To: The Faculty  
From: Ngozi Agbim

The Library Media Resources Center is happy to publish this revised Listing of Faculty Publications. As you recall, the first edition was issued in 1979 and so, 2½ years later, it is our pleasure to present a larger and more complete edition.

Many thanks to all of you who took the time to go through, revise as appropriate, and return on a timely basis the print-out of your publications as requested by the Library. Your cooperation has contributed immensely to the successful completion of the project.

Special thanks to Professor Albert Talero who did all the editing and arrangements for the publication. Thanks also to Professor Fred Low for making the TRS-80 wordprocessing facilities of the LaGuardia Automated Library System (LALS) available for this edition.

For easy access, a copy of this publication will be available in each department/division office as well as in the Library. In addition, each participant will be sent his/her own personal copy.

Please continue to keep the Library informed of new publications for future revisions. Your idea(s) on rearrangement of the contents of the publication for future revisions will be highly appreciated. Please send me a note or call me with your suggestion(s).
