Public Safety will maintain a record of any Orders of Protection for faculty, staff and students. Public Safety will provide escort service to members of the college community within its geographical confines, when sufficient personnel are available. Such services are to be extended at the discretion of the Campus Public Safety Director or designee. Only the President, or designee, in his/her absence, can authorize escort service outside of the geographical confines of the college.

3. **Supervisors.** Each dean, director, department chairperson, executive officer, administrator, or other person with supervisory responsibility (hereinafter “supervisor”) is responsible within his/her area of jurisdiction for the implementation of this policy. Supervisors
must report to their respective Campus Public Safety Office any complaint of workplace violence made to him/her and any other incidents of workplace violence of which he/she becomes aware or reasonably believes to exist. Supervisors are expected to inform their immediate supervisor promptly about any complaints, acts, or threats of violence even if the situation has been addressed and resolved. After having reported such complaint or incident to the Campus Public Safety Director and immediate supervisor, the supervisor should keep it confidential and not disclose it further, except as necessary during the investigation process and/or subsequent proceedings.

Supervisors are required to contact the Campus Public Safety Office immediately in the event of imminent or actual violence involving weapons or potential physical injuries.

4. Faculty and Staff. Faculty and staff must report workplace violence, as defined above, to their supervisor. Faculty and staff who are advised by a student that a workplace violence incident has occurred or has been observed, must report this to the Campus Public Safety Director immediately. Recurring or persistent workplace violence that an employee reasonably believes is not being addressed satisfactorily, or violence that is, or has been, engaged in by the employee’s supervisor should be brought to the attention of the Campus Public Safety Director.

Employees who have obtained Orders of Protection are expected to notify their supervisors and the Campus Public Safety Office of any orders that list CUNY locations as protected areas.

Victims of domestic violence who believe the violence may extend into the workplace, or employees who believe that domestic or other personal matters may result in their being subject to violence extending into the workplace, are encouraged to notify their supervisor, or the Campus Public Safety Office. Confidentiality will be maintained to the extent possible.

Upon hiring, and annually thereafter, faculty and staff will receive copies of this policy. Additionally, the policy will be posted throughout the campus and be placed on the CUNY website and on the college’s website, as appropriate.

5. Office of Human Resources. The Office of Human Resources at each campus is responsible for assisting the Campus Public Safety Director and supervisors in responding to workplace violence; facilitating appropriate responses to reported incidents of workplace violence; notifying the Campus Public Safety Office of workplace violence incidents reported to that office; and consulting with, as necessary, counseling services to secure professional intervention.

The Office of Human Resources is responsible for providing new employees or employees transferred to the campus with a copy of the Workplace Violence Policy and Procedures and insuring that faculty and staff receive appropriate training. The Office of Human Resources will also be responsible for annually disseminating this policy to all faculty and staff at their campus, as well as posting the policy throughout the campus and on the college’s website, as appropriate.

6. Students. Students who witness violence, learn of threats, or are victim of violence by employees, students or others should report the incident immediately to the Campus Public Safety Office. If there is no imminent danger, students should report threatening incidents by employees, students or others as soon as possible to the Campus Public Safety Office or the Office of Student Affairs. Students will be provided with workplace violence awareness information (including information regarding available counseling services) upon registration each year.

7. Workplace Violence Advisory Team A college President shall establish a Workplace Violence Advisory Team at his/her college. This Team, working with the College Advisory Committee on Campus Security, will assist the President in responding to workplace violence; facilitating appropriate responses to reported incidents of workplace violence; assessing the potential problem of workplace violence at its site; assessing the college’s readiness for dealing with workplace violence; evaluating incidents to prevent future occurrences; and utilizing prevention, intervention, and interviewing techniques in responding to workplace violence. This Team will also
develop workplace violence prevention tools (such as pamphlets, guidelines and handbooks) to further assist in recognizing and preventing workplace violence on campus. It is recommended that this Team include representatives from Campus Public Safety, Human Resources, Labor Relations, Counseling Services, Occupational Health and Safety, Legal and others, including faculty, staff and students, as deemed appropriate by the President.

In lieu of establishing the Workplace Violence Advisory Team, a President may opt to expand the College Advisory Committee on Campus Security with representatives from the areas recommended above to address workplace violence issues at the campus and perform the functions outlined above.

8. University Communications. All communications to the University community and outside entities regarding incidents of workplace violence will be made through the University Office of University Relations after consultation with the respective President or his/her designee.

Education

Colleges are responsible for the dissemination and enforcement of this policy as described herein, as well as for providing for training in the prevention and awareness of workplace violence. The Office of Faculty and Staff Relations will provide assistance to the campuses in identifying available training opportunities, as well as other resources and tools (such as reference materials detailing workplace violence warning signs) that can be incorporated into campus prevention materials for dissemination to the college community. Additionally, the Office of Faculty and Staff Relations will offer periodic training opportunities to supplement the college’s training programs.

Confidentiality

The University shall maintain the confidentiality of investigations of workplace violence to the extent possible. The University will act on the basis of anonymous complaints where it has a reasonable basis to believe that there has been a violation of this policy and that the safety and well being of members of the University community would be served by such action.

Retaliation

Retaliation against anyone acting in good faith who has made a complaint of workplace violence, who has reported witnessing workplace violence, or who has been involved in reporting, investigating, or responding to workplace violence is a violation of this policy. Those found responsible for retaliatory action will be subject to discipline, up to and including termination.

NOTICE OF ACCESS TO CAMPUS CRIME STATISTICS, THE CAMPUS SECURITY REPORT, AND INFORMATION ON REGISTERED SEX OFFENDERS

The College Advisory Committee on Campus Safety will provide upon request all campus crime statistics as reported to the U.S. Department of Education, as well as the annual campus security report. This Committee shall be composed of a minimum of five members. The president shall designate the chairperson and members of this Committee, subject to the confirmation by the Student Council.

M. An essential service comprises an ongoing activity vital to the educational or cultural life of the College, which is designed to be accessible to a large number of students and involves an unusually large level of continuing expenditure. The permanent Committee on Essential Services shall study and advise the Council on the
administration and performance of the student newspaper, radio station, yearbook, theatrical activities, as well as that of any other entity deemed by the Student Council and Board of Directors of the Student Activities Corporation as an essential service, provided that neither the Committee nor the Student Council shall intervene with the editorial freedom of these entities. The Committee shall be chaired by the secretary and include a minimum of four other members.

N. The permanent Committee on the Budget shall administer all budgetary matters as they relate to those funds appropriated and expended by the Student Government, as per Article III, Section 8 of this Charter and for the administrative processes and educational and cultural needs of the student body. The Committee shall be comprised of the treasurer, whom shall chair, and a minimum of four other members.

O. The student delegation of the College Council shall consist of the four executive officers of the Student Council, two student representatives from the graduate class, two student representatives from the senior class, two student representatives from the junior class, two student representatives from the sophomore class, and one student elected at large. Selection of the above student representatives and the student elected at large shall be based on those who received the highest number of popular student votes in the annual elections as stipulated in Article V of this Charter. The delegation shall also consist of one representative from the freshman class nominated by the president from among the freshman class representatives. If any of the student representatives are unable to serve, the president shall nominate replacements with students of that particular vacated class, as well as nominate the replacement of the at-large delegate with a student that is not of the freshman class. The president shall also nominate two alternate delegates, both of whom that are not of the freshman class.

Section 8 – The Budgetary Process
A. At a time no later than the Student Council’s regular October and February meetings, it shall receive and consider recommendations from the Committee on the Budget on general budgetary guidelines based on anticipated revenues and projected expenditures. These shall include maximum allocations for the general categories of spending within the jurisdictions of the various Student Council committees. It may also include more specific ceilings for expenditure on particular programs or activities such as allocations for individual Clubs. The Committee on the Budget may also recommend the establishment of reserve or contingency funds to be allocated later during the term of the Student Council among the various spending categories.

The Student Council must act on these recommendations before the end of October or February, as the case may be. Thereafter, the Committee on the Budget, through the treasurer, shall monitor the actual flow of monies collected, appropriated, obligated, and expended by the Student Government, submitting a monthly report to the Student Council on the same.

Within the overall guidelines adopted by the Student Council, the Committee on the Budget shall have direct responsibility for appropriating funds for the deferral of the legitimate expenses of the Student Government and its members. The treasurer shall be responsible for promptly distributing copies of the budgetary guidelines to all members of the Student Council and other interested parties, and shall similarly make available a monthly list of all Student Council revenues, appropriations, obligations and expenditures. The secretary shall be responsible for publicizing these reports.

B. The Board of Directors of the Student Activities Corporation may establish minima for expenditures on any activity or organization. Such minima are automatically to be considered an appropriated portion of the Student Government’s budget, and may be obligated and expended according to such procedures as the Board of Directors may authorize. When minima are established, the Board of Directors
must promptly inform the Student Council of the same, specifying the levels and purposes of the funding involved.

The Student Council may appropriate funds for any purpose beyond the levels provided for in the minima.

C. Until the guidelines have been approved, no funds shall be appropriated by the Student Council for any purpose. After the approval of the guidelines, each committee of the Student Council shall have the responsibility for recommending to the Student Council the specific amount of funds to be appropriated for programs and activities in its area of jurisdiction. No resolution providing for the appropriation of funds shall come before the Student Council unless it has originated in the proper committee.

D. No resolution for appropriating funds which exceed the ceilings for Club activities or for any other category of spending, established by the Committee on the Budget, shall be approved unless it receives an affirmative vote of two-thirds of the qualified members of the Student Council present and voting; nor may any amendment be added by the Student Council to any resolution for the appropriation of funds reported by any committee which acts to increase the amount of the appropriations contained therein. Amendments may be offered in Student Council, however, which decrease this amount, subject to the specifications of the agenda.

E. The treasurer shall be responsible for obligated and disbursing all monies duly appropriated by the Student Council, provided that no contracts shall be entered into by the Student Government without the written authorization of either the Board of Directors of the Student Activities Corporation or the Dean of Students.

F. No monies may be disbursed by the treasurer until two full weeks have passed following their appropriation by the Student Council, provided that this requirement may be waived by a two-thirds vote of the membership of the Student Council and consent of the faculty adviser. During this two-week period the Student Council, if in session, may reconsider any such appropriation.

Section 9 – Student Clubs

A. Any student Club or organization is eligible for funding by the Student Council if its activities further the purposes established in the Preamble of this Charter, and if it has been certified as meeting the requirements established in this Charter by the Judicial Board.

B. No executive officer of any student Club may simultaneously serve as the executive officer of any other Club.

C. The eligibility of a Club, once established, may be reviewed at any time by the Judicial Board, upon the request of any executive officer of the Student Council, any five members of the Student Council, or twenty-five concerned students.

D. The establishment of eligibility shall not in itself entitle any Club to the use of student funds.

E. Any Club purchasing or using equipment financed by Student Council funds may be required by the Student Council to post surety for each equipment. The treasurer shall require all Clubs and agents of the Student Council to present receipts for all expenditures funded by the Student Council.

F. Any and all items or equipment purchased by Clubs with Student Council funds shall remain the property of the Student Activities Corporation.

G. All Clubs making contracts with outside agents must have them approved by the Student Activities Corporation or the Dean of Students.

Section 10 – The Judicial Board

A. The Judicial Board shall consist of five members, known as associate justices, three nominated by the Board of Directors of the Student Activities Corporation, two nominated by the president of the Student Council, to be confirmed by both bodies. Members of the Judicial Board shall serve terms of no more than two continuous years, provided members do not experience a lapse in student enrollment and provided members remain in good academic standing. All members of the Judicial Board shall be students in good standing, with grade-point averages of at least 2.5 as undergraduate students and grade-point averages of at least 3.0 as graduate students, at the
time of their appointment and maintain such standing throughout their term of office. No member of the Judicial Board may be a member or candidate for an elective position within the Student Government during the period of his or her service, nor may he or she serve as an executive officer of a student Club.

B. The Judicial Board shall elect a chief justice, who shall preside at its meetings and shall establish its agenda, subject to modification by the members of the Judicial Board.

C. Meetings of the Judicial Board shall be in their entirety open to all interested parties, provided that the Judicial Board may meet in executive session when deciding upon charges lodged against any executive officer or member of the Student Government under the impeachment provisions of this Charter. The faculty adviser shall have the right to attend and speak at all meetings of the Judicial Board.

D. The first meeting of the Judicial Board shall be convened by the faculty adviser, and the members of the Judicial Board shall be duly sworn. Thereafter, the Judicial Board shall meet monthly according to a regular schedule, in the same manner as the Student Council. Special meetings may also be called by the chief justice of the Judicial Board or upon petition of a majority of its members. Due public notice shall be given of all Judicial Board meetings whenever possible.

E. The Judicial Board shall keep minutes of all its meetings, which, after a reasonable time, shall be made available to all interested parties. The chief justice of the Judicial Board shall make provision that all records of the Judicial Board and copies of Club records be carefully preserved and made available upon request to all interested parties.

F. Each member of the Judicial Board shall have one vote, and unless otherwise provided for, all decisions of the Judicial Board shall be taken by a simple majority of the members, a quorum being present.

G. A quorum of the Judicial Board shall consist of a majority of its members.

H. Meetings of the Judicial Board shall be conducted according to Robert’s Rules of Order, newly revised, with the exception that the chief justice shall, in all matters, carry one vote.

I. Members of the Judicial Board shall disqualify themselves from voting on any matter bearing upon a student Club of which they are a member. Any member doing so, however, shall still be counted present for the purposes of making a quorum.

J. The Judicial Board may empower agents to assist in the performance of its administrative responsibilities.

K. Removal of any justice on the Judicial Board may be enacted by a vote of at least a majority of the qualifying members of the Student Council, subject to confirmation by the Board of Directors of the Student Activities Corporation.

ARTICLE IV: IMPEACHMENT

Section 1 – Grounds for Impeachment
The following shall be considered grounds for the impeachment of any executive officer or member of the Student Council:

A. Serious misconduct, negligence or repeated inattention in carrying out official duties;

B. Misappropriation of funds;

C. Willful violation of the provisions of the Charter.

Section 2 – The Impeachment Process
Any executive officer or elected member of the Student Council may be impeached either upon the lodging of a petition with the chief justice of the Judicial Board, specifying charges and signed by five percent or more of the student body, or by means of a resolution passed by the members of the Student Council, at least two-thirds of the qualifying membership agreeing.

Section 3 – The Trial of Impeached Members of the Student Council
A. The trial of any impeached executive officer or elected member of the Student Council shall be conducted before the Judicial Board.
B. If the impeachment is by means of petition, the Judicial Board shall verify the signatures on the petition within one week of its submission.

C. Within three business days of this verification, or after the receipt of a duly passed Student Council resolution, the Judicial Board shall provide the accused with a copy of the verified documents, and after full consultation with all interested parties, set a date for an open hearing. This date shall be no later than two weeks after the receipt of the petition or resolution by the Judicial Board.

D. It shall be the duty of the chief justice of the Judicial Board to ensure that the student body is given adequate notice of this open hearing, and of the nature of the charges lodged against the impeached member of the Student Council.

E. The case against the impeached member shall be made either by the first signer of the petition or by the sponsor of the resolution, as the case may be, or by such agents as these parties may designate. The accused may defend himself or may designate an agent to conduct his defense.

F. Both the accuser and the accused shall have the right to call witnesses and to cross-examine witnesses called by the opposing party.

G. Following the conclusion of the open hearing, the Judicial Board shall meet in closed session to consider the evidence and reach a decision. This decision, together with any accompanying opinions, shall be made public within one week after the conclusion of the open hearing.

Section 4 – Conviction and Removal from Office of Members of the Student Council

Should four-fifths of the members of the Judicial Board find an impeached member of the Student Council guilty of any charges brought against him or her, he or she shall be considered convicted and removed from office. No student, once so convicted, shall again be eligible to hold any office or position within the Student Government. Should none of the charges be sustained by the Judicial Board, the impeached member shall be considered acquitted.

Section 5 – Suspension of Impeached Members of the Student Council

A. Should two-thirds of the elected members of the Student Council agree that the charges against another member are of sufficient gravity, they may vote to suspend that member from his duties for the duration of the impeachment process. In no case, however, shall such suspension be viewed as an indication of guilt of the impeached member. A suspended member shall immediately regain his or her powers upon acquittal by the Judicial Board.

B. In the event that the president is the subject of suspension or impeachment, the vice president shall serve as acting-president upon the disposition of the case.

ARTICLE V: ELECTIONS

Section 1 – Eligibility for Student Office

A. Only persons who are currently students in good standing at the College are eligible to hold office within the Student Government. Candidates for office must also meet the specific qualifications for the offices they seek as stipulated in Article III, Section 2, paragraph “C” of this Charter.

B. Any student wishing to become a candidate for freshman, sophomore, junior, senior, or graduate class representative on the Student Council must submit a nominating petition to the Judicial Board signed by at least 25 members of the student body. The petition must be submitted no later than six weeks prior to the election period.

Section 2 – Procedure for Electing Class Representatives

A. Elections shall be under the direct supervision and control of the Judicial Board and shall be conducted in conformance to the provisions of this Charter, in a fair, open and honest manner. No election guidelines or procedures drawn up by the Judicial Board shall go into operation until they have been approved by the Student Election Review Committee or the Dean of Students.

B. The period of holding elections for all class representatives shall be during the two or three weeks prior to the spring recess. The exact
date and times of the elections shall be determined and announced by
the Judicial Board no later than the end of February.

C. A newly-elected member of the Student Council shall begin his or
her term at midnight on June 1 and complete it, if not removed, at
midnight on May 31 of the following year.

D. All nominating petitions shall be reviewed and verified by the
Judicial Board, in consultation with the Dean of Students. All
currently-enrolled students who qualify as candidates shall be so
informed by the Judicial Board no later than four weeks prior to the
beginning of the election period.

E. The guidelines and procedures governing regular Student
Government elections shall be established and announced by the
Judicial Board at approximately six weeks before the date of
elections. The Judicial Board shall secure the cooperation of the
Dean of Students in the carrying out of elections. It may also employ
an independent ballot association to supervise the counting of the
ballots.

F. The Judicial Board shall be responsible for informing the student
body of the identities of candidates for positions within the Student
Government. Student Government funds shall not be utilized to
finance campaigns. Such activity shall disqualify such candidates.

G. The Judicial Board shall determine the design of the ballot and the
nature of the information that candidates may choose to have placed
on the ballot.

H. Special elections for the Student Council, as well as any referenda
that the Student Council may authorize, shall also be under the
supervision of the Judicial Board. These shall be conducted in a fair
and open manner, according to such specific regulations as the
Judicial Board shall determine.

Section 3 – The Election of Student Council Executive
Officers

A. Students in good standing at the College shall be eligible to be
elected executive officers of the Student Council if they have the
requisite qualifications for the offices they seek as stipulated in
Article III, Section 2, paragraph “C” of this Charter. These include a
grade-point average of at least 2.5 for undergraduate students, and at
least 3.0 for graduate students, at the time of election.

B. The executive officers of the Student Council shall be elected at
the same time and in the same manner as class representatives. Every
student registered in John Jay College of Criminal Justice shall be
eligible to vote in the election to fill each of the executive offices.
The candidates for these positions receiving a plurality of the total
vote shall be elected.

C. A newly-elected executive officer shall begin his or her term at
midnight on June 1, and completed, if not removed, at midnight on
May 31, of the following year.

D. Eligible students may become candidates for executive office in
the following manner:

1) Students wishing to become candidates for executive office must
present a statement of support signed by at least seven members of
the Student Council, or a nominating petition signed by at least one
hundred and fifty registered students.

2) No student may sign a nominating petition or a statement of
support for more than one candidate running for a single seat or
position.

ARTICLE VI: ELIGIBILITY REQUIREMENTS FOR
STUDENT CLUBS

Section 1 – Certification of Eligibility by the Judicial
Board

A. Any new Club wishing to be certified as eligible for funding must
first submit to the Judicial Board:

1) A statement of its purposes, said purposes being in accord with
the mission of the College and purposes of the Student Government
as defined in this Charter.

2) A constitution providing for the governance of the Club in an
open and democratic manner.

3) A membership list containing the names of at least fifteen
members of the student body, four of whom must be executive
officers of the Club, all of whom with grade-point averages of at
least 2.5 as undergraduate students and/or grade-point averages of at least 3.0 as graduate students.

4) A Club must have a faculty adviser.

B. The Judicial Board shall study and verify all material submitted to it by Clubs. It may require the executive officers or the faculty adviser of any Club to appear before it for the purpose of gathering additional information. Following the submission of the required materials, the Judicial Board shall determine whether a given Club is to be certified, and so inform the president of the Student Council. The Judicial Board may invoke this procedure with respect to continuing Clubs which have not undergone review for more than one year.

C. Any Club denied certification shall be provided in writing with the reasons for such action by the Judicial Board. It may resubmit an application for certification at any time thereafter.

D. If the Club has been denied certification, whether such denial is provided in writing or otherwise, it may lodge an appeal with the president of the Student Council. If the president determines that the appeal holds merit, he or she shall place it before the Student Council and shall request the executive officers of the Club in question and representatives of the Judicial Board to appear before the Student Council at its next meeting to give testimony in the case, provided the agenda has not already been established. If the agenda has already been established, the case shall be heard at the subsequent meeting. The Student Council may, on appeal, reverse a certification decision of the Judicial Board, provided that two-thirds of the qualified attending membership of the Student Council so agree.

E. All Clubs will be expected to hold at least three regular meetings per semester. At least one week’s notice shall be provided for all Club meetings, and attendance shall be open to all interested members of the student body. It shall be the responsibility of the executive officers of each Club to keep minutes of each meeting, indicating the members of the Club in attendance and all business transacted. These minutes, along with a signed statement from the Club’s faculty adviser attesting to their accuracy, shall be transmitted to the chief justice of the Judicial Board no later than one week following each meeting. Clubs shall also promptly submit to the Judicial Board all amendments to their constitutions.

F. At any time during the course of the academic year, any ten members of the Student Council or twenty-five concerned students may request that the Judicial Board reexamine the standing of any Club. Any Club found failing to conform to the requirements set forth in this Article may, after an open hearing, have its certification revoked. Clubs losing their certification may neither receive any further appropriations from the Student Council, nor draw upon any funds already appropriated. A Club, however, may appeal the loss of certification in the same manner as it might appeal an initial denial of certification. No Club may have its certification reexamined more than once during an academic year.

ARTICLE VII: INTERPRETATION OF THE CHARTER

A. Upon petition of one hundred students or ten members of the Student Council, or upon a motion by any executive officer of the Student Council, any question pertaining to the interpretation of any provision of this Charter may be submitted to the Judicial Board for interpretation.

B. In the event of such a submission, the Judicial Board must decide the question at its next meeting, provided that the Judicial Board shall also be free to decline to decide on the case. If the Judicial Board should accept the appeal, its chief justice may stay the disputed action of any Student Council executive officer or agent, or of the qualifying members of the Student Council, until the case shall have been decided.

ARTICLE VIII: AMENDMENTS

A. Any proposed amendment to this Charter must be introduced at a regular monthly meeting of the Student Council by a member of the Student Council or upon petition by one hundred members of the student body.

B. The Student Council may vote upon this amendment at its next regular monthly meeting, provided that due notice has been given to all members of the Student Council and the student body.
C. If two-thirds of the qualifying membership of the Student Council shall so agree, the amendment shall be submitted to the Board of Directors of the Student Activities Corporation for approval.

D. Should the Board of Directors approve, the amendment shall be submitted to the full student body for ratification. Within three months of such action by the Student Council and the Board of Directors, a referendum shall be held.

E. An amendment shall be adopted if approved by fifty percent of the students voting in the said referendum.

ARTICLE IX: IMPLEMENTATION

A. Upon the institution of this Charter all existing constitutions, charters and bylaws governing the John Jay College Student Government are null and void. The constitutions of all voluntary student organizations associated with it shall be subject to review.

B. Notwithstanding the provisions of Article VIII, during the first two years of this Charter’s operation it may be amended by an affirmative vote of a simple majority of the qualified members of the Student Council and the approval of the Board of Directors of the Student Activities Corporation. The provisions of Article III, Section 5, paragraph “I” shall not apply to such votes.
