Kingsborough Community College

Overview
Founded in 1963, Kingsborough Community College serves approximately thirty thousand students per year, offering a wide range of credit and non-credit courses in the liberal arts and career education, as well as a number of specialized programs. Kingsborough serves a widely diverse student population, represented by 142 national backgrounds and 73 national languages, and ranks among the top community colleges in the country in associate degrees awarded to minority students.

The college is located on a breathtaking 70-acre campus in Manhattan Beach, on the southern tip of Brooklyn, New York. The campus overlooks three bodies of water: Sheepshead Bay, Jamaica Bay and the Atlantic Ocean.

Our Vision
The Kingsborough Community College vision for the future offers a renewed focus on student learning that drives decision making within the institution. The vision statement says, “Kingsborough Community College shall be an institution focused on the question, ‘How do our individual and collective actions contribute to student learning?’ To achieve its vision, Kingsborough strives for high quality and continuous improvement in all areas related to student learning, including the faculty, instructional programs, student services, administrative and support staff, and the campus environment. In addition, Kingsborough encourages students to take an active involvement in their own learning.”

What We Offer
Kingsborough Community College offers open access to education by accepting all students with a high school diploma or GED. The college provides developmental courses and English as a second language instruction to better prepare all students to successfully complete their academic programs.

Kingsborough Community College is a comprehensive community college, offering a broad array of educational opportunities in line with its current mission: preparation for transfer to a four-year institution, career development, general education, adult and continuing education, and support services.

In addition, Kingsborough offers a number of programs for special populations, including the My Turn program for senior citizens; College Now, a unique partnership with area high schools that was developed at Kingsborough and is now being replicated by colleges throughout the city; and the Leon M. Goldstein High School for the Sciences, a public school located on the Kingsborough campus.

Kingsborough’s academic calendar is divided into two major semesters, each consisting of a 12-week session, followed by an optional 6-week module.

Kingsborough – Brooklyn’s Community College
As Brooklyn’s community college, Kingsborough sponsors hundreds of community events each year that attract visitors to the campus, including a free summer music festival and a performing arts festival. Last year more than 200,000 people attended special events hosted by Kingsborough.

Looking Toward The Future
Kingsborough Community College is committed to enhancing learning opportunities for the Brooklyn community. Following its long-standing and exemplary record, Kingsborough will continue to anticipate and respond to the ever-changing needs of its dynamic urban area. As the community experiences economic, social, and occupational shifts, Kingsborough will remain in the forefront to fulfill the needs and expectations of community members.

Accreditation
Kingsborough Community College is fully accredited and approved by the Commission of Higher Education of the Middle States Association of Colleges and Schools. The National League for Nursing Accrediting Commission (NLNAC) accredits the Nursing Program and the Commission on Accreditation in Physical Therapy Education accredits the Physical Therapist Assistant Program. All academic programs are registered by the New York State Education Department, The University of the State of New York, Office of Higher Education, 5 North Mezzanine – Education Building, Albany, NY 12234.

The College is a member of the American Association of Community Colleges (AACC); the American Council on Education (ACE); the League for Innovation in the Community College; the Hispanic Association of Colleges and Universities; the Association of American Colleges and Universities; the Association of Colleges and Universities in the State of New York; the Council of Higher Education Institutions in New York City; Junior College Council of the Middle Atlantic States; 5 Middle States Association of Colleges and Schools; New York State Association of Junior Colleges; and the Association of College Unions-International.

GIFTS AND BEQUESTS
In the current economic climate, community college enrollment is increasing and the availability of public funds is decreasing. As public funds become scarcer, the college seeks additional support from organizations, private foundations and corporations, and individuals. These funds support student scholarships, grants, educational programs, faculty development opportunities, sponsor research and publication and promote the cultural life of the college community.

Funds to provide student scholarships, enrich the student learning experience, and build the college’s endowment for future generations are raised through the Kingsborough Community College Foundation, Inc., an independent, not-for-profit charitable corporation, founded in 1982 to advance the college’s philanthropic goals. Donors have many options to choose from, including creating an endowed scholarship fund, contributing to existing funds, making a bequest or planned gift, or making an unrestricted gift to the Foundation.

The Foundation office is located in the Kingsborough Community College Office for College Advancement, 2001 Oriental Boulevard (D), Brooklyn, NY, 11235-2398. To reach College Advancement office by phone, call 718-368-4539.
CATALOG

This College Catalog contains academic policies and procedures, requirements, and other information critical to academic success. The catalog is posted on the KCC website by academic year, when necessary, a mid-year addendum is posted for the spring semester.

The catalog lists all the courses required for each particular degree, along with course descriptions to help students decide which electives are of the greatest interest and value to them. The catalog also alerts students to specific college requirements, rules and regulations, and the special opportunities and advantages available on campus.

It is in every student's best interest to become familiar with the information included in the catalog and to also seek the advice available in academic departments and advisement centers located on campus.

After graduating from Kingsborough, alumni discover that many senior colleges, universities and professional schools frequently require a copy of the Kingsborough Community College catalog, (printed during the years of attendance) which describes course content and other details that may be needed in order to properly evaluate credits. The catalog information may also be useful and helpful for employment opportunity consideration. An online version of the catalog is available on the Kingsborough website. For the most current program information, please consult your advisor.

Prospective students who are interested in attending Kingsborough should request publications about the college from the Admission Information Center in Room V-103.

ACADEMIC CALENDAR

Kingsborough conducts classes on an innovative academic calendar. Classes are held during a 12-week fall session, which starts in September and ends late in December. This is followed by a 6-week winter module that ends during February. A 12-week spring session starts approximately at the beginning of March and ends in the middle of June. This is followed by a 6-week summer module which continues until the end of July. The actual time of each day class period is 60 minutes.

One Tuition

Most full-time matriculated resident students in the degree programs who attended the previous 12-week session may attend the 6-week session without additional tuition fees. (Please refer to the information on residency and certification under the Tuition section of the catalog.)

Among the advantages the 6-week modules offer is the opportunity to take added courses that, in some programs, may make it possible to earn the Associate Degree in less than two full years. Students who choose to attend only the two 12-week sessions have an opportunity to seek employment to earn additional funds, obtain field experience, or to fulfill co-op requirements.

These dates may vary slightly from year to year. Applicants should call the Academic Village Center at 1-718-368-6700 to inquire about application deadline dates for the semester for which they are applying.

Applications received after the deadline dates will also be considered, but some programs may close early. Applicants should contact the Academic Village Center if filing after the application dates.

MATRICULATION
Applicants who plan to earn a degree should apply for matriculated status, and may attend either weekdays during the day or evening and/or on weekends. Day session students should be prepared to carry a minimum of 15 credits or equated credits per semester.

Basic Admission Requirements for Matriculated Status
FRESHMAN APPLICANTS are those who have never previously attended any college or other post-secondary school such as a trade, technical, business or health profession school. Freshman applications must include the student’s official high school transcript with date of graduation or General Equivalency Diploma (GED) scores. We cannot accept high school certificates, transcript with date of graduation or General Equivalency diplomas or transcripts from unaccredited high schools. Please refer to admission applications under the Academic Information section of this catalog.

TRANSFER STUDENTS who have previously attended a college or other college-level post-secondary school must submit a Transfer Application along with an official transcript from each college or post-secondary school attended. If the applicant has earned less than 24 credits, an official high school transcript or original GED scores must also be provided.

ADVANCED STANDING CREDIT: A maximum of 30 credits will be accepted toward degree completion through the combined options of testing and course transfer, provided that each course was completed with a satisfactory grade; the course content is equivalent to a Kingsborough course; and the course is appropriate to the student’s graduation requirements.

Credit will be awarded for courses from a regionally accredited non-CUNY college in which the grade earned was “C” or better. In those cases where a grade of “C-” carries two quality points on a four point scale, transfer credit will be granted. All passing grades are accepted from CUNY colleges.

The college also awards advanced standing credit through sources like the Advanced Placement Examinations (AP Exam) of the Educational Testing Service and the College-Level Examination Program (CLEP) of the College Entrance Examination Board, when the matriculated student has met all the pre-requisites for that course. Each academic department will determine for its disciplines, which, if any, exams and scores are acceptable. The college will exempt or award no more than two courses based on these exams and the credit awarded will count towards the transfer credit maximum of 30 credits.

Students requesting transfer credit should contact the Registrar’s Office, Room A-101, ext. 5136.

INTERNATIONAL STUDENTS APPLICANTS who are not citizens or permanent residents of the United States, whose native language is not English and whose previous education was not in English are required to take the Test of English as a Foreign Language (TOEFL) and score at least 475 if the test was taken on paper, 152 if taken on computer (CBT) or 53 if taken on the internet (IBT). Since it may take a considerable length of time for the TOEFL to be scored and many months for transcripts to arrive from outside the United States, applicants with foreign school documents are urged to complete their applications for admission at least six months prior to the start of the semester. Kingsborough does not evaluate foreign school documents or make admission decisions for international students: All foreign school documents are evaluated by the University Application Processing Center. The College is authorized to enroll non-immigrant alien students and issue US Immigration Form I-20 to those who are matriculated, in good academic standing and who register for at least 12 credits including equated credits. International students may not commence studies until they have an approved F-1 status.

NON-DEGREE STATUS APPLICANTS who wish to earn college credit without working toward a degree may request non-degree status. They may, if they wish, change to matriculated status in a future semester subject to the College’s requirements for doing so and use their credits toward their degree. Non-degree students are not entitled to financial aid. Consult the College academic calendar for filing dates and deadlines to apply for matriculation. For further information, refer to the details under the Academic Information section of this catalog.

Direct On-the-Spot Admission: Applicants who currently hold a U.S. high school diploma, have received a state General Equivalency Diploma by virtue of satisfactory scores on the GED examinations, or currently attend or have previously attended an accredited U.S. college may be eligible to apply for preliminary acceptance to Kingsborough. For further information, call the Academic Village Center at 718-368-6700.

* A semester consists of either the Fall session plus Winter module or the Spring session plus Summer module.
* The number of credits for each course is indicated with course title and description.
++ Equated credits pertain to non-credit developmental courses. See course descriptions.

**Permit Students**

Students on permit from another CUNY college will pay tuition at their home college. Permits may be submitted electronically online through the CUNY portal at www.cuny.edu. Applications must be filed well in advance of the deadline date established by the host college since several areas must approve the permit. Students who register and subsequently cancel their permit without deleting their course are subject to penalty grades from the host college that will appear on their Kingsborough transcript and are subject to tuition liabilities. Students who cannot complete their registration at the host college (e.g., closed course), must provide documentation from the host Registrar that they did not register.

HEALTH REGULATIONS
Health Services Office, Room A-108, ext. 5684
New York State Public Health Laws 2165 and 2167 dictate that there are certain immunization requirements that must be met prior to registration:

NYSPHL #2165 requires all students who were born after December 31, 1956 to submit to the College proof of immunity against measles, mumps and rubella.

NYSPHL #2167 requires the College to distribute information to students on meningococcal disease (or meningitis) along with a meningococcal meningitis vaccination response form. Upon receipt of the above, students must complete the response form and submit it to the College.

NOTE: Students will not be allowed to register unless the above requirements are met.

All entering matriculated students should have a complete physical examination taken within the past year by their personal physician, health care provider or clinic. The examination should include a test for tuberculosis (TB). Students whose TB test results are positive must have a chest x-ray. Students enrolled in the clinical phase of the Nursing Program must complete all of the above requirements in addition to other identified tests and vaccinations before they can attend clinical classes. Health forms are available in Office of Health Services for submitting examination results.

All medical records and examination reports should be forwarded to the Office of Health Services, Room A-108.

NOTE: The College will not release medical records without signed authorization from the student. Students who are under 18 years of age will need a parent or legal guardian to authorize the release.

The College reserves the right to reject an applicant because of an existing health condition if the College Medical Officer believes that it is necessary and that it is in the best interest of the student and the College. Smoking is prohibited inside all campus buildings including classrooms, auditoriums, elevators, hallways, restrooms and other common areas.

First aid, emergency treatment, psychological counseling and referral, educational, preventive and advisory services are available. Registered Nurses are in attendance whenever classes are in session. A clinical psychologist and college physician will see students and college personnel with specific health problems or questions by appointment. Any accident or illness incurred during school hours or en route to the College should be reported immediately to the Office of Health Services.

NOTE: The College does not monitor individual student participation in physical education or athletics. Students are responsible for following the advice of their physicians or health care providers in these matters. The College will take no responsibility whatsoever for any injury which may be suffered should a student participate without advice or against medical advice and for any injury sustained as a result of physical incapacity.

REGISTRAR’S OFFICE

FINANCIAL AID

Financial Aid Office, Room U-201, ext. 4644

The key to financing a college education successfully is to determine a budget. The student budget is defined as the number of dollars students need to attend The City University of New York (CUNY) for one year. It is composed of direct educational expenses (tuition, fees, books) and indirect educational expenses (housing, food, transportation, and some personal expenses). CUNY has established two standard budgets: (1) students living with parents and (2) students living away from parents.

Balanced against student budgets is the Expected Family Contribution (EFC). The EFC is calculated by the need analysis system that is established by Congress, and is defined as the number of dollars that students and their families can contribute toward the budget. To ascertain each student’s need, the EFC is subtracted from the budget established for that student. The need establishes the maximum amount of dollars that can be awarded from all financial aid programs.

NEW YORK STATE TUITION ASSISTANCE PROGRAMS

The Tuition Assistance Program (TAP)

Sponsored by the State of New York, TAP provides tuition assistance for New York State residents who are matriculated and enrolled full-time, i.e., a minimum of 12 credits and/or chargeable hours in the major, a minimum of 6 credits must be in credit-bearing courses, and recipients must be income-eligible as defined by TAP.

All students must re-apply for TAP on an annual basis. Application is made to the New York State Higher Education Services Corporation (NYSHESC) using the FAFSA which is available on-line at www.fafsa.ed.gov beginning in early Spring of each year.

A TAP award year at Kingsborough Community College consists of the Fall and Winter sessions ("Fall") plus the Spring and Summer sessions ("Spring"). For additional information regarding TAP eligibility requirements, visit www.hesc.org and/or the Kingsborough website, www.kbcc.cuny.edu.

Students whose applications for TAP are approved will receive an award certificate from NYSHESC. The amount of the TAP award is scaled according to the level of study, tuition charges, the verified net-taxable income, and the number of TAP payments previously received. Community college students are limited to three years worth of TAP eligibility.

If students receive the award certificate prior to registration, tuition will be reduced by the amount stated on the certificate. If certificates are received after registration, students must pay the tuition at the time of registration and will receive a refund of the TAP award during the semester.

Eligibility for TAP

To be eligible for TAP, students must be:

1. New York State residents,
2. U.S. citizens or permanent residents,
3. matriculated,
4. income eligible,
5. enrolled full-time (a minimum of 12 credits/chargeable hours required in the student’s major)

6. able to meet minimum standards of satisfactory academic standing, academic progress and program pursuit as defined by the New York State Education Department for Kingsborough Community College students.

7. must have a U.S. high school diploma, a G.E.D., or pass an approved ability to benefit test.

Satisfactory Academic Standing to Continue TAP Awards

TAP requires the maintenance of a minimum, satisfactory academic standing. Students who fail to pursue a program of study or who fail to make satisfactory, academic progress, will lose TAP eligibility for the following semester.

Pursuit of Program/Academic Progress

Students are required to complete a certain minimum number of credits or chargeable hours each semester, accumulate a specified minimum number of total credits and achieve a specified minimum cumulative grade point average (GPA) to be eligible for each TAP payment. Additional information/explanation is available from the TAP Certification Office located in Room P-204.

Aid for Part-Time Study (APTS)

The Aid for Part-Time Study (APTS) program is sponsored by the State of New York and was established to provide tuition assistance for part-time, matriculated students who are New York State residents. Kingsborough students should use the T.O.W. This form is mailed to all students after completion of the FAFSA.

Eligibility for APTS

APTS is not an entitlement program. Therefore, awards are limited. Kingsborough Community College selects award recipients and determines individual award amounts. To be eligible, students must: (1) be enrolled, part-time, in an approved undergraduate degree program in New York State (part-time is defined as at least six (6) but not more than eleven (11) chargeable hours); (2) meet the income eligibility requirements; (3) be New York State residents; (4) be either U.S. citizens or permanent residents; (5) have a tuition liability of at least $100 per year; (6) have remaining TAP eligibility; (7) NOT in default of a Federal Student Loan; and (8) be enrolled in courses required in their major.

APTS Awards

The money available for all participating institutions is set each year in the New York State budget. The amount received by a participating college is determined by the school’s percentage of the state’s total part-time enrollment.

Satisfactory Progress for APTS

Recipients must be in good academic standing in accordance with New York State’s rules and regulations (GPA must be above 2.00) and must not be in default of a student loan.

Part-Time Tuition Assistance Program

Part-Time TAP is a New York State program implemented in the 2007-2008 academic year. It allows students to receive partial TAP payments for taking between 6-11 credits. This program is available to CUNY students who meet the specified requirements. Because TAP is a grant, it does not have to be paid back.

To receive Part-Time TAP students must meet the following requirements:
- Be a New York State resident
- Submit the FAFSA and the TAP application by the posted deadline
- Be admitted into a degree program
- Be a first-time freshmen in the 2006-07 academic year or thereafter
- Have earned 12 credits or more in each of the two consecutive preceding semesters, for a minimum of 24 credits
- Maintain a cumulative Grade Point Average of 2.0 or higher
- Register for at least 6 credits, but less than 12 credits
- Maintain good academic standing

Important Notes

A. Students who withdraw from all courses during a semester will lose eligibility for TAP in the subsequent semester.

B. Students on probation or continued probation who make satisfactory academic progress during this probationary period and continue to maintain their academic standing will maintain their eligibility for TAP.

C. A repeated credit course cannot be included as part of a student’s minimum full-time or part-time, course load for New York State financial aid purposes, except in the following cases: (1) when the repeated course was previously failed (2) when the course was previously passed but with a grade too low to be accepted in the enrolled curriculum, or (3) when a course may be repeated and credit earned each time.

D. A repeated non-credit (developmental or remedial) course cannot be included as part of a student’s minimum full-time or part-time course load for New York State financial aid purposes: (1) if students have already received two payments for that course, or (2) if students have previously received passing grades for that course.

E. Loss of TAP eligibility: Students who fail to meet the standards of academic program pursuit, academic progress, and/or attendance will lose their TAP eligibility. In addition, any student who registers for courses without having met these standards will be liable and billed for the full amount of their TAP award, retroactively.

F. Transfer students or students making a change of curriculum should review their status with an academic adviser and a financial aid counselor in order to insure their continuing TAP eligibility status at Kingsborough Community College.

G. Waiver Policy: Students who can demonstrate that exceptional circumstances beyond their control caused them to have a substandard academic record may be eligible for a one-time, undergraduate waiver of the TAP regulations. Waivers will be granted in these exceptional cases only when: (1) there is a reasonable probability that the student will regain good academic standing; (2) the student is able to present full documentation; (3) the waiver is recommended by the Committee on Academic Standing after the student has met with an appropriate college official, and; (4) the waiver is approved by the Committee on Academic Standing. Students who wish to apply for a TAP waiver must submit a written appeal to the Registrar’s Office, room A-101. There are three types of TAP waivers: one time; “C”; and Medical/Health (student-health-related).
OTHER GRANTS AND LOAN PROGRAMS

Federal PELL Grants
Matriculated students attending college on at least a less than half-time basis may apply for this Federal grant program. Students should use the Free Application for Federal Student Aid (FAFSA) available on-line at www.fafsa.ed.gov (application PIN is requested at www.pin.ed.gov). Applications are also available in the Financial Aid Office, Room U-201, beginning in the early spring of each year. The award year at Kingsborough Community College is Fall>Winter>Spring>Summer.

Students must send the completed FAFSA in the appropriate envelope or file through the Web at www.fafsa.ed.gov. In about one month, students will receive a Student Aid Report (SAR) which contains the EFC. If the SAR and required documentation are received in the Financial Aid Office before students’ registration dates, tuition and fees will be reduced by the amount of the PELL award. If the SAR is received after classes begin, students must pay the tuition and fees at the time of registration and will be awarded the amount of money for which they are eligible later in the school year.

Note: The amount of your Pell Grant is tied to the number of credits paid for in the fall and spring semesters. If you drop classes and plan to attend either the winter or summer session, you must register for, and complete, enough credits to reach the original number of credits for which you registered in the fall and/or spring, or you will lose your Pell Grant. (For example, if you registered for 12 credits in the fall and drop a 3-credit course, you must register for, and complete, 3 credits of coursework in the winter session, or you will lose your Pell Grant for the fall.)

Eligibility for PELL
Eligibility varies with financial need. The need analysis formula used is devised and mandated by Congress each year. Students are notified by the Financial Aid Office about the conditions for receiving PELL payments and how and where these payments can be received. Check the financial aid portion of the Kingsborough website (www.kbcc.cuny.edu) for details. Application is accomplished by first selecting a “PIN” at www.pin.ed.gov, and then by accessing www.fafsa.ed.gov. Students selected for financial aid verification should check the Kingsborough website for next steps. Also check online for the check distribution schedule.

To remain eligible, students must attend classes and continue to make satisfactory, academic progress in their chosen program of study.

Note: Students must have achieved at least a 2.00 GPA after two years of attendance at Kingsborough Community College. PELL will pay for a maximum of (30) equated credits, excluding ESL courses.

Federal Supplemental Educational Opportunity Grants (FSEOG)
FSEOG grants are available to exceptionally-needy full-time and part-time (at least half-time) students. These grants range from $200 to $2,000 annually. Students may apply for a “PIN” at www.pin.ed.gov, and then apply for this and all federal aid programs together at www.fafsa.ed.gov and must maintain satisfactory academic progress as stated under the PELL program. Checks are distributed several times each semester. The check distribution schedule is available online at www.kbcc.cuny.edu.

Federal Perkins Loan Program (FPL)
Application is made through the FAFSA. Applicants may borrow up to $5,000 during their first two years at Kingsborough Community College, provided they remain in good standing. The amount students may receive is determined by financial need and availability of Federal funds. Loans are provided interest-free while the student is qualified and enrolled. Upon completion of study, there is a nine-month grace period before payments begin at 5%, simple interest for up to a ten-year repayment period. Application is first made by applying for a “PIN” at www.pin.ed.gov, then by completing an electronic application at www.fafsa.ed.gov. To continue eligibility, students must be enrolled at least half-time and maintain satisfactory academic progress as stated under the PELL program. Loan checks are distributed once per semester. The check distribution schedule is available online at www.kbcc.cuny.edu.

Satisfactory Academic Standing to Continue Title IV Awards
In order to be making satisfactory academic progress toward a degree, for the purposes of receipt of Title IV Federal Student Assistance, an undergraduate student must achieve at least the grade point average (GPA) required for probationary status at the institution; after two years of enrollment at the college, at least a “C” average, or its equivalent, or academic standing consistent with the requirements for graduation; and accumulate credits toward degree according to the following standards:

A. Accumulated credits are equal to or greater than two-thirds of the attempted credits at the institution.

B. Attempted credits are not more than 150% of the credits normally required for completion of the degree. (If the standards in paragraph A and B are not met, eligibility may be retained by meeting conditional standards.)

C. For the Associate degree, the conditional standard is: accumulated credits equal to or greater than [.875 x credits attempted] – 21.

Students will be measured against the satisfactory academic progress standard at the end of the spring term to determine eligibility for receipt of Title IV financial assistance for the upcoming year.

Federal Regulations require students to maintain satisfactory academic progress towards a degree for purposes of receiving Federal Student Aid (Title IV). If you are denied federal financial aid for not making satisfactory academic progress you may appeal. Appeals will be evaluated to determine if events beyond a student's control, such as personal illness, death or severe illness of an immediate family member, etc. are responsible for the student's failure to meet academic standards. Additionally, the student's academic history will be considered to determine if it creates a reasonable expectation that the student can meet the standard.

If the appeal is approved, the student will retain eligibility for the Title IV financial aid on a probationary basis, in order to meet the required standards.

If the appeal is denied, the student may continue at the College without federal financial assistance.
Important Notes
A. Attempted credits usually reflect course loads maintained in students’ permanent records at their college.

B. Accumulated credits should reflect credits that students earn toward the completion of the degree program in which they are enrolled.

C. Enrollment in developmental courses will not be included as attempted credits.

D. Withdrawals, which are recorded on a student’s permanent record, will be included as attempted credits and will have an effect on meeting the appropriate standard. A retroactive “non-punitive” withdrawal may result in cases where students repay any assistance received as a result of their enrollment at the time of receipt of the assistance.

E. Courses with incomplete grades are included as attempted credits. However, these courses cannot be used as credits.

F. Repeated courses can generally be accepted toward degree requirements. However, each time students attempt courses, they are included as part of the attempted credit record. Therefore, repeated courses, regardless of the prior grade, reduce students’ capacities to meet the appropriate credit accumulation standard.

For detailed information on the topics below, go to room U-201 or refer to the financial aid portion of the Kingsborough website at www.kbcc.cuny.edu.

G. Details on how to appeal the loss of financial aid can be found in the financial aid portion of the Kingsborough website.

H. Non-standard admissions situations:
   1. Readmitted students
   2. Transfer students
   3. Second degree students

Note: Non-degree students and those holding foreign student visas are NOT ELIGIBLE for financial aid. Possible sources of assistance are listed in the financial aid section of the Kingsborough website.

Any student required to register with the Military Selective Service, who fails to do so is ineligible for financial aid. (Additional information is available at www.sss.gov.)

All loan recipients who complete their degree requirements and/or are leaving the college, must schedule a loan exit interview with the Financial Aid Office.

Federal Direct Loans
Students seeking loans under the Direct Loan Program should first obtain a “PIN” at www.pin.ed.gov, then submit an electronic application at www.fafsa.ed.gov. Students will then receive a Student Aid Report (SAR). Students should bring the SAR and required documentation to the Financial Aid Office and request a loan application. A printable loan application along with other information about Federal Direct Loans is available on the Kingsborough website, www.kbcc.cuny.edu.

This program provides variable, low-interest loans totaling up to $23,000 to cover undergraduate work. Eligible Kingsborough students who carry at least 6 credits and/or equated credits may borrow up to a total of $3,500 for the freshman year and up to a maximum of $4,500 for the sophomore year. The amount of the loan will be determined by students’ Expected Family Contribution (EFC). Repayments begin six months after students graduate or leave school.

There are two types of Federal Direct Loans:

1. Subsidized Federal Direct Loan: The interest on this type of loan is paid by the Federal government during a student’s residence at Kingsborough Community College. To be eligible for the Subsidized Federal Direct Loan, applicants must: (a) be enrolled for at least half-time; (b) be a United States citizen or permanent resident alien; (c) demonstrate satisfactory academic progress; (d) have no outstanding debts from previous loans; (e) show financial need; and (f) file a PELL application to determine the Expected Family Contribution (EFC).

2. Unsubsidized Federal Direct Loan: The interest on this type of loan is paid by students while they attend school, or the interest is added to the loan. To be eligible for the Unsubsidized Federal Direct Loan, applicants must: (a) be enrolled for at least half-time study; (b) be a United States citizen or a permanent resident alien; (c) demonstrate satisfactory academic progress; (d) have no outstanding debts from previous loans; and (e) file a PELL application to determine the Expected Family Contribution (EFC).

Federal Parent Loan for Undergraduate Students (PLUS)
Parents may borrow up to the total cost of education minus other aid for each dependent child.

ACADEMIC AND SERVICE AWARDS
Annual awards are given to graduating students who achieve academic excellence in their various disciplines, and to students who give outstanding service to the college through student government and other student activities. The Faculty Committee on Awards administers the annual Awards Program. The Awards Ceremony is part of the two-day Commencement Exercises at Kingsborough and is usually held in the evening before the Commencement Day. Families and friends of the awardees are invited to the annual Awards Ceremony to share in the celebration of the students’ success.

The Faculty Committee on Awards, chaired by the Associate Provost of Academic Affairs, also selects the valedictorian. All students who have achieved a GPA of 4.00 and have no more than 12 transfer credits to Kingsborough are invited to audition for the valedictorian speech.
For any questions regarding the annual Awards Program, students should visit the Office of the Associate Provost of Academic Affairs in room M-386 or call (718) 368-5029.

ACADEMIC INFORMATION

Matriculated students register for a specific degree in a particular curriculum or major. To be considered a full-time student, a student must enroll in a program of study carrying a minimum of 12 credits and/or 12 equated credits during the fall and spring sessions. (Full-time students usually carry a program of 16 to 18 credits or equated credits.) Part-time students carry fewer than 12 credits and/or equated credits. While it is possible to carry a full-time evening program, not all KCC degree programs are available for full-time evening study. Non-department required degree courses can be used for necessary basic courses and credit earned before completing department requirements in day session. Counselors are available for consultation.

Non-degree students who request a change to matriculated status must meet the following requirements. (NOTE: Non-degree students are NOT eligible for financial aid.)

1. Have an official transcript certifying high school graduation or its equivalent on file in the Registrar’s Office, Room A-101.
2. Take required CUNY Skills Assessment tests (COMPASS Math Skills Test and the CUNY/ACT in Reading and Writing)
3. Be in good academic standing (at least a 2.00 cumulative index) at the end of the current 12 week term.

If a college was attended previously, the following criteria must be met:
A. Meet requirements in 1, 2 and 3 listed before.
B. Have an official copy (copies) of previous college(s) transcript(s) on file in the Registrar’s Office.

If the GPA at the previous college(s) was below a 2.00, the completion of a minimum of 12 credits or 12 equated credits will be required at Kingsborough Community College with at least a 2.00 GPA.

Consult the Academic Calendar for filing dates and deadlines.

TESTING

Room T-602, ext. 4975

The City University of New York mandates that all incoming degree-seeking students, as well as students entering the upper division, meet standards of proficiency in the basic skill areas of reading, writing and mathematics. In addition, the University requires students in both associate and baccalaureate programs to demonstrate their command of certain vital academic skills by the time they reach their 60th credit.

Accommodations for a required test based on disabilities are granted to students in compliance with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. Students who wish to seek such an accommodation must be registered with the College’s office serving students with disabilities.

Freshman Course Placement

AFTER acceptance by the College, but BEFORE registration, entering matriculated students (and non-degree students attempting to achieve matriculation) will be required to take the COMPASS Math Skills Test, the CUNY/ACT in Reading, and the CUNY Assessment Test in Writing (CATW). Results of these mandatory tests determine specific course assignments in appropriate English and mathematics classes.

Skills Assessment Testing

The Dean of Instructional Services is directly responsible for the administration of the CUNY skills assessment tests (COMPASS Math Skills Test, the CUNY/ACT in Reading, and CUNY Assessment Test in Writing). Approximately 5,000 students are tested each year. The tests evaluate student skills in reading, writing, and mathematics. All incoming degree-seeking students are required to take these examinations. The results of the examinations are key to determining the need for developmental instruction.

Basic Skills Proficiency

Students must meet standards of proficiency in the basic skills areas of reading, writing, and mathematics established by the College. In addition, the CUNY Board of Trustees has mandated that students meet a University-wide minimal level of skills proficiency before entrance to the upper division. Consequently, students will be tested in these areas by taking the CUNY/ACT in Reading, the CUNY Assessment Test in Writing, and the COMPASS Math Skills Test after admission, but prior to their freshman year, to determine whether they meet the minimal University standards. Those who initially fail to meet requirements will be given appropriate developmental instruction to assist them to achieve the required skills competency levels. Students who fail to achieve the minimal CUNY standards by the end of their sophomore year will not be permitted to continue in the University. The end of the sophomore year is the semester, or session, in which the program’s degree requirements for graduation are completed.

Curricula

The college expects that every Kingsborough student will make consistent and determined progress toward earning a degree, seriously strive to perform well in all courses, spend approximately two hours of outside preparation, study and work for EACH hour of classroom instruction and be committed to taking full advantage of the opportunities the college offers for a quality education.

The administration and faculty are concerned with providing education of the highest level of excellence, building basic skills which will facilitate and encourage further learning, assisting students to develop their individual potentials to their highest levels and helping students establish a firm foundation upon which to build their future careers.

Students in all programs follow courses of study designed to provide a sound general education and a carefully developed program of occupational or pre-professional education.

Non-credit, non-degree courses and programs are offered by Continuing Education.
Graduates who successfully complete the courses prescribed for the program of their choice can earn the degree that curriculum carries: the Associate in Arts (A.A.) degree, the Associate in Science (A.S.) degree and the Associate in Applied Science (A.A.S.) degree. Several one-year certificate programs are also offered.

Students must consult with an advisor when selecting courses to assure that their selections meet the curriculum requirements of their prospective major.

The Associate in Arts (A.A.) degree is awarded upon satisfactory completion of the required credits for Liberal Arts (with concentrations in Children’s Studies, English, Global and Environmental Studies, Secondary Education, and Women’s Studies); or Criminal Justice.

Candidates for the Liberal Arts degree concentrate their studies in the fields of the Arts and Humanities; Mathematics and the Sciences; and the Behavioral and Social Sciences.

The Associate in Science (A.S.) degree is awarded upon satisfactory completion of the required credits for programs offered in Mathematics, in the Sciences, and the Arts. Candidates for this degree follow programs which closely parallel the A.A. program, but have greater concentration in Mathematics or in Science, or the Arts, or one of the other areas in which they plan to major. These programs include: Biology (with Occupational Therapy, Pharmacy, Nutrition Science, and Physician Assistant Transfer Options and concentrations in Biotechnology, Marine Biology, and Preparation for Teaching Secondary Education); Biotechnology, Chemical Dependency; Chemistry; Community Health (with concentrations in Gerontology, Health Administration, Health Education and Promotion, and Substance Abuse Counseling); Computer Science; Early Childhood Education/Child Care (with a concentration in Infancy/Toddler Development); Earth and Planetary Sciences; Educational Studies (with concentrations in Early Childhood and Childhood Education); Engineering Science; Exercise Science/Personal Training; Fine Arts (with concentrations in Art History, Ceramics, Drawing and Painting, Photography, and Sculpture); Journalism and Print Media; Mathematics; Mental Health and Human Services; (with concentrations in Domestic Violence Counseling and Substance Abuse Counseling); Physics; Science for Forensics; Speech Communication (with concentrations in Speech Pathology and Communication Studies); or Theatre Arts; (with concentrations in Performance and Technical Production).

The Associate in Applied Science (A.A.S.) degree is awarded upon satisfactory completion of the required credits in the Career programs: Business; Health; and Human Services. Candidates for this degree follow programs which concentrate in the applied fields. The professional fields in which these programs are offered include Accounting (with a concentration in Tax Accounting); Media Technology and Management; Business Administration (with a concentration in Entrepreneurial Studies); Computer Information Systems; Culinary Arts; Fashion Design; Graphic Design and Illustration; Maritime Technology (with a Marine Technical option); Nursing; Office Administration and Technology (with concentrations in Executive, Legal, Medical, Medical Word/Information Processing, School, Word/Information Processing); Physical Therapist Assistant; Physical Education, Recreation, and Recreation Therapy (with options in Recreation and Leisure, Exercise Science/Medical, and Recreation Therapy, Baccalaureate Transfer Options in Sports Management and Teaching Physical Education K-12); Retail Merchandising (with concentrations in Fashion Merchandising and Marketing Management); Surgical Technology; Tourism and Hospitality (with concentrations in Hospitality, Sports Management, and Tourism); and Website Development and Administration.

**Graduation Requirements**

Eligibility for graduation requires the completion of one of the programs of study, as outlined within the Programs and Course Requirements section of this catalog, with an overall minimum cumulative grade point average of 2.00 (at least a “C” average) for all courses taken at Kingsborough Community College; passing scores on all CUNY assessment examinations; and, effective Fall 2010, a passing grade in a writing intensive course. Some departments also require a minimum grade point average for specific courses; refer to the Programs and Course Requirements section of this catalog for degree requirements.

Students can review their progress towards graduation on-line anytime by checking DegreeWorks. Each of the three filing periods (for an August, January, or June degree) has a deadline.

*In order to graduate and be issued a diploma, all students must file an application for graduation by the deadline given in the Academic Calendar during the current filing period so their records can be reviewed. The student must be matriculated during their last term of attendance at Kingsborough Community College.*

In order to receive a Kingsborough degree, a student is required to have completed the final 30 credits toward that degree while enrolled at Kingsborough. Where one or more credit-bearing courses to be included in this sum are to be earned at another institution, prior permission must be obtained from the Committee on Academic Review. Each request for permission will be considered case-by-case on the merits of the individual circumstances. No permission will be granted if the total of the course credits result in less than 30 Kingsborough credits completed for the degree.

A graduate whose cumulative GPA is between 3.50 and 3.89 shall be graduated with honors. The term “with honors” will be inscribed on the student’s diploma and noted in the commencement program.

Students seeking a waiver of graduation requirements may appeal to The Committee for Academic Review in room M-386.

Students who intend to continue their studies after graduation must file a readmission application changing their curriculum to either a second degree or continue as a non-degree student. If the Registrar’s Office determines that a student has satisfied all the requirements for graduation and can be certified as a graduate, the student must wait until the next major term (fall or spring) before attending again in their changed status.

**MAINTENANCE OF ACADEMIC STANDARDS**

The grade of “INC” (incomplete), or its equivalent, shall be awarded only when the course requirement has not been completed for good and sufficient reasons and where there is reasonable expectation that the student can complete the requirements of the course.

The grade of “W” (withdrawal without penalty) is applied when the student has submitted a Withdrawal Form to the Registrar’s Office by the due date listed on the College’s Academic Calendar.
The following table is used when evaluating a student’s academic progress.

<table>
<thead>
<tr>

<th>Minimum Cumulative GPA (Index)</th>
</tr>
</thead>
<tbody>
<tr>
<td>12 to 23 1/2</td>

Students who fail to achieve these standards will be placed on probation for one semester, and if unable to correct their deficiencies during that semester, will be dropped from the college. Students who receive financial aid must maintain these standards. The normal academic appeals procedure of the college will continue to consider individual cases and to make such exceptions to the implementations of these guidelines as unusual circumstances may warrant. Students who are dropped from the college for academic reasons may appeal to the Committee on Admissions and Academic Standing for readmission after one semester. Students should pay the required readmission application fee and submit the completed readmission application, along with a letter of appeal addressed to the College Committee on Admission and Academic Standing, to the Registrar’s Office, Room A-101. Consult the College’s web page for readmission deadlines; applications should be filed early since readmission deadlines are well before the start of the upcoming semester.

**Credits**

Credits are points granted for courses taken in the college. The number of credits is usually based on one credit for each weekly class hour. In some cases, the number of required hours may exceed the number of credits granted (i.e., science and physical education courses).

Example:

- Chemistry 01200 6 hours 4 credits
- History 01100 3 hours 3 credits
- Phys. Ed. 02000 2 hours 1 credit

**Grade Point Index**

The Grade Point Index is obtained by multiplying the grade point value by the number of credits for the course, then totaling the grade points and dividing by total credits. (See page 26 for grade point values.) For example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Grade</th>
<th>Point Value</th>

</tbody>
</table>

Total 10.3 | Total 17 | Grade Point Total 37.9

Grade Point Index (37.9 quality points divided by 17 credits) equals 2.23, or approximately a “C+” average.

**Developmental Courses**

Developmental courses are specifically designed and required for students who have not passed the CUNY skills assessment tests (ACT in Reading and Writing and the COMPASS Math Skills Tests). Developmental courses are non-credit (0 cr.).

**Equated Credits**

Weekly class hours in developmental and compensatory courses for which credit is not given are, for certain purposes, counted as equated credits.

Example: Math 0M100 4 hours 0 credits AND 4 equated credits
          English 09100 8 hours 0 credits AND 8 equated credits

**Basic Courses (+)**

Basic courses are courses that individual Kingsborough departments feel are essential for college students so that they may learn the fundamental and basic concepts of a discipline. Basic courses are designated by a (+). Some basic courses require prerequisite courses or departmental permission. This is indicated with the course description.

**Advanced Courses**

Advanced courses are courses that individual Kingsborough departments feel are important as follow-up courses to explore, either in breadth or depth, the areas of knowledge to which students have been introduced while taking the basic courses.

**EXAMINATIONS**

**Mid-Term**

Mid-term status is provided orally by instructors, and it is not entered on the permanent record.

**Final**

Students are responsible for meeting examination schedules. Students who have a conflict with a final examination schedule must immediately report to the Registrar’s Office for rescheduling. Students can access their final grades on the web.

**Makeup Final**

Students who miss final examinations for legitimate reasons may apply for makeup examinations.

Generally, permission is granted only to students who maintain passing grades up to the final examination period. For each make-up examination, a Petition for Final Makeup Examination form with the instructor’s signature must be completed and received in the Registrar’s Office by deadline dates (refer to Academic Calendar). Students pay $15 for the first makeup exam plus $5 for each additional exam.

**GRADES**

Grades indicate how well a student is doing academically. They deserve careful attention as evidence of good progress and as an indication of the need for counseling and/or for increased effort.

**Standard Grades**

Students receive an official grade for each course at the end of a semester. This becomes part of the permanent record. The standard grades are:

Students who find it necessary to withdraw from the college must complete and file an official form in the Registrar’s Office, A-101

NOTE: The last date of class attendance is considered the official date of withdrawal from the college. Students should check the Academic Calendar for deadline dates to withdraw without academic penalty.
The student may be readmitted. If at the end of the semester of readmission, the student's academic level has not been raised to CUNY's standards, nor has adequate progress in achieving the appropriate standards been shown, the student will be dismissed.

STUDENT ATTENDANCE POLICY
A student who has been absent 15% of the total number of instructional hours that a class meets during a semester or session may be considered excessively absent by the instructor. The instructor may consider excessive absences as a factor in the assignment of a student’s grade.

INDEPENDENT STUDY
The college offers students the opportunity to take a limited number of credits outside the traditional courses structure as Independent Study, designated by the course number “08100.” Students registering for such courses undertake a prescribed program of individual and/or group research and may attend seminars or workshops dealing with their field of study. All work will be conducted under the supervision of the assigned instructor and will be evaluated and graded by the instructor. Successful completion of the “08100” courses generally requires from 1 to 3 hours per week and earns from 1 to 3 credits per semester. These courses are open ONLY to upper freshmen and sophomore students who have an overall B average (3.00 index) in the subject area, with departmental approval.

Students will be permitted to take no more than 6 credits of Independent Study in any one area and no more than 12 credits toward the degree.

Transfer to Senior Colleges and Universities

CUNY Articulation Policy:

Associate in Arts (A.A.) Degree

- Students will also need to complete the requirements for their major at the senior college. Based on a fair and reasonable evaluation of a student's transcript, at least 9 credits will be granted in the student's major (including laboratory science). Students who change majors upon transfer may not have completed coursework that can be applied toward a new major.

Associate in Science (A.S.) Degree

CUNY Baccalaureate for Unique and Interdisciplinary Studies, Room M-386, ext. 5029
The City University of New York Baccalaureate for Unique and Interdisciplinary Studies (formerly the CUNY Baccalaureate Program) allows academically able students the opportunity to design individualized programs of study that complement their academic, professional, and personal goals. The program is well-suited for students who wish to pursue areas not available as majors at either their home colleges or elsewhere within the university. This is CUNY’s most flexible, versatile degree, making it particularly beneficial for working adults; the program also offers a comprehensive transfer policy.

Working one-on-one with CUNY faculty mentors, students create their own single or double “areas of concentration” (like single or double majors), many of which are often interdisciplinary. Recent examples include Engineering Psychology, Marketing Anthropology, Urban Sustainability, International Human Rights, Environmental Biology, Community Development and Technology, and Food Studies and Entrepreneurship. Students may take courses at any CUNY college, including the Graduate Center, School of Professional Studies, and City College Center for Worker Education, and are encouraged to pursue independent research, fieldwork, study abroad, and other academic opportunities.

CUNY BA, as it is commonly known, accepts up to 68 transfer credits earned at the community college level, and up to 90 credits in total. Qualified Kingsborough students can be in the program while working towards their associate’s degree (and will be able to take courses at the senior colleges at the same time). To be eligible for admission, students must have completed at least 15 college credits with at least a 2.50 GPA, and must have an idea for an interdisciplinary or otherwise unique area of concentration.

Developmental English and Mathematics courses and workshops are required for matriculants who have not passed the respective CUNY placement test. The specific developmental courses students will be required to take are determined by the relevant CUNY placement score.

General Education requirements for all degree programs:

English Composition I & II (ENG 01200 and 02400) ....7 credits

Students learn to write clearly focused, logically organized and effectively developed essays in a variety of genres and for different audiences. The first course emphasizes the interpretation of ideas from readings and the incorporation of those ideas into one’s own writing, the development of ideas in essay form, and an understanding of how language communicates facts, ideas and attitudes. The second course emphasizes the critical examination of texts typically encountered in college for the purpose of generating and supporting ideas further explored in writing and related research.

Depending upon the major, selections are made from the following:

A. Arts and Humanities

The arts and humanities are the expression of humankind’s values and experiences. They hold up a mirror and allow us to see reality from a different perspective. For this requirement courses are selected from:

- Art, Foreign Language, Literature, Media and Film Studies, Music, Philosophy, Speech and Theatre Arts

NOTE: For the A.S. or A.A.S. degree, studio or skills-based courses in Art, Music, Theatre or Performing Arts do not satisfy this requirement.

B. Behavioral and Social Sciences

For the betterment of all, the behavioral and social sciences study human behavior and the institutions of human society. For this requirement courses are selected from:

- Anthropology, Economics, History, Political Science, Psychology and Sociology

C. Mathematics and the Sciences

Mathematics and the sciences help solve problems from those of personal health to environmental ones of intergalactic dimensions. They seek to define and redefine what is possible. For this requirement courses are selected from:

- Biology, Chemistry, Computer Science, Earth Science, Mathematics and Physics

Each degree program may specify courses or disciplines which must be taken to satisfy the Group A, B or C requirements of that particular degree. Please refer to the 60-credit curriculum outlines for each degree program in the Degree Programs section of this catalog.

associate in arts
THE ASSOCIATE IN ARTS (A.A.) DEGREE

Students in the Liberal Arts program are exposed to the humanities, social sciences, science, and mathematics. The objectives are similar to the prescribed courses frequently found in the first two years of baccalaureate liberal arts programs. Students who plan to continue their studies and earn higher degrees, find that their Kingsborough A.A. degree serves as a solid foundation for transfer to a senior or professional college. Provisions for smooth transfer between KCC and CUNY, SUNY and many private colleges are in effect.

The A.A. in Criminal Justice is a joint program with CUNY’s John Jay College of Criminal Justice.

A student must earn at least a “C” grade (2.00 index) and have fulfilled all degree requirements to be certified for the degree.

FRESHMAN ENGLISH PROGRAM

At CUNY’S community colleges the CUNY/ACT in Reading and Writing are used to determine placement into or exemption from developmental reading and writing courses. Students cannot begin Freshman English until they have completed all required developmental work and passed both the CUNY/ACT in Reading and Writing.

FRESHMAN ENGLISH

Kingsborough’s Freshman English requirement consists of a two course sequence, ENG 01200 (4 credits) followed by ENG 02400 (3 credits). ENG 01200 is a pre or corequisite for all credit-bearing English courses.

+ ENG 01200 – FRESHMAN ENGLISH I (3 crs. 4 hrs.)
An introduction to composition, emphasizing writing as a process and the understanding of the ways language functions in the communication of information and ideas. The close reading of texts plays a major role in the course. Required of all students. Prerequisites: Passing scores on the CUNY/ACT in Reading and Writing.

+ ENG 02400 – FRESHMAN ENGLISH II (3 crs. 3 hrs.)
An intensive study of the various types of reading that students must undertake in college. Using readings from interdisciplinary subject areas, the course emphasizes a critical examination of texts. Students will learn to use their analysis and evaluation of these texts to generate and support ideas which they further develop in writing and related research. Prerequisites: ENG 01200 or 0C200 Passing scores on the CUNY/ACT in Reading and Writing.
DEVELOPMENTAL ENGLISH

Kingsborough’s approach to developmental education emphasizes a full and integrated grounding in reading, writing, and critical thinking, as well as the study skills that students need in order to cope with their academic and career training programs. This grounding also prepares students to pass the CUNY/ACT in Reading and Writing. Upon completing the top level course, students retake the CUNY/ACT in Reading and Writing.

READING/Writing

Students are placed into Reading/Writing courses on the basis of their scores in reading and writing. Students who do not pass both CUNY/ACT in Reading and Writing or whose score on either test is at the introductory level enroll in and ESL course (00700, 00900, or 09100) or ENG 091A5, as appropriate. Students who fail both tests at the intermediate level enroll in ENG 092A6. Combined Reading/Writing courses allow students to progress as quickly as possible through required developmental work.

# ~ ENG 091A5 – DEVELOPING FLUENCY IN READING AND WRITING (0 crs. 8 hrs. – 8 equated crs.)
A course in reading, writing, and critical thinking for students who are at the basic level of developmental work. Required of entering students who score 6 or below on the CUNY/ACT in Writing and/or at the 91 level on the CUNY/ACT in Reading unless ESL placement is indicated.

READING

For students whose scores or work in a previous course indicate that they need additional developmental work in reading but not in writing, KCC offers a course in developmental reading, ENG 00400 (Analytical Reading), to help students prepare for college level assignments. The concentrated instruction and practice in the full range of reading skills offered by this course should also lead to improved performance on the CUNY/ACT in Reading.

# ~ ENG 00400 – ANALYTICAL READING (0 crs. 4 hrs. – 4 equated crs.)
Helps students improve reading proficiency through instruction and intensive practice in vocabulary, comprehension, and study skills development. # ~ ENG 00R00 – PREPARATION FOR CUNY READING TEST @ (0 crs. 2 hrs. – 2 equated crs.)
The course will familiarize students with the computer-adaptive testing modality, as well as with drawing distinctions among different question types. Course will increase the reader’s ability to sustain close attention to brief texts. Prerequisite: Passing score on the English Departmental Reading Exam. This course is also open to students with transfer credits for Freshman English from another institution pending passing of the CUNY/ACT in Reading.

**NURSING**

THE A.A.S. IN NURSING HAS A LIMITED NUMBER OF SEATS
AVAILABLE FOR ADMISSION EACH SEMESTER.

ALL FIRST-TIME FRESHMAN AND TRANSFER STUDENTS NOT
ACCEPTED INTO PRE-CLINICAL NURSING UPON ADMISSION
ARE ENROLLED AS LIBERAL ARTS (A.A.) STUDENTS TAKING A
SEQUENCE OF COURSES WHICH, ONCE SATISFACTORILY COM-
PLETED, COULD LEAD TO ENTRANCE INTO THE CLINICAL
NURSING MAJOR.

The Nursing Program consists of two components:
Pre-Clinical and Clinical.
To be considered for the Clinical component of the Program,
students must comply with the following:

1. be enrolled in the Pre-clinical Component;
2. complete any required remediation before completion of the
four courses in the Pre-Clinical Sequence;
3. complete the four courses in the Pre-Clinical Sequence (if
exempt form BIO 01200): ENG 01200 or ENG 02400, PSY
01100, BIO 01100 and SCI 02500;
4. complete the four courses in the Pre-Clinical Sequence with at least a grade point average of 2.5 and earn at least 2 B's (one of which must be in SCI 02500 or BIO 01100);
5. students who have repeated and/or withdrawn from any of the Pre-Clinical sequence courses may not be considered for admission to the Nursing program;
6. all grades received for courses taken in the Pre-Clinical Sequence at Kingsborough will be included in the Pre-Clinical average computation;
7. submit transcripts from other colleges (NOTE: Letter grades received in the Pre-Clinical sequence courses at other colleges will be used to determine eligibility for admission); any biological sciences course more than 10 years old will not be accepted for exemption or credit;
8. perform satisfactorily on the National League for Nursing Pre-Admission RN Examination, and;
9. pass CUNY/ACT in Reading and Writing and the COMPASS Math Skills Test or meet all requirements for existing remediation.
10. transfer students from other colleges must be in good standing. Students who are on academic probation or have been administratively dismissed from a Nursing program at a previous school are not eligible for admission to the Nursing program.

Students who successfully complete the prescribed Pre-Clinical Sequence requirements may formally file for enrollment into the Clinical component of the Nursing Program. Application forms for the Clinical component of the Nursing Program are available in the Nursing Department Office (M-401). The completed form should be filed in that office during the Fall or Spring semester in which the student expects to complete the pre-clinical requirements. Students completing the requirements during the Summer or Winter module should file their applications in the following semester. Specific filing dates are available in the Nursing Department Office.

Completion of the above conditions (1 - 9) does NOT guarantee admission into the Clinical component of the Nursing Program. Admission into the Clinical component will be based on space availability, the Pre-Clinical Sequence average and the NLN examination results.

Qualified applicants who are not admitted to the Clinical component due to lack of available space will NOT be placed on a waiting list or be given preferential admission into a later class. These students should consult with a nursing coordinator in Room M-101 to discuss further options.

After having attempted 25 credits at Kingsborough, Nursing students who are not admitted into the Clinical component of the Nursing Program MUST FILE for a change of curriculum into another degree program or they will be automatically transferred into Liberal Arts. Exception to this rule can be made only by the Nursing Department Admissions Committee.

Licensed Practical Nurses who are accepted into the Clinical phase of the Nursing Program may receive credit for NUR 01800 (Fundamentals of Nursing) by earning a “C” or better in the National League for Nursing (NLN) ACE exam. Credit for NUR 01700 (Calculations for Medication Administration), may be earned by passing the Nursing Department examination with a grade of “C” or higher.

Starting in the fall 2009 semester, in order to advance into nursing clinicals, students must provide documentation for one of the following categories:
1) U.S. Citizenship
2) Permanent Residency
3) International Student with F1 Status
4) Granted Asylum, Refugee Status, Temporary Protected Status, Withholding of Removal, Deferred Enforced Departure; or Deferred Action Status by the U.S. government

**Transfer Students**

Students who wish to transfer into the nursing curriculum from other colleges must meet the criteria for admission into the nursing curriculum. Transfer students are not admitted directly into the nursing curriculum. They must meet with a nursing counselor in Room M-101 and file an Application for Advanced Standing. The application is obtained from the Registrar's Office. The student must see a nursing counselor to discuss their academic performance and obtain the counselor’s signature on the form. The Change of Curriculum Form is submitted to the Nursing Department.

Official transcripts must be sent to the Registrar's Office and an evaluation of previous courses will be done. As per college policy, no more than 30 credits may be transferred. All grades for pre-clinical courses will be used to calculate the pre-clinical grade point average.

Upon acceptance to the college, transfer students must file an application for a Change of Curriculum during the time period noted on the Academic Calendar, with the Registrar.

Retention Criteria

A large number of those students who are accepted into the Clinical component of the Nursing Program, complete the Nursing Program.

Criteria for retention in the Nursing Program mandates that students:
1) receive no grades below a “C” in any of the co-requisite courses;
2) earn a minimum a “C” grade in every required Nursing course with a clinical component;
3) students who fail a clinical nursing course achieving a grade of not less than “C-” may apply to repeat the course one time only in the semester immediately following the failure. Repeating the course is subject to space availability.
4) Students must submit an “Intent to Return to Nursing Courses Form” outlining what they thought caused them to be unsuccessful and include a plan for success that demonstrates significant changes in how they will approach the course when repeated.
5) A second earned grade of less than a “C” in any nursing course with a clinical component will result in dismissal from the Nursing program.
Nursing students who enter Nursing 17 and Nursing 18 for the first time MUST complete the Nursing Program within four years from the date of entry into the core nursing courses. Any student who has not attended nursing courses for two or more consecutive semesters cannot be readmitted into the Nursing Program unless qualifying examinations have been passed in sequential order in the courses previously completed. In accordance with the retention criteria of the Nursing Department, qualifying examinations may be repeated only once.

Drug Calculation Policy
As of Fall 1989, NUR 01700, “Calculations for Medication Administration” is a pre or corequisite for NUR 18 and a prerequisite to all other nursing courses. Throughout the rest of the program, drug knowledge and skills will be integrated and tested in every nursing course.

Pre-NCLEX RN Examination
All students must take the NLN Diagnostic Readiness Test (DRT) examination while enrolled in their last clinical nursing course.

Malpractice Insurance – Health Clearance – CPR Certification
Prior to registration, students entering nursing courses in which there are laboratory experiences in hospitals and other health agencies, are required to have malpractice insurance, health clearance and a CPR (BLS) certificate. The insurance policy, CPR (BLS) certificate, and health clearance must be satisfactory for the entire semester. Information on malpractice insurance and/or CPR is available in the Nursing Department Office (M-401); information on health requirements, from the Health Services Office (A-108).

NOTE: (a) Clinical Nursing students incur the expenses of purchasing a required uniform and equipment necessary for clinical practice in health care agencies.

(b) The academic requirements in the Nursing curriculum are demanding and students are cautioned to plan their work schedules or extra-curricular activities with this in mind.

Legal Limitations for State Licensure
Requirements for licensure as a Registered Professional Nurse (RN) in New York State includes: having attained the age of eighteen years or more, the successful completion of the A.A.S. Degree Program in Nursing, passing the National Council Licensing Examination and being of good moral character. The Office of Professional Discipline investigates all applicants with prior criminal conviction(s) and/or pending criminal charges (felony or misdemeanor). The Library and Media Center is the major learning resource facility at the college. Students and faculty are provided with a rich variety of materials to support the curriculum; meet information needs; and assist in study, in research, in stimulating cultural development, satisfying special interests and academic curiosity. Professional librarians offer reference and research services and are available to promote and facilitate full utilization of all library resources.

The Library's high-quality collection includes more than 160,000 carefully selected reference and circulating books; over 500 current periodicals; more than 20,000 bound periodicals; and over 9,900 micro-films. Additional resources include 16,000 pamphlets, government documents, career briefs, and special collections of maps and college catalogs. The Library also has an online public access catalog (CUNY+) which provides access to Kingsborough's library holdings and those of the other CUNY colleges as well. Also available is Web access to over 100 electronic databases (full text and bibliographic).

Additional services include: computer work stations with access to the Internet; library instruction sessions to facilitate information literacy; home access to most electronic databases; e-mail notices of books being held and of overdue books; online renewal of Kingsborough library books; photocopiers (nominal charge); microfilm reader/printers; prominent display of new books which may be borrowed; exhibits in wall and floor display cases; and bulletin boards for notice of campus events. CONTINUING EDUCATION AND COMMUNITY RELATIONS

Christine Buite-Beckner, Director, Continuing Education
Frank Milano, Director, ESL Programs and CUNY Language Immersion Program
Karolina Rasa, Director, Continuing Education Programs

In addition to serving students of all ages who matriculate in credit and degree programs, the College supports its mission as an educational institution for the community through its Continuing Education program, for those who seek courses and programs on a not-for-credit basis. It also promotes learning outside of classrooms with on-site training programs, online courses, and by making its rich resources as a collegiate institution — its scholars, artists and performers, campus facilities, print and technology resources — available to the community.

Recognizing the importance of inter-connected networks of educational institutions, corporate entities, civic and governmental bodies, the College, its President, faculty and administrators are all active in these networks in order to secure the future, not only of the institution itself but also of the City of New York as all continue to advance in the twenty-first century.

COMMUNITY RELATIONS

The College’s vital links with its community are enhanced in several ways: through public events; through provision of meeting places and facilities; and by making scholarly and civic expertise available to the community in addressing community issues.

BUSINESS TRAINING AND DEVELOPMENT

The College, through the Office of Continuing Education, contributes to the economic vitality of the region by proactively reaching out and creating educational partnerships with business, industry and agencies, and linking the resources of the College with the workforce development needs of the organization. The College assists with management and support staff training by providing needs assessment, course design, instructional services, evaluations and certificates of completion. Offered on site or on the KCC campus, these activities provide the business community with cost effective, comprehensive, quality programs to improve competitiveness by upgrading workforce skills, and retraining for newly created jobs.

The Office of Continuing Education and the College’s Center for Economic and Workforce Development are also combining resources to deliver credit/non-credit training programs funded by private and public agencies. For example, to meet NYC’s growing demand for qualified customer-oriented skilled people in the tourism industry, training programs were designed for careers in hotels, restaurants convention centers, cruise ships or for the entrepreneur. A three year grant funded by the Department of Labor will train and obtain employment for students in one of three training tracks: Food Service/Culinary Basics Hospitality; Hospitality Management; or Hospitality Sales & Marketing.

Various food service training programs have been delivered to participants in the Parks Opportunity Program, Williamsburg Works program, 1199/SEIU members, East New York residents through a grant funded by United Way and the Center for Worker Education programs. All participants are given the opportunity to achieve three certifications: ServSafe, National Restaurant Association; ManageFirst Food Production, National Restaurant Association; and Food Handler Certification, New York City Department of Health and Mental Hygiene.

OTHER BUSINESS TRAINING COLLABORATIONS:

Department of Parks—Parks Opportunity Program (POP)
Continuing Education provides training in Pharmacy Technician through a voucher issued system for clients of POP leading to certification by the National Pharmacy Technician Association and the Pharmacy Technician Certification Board.

Coney Island Hospital
The Office of Continuing Education has offered to the employees of Coney Island Hospital Contextualized Workplace English as a Second Language training, computer training, Radiology Associate courses and phlebotomy training through a Department of Health training Grant.

Astellia Corporation-Coney Island
Continuing Education teamed up with Astella corporation to offer a Real Estate pre-license certification program to its constituents.

Contract Courses: Privately and Publicly Supported
Continuing Education offers courses and services for specialized target populations and program providers. Offered under the aegis of the College and various public agencies, funded programs may serve, for example, adult learners in need of: vocational counseling; literacy and English language instruction; job readiness skills; and job training. Continuing Education also designs and provides courses for the employees of local business and industry and municipal agencies.

PARTNERSHIP ENDEAVORS

In association with American Institute of Professional Bookkeepers, Continuing Education offers a certificate program for people with no prior knowledge of bookkeeping or accounting, as well as for experienced bookkeepers, to help prepare them to take this nationally recognized certification examination in bookkeeping.

National Healthcareers Association
Health care is the largest single employer in Brooklyn. With that in mind, Continuing Education has partnered with National Healthcareers Association (NHA) to deliver the best possible training for those interested in entering or advancing in the
health care field. Certificate programs are offered in: Certified Patient Care Technician; Certified Billing and Coding Specialist; Certified Medical Administrative Assistant; Certified Pharmacy Technician; Certified EKG Technician; Certified Phlebotomy Technician; and Certified Medical Assistant.

**PUBLICATIONS**

Continuing Education publishes a catalog four times per year, which is its major promotional vehicle. Program flyers are also produced quarterly for the College for Kids programs and the S.A.T. programs. Additional flyers representing Regents Review programs, Corporate Training, Grant programs and Sailing are also printed. English as a Second Language flyers are produced in five languages and distributed in language-appropriate neighborhoods.

**CONTINUING EDUCATION PROGRAMS**

**English as a Second Language**

Diagnostic testing and counseling precede placement in appropriate-level instruction for adults whose first language is not English. Instructional levels range from survival skills for those with no command of English to advancement skills for employees in fields such as health care or business who wish to refine their English language skills.

**High School Equivalency (G.E.D.)**

Preparation for the G.E.D. examination includes a diagnostic/prescriptive assessment, practice in test-taking, instruction in content areas, critical thinking, writing skills development, and counseling for both career development and college admission. For adults not yet ready for high school completion, basic education courses are also provided.

**Certificate Programs**

Carefully designed sequences of courses comprise the certificate programs. Offered on a non-credit basis, exempt from liberal arts General Education requirements, and of considerably shorter duration than degree programs at the College, the Continuing Education certificate programs nevertheless require commitment to a sustained and rigorous course of study. They are designed for adults seeking entry-level employment in such positions as bookkeeping, business computer applications, medical billing and administrative assistant, childcare, paralegal studies, e-business and the Internet, word processing, pre-licensure and continuing education requirements for insurance and real estate.

**Career Advancement Courses**

Tailored to the needs of adults re-entering the job market or seeking to update or upgrade skills for current jobs, career advancement courses build skills in keyboarding, word processing, information technology, customer service, supervisory skills, and other business office skills. Career planning is facilitated by courses, which introduce the adult learner to occupational options.

**CUNY Language Immersion Programs (CLIP)**

The CLIP Program is designed for students who have been accepted by CUNY colleges but whose English skills need refining before they can enter CUNY as a matriculated student. It is an intensive 25-hour-a-week immersion program. Students may remain in this program for up to one year. After completing instruction, it is expected that they will enter the CUNY College of their choice.

**The Taxi Institute**

Continuing Education is an approved city-wide provider of the 24-hour and 80-hour test prep training for the New York City Taxi Operators (Hack) License, and the 4-hour class designed for those wishing to satisfactorily complete their probationary period. All testing is done on site at Kingsborough.

**College for Kids (CFK)**

Pre-teens, ages 7 through 12, can attend a combination of academic and active classes on Saturday and/or Sunday mornings; over a full-day on Saturdays (which includes a nutritious lunch); and/or during the summer for four or six weeks. The College For Kids program is designed so parents can enroll in a G.E.D. or certificate program class while their child is in the CFK program. Most classes are small and all instructors are dedicated and highly qualified so that children enjoy enrichment activities not ordinarily provided in the public schools. Courses may include, but are not limited to: reading and math, creative writing, hands-on instruction in arts, crafts, and musical instruments, fishing, cooking, photography, as well as swimming, tennis, gymnastics, dance, self-defense and soccer. A special sub-section of College for Kids offers intensive test preparation courses in language arts, mathematics, science and social studies to prepare third and fourth graders for mandatory State exams given in fourth and fifth grade.

**Diploma Now**

This preparation program is offered at public high schools in the College’s service area. By providing preparation for the G.E.D. examination, Diploma Now offers an alternative to students whose basic skills are good but who have fallen behind in their progress toward high school graduation and are at risk of dropping out of school. Approximately one-fourth of the Diploma Now graduates subsequently enroll in credit and degree programs at Kingsborough.

**S.A.T. Preparation Program**

This Saturday or Sunday morning program for high school students offers instruction drill, and simulated testing in verbal, math, and test strategy skills in preparation for college entrance examinations. Counseling, advisement on college selection, the application process, financial assistance and scholarship programs are also included.
Regents Prep Program

Our Regents preparation program gives students a final chance to gain an intensive overview of subjects right before taking the exams. This new program gives them rigorous review during the two weeks before the actual exams are scheduled and the courses offer intensive coverage of the high school subject course curriculum and new higher standards.

Liberal Arts

A variety of liberal arts courses serve adults who wish to explore their current interests in the humanities, politics, psychology, foreign languages and other areas. Adults also register in short-term liberal arts courses to sample the experience of formal instruction in established disciplines, deciding whether they wish to enroll in the College's credit-based courses and degree programs.

It shall be the responsibility of the faculty and of the administrative officials of each Institution of Higher Education to make available to each student who is absent from school, because of religious beliefs, an equivalent opportunity to make up any examination, study or work requirements which may have been missed because of such absence on any particular day or days. No fees of any kind shall be charged by the Institution for making available to the said student such equivalent opportunity.

4. If registration, classes, examinations, study or work requirements are held on Friday after four o'clock post meridian or on Saturday, similar or makeup classes, examinations, study or work requirements shall be made available on other days, where it is possible and practicable to do so. No special fees shall be charged to the student for these classes, examinations, study or work requirements held on other days.

5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each Institution of Higher Education to exercise the fullest measure of good faith. Any student, who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the Supreme Court of the County in which such Institution of Higher Education is located for the enforcement of rights under this section.

6a. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing them that each student who is absent from school, because of his or her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.

7. As used in this section, the term “institution of higher education” shall mean any institution of higher education, recognized and approved by the regents of the university of the state of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution which is operated, supervised, or controlled by a church or by a religious or denominational organization whose educational purposes are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines. As used in this section, the term “religious belief” shall mean beliefs associated with any corporation organized and operated exclusively for religious purposes, which is not qualified for tax exemption under section 501 of the United States Code.

RULES AND REGULATIONS FOR THE MAINTENANCE OF PUBLIC ORDER

(Henderson Rules)

The tradition of the university as a sanctuary of academic freedoms and center of informed discussion is an honored one, to be guarded vigilantly. The basic significance of that sanctuary lies in the protection of intellectual freedom; the rights of professors to teach, of scholars to engage in the advancement of knowledge, of students to learn and to express their views, free from external pressures or interference. These freedoms can flourish only in an atmosphere of mutual respect, civility and trust among teachers and students, only when members of the university community are willing to accept self-restraint and reciprocity as the condition upon which they share in its intellectual autonomy.

Academic freedom and the sanctuary of the university campus extend to all who share these aims and responsibilities. They cannot be invoked by those who would subordinate intellectual freedom to political ends or who violate the norms of conduct established to protect that freedom. Against such offenders, the university has the right, and indeed the obligation to defend itself. Therefore, the following rules and regulations are in effect at Kingsborough Community College and will be administered in accordance with the requirements of the process as provided in the Bylaws of CUNY’s Board of Trustees.

To enforce these rules and regulations the Bylaws of CUNY’s Board provide that:

The President, with respect to this education unit, shall:

a. Have the affirmative responsibility of conserving and enhancing the education standards of the college and schools under his jurisdiction;

b. Be the advisor and executive agent to the Board and of his respective College Committee and as such shall have the immediate supervision with full discretionary power in carrying into effect the Bylaws, resolutions and policies of any of...
its committees and the policies, programs and lawful resolutions of the several faculties;

c. Exercise general superintendence over the concerns, officers, employees and students of his education unit.

**Rules**

1. A member of the academic community shall not intentionally obstruct and/or forcibly prevent others from the exercise of their rights. Nor shall he/she interfere with the institutions educational process or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational, and community services.

2. Individuals are liable for failure to comply with lawful directions issued by representatives of the university/college when they are acting in their official capacities. Members of the academic community are required to show their identification cards when requested to do so by an official of the college.

3. Unauthorized occupancy of university/college facilities or blocking access to or from such areas is prohibited. Permission from appropriate college authorities must be obtained for removal, relocation and use of university/college equipment and/or supplies.

4. Theft from or damage to university/college premises is prohibited.

5. Each member of the academic community, or an invited guest, has the right to advocate his position without having to fear abuse, physical, verbal, or otherwise from others supporting conflicting points of view. Members of the academic community and other persons on the college grounds, shall not use language or take actions reasonably likely to provoke or encourage physical violence by demonstrators, those demonstrated against, or spectators.

6. Action may be taken against any and all persons who have no legitimate reason for their presence on any campus within the college, or whose presence on any such campus obstructs and/or forcibly prevents others from the exercise of their rights or interferes with the institution's educational process or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational, and community services.

7. Disorderly or indecent conduct on college-owned or controlled properties is prohibited.

8. No individual shall have in his possession a rifle, shotgun or firearm, or knowingly have in his possession any other dangerous instrument or material that can be used to inflict bodily harm on an individual or damage upon a building or the grounds of the college without the written authorization of such educational institution. Nor shall any individual have in his possession any other instrument or material which can be used and is intended to inflict bodily harm on an individual or damage upon a building or the grounds of the college.

9. Any action or situation which recklessly or intentionally endangers mental or physical health or involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization is prohibited.

10. The unlawful manufacture, distribution, dispensation, possession, or use of illegal drugs or other controlled substances by University students or employees on university/college premises, or as part of any university or college activities is prohibited. Employees of the University must also notify the College Personnel Director of any criminal drug statute conviction for a violation occurring in the workplace not later than five (5) days after such conviction.

11. The unlawful possession, use, or distribution of alcohol by students or employees on University/college premises or as part of any University/college activities is prohibited.

In addition to Henderson Rules, student conduct and discipline is governed by Article XV of the Bylaws of The City University of New York. Students are urged to familiarize themselves with the content of the Article. Copies of the Bylaws are available in the Library. They are printed in the Student Handbook as are the rules and regulations pertaining to Sexual Harassment.

SECURITY AND PUBLIC SAFETY

DEPARTMENT OF PUBLIC SAFETY
Room L-202, ext. 5069

Kingsborough’s public safety staff strives to provide an environment that fosters the opportunity and the freedom for the entire Kingsborough community to grow intellectually while in the pursuit of educational excellence.

Dedicated to a community-oriented approach to policing and campus safety, the department is responsible for many aspects of campus security including crime prevention, law enforcement, subsequent investigation, emergency preparedness, asset protection, and campus access control. Several Public Safety Officers are state-certified emergency medical technician’s (EMT), trained to respond to health emergencies on campus.

Anyone concerned about a student and his/ her behavior should make an ACT (Assessment and Care Team) referral. These referrals have been created to identify, investigate, assess, refer, monitor and take action in response to behaviors exhibited by Kingsborough students that may pose a threat to the college community. More information can be found on the college website, www.kbcc.cuny.edu/act.

In case of emergency call 7777 from any campus phone or use one of the many emergency pull-box stations located throughout the campus.

LOST AND FOUND

Lost and found items should be turned in to Public Safety Officers for processing. If the property is turned in with identification enclosed, they will make every effort to contact the owner. Illegal contraband or weapons are immediately vouchers with the New York City Police Department.

Recovery of lost and found articles requires proper identification of the article and claimant. Unclaimed lost and found items are donated each year to different charities (e.g., Salvation Army, Eyes for the Needy).

IDENTIFICATION CARDS

The Department of Public Safety will issue a photo identification (I.D.) card upon first registering as a student. I.D. cards must be validated at each registration, after fees have been paid. While on campus, students are required to carry – and upon request, present – a valid I.D. to any college official, including public safety officers. Spot checks are conducted throughout each semester.

Students who lose or misplace their Kingsborough identification card must first pay a five dollars ($5) replacement fee at the Bursar’s Office in room A-205 and then proceed to the Department of Public Safety in Room L-202 with the receipt for a replacement identification card.
Stolen I.D. cards must be reported, by the owner, to the Police Department and to the Department of Public Safety. A replacement card will be issued, at no cost, upon delivery of a Police Department case number or police report.

For more information about Kingsborough’s Department of Public Safety please visit their webpage on the Kingsborough website: www.kbcc.cuny.edu.

THE CITY UNIVERSITY OF NEW YORK...

which was created by state legislation in 1961, has evolved from a “Free Academy” underwritten by the people of New York City in 1847 into a “public entity” of 11 senior colleges, 6 community colleges, the William E. Macaulay Honors College at CUNY, the Graduate School and University Center, the CUNY Graduate School of Journalism, the CUNY School of Law, the CUNY School of Professional Studies, and the CUNY School of Public Health. Article 125 of the New York State Education Law (Sections 6201, et. seq.) establishes The City University of New York as a separate and distinct body, corporate governed by a Board of Trustees. Prior to 1979, the members of this Board were convened as “The Board of Higher Education,” which had been established in 1926.

Of the Board’s 17 members, 10 are appointed by the Governor, including one from each borough; 5 are appointed by the Mayor, including one from each borough; and 2 are elected ex officio members: the Chairperson of the University Faculty Senate, who does not vote; and the Chairperson of the University Student Senate, who may vote. In general, the Board sets policy and approves actions of the University; determines the Bylaws of the University, from which all units derive or adopt specific governance structures; and appoints the Chancellor of the University and the presidents of its colleges.

The Chancellor oversees the administration of policies approved by the Board, recommends to the Board policies and actions on all educational activities of the University, and coordinates college matters involving business and financial procedures and management. It is the Chancellor’s responsibility as well, with the advice of the Council of Presidents, to prepare the operating and capital budgets of the University for consideration by the Board and presentation to the State and City. Administrative and staff support to these operations of the University, and to the Board, are provided through a structure of Vice Chancelleries and Deanships.

The Council of Presidents of the several colleges is established by the Bylaws of the University and is chaired by the Chancellor. The Council not only advises the Chancellor on the budget and on the formulation and revision of a Master Plan for public higher education in the City, but it may recommend directly to the Board in matters concerning the physical and instructional development of the University at large. The President of each college unit is specifically charged with the administration of his/her own institution and in this capacity he/she is responsible directly to the Board.

Within each institution, governance structures are established to meet unique needs and objectives; some of these structures may be at variance with plans called for in the University Bylaws, but are permitted by them. Under these Bylaws, responsibilities for policy at the college level are shared by the President, the Faculty, and students. The President has affirmative responsibility for conserving and enhancing the educational standards and general academic excellence of the college under his/her jurisdiction and is responsible to the Board as its advisor and executive agent on his/her campus. The President is also directed to consult with the Faculty, through appropriate bodies, on matters of appointments, reappointments, and promotions. One means of this consultation is provided for in the Bylaws through the requirement for a Committee on Faculty Personnel and Budget at each college.

The Bylaws reserve to the Faculty of each institution, subject to guidelines established by the Board of Trustees, responsibility for the formulation of policy relating to curriculum, admission and retention of students, credits, attendance, and the granting of degrees. Recommendations in these matters by a Faculty, Faculty Council, or other organization created under a Boardapproved college governance plan to represent the Faculty, as provided for in the Bylaws, shall be forwarded to the Board by the President.

CUNY POLICY ON ACADEMIC INTEGRITY

Academic Dishonesty is prohibited in The City University of New York and is punishable by penalties, including failing grades, suspension, and expulsion, as provided herein.

I. Definitions and Examples of Academic Dishonesty

Cheating is the unauthorized use or attempted use of material, information, notes, study aids, devices or communication during an academic exercise.

The following are some examples of cheating, but by no means is it an exhaustive list:

- Copying from another student during an examination or allowing another to copy your work.
- Unauthorized collaboration on a take home assignment or examination.
- Using notes during a closed book examination.
- Taking an examination for another student, or asking or allowing another student to take an examination for you.
- Changing a graded exam and returning it for more credit.
- Submitting substantial portions of the same paper to more than one course without consulting with each instructor.
- Preparing answers or writing notes in a blue book (exam booklet) before an examination. Allowing others to research and write assigned papers or do assigned projects, including use of commercial term paper services.
- Giving assistance to acts of academic misconduct/dishonesty.
- Fabricating data (all or in part).
- Submitting someone else’s work as your own.
- Unauthorized use during an examination of any electronic devices such as cell phones, palm pilots, computers or other technologies to retrieve or send information.

Plagiarism is the act of presenting another person’s ideas, research or writings as your own. The following are some examples of plagiarism, but by no means is it an exhaustive list:

- Copying another person’s actual words without the use of quotation marks and footnotes attributing the words to their source.
- Presenting another person’s ideas or theories in your own words without acknowledging the source.
- Using information that is not common knowledge without acknowledging the source.
- Failing to acknowledge collaborators on homework and laboratory assignments.

Internet plagiarism includes submitting downloaded term papers or parts of term papers, paraphrasing or copying information from the internet without citing the source, and “cutting & pasting” from various sources without proper attribution.

Obtaining Unfair Advantage is any activity that intentionally or unintentionally gives a student an unfair advantage in his/her academic work over another student.

The following are some examples of obtaining an unfair advantage, but by no means it is an exhaustive list:

- Stealing, reproducing, circulating or otherwise gaining advance access to examination materials.
- Depriving other students of access to library materials by stealing, destroying, defacing, or concealing them.
- Retaining, using or circulating examination materials which clearly indicate that they should be returned at the end of the exam.
- Intentionally obstructing or interfering with another student’s work.

Falsification of Records and Official Documents

The following are some examples of falsification, but by no means is it an exhaustive list:

- Forging signatures of authorization.
- Falsifying information on an official academic record.
- Falsifying information on an official document such as a grade report, letter of permission, drop/add form, ID card or other college document.

II. Procedures for Imposition of Sanctions for Violations of CUNY Policy on Academic Integrity

A. Introduction

As a legal matter, in disciplining students for violations of policies of academic integrity, CUNY, as a public institution, must conform to the principles of due process mandated by the Fourteenth Amendment to the United States Constitution — generally speaking, to provide notice of the charges and some opportunity to be heard. In the context of court-litigated violations, questions as to how much and what kind of process was “due” turn on the courts’ judgment whether the decision on culpability was “disciplinary” (a question of fact) or “academic” (a question of the instructor’s expert judgment). This distinction has proved difficult to apply on campus. Accordingly, these procedures provide for alternative approaches depending on the severity of the sanction(s) being sought. If the instructor desires solely an “academic” sanction, that is, a grade reduction, less process is due than if a “disciplinary” sanction, such as suspension or expulsion, is sought.

A faculty member who suspects that a student has committed a violation of the CUNY or the college Academic Integrity Policy shall review with the student the facts and circumstances of the suspected violation whenever possible. The decision whether to seek an academic sanction only, rather than a disciplinary sanction or both types of sanctions, will rest with the faculty member in the first instance, but the college retains the right to bring disciplinary charges against the student. Among the factors the college should consider in determining whether to seek a disciplinary sanction are whether the student has committed one or more prior violations of the Academic Integrity Policy and mitigating circumstances if any. Although not required, it is strongly recommended that every instance of suspected violation should be reported to the Academic Integrity Official on a
form provided by the college as described in the third Recommendation for Promoting Academic Integrity, above. Among other things, this reporting will allow the college to determine whether it wishes to seek a disciplinary sanction even where the instructor may not wish to do so.

B. Procedures In Cases Where The Instructor Seeks An Academic Sanction Only

1. Student Accepts Guilt And Does Not Contest The Academic Sanction
   If the faculty member wishes to seek only an academic sanction (i.e., a reduced grade1 only), and the student does not contest either his/her guilt or the particular reduced grade the faculty member has chosen, then the student shall be given the reduced grade, unless the college decides to seek a disciplinary sanction, see Section I above and IV below. The reduced grade may apply to the particular assignment as to which the violation occurred or to the course grade, at the faculty member's discretion.

2. Student Denies Guilt And/Or Contests The Academic Sanction
   If the student denies guilt or contests the particular grade awarded by the faculty member, then the matter shall be handled using the college's grade appeals process, including departmental grading committees where applicable, or the Academic Integrity Committee. In either case, the process must, at a minimum, provide the student with an opportunity to be heard and to present evidence.

C. Procedures In Cases Where A Disciplinary Sanction Is Sought

If a faculty member suspects a violation and seeks a disciplinary sanction, the faculty member shall refer the matter to the college's Academic Integrity Official using the Faculty Report form, as described in the third Recommendation for Promoting Academic Integrity above, to be adjudicated by the college's Faculty-Student Disciplinary Committee under Article 15 of the CUNY Bylaws. As provided for therein, the Faculty-Student Disciplinary may, among other things, investigate, conciliate, or hear evidence on cases in which disciplinary charges are brought2.

Under certain circumstances, college officials other than the Academic Integrity Official may seek disciplinary sanctions following the procedures outlined above. For the reasons discussed in Item IV below, if a reduced grade is also at issue, then that grade should be held in abeyance, pending the Faculty-Student Disciplinary Committee's action.

D. Procedures In Cases In Which Both A Disciplinary And An Academic Sanction Are Sought

If a faculty member seeks to have both a disciplinary and an academic sanction imposed, it is not advisable to proceed on both fronts simultaneously lest inconsistent results ensue. Thus, it is best to begin with the disciplinary proceeding seeking imposition of a disciplinary sanction and await its outcome before addressing the academic sanction. If the Faculty-Student Disciplinary Committee finds that the alleged violation occurred, then the faculty member may reflect that finding in the student's grade. If the Faculty-Student Disciplinary Committee finds that the alleged violation did not occur, then no sanction of any kind may be imposed. The decision whether to pursue both types of sanctions will ordinarily rest with the faculty member.

E. Reporting Requirements

1. By The Faculty Member To The Academic Integrity Official
   In cases where a violation of academic integrity has been found to have occurred (whether by admission or a fact-finding process), the faculty member who seeks a disciplinary sanction should promptly file with the Academic Integrity Official a report of the adjudication in writing on a Faculty Report form (see sample attached) provided by the college as described above. The Academic Integrity Official shall maintain a confidential file for each student about whom a suspected or adjudicated violation is reported. If either the grade appeals process or the Faculty-Student Disciplinary Committee finds that no violation occurred, the Academic Integrity Official shall remove and destroy all material relating to that incident from the student's confidential academic integrity file. Before determining what sanction(s) to seek, the faculty member or the Academic Integrity Official may consult the student's confidential academic integrity file, if any, to determine whether the student has been found to have previously committed a violation of the Academic Integrity Policy, the nature of the infraction, and the sanction imposed or action taken.

2. By the Academic Integrity Official To The Faculty Member
   Where a matter proceeds to the Faculty-Student Disciplinary Committee, the Academic Integrity Official shall promptly report its resolution to the faculty member and file a record of the resolution in the student's confidential academic integrity file, unless, as indicated above, the suspected violation was held to be unfounded, in which case all reporting forms concerning that suspected violation shall be destroyed.

1 A reduced grade can be an “F,” a “D–,” or another grade that is lower than the grade that would have been given but for the violation.

2 Typically, disciplinary sanctions would be sought in cases of the most egregious, or repeated, violations, for example: infractions in ways similar to criminal activity (such as forging a grade form; stealing an examination from a professor or a university office; or forging a transcript); having a substitute take an examination or taking an examination for someone else; sabotaging another student’s work through actions designed to prevent the student from successfully completing an assignment; dishonesty that affects a major or essential portion of work done to meet course requirements. [These examples have been taken from a list of violations compiled by Rutgers University.]
