Remote Electronically Activated Technology Stun Belt

Inmate Notification Of Custody Control

"Only Use"?

You are hereby advised that you are being required to wear an electronic restraint belt. This belt discharges 50,000 volts of electricity. By means of a remote transmitter, an attending officer has the ability to activate the stun package attached to the belt, thereby causing the following results to take place:

1. Immobilization causing you to fall to the ground.

Failure to comply with the officer's directions could lead to any of the above.

The belt could be activated under the following actions on your behalf, and notification is hereby made:

A. Any tampering with the belt.
B. Failure to comply with any verbal order to halt movement of your person.
C. Any attempt to escape custody.
D. Any attempt to inflict serious bodily harm on another person.
E. Any loss of visual contact by the officer in charge.

I understand the above information and acknowledge being advised of the same.
