KINGSBOROUGH COMMUNITY COLLEGE

Overview
Founded in 1963, Kingsborough Community College serves approximately thirty thousand students per year, offering a wide range of credit and non-credit courses in the liberal arts and career education, as well as a number of specialized programs. Kingsborough serves a widely diverse student population, represented by 142 national backgrounds and 73 national languages, and ranks among the top community colleges in the country in associate degrees awarded to minority students.

The college is located on a breathtaking 70-acre campus in Manhattan Beach, on the southern tip of Brooklyn, New York. The campus overlooks three bodies of water: Sheepshead Bay, Jamaica Bay and the Atlantic Ocean.

Our Vision
The Kingsborough Community College vision for the future offers a renewed focus on student learning that drives decision making within the institution. The vision statement says, “Kingsborough Community College shall be an institution focused on the question, ‘How do our individual and collective actions contribute to student learning?’ To achieve its vision, Kingsborough strives for high quality and continuous improvement in all areas related to student learning, including the faculty, instructional programs, student services, administrative and support staff, and the campus environment. In addition, Kingsborough encourages students to take an active involvement in their own learning.”

What We Offer
Kingsborough Community College is a comprehensive community college, offering a broad array of educational opportunities in line with its current mission: preparation for transfer to a four-year institution, career development, general education, adult and continuing education, and support services. The college provides developmental courses and English as a second language instruction to better prepare all students to successfully complete their academic programs.

In addition, Kingsborough offers a number of programs for special populations, including the My Turn program for senior citizens; College Now, a unique partnership with area high schools that was developed at Kingsborough and is now being replicated by colleges throughout the city; and the Leon M. Goldstein High School for the Sciences, a public school located on the Kingsborough campus.

Academic Calendar
Kingsborough’s academic calendar is divided into two major semesters/terms, each consisting of a 12-week session, followed by an optional 6-week module.

Kingsborough – Brooklyn’s Community College
As Brooklyn’s community college, Kingsborough sponsors hundreds of community events each year that attract visitors to the campus, including art exhibition, lectures, a free summer music festival, and a performing arts festival.

Looking Toward The Future
Kingsborough Community College is committed to enhancing learning opportunities for the Brooklyn community. The college was identified as one of the top four community colleges in the nation by the Aspen Institute’s Community College Excellence Program in 2013. Following its long-standing and exemplary record, Kingsborough will continue to anticipate and respond to the ever-changing needs of its dynamic urban area. As the community experiences economic, social, and occupational shifts, Kingsborough will remain in the forefront to fulfill the needs and expectations of community members.

Accreditation
Kingsborough Community College is fully accredited and approved by the Middle States Commission on Higher Education. The Commission on Accreditation in Physical Therapy Education accredits the Physical Therapist Assistant Program. The Surgical Technologist program is accredited by the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting. All academic programs are registered by the New York State Education Department, The University of the State of New York, Office of Higher Education, 5 North Mezzanine – Education Building, Albany, NY 12234.

CUNY Tobacco-Free Policy
Effective September 4, 2012, the following shall be prohibited at The City University of New York: (i) the use of tobacco on all grounds and facilities under CUNY jurisdiction, including indoor locations and outdoor locations such as playing fields; entrances and exits to buildings; and parking lots; (ii) tobacco industry promotions, advertising, marketing, and distribution of marketing materials on campus properties; and (iii) tobacco industry sponsorship of athletic events and athletes.
SUPPORTING KINGSBOROUGH

In the current challenging economic climate, community college enrollment is increasing and the availability of public funds is decreasing. As public funds become scarcer, the college seeks additional support from organizations, private foundations and corporations, and individuals. These donations support student scholarships, grants, educational programs, faculty development opportunities, sponsor research and publication and promote the cultural life of the college community.

Funding to provide student scholarships, enrich their learning experience, and build the college's endowment for future generations, is raised through the Kingsborough Community College Foundation, Inc., an independent, not-for-profit charitable corporation founded in 1982 to advance the college's philanthropic goals. Donors have many options to choose from, including creating an endowed scholarship fund, contributing to existing funds, making a bequest or planned gift, or making an unrestricted gift to the Foundation.

The Foundation office is located in the Kingsborough Community College Office for College Advancement, 2001 Oriental Boulevard (D), Brooklyn, NY, 11235-2398. To reach College Advancement office by phone, call 718-368-4539.

CATALOG

This College Catalog contains academic policies and procedures, requirements, and other information critical to academic success. The catalog is posted on the KCC website by academic year; when necessary, a mid-year addendum is posted for the spring semester.

The catalog lists all the courses required for each particular degree, along with course descriptions to help students decide which electives are of the greatest interest and value to them. The catalog also alerts students to specific college requirements, rules and regulations, and the special opportunities and advantages available on campus.

NOTE: Degree requirements correspond to the college catalog for the semester/year you entered Kingsborough OR the semester/year you last changed your major.

It is in every student’s best interest to become familiar with the information included in the catalog and to also seek the advice available in academic departments and advisement centers located on campus.

After graduating from Kingsborough, alumni discover that many senior colleges, universities and professional schools frequently require a copy of the Kingsborough Community College catalog for the years of attendance, which describes course content and other details that may be needed in order to properly evaluate credits. The catalog information may also be useful and helpful for employment opportunity consideration. An online version of the catalog is available on the Kingsborough website. For the most current program information, please consult your advisor.

Prospective students who are interested in attending Kingsborough should request publications about the college from the Admission Information Center in Room V-103.

AFFIRMATIVE ACTION

It is the policy of The City University of New York and the constituent colleges and units of The University to recruit, employ, retain, promote, and provide benefits to employees and to admit and provide services for students without regard to race, color, national or ethnic origin, religion, age, sex, sexual orientation, gender identity, marital status, disability, genetic predisposition or carrier status, alienage, citizenship, military or veteran status, or status as victim of domestic violence.

Sexual harassment, a form of sex discrimination, is prohibited under the University’s Policy Against Sexual Harassment.

The City University of New York, as a public university system, adheres to federal, state, and city laws and regulations regarding non-discrimination and affirmative action including among others, Executive Order 11246, as amended, Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Section 402 of the Vietnam Era Veterans’ Readjustment Assistance Act of 1974, as amended, the Equal Pay Act of 1963, the Age Discrimination in Employment Act of 1967, as amended and the Age Discrimination Act of 1975, the New York State Human Rights Law and the New York City Human Rights Law. The “protected classes”, as delineated in Executive Order 11246 (Black, Hispanic, Asian/Pacific Islander, American Indian/Alaskan Native and Women), were expanded on December 9, 1976 by the Chancellor of The City University of New York to include Italian-Americans.

Kingsborough’s Affirmative Action/Equal Opportunity Officer is located in room A-228 and can be reached at extension 5026. The Affirmative Action Officer also serves as KCC’s coordinator for Section 504 of the American Disabilities Act and coordinator of Title IX, which prohibits discrimination on the basis of gender.

For the President’s Message regarding Affirmative Action Policy, see the college website, www.kbcc.cuny.edu.
ACADEMIC CALENDAR
Kingsborough conducts classes on an innovative academic calendar. Classes are held during a 12-week fall session, which starts in September and ends late in December. This is followed by a 6-week winter module that ends during February. A 12-week spring session starts approximately at the beginning of March and ends in the middle of June. This is followed by a 6-week summer module which continues until the end of July. The actual time of each day class period is 60 minutes.

12/6 Academic Calendar – Fall Term
Sept./Oct./Nov./Dec ...........................................12 Weeks
Jan./Feb ...............................................................6 Weeks
One Tuition

12/6 Academic Calendar – Spring Term
Mar/Apr/May/June .............................................12 Weeks
June/July ..............................................................6 Weeks
One Tuition

Most full-time matriculated resident students in the degree programs who attended the previous 12-week session may attend the 6-week session without additional tuition fees. (Please refer to the information on residency and certification under the Tuition section of the catalog.) Among the advantages the 6-week modules offer is the opportunity to take added courses that, in some programs, may make it possible to earn the associate degree in less than two full years. Students who choose to attend only the two 12-week sessions have an opportunity to seek employment to earn additional funds, obtain field experience, or to fulfill co-op requirements.

ADMISSIONS INFORMATION & PROCEDURES

Application Processing Dates
Applicants are urged to file their applications as early as possible. Applications that are complete by the suggested application deadline dates will receive first consideration. Application deadline dates are set by the University and generally are as follows:

Fall Term
Freshman: December 1 – PRIORITY NOTIFICATION
Freshman: approximately January 15
Transfer: approximately February 15

Spring Term
Freshman: September 15
Transfer: September 15

NOTE: These dates may vary slightly from year to year. Applicants should call the Academic Village Center at 718-368-6700 to inquire about application deadline dates for the term for which they are applying.

Applications received after the deadline dates will also be considered, but some programs may close early. Applicants should contact the Academic Village Center if filing after the application dates.

MATRICULATION
Applicants who plan to earn a degree should apply for matriculated status, and may attend either weekdays during the day or evening and/or on weekends. Day session students should be prepared to carry a minimum of 15 credits or equated credits per term.

Basic Admission Requirements for Matriculated Status
FRESHMAN APPLICANTS are those who have never previously attended any college or other post-secondary school such as a trade, technical, business or health profession school. Freshman applications must include the student’s official high school transcript with date of graduation, General Equivalency Diploma (GED) scores, or Test Assessing Secondary Completion (TASC) scores. CUNY does not accept high school certificates; Individual Education Plan (IEP) diplomas; online, correspondence or virtual high school diplomas/credentials; or transcripts from unaccredited high schools as proof of high school graduation. Please refer to admission applications for specific details.
TRANSFER STUDENTS who have previously attended a college or other college-level post-secondary school must submit a Transfer Application along with an official transcript from each college or post-secondary school attended. If the applicant has earned less than 24 credits, an official high school transcript or original GED or TASC scores must also be provided.

ADVANCED STANDING CREDIT: A maximum of 30 credits will be accepted toward degree completion through the combined options of testing and course transfer, provided that each course was completed with a satisfactory grade; the course content is equivalent to a Kingsborough course; and the course is appropriate to the student’s graduation requirements.

Credit will be awarded for courses from a regionally accredited non-CUNY college in which the grade earned was “C” or better. In those cases where a grade of “C-” carries two quality points on a four point scale, transfer credit will be granted. All passing grades are accepted from CUNY colleges.

The college also awards advanced standing credit through sources like the Advanced Placement Examinations (AP Exam) of the Educational Testing Service and the College-Level Examination Program (CLEP) of the College Entrance Examination Board, when the matriculated student has met all the pre-requisites for that course. Each academic department will determine for its disciplines, which, if any, exams and scores are acceptable. The college will exempt or award no more than two courses based on these exams and the credit awarded will count towards the transfer credit maximum of 30 credits.

Students requesting transfer credit should contact the Registrar’s Office, Room A-101, ext. 5136.

INTERNATIONAL STUDENTS APPLICANTS who are not citizens or permanent residents of the United States, whose native language is not English and whose previous education was not in English are required to take the Test of English as a Foreign Language (TOEFL) and score at least 475 if the test was taken on paper, 152 if taken on computer (CBT) or 53 if taken on the internet (IBT). Since it may take a considerable length of time for the TOEFL to be scored and many months for transcripts to arrive from outside the United States, applicants with foreign school documents are urged to complete their applications for admission at least six months prior to the start of the term. Kingsborough does not evaluate foreign school documents or make admission decisions for international students. All foreign school documents are evaluated by the University Application Processing Center. The College is authorized to enroll non-immigrant alien students and issue US Immigration form I-20 to those who are matriculated, in good academic standing and who register for at least 12 credits including equated credits. International students may not commence studies until they have an approved F-1 status.

NON-DEGREE STATUS APPLICANTS who wish to earn college credit without working toward a degree may request non-degree status. They may, if they wish, change to matriculated status in a future term subject to the College’s requirements for doing so and use their credits toward their degree. Non-degree students are not entitled to financial aid. Consult the College academic calendar for filing dates and deadlines to apply for matriculation. For further information, refer to the details under the Academic Information section of this catalog.

Direct On-the-Spot Admission: Applicants who currently hold a U.S. high school diploma, have received a state General Equivalency Diploma (GED) or Test Assessing Secondary Completion (TASC) by virtue of satisfactory scores on the examinations, or currently attend or have previously attended an accredited U.S. college may be eligible to apply for preliminary acceptance to Kingsborough. For further information, call the Academic Village Center at 718-368-6700.

ADMISSION APPLICATION PROCEDURES

Matriculated Status

United States Citizens and Permanent Residents who have NOT previously attended a college or university, including applicants who are high school seniors currently attending a New York City public school or a parochial or private school, should apply online for admission at www.cuny.edu.

United States Citizens and Permanent Residents who have attended a post-secondary institution such as a Hospital School of Nursing, secretarial science school, non-college-degree-granting technical institute or LPN training school must file a transfer application. However, these applications are not eligible for transfer of credits.

Admission Deadline Dates

Students who wish to enroll at Kingsborough Community College must apply online at www.cuny.edu and list Kingsborough as their first choice on their Admissions application The suggested filing dates should be observed.

Preference may be given to applications received by dates listed below. Please inquire with the Academic Village Center in Room V-100, 718-368-6700, about possible deadline extensions.
I. Deadlines for students who wish admission as matriculants:

- September (Fall) admission — January 15
- September (Fall) admission with advanced standing — February 15
- March (Spring) admission—September 15

II. Students who wish admission as non-degree students should apply directly at the Academic Village Center, Room V-100, at Kingsborough. Deadlines vary based on enrollment trends. Please inquire before submitting an application.

TUITION

TUITION AND FEES SET FORTH IN THIS PUBLICATION ARE SUBJECT TO CHANGE BY THE BOARD OF TRUSTEES OF THE CITY UNIVERSITY OF NEW YORK.

Tuition is charged each term* and is payable at registration.

New York State TAP Awards (where the student can prove eligibility with an Award Certificate) reduces or eliminates the student's liability on the day of registration.

KINGSBOROUGH COMMUNITY COLLEGE, UNDER THE JURISDICTION OF THE CITY UNIVERSITY OF NEW YORK, PROVIDES FOR REDUCED TUITION RATES FOR NEW YORK CITY AND STATE RESIDENTS. PLEASE REFER TO THE RESIDENCY REQUIREMENTS BELOW.

**Matriculated New York City Residents**

Students must have at least 12 consecutive months of residency in New York State which includes 6 months of consecutive residency in New York City immediately preceding the first day of classes.

**FULL-TIME**

(12 or more credits* or, 12 or more equated credits**)

$2,250 (plus non-refundable required fee of $175.60)

**PART-TIME**

(less than 12 credits* or equated credits**)

$195 per credit (plus non-refundable required fees)

**NON-DEGREE – NEW YORK CITY RESIDENTS**

$250 per credit or equated credit (plus non-refundable required fees)

**NON-DEGREE – NON-RESIDENTS**

$395 per credit or equated credit (plus non-refundable required fees)

**NOTE:** Students who reside in counties outside New York City but within New York State must present a valid certificate of residence from their county fiscal office in order to complete the registration process. Please contact the Bursar's Office for more information at 718-368-5416.

**Matriculated Non-Certificate Eligible Out-of-City Residents, Out-of-State Residents, International Students (F1 Visa Status)**

**FULL-TIME**

(12 or more credits* or, 12 or more equated credits**)

$300 per credit/equated credit (plus non-refundable required fees)

**PART-TIME**

(less than 12 credits* or equated credits**)

$300 per credit (plus non-refundable required fees)

International students who have an alien registration card must present it to the Admissions Office. Prior to paying their tuition and/or on the first day of classes, the Admissions Office determines residency status for tuition purposes.

**NOTE:** Please be aware that the flat, full-time tuition rate has been eliminated for non-residents. Non-resident students must pay per credit rates for all terms (including modules).

* A term consists of either the Fall session plus WINTER module or the SPRING session plus SUMMER module.

** Permit Students**

Students on permit from another CUNY college will pay tuition at their home college. Permits may be submitted electronically online through the CUNY portal at www.cuny.edu. Applications must be filed well in advance of the deadline date established by the host college since several areas must approve the permit. Students who register and subsequently cancel their permit without deleting their course(s) are subject to penalty grades from the host college that will appear on their Kingsborough transcript and are subject to tuition liabilities. Students who cannot complete their registration at the host college (e.g., closed course), must provide documentation from the host Registrar that they did not register.

**My Turn Students**

MY TURN students (60 years of age and over with proof of age and New York State residency) do not pay tuition. However, an admission application must be submitted and a registration fee of $80 per term (fall/winter and spring/summer) is required. Please contact the MY TURN Office, room F-219, 718-368-5079 for application deadlines and program information.
NOTE: All tuition and fee schedules are subject to change without prior notice, at any time, upon action of the Board of Trustees of the City University, The City and/or State of New York. Should fees or tuition be increased, payments previously made to the College will be counted as partial payment. Notification of additional amounts due, time, and method of payment will be sent to individuals involved.

Payments may be made with cash, personal check, money order or credit card (Visa, Mastercard, Discover, American Express) made payable to Kingsborough Community College. Registration is not complete until all fees are paid.

Tuition Refund Policy
In general, no portion of the Student Activity, Miscellaneous, Penalty or Special Fees will be refunded. A student who withdraws after the scheduled opening date of the session, or during the term, will receive tuition refunds according to the following schedule* (full-time students who decrease their credit load will be charged per credit). Call Bursar’s Office at 718-368-5416, room A-205.

Should the sixth, twelfth, or seventeenth day fall on a weekend, the refund period would be extended to the next business day.

*NOTE: Students entering Military Service may qualify for a refund other than as listed. The Registrar should be notified of the military status at the time of withdrawal.

Withdrawal from the College
The date that the withdrawal form is completed and submitted—NOT the last date of class attendance—is considered the official date of withdrawal from the college. No portion of the Student Activity, Special, Penalty or Miscellaneous Fees is refundable except when a student’s registration is cancelled or when the college withdraws or cancels courses.

Federal Refund Policy for Title IV Federal Aid Recipients
All Kingsborough students who are Federal Financial Aid recipients and totally withdraw within the sixty (60) percent point of the term may be required to repay a portion of any Federal aid received.
HEALTH REGULATIONS
Health Services Office, Room A-108, ext. 5684

New York State Public Health Laws 2165 and 2167 dictate that there are certain immunization requirements that must be met prior to registration:

NYSPHL #2165 requires all students who were born after December 31, 1956 to submit to the College proof of immunity against measles, mumps and rubella.

NYSPHL #2167 requires the College to distribute information to students on meningococcal disease (or meningitis) along with a meningococcal meningitis vaccination response form. Upon receipt of the above, students must complete the response form and submit it to the College.

NOTE: Students will not be allowed to register unless the above requirements are met.

All medical records and examination reports should be forwarded to the Office of Health Services, Room A-108.

NOTE: The College will not release medical records without signed authorization from the student. Students who are under 18 years of age will need a parent or legal guardian to authorize the release.

First aid, emergency treatment, psychological counseling and referral, educational, preventive and advisory services are available. Registered Nurses are in attendance whenever classes are in session. A clinical psychologist and college physician will see students and college personnel with specific health problems or questions by appointment. Any accident or illness incurred during school hours or en route to the College should be reported immediately to the Office of Health Services.

NOTE: The College does not monitor individual student participation in physical education or athletics. Students are responsible for following the advice of their physicians or health care providers in these matters. The College will take no responsibility whatsoever for any injury which may be suffered should a student participate without advice or against medical advice and for any injury sustained as a result of physical incapacity.

REGISTRAR’S OFFICE
Room A-101, ext. 5136

The Registrar’s Office maintains academic records for all students and is responsible for the registration of students into classes after they have been admitted to the college.

A prerequisite to attend classes is the completion of registration each term, following instructions from the Registrar’s Office. Students who do not receive registration material by the start of announced registration periods should immediately contact the Registrar’s Office. No student is considered registered until all appropriate forms are filed with the Registrar’s Office and tuition and fees are paid.

The following services performed by the Registrar’s Office are available upon application:

FINANCIAL AID

The key to financing a college education successfully is to determine a budget. The student budget is defined as the number of dollars students need to attend The City University of New York (CUNY) for one year. It is composed of direct educational expenses (tuition, fees, books) and indirect educational expenses (housing, food, transportation, and some personal expenses). CUNY has established two standard budgets: (1) students living with parents and (2) students living away from parents.

Balanced against student budgets is the Expected Family Contribution (EFC). The EFC is calculated by the need analysis system that is established by Congress, and is defined as the number of dollars that students and their families can contribute toward the budget. To ascertain each student’s need, the EFC is subtracted from the budget established for that student. The need establishes the maximum amount of dollars that can be awarded from all financial aid programs.

NEW YORK STATE TUITION ASSISTANCE PROGRAMS

The Tuition Assistance Program (TAP)

Sponsored by the State of New York, TAP provides tuition assistance for New York State residents who are matriculated and enrolled full-time, i.e., a minimum of 12 credits and/or chargeable hours in the major, a minimum of 6 credits must be in credit-bearing courses, and recipients must be income-eligible as defined by TAP.

All students must re-apply for TAP on an annual basis. Application is made to the New York State Higher Education Services Corporation (NYSHESC) using the FAFSA which is available on-line at www.fafsa.ed.gov beginning in early Spring of each year.

A TAP award year at Kingsborough Community College consists of the Fall and Winter sessions (“Fall”) plus the Spring and Summer sessions (“Spring”). For additional information regarding TAP eligibility requirements, visit www.hesc.org and/or the Kingsborough website, www.kbcc.cuny.edu.

Students whose applications for TAP are approved will receive an award certificate from NYSHESC. The amount of the TAP award is scaled according to the level of study, tuition charges, the verified net-taxable income, and the number of TAP payments previously received. Community college students are limited to three years worth of TAP eligibility.

If students receive the award certificate prior to registration, tuition will be reduced by the amount stated on the certificate. If certificates are received after registration, students must pay the tuition at the time of registration and will receive a refund of the TAP award during the semester.

Eligibility for TAP

To be eligible for TAP, students must be:
1. New York State residents,
2. U.S. citizens or permanent residents,
3. matriculated,
4. income eligible,
5. enrolled full-time (a minimum of 12 credits/chargeable hours required in the student’s major) by the end of the last day to add a class in Session I.
6. able to meet minimum standards of satisfactory academic standing, academic progress and program pursuit as defined by the New York State Education Department for Kingsborough Community College students.
7. must have a U.S. high school diploma, a G.E.D., or pass an approved ability to benefit test.

Satisfactory Academic Progress For New York State Financial Aid Programs

To receive payments under New York State Tuition Assistance Programs (TAP) you must maintain good academic standing. The good academic standing requirement for New York State financial aid programs consists of two components: academic progress and pursuit of program.

This requirement applies to all students receiving payments from either TAP or the Aid For Part-Time Study (APTS) program.

Students who fail to pursue a program of study or who fail to make satisfactory academic progress, will lose TAP eligibility for the following semester. Additional information/explanation is available from the TAP Certification Office located in Room U-201.

- Attain a minimum GPA as specified in the following charts for each payment requested.
- You are allowed a total of 48 TAP points for your entire undergraduate degree. You use 6 points for every full-time TAP payment. You may receive up to 6 semesters as an associate degree student. For some special program you can earn up to 10 semesters and 60 allowed a total of 60 points.
- You must be enrolled full-time, that is, enrolled for at least 12 credits or equated credits that meet the requirements of your curriculum/major.
F. Transfer students or students making a change of curriculum should review their status with an academic adviser and a financial aid counselor in order to insure their continuing TAP eligibility status at Kingsborough Community College.

G. Waiver Policy: Students who can demonstrate that exceptional circumstances beyond their control caused them to have a substandard academic record may be eligible for a one-time, undergraduate waiver of the TAP regulations. Waivers will be granted in these exceptional cases only when: (1) there is a reasonable probability that the student will regain good academic standing; (2) the student is able to present full documentation; (3) the waiver is recommended by the Committee on Academic Standing after the student has met with an appropriate college official, and; (4) the waiver is approved by the Committee on Academic Standing. Students who wish to apply for a TAP waiver must submit a written appeal to the Registrar's Office, room A-101. There are three types of TAP waivers: one time; “C”; and Medical/Health (student-health-related).

Important Notes
A. Students who withdraw from all courses during a semester will lose eligibility for TAP in the subsequent semester.

B. Students on probation or continued probation who make satisfactory academic progress during this probationary period and continue to maintain their academic standing will maintain their eligibility for TAP.

C. A repeated credit course cannot be included as part of a student's minimum full-time or part-time, course load for New York State financial aid purposes, except in the following cases: (1) when the repeated course was previously failed (2) when the course was previously passed but with a grade too low to be accepted in the enrolled curriculum, or (3) when a course may be repeated and credit earned each time.

D. A repeated non-credit (developmental or remedial) course cannot be included as part of a student's minimum full-time or part-time course load for New York State financial aid purposes: (1) if students have already received two payments for that course, or (2) if students have previously received passing grades for that course.

E. Loss of TAP eligibility: Students who fail to meet the standards of academic program pursuit, academic progress, and/or attendance will lose their TAP eligibility. In addition, any student who registers for courses without having met these standards will be liable and billed for the full amount of their TAP award, retroactively.

First NYS TAP Award received AFTER July 1, 2010
Meeting the Academic Progress Standard requires that you:
• accumulate at least 15 degree credits by the end of your 2nd TAP-supported semester and at least 15 credits each semester thereafter, and
• attain the minimum GPA as specified in the chart for each payment requested.

Aid for Part-Time Study (APTS)

The Aid for Part-Time Study (APTS) program is sponsored by the State of New York and was established to provide tuition assistance for part-time, matriculated students who are New York State residents. Kingsborough students should use the T.O.W. This form is mailed to all students after completion of the FAFSA.

Eligibility for APTS

APTS is not an entitlement program. Therefore, awards are limited. Kingsborough Community College selects award recipients and determines individual award amounts. To be eligible, students must: (1) be enrolled, part-time, in an approved undergraduate degree program in New York State (part-time is defined as at least six (6) but not more than eleven (11) chargeable hours); (2) meet the income eligibility requirements; (3) be New York State residents; (4) be either U.S. citizens or permanent residents; (5) have a tuition liability of at least $100 per year; (6) have remaining TAP eligibility; (7) NOT in default of a Federal Student Loan; and (8) be enrolled in courses required in their major.

APTS Awards

The money available for all participating institutions is set each year in the New York State budget. The amount received by a participating college is determined by the school’s percentage of the state’s total part-time enrollment.

Satisfactory Progress for APTS

Recipients must be in good academic standing in accordance with New York State’s rules and regulations (GPA must be above 2.0) and must not be in default of a student loan.

Part-Time Tuition Assistance Program (TAP)

Part-Time TAP is a New York State program implemented in the 2007-2008 academic year. It allows students to receive partial TAP payments for taking between 6-11 credits. This program is available to CUNY students who meet the specified requirements. Because TAP is a grant, it does not have to be paid back.

To receive Part-Time TAP students must meet the following requirements:
• Be a New York State resident
• Submit the FAFSA and the TAP application by the posted deadline
• Be admitted into a degree program
• Be a first-time freshmen in the 2006-07 academic year or thereafter
• Have earned 12 credits or more in each of the two consecutive preceding semesters, for a minimum of 24 credits
• Maintain a cumulative Grade Point Average of 2.0 or higher
• Register for at least 6 credits, but less than 12 credits
• Maintain good academic standing

* Transfer students must register for at least six (6) degree credits to receive TAP.

** Students who have two years of TAP or the equivalent must have a 2.0 GPA or higher to remain eligible for TAP.

*** Each TAP Payment is equivalent to six (6) TAP points. Students are only allowed 36 points (6 payments) at a two-year institution.
OTHER GRANTS AND LOAN PROGRAMS

Federal Pell Grants
Matriculated students attending college on at least a less-than-half-time basis may apply for this Federal grant program. Students should use the Free Application for Federal Student Aid (FAFSA) available on-line at www.fafsa.ed.gov (application PIN is requested at www.pin.ed.gov). The Award year at Kingsborough Community College consists of two semesters/terms, each consisting of two sessions: The Fall Semester/Term includes a 12-week Fall session (Fall Session 1) and a 6-week Winter module (Fall Session 2); the Spring Semester/Term includes a 12-week Spring session (Spring Session 1) and a 6-week Summer module (Spring Session 2). In order to receive Pell for the Winter (Fall Session 2) or Summer (Spring Session 2) modules, you must register for both sessions (Fall/Winter or Spring/Summer) by the Add deadline for the respective Session 1.

Eligibility for Pell
Eligibility varies with financial need. The need analysis formula used is devised and mandated by Congress each year. Students are notified by the Financial Aid Office about the conditions for receiving Pell payments and how and where these payments can be received. Check the financial aid portion of the Kingsborough website (www.kbcc.cuny.edu) for details. Application is accomplished by first selecting a “PIN” at www.pin.ed.gov, and then by accessing www.fafsa.ed.gov. Students selected for financial aid verification should check the Kingsborough website for next steps. Also check online for the check distribution schedule.

To remain eligible, students must attend classes and continue to make satisfactory, academic progress in their chosen program of study.

Note: Students must have achieved at least a 2.00 GPA after two years of attendance at Kingsborough Community College. Pell will pay for a maximum of (30) equated credits, excluding ESL courses.

Federal Supplemental Educational Opportunity Grants (FSEOG)
FSEOG grants are available to exceptionally needy full-time and part-time (at least half-time) students. These grants range from $200 to $2,000 annually. Students may apply for a “PIN” at www.pin.ed.gov, and then apply for this and all federal aid programs together at www.fafsa.ed.gov and must maintain satisfactory academic progress as stated under the Pell program. Loans are provided interest-free while the student is qualified and enrolled. Upon completion of study, there is a nine-month grace period before payments begin at 5%, simple interest for up to a ten-year repayment period. Application is first made by applying for a “PIN” at www.pin.ed.gov, then by completing an electronic application at www.fafsa.ed.gov. To continue eligibility, students must be enrolled at least half-time and maintain satisfactory academic progress as stated under the Pell program. Loan checks are distributed once per semester. The check distribution schedule is available online at www.kbcc.cuny.edu.

Satisfactory Academic Progress For Federal Financial Aid Programs
Financial aid recipients are required to maintain satisfactory academic progress (SAP) in order to continue to receive federal student aid.

• Minimum GPA: To be in good academic standing you must earn a minimum GPA based on attempted credits as follows:
  - 0.5-12 credits a minimum GPA of 1.5,
  - 13-24 credits a minimum GPA of 1.75
  - over 24 credits at least a GPA of 2.0

• Maximum Time Frame: The credits a student has attempted is no more than 150% of the credits normally required for the degree. For example: If the credits needed for the degree is 60, you can attempt no more than 90 credits.

• Pace of Progression: You must successfully complete a certain percentage of the total number of credits that you attempt according to the following:

<table>
<thead>
<tr>
<th>Attempted Credits*</th>
<th>12</th>
<th>18</th>
<th>24</th>
<th>30</th>

* Attempted credits are courses you registered for and did not drop before the last official withdrawal date.

“Successfully completed” is defined as having received grades of "A," "B," "C," "D" or "P." Grades of "F," "W," "WU," "WN," or "INC" count as attempted credits, however they do not count as successfully completed.
INC: Incompletes are counted as attempted credits. A student can make up the INC grade by the end of the following semester. Only then will it be counted towards GPA calculation and completed credits. If a student fails to complete the INC course by the end of the following semester, the INC will change to an F (FIN), which affects the GPA.

Remedial Courses: A student will not receive federal student aid for any remedial hours above 30. Remedial hours are not counted towards the GPA, attempted credits, or completed credits.

Transfer Credits: Transfer credits approved by Kingsborough Community College are counted towards attempted and completed credits. Transfer credits are not counted towards the GPA.

Repeated Courses: Generally repeated courses are counted towards credits attempted, credits completed, and the GPA. Please reference Kingsborough Community College's catalog for further information on repeated courses.

Time of Evaluation
Kingsborough Community College Financial Aid Office measures SAP once a year after the spring term's grades are submitted.

Financial Aid Suspension
If a student fails to meet one or both of the SAP criteria, the student will be placed on financial aid suspension for the following academic year. The student will be ineligible to receive federal student aid, such as Pell grant. However, in some cases, the student may still be eligible for state aid, such as TAP.

Satisfactory Academic Progress Appeal
In some cases, a student's failure to be in compliance with one or more areas of the SAP policy is due to events beyond the student's control. If such extenuating circumstances can be documented for the specific semester(s) when the SAP standards were not met, a student may submit a SAP Appeal form with supporting documentation to the Financial Aid Office.

Student should submit a letter from a third party to support their claim. Third party should not be a family member or friend.

If the appeal is approved, a student can receive federal student aid. However, the student is placed on financial aid probation and will have their SAP monitored at the end of each semester during the academic year. If the student fails to maintain SAP, the student will not be eligible for federal aid for the following semester and/or year.

The SAP Appeal must be based on extenuating circumstances that affected their academic performance. Examples of possible extenuating circumstances are:

- Serious illness
- Severe injury
- Death of a family member
- Other similar situations

Important Notes
A. Attempted credits usually reflect course loads maintained in students’ permanent records at their college.

B. Accumulated credits should reflect credits that students earn toward the completion of the degree program in which they are enrolled.

C. Enrollment in developmental courses will not be included as attempted credits.

D. Withdrawals, which are recorded on a student's permanent record, will be included as attempted credits and will have an effect on meeting the appropriate standard. A retroactive “non-punitive” withdrawal may result in cases where students repay any assistance received as a result of their enrollment at the time of receipt of the assistance.

E. Courses with incomplete grades are included as attempted credits. However, these courses cannot be used as credits.

F. Repeated courses can generally be accepted toward degree requirements. However, each time students attempt courses, they are included as part of the attempted credit record. Therefore, repeated courses, regardless of the prior grade, reduce students' capacities to meet the appropriate credit accumulation standard.

For detailed information on the topics below, go to room U-201 or refer to the financial aid portion of the Kingsborough website at www.kbcc.cuny.edu.

G. Details on how to appeal the loss of financial aid can be found in the financial aid portion of the Kingsborough website.

H. Non-standard admissions situations:
   1. Readmitted students
   2. Transfer students
   3. Second degree students

Note: Non-degree students and those holding foreign student visas are NOT ELIGIBLE for financial aid. Possible sources of assistance are listed in the financial aid section of the Kingsborough website.

Any student required to register with the Military Selective Service, who fails to do so is ineligible for financial aid. (Additional information is available at www.sss.gov.)

All loan recipients who complete their degree requirements and/or are leaving the college, must schedule a loan exit interview with the Financial Aid Office.
Federal Work-Study Program (FWS)

This program enables qualified students to pursue degrees while holding a part-time job. This employment may be located on or off campus, and may take place during the academic year (including vacation periods) and/or during the summer months. Eligibility for this program is based on the financial status of students and/or their families. Recipients are required to maintain satisfactory academic progress as stated under the PELL program. Students may apply to this program first by applying for a “PIN” at www.pin.ed.gov, then by submitting an electronic application through the FAFSA. Checks are distributed every two weeks for hours worked. The check distribution schedule is available online at www.kbcc.cuny.edu.

Federal Direct Loans

Students seeking loans under the Direct Loan Program should first obtain a “PIN” at www.pin.ed.gov, then submit an electronic application at www.fafsa.ed.gov. Students will then receive a Student Aid Report (SAR). Students should bring the SAR and required documentation to the Financial Aid Office and request a loan application. A printable loan application along with other information about Federal Direct Loans is available on the Kingsborough website, www.kbcc.cuny.edu.

This program provides variable, low-interest loans totaling up to $23,000 to cover undergraduate work. Eligible Kingsborough students who carry at least 6 credits and/or equated credits may borrow up to a total of $3,500 for the freshman year and up to a maximum of $4,500 for the sophomore year. The amount of the loan will be determined by students' Expected Family Contribution (EFC). Repayments begin six months after students graduate or leave school.

There are two types of Federal Direct Loans:

1. **Subsidized Federal Direct Loan:** The interest on this type of loan is paid by the Federal government during a student’s residence at Kingsborough Community College. To be eligible for the Subsidized Federal Direct Loan, applicants must: (a) be enrolled for at least half-time; (b) be a United States citizen or permanent resident alien; (c) demonstrate satisfactory academic progress; (d) have no outstanding debts from previous loans; (e) show financial need; and (f) file a PELL application to determine the Expected Family Contribution (EFC).

2. **Unsubsidized Federal Direct Loan:** The interest on this type of loan is paid by students while they attend school, or the interest is added to the loan. To be eligible for the Unsubsidized Federal Direct Loan, applicants must: (a) be enrolled for at least half-time study; (b) be a United States citizen or a permanent resident alien; (c) demonstrate satisfactory academic progress; (d) have no outstanding debts from previous loans; and (e) file a PELL application to determine the Expected Family Contribution (EFC).

Federal Parent Loan for Undergraduate Students (PLUS)

Parents may borrow up to the total cost of education minus other aid for each dependent child.

**NOTE:** Financial aid is paid at the beginning of the fall or spring semester and covers both sessions of the semester: fall/winter and/or spring/summer. If a student fails to attend the second session (either winter or summer), he/she may have to repay a portion of their aid.

ACADEMIC AND SERVICE AWARDS

Annual awards are given to graduating students who achieve academic excellence in their various disciplines, and to students who give outstanding service to the college through student government and other student activities. The Faculty Committee on Awards administers the annual Awards Program. The Awards Ceremony is part of the two-day Commencement Exercises at Kingsborough and is usually held in the evening before the Commencement Day. Families and friends of the awardees are invited to the annual Awards Ceremony to share in the celebration of the students’ success.

The Faculty Committee on Awards, chaired by the Associate Provost for Academic Affairs, also selects the valedictorian. All students who have achieved a GPA of 4.00 and have no more than 12 transfer credits to Kingsborough are invited to audition for the valedictorian speech.

For any questions regarding the annual Awards Program, students should visit the Office of the Associate Provost for Academic Affairs in room M-386 or call (718) 368-5029.

ACADEMIC INFORMATION
Matriculated students register for a specific degree in a particular curriculum or plan. To be considered a full-time student, a student must enroll in a program of study carrying a minimum of 12 credits and/or 12 equated credits during the fall and spring sessions. (Full-time students usually carry a program of 16 to 18 credits or equated credits.)

Part-time students carry fewer than 12 credits and/or equated credits. While it is possible to carry a full-time evening program, not all KCC degree programs are available for full-time evening study. Non-department required degree courses can be used for necessary basic courses and credits before completing department requirements in day session. Counselors are available for consultation.

Non-degree students who request a change to matriculated status must meet the following requirements. (NOTE: Non-degree students are NOT eligible for financial aid.)

1. Have an official transcript certifying high school graduation or its equivalent on file in the Registrar's Office, Room A-101.
2. Take required CUNY Skills Assessment tests (COMPASS Math Skills Test and the CUNY assessment tests in reading and writing)
3. Be in good academic standing (at least a 2.00 cumulative index) at the end of the current 12 week term.

If a college was attended previously, the following criteria must be met:
A. Meet requirements in 1, 2 and 3 listed above.
B. Have an official copy (copies) of previous college(s) transcript(s) on file in the Registrar's Office.

If the GPA at the previous college(s) was below a 2.00, the completion of a minimum of 12 credits or 12 equated credits will be required at Kingsborough Community College with at least a 2.00 GPA.

Consult the Academic Calendar for filing dates and deadlines.
TESTING
Room T-602, ext. 4975
The City University of New York mandates that all incoming degree-seeking students, as well as students entering the upper division, meet standards of proficiency in the basic skill areas of reading, writing and mathematics. In addition, the University requires students in both associate and baccalaureate programs to demonstrate their command of certain vital academic skills by the time they attain their 60th credit.

Accommodations for a required test based on disabilities are granted to students in compliance with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. Students who wish to seek such an accommodation must be registered with the College’s office serving students with disabilities.

Freshman Course Placement
AFTER acceptance by the College, but BEFORE registration, entering matriculated students (and non-degree students attempting to achieve matriculation) will be required to demonstrate basic skills proficiency. This requirement can be met by meeting exemption criteria or by taking the COMPASS Math Skills Test, the CUNYACT in Reading, and the CUNY Assessment Test in Writing. Results of these tests, and/or pre-college exemptions, determine specific course assignments in appropriate English and mathematics classes.

Skills Assessment Testing
The Office of Instructional Services, under the auspices of the Vice President for Academic Administration, Program Planning and Development, is directly responsible for the administration of the CUNY skills assessment tests (COMPASS Math Skills Test, the CUNY/ACT in Reading, and the CUNY Assessment Test in Writing). Approximately 5,000 students are tested each year. The tests evaluate student skills in reading, writing and mathematics. All incoming degree-seeking students are required to take these examinations or be otherwise exempted. The results of the examinations are key to determining the need for developmental instruction, as well as placement in the sequence of Mathematics courses.

Basic Skills Proficiency
Students must meet standards of proficiency in the basic skills areas of reading, writing and mathematics established by the College. In addition, the CUNY Board of Trustees has mandated that students meet a University-wide minimal level of skills proficiency before entrance to the upper division. Consequently, students will be tested in these areas by taking the CUNY/ACT in Reading; the CUNY Assessment test in Writing; and the COMPASS Math Skills Test after admission, but prior to their freshman year, to determine whether they meet the minimal University standards. Those who initially fail to meet requirements will be given appropriate developmental instruction to assist them to achieve the required skills competency levels. Students who fail to achieve the minimal CUNY standards by the end of their sophomore year will not be permitted to continue in the University. The end of the sophomore year is the semester, or session, in which the program’s degree requirements for graduation are completed.

CURRICULA
The college expects that every Kingsborough student will make consistent and determined progress toward earning a degree, seriously strive to perform well in all courses, spend approximately two hours of outside preparation, study and work for EACH hour of classroom instruction and be committed to taking full advantage of the opportunities the college offers for a quality education.

The administration and faculty are concerned with providing education of the highest level of excellence, building basic skills which will facilitate and encourage further learning, assisting students to develop their individual potentials to their highest levels and helping students establish a firm foundation upon which to build their future careers.

Students in all programs follow courses of study designed to provide a sound general education and a carefully developed program of occupational or pre-professional education.

Graduates who successfully complete the courses prescribed for the program of their choice can earn the degree that plan carries: the Associate in Arts (A.A.) degree, the Associate in Science (A.S.) degree and the Associate in Applied Science (A.A.S.) degree. Several one-year certificate programs are also offered.

Students must consult with an advisor when selecting courses to assure that their selections meet the plan requirements of their prospective plan.

The Associate in Arts (A.A.)
The Associate in Arts (A.A.) degree is awarded upon satisfactory completion of the required credits from a wide range of Liberal Arts subjects. The college offers two Associate in Arts degrees: one in Criminal Justice and the other in Liberal Arts (with concentrations in Children’s Studies, English, Global and Environmental Studies, Philosophy, Secondary Education, and Women’s and Gender Studies, and a transfer option to the Baruch Zicklin School of Business).
The Associate in Science (A.S.)
Candidates for the Associate in Science (A.S.) degree follow programs which closely parallel the A.A. program, but have a greater concentrations in a single subject area. These programs include: Accounting; Biology (with concentrations in Allied Health Transfer Option and Biology Transfer Option); Business Administration; Biotechnology; Chemical Dependency Counseling; Chemistry; Community Health (with concentrations in Gerontology, Health Services Administration, and Health Education and Promotion); Computer Science; Early Childhood Education/Child Care (with concentrations in Early Child/Child Care and Infancy/Toddler Development); Earth and Planetary Sciences; Education Studies (with concentrations in Early Childhood and Childhood Education); Engineering Science; Exercise Science/Personal Training; Fine Arts (with concentrations in Art History, Ceramics, Drawing and Painting, Photography, and Sculpture); Journalism and Print Media; Mathematics; Media Arts; Mental Health and Human Services (with concentrations in Domestic Violence Counseling and Substance Abuse Counseling); Physics; Science for Forensics; Speech Communication (with concentrations in Speech Pathology and Communication Studies); or Theatre Arts (with concentrations in Performance and Technical Production).

The Associate in Applied Science (A.A.S.)
Candidates for the Associate in Applied Science (A.A.S.) degree follow programs which concentrate in applied fields. The professional fields in which these programs are offered include: Computer Information Systems; Culinary Arts; Fashion Design; Emergency Medical Services – Paramedic; Graphic Design and Illustration (with concentrations in Animation and Graphic Design); Maritime Technology (with a Marine Technician option); Nursing; Office Administration and Technology (with concentrations in Executive, Legal, Medical, Medical Word/Information Processing, School, Word/Information Processing); Physical Therapist Assistant; Physical Education, Recreation and Recreation Therapy (with options in Recreation and Recreation Therapy, Baccalaureate Transfer Options in Sports Management and Teaching Physical Education K-12); Retail Merchandising (with concentrations in Fashion Merchandising and Marketing Management); Surgical Technology; Tourism and Hospitality (with concentrations in Food and Beverage Management, Hospitality, Sports Management, and Tourism); and Website Development and Administration.

Assessment of Student Learning Outcomes
Instructors usually distribute a syllabus on the first day of class that identifies student learning goals and objectives, and lists the requirements of the course. He or she will choose approaches to teaching that are designed to help you meet these outcomes, and will assess how well you have achieved them through exams and/or assignments, as appropriate to the course.

GRADUATION REQUIREMENTS
Eligibility for graduation requires the completion of one of the programs of study, as outlined within the Programs and Course Requirements section of this catalog, with an overall minimum cumulative grade point average of 2.00 (at least a "C" average) for all courses taken at Kingsborough Community College; passing scores on, or exemption from, all CUNY assessment examinations; a passing grade in a writing intensive course; and, effective Fall 2013, the completion of a minimum of two (2) civic engagement experiences before graduation. Some departments also require a minimum grade point average for specific courses; refer to the Programs and Course Requirements section of this catalog for degree requirements.

Students can review their progress towards graduation on-line anytime by checking DegreeWorks. Each of the filing periods (for an August, January, or June degree) has a deadline. In order to graduate and be issued a diploma, all students must file an application for graduation by the deadline given in the Academic Calendar during the current filing period so their records can be reviewed. The student must be matriculated during their last term of attendance at Kingsborough Community College.

In order to receive a Kingsborough degree, a student is required to have completed the final 30 credits toward that degree while enrolled at Kingsborough. Where one or more credit-bearing courses to be included in this sum are to be earned at another institution, prior permission must be obtained from the Committee on Academic Review. Each request for permission will be considered case-by-case on the merits of the individual circumstances. No permission will be granted if the total of the course credits result in less than 30 Kingsborough credits completed for the degree.

A graduate whose cumulative GPA is between 3.50 and 3.89 shall be graduated with honors. The term “with honors” will be inscribed on the student’s diploma and noted in the commencement program.

Students seeking a waiver of graduation requirements may appeal to The Committee for Academic Review in room M-386.
Students returning for a second degree within a year of graduation must apply using the CUNY admission application. Students returning longer than a year after graduation must apply through the Admissions Office.

**WRITING INTENSIVE COURSES**

CUNY’s Writing Across the Curriculum Program was established in 1999 through a Board of Trustees resolution “to ensure that writing instruction is regarded as a common responsibility and that the development of writing proficiency becomes a focus of the entire undergraduate curriculum.” In Fall 2010, Kingsborough made a commitment to writing in all the disciplines: Students who entered KCC or changed their major in or after fall 2010 must complete at least one writing intensive course before graduation. While there are a variety of options for fulfilling the writing intensive requirement, writing intensive sections are only offered in the fall and spring semesters. Writing intensive courses are identified as such in the course attribute field of the Class Search section in CUNYfirst.

**CIVIC ENGAGEMENT**

Kingsborough accepts as a fundamental principle that education requires social awareness, an acceptance of social responsibility and active participation in meeting the challenges of a modern society. Through civic engagement, we recognize our mutual responsibility to care for each other in the college, in our communities, and on our planet. This responsibility may be accomplished through political activity, community service, engagement in leadership roles, advocacy or becoming informed on issues that relate to social change. Therefore, civic engagement at Kingsborough seeks to foster civic awareness while providing the skills needed for our students to actively participate in their communities.

**How Students Will Satisfy the Civic Engagement Requirement**

Beginning Fall 2013, students are required to have a minimum of **two (2) civic engagement experiences** before graduation. No additional courses are needed to fulfill this requirement. Please see an academic advisor before registering. There are three ways to satisfy this requirement:

1. **CERTIFIED CE COURSE.** Certain courses required for the major, and/or to fulfill the CUNY Core, include civic engagement as essential and integral to their learning outcomes. In such a course, a student must pass the course to satisfy one of their CE experiences. These courses are indicated in CUNYfirst and on the civic engagement web page: www.kbcc.cuny.edu/center_civic_engagement.

2. **COMPONENT CE COURSE.** A portion of some courses’ content—particular topics, chapters, activities, field trips—is devoted to civic engagement. Such a course offers students an opportunity to link academic concepts and a commitment to the community. This option will require approval from the Center for Civic Engagement.

3. Students who wish to satisfy a civic engagement experience independent of a KCC course should get approval from the Center for Civic Engagement. **NOTE:** Non-course-related experiences will be publicized as they become available.

**MAINTENANCE OF ACADEMIC STANDARDS**

The grade of “INC” (incomplete), or its equivalent, shall be awarded only when the course requirement has not been completed for good and sufficient reasons and where there is reasonable expectation that the student can complete the requirements of the course.

The grade of “W” (withdrawal without penalty) is applied when the student has submitted a Withdrawal Form to the Registrar’s Office by the due date listed on the College’s Academic Calendar.

The following table is used when evaluating a student’s academic progress.

<table>
<thead>
<tr>
<th>Attempted Credits or Equated Credits</th>
<th>Minimum Cumulative GPA (Index)</th>
</tr>
</thead>
<tbody>
<tr>
<td>12 to 23 1/2</td>

Students who fail to achieve these standards will be placed on probation for one term, and if unable to correct their deficiencies during that term, will be dropped from the college. Students who receive financial aid must maintain these standards. The normal academic appeals procedure of the college will continue to consider individual cases and to make such exceptions to the implementations of these guidelines as unusual circumstances may warrant. Students who are dropped from the college for academic reasons may appeal to the Committee on Admissions and Academic Standing for readmission after one term. Students should pay the required readmission application fee and submit the completed readmission application, along with a letter of appeal addressed to the College Committee on Admission and Academic Standing, to the Registrar’s Office, Room A-101. Consult the College's web page for readmission deadlines; applications should be filed early since readmission deadlines are well before the start of the upcoming term.

*Kingsborough Community College Council action*
Credits
Credits are points granted for courses taken in the college. The number of credits is usually based on one credit for each weekly class hour. In some cases, the number of required hours may exceed the number of credits granted (i.e., science and physical education courses).

Example: Chemistry 1200 6 hours 4 credits
        History 1100 3 hours 3 credits
        Phys. Ed. 2000 2 hours 1 credit

Grade Point Index
The Grade Point Index is obtained by multiplying the grade point value by the number of credits for the course, then totaling the grade points and dividing by total credits. (See page 22 for grade point values.) For example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Grade</th>

</tr>
</tbody>
</table>

Grade Point Index (37.9 quality points divided by 17 credits) equals 2.23, or approximately a “C+” average.

Developmental Courses
Developmental courses are specifically designed and required for students who have not passed the CUNY skills assessment tests in Reading and Writing and the COMPASS Math Skills Tests. Developmental courses are non-credit (0 cr.).

Equated Credits
Weekly class hours in developmental and compensatory courses for which credit is not given are, for certain purposes, counted as equated credits.

Example:
Math M100 4 hours 0 credits AND 4 equated credits
English 9100 8 hours 0 credits AND 8 equated credits

Basic Courses (+)
Basic courses are courses that individual Kingsborough departments feel are essential for college students so that they may learn the fundamental and basic concepts of a discipline. Basic courses are designated by a (+). Some basic courses require prerequisite courses or departmental permission. This is indicated with the course description.

Advanced Courses
Advanced courses are courses that individual Kingsborough departments feel are important as follow-up courses to explore, either in breadth or depth, the areas of knowledge to which students have been introduced while taking the basic courses.

EXAMINATIONS

Mid-Term
Mid-term status is provided orally by instructors, and it is not entered on the permanent record.

Final
Students are responsible for meeting examination schedules. Students who have a conflict with a final examination schedule must immediately report to the Registrar’s Office for rescheduling.

Students can access their final grades online via their CUNYfirst account.

Makeup Final
Students who miss final examinations for legitimate reasons may apply for makeup examinations.

Generally, permission is granted only to students who maintain passing grades up to the final examination period. For each make-up examination, a Petition for Final Makeup Examination form with the instructor’s signature must be completed and received in the Registrar’s Office by deadline dates (refer to Academic Calendar).

Students pay $25 for the first makeup exam plus $5 for each additional exam.

GRADES
Grades indicate how well a student is doing academically. They deserve careful attention as evidence of good progress and as an indication of the need for counseling and/or for increased effort.

Standard Grades
Students receive an official grade for each course at the end of a term. This becomes part of the permanent record. The standard grades are:

INC: Doing passing work, but missing an assignment or an examination; changes to a “FIN,” if work is not made up by the 10th week of the next 12-week module.

FIN: Failure as a result of an incomplete.

P: Passed, but course not counted in computing cumulative average.

R: Minimum level of proficiency not met for developmental courses.

S: High-level of proficiency in MAT M200 course.

W: Withdrew officially.

WA: Withdrew administratively due to immunization noncompliance.

*WN: Withdrawn, never attended; a non-punitive grade.

WN: Withdrawn/never attended; counts as failure (in effect prior to Fall 2010).

WU: Withdrew unofficially; counts as failure.

Y: Yearly course; grade assigned at the end of year.

NC: Minimum level of proficiency not met for certain specific compensatory courses.

Z: Instructor did not submit grade.

#: This course has been successfully completed in a subsequent semester and is not calculated in the cumulative average (Examples: #F, #WU).

A course in which a grade of C– or below was received may be repeated only if a more advanced course in that discipline has not been completed. Students who receive a “C” grade or better in any course offered at the college MAY NOT REPEAT that course.

(Regulations above do NOT apply to students in the EMS-Paramedic, Nursing, or Surgical Technology programs.) These programs have their own grade regulations.

“R” Grade

The “R” grade does not count in computing the scholastic index. It is given to a student in a developmental component who does not meet the minimum requirements at the completion of the semester. A student who receives the “R” grade in the same developmental component three times will NOT be permitted to repeat that course again.

“S” Grade

The “S” grade does not count in computing the scholastic index. It is assigned when a student has a minimum grade of 88 on the CUNY Elementary Algebra Final Exam (CEAFE) exam. The student also has an overall class average of 85% where the CUNY Elementary Algebra Final Exam weights 65% of the total grade.

Grade Change Appeals

Students may appeal a final grade to The Committee for Academic Review NO LATER than the end of the term following the term in which the grade was given. The term is defined as fall/winter or spring/summer. For example, students wishing to appeal grades assigned during the fall/winter term must file an appeal no later than the end of the following spring/summer term. Likewise, students wishing to appeal grades assigned during the spring/summer term must file an appeal no later than the end of the following fall/winter term. Appeals may be filed in room M-386.

Scholastic Standing

The measure of scholastic standing is based on the number of graded credits and/or equated credits taken and the grades received.

CHANGE OF CURRICULUM (PLAN)

For any curriculum/plan change, except Nursing and Surgical Technology* which have special regulations, students must file the appropriate form in the Registrar’s Office, room A-101, following the deadline dates on the Academic Calendar.

The new curriculum goes into effect the term following the student’s application. The most recent information on college policy, and all proper forms for a change of plan or change of session, are available in the Registrar’s Office.

*Please refer to Nursing Department Information.

Kingsborough Community College is accredited by the Middle States Association of Colleges and Schools.

NOTE: Students may register to repeat a course if they received an F, W, R, NC, *WN or WU grade.

Effective September 1, 1990, if a student repeats a course in which an “F” or an administrative failing grade (WU) was originally earned and subsequently earns a passing grade of “C” or better in the same course, the original failing grade will remain on the student’s transcript but will no longer be computed into the grade point average. The total number of failing credits earned during enrollment in CUNY which may be deleted is 16.

Students who wish to replace an “F” grade earned before September 1, 1984 must first receive approval from the Committee on Academic Review.
WITHDRAWAL

From the College

Students who find it necessary to withdraw from the college must complete and file an official form in the Registrar's Office, A-101.

NOTE: The last date of class attendance is considered the official date of withdrawal from the college. Students should check the Academic Calendar for deadline dates to withdraw without academic penalty.

From a Course

After consultation with a counselor and before such action is taken, the proper forms must be filed with the Registrar's Office, A-101. The date the completed change of program or withdrawal form is submitted to the Registrar's Office is considered the official date of withdrawal from the course, NOT the last date of class attendance.

If a student withdraws from a course during the first 17 days of the Fall or Spring term (or the first seven days of the Winter or Summer session), that course will be deleted from the student's transcript.

If a student withdraws after the deletion period but before a deadline that approximately coincides with completion of 2/3 of the session (see Academic Calendar for specific date), the student will receive a “W” grade for that course.

If a student registers for a course, does not attend classes, and fails to officially withdraw from the course, the student will be assigned a “*WN” grade for that course.

READEMISSION

A student who wishes to return to Kingsborough should complete a Readmission Form. A readmission fee is charged when the form is submitted.

Students who wish to file for readmission to the college should pay the required application fee and submit the completed Readmission Form to the Registrar's Office, A-101. Consult the College's web page for readmission deadlines; applications should be filed early since readmission deadlines are well before the start of the upcoming term.

NOTE: Students who have received their degree from Kingsborough may not apply for readmission. Students returning for a second degree within a year of graduation must apply using the CUNY admission application. Students returning longer than a year after graduation must apply through the Admissions Office.

FORGIVENESS POLICY

Students who have been out of Kingsborough for a period of five (5) years or more and whose index was below 2.00, can be readmitted in good standing. Any prior failing grades, while still reflected in their record, would not be calculated in their grade point average to determine their standing.

Students who have been away from the institution at least five (5) years, can petition to apply for readmission under the “forgiveness” provision by appeal to the Committee on Admission and Academic Standing. If readmitted, these students would be readmitted as students on probation. The forgiveness policy will be applied only once to a student’s academic record.

DISMISSAL

A student who is dismissed for academic reasons may not apply for readmission until one term after dismissal.

Application for readmission, with required readmission application fee, must be filed in the Registrar's Office, A-101, along with a letter of appeal to the Committee on Admissions and Academic Standing, documenting the reason for poor scholarship. If the Committee believes the records indicate that the student will be able to make satisfactory progress toward earning the degree within a reasonable period of time, the student may be readmitted. If at the end of the term of readmission, the student's academic level has not been raised to CUNY's standards, nor has adequate progress in achieving the appropriate standards been shown, the student will be dismissed.

The College reserves the right to revise the academic dismissal policy as deemed necessary.

STUDENT ATTENDANCE POLICY

A student who has been absent 15% of the total number of instructional hours that a class meets during a term or session may be considered excessively absent by the instructor. The instructor may consider excessive absences as a factor in the assignment of a student's grade.

INDEPENDENT STUDY

The college offers students the opportunity to take a limited number of credits outside the traditional courses structure as Independent Study, designated by the course number “8100.” Students registering for such courses undertake a prescribed program of individual and/or group research and may attend seminars or workshops dealing with their field of study. All work will be conducted under the supervision of the assigned instructor and will be evaluated and graded by the instructor.

Successful completion of the “8100” courses generally requires from 1 to 3 hours per week and earns from 1 to
3 credits per term. These courses are open ONLY to upper freshmen and sophomore students who have an overall B average (3.00 index) in the subject area, with departmental approval.

Students will be permitted to take no more than 6 credits of Independent Study in any one area and no more than 12 credits toward the degree.

**TOPICAL AND PILOT COURSES**

In addition to the courses described in the catalog, the college offers a group of courses that meet the immediate needs and interests of various members of the student population or gauge the appropriateness popularity of new subject areas. These topical and pilot courses are designated by the course number “8200.” These courses appear in the Schedule of Classes for the term in which they are offered.

**TRANSFER TO SENIOR COLLEGES AND UNIVERSITIES**

**CUNY ARTICULATION POLICY:**

Effective Fall 2013, The City University of New York (CUNY) has implemented the Pathways initiative across its undergraduate colleges. Pathways establishes a new system of general education requirements and new transfer guidelines across CUNY, and by doing so reinforces CUNY’s educational excellence while easing student transfer between CUNY colleges. More information can be found at www.kbcc.cuny.edu/pathways.

**How Credits Transfer**

Pathways makes it easier for students to transfer from one CUNY college to another. When a student has met a Common Core or College Option requirement at one CUNY school, those requirements will be met at any other CUNY school; AP credits and non-CUNY credits may also count toward a student’s Common Core or College Option requirements. In Pathways, students in certain CUNY majors can easily transfer their major credits.

**General Pathways Transfer Facts**

- Courses passed for credit at any CUNY college will transfer for credit at any other CUNY college.
- Courses that fulfill a Required Common Core requirement at any CUNY college will transfer for Required Common Core credit at any other CUNY college.
- Courses that fulfill a Flexible Common Core requirement at any CUNY college will transfer for Flexible Common Core credit at any other CUNY college.
- Courses that fulfill a College Option requirement at any CUNY college will transfer for College Option credit at any other CUNY college.
- Courses that are designated as "Gateway" courses into a major will transfer for major credit at any other CUNY college that offers the major.

**SUNY TRANSFER POLICY**

The SUNY Transfer Guarantee Program pledges that “A New York State resident who wishes to transfer from a State University of New York two-year college, including all community colleges throughout the state, and who possesses, or who will have, an Associate in Arts or Associate in Science degree at the time of transfer, is guaranteed an opportunity to continue education on a full-time basis at a senior campus of the University.” All other students, with or without a degree, may apply for admission to SUNY units but the guarantee does not extend to them.

**PRIVATE COLLEGE TRANSFER POLICIES**

Students who wish to transfer to a private college should check college websites, catalogs, directories and other literature available at Kingsborough or directly from the college they wish to attend.

**NOTE:** Additional information is available from the Kingsborough Community College Transfer Office, Room C-102, the Kingsborough Community College Transfer Guide or the Admissions Office of the college to which you hope to transfer.
OFFICE OF ACADEMIC SCHEDULING, EVENING STUDIES AND WEEKEND COLLEGE

Academic Scheduling, Room A-113, Ext 5686
The Office of Academic Scheduling is responsible for the preparation of the Schedule of Classes and allocation of all academic rooming assignments. Other responsibilities include oversight of the Registration Help Center; Evening Studies; and the Weekend College Program, which is offered only during the Spring and Fall sessions. For more information, see the Academics section on the Current Students page on the Kingsborough website, www.kbcc.cuny.edu, or email Academic_Scheduling@kbcc.cuny.edu.

Weekend College Program,
Room A-113, Ext. 6638
The Weekend College Program serves an integral role in the college’s educational offerings. Individuals who are unable to attend courses during the day may pursue part-time and/or full-time studies weekday and Friday evenings, and on Saturdays and Sundays. Because office hours vary throughout the term, students are urged to call or email us for office availability.

The Weekend College Program serves all students including:
• Adults seeking education for new career or career enhancement
• Parents planning to return to the work force
• Senior Citizens (New York State residents 60 years of age and over), who wish to avail themselves of opportunities in higher education under the College’s tuition waiver policy for senior citizens. With proof of age and residency, only a $70 registration fee is charged each semester
• Veterans and active military personnel pursuing their education objectives by attending the College
• Any person seeking a non-traditional college experience

For more information, see the Academics section on the Current Students page on the Kingsborough website, www.kbcc.cuny.edu, or email WeekendCollege@kbcc.cuny.edu.

Programs of Study
Courses in liberal arts, the humanities, business administration, early childhood education, computer information systems, travel and hospitality, and the sciences are available in the evenings and on weekends. At present, evening students can pursue associate degrees in Accounting, Business, Computer Information Systems, Office Administration and Technology, and Liberal Arts. A Liberal Arts degree can be earned solely through evening and/or weekend study. Students interested in other degree programs which are offered in the day session, can begin their studies in the evening and on the weekends, and transfer to the day session to complete their degree.

For information regarding matriculated and degree status, contact the Admission Information Center in room V-103, ext. 4600 or the Office of Academic Scheduling in room A-113, ext. 5686.

For more information, visit the Weekend College section of the Kingsborough website, www.kbcc.cuny.edu.

DEPARTMENT OF STUDENT AFFAIRS
Room A-216, ext. 5563
The mission of the Department of Students Affairs is to provide an inclusive environment in which students engage in innovative, stimulating, and high quality learning opportunities designed to facilitate personal growth and academic success. Our students will exemplify the core values of leadership, civic engagement, civility, and responsible global citizenship while moving forward successfully toward their academic and career goals.

Academic Advisement Center
Room M-201, ext. 5744
KCC’s Academic Advisement Center supports and promotes campus-wide year round advising, for all majors, while recognizing the autonomous nature for advising within the academic departments. The center strives to maintain a supportive environment where advising is a holistic process through which continuing students receive guidance, assistance and clarification about their academic, career and life goals. During this process, Academic Advisors serve as facilitators of communication who work to encourage students to become more knowledgeable and responsible for planning their academic careers. All students should make an appointment to obtain academic advising for their respective majors at least once each semester in room M-201 throughout their academic careers.

Career Development, Transfer/New Start, Scholarship Opportunities and Service-Learning,
Room C-102, ext. 5115
The Office of Career Development, Transfer/New Start, Scholarship Opportunities & Service-Learning offers career counseling to all Kingsborough students, from their first day on campus through graduation. The mission of the Center is to prepare students with specific knowledge to find, organize, and utilize career resources as they progress through various stages of career exploration. Career counselors assist students in career planning and in the development of skills needed in the job search. Listings of part- and full-time jobs, as well as internships, are available
to students via the KCC Online Jobs Board. The Career Center’s recruitment events, such as Job Fairs and On-Campus Recruitment, bring representatives from major corporations, government, and social service agencies to the campus. Job search assistance is offered to all students through resume writing and interview technique workshops.

In addition, information is available on requirements for transfer to senior CUNY, SUNY, and private colleges. Transfer counselors provide individual counseling regarding transfer related issues, including selecting a senior college, navigating the application process, and aiding in the transition to a senior college. Group workshops provide assistance with specific transfer procedures. In addition, Transfer Fairs, Senior College Visits, and On-Site Admission Days are held during the fall and spring terms which host representatives from an array of four-year colleges and universities.

**C.O.P.E. Program, Room T4-216, ext. 4660**

C.O.P.E. (The College Opportunity to Prepare for Employment Program) provides special services to students who are enrolled in a vocationally-oriented associate degree program and who receive public assistance through the Human Resources Administration (HRA) and qualify as Temporary Assistance for Needy Families/TANF (formerly Aid to Families with Dependent Children/AFDC) recipients. The program also offers its services to other students who are Food Stamp recipients. Services include the opportunity to qualify for the Graduation Success Initiative Program, personal and academic counseling, HRA advisement of policy changes, preparing for HRA appointments, and meeting workfare requirements. C.O.P.E. also assists its students with forms that entitle them to childcare and carfare supplements. There is also job preparation and placement assistance, including workshops in the application process, interview preparation, job searches, and computer tutorials.

**Counseling Services, Room D-102**

All Kingsborough students are eligible to receive free and confidential personal counseling through the Counseling Services Center, where they will find a staff of trained and caring mental health practitioners who are committed to providing high-quality services, in a safe, supportive, and judgment-free environment, while always respecting students as individuals and as members of a diverse school community.

The center’s mission is to provide counseling that facilitates meaningful personal growth and the fullest academic development of each individual. The staff assists students with adjustment, behavioral, emotional and/or academic challenges; provides ongoing education to the KCC community regarding mental health issues; and offers consultation and assessment in crisis situations to the KCC community.

Through counseling you can gain assistance in developing positive coping strategies to help you balance the challenging demands of school and personal life like stress, trauma, family concerns, loss, anxiety, depression and life transitions.

Specific services available include individual and/or group counseling; mental health screenings; psycho-educational workshops; and academic skills workshops. When appropriate, referrals to experts on campus, outside community, and/or mental health agencies are coordinated to provide mental health services. Students’ confidentiality and privacy are highly valued.

Counseling Services oversees Health Services, the Lighthouse Program, the H.E.L.M. Center, the Women Center, and Access-Ability Services.

**Evening Advisement, Room M-101, ext 4911**

Evening Advisement provides academic advisement to students attending classes part-time, students who take a majority of their classes in the evening, and non-matriculated students. Academic advisors provide continuing students with guidance, clarification about their degree requirements, and the necessary tools to become more knowledgeable and responsible for planning their academic careers. Students are encouraged to meet with an advisor at least once each semester.

**FRESHMAN SERVICES**

**Freshman Services, Room F-123, ext. 4806**

KCC’s Freshman Services oversees pre-enrollment activities, New Student Orientation, freshman academic advisement, freshman socials, and workshops. The program is aimed at assisting freshman students make a comfortable and successful transition to Kingsborough Community College.

Freshman Services is dedicated to students’ personal, social and academic growth. Through academic and career advisement, they work closely with students in developing a mutually agreed upon plan that aids in the identifying and achievement of their educational, career, and life goals. They foster an environment that encourages student growth, promotes self-sufficiency and academic responsibility. Respecting the rights and dignity of all students, they strive to dissuade prejudice; teach students the need to show respect and consideration for others; and encourage the development of close ties and strong relationships between students and their student peers, as well as between students and staff.

**New Student Orientation/Campus Fest**

New-student orientation, known as Campus Fest, takes place twice a year. Campus Fest assists incoming students with their transition to college. Entering a new college setting can be a bit frightening at first. Students are in a
new environment, with new people, and have much more independence than ever before. Campus Fest is aimed at alleviating some of the anxiety surrounding these issues. As well, as providing an opportunity for students to meet other incoming students, receive information about college resources and programs, and enjoy our beautiful college campus. Campus Fest is an excellent event that helps students feel prepared to begin and start college strong.

Health Services Office, Room A-108, ext. 5684

The College Health Office reviews student medical forms and evaluates health status, facilitates the removal of physical or emotional handicaps to learning, and ascertains the need for special adaptations of the college program to ensure the maximum development of each student (see page 10). First aid, emergency treatment, educational, preventative and advisory services are provided. Registered nurses are in attendance when classes are in session to assist students with specific health problems. Any accident or illness incurred during school hours or en route to the college should be reported immediately.

H.E.L.M. (Health Education & Lifestyle Management) Center, Room A-108, ext. 5684

The H.E.L.M. Center is a health education and research resource whose primary mission is to raise the collective consciousness of the college community with regard to major health issues. The Center strives to empower individuals in the management of their personal health and their life. It offers a setting to unify student wellness, life management, health referrals and fitness programs.

Course Offerings

SD 1000 Freshman Seminar 1 cr. 1 hr.

Student Development (SD 10) is a one-credit freshman seminar course. The course assists incoming students in their college transition, facilitates interactive learning, and helps to develop knowledge and skills important for attaining academic success. In order to provide students with an opportunity to develop personally, academically, and socially, the course addresses the topics of learning styles, skills for academic success such as note taking and time management, career exploration, academic policies and procedures, information literacy and diversity. Students are encouraged to think critically, to develop an academic plan, and to learn outside of the classroom through out-of-class experience events such as slam poetry, yoga, and cultural diversity workshops. The class also promotes the development of a strong bond between students and their instructor as well as with the college community.

SD 1100 Career and Life Planning 1 cr. 1 hr.

Students have an opportunity to explore careers with emphasis on their interests, abilities, aptitudes and college experiences. They learn how to plan for future work and leisure time. Topics include: the nature of work; contemporary changes in careers and work ethic; self assessment; jobs; and changing lifestyles. Current labor market information is introduced followed by intensive, individual research and exploration of occupations. Instruction and practical assignments explore the dynamics and techniques of job-seeking, decision-making, goal-planning and priority-setting.

SD 1200 Strategies for College Success 1 cr. 1 hr.

This course examines typical problems encountered in the college and the strategies to overcome these difficulties. It offers an assessment of personal academic strengths and weaknesses and an examination of the internal and external barriers to academic success. Students are assigned a counselor to explore issues that often correspond to the course curriculum.

The Lighthouse: Alcohol and Substance Abuse Program Room U-228, ext. 6565

The Lighthouse oversees the campus-wide alcohol and substance abuse prevention program, designed to maintain a drug free environment and to prevent the use of alcohol and substance abuse through education and information; treatment and referral; and positive alternatives. The center provides education and information to the Kingsborough community through its multi-media resource center; through workshops, classroom presentation, seminars and guest speakers; and via a newsletter. They also offer individual and group counseling, as well as referrals. Students, faculty, and staff can visit them in Room U-228, Monday through Friday from 8:30am to 4:30pm. The program is free and completely confidential.

New Start Program, Room C-102, ext. 4710

The New Start Program assists students who have experienced academic difficulty at participating senior colleges. Eligible students are admitted to Kingsborough in good standing and they may enroll in any of Kingsborough’s degree programs on a full- or part-time basis. Up to 30 previously earned college credits can be applied toward an associate degree at Kingsborough. New Start students are offered specialized support services, including counseling and academic advisement. After graduation from Kingsborough, students may continue their education at a senior college under the CUNY transfer guarantee policy.

Student Success Center, Room M-101, ext. 4911

The Student Success Center’s mission is to provide a supportive environment where students are empowered to take an active role in their learning through personalized...
and structured academic advisement, internship exploration, and supplemental instruction. Supplemental Instruction (S.I.) helps tackle the challenges that career and technical education students have in specific subjects by providing free tutoring. S.I. helps prospective nursing, business administration, computer science, and math developmental education students meet the academic challenges they are encountering in mandated gateway career courses. Tutors work closely with students in a small group setting, where each student is able to get the individual care they need. The Student Success Center also serves as the point of contact for all of our veterans, active military personal and their dependents, providing holistic support services. The center works in collaboration with various student support programs to provide academic success and student retention.

**STUDENT LIFE OFFICE**  
**Room C-123, ext. 5597**

The Department of Student Affairs's co-curricular activities program, coordinated by the Student Life Office, is designed to enrich students' total college experience. The mission of the Student Life Office is to provide programs and services that support the activities of student organizations; to sponsor and support extra and co-curricular activities designed to supplement students’ classroom experiences; and to contribute to students’ personal and intellectual development.

Students and faculty work together to make decisions in areas of college governance and leadership training. Opportunities are available on the College Council, the Kingsborough Community College Association, and many other college-wide committees.

Over one hundred student organizations, organized and administered by students with assistance from faculty advisors, develop academic, cultural, educational and social programs. Included are team sports and athletics, theater, special interest groups, social groups, a radio station, newspaper, yearbook, literary and arts journal and a student ambassador program.

There are five **Student Government Councils**, each representing different curricula: Business; Liberal Arts; Mathematics and Sciences; Part-Time and Evening Studies; and Public and Health Services.

Many events, open to all students, are scheduled throughout the semester. They include lectures, films, art exhibits, socials, music and videos. Dates and campus locations of events are published in *This Week in Student Life*, the weekly newsletter, and in *Scepter*, the college student newspaper, as well as on easels, the college website, and on Facebook.

---

**Student Government Councils, Room C-123, ext. 5597**

Upon registering, each student is automatically assigned to one of five student constituencies, based on the student’s major:

**Business**, which includes majors in: Accounting, Business Administration; Culinary Arts; Fashion Design; Office Administration and Technology; Retail Merchandising; Tourism and Hospitality

**Liberal Arts**, which includes majors in: Liberal Arts; Criminal Justice; Fine Arts; Graphic Design and Illustration; Journalism and Print Media; Media Technology and Management; Speech Communication; Theatre Arts; Website Development and Administration

**Mathematics and Sciences**, which includes majors in: Biology; Biotechnology; Chemistry; Computer Information Systems; Computer Science; Earth and Planetary Sciences; Engineering Science; Maritime Technology; Mathematics; Physics; Science for Forensics

**Part-Time and Evening**, which includes: Students attending classes part-time and students taking the majority of their courses in the evening, as well as non-matriculated students.

**Public and Health Services**, which includes majors in: Chemical Dependency Counseling; Community Health; Early Childhood Education/Child Care; Education Associates; Exercise Science/Personal Training; Mental Health and Human Services; Nursing; Physical Education, Recreation, and Recreation Therapy; Physical Therapist Assistant

Each of the five student constituencies is represented on the Student Government by a student council, empowered to conduct student activities; represent student interests to the appropriate officers and bodies of the college; authorize and regulate expenditure of funds entrusted to them; and elect representatives to other college committees. Students can only represent their respective constituency as an officer or representative. Campus-wide elections are held each May.

**Clubs and Organizations, Room C-123, ext. 5597**

From academic and social to ethnic and special concerns – the more than 100 clubs and organizations at Kingsborough Community College reflect the diverse interests and activities of our both day and evening students. Club involvement can introduce a student to new cultural experiences; help develop valuable leadership and organizational skills required in all aspects of life; and can lead to lasting friendships. The number
and types of clubs and organizations change constantly as students’ interests and concerns change. Students interested in creating a new club on campus should pick up a “Petition to Organize and Establish an Organization” from the Office of Student Life. Student Life staff will guide them through the process.

**Student Activities Resumé, Room C-123, ext. 5597**
The Student Activities Resumé Program provides students with official documentation of their involvement in campus activities that would be of value when applying for senior college or a professional position.

**Student Ambassador Program, Room C-123, ext. 5597**
The Student Ambassador Program prepares students to play a significant part in assisting all students, particularly freshmen, in making an easier adjustment to college. Qualified students are trained to use a student-to-student approach to provide information, help with problems and provide needed support. In addition, Student Ambassadors give service to the college community in general. Students interested in becoming a Student Ambassador can pick up an application in Room C-123.

**Student Handbook, Room C-123, ext. 5597**
The Student Handbook, an important resource and guide, provides students with information on all aspects of college life: campus rules and regulations; academic standards; counseling and related services; special programs; student activities, and more. Published in PDF format, the handbook is available for download on the Kingsborough website.

**Student Publications, Room M-230, ext. 5603**
Student publications provide an outlet for the expression of ideas, opinions, creativity and talent.

- **Scepter**, the college newspaper, prints college news, reviews college activities and sports, carries letters, opinions, commentary and items of interest to KCC students and faculty.
- **Antheon**, the college literary and arts journal, encourages the expression of student poetry and fiction and the visual arts.
- **Odyssey**, the college yearbook, offers students an opportunity to produce an overview of the academic year and its graduates.

All publications are written, produced, managed and distributed by KCC students with a faculty advisor. They are supported by the KCC Association and have been cited for excellence.

**STUDENT SUPPORT PROGRAMS**

**Access-Ability Services (Students with Disabilities), Room D-205, ext. 5175**
The goal of Access-Ability Services (AAS) is to ensure that KCC students with disabilities receive equal access to all KCC programs and services. AAS makes every reasonable effort to provide appropriate accommodations and assistance to students with disabilities including disability-related accommodations, assistive technology, individual counseling, and tutoring. AAS also serves as a liaison and resource for KCC students, faculty and staff regarding disability issues. In addition, AAS counselors help students with disabilities develop the necessary skills to become effective self-advocates and productive, contributing members of the student body. Students with disabilities who require accommodations are asked to contact AAS to complete an Application for Academic Accommodations and submit supporting documentation.

**Child Development Center, Room V-105, ext. 5868**
As a service for students who are parents, Kingsborough’s Child Development Center accepts a limited number of children, ages 18 months through 9 years, each semester. The children receive low-cost professional care and education, including meals, at this licensed facility. The center is open Monday through Thursday from 7am-9:30pm and Friday from 7am-5:30pm, September through July, and from 8am-4pm on Saturdays during the fall and spring semesters. All Kingsborough students are eligible to apply for a slot for their child, according to their class schedule. Priority is given to full-time matriculated students. Fees are based on the number of hours children are enrolled; when possible, subsidized rates available through public funding are offered to parents who qualify. To apply, parents are encouraged to place their name on the Center’s waiting list.

**College Discovery, Room L-516, ext. 5520**
The College Discovery Program is a CUNY Higher Education Opportunity Program (HEOP) for students who demonstrate college potential, but who might otherwise be excluded because of academic or economic limitations. College Discovery students receive academic and career counseling, tutorial services and financial assistance. Prospective students must apply before entering college, by completing the Special Program section of the CUNY Admission Application. In addition, they must complete the Free Application for Federal Student Aid (FAFSA), available at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Students are accepted into the program only during the Fall semester.
Men’s Resource Center, Room U-218, ext. 5864
The Men’s Resource Center provides academic and peer support to self-identified men of color, to help empower them and improve their college experience. Services provided to help students achieve their goals include professional and peer mentoring; intensive academic support; networking with other students; career exploration; and cultural & educationally-focused trips and activities.

Office of Military and Veteran Affairs, Room M-101, ext. 5472
The Office of Military and Veteran Affairs serve the needs of prospective and enrolled active military personnel, veterans, and their dependents and survivors who are eligible to receive education benefits under various Department of Veteran Affairs (DVA) programs. In this role, the OMVA team facilitates smooth transition and reintegration onto the college community.
We provide supplement recruitment and retention efforts, various counseling and advisement services, academic program information, and certify eligible students to receive DVA education benefits while maintaining productive relations with the Veterans Administration and other agencies serving veterans.

TRiO Student Support Services, Room D-205, ext. 5175
TRiO addresses the academic and vocational needs of students with disabilities, first generation, or low income. The program provides advisement, counseling, tutorials, technology and academic workshops, transfer assistance, and other initiatives for success and retention. Intakes are available throughout the calendar year.

Women’s Center, Room M-382, ext. 4700
The Women’s Center offers women and non-traditional students a supportive place to gather, socialize, and network. The center partners with academic departments, programs, and clubs to co-sponsor lectures, workshops, and seminars exploring educational, professional, and lifestyle issues. In addition, they form peer support groups in response to students’ needs and schedules.

SPECIAL PROGRAMS
Behavioral Sciences Research Methodology Project, Room F-102, ext. 5170
This program offers high school students enrolled in the College Now program the opportunity to learn about research methodology by taking two 4-credit college courses: Introduction to Research (BEH 7000) during their upper junior year and Conducting Research (BEH 7100) during the fall term of their senior year.
The courses are taught by Kingsborough faculty and utilize the latest in computer research technology. The goal of the program is to develop participants’ skills in research, analytical thinking and critical reasoning. Their individual projects will be submitted to the Intel Science Talent Search in the Behavioral and Social Sciences category and other scholarship competitions.

Center for Civic Engagement, ext. 4785
The Center for Civic Engagement identifies and cultivates opportunities for students, faculty, and staff to engage the community and the world through scholarship, active service, and meaningful leadership. Civic Engagement courses, activities, and services should be arranged through the center. For more information, visit the college website.

College Now Program, Room F-102, ext. 5170
College Now is a nationally recognized City University of New York/Department of Education initiative designed to help students make a smooth transition from high school to college. The program, conceived at Kingsborough Community College in 1983 and expanded by the University in 1998, operates at over 350 public high schools throughout New York City and at all CUNY colleges. Kingsborough Community College currently offers College Now programs at 36 New York City high schools.
The program is open to eleventh and twelfth grade students. Those who express interest in the program take developmental and/or college-level coursework tailored to their academic needs and interests. Among the college-level offerings are courses in Business (BA 1000), Social Sciences (BSS 100), Communications (COM 1100), Humanities (HUM 100), Science (SCI 100) and Student Development (SD 1000, SD 1100). Developmental offerings include courses in English (ENG BW00, ENG W100, ENG W200, ESL BW100, ESL BW200 and Mathematics (MAT 1000, MAT 3000). The courses are offered before or after the regular school day. Students may earn up to 12 college credits, tuition free, while in the program.
CUNY Baccalaureate for Unique and Interdisciplinary Studies, Room M-386, ext. 5029

The City University of New York Baccalaureate for Unique and Interdisciplinary Studies (formerly the CUNY Baccalaureate Program) allows academically able students the opportunity to design individualized programs of study that complement their academic, professional, and personal goals. The program is well-suited for students who wish to pursue areas not available as majors at either their home colleges or elsewhere within the university. This is CUNY’s most flexible, versatile degree, making it particularly beneficial for working adults; the program also offers a comprehensive transfer policy.

Working one-on-one with CUNY faculty mentors, students create their own single or double “areas of concentration” (like single or double majors), many of which are often interdisciplinary. Recent examples include Engineering Psychology, Marketing Anthropology, Urban Sustainability, International Human Rights, Environmental Biology, Community Development and Technology, and Food Studies and Entrepreneurship. Students may take courses at any CUNY college, including the Graduate Center, School of Professional Studies, and City College Center for Worker Education, and are encouraged to pursue independent research, fieldwork, study abroad, and other academic opportunities.

CUNY BA, as it is commonly known, accepts up to 68 transfer credits earned at the community college level, and up to 90 credits in total. Qualified Kingsborough students can be in the program while working towards their associate’s degree (and will be able to take courses at the senior colleges at the same time). To be eligible for admission, students must have completed at least 15 college credits with at least a 2.50 GPA, and must have an idea for an interdisciplinary or otherwise unique area of concentration. For more information, speak with the KCC-CUNY BA Campus Coordinator in Room M-386 or visit www.cunyba.cuny.edu.

Leon M. Goldstein High School for the Sciences

Goldstein High School is an empowered NYC public high school located on the campus of Kingsborough Community College. Opened in 1993, it has an enrollment of approximately 950 students. The school offers an enriched and challenging curriculum in the sciences, mathematics and humanities that exceeds city and state requirements. It also offers a variety of extracurricular activities including PSAL sports teams, theater arts, musical concerts and clubs. Please direct all inquiries about the high school to 718-368-8500.

Institute of Tutorial Services, Room L-605, ext. 5118

The Institute of Tutorial Services is a highly structured program providing free tutoring to all Kingsborough students in almost all subject areas. The tutorial sessions are either one-to-one or small groups. The concepts covered during these sessions are under the guidance of each instructor, and progress reports are sent to the instructor.

Learning Communities

Smith, MacGregor, Matthews, and Gablenick (2004) define learning communities as—a variety of curricular approaches that intentionally link or cluster two or more courses, often around an interdisciplinary theme or problem, and enroll a common cohort of students. They represent an intentional restructuring of students’ time, credit, and learning experiences to build community, enhance learning, and foster connections among students and their teachers, and among disciplines. At their best, learning communities practice pedagogies of active engagement and reflection (p.20).

Kingsborough wants to make collaborative, integrative coursework the cornerstone of every degree, so that interdisciplinary, thematic learning communities are the norm for every student. To that end, Kingsborough currently supports three learning community programs: Opening Doors and ACE, for incoming freshmen, and Integrative Studies for students beyond the first semester and for transfer students.

All Kingsborough learning communities follow the cluster model, where two to five courses are thematically linked. Cohorts of up to 25 students form dynamic academic-social learning communities through which they engage in integrative, multi-disciplinary tasks. Learning communities involve collaboration, not only across academic departments, but across other institutional resources that serve student needs. Departments such as academic affairs, student affairs, and the library offer services and skills that contribute to the mission of learning communities and to students’ experiences of higher education.

Accelerated College ESL (ACE)

The ACE (Accelerated College ESL) Program, is a year-long learning community experience that offers continued ESL and Integrative Speech seminar coursework, and the opportunity to retake CUNY exams upon program completion. This program offers students a complete program block of five courses: ESL, Speech, a Student Development course, an Integrative Language Seminar, and a course in History, Psychology, or Sociology. Students earn eight real credits in the program. The ACE model stems from the preceding Intensive ESL Program, which began in...
1995. It was one of the first learning community programs in the nation designed for non-native speakers of English.

**Opening Doors Learning Communities**

In 2003, Kingsborough introduced the Carl Perkins-funded Career Links Program, which was later extended to become Opening Doors Learning Communities when Kingsborough was one of six community colleges across the nation chosen by the social policy research group MDRC, to participate in a groundbreaking random assignment demonstration project that addressed the problem of high attrition rates at community colleges. In a six-year follow-up report released in July 2012, this one-semester intervention is shown to increase the proportion of students who complete a degree. Previous studies have shown a positive effect on retention, credits earned, and the speed with which students pass through the developmental sequence. Kingsborough’s program combines curricular reform and enhanced student services, in an effort to help community college freshmen make a smooth transition to college during their critical first semester. In Opening Doors, student cohorts register for a block program of two or three thematically linked courses, one of which is a one-credit Student Development course (SD 10). To date, links have included courses in Art, Biology, Business, Economics, Health, History, Math, Music, Philosophy, Psychology, Sociology, Speech, Theater, and Tourism and Hospitality.

**Integrative Studies Program**

The Integrative Studies Program at Kingsborough Community College offers students the opportunity to study in learning communities targeted toward specific majors. Learning communities in this program vary in structure including the number of courses linked and whether or not links include an integrative seminar - a two-hour, one-credit course which provides a place for targeted integration, scaffolding activities to support and help students apply content from the other courses, and, if applicable, career focus. Some ISP learning communities also offer students the opportunity to practice quantitative skills in the context of the major; in those learning communities, the integrative seminar serves as the site for this contextualized quantitative reasoning practice.

These learning communities were piloted as career focused learning communities in Spring 2007. From Fall 2007-2009, MDRC has assessed the impact of this program through a random assignment study and found especially positive impacts on transfer students.

Faculty development is ongoing in all programs, focusing on pedagogies that contribute to student success by actively engaging students in reading, writing, and critical thinking and by helping students make connections across disciplines. Joint assignments, projects, and student-centered activities are planned by faculty with input from all members of each learning community team. Measures of student success from all three programs indicate that students benefit from participation in learning communities. Participation in learning communities also benefits faculty, through opportunities to collaborate with colleagues outside of their own departments and to develop integrative pedagogies.

**The Math Workshop, Room F-206, ext. 5808**

The Math Workshop, a branch of the Institute of Tutorial Services, provides very specific support in close collaboration with the Math faculty. It provides the following services:

1. Workshop: Tutoring can be provided in small groups or individually for all KCC students who are in need of assistance in mathematics.

2. Intensive Study Program: Utilizing a diagnostic exam (myskillstutor.com) and worksheets, students are helped to prepare for exit from developmental math.

Both the Institute of Tutorial Services and the Math Workshop are under the auspices of the Office of Instructional Services.

**My Turn Program, Room F-219, ext. 5079**

My Turn is a tuition-free college education program for New York State residents 60 years of age and older. My Turn students are permitted to take as few or as many credits per semester as seats are available, following the registration of all non-My Turn students. The program includes special counseling and other services. The registration fee is $80 each semester (fall/winter and spring/summer) and all penalty fees must be paid. Age and residence documentation must be submitted with the admission application. Students are accepted on a matriculated or non-degree basis, subject to availability of space. To apply, check appropriate filing dates in Registrar’s Office.
New Americans Center, Room V-125, ext. 5600

The New Americans Center, under the direction of the Director of Enrollment Services, is a one-stop citizenship center open, offering free immigration services at Kingsborough Community College and the Brooklyn community at large, including confidential one-on-one consultations with an immigration attorney and/or paralegal. The center provides assistance with citizenship application; issues relating to student visas, spousal visas, renewals of alien cards, and family petitions deportations; and general legal counseling relating to maintaining and acquiring immigration status in the United States.

On Stage At Kingsborough at The Leon M. Goldstein Performing Arts Center, ext. 5596

On Stage at Kingsborough’s mission is to bring artistically and culturally diverse, multi-disciplinary performances from masters of the form to the varied communities in and around the college. They strive to create an environment where the arts are an accessible and integral part of life, and a community gathering place for inspiration, conversation, and breathtaking performances. World-class dance, music, theatre, and family performances are presented in the Leon M. Goldstein Performing Arts Center from September to May and the Hot Summer Nights! free outdoor concert series takes place at Kingsborough’s bandshell every July. The Art Smart school-time program attracts more than 6,000 New York City public school children for weekday performances of professional children’s shows. Discounted tickets to the mainstage performances are available for KCC students and alumni, CUNY faculty/staff, and groups. For information about upcoming performances, or to purchase tickets, call 718-368-5596 or stop by the box office at the Leon M. Goldstein Performing Arts Center Monday through Friday, between 10am and 5pm. For more information visit www.OnStageAtKingsborough.org.

Partners in Academic Success and Support (PASS)

The mission of the PASS Program is to enrich the educational experience of Liberty Partnership Program students by linking them with a Kingsborough Community College student. By providing high school students with an introduction to higher education, the students may establish future career goals and realize that education is necessary to attain their goals. More information regarding the PASS program may be obtained in Room D-124.

Radio Station WKRB, Room U-227, ext. 5817

The college’s student-operated FM station, WKRB-FM, broadcasts on 90.3 MHz and covers South Brooklyn and major portions of Queens and Staten Island and webcasts at www.wkrb.org. Serving approximately 200,000 listeners each week, WKRB provides entertainment, public affairs and community-oriented programming 365 days a year. Students in the Broadcast curriculum use the newly-refurbished station as the lab in which to learn every aspect of radio broadcasting.

Single Stop, Room V-231, ext. 5411

Single Stop connects Kingsborough students to the benefits and resources for which they may qualify. A free 10-minute benefits screening can potentially point the way to help with rent, groceries, and/or health insurance. In addition, students can receive the following free services: legal aid; financial counseling; and tax preparation.

Technology Services

The Office of Information Technology Services at Kingsborough, working in collaboration with Academic Affairs, aims to promote the effective integration of technology into teaching and learning. ITS provides students with access to their CUNYfirst and college email accounts; network accounts for access to labs; wireless resources; ePortfolio; audio/video conferencing technology for remote learning; and CUNY Portal accounts for access to Degree Works and Blackboard e-learning. ITS offers faculty and student laptop loaners (for ASAP, Honors, and other special programs) and short-term student laptop loans (via the Media Center and M100).

ITS also manages the hardware and software for all computer labs, including Smart Boards, podium systems, and wireless thin clients, and provides open lab access for the use of registered students, faculty, and staff. In addition to providing WLAN services to all staff and faculty offices, ITS manages a campus-wide Wi-Fi network that provides wireless access to guests, students, faculty, and staff.

The Office of Informational Technology Services also maintains the college website, intranet, and hosting infrastructure, as well as a mobile app which includes updated course schedules, campus map and directory information.

Students, faculty and staff can get technical assistance by phoning the helpdesk at 718-368-6679 or visiting offices located in L-117, L-106, M-107, M-224.

All computer users are responsible for using the facilities in an effective, efficient, ethical and lawful manner. To learn more about the services and policies of the Office of Information Technology Services, visit www.kbcc.cuny.edu/its.
Village Center for Enrollment Services, Room V-100

The Village Center for Enrollment Services, Kingsborough's one-stop for all of the enrollment areas, provides assistance and direction with admissions, financial aid, registrar processes, KCC ID validation, directions, and more. The Village Center is located in V-100 of the Academic Village building. Office hours are Monday, Thursday, Friday 9-5 pm and Tuesdays and Wednesdays 9-8 pm. The center is run under the auspices of the Director of Enrollment Management.

The Women's and Gender Studies Concentration in Liberal Arts, Room F-115, ext. 5162

Kingsborough offers courses in Women's and Gender Studies as electives which fulfill general distribution requirements and it offers a concentration in Women’s and Gender Studies under the Liberal Arts degree. Students may take Women’s and Gender Studies courses in art history, American history, criminal justice, literature, psychology, film genre, anthropology, sociology, business, health, and biology as electives. For complete course descriptions, check within the respective departments. Also, special Women's and Gender Studies sections of basic courses in art, English, mass media, music, psychology, sociology and student development are offered regularly.

To graduate with a concentration in Women's and Gender Studies, students must take HIS 66, an interdisciplinary course on Women in the Social Sciences. In addition, they must take 9 more credits in Women's Studies courses from among the 3 groups. Obtaining a concentration in Women’s and Gender Studies does not require taking any extra group requirements.

For students wishing to obtain a four-year major in Women’s and Gender Studies, Kingsborough has articulation agreements with Brooklyn, Hunter, Medgar Evers, Queens, and York colleges. For further information, visit room F-115 or call ext. 5162.

HONORS

THE HONORS PROGRAM
Room M-377, ext. 5365,
www.kbcc.cuny.edu/honors

The Kingsborough Honors Program provides students who have a 3.20 or higher GPA with the opportunity to challenge themselves academically in Honors classes that emphasize critical thinking, independent research, analytical writing, oral debate, and public speaking.

Students can select from a variety of Honors coursework: they can enroll in All-Honors courses, which are smaller in size than regular classes and where all participants have a 3.20+ GPA, or add an Honors Enrichment Component (HEC) to one of their regular courses. Highly motivated students may also work with a professor to do a substantial research project called an Honors Contract, which usually involves writing a ten-page paper using documentation appropriate to the disciplineto earn Honors credit.

The Honors Program celebrates student success. Distinctions: The Honors Student Journal, founded in 2005, is the bi-annual publication of the Kingsborough Honors Program. Honors students are urged and assisted to publish their papers in Distinctions. Students who do outstanding work on a paper or project in an Honors or non-Honors course are encouraged to share it with the college community by taking part in an Honors Symposium held each term.

An “Honors” designation is entered on the student’s transcript for every Honors course taken. Honors academic participation is also noted in the commencement program for students who have successfully completed a minimum of nine or more Honors credits.

The Honor Program also seeks to enrich students’ lives outside of the classroom. Through participation in a number of special programs, such as the Presidential Scholars Honors Program, the Honors Representatives Program, the Resources for Educational and Employment Opportunities (REEO) Program, and Honors-sponsored student groups, such as the Honors Club, Phi Theta Kappa Two-Year College Honor Society and Student World Assembly, Honors students are encouraged to “act locally and think globally.”

The ultimate aim of the Honors Program is to enable students to become “Citizen-Scholars” who have a strong academic and co-curricular resume that enables them to successfully transfer, with scholarship, to top public and private four-year colleges and universities.

The criteria for admission into the Honors Program are as follows:

- Day or Evening—full-time or part-time—students who have completed 12 credits or more locally at Kingsborough and have passed CUNY assessment tests in reading and writing, earned a grade of B or higher in ENG 12 or ENG 24, and have maintained a cumulative GPA of 3.20 or higher are eligible to participate in the Honors Program.
- Kingsborough students who have accumulated less than 12 credits locally with a GPA of at least 3.20, but have additional transfer credits, may participate in the Honors Program if they can produce transcripts of their transferred credits showing a GPA of 3.20 or higher.
- Transferring students with 12 transferred credits or more who have passed CUNY assessment tests in reading and writing and have a cumulative GPA of 3.20 or higher for their transferred credits will be allowed to participate in the Honors Program upon presentation of their transcripts to the Honors Program director.
- Entering freshmen who have a high school average of 85 or higher, and/or a combined SAT score of 950, and/or who have passed all parts of the CUNY assessment tests in reading, writing and mathematics, are eligible to participate in the Honors Program. They must present a 1-2 page essay expressing their interest in the Honors Program to the Honors Program director.
- High school students entering KCC with College Now credits who received a B+ or higher in every College Now course they have taken and have maintained a high school average of 80 or higher or have appropriate SAT scores are eligible to participate in the Honors Program.

The Honors House in room M-377 and Honors Lounge in M378 serve as a one-stop shop for all Honors needs and services. Interested students should visit the Honors House to learn more about the Honors Program and the numerous co-curricular opportunities available both on- and off-campus to Honors students.
The Dean's List at Kingsborough Community College is established every semester to honor matriculated students who have achieved academic excellence. To be eligible for inclusion on the Dean's List in a given semester (defined as sessions 1 and 2 combined), day or evening students must meet the following criteria:

- earn 12 credits or more (not including remedial courses);
- achieve a grade point average (GPA) of 3.50 or higher for the semester;
- not have grades of D, F, FIN, (Unresolved) INC, R or WU at the time the list is produced; and
- be in good academic standing

Attainment of the Dean's List becomes part of students' permanent record and appears on their transcript. Students do not need to apply to be considered for the Dean's List. If eligible, they are automatically placed on the list.

The Dean's List Scholarship Award is available to a select number of Dean's List students as a way to further honor their achievement and encourage them to continue to pursue academic excellence. Students who enter Kingsborough as freshmen, place on the Dean's List their first two semesters, and attend Kingsborough full-time for a third semester may qualify for the award. (Transfer students and students who receive the WAVE scholarship are not eligible.) Students do not need to apply to be considered for the award. If eligible, they will be automatically contacted. NOTE: There are a limited number of scholarship awards available. Awardees are selected from among those with the highest grade point averages.

Sponsored by the Mathematical Association of America, Mu Alpha Theta is the national two-year college mathematics honor society (www.mualphatheta.org). It is dedicated to inspiring keen interest in mathematics, developing strong scholarship in the subject, and promoting the enjoyment of mathematics in two-year college students. Membership is open to students who complete 8 or more credits in mathematics courses numbered 15 or higher, and in computer science courses, maintain at least a “B” grade in those courses, and receive the recommendation of the Mathematics Department faculty.

Phi Beta Lambda (www.fbla-pbl.org) is a national business honor society for college students who have an interest in business. Students who have maintained a cumulative GPA of “B” after completing 30 credits or more at Kingsborough, and who have given service to the Business Department, are eligible for membership.

The Phi Theta Kappa International Honor Society of the Two-Year College was established in 1918. Today, it is the largest honor society in American higher education, with more than 1.5 million members and 1,200 chapters located in all 50 states and abroad. The Phi Theta Kappa Chapter at Kingsborough Community College, Xi Kappa, was established in 1965, shortly after the College was founded. In March 2006, Kingsborough’s chapter was awarded the Phi Theta Kappa “Horizon Award” for the most revitalized chapter. Kingsborough’s chapter has been accorded a five-star status and is one of the largest chapters nationally.

Xi Kappa is a very positive force in the lives of Kingsborough students and offers tremendous opportunities for members to enrich their education while at KCC by participating in a rich menu of co-curricular, on- and off-campus activities and events.

The purpose of Phi Theta Kappa is to nurture academic excellence at the college by promoting an intellectual climate and a special sense of community among our highest achieving students. The hallmarks of Phi Theta Kappa to which members pledge fidelity are: scholarship, leadership, fellowship and service. Phi Theta Kappa affords numerous benefits to its members including thousands of dollars in transfer scholarships offered by many four-year colleges.
and universities. A complete listing of scholarships for Phi Theta Kappa members can be found at www.ptk.org.

To be eligible for Xi Kappa membership, a student must:

- have earned 12 or more credits (beyond developmental courses)
- have a GPA of 3.50 or higher with no grades of D, F, FIN, INC, R, or WU
- have passed the CUNY Skills Assessment Tests in Reading and Writing

A letter of invitation from the president of the college will be sent to prospective members, inviting them to join Phi Theta Kappa. Membership in Phi Theta Kappa requires a one-time $60 lifetime membership fee, which is sent to the international headquarters of Phi Theta Kappa. In return, members receive a membership package containing a membership certificate, ID, and the Society’s gold pin of excellence. In addition, members’ permanent transcript will note that they are a member of the Phi Theta Kappa Honor Society, and at graduation, they will be eligible to purchase and wear the Society’s gold silk stole and tassel and be seated in a special section.

If you are eligible to join Xi Kappa, an email is sent at the beginning of each fall and spring term with details regarding the online application and payment.

There is a symbiotic relationship between the Xi Kappa Chapter and the Honors Program at Kingsborough. Both are housed in the Honors House in room M-377, providing Honors students with an intellectual gathering place.

SIGMA ALPHA PI
Office of Career Development, Transfer/New Start, and Scholarship Opportunities, Room C-102, ext. 5115

Sigma Alpha Pi (National Society of Leadership and Success) is a lifetime membership in one of the largest college leadership honor societies in the United States. The society is by invitation only for students with a GPA of 3.0 or higher. Eligible students will receive a registration code in the invitation to register for Fall or Spring semester. If students do not receive an invitation but have a GPA of 3.0 or higher, they are encouraged to nominate themselves through the society website societyleadership.org. To receive more information visit C-102 or email leadershipsociety@kbcc.cuny.edu.

ENRICHED OFF-CAMPUS PROGRAMS

CUNY Study Abroad Program
Room M-386, ext. 5029

The City University of New York offers summer programs in many countries and Kingsborough students may be eligible to take advantage of these international experiences. Interested students should visit www.cuny.edu/studyabroad for information on CUNY study abroad opportunities and scholarships.

In order to apply for participation in the Study Abroad Program, students must:

- have an overall GPA of 3.0 or higher;
- have completed at least 24 credits (beyond Developmental courses)
- have finished all basic skills requirements
- go through the selection process; and
- be able to cover the cost of the program for which they are responsible.

Exploring Transfer Summer Program at Vassar College, Room M-377, ext. 5365

The award-winning Vassar College Exploring Transfer/Research Program (http://eter.vassar.edu) is a five-week summer program designed to give qualified community college students the opportunity to explore their transfer opportunities while experiencing education at a four-year residential college. Students enroll in two interdisciplinary courses team-taught by community college and Vassar faculty, earning 6 academic credits; stay in dormitory housing on the Vassar campus; and eat their meals in the campus dining halls. Vassar College covers the cost of the courses, housing, food and books. In return, the program asks that students come with an eagerness to learn and a desire to challenge themselves academically, transcending boundaries previously thought possible. Applications for this program become available in the spring.

National Model United Nations (NMUN)
Room M-377, ext. 5365

With over 4,000 university students from all over the world participating, National Model United Nations (NMUN) is the largest and most authentic simulation of the United Nations (UN). Located in New York City, NMUN takes place annually and is partly held at the UN facilities on the East River. The full expenses are covered by the college. The program runs every spring.

The goal of the NMUN simulation is to provide students (from over 250 international universities) with a better understanding of the inner workings of the United Nations as they build skills in diplomacy, negotiation and
compromise. The structure, organizational design, and agenda are set so that the conference is as realistic and comparable to actual UN conferences as possible.

Students interested in participating in the NMUN must apply and, if accepted, must take a 3-credit political science course entitled “International Organizations,” which will prepare them for effective participation in the NMUN. Applications become available each fall for this competitive program.

**Salzburg Global Seminar**  
**Room M-377, ext. 5365**

The International Study Program at the Salzburg Global Seminar (www.salzburgglobal.org) is an intensive, one-week program offered to Kingsborough students during the spring break. Held at the Schloss Leopoldskron castle in Salzburg, Austria, it is designed to help students develop the tools to be more discerning in their assessment of information pertaining to world affairs and to understand what it means to be a "global citizen." Interested students must apply for the Salzburg Global Program and, if selected, must enroll in the “Global Ethics” philosophy course. All expenses to travel to Salzburg are covered by a college scholarship. Applications become available each fall for this competitive program.

**SPORTS**  
**Room G-110, ext. 5737**

The Office of the Dean of Student Services offers a program of intramural, recreation, and athletic activities geared to promote a variety of interests and skills.

**Intramurals**

The intramurals program is designed to enable students to participate in a wide variety of athletic and recreational activities on a voluntary basis.

The program consists of individual and team events such as touch football, volleyball, 3- and 5-man basketball, soccer, racquetball, tennis, weight-lifting, body-building, swimming, aerobics, water aerobic workshops, water volleyball, volleyball and ping-pong. Special events include tournaments in handball, softball and chess. All events are coeducational.

**Recreation**

The recreation program offers students an opportunity to participate, at their own convenience, in sports and physical fitness activities including: basketball, swimming, tennis, handball, racquetball, training with weights, ping-pong and early run/Walk fitness hours.

**Athletics**

The Athletic Program is renowned in the northeastern part of the United States, offering men and women opportunity to participate in a wide range of sports. Emphasis is placed upon promoting enjoyment, fitness, skill development, athletic and scholastic knowledge, and sportsmanlike competition.

For women, the growing program includes varsity basketball, cross country, soccer, tennis, track (indoor & outdoor) and volleyball teams. The women's program is sanctioned by the City University of New York Athletic Conference (CUNYAC), the local conference, and by Region XV, District of the National Junior College Athletic Association (NJCAA) on the regional, district and national levels.

Male varsity team programs include baseball, basketball, cross country, tennis, track (indoor & outdoor) and soccer teams. The men's program is sanctioned by the City University of New York Athletic Conference (CUNYAC), the local conference, and by Region XV, District of the National Junior College Athletic Association (NJCAA) on the regional, district and national levels.

Kingsborough is a member of the City University of New York Athletic Conference (CUNYAC), Region XV, District of the NJCAA. There are 24 regions and ten more encompassing districts geographically within NJCAA.
Victorious teams in the Regional structure compete against each other to determine District champions in each sport.

Many of Kingsborough’s teams and individual athletes have won national and regional awards and gone on to win scholarships to senior colleges in their sports.

*NOTE: The college will not monitor student participation in physical education or athletics. Students are responsible for following the advice of their physicians in these matters. The college will take no responsibility whatsoever for any injury students may suffer should they participate without medical advice, or against medical advice, or for any injury suffered as a result of any physical incapacity.

NOTICE:
In accordance with “The Student’s Right-To-Know and Campus Security Act,” the College provides all students and prospective students with statistics on graduation rates and campus safety upon request. Links to this information can be found online at: www.kbcc.cuny.edu/Documents/KCC-Consumer-Information.pdf.

In addition, all enrolled students are entitled to receive the College’s FERPA (Family Educational Rights and Privacy Act) regulations upon request. This information can be found in the Policies and Reports section of the college website, www.kbcc.cuny.edu.

In accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), all institutions of post-secondary education, both public and private that participate in federal student aid programs must publish and disseminate an annual security report, containing information about crime on and around their campuses. The Annual Security Report is available on the college’s Public Safety department page at www.kbcc.cuny.edu or by going to the Public Safety Department at the Library Building, second floor, room L202.

The Advisory Committee on Campus Safety will provide, upon request, all campus crime statistics as reported to the United States Department of Education (USDE). The USDE website for campus crime statistics is http://www.ope.ed.gov/security/. The Kingsborough Community College official charged with responsibility for collecting and reporting campus crime statistics is the Director of Safety and Security, 718-368–5069.

Upon request, the University shall provide a hard copy of Kingsborough Community College’s campus crime statistics, mailed to the individual requesting the report, within 10 days of the request, and that information will include all of the statistics that the University is required to ascertain under federal law.

NOTE: Programs and requirements, tuition and fee schedules listed in the catalog, are necessarily subject to change at any time at the discretion of the administration and/or action by Kingsborough Community College, the CUNY Board of Trustees, The City University or the State University of New York.
2014-2015

programs and course requirements
GENERAL EDUCATION FOR ALL DEGREE PROGRAMS

Kingsborough’s mission statement begins with the following two goals:

1. to offer an excellent general education to all degree students
2. to develop students’ competence in written and oral communication, quantitative skills, critical thinking, research, and technological literacy

The first goal is addressed in these statements of outcomes:

• Students will choose from a wide range of liberal arts and sciences courses in order to develop the knowledge, skills, and appreciation of disciplines beyond their majors
• Students will increase their knowledge of self and of their physical, social, and cultural environment

The second goal is addressed in these statements of outcomes:

• Students will demonstrate mastery of quantitative skills
• Students will demonstrate their problem solving skills through their ability to analyze, compare, and evaluate ideas
• Students will demonstrate effective oral and written communication
• Students will use technology to acquire and manage knowledge

Readiness for Academic Success

The City University of New York assesses college readiness by CUNY-wide reading, writing and mathematics placement tests. A passing score in reading and writing are required for credit English courses and may be required for selected courses offered by other Departments. The passing score for credit mathematics courses depends on the level of mathematical skills and knowledge required for a particular course. A passing score in all three tests are required (pre-requisite) for almost all laboratory science courses.

Developmental English and Mathematics courses and workshops are required for matriculants who have not passed the respective CUNY placement test. The specific developmental courses students will be required to take are determined by the relevant CUNY placement score.

CUNY PATHWAYS INITIATIVE

Approved by the CUNY Board of Trustees in June 2011, the Pathways Initiative, which goes into effect September 2013, will assure that all three parts of an undergraduate curriculum – general education, major, and elective courses – will count toward graduation requirements among all CUNY colleges.

This new initiative allows students to experience a broad range of liberal arts courses while assuring the many students who transfer from one CUNY college to another that their credits will transfer, therefore helping them graduate on time.

Pathways will apply to:

• new freshmen
• transfer students starting in September 2013

Students changing majors should meet with their advisors to see how liberal arts credits already earned apply to the new CUNY Common Core.

Current students who continue in the same major can choose to stay with the requirements in place when they entered CUNY, as listed in the college catalog for their start date, or to opt in to the new Pathways curriculum.

All CUNY undergraduates will be required to complete the 30-credit CUNY Common Core except students in A.A.S. programs.

Pathways Components

CUNY’s Pathways initiative offers a new framework for general education. It consists of two parts: the Common Core for all CUNY colleges, requiring 30 general education credits; and the College Option, requiring students who transfer to a 4-year CUNY college to take 6-12 additional credits at the senior college, as specified by the student’s status when they enter the senior CUNY college.

CUNY Common Core at Kingsborough

The new CUNY Common Core consists of two parts: a “Required Core” portion and a “Flexible Core” portion. Courses that have been approved for the CUNY Common Core at the time of publication of this catalog are identified in the Course section of this catalog.
**Required Core**

In the Required Core, depending on the major, students must take:

- Six (6) credits in English Composition (ENG 1200 and ENG 2400)
- Three (3) credits in Mathematical and Quantitative Reasoning
- Three (3) credits in Life and Physical Sciences

**Flexible Core**

Depending on the major, students take between three (3) and six (6) three-credit liberal arts and sciences courses from the following five areas, with no more than two courses in any discipline or interdisciplinary field (e.g., no more than two psychology courses).

A. World Cultures and Global Issues
B. U.S. Experience in its Diversity
C. Creative Expression.
D. Individual and Society
E. Scientific World

**Pathways Approved Courses**

THE ASSOCIATE IN ARTS (A.A.) DEGREE

Students in the Liberal Arts program are exposed to the humanities, social sciences, science, and mathematics. The objectives are similar to the prescribed courses frequently found in the first two years of baccalaureate liberal arts programs. Students who plan to continue their studies and earn higher degrees, find that their Kingsborough A.A. degree serves as a solid foundation for transfer to a senior or professional college. Provisions for smooth transfer between KCC and CUNY, SUNY and many private colleges are in effect.

The A.A. in Criminal Justice is a joint program with CUNY’s John Jay College of Criminal Justice.

A student must earn at least a “C” grade (2.00 index) and have fulfilled all degree requirements to be certified for the degree.

PROGRAMS

- Criminal Justice
- Liberal Arts (with concentrations in Children’s Studies, English, Global and Environmental Studies, Philosophy, Secondary Education, Women’s and Gender Studies, and the Baruch Zicklin School of Business transfer option)

ELECTIVES: 3–15 credits sufficient to meet required total 60 credits for this degree.

If pursuing one of the following concentrations, students must consult with the respective program advisor while following the course of study for that concentration.

BARUCH ZICKLIN SCHOOL OF BUSINESS
TRANSFER OPTION
This concentration does not limit the number of Core courses that may also fulfill the requirements for the major.

• Accounting I (ACC 1100)
• Business Law (BA 1200)
• Management Information Systems (BA 6200)
• Macroeconomics (ECO 1200)
• Microeconomics (ECO 1300)
• Speech 1100 or 1200 or 2100 *
• Calculus (MAT 1500) *
• Business Statistics (BA/MAT 2200) *

*These required courses also satisfy CUNY Core requirements.
CHILDREN'S STUDIES CONCENTRATION
This concentration articulates with the B.A. in Children and Youth Studies at Brooklyn College. Any or all courses completed for this concentration may be applied to satisfy a CUNY Flexible Core requirement:

- **One (1)** course selected from each:
  - Speech
  - English Literature
  - Philosophy
  - Art, Media and Film Studies, Music or Theatre;
- **Two (2)** courses selected from the following:
  - Art, Foreign Language, Literature, Media and Film Studies, Music, Speech or Theatre;
- **Two (2)** courses from History
- SOC 3100
- SOC 3500
- PSY 1100
- PSY 3200 or 2400
- In addition to CUNY Required Core math and science, select **one (1)** elective from the following:
  - Mathematics, Computer Science, Biology or Physical Science

ENGLISH CONCENTRATION
Majors electing this concentration must take **three (3)** courses from the following literature and creative writing courses: ENG 3000 – 7800, excluding ENG 5500. Certain courses also satisfy Flexible Core Groups A, B, or C. Such courses are ENG 3000, ENG 3200, ENG 4000, ENG 4200, ENG 4300, ENG 4800, or ENG 6500.

GLOBAL & ENVIRONMENTAL STUDIES OPTION
In order to achieve this in 60 credits, students must take a minimum of five (5) courses that not only satisfy major or option requirements, but also satisfy Flexible Core requirements.

- Modern Architecture and the Environment (ART 9500)
- or American Environmental Literature (ENG 4800)
- Global Ethics (PHI 7900) or Environmental Politics (POL 5800)

PHILOSOPHY CONCENTRATION
Majors electing this concentration must take **three (3)** courses in Philosophy (PHI 7000-7900).

SECONDARY EDUCATION CONCENTRATION
This option prepares for transfer into baccalaureate majors in various disciplines with a minor in Secondary Education. Students take **PSY 3500** and 9 credits in an academic major, which shall be reflected in the choice of 9 credits or 3 courses in one discipline listed in the Flexible Core, Groups A-E.

WOMEN'S & GENDER STUDIES CONCENTRATION
As part of the general requirements for the A.A. in Liberal Arts, students completing this concentration take HIS 6600 and at least 9 credits of courses designated as Women's Studies ("F") such as the following: ANT 3900, ART 3900, BIO 2800, ENG 6700, HIS 6800, PSY 3700, SOC 3800, THA 4800 or Women's Studies Sections of MCF 4400, MCM 3000, MUS 3100, PSY 1100 or SOC 3100. Any or all courses completed for this concentration may be applied to satisfy a CUNY Flexible Core requirement.
THE ASSOCIATE IN SCIENCE (A.S.) DEGREE

The courses offered in these programs provide sound foundations in those specialties as well as in the essential liberal arts. They were designed to permit students the opportunity for exploration with specialization in their major field. The Kingsborough A.S. degree will serve as a foundation for transfer to a senior or professional college, or, for accepting a position in the chosen field.

A student must earn at least a “C” grade (2.00 index) and have fulfilled all degree requirements to be certified for the degree.

Survey of the objectives of the Social Sciences as reflected in the selection, guidance and evaluation of curricula in Education. For ECE Majors only.
Prerequisite: EDC 200 or EDC 2000, with a grade of C or better
Pre/Corequisites: HUM 8181 or HUM 200 and any HIS or POL course

EDC 2200 – ART WORKSHOP IN EDUCATION
(3 crs. 3 hrs.)
Various art media are explored to understand principles, methods, planning and classroom organization necessary to achieve curricular and behavioral objectives of programs in education. Theory and history of art education as it relates to curriculum and diverse cultures. 10 hours per semester working with children in art activities.
Prerequisites: EDC 2100, EDC 3000, or department permission with a grade of C or better
Corequisite: EDC 90A4 or EDC 9105 or EDC 9400

EDC 2300 – MUSIC AND MOVEMENT WORKSHOP IN EDUCATION
(2 crs. 2 hrs.)
Musical literature, methods and techniques for utilizing music and dance to achieve the curricular and behavioral objectives of programs in education. 10 hours per semester working with children in music activities.
Prerequisite: EDC 200 or EDC 2000, with a minimum grade of C

EDC 2800 – TECHNIQUES IN MATH, SCIENCE AND TECHNOLOGY TEACHING FOR EARLY CHILDHOOD EDUCATION
(2 crs. 2 hrs.)
Knowledge and understanding of the methods of teaching pre-mathematics, science, and technology in early childhood classrooms. Hands-on methods that permit young children to learn through discovery, plus theoretical underpinnings of these methods are emphasized. Open to all students.

EDC 3000 – SEMINAR AND PRACTICUM IN EARLY CHILDHOOD EDUCATION CURRICULUM
(3 crs. 4 hrs.)
Working directly with materials, students explore and become familiar with the methods and materials used in an Early Childhood Education setting as developmentally appropriate practice and the integrated approach to education is emphasized. 10 hours per semester working with children in Early Childhood curriculum activities.
Prerequisite: EDC 200 or EDC 2000, with a minimum grade of C
Pre/Corequisite: EDC 2100 (if as a prerequisite, with a minimum grade of C)

EDC 3100 – SOCIAL SCIENCE IN CHILDHOOD EDUCATION
(3 crs. 3 hrs. plus 3 field hours)
Designed for employed professionals as well as undergraduates in Childhood Education. Knowledge of the social sciences, pedagogical strategies, the development of critical thinking skills concerning curriculum content, creation and implementation of activities for thematic units will be covered.
Prerequisite: EDC 200 or EDC 2000, with a grade of C or better
Pre/Corequisites: HUM 8181 and a HIS or POL course

EDC 3200 – INFANT/TODDLER DEVELOPMENT
(3 crs. 3 hrs.)
Study of educational theories and approaches as well as cultural influences on the development of the young child.
Prerequisite: EDC 2000, with a grade of C or better

EDC 4100 – TEACHING THE GIFTED INDIVIDUAL
(3 crs. 3 hrs.)
Investigation of psychological and educational needs of gifted and talented individuals in school and society. Includes a historical perspective, past and present research studies, identification and implementation of programs.
Prerequisite: PSY 1100
EDC 81XX – INDEPENDENT STUDY
(1-3 crs. 1-3 hrs.)
Independent study of early childhood education is developed individually between student and faculty member and must be approved by the Department.

EDC 90A4 – SEMINAR AND PRACTICUM IN TEACHER DEVELOPMENT I (3 crs. 10 hrs.)
Seminar and supervised field work stressing multicultural factors. Students apply knowledge of child development in agency settings working with young children, in seminars with peers and in individual conferences with supervisors. Not open to students who have completed ECE or EDC 9100.
Prerequisites: ENG 1200; a passing score on the CUNY COMPASS or completion of mathematics remediation; EDC 2100 or EDC 3100, with a grade of C or better; and a minimum GPA of 2.75
Pre/Corequisites: PSY 3200 or PSY 3000
Corequisite: EDC 2200

EDC 9105 – SUPERVISED INSTRUCTIONAL EXPERIENCE IN EDUCATION I (3 crs. 6 hrs.)
Students are assigned to work with children in a specific education center such as a Day Care Center, Nursery School, Kindergarten, or School for Exceptional Children. Students concentrate on objective observations of child behavior in order to help develop skills in understanding children and their learning needs. For ECE Majors only.
Prerequisites: EDC 2100 and EDC 3000, both with a grade of C or better; and passing scores on the CUNY Reading and Writing exams
Corequisite: EDC 2200

EDC 9307 – SUPERVISED INSTRUCTIONAL EXPERIENCE IN EDUCATION II (3 crs. 6 hrs.)
Students are assigned increasing responsibility within the limits of the agency structure. Leadership of group activities is included. For ECE Majors Only.
Prerequisites: EDC 2200 and EDC 9105, both with a grade of C or better
Pre/Corequisite: EDC 2300

EDC 9400 – SUPERVISED INSTRUCTIONAL EXPERIENCE IN INFANT/TODDLER EDUCATION (3 crs. 6 hours)
A practicum stressing the unique needs of infants and toddler, in which students apply knowledge of child development. Developmentally appropriate practice in agency setting working with infants and toddlers. Students participate in seminars with their peers and meet in individual conferences with their supervisor.
Prerequisites: EDC 3200 and EDC 2100, both with a grade of C or better
Corequisite: EDC 2200

HUM 8181 – DEVELOPMENT OF LITERACY IN CHILDREN (1 cr. 1 hr.)
Students explore aspects of literacy in children via the humanities and communication arts.

HUM 0200 EARLY LITERACY AND CHILDREN'S LITERATURE (2 crs. 2 hours)
Children's literature and early literacy skills in the Early Childhood curriculum. Students will read, discuss and write about children's literature and its relationship to whole language and literacy.

EDUCATION

EDU 2800 – TECHNIQUES IN MATH, SCIENCE AND SOCIAL STUDIES TEACHING FOR EARLY CHILDHOOD EDUCATION (2 crs. 2 hrs.)
Knowledge and understanding of methods of teaching pre-mathematics, science and social studies in early childhood classrooms. Experiential methods that permit young children to learn through discovery will be given special emphasis as well as the theoretical underpinnings of these methods. Course cannot be taken more than two times.

EDU 4500 – SIGN LANGUAGE IN THE CLASSROOM I (2 crs. 2 hrs.)
Designed to help students use Signed English and American Sign Language. Special emphasis will be placed on uses in the classroom. At the conclusion, students will be familiar with the various forms of communication used by the deaf/hard-of-hearing community, and the uses of ASL and Signed English in the classroom, deaf culture and the special needs of deaf/hard of hearing students.

EDU 4600 – SIGN LANGUAGE IN THE CLASSROOM II (2 crs. 2 hrs.)
A continuation of EDU 4500. Students will continue to build their receptive and expressive sign language skills for the classroom, and their interpreting skills through oral and written exercises. At the conclusion of the course students will possess a functional vocabulary for use with the deaf and hearing impaired community, as well as basic interpreting skills for use in the classroom.
Prerequisite: EDU 4500

EDU 5000 – EDUCATIONAL TECHNOLOGY FOR PARAPROFESSIONALS (3 crs. 3 hrs.)
Introduction to computer operating systems and industry standard software; evaluation, discussion and demonstration of educationally-based software. Guided exploration of how computers and other technologies can support instruction; use of technology to access information and enhance personal productivity and productivity as a member of the classroom team.
EDU 5200 – INTRODUCTION TO INCLUSIVE CLASSROOMS: STRATEGIES FOR EFFECTIVE INSTRUCTION (3 crs. 3 hrs.)
The design and delivery of effective instruction for all pupils in inclusive classrooms, those with disabilities and those without, including those whose special learning needs may not be formally diagnosed.

# Required for Education Associate Majors

MENTAL HEALTH AND HUMAN SERVICES

The program is designed for students who wish to pursue careers in such human services fields as: social work, psychology, special education, counseling and mental health. The emphasis is on learning ways of helping people lead satisfying, productive lives, and/or preventing the onset of serious emotional or psychological problems.

MH 1100 – INTRODUCTION TO HUMAN SERVICES (3 crs. 3 hrs.)
Introduction to the nature and scope of human services in America today. A variety of human services, settings and programs, career options, including occupational therapy, social work, psychology, art and dance therapy, counseling, mental health and gerontology will be described. Prevention efforts, the effect of social policies on provision of needed services, the development of the human services movement will be examined in the light of changing societal values. Open to all students.

MH 3000 – HUMAN SERVICES ORGANIZATION (3 crs. 3 hrs.)
Development, functions, and purposes of human services organizations. Types of human services organizations are described with emphasis on the duties and roles of workers and supervisors and the effects of policies, practices, and pressures of the agency upon the worker.

MH 3100 – PRINCIPLES OF INTERVIEWING AND GROUP LEADERSHIP (3 crs. 3 hrs.)
Basic principles of gathering information through the use of interviewing techniques. The nature of group formation, function and leadership, and how they relate to one another. Emphasis is on providing preventative and therapeutic service to the mentally ill with role playing and classroom practice sessions. Open to Program majors only.

Prerequisite: MH 1100

MH 3400 – MENTAL HEALTH PRACTICE WITH VULNERABLE POPULATIONS (3 crs. 3 hrs.)
Course will examine difficulties faced by a variety of special populations including adults with HIV, chronic mental illness and adolescents and children at-risk. Students will gain an overview of each population’s unique service needs and learn consumer-centered intervention strategies. Open to Program majors only.

Prerequisite: MH 1100

MH 3500 – INTRODUCTION TO GERONTOLOGY (3 crs. 4 hrs.)
Issues and problems pertaining to aging and the aged, the aging process and the roles of older adults in society. Emphasis is on learning methods for the prevention and treatment of mental illness in older people. Open to all students.

MH 3700 – INTRODUCTION TO DOMESTIC VIOLENCE COUNSELING (3 crs. 3 hrs.)
An overview of the definitions, causes and theoretical paradigms of domestic violence. Focus is primarily on violence perpetrated by spouses and intimate partners, as dating violence and elder abuse, the dynamics of abusive relationships, the response modalities and an introduction to strategies of advocacy and the legal system.

MH 3800 – ASSESSMENT AND INTERVENTION MODALITIES WITH DOMESTIC VIOLENCE SURVIVORS (3 crs. 3 hrs.)
Assessment and evaluation techniques of domestic violence survivors: adult victims, children and batterers. Learning to identify those at risk and treatment planning, and professional ethics and multicultural approaches are covered.

Prerequisite: MH 3700

MH 81XX – INDEPENDENT STUDY (1-3 crs. 1-3 hrs.)
Conflict and conflict resolution are present in every human endeavor. This independent study is designed to explore various aspects of conflict resolution as it relates to our contemporary mental health and human services system in the United States. Specific areas of research will be developed individually between the student and faculty member and must be approved by the department.

MH 9801 – SUPERVISED INSTRUCTIONAL EXPERIENCE IN MENTAL HEALTH I (3 crs. 6 hrs.)
Students, under faculty supervision are assigned to work in a social service agency or a community advocacy internship.

Prerequisites: MH 1100, MH 3500 and either MH 3100 or MH 3400, or department permission required
* MH 9802 – SUPERVISED INSTRUCTIONAL EXPERIENCE IN MENTAL HEALTH II (3 crs. 6 hrs.)
Students, under faculty supervision are assigned to work in a social service agency or a community advocacy internship.
Prerequisites: MH 1100; MH 3500; and either MH 3100 or MH 3400 or department permission required

PSYCHOLOGY

PSY 1100 – GENERAL PSYCHOLOGY (3 crs. 3 hrs.)
Introduction to psychology as a science. Topics covered in this survey course include: historical background, fields and divisions, scientific methods, biological underpinnings of thought and behavior, learning and memory.
Flexible Core: Scientific World (Group E)

PSY 2400 – PSYCHOLOGICAL DISORDERS IN YOUNG CHILDREN (3 crs. 3 hrs.)
Psychological disorders in young children and the practices required to deal with them in early childhood settings. The problems and needs of gifted children, children who are mentally retarded or minimally brain-damaged, deaf, blind, orthopedic or speech handicapped. Causes, diagnostic, therapeutic and educational procedures and teaching methods are reviewed for each category based upon principles learned in introductory psychology courses. New York State mandated two-hour session on recognizing and reporting child abuse is included.
Prerequisite: PSY 3000 or PSY 3200

PSY 2800 – CONTEMPORARY PSYCHOLOGICAL VIEWPOINTS (3 crs. 3 hrs.)
Trends in contemporary psychological theories, including the shift from psychology as a natural science to a human science. The roles of evolutionary psychology, cognitive constructivism, and feminist theories and their historical and cultural contexts as they affect human consciousness.
Prerequisite: PSY 1100

PSY 3000 – CHILD AND ADOLESCENT DEVELOPMENT (3 crs. 3 hrs.)
Human growth and development from conception through adolescence, including physical, cognitive and psycho-social domains. The effects on development of culture, ethnicity, race, gender, sexual orientation, socioeconomic status and disability will be examined.
Not open to students who have completed PSY 3200.
Prerequisite: PSY 1100
Flexible Core: Individual and Society (Group D)

PSY 3200 – HUMAN GROWTH AND DEVELOPMENT (3 crs. 3 hrs.)
Human development from infancy through childhood, adolescence, and adulthood. Intellectual growth, personal and social adjustment, the relationship between physical and mental development, and typical problems in various stages of the life-cycle. Not open to students who have completed PSY 3000.
Prerequisite: PSY 1100
Flexible Core: Individual and Society (Group D)

PSY 3300 – SOCIAL PSYCHOLOGY (3 crs. 3 hrs.)
Social psychology is the study of the effect of others (real, imagined, and perceived) on individuals’ thoughts, feelings, and behaviors. Topics will include the science of social psychology, social cognition, self and identity, social perception, attitudes, persuasion, social influence, group dynamics, stereotypes, prejudice, discrimination, aggression, prosocial behaviors, attraction and close relationships, and applications of social psychology to health, law, and business. All learning outcomes for a traditional social psychology course will be satisfied.
Prerequisite: PSY 1100

PSY 3400 – PSYCHOLOGY OF PERSONALITY (3 crs. 3 hrs.)
An examination of the phenomenon of personality; including psychodynamic, social-cognitive, and contemporary neurobiological perspectives; topics include personality development, typology, pathology, growth, and the construction of meaning.
Prerequisite: PSY 1100

PSY 3500 – EDUCATIONAL PSYCHOLOGY (3 crs. 3 hrs.)
Current scientific theory and research relating to formal learning environments including: process of human learning; concept-formation; language affecting acquisition and retention; new approaches to motivate and direct learning; new methods of organizing and transmitting information and knowledge.
Prerequisite: PSY 1100

PSY 3600 – ABNORMAL PSYCHOLOGY (3 crs. 3 hrs.)
Concepts of normality and abnormality, and significant theoretical contributions to personality disorganization. Historical factors and current trends in the field of Mental Health and causes of behavioral disorders are discussed in terms of the impact of social, cultural, genetic and other factors. Survey of treatment methods included.
Prerequisite: PSY 1100
Flexible Core: Individual and Society (Group D)
PSY 3700 – PSYCHOLOGY OF WOMEN  
(3 crs. 3 hrs.)
Study of psychological factors specifically related to women, including the traditional models of femininity in social, occupational, and sex roles. The approach is analytical, beginning with denotative and connotative definitions of terms, analyzing traditional and new female models and identities and some problems these models present in personality integration. Recent psychological research on women is reviewed. Male and female student experiences are used to help support, or refute, theories presented.
**Prerequisite:** PSY 1100
**Flexible Core:** Individual and Society (Group D)

PSY 81XX – INDEPENDENT STUDY  
(1-3 crs. 1-3 hrs.)
Independent study of psychology is developed individually between student and faculty member and must be approved by the Department.

PSY 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

SOCIOLOGY

SOC 3100 – INTRODUCTION TO SOCIOLOGY  
(3 crs. 3 hrs.)
The social dimensions of human existence with stress on social structure and culture as governing factors in the lives of individuals with an introduction to basic concepts of sociology, major theoretical positions, and research methods. Meets the needs of students who want an introduction to the field as well as those who wish to undertake further study.
**Flexible Core:** Individual and Society (Group D)

SOC 3200 – URBAN SOCIOLOGY (3 crs. 3 hrs.)
The origin of the world’s cities, industrialization and the global spread of cities, post-industrial cities and cities of the future. Urban research methods. The development and contemporary life of multicultural American cities.
**Prerequisite:** SOC 3100 or ANT 3700
**Flexible Core:** U.S. Experience in Its Diversity (Group B)

SOC 3300 – SOCIAL PROBLEMS: INSTITUTIONS IN CRISIS (3 crs. 3 hrs.)
Focusing on problems whose origins lie outside the individual and how their effects are reflected in the behavior of individuals and the institutions of society. Students will explore problems relating to health care, education, criminal justice, inequality, etc.
**Prerequisite:** SOC 3100 or ANT 3700
**Flexible Core:** Individual and Society (Group D)

SOC 3500 – SOCIOLOGY OF THE FAMILY  
(3 crs. 3 hrs.)
The sociology of the family study areas include: definitions, pattern variations, developmental theories and specialized functions and their effect on socialization, courtship, marriage, divorce and the life cycle.
**Prerequisite:** SOC 3100
**Flexible Core:** Individual and Society (Group D)

SOC 3600 – MINORITY GROUPS IN THE UNITED STATES (3 crs. 3 hrs.)
Selected minority groups in American society are studied. Topics discussed include: nature of prejudice and discrimination, social meaning of minority, annihilation, assimilation, competition, conflict, exploitation, social and cultural change, past and present trends and developments.
**Prerequisite:** SOC 3100
**Flexible Core:** U.S. Experience in Its Diversity (Group B)

SOC 3800 – SOCIOLOGY OF GENDER  
(3 crs. 3 hrs.)
An exploration of the ways people construct gender and how gender structures our everyday lives and society in general. Issues that are covered include: how gender is produced, the relationship of gender to biology, gender and sexuality, the social evolution of gender, the gendered division of labor in the home and the workforce, gender and religion, micropolitics of gender and race, class and gender as intertwined systems of inequality.
**Prerequisite:** SOC 3100
**Flexible Core:** Individual and Society (Group D)

SOC 3900 – THE SOCIOLOGY OF RELIGION  
(3 crs. 3 hrs.)
Introduction to the study of religion and society: basic definitions and concepts, methods, organizational structures, secularization, church-state, immigration and multi-cultural environments, interactive effects with socio-economic status, ethnicity and gender.
**Prerequisite:** SOC 3100 or PSY 1100 or ANT 3700
**Flexible Core:** World Cultures and Global Issues (Group A)

SOC 81XX – INDEPENDENT STUDY  
(1-3 crs. 1-3 hrs.)
Independent study of sociology is developed individually between student and faculty member and must be approved by the Department.

SOC 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.
**BEH 7000 – INTRODUCTION TO RESEARCH**  
(4 crs. 4 hrs.)  
To produce research projects in the behavioral sciences with the skill and knowledge necessary for carrying out individual research projects, students are familiarized with theoretical issues in scientific research, methodology, and statistical measurement.  
**Prerequisite:** Enrollment in “College Now” Program

**BEH 7100 – CONDUCTING RESEARCH**  
(4 crs. 4 hrs.)  
To carry out and bring to completion an individual research project in the areas of the behavioral sciences, course work includes actual testing of subjects and of hypotheses, collection of data, statistical analysis, assessing the implications of research findings for further investigation. The format of the written report will conform to the American Psychological Association guidelines.  
**Prerequisite:** BEH 7000

**SUBSTANCE ABUSE & ALCOHOLISM COUNSELING**

**SAC 2000 – INTRODUCTION TO ALCOHOLISM AND SUBSTANCE ABUSE COUNSELING**  
(3 crs. 3 hrs.)  
Overview of core concepts in chemical dependency. Physical, psychological and legal aspects of alcohol and substance abuse. A variety of treatment approaches will be explored with particular attention to the special needs of this population along with counselor qualifications and skills.  
**Prerequisite:** SAC 2000

**SAC 2200 – COUNSELING TECHNIQUES IN SUBSTANCE ABUSE FIELD I**  
(3 crs. 3 hrs.)  
Students will learn the communication skills necessary to engage the substance abuse client, from the basic screening process through discharge planning. Major evaluation instruments and interview techniques will be introduced and students will learn to develop and evaluate client treatment planning and assessment histories.  
**Pre/Corequisite:** SAC 2000

**SAC 2400 – COUNSELING TECHNIQUES IN THE SUBSTANCE ABUSE FIELD II**  
(3 crs. 3 hrs.)  
Continuation of Counseling Techniques I and provides student with more advanced skills in working with the chemically dependent client. Personality and behavioral problems, HIV/AIDS, relapse prevention and vocational/educational concerns will be addressed.  
**Prerequisite:** SAC 2200

**SAC 2600 – CONFIDENTIALITY, ETHICS AND THE COUNSELOR/CLIENT RELATIONSHIP IN SUBSTANCE ABUSE COUNSELING**  
(3 crs. 3 hrs.)  
Confidentiality regulations from both Federal and State law for the protection of substance abuse clients are discussed with emphasis on disclosure exceptions and the proper handling of written and verbal communications regarding clients. Required for any student seeking assistance with an internship placement.  
**Pre/Corequisite:** SAC 2000

**SAC 2800 – APPROACHES TO TREATMENT: VARIETIES OF ALCOHOLISM AND SUBSTANCE ABUSE MODALITIES**  
(3 crs. 3 hrs.)  
Overview of treatment is covered as well as a review of the roles filled by counselors in each modality and setting. Client case examples provide practical instruction in the use of these treatment settings.  
**Prerequisite:** SAC 2000  
**Corequisite:** SAC 2200

**SAC 3000 – COMPULSIVE GAMBLING: TREATMENT AND PREVENTION FOR SUBSTANCE ABUSE COUNSELORS**  
(4 crs. 4 hrs.)  
An overview of the history of wagering and its prevalence in today's society. Various forms of gambling are explored in particular relationship to substance abusing behavior. Sample cases are discussed, prevention principles and practice in assessment and referral are included.  
**Prerequisite:** SAC 2000  
**Pre/Corequisite:** SAC 2200  
Qualification for NYS OASAS as a gambling counselor certification.

**SAC 3200 – ADDICTION AND THE FAMILY**  
(3 crs. 3 hrs.)  
This course explores the variety of familial issues that arise in families faced with a member who is struggling with a substance use disorder. Basic family functions/roles and how these are impacted by addiction are discussed. Theories on the family/how these can be applied to understanding family addiction (including systemic, addicted family model, psychodynamic, functionalist, feminist) are included. Stages of family use and how these impact communication patterns and the adaptive family roles and their relationship with development of an ACOA syndrome are covered. **This course is approved by the NYS OASAS credential.**  
**Corequisite:** SAC 2000

**SAC 91A0 – ABUSE COUNSELING – FIELD INTERNSHIP**  
(4 crs. 11 hrs./wk. for 10 weeks)  
Students participate in counseling activities with program clients, supervision meetings and other professional activities at NYS licensed treatment agencies under the supervision of both program staff and college faculty.  
**Prerequisite:** SAC 2000, SAC 2200, SAC 2600  
**Pre/Corequisite:** SAC 2400, SAC 2800
SAC 091B0 – ABUSE COUNSELING PROGRAM – FIELD INTERNSHIP (3 crs. 10 hrs./wk. for 5 weeks)
Students participate in counseling activities with program clients, supervision meetings and other professional activities at NYS licensed treatment agencies under the supervision of both program staff and college faculty.
Prerequisite: SAC 2000, SAC 2200, SAC 2600
Pre/Corequisite: SAC 2400, SAC 2800
* Required for Mental Health Majors

BIO 100 – TOPICS IN BIOLOGY (3 crs. 3 hrs.)
For non-science majors and those who plan to transfer to senior colleges within CUNY. Through lecture and discussion, selected biological topics, such as evolution, ecology, genetics, and human biology are explored. For each topic, interactive computerized lab experiences involving formulating hypotheses and the process of scientific inquiry are conducted. In addition, current ethical issues in science are studied.
Required Core: Life and Physical Sciences
**BIO 1100, 1200 – HUMAN ANATOMY AND PHYSIOLOGY I and II (4 crs. 7 hrs. each semester)**

A one-year, two-semester course in human anatomy and physiology. Examines complementary relationships between structure and function; dynamic aspects, integration of organs and organ systems in the maintenance of normal functioning of the whole organism. Dissections and other laboratory experiences including computer-assisted study of physiological principles. *This course does not satisfy the Biology major elective requirement.*

**Prerequisites for BIO 1100:** Passing scores on the CUNY Reading and Writing exam; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; or BIO 1300

**Prerequisite for BIO 1200:** BIO 1100

**Required Core:** Life and Physical Sciences; Flexible Core: Scientific World (Group E)

**BIO 1300, 1400 – GENERAL BIOLOGY I AND II (4 crs. 6 hrs. each semester)**

A one-year, two-semester course for students who plan to major in biological sciences, or prepare for a pre-professional program. Classroom and laboratory sessions focus on biological topics as they apply to all life, to recent scientific findings and how they advance understanding classical concepts, the interaction of environmental and biological forces to produce life.

**Prerequisites for BIO 1300:** Passing scores on the CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200

**Prerequisite for BIO 1400:** BIO 1300

**Required Core:** Life and Physical Sciences; Flexible Core: Scientific World (Group E)

**BIO 2100 – COMPARATIVE ANATOMY (4 crs. 6 hrs.)**

Form, structure, classification and adaptive modifications of vertebrates, animals with backbones. Through dissections, representative vertebrates (dog, fish and cat) are studied; vertebrates’ major body systems and development of various representative structures are compared; relationships between form and function, and the use of certain structure in specific environments. This course satisfies the elective credit requirement for Biology majors.

**Prerequisite:** BIO 1400

**BIO 2200 – DEVELOPMENTAL BIOLOGY (4 crs. 6 hrs.)**

Embryonic development and its regulatory mechanisms will be studied in representative invertebrate and vertebrate species, including the processes of gametogenesis and fertilization. Current experimental molecular and cellular techniques and results are interwoven with the historical evidence of the subject. Microscopic studies, films, drawings, models and student experiments are used to show the major stages of development and the dynamic processes of embryogenesis. *This course satisfies the elective credit requirement for Biology majors.*

**Prerequisite:** BIO 1400

**Pre/Corequisite:** CHM 1100

**BIO 2500 – INTRODUCTION TO MARINE BIOLOGY (3 crs. 3 hrs.)**

The general nature of marine life including an overview of marine animals, plants, local and world-wide marine environmental issues. Basic biological principles underlying marine science, and issues of the intertidal and benthic communities, coral reefs, and oceanic pollution are discussed. *Not open to Biology majors. This course does not satisfy the Biology major elective requirement.*

**Prerequisite:** Reading at the ENG 1200 level or department permission

**BIO 2800 – BIOLOGY OF WOMEN (3 crs. 3 hrs.)**

Major normal anatomical and physiological processes unique to the human female are considered, as well as a focus on recent research about women’s biology, female health issues and related illnesses. Discussion of myths and gender stereotypes about women’s biology and their influence on female/male behaviors. *This course does not satisfy the Biology major elective requirement.*

**Flexible Core:** Scientific World (Group E)

**BIO 3300 – INTRODUCTION TO MODERN CONCEPTS OF BIOLOGY (4 crs. 5 hrs.)**

For non-science and liberal arts majors and those who plan to transfer to senior colleges. Focus is on major biological topics and principles, with emphasis on how biology influences human issues and problems. Lectures, discussions and hands-on laboratory experiences provide insight into past, present and future aspects of the diversity of life on earth. Topics considered include: genetics, ecology, evolution, and cell biology. *This course does not satisfy the Biology major elective requirement.*

**Required Core:** Life and Physical Sciences
BIO 3700 – HUMAN GENETICS (3 crs. 3 hrs.)
Introduces the principles of genetics with applications to human beings. The different systems by which characteristics are inherited, representative human hereditary problems, roles of heredity and environment; a historical approach to genetics research, chromosomal disturbances and some diseases; modern components of genetics in relation to human fertilization, surrogacy and genetic engineering. This course does not satisfy the Biology major elective requirement.
Flexible Core: Scientific World (Group E)

BIO 3900 – THE BIOLOGY OF AGING (3 crs. 3 hrs.)
Biological aspects of the aging process, including: definitions, characteristics and biological theories of aging, recent biological research, effects of disease and prescription drugs; determination of each student's aging profile, factors which modify the rate of the aging process including nutrition and exercise. This course does not satisfy the Biology major elective requirement.
Flexible Core: Scientific World (Group E)

BIO 4900 – PEOPLE AND THE ENVIRONMENT – BIOLOGICAL EMPHASIS (3 crs. 3 hrs.)
To promote understanding of humankind’s interdependence with the environment and to instill responsibility for environmental quality, the biological sciences are emphasized, including pollution control, ecological balance in nature, growth and control of human populations and identifying environmental issues. This course does not satisfy the Biology major elective requirement.
Flexible Core: Scientific World (Group E)

BIO 5000 – GENERAL MICROBIOLOGY (4 crs. 6 hrs.)
Examines the diverse structure and activities of microbes in a wide number of environs, including the use of microbes in food production, antibiotic production, and bioremediation. Basic microbiological techniques are conducted such as staining, aseptic transfer, and pure culture techniques. More advanced laboratories are performed demonstrating the interdisciplinary nature of microbiology including collection of marine water and sediment samples for cultivation of algae and the isolation of antibiotic-producing microbes, and studies of various microbial relationships using plants. This course satisfies the elective credit requirement for Biology majors.
Prerequisites: BIO 1400, CHM 1100
Recommended: CHM 1200

BIO 5100 – MICROBIOLOGY IN HEALTH AND DISEASE (4 crs. 6 hrs.)
For students preparing for Nursing, Physician’s Assistant and other allied health sciences only. This course examines the role of microbes as infectious agents responsible for a wide variety of diseases and medical conditions. Disease transmission, treatment, and prevention are considered. The laboratory focuses on the basic methods to cultivate, identify and control microbial growth. This course does not satisfy the Biology major elective requirement.
Prerequisite: BIO 1200
Nursing students must take BIO 5100 before or with NUR 2100. Nursing students who withdraw from BIO 5100 cannot continue in NUR 2100.

BIO 5200 – MARINE BIOLOGY (4 crs. 6 hrs.)
Lecture and laboratory study of interrelationships between various environmental factors (physical, chemical and biological) and the distribution and physiology of selected marine organisms. Special attention to ecological techniques and taxonomic methods. Field trips supplement laboratory work. This course satisfies the elective credit requirement for Biology majors.
Prerequisites: BIO 1400 and CHM 1100

BIO 5300 – ECOLOGY (4 crs. 6 hrs.)
Concepts and principles relating to structure and function of populations, communities and ecosystems; energy flow, biogeochemical cycling, community structure, population growth and population interactions, disturbed and undisturbed ecosystems. Designed for science majors, course includes lectures, films, field trips, discussion, research project and report. This course satisfies the elective credit requirement for Biology majors.
Prerequisite: BIO 1400

BIO 5400 – BOTANY (4 crs. 6 hrs.)
The basic concepts of green plant biology, their structure, growth and physiology. Laboratory experiences emphasize the growth and study of live specimens. Greenhouse field projects and other special course related projects are included. This course satisfies the elective credit requirement for Biology majors.
Prerequisite: BIO 1400
Pre/Corequisite: CHM 1100
BIO 5500 – BIOLOGY OF THE INVERTEBRATES
(4 crs. 6 hrs.)
An introductory survey course. Lectures and laboratories for students who intend to continue in the biological sciences or choose it as their sophomore-level science elective. Invertebrate phyla are studied with particular reference to their physiology and interrelationships. Representative forms will be examined and dissected and experiments performed on particular organisms. Fundamental biological concepts will be stressed. This course satisfies the elective credit requirement for Biology majors.
Prerequisite: BIO 1400
Pre/Corequisite: CHM 1100

BIO 5700 – BIOTECHNOLOGY: CELL CULTURE AND CLONING (4 crs. 6 hrs. / 2hrs lecture, 1hr recitation, 3 hrs laboratory)
Biological principles underlying animal and plant tissue culture and cloning techniques are taught using current cell culture research publications. The formation and maintenance of primary and continuous culture, monolayer and suspension cultures, cell separation techniques, and cell cloning studies are conducted. Cell morphology in vitro, callus formation, cytochemistry, immunocytochemistry, autoradiography, chromosome spread preparation and karyotyping, western blotting and enzyme-linked immunosorbance assays are performed and analyzed. Photomicroscopy and independent research projects on the initiation and maintenance of primary cell cultures from such sources as chick embryos are also performed.
Prerequisite: 1400, CHM 1100 or department permission

BIO 5800 – RECOMBINANT DNA TECHNOLOGY
(4 crs. 6 hrs. / 2hrs lecture, 1hr recitation, 3 hrs laboratory)
The theory and application of recombinant DNA techniques includes study of genomics and proteomics, molecular aspects of recombinant DNA technology and genetic engineering, microbial, animal and plant protein expression. Ethical, legal and social concerns surrounding the field of biotechnology are addressed. Basic biotechnological laboratory techniques required for the study of genomics, genetic engineering and recombinant DNA technology are conducted.
Prerequisites: BIO 1400 and CHM 1100 or department permission

BIO 5900 – GENETICS (4 crs. 6 hrs.)
For Biology majors, this course examines transmission of the genetic material, molecular genetics and the genetics of population. Topics considered in both lecture and laboratory include: quantitative analyses of eukaryotic linkage; extranuclear inheritance; mutation studies; cytogenetical chromosomes studies; gene amplification; DNA extraction; DNA “fingerprinting”; protein gel electrophoresis; and transformation of prokaryotic genetic material by viral vectors. Techniques developed and utilized in the Human Genome Project and genetic engineering are emphasized. Research papers and in-class presentations are required. This course satisfies the elective credit requirement for Biology majors.
Prerequisites: BIO 1400 and CHM 1100

BIO/CIS 6000 – COMPUTER APPLICATIONS IN BIOINFORMATICS (3 crs., 4 hrs – 2 hrs. lecture, 2 hrs. lab)
Introduction to biochemistry topics, genomics, and computer-related applications in Bioinformatics. Analyses of genetic sequences and their corresponding three-dimensional structures, computer-aided sequence searches and comparisons (homologies). The algorithms used to perform searches and comparisons are provided. Computers are used to implement gene analyses in the area of DNA, protein, and RNA prediction of sequences and structures. The course includes a computer laboratory and biological, wet laboratory in genomics.
Prerequisites: MAT 1400 and BIO 1300

BIO 6100 – RESEARCH METHODS (2 crs. 2 hrs.)
Introduction to the nature of scientific investigation and acquiring skills needed to develop a research problem. Emphasis placed on reading primary sources of scientific literature, experiment design, data presentation and analysis, and preparation of a literature review.
Prerequisites: Passing scores on the CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; and department permission
Corequisite: BIO 6200

BIO 6200 – BIOLOGICAL INSTRUMENTATION
(2 crs. 3 hrs.)
Theory and practical operation of basic laboratory instruments and techniques, including analytical balances, pH meters, UV/VIS spectrophotometers, atomic absorption spectroscopy, chromatography, gel electrophoresis, computer-based instrumentation and other techniques.
Prerequisites: Passing scores on the CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; and department permission
Corequisite: BIO 6100
BIO 6500 – MOLECULAR AND CELLULAR BIOLOGY (3 crs., 6 hrs. – 3 hrs lecture, 3 hrs. lab)
The structure and functions of cell components are covered. Emphasis will be placed on the molecular composition of cells and the molecular mechanisms a cell uses to grow and divide. Experiments and computer exercises are designed around fundamental questions in eukaryotic cell biology with an emphasis on biochemical and molecular biological techniques.
Prerequisites: BIO 1400 and CHM 1100

BIO 7000 – THE SCIENCE OF NUTRITION (3 crs. 3 hrs.)
Increased food processing, chemical additions to food, and the great variety of available foods makes it important to understand the basic ideas of modern nutrition. Such concepts as biochemical individuality as related to nutrition for optimum health are integrated with surveys of carbohydrate, protein and fat metabolism. Also studied are the role of vitamins and minerals in metabolic processes, food selection, special diets during illness, safety of the food supply. Students analyze their own diet. This course does not satisfy the Biology major elective requirement.
Flexible Core: Scientific World (Group E)

BIO 7500 – THE BIOLOGY OF NUTRITION FOR CULINARY ARTS (4 crs. 6 hrs.)
The role of the nutrients and their interactions in human health and disease. The six major nutrient classes: carbohydrates, lipids, proteins, vitamins, minerals and water are covered. Commercial food safety issues are considered along with techniques for food processing and preservation. Laboratory exercises include the study of nutritional requirements and bodily characteristics. Techniques for nutrient identification are demonstrated. Open only to Culinary Arts majors or by department permission.

BIO 81XX – INDEPENDENT STUDY (1-3 crs. 1-3 hrs.)
Independent study of biology is developed individually between student and faculty member and must be approved by the department.

BIO 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters. This course does not satisfy the Biology major elective requirement.

BIO/MAT 9100 – BIOSTATISTICS (4 crs. 4 hrs.)
An introduction to the theories and techniques relating to probability, statistics and data analysis as pertaining to biology. Discrete and continuous probability distributions are studied including binomial, normal and t-distributions. Classical and Bayesian statistics, estimation, hypothesis testing will be emphasized. SPSS software will be introduced and used in the laboratory. achievements.
Prerequisite: A passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; and BIO 1300 or BIO 3300 or department permission
Required Core: Mathematical and Quantitative Reasoning
Flexible Core: Scientific World (Group E)

SCI 100 – ISSUES AND ADVENTURES IN SCIENCE (3 crs. 3 hrs.)
The most recent and important discoveries in the biological and physical sciences are presented, observed, discussed, and experimented with, to acquaint students with the world around them. Brain research, studies of aging, disease, fertility, immunity, and the origin of life are explored. Studies emphasize relations to mankind’s place in the universe, self-explorations and technological achievements.
Prerequisite: Enrollment in “College Now” Program
Flexible Core: Scientific World (Group E)

PHYSICAL THERAPIST ASSISTANT

PTA 100 – FOUNDATIONS OF PHYSICAL THERAPY (3 crs. 5 hrs.)
Introduction to medical terminology and abbreviations, effective documentation and interpretation of physical therapy documents, multimedia documentation strategies, basic skills and competencies including range of motion, vital signs monitoring, body mechanics, lifting techniques, bed mobility/draping and transfer activities.
Prerequisite: BIO 1100
Corequisites: PTA 0100, PTA 200, PTA 2000

PTA 200 – KINESIOLOGY AND APPLIED ANATOMY (4 crs. 6 hrs.)
Introduction to the anatomy of the musculo-skeletal system as well as basic kinesiology concepts. Joint goniometry is presented. Emphasis is on the role and nature of muscles, muscular origins, insertions and innervations, articular function and structure.
Prerequisite: BIO 1100
Corequisites: PTA 100, PTA 1000, PTA 2000
PTA 300 – FOUNDATIONS OF PHYSICAL THERAPY II (3 crs. 5 hrs.)
A continuation of PTA 100, introduction to gait deviations and ambulation activities using assistive devices and guarding techniques. Wheelchair activities are also presented. Introduction to the rehabilitation population, including the effects of aging and the geriatric patient.
Prerequisites: PTA 100, PTA 200, PTA 1000, PTA 2000 and BIO 1100

PTA 400 – MODALITIES AND PROCEDURES I (5 crs. 8 hrs.)
Introduction to the physical basis of physical therapy modalities of heat and cold along with physiological principles, indications, contraindications and precautions, the origins and management of pain, basic assessment techniques necessary to evaluate the efficacy of the applied modality, including length and girth assessments and skin and sensation assessments.
Prerequisite: PTA 300
Pre/Corequisite: BIO 1200
Corequisite: PTA 500

PTA 500 – THERAPEUTIC EXERCISE (5 crs. 8 hrs.)
Introduction to therapeutic exercise techniques, studied by anatomical region. Manual muscle testing is presented and practiced. Topics including resistive exercise, passive stretching and range of motion techniques. Therapeutic exercise equipment such as kinetron, ergometers, treadmill and wall pulleys are introduced.
Prerequisite: PTA 300
Pre/Corequisite: BIO 1200
Corequisite: PTA 400

PTA 600 – CLINICAL PRACTICUM I (3 crs. 35 hrs.)
Initial eight-week, full-time clinical experience as assigned by the Academic Coordinator of Clinical Education. Under the supervision of clinical faculty at a facility providing physical therapy services, students interact with patients, provide physical therapy treatment and assist therapists in measurements and complex procedures. Students apply their knowledge and practice the skills of transfer and gait training, the application of heat and cold and therapeutic exercise. Students must be assessed as competent in all previous coursework prior to the first clinical practicum.
Prerequisite: PTA 500

PTA 700 – MODALITIES AND PROCEDURES II (4 crs. 6 hrs.)
The physical basis of physical therapy modalities of electricity and physiological principles, indications, contraindications and precautions. Introduction to the pulmonary toilet, mechanical traction, phototherapy and therapeutic massage.
Prerequisites: PTA 300, PTA 400, PTA 500, PTA 600 and BIO 1200
Corequisite: PTA 800

PTA 800 – SELECTED TOPICS IN PHYSICAL THERAPY (5 crs. 8 hrs.)
Selected topics related to the physical therapy management of pathology with emphasis on comprehensive physical therapy including normal motor development, neuro-developmental techniques, proprioceptive neuromuscular facilitation, back pathologies and treatments, orthotic management, amputee and prosthetic management, orthopedic protocols and administrative topics. Facilitation of the application of all previous learning in classroom, laboratory and clinical settings.
Prerequisites: PTA 400, PTA 500, PTA 600 and BIO 1200
Corequisite: PTA 700

PTA 900 – CLINICAL PRACTICUM II (3 crs. 35 hrs.)
Concluding eight-week, full-time clinical experience as assigned by the Academic Coordinator of Clinical Education. Under the supervision of clinical faculty at a facility providing physical therapy services, students interact with patients, provide physical therapy treatment and assist therapists in measurements and complex procedures. Students practice the skills of transfer and gait training, modalities application and therapeutic exercise. Students skills and competence in these areas are assessed by the program faculty prior to participation in this course and must be assessed as competent in all previous coursework prior to this clinical practicum.
Prerequisite: PTA 800

PTA 1000 – INTRODUCTION TO PHYSICAL THERAPY (3 crs. 3 hrs.)
Introduction to the physical therapy profession. Topics include: the history of physical therapy, pertinent laws governing practice, code of conduct, the role of the professional association, the role of the physical therapist and physical therapist assistant, definition of the rehabilitation population, communication skills and psycho-social aspects of disabilities.
Pre/Corequisite: BIO 1100
Corequisites: PTA 100, PTA 200 and PTA 2000
PTA 2000 – PATHOLOGY (3 crs. 3 hrs.)
Introduction to common pathologies partially managed by physical therapy. The course is divided into four units: orthopedic, neurological, cardiopulmonary and acute medical conditions. General overviews of common pathologies, including anatomical and physiological considerations, etiologies and physical therapy management.
Prerequisite: BIO 1100
Corequisites: PTA 100, PTA 200, PTA 1000

PTA 2500 – INTERACTIONS IN THE CLINIC (3 crs. 1.5 hrs. lecture, 3 hrs laboratory)
Simulation of the clinical environment through the use of specific role playing activities related to the administration of physical therapy services, PT/PTA interactions, ethical challenges, interdisciplinary communication and other relevant issues.
Prerequisite: PTA 600
Corequisites: PTA 700, PTA 800

A.S. Degree: BIOLOGY

ACCOUNTING

ACC 1100 – FUNDAMENTALS OF ACCOUNTING I (4 crs. 4 hrs.)
This first half of this two-semester course introduces the accounting cycle, the fundamental concepts and techniques of accounting for business transactions: business records, journals and ledgers, theory of debit and credit, analysis of business transactions, adjusting and closing entries, worksheets, preparation of financial statements, payroll preparation, taxation, the computer and accounting.
Prerequisite: MAT M100 or passing score on Part I of the COMPASS Math Assessment Test
ACC 1200 – FUNDAMENTALS OF ACCOUNTING II (4 crs. 4 hrs.)
The second half of this two-semester course covers partnership, corporation and manufacturing financial transactions (including accounting for long-term debt), financial statement analysis and introduction to cost accounting, the use of accounting data and analysis for managerial decision-making.
**Prerequisite:** ACC 1100

ACC 2100 – INTERMEDIATE ACCOUNTING I (3 crs. 3 hrs.)
Study of financial accounting, accounting standards, and the conceptual framework underlying financial accounting. The accounting information system is reviewed, including the accounting cycle as applied to the corporate organization. Preparation and understanding of the major financial statements—the classified balance sheet, income statement, statement of retained earnings, and statement of cash flows. Also covered: revenue recognition, management and control of cash, recognition and valuation of accounts receivable.
**Prerequisite:** Minimum grade of C in ACC 1200

ACC 2200 – INTERMEDIATE ACCOUNTING II (3 crs. 3 hrs.)
Continued study of financial accounting concepts including inventories, tangible, intangible and other non-current assets, liabilities, stockholder’s equity, reporting requirements, earnings per share, accounting for investments and the time value of money. The impact of recent accounting developments on financial statements and generally accepted accounting principles are illustrated and discussed.
**Prerequisite:** ACC 2100

ACC 3100 – COST ACCOUNTING (4 crs. 4 hrs.)
Techniques and methods of cost accounting include: cost concepts and analysis of costs; material control; accounting for labor; nature and application of manufacturing overhead (including factory overhead variance analysis); job order cost systems; process cost systems; direct costing.
**Prerequisite:** ACC 1200 with a minimum grade of C

ACC 4100 – FEDERAL TAXATION (4 crs. 4 hrs.)
Study of current federal income tax law regulations include: concepts of taxable gross and net income, deductions and exemptions as applied to various classes of individual taxpayers. Preparation of individual income tax returns on actual governmental forms required.
**Pre/Corequisite:** ACC 1200 or department permission

ACC 6000 – MICROCOMPUTER ACCOUNTING APPLICATIONS (3 crs. 3 hrs.)
The use of accounting system software as a tool for processing accounting data into financial information. Accounting system topics include the accounting cycle, general ledger, sales and accounts receivable, purchasing and payment, payroll, inventory, account reconciliation, financial reporting and budget analysis.
**Prerequisites:** ACC 1200 and BA 6000 or equivalent.

ACC 7000 – FINANCIAL INVESTIGATION (2 crs. 2 hrs.)
The examination of financial investigative techniques used by criminal and civil financial investigators in the course of conducting a financial investigation. A mix of formal classroom and independent field work.
**Prerequisite:** ACC 1100

ACC 81XX – INDEPENDENT STUDY (1-3 crs. 1-3 hrs.)
Independent study of accounting is developed individually between student and faculty member and must be approved by the department.

ACC 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

OFFICE ADMINISTRATION

ADM 1500 – GREGG SHORTHAND (ELEMENTARY) (3 crs. 4 hrs.)
Understanding Gregg Shorthand theory is reinforced by practice in reading and writing contextual materials. The elements of transcription, proper English usage and correct grammatical form are introduced. For students with no prior shorthand knowledge and students with less than one year of instruction in Gregg theory.

ADM 1600 – BASIC DICTATION (1 cr. 2 hrs.)
Timed dictation at basic levels on previewed materials, automatizing brief forms, and the transcription of short business letters with correct spelling and punctuation. Shorthand theory in Gregg is reviewed through homework assignments and classroom participation.

ADM 1700 – GREGG SHORTHAND (INTERMEDIATE) (3 crs. 4 hrs.)
Continued development of Gregg Shorthand language skills and pre-transcription training. Emphasis is on taking dictation at sustained speeds and reading shorthand fluently. (With approval, students who satisfactorily completed the equivalent of this course may be exempt.)
**Prerequisite:** ADM 01500 or department permission
ADM 2400 – OFFICE SYSTEMS AND PROCEDURES
(3 crs. 3 hrs.)
The systems and procedures of the electronic office for administrative secretary and word processing specialist includes: planning and organizing office operations; developing good office leadership and human relations; controlling office operations, theory, concepts, and practices relating to office systems and procedures; employee performance; output and job satisfaction. Required for all non-stenographic secretarial students.

ADM 2500 – E-BUSINESS TECHNOLOGIES
(3 crs. 3 hrs.)
The technical and strategic aspects of successful eBusiness. Topics include: tools and technologies for creating a website, characteristics of successful website, security issues, legal and ethical issues, internet information services, data mining and global eBusiness. Case studies will also be discussed.

ADM 3000 – ADVANCED STENOGRAPHY AND TRANSCRIPTION (4 crs. 6 hrs.)
Stenographic skills are intensified with the ability to take dictation at rates of 80 to 100 words per minute for sustained periods, plus transcription techniques to meet office standards in the production of mailable transcripts. Prerequisite: ADM 1700

ADM 3700 – OFFICE COMMUNICATION SKILLS
(3 crs. 3 hrs.)
The principles of writing effective business communications, including letters, reports, memoranda, directives, organization, language arts, human relations and the application of business psychology in writing. Open to Program Majors only. Prerequisites: Passing scores on CUNY Reading and Writing exams.

ADM 4400 – INTERMEDIATE SHORTHAND: INTENSIVE (4 crs. 4 hrs.)
Develops skill attainment levels of ADM 01500, and ADM 01700, for students with educational and/or experiential background that includes the complete Gregg Shorthand and ability to take dictation at 60 wpm for two minutes with 95 percent accuracy. Each student is evaluated by the instructor to measure understanding the Gregg Shorthand principles, level of dictation and transcription skills. Individual prescriptions include the use of tapes for development of shorthand principles and the ability to take dictation, the completion of transcription projects in the secretarial laboratory, and tutorial instruction. Prerequisite: Department permission

ADM 5300-5400 – THE SCHOOL SECRETARY I AND II (2 crs. 2 hrs., each semester)
This two-semester course considers educational principles relating to the school secretary's work. Emphasis is on the organization of school systems, particularly in New York City.

ADM 5500 – SCHOOL RECORDS MANAGEMENT
(2 crs. 2 hrs.)
Introduction to the activities and responsibilities of the school secretary, including the preparation of a variety of reports usually completed in the school office; records of school personnel, accounts, textbooks and supplies.

ADM 81XX – INDEPENDENT STUDY (1-3 crs. 1-3 hrs.)
Independent study of office administration and technology is developed individually between student and faculty member and must be approved by the department.

ADM 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

ADM 9229 – FIELD EXPERIENCE (3 crs. 9 hrs.)
eight hours per week of supervised work experience in appropriate site placements in the community, and one hour a week of classroom discussion of the on-the-job experience are course requirements. Corequisite: TEC 3400

BUSINESS ADMINISTRATION

BA 1000 – BUSINESS ADMINISTRATION: INTRODUCTION TO BUSINESS (3 crs. 3 hrs.)
The dynamic world of the business environment. Included are: the business organization, from the sole proprietor (entrepreneur) to the corporate entity; four functions of management (planning, organizing, leading and controlling); four elements of the marketing mix (product, price, promotion and distribution). Practical applications of management and marketing skills in small business, and in large corporations, the profit motive as a key feature in the American free enterprise system, legal aspects of operating a business, and the role of computers in business. This course is equivalent to BA 1100. Prerequisite: Enrollment in the “College Now” Program
BA 1100 – FUNDAMENTALS OF BUSINESS  
(3 crs. 3 hrs.)  
The interrelationships among management, labor, and government in both the domestic and global environments. Emphasis is placed on business objectives, strategies, and operational implementation. Contemporary trends are studied in the areas of management, marketing, human resources and finance, including legal and ethical implications.  
This course is not open to students who have completed BA 1000.

BA 1200 – BUSINESS LAW I (3 crs. 3 hrs.)  
The American legal system: analysis of the essential principles of law in the operation of a business entity, with emphasis on the application of the laws of torts and contracts. Review of appropriate Appeals Court decisions.

BA 1300 – BUSINESS LAW II (3 crs. 3 hrs.)  
The legal principles of agency, partnership and corporations. Legal problems of corporate and non-corporate forms of organizations, consideration of rights, duties, obligations of employment and other special contractual and business relationships.  
Prerequisite: BA 1200

BA 1400 – PRINCIPLES OF MARKETING  
(3 crs. 3 hrs.)  
Consideration of marketing strategy from a customer’s point of view. Course deals with principles and practices of the distribution process, including product pricing, promotion, distribution channels, market research, governmental regulations.  
Prerequisite: BA 1100

BA/MAT 2200 – BUSINESS STATISTICS  
(4 crs. 4 hrs.)  
An introduction to probability and statistics as they apply to business applications including data summary measures, discrete random variables and probability distributions, sampling methodologies and analysis, hypothesis testing and regression analysis. Special emphasis will be given to solutions of practical business problems.  
Students who have completed MAT 19A0 or MAT 2000 or MAT/BIO 9100 will not receive credit for this course.  
Prerequisites: Successful completion of Pre-Algebra and a grade of 45 or higher on the Elementary Algebra portion of the CUNY Mathematics Skills Test (COMPASS); or successful completion of Pre-Algebra and a grade of 88 or higher on the CEAFE exam; or MAT R300.  
Required Core: Mathematical and Quantitative Reasoning  
Flexible Core: Scientific World (Group E)

BA 3100 – ORGANIZATIONAL BEHAVIOR AND MANAGEMENT  
(3 crs. 3 hrs.)  
The impact of organizational behavior on individuals, the economy and society; the role of organizations. Topics include: improving performance and productivity, individual motivation, leadership style and the effect of the external environment on the organization.  
Prerequisite: BA 1100

BA 3300 – BUSINESS COMMUNICATIONS  
(3 crs. 3 hrs.)  
The principles of writing effective business communications, including letters, reports, memoranda, directives. Emphasis on organization, language, personal relations and application of business psychology in writing.  
Prerequisite: Passing score on the CUNY Writing exam.

BA 5200 – ADVERTISING: THEORY AND PRACTICE  
(3 crs. 3 hrs.)  
Advertising, its methods and its role in business. An introduction to media, copy, research, layout, production, direct mail, and campaign strategy.  
NOTE: BA 9229 must be taken in lieu of BA 5200 for A.A.S. Business Administration students with G.P.A. >= 3.0  
Prerequisite: BA 1400

BA 6000 – INTRODUCTION TO COMPUTER CONCEPTS  
(3 crs. 4 hrs.)  
Lab-oriented course introduces microcomputer hardware and software, emphasizing the “Big Four” business applications: word processing, electronic spreadsheets, database management, and presentation graphics. Conceptual and operational skills necessary to successfully compete in the modern technological business environment.  
Not open to Computer Information System Majors. Students who completed CP 1100 or CIS 1100 will not receive credit for this course.

BA 6100 – SPREADSHEET APPLICATIONS IN BUSINESS  
(3 crs. 3 hrs.)  
Advanced and intensive work with electronic business spreadsheets in a lab-oriented course using Microsoft Excel. Includes ranges, functions, charts, conditional functions and lookups, data sorting and queries, macros, multiple worksheets, security, and linking data.  
Prerequisite: BA 6000 or equivalent

BA 6200 – MANAGEMENT INFORMATION SYSTEMS  
(3 crs. 3 hrs.)  
Introduction to the use of information systems, including management information systems (MIS), organization of information, and systems analysis and design. Advanced applications of spreadsheets, database management software, and ethical and globalization issues are also introduced.
BA 7700 – BUSINESS IMAGES IN THE MEDIA (3 crs. 3 hrs)
Examines business concepts as reflected in film. Perspective is historical and contemporary focusing on sociological, psychological and philosophical events, trends, values, and changes that have taken place in the business world.
Prerequisite: BA 1100 or department permission

BA 81XX – INDEPENDENT STUDY (1-3 crs. 1-3 hrs.)
Independent study of business administration is developed individually between student and faculty member and must be approved by the department.

BA 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

BA 9229 – FIELD EXPERIENCE IN BUSINESS ADMINISTRATION (3 credits, 9 hours - with a minimum of 8 hours of field work)
A capstone experience for students, allowing them to apply the theories and principles learned in class to the practical business environment. Students work directly with managers and employees in marketing, human resources management, and information systems management. This course is only open to Business Administration majors. NOTE: BA 9229 must be taken in lieu of BA 5200 for A.A.S. Business Administration students with G.P.A. ≥ 3.0
Prerequisite: BA 1400

ECONOMICS

ECO 1200 – MACROECONOMICS (3 crs. 3 hrs.)
A macroeconomic study of the American economy. An analysis of the fundamental institutions, functions, and goals of the basic sectors in American capitalism; current macroeconomic issues; national income accounting; application of economic principles and concepts to the U.S. economy; the effects of money, banking, monetary, and fiscal policies. Includes analysis of U.S. economic growth and its role in the global economy and a microeconomic analysis of supply and demand in a perfectly competitive market structure.
Prerequisite: MAT M100 or passing score on Part I of the COMPASS Math Assessment Test
Flexible Core: World Cultures and Global Issues (Group A)

ECO 1300 – MICROECONOMICS (3 crs. 3 hrs.)
An analysis of the determination of price under alternative market structures. Particular emphasis will be placed on understanding the economic behavior of the household, the business firm, and government.
Prerequisite: MAT M100 or passing score on Part I of the COMPASS Math Assessment Test
Flexible Core: Individual and Society (Group D)

ECO 1400 – MONEY AND BANKING (3 crs. 3 hrs.)
A comprehensive study of the nature of money and monetary standards; the development, structure, and functions of American central banking; commercial banking; non-bank financial intermediaries; investment banking; and financial markets. Federal and State bank regulation and supervision, major monetary theories. Analysis of the impact and major role of the American banking system on the economy. Includes a study of international finance.

ECO 2000 – INTERNATIONAL TRADE: TRADING BEYOND BORDERS (3 crs. 3 hrs.)
The theory and practicality of trade opportunities among privately owned businesses in the nations of the world, including trade policies, treaties and regulations, with appreciation of the differences in customs, practices, and ethical standards among nations. Also available under the Honors Option Program.

ECO 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

FASHION DESIGN

FD 1100 – FASHION SKETCHING FOR FASHION DESIGNERS (3 crs. 3 hrs.)
First of two courses in fashion sketching, students learn basic croquis (specialized figure) drawing, develop their own set of croquis, and use them to sketch their own designs. Sketching all types of garments and silhouettes is covered using pencil, watercolor and marker techniques. Only open to Fashion Design, Retail Merchandising, and Theatre Arts majors.

FD 1200 – FASHION SKETCHING FOR FASHION DESIGNERS II (3 crs. 3 hrs.)
Second of two courses in fashion sketching, students sketch an original design collection – a minimum of eight (8) coordinated outfits. Fabric swatching and multiple views are required. Additional work is done on portfolio preparation, and sketching technique refinement. Only open to Fashion Design and Retail Merchandising majors.
FD 1300 – COMPUTERIZED FASHION DESIGN (3 crs. 3 hrs.)
Advanced Fashion Design students learn a variety of computer programs for sketching and creating designs using a stylus and a pressure sensitive tablet. Photoshop, Adobe Illustrator and fashion design plug-ins are covered.
Open only to Fashion Design and Retail Merchandising majors.
Prerequisites for Fashion Design majors: FD 01100, FD 02100, and BA 6000
Prerequisite for Fashion Merchandising majors: BA 6000

FD 1400 – GARMENT CONSTRUCTION (3 crs. 3 hrs.)
Basic sample room garment construction procedures including seaming, seam finishing, pockets, collars, setting sleeve, pleats, gathers, darts and various other techniques are covered. Students construct garments to demonstrate master of various techniques.
Only open to Fashion Design, Retail Merchandising, and Theatre Arts majors.

FD 2000 – FLAT PATTERNMAKING (3 crs. 3 hrs.)
Mastering the skills of flat pattern drafting and manipulation for both menswear and womenswear. Basic pattern manipulation techniques including dart manipulation, contoured seaming, and the slash and spread method are covered. Students must use flat pattern drafting to create, cut, and sew one garment.
Pre/Corequisite: FM 2100

FD 2200 – FASHION DESIGN II (3 crs. 3 hrs.)
Advanced draping techniques are explored, along with flat pattern work. Draping in actual fabrics, sample room techniques, and garment finishing are covered. Pants slopers are developed. Students must complete two (2) complete outfits for inclusion in the annual Fashion Show presentation.
Pre/Corequisites: FM 3500 and FD 2100

FD 2300 – DESIGN TRENDS AND AESTHETICS (3 crs. 3 hrs.)
Intermediate design students study current trends in women’s wear, paying special attention to construction analysis, line, fabric and color selection and price points. Design principles are explored, and current designer collections analyzed for design merits and marketability. Students own sense of style is developed and refined.

FD 2500 – ADVANCED CAD FOR FASHION DESIGN (3 crs. 3 hrs.)

FRESHMAN ENGLISH PROGRAM

At CUNY’S community colleges the CUNY Reading and Writing exams are used to determine placement into or exemption from developmental reading and writing courses. Students cannot begin Freshman English until they have completed all required developmental work and passed both the CUNY Reading and Writing exams.

FRESHMAN ENGLISH

Kingsborough’s Freshman English requirement consists of a two course sequence, ENG 1200 (3 credits) followed by ENG 02400 (3 credits). ENG 1200 is a pre/corequisite for all credit-bearing English courses.

ENG 1200 – FRESHMAN ENGLISH I (3 crs. 4 hrs.)

College-level reading and writing, and the development of ideas in essays, including how language communicates facts, ideas and attitudes. Writing is practiced as a process involving revision based on feedback from readers. College-level essays emphasize close reading and intertextual analysis, and reading across and between texts drawn from various disciplines.

Required Core: English Composition.
Prerequisites: Passing scores on the CUNY Reading and Writing exams.
ENG 2400 – FRESHMAN ENGLISH II (3 crs. 4 hrs.)
Interdisciplinary reading, writing and research focusing on the various ways knowledge is produced and articulated within the academy. Through an interdisciplinary process of inquiry, several required projects will emphasize different modes of research and information literacy.
**Prerequisites:** ENG 1200
**Required Core:** English Composition

DEVELOPMENTAL ENGLISH
Kingsborough’s approach to developmental education emphasizes a full and integrated grounding in reading, writing, and critical thinking, as well as the study skills that students need in order to cope with their academic and career training programs. This grounding also prepares students to pass the CUNY Reading and Writing exams. Upon completing the top level course, students retake the CUNY exams in Reading and Writing.

READING/WRITING
Students are placed into Reading/Writing courses on the basis of their scores in reading and writing. Students who do not pass both CUNY Reading and Writing exams or whose score on either test is at the introductory level enroll in an ESL course (700, 900, or 9100) or ENG 91A5, as appropriate. Students who fail both tests at the intermediate level enroll in ENG 92A6. Combined Reading/ Writing courses allow students to progress as quickly as possible through required developmental work.

# ~ ENG 88A6 – INTENSIVE READING
(0 crs. 4 hrs. – 4 equated crs.)
A pre-freshman course offered in the summer and winter modules for students who have not succeeded in any English Department and CUNY measure at the conclusion of the fall and/or spring English 92A6 course. Offered during summer and winter, this six-week course focuses on the development of critical reading and thinking abilities through instruction and intensive practice in vocabulary and comprehension. Students read and analyze interdisciplinary materials in preparation for required readings in typical college courses. At the end of this course, students will retake the English Department and CUNY reading measures.
**Prerequisites:** Open to students who complete ENG 92A6 in the fall or spring and do not pass.

# ~ ENG 91A5 – DEVELOPING FLUENCY IN READING AND WRITING
(0 crs. 8 hrs. – 8 equated crs.)
A course in reading, writing, and critical thinking for students who are at the basic level of developmental work. Required of entering students who score 6 or below on the CUNY Writing exam and/or at the 91 level on the CUNY Reading exam unless ESL placement is indicated.

# ~ ENG 92A6 – DEVELOPING COMPETENCE IN READING AND WRITING (0 crs. 6 hrs. – 6 equated crs.)
A pre-freshman course focused on the development of critical reading, writing, and thinking abilities necessary for success in college-level courses. Also emphasized is the use of writing to develop ideas in relation to rich and complex texts.
**Prerequisites:** A score of 48-55 on the CUNY Writing exam and a score of 55-69 on the CUNY Reading exam.

READING
For students whose scores or work in a previous course indicate that they need additional developmental work in reading but not in writing, KCC offers a course in developmental reading, ENG 400 (Analytical Reading), to help students prepare for college level assignments. The concentrated instruction and practice in the full range of reading skills offered by this course should also lead to improved performance on the CUNY Reading exam.

# ~ ENG 400 – ANALYTICAL READING
(0 crs. 4 hrs. – 4 equated crs.)
A pre-freshman course focused on the development of critical reading, writing, and thinking abilities through instruction and intensive practice in vocabulary and comprehension. Students will read and analyze interdisciplinary materials in preparation for required readings in typical college courses.
**Prerequisite:** A passing score of 56 or above on the CUNY Writing exam and a CUNY Reading exam score below 70.

~ ENG R00 – PREPARATION FOR CUNY READING TEST @ (0 crs. 2 hrs. – 2 equated crs.)
A pre-freshman intervention focused on helping students sustain close attention to brief texts, draw distinctions among different question types, and become familiar with the computer-adaptive testing modality to meet these stated learning goals and pass the CUNY Reading exam.
**Prerequisite:** ENG 92A6 or ENG 88A6 or ENG 400
WRITING

Students whose scores or work in a previous course indicate that they need additional developmental work in writing but not in reading enroll in ENG 93A9, Developing Competence in Writing.

Some students are exempt from the testing requirement. They include:

a. holders of a Bachelor’s Degree beginning a second degree program (however, these students may be required by the college to take the tests upon entry to help determine their placement in English/ESL);

b. entering students who achieve a score of 480 or above on the Verbal section of the SAT;

c. students who achieve a score of 75 or higher on the English Language Arts Regents Exam.

~ ENG 93A9 – DEVELOPING COMPETENCE IN WRITING (0 crs. 4 hrs. – 4 equated crs.)

A pre-freshman writing course focused on the development of critical reading, writing, and thinking abilities necessary for success in college-level courses and the professions. College-level reading selections in a number of academic areas provide rigorous practice with the drafting process. Writing is used in order to develop ideas in relation to readings.

Prerequisites: A score of 48-55 on the CUNY Writing exam and a score of 70 and above on the CUNY Reading exam.

~ ENG W00 – PREPARATION FOR CUNY WRITING TEST @ (0 crs. 2 hrs. – 2 equated crs.)

A pre-freshman intervention focused on helping students improve their writing and thinking proficiencies to meet these goals and pass the CUNY Writing exam. Activities and assignments include writing summaries, identifying and responding to key ideas in a clear and organized manner; demonstrating competence in sentence construction, variety, and word choice.

Prerequisite: ENG 93A9

ESL

English courses open only to students who are non-native speakers of English. Students are placed into the following English as a Second Language (ESL) courses on the basis of their performance on CUNY Reading and Writing exams.

# ~ ESL 700 – BASIC READING AND WRITING FOR STUDENTS LEARNING ENGLISH AS A SECOND LANGUAGE (0 crs. 10 hrs. – 10 equated crs.)

This is the first course in an ESL sequence designed for students whose first language is not English and whose results on the CUNY Reading and Writing exams indicate that they need extensive work on developing these areas. Activities include intensive work on reading, writing and revision, with an emphasis on developing fluency in writing and basic reading comprehension.

# ~ ESL 900 – INTERMEDIATE READING AND WRITING FOR STUDENTS LEARNING ENGLISH AS A SECOND LANGUAGE (0 crs. 10 hrs. – 10 equated crs.)

This is the second course in an ESL sequence designed for students whose first language is not English and whose results on the CUNY Reading and Writing exams indicate that they need work on their reading and writing at the intermediate level. This course consists of various activities to improve English language communication skills, emphasizing clarity in writing and increased reading comprehension.

# ~ ESL 91A7 – DEVELOPING FLUENCY IN READING AND WRITING FOR ESL STUDENTS (0 crs. 8 hrs. – 8 equated crs.)

This is the third course in an ESL sequence designed for students whose first language is not English and whose results on the CUNY Reading and Writing exams indicate that they need work on their reading and writing at the high intermediate level. This course emphasizes reading, writing, and critical thinking skills. Also required of students who have successfully completed ESL 900.

Requirements – page 48
COMPUTER INFORMATION SYSTEMS

CIS 1200 – INTRODUCTION TO OPERATING SYSTEMS
(3 crs. 4 hrs.)
Microcomputer applications used in information systems environments including: microcomputer operating systems, graphics, microcomputer architecture and hardware, telecommunications, connecting personal computers via a local area network, and other selected topics.
Prerequisite: CP 500

CIS 1500 – APPLIED COMPUTER ARCHITECTURE
3 crs., 3 hrs.
Preparation for CompTIA's A+ Exam for both the hardware and software portions of the test.
Pre/Corequisite: CIS 1200

CIS 2100 – INTRODUCTION TO WEB PAGE DEVELOPMENT (4 crs. 4 hrs.)
An introduction to the design and development of web pages. Students will develop their own web pages using web page development software.
Prerequisite: CP 500

CIS 2200 – HTML AUTHORING AND JAVASCRIPT
(4 crs. 4 hrs.)
A second course in design and development of web pages emphasizing HTML coding, interactivity, animation and e-commerce applications of the World Wide Web. Students will develop their own web pages using web page software.
Prerequisite: CIS 2100 or TEC 5300

CIS 3100 – INTRODUCTION TO DATABASE
(3 crs. 4 hrs.)
Microcomputer applications used in an information systems environment. Introduction to database management systems, and integrated software systems and packages.
Prerequisite: CP 500

CIS 3200 – ADVANCED DATABASE PROGRAMMING
(4 crs. 4 hrs.)
Concepts and features of a contemporary database language. Emphasis is on fundamentals of good programming style and the use of the language syntax to develop database applications.
Prerequisite: CIS 3100

CIS 4500 – NETWORK SERVER ADMINISTRATION
(4 crs. 4 hrs.)
An introduction to concepts of networking and administration. Students will be guided in installing, configuring, and administering Microsoft Windows. Server network operating systems. A computer laboratory is available for hands-on training sessions.
Prerequisite: CIS 1200
CIS/BIO 6000 – COMPUTER APPLICATIONS IN BIOINFORMATICS (3 crs., 4 hrs – 2 hrs. lecture, 2 hrs. lab)
Introduction to biochemistry topics, genomics, and computer-related applications in Bioinformatics. Analyses of genetic sequences and their corresponding three-dimensional structures, computer-aided sequence searches and comparisons (homologies). The algorithms used to perform searches and comparisons are provided. Computers are used to implement gene analyses in the area of DNA, protein, and RNA prediction of sequences and structures. The course includes a computer laboratory and biological, wet laboratory in genomics.
Prerequisites: MAT 1400 and BIO 1300

CIS 6100 – SYSTEMS ANALYSIS (4 crs. 4 hrs.)
Tools and methods used by management to develop systems for computer applications including: system investigation, input design, output design, file design, documentation, system testing, system implementation, hardware and software.
Prerequisite: CP 2100 or CIS 3100

CIS 81XX – INDEPENDENT STUDY (1-3 crs. 1-3 hrs.)
Independent study of computer information systems is developed individually between student and faculty member and must be approved by the department.

CIS 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

COMPUTER PROGRAMMING

COMPUTER PROGRAMMING COURSES ARE OFFERED AS ELECTIVES TO ALL STUDENTS WHO HAVE SATISFIED COURSE PREREQUISITES.

CP 500 – INTRODUCTION TO COMPUTER PROGRAMMING (4 crs. 4 hrs.)
Introduction to microcomputer programming used in data information environments including: microcomputer hardware; microcomputer operating systems; algorithm design using flowcharts; and computer programming.
Prerequisite: A passing score on the CUNY Mathematics Skills Test (COMPASS) or successful completion of CUNY Mathematics remediation

CP 1000 – COMPUTER SCIENCE CONCEPTS, TOOLS AND METHODS (3 crs. 3 hrs.)
Overview of computer science, including a general introduction to the concept of computers and computer systems, applications, programming and networking. These topics are introduced to the student with a broad outlook approach to the fundamental knowledge of the discipline and connects these concepts to practical applications of the role of computers in society, including areas such as security, privacy, ethics, and social networking. The interdisciplinary nature of computer science is stressed, by examples of its application to multiple fields (including life and physical sciences, linguistics, logic, mathematics, psychology, statistics, technology related studies, general scientific discovery) are presented.
Prerequisite: A passing score on the CUNY Mathematics Skills Test (COMPASS) or successful completion of CUNY Mathematics remediation.

Flexible Core: Scientific World (Group E)

CP 1100 – INTRODUCTION TO COMPUTERS AND COMPUTER APPLICATIONS (4 crs. 4 hrs.)
Computer literacy course introducing uses of computers; components of a computer system; input/output devices; flowcharting and programming in a contemporary programming language. Computer applications include word processing, spreadsheets, graphics, and database management systems; computer concepts and information processing.
Prerequisite: A passing score on the CUNY Mathematics Skills Test (COMPASS) or successful completion of CUNY Mathematics remediation.

Flexible Core: Scientific World (Group E)

CP 2100 – C++ PROGRAMMING 1 (4 crs. 4 hrs.)
Introduction to programming in the C++ language including: variables; definitions; pointers; functions; loops; arrays; screen handling; and interfaces to UNIX and other languages.
Prerequisite: CP 500

CP 2200 – C++ PROGRAMMING 2 (4 crs. 4 hrs.)
Covers advanced aspects of the C++ language, including pointers, compile and run-time storage allocation, data structures such as linked lists, sorting, searching and recursion.
Prerequisite: CP 2100
CP 3100 – VISUAL BASIC 1 (4 crs. 4 hrs.)
Computer programming using the language VISUAL BASIC. Covers the production of a graphical user interface and writing code to make use of it. Participants will create applications that make use of file and data management techniques.
Prerequisite: MAT 900

CP 3300 – VISUAL BASIC 2 (4 crs. 4 hrs.)
The second semester of VISUAL BASIC introduces advanced topics, including arrays, files, database access, advanced data handling, drag and drop techniques, graphics and ActiveX controls.
Prerequisite: CP 3100

CP 6100 – JAVA PROGRAMMING 1 (4 crs. 4 hrs.)
An introduction to the Java programming language, including algorithms, data representation, debugging and verification of programs and object-oriented programming concepts.
Prerequisites: Passing grade on the CUNY Mathematics exam and one course in a programming language

CP 6200 – JAVA PROGRAMMING 2 (4 crs. 4 hrs.)
Second course in JAVA programming with an emphasis on Object-Oriented Programming (OOP), advanced programming concepts (Data Structures, Recursion), JAVA Graphics (advanced applet design) and additional selected topics.
Prerequisite: CP 6100 or CP 500

CP 6600 – COMPUTER GRAPHICS AND DESIGN (4 crs. 4 hrs.)
The concepts and structures of modern computer graphics and computer-aided design. Applications for presentation and business graphics, computer-aided design and drafting, engineering graphics. Hands-on experience with computers for programming practice and assignments.
Prerequisite: CP 500

CP 7100 – PROGRAMMING IN UNIX/LINUX (5 crs. 5 hrs.)
Introduction to the UNIX operating system and to programming using its functions and subprograms including: file structures, directories, security, utility programs, pointers, functions, screen handling with term cap definitions and interfaces to languages and databases.
Prerequisites: CIS 1200 and CIS 3100

COMPUTER SCIENCE

CS 1200 – INTRODUCTION TO COMPUTING (4 crs. 4 hrs.)
Algorithms, programs, data representation, debugging and verification of programs. Numeric and non-numeric programming applications include searching and sorting algorithms, function and procedures, and number theory problems. Students who completed CP 2100 will not receive credit for this course.
Pre/Corequisite: MAT 1400
Flexible Core: Scientific World (Group E)

CS 13A0 – ADVANCED PROGRAMMING TECHNIQUES (4 crs. 4 hrs.)
A second course in programming designed to introduce advanced techniques. Program reliability, maintainability, and reusability are emphasized. Topics include: Module design and multilevel programs; file organizations, indexing and processing, abstract data types and storage classes; addresses, pointers, and dynamic storage allocation; program testing and debugging; recursion and function parameters. Students who have completed CP 2200 will not receive credit for this course.
Prerequisite: CS 1200 with grade of C+ or higher
Flexible Core: Scientific World (Group E)

CS 1400 – COMPUTERS AND ASSEMBLY LANGUAGE PROGRAMMING (4 crs. 5 hrs.)
Computer structure, machine language and assembly language programming. Digital representation of data; addressing techniques; macro, machine and assembly instruction sets. Emphasis on computing techniques for numerical applications is supplemented by several computer projects.
Prerequisite: CS 1200

CS 3500 – DISCRETE STRUCTURES (4 crs. 5 hrs.)
Sets, matrices, relations and digraphs, functions, order relations and structures, trees and languages, semigroups and groups, finite-state machines and languages.
Prerequisite: MAT 1500

CS 3700 – PROGRAM DESIGN AND ANALYSIS (4 crs. 4 hrs.)
Introduction to data structures. Topics include: structures, arrays, stream files, stacks, recursive processes, recursive procedures and elementary simulation techniques.
Prerequisite: CS 13A0
CS 81XX – INDEPENDENT STUDY (1-3 crs. 1-3 hrs.)
Independent study of computer science is developed individually between student and faculty member and must be approved by the department.

CS 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

MATHEMATICS

~ MAT M100 – PRE-ALGEBRA
(0 crs. 4 hrs. – 4 equated crs.)
Arithmetic stressing quantification and manipulative skills and applications for students who are deficient in that subject. Required of all students who fail the pre-algebra portion of the COMPASS Math Skills Test.  
Prerequisite: Demonstration of CUNY reading proficiency and proficiency in subject matter via exit exam is required for successful course completion.

~ MAT M200 – ELEMENTARY ALGEBRA
(0 crs. 4 hrs. – 4 equated crs.)
Coverage of fundamental topics in elementary algebra for students who fail the elementary algebra portion of the CUNY Mathematics Skills Test (COMPASS).  
Demonstration of proficiency in subject matter via exit exam is required for successful course completion.  
Students may not repeat M200 after receiving two (2) R grades.  
Prerequisite: Successful completion of Kingsborough Pre-Algebra proficiency exam.

~ MAT R300 – ELEMENTARY ALGEBRA II
(0 crs. 4 hrs. – 4 equated cr.)
Topics in elementary algebra. This course is designed for students who have not achieved the elementary algebra proficiency level required for MAT 0900, MAT 1300, MAT 2000, MAT 19A0, MAT/BA 2200. Demonstration of proficiency in subject matter via Department final exam is required for successful course completion.  
Prerequisite: A passing score on the CUNY Mathematics Skills Test (COMPASS) or successful completion of CUNY Mathematics remediation.

~ MAT X100 – PRE-ALGEBRA
(0 crs. 10 hrs. – 1 equated cr.)
An express course offered to students who achieve a specific non-passing score on the Pre-Algebra portion of the COMPASS Math Skills Test.  
Prerequisite: (1) Passing score on the CUNY Reading exam.  
(2) Specific non-passing score on the Pre-Algebra final exam.

~ MAT X200 – ELEMENTARY ALGEBRA
(0 crs. 10 hrs. – 1 equated cr.)
An express course offered to students who achieve a specific non-passing score on the Algebra portion of the COMPASS Math Skills Test.  
Prerequisite: Passing score on the Pre-Algebra portion of the COMPASS Math Skills Test or successful completion of Kingsborough Pre-Algebra proficiency exam; and specific non-passing score on the Elementary Algebra final exam.

MAT 1CN – INTRODUCTION TO ALGEBRA
(0 crs. 4 hrs.)
Designed to help students pass the Mathematics A High School Regents Exam. Topics include: number concepts, algebraic reasoning, introductory geometry, the coordinate plane and probability.  
Prerequisites: Students that the high school identifies as being in need of extra assistance in order to pass the Mathematics A Regents Exam on the first try or students who have taken and failed the Mathematics A Regents Exam and enrollment in the “College Now” Program.

MAT 3CN – INTERMEDIATE ALGEBRA
(0 crs. 4 hrs.)
Designed to help students pass the Mathematics B High School Regents Exam. Inequalities, rational expressions, exponents, quadratic equations, radicals, complex numbers, functions, logarithms and exponential functions.  
Prerequisites: Students that the high school identifies as being in need of extra assistance in order to pass the Mathematics B Regents Exam on the first try or students who have taken and failed the Mathematics B Regents Exam and enrollment in the “College Now” Program.

MAT 4A0 – MATHEMATICAL AND QUANTITATIVE REASONING (3 crs. 3 hrs.)
This course enhances students’ quantitative reasoning and mathematical skills useful in solving problems in mathematics and in other fields of study. Students learn to communicate solutions to mathematical problems in written and oral form. Topics include mathematical modeling, financial mathematics, units, percentages and statistical reasoning.  
Prerequisite: A passing score on the CUNY Mathematics Skills Test (COMPASS) or successful completion of CUNY Mathematics remediation.  
Required Core: Mathematical and Quantitative Reasoning.
MAT 600 – MATHEMATICS OF FINANCE  
(4 crs. 4 hrs.)  
Mathematical concepts readily applicable to business situations including: logarithms, progressions, simple and compound interest, equations of equivalence, nominal and effect rates, simple annuities, ordinary general annuities, amortization, depreciation, sinking funds, stocks and bonds, introduction to life insurance and graphic presentation of data.  
**Prerequisite:** MAT 900

MAT 700 – PRINCIPLES OF MATHEMATICS  
(4 crs. 4 hrs.)  
A basic course in mathematical discovery. Students participate in the development and investigation of topics such as: number sequences, calculating devices, extrapolation, mathematical mosaics and curves, probability and topology.  
**Prerequisite:** A passing score on the CUNY Mathematics Skills Test (COMPASS) or successful completion of CUNY Mathematics remediation

MAT 800 – PRACTICAL MATHEMATICS FOR TODAY’S WORLD  
(4 crs. 4 hrs.)  
Critical-thinking and mathematical skills useful in making informed decisions on many aspects of modern life involving quantitative concepts. Topics include logical analysis and inference, mathematics of finance, statistical reasoning and probability.  
**Prerequisite:** A passing score on the CUNY Mathematics Skills Test (COMPASS) or successful completion of CUNY Mathematics remediation

MAT 900 – COLLEGE ALGEBRA  
(3 crs. 4 hrs.)  
A comprehensive treatment of the following: real numbers, absolute value, integer and rational exponents, polynomial operations, factoring techniques, roots and radicals, linear and quadratic equations, graphing techniques, systems of linear equations, Gaussian elimination. Introduces the study of functions in preparation for the study of pre-calculus. Demonstration of proficiency in subject matter via departmental final exam is required for successful completion.  
**Prerequisites:** Successful completion of Pre-Algebra and a grade of 45 or higher on the Elementary Algebra portion of the CUNY Mathematics Skills Test (COMPASS) or successful completion of Pre-Algebra and a grade of 88 or higher on the CEAFE exam or (3) MAT R300

**Required Core:** Mathematical and Quantitative Reasoning  
**Flexible Core:** Scientific World (Group E)

MAT 1000 – COLLEGE TRIGONOMETRY  
(3 crs. 3 hrs.)  
Functions, graphing techniques, angle measurement, functions of right angles, linear interpolation, inverse functions, laws of Sines and Cosines, circular functions, formulas, identities, waves and conditional equations.  
**Prerequisite:** MAT 900

MAT 1100 – FINITE MATHEMATICS  
(4 crs. 4 hrs.)  
Analysis of polls, linear programming by graph, introduction to probability, games and game theory, Markov chains, growth and decay problems, savings plans, annuities, amortization and other problems in the mathematics of management, such as PERT, simulation and forecasting. Calculators and/or minicomputers are used to do calculations. Designed as an elective for liberal arts or business students interested in some practical problems solved by mathematics.  
**Prerequisite:** MAT 900

MAT 1200 – CONCEPTS OF MODERN MATHEMATICS  
(4 crs. 4 hrs.)  
Introduction to the spirit of mathematical investigation and mathematical logic including: the prime numbers, the Fundamental Theorem of Arithmetic, the rational and irrational numbers, tiling, congruence and number bases.  
**Prerequisite:** MAT 900

MAT 1300 – SURVEY OF MATHEMATICS AND COMPUTER CONCEPTS  
(4 crs. 4 hrs.)  
To introduce A.A. and A.A.S. students to several branches of mathematics, topics include: probability and statistics, computer programming, logic, the real number system, and linear programming.  
**Prerequisites:** Successful completion of Pre-Algebra and a grade of 45 or higher on the Elementary Algebra portion of the CUNY Mathematics Skills Test (COMPASS) or successful completion of Pre-Algebra and a grade of 88 or higher on the CEAFE exam or MAT R300

MAT 1400 – ANALYTIC GEOMETRY AND PRE-CALCULUS MATHEMATICS  
(4 crs. 4 hrs.)  
This pre-calculus course stresses real numbers, open sentences, functions and relations, and serves as an introduction to analytic geometry and to probability. Recommended for students planning to continue with calculus and/or mathematics electives.  
**Prerequisite:** MAT 900

**Required Core:** Mathematical and Quantitative Reasoning  
**Flexible Core:** Scientific World (Group E)
MAT 1500 – CALCULUS I (4 crs. 4 hrs.)
The first part of a three-semester integrated course in the elements of coordinate geometry, differential and integral calculus, with applications. Algebraic functions of a single variable, the derivative, differentiation formulas, and application to geometry, physics and maximization.
Prerequisite: MAT 1400
Pre/Corequisite: MAT 1000
Required Core: Mathematical and Quantitative Reasoning
Flexible Core: Scientific World (Group E)

MAT 1600 – CALCULUS II (4 crs. 4 hrs.)
Continuation of MAT 1500, with emphasis on transcendental functions and special methods of integration.
Prerequisite: MAT 1500
Required Core: Mathematical and Quantitative Reasoning
Flexible Core: Scientific World (Group E)

MAT 19A0 – STATISTICS AND PROBABILITY IN TODAY’S WORLD (3 crs. 3 hrs.)
Concepts of statistics and probability, their application to today’s world and the ethical use of data to analyze problems and questions. Topics include tabulation and graphing of distributions, central and dispersal tendencies, comparison techniques, correlations and predictive techniques. Instruction and practice in the use of statistical calculators. Students who have completed MAT 2000 or BA/MAT 2200 or MAT/BIO 9100 will not receive credit for this course.
Prerequisites: Successful completion of Pre-Algebra and a grade of 45 or higher on the Elementary Algebra portion of the CUNY Mathematics Skills Test (COMPASS) or successful completion of Pre-Algebra and a grade of 88 or higher on the CAFE exam or (3) MAT R300

MAT 2000 – ELEMENTS OF STATISTICS (3 crs. 3 hrs.)
Introduction to probability and statistics including: tabulation and graphing of distributions, central and dispersion tendencies, comparison techniques, correlations and predictive techniques. Recommended for students planning careers in economics, education, psychology, sociology, computer information systems, occupational therapy and physician assistant. Students who have completed MAT 19A0 or MAT/BA 2200 or MAT/BIO 9100 will not receive credit for this course.
Prerequisites: Successful completion of Pre-Algebra and a grade of 45 or higher on the Elementary Algebra portion of the CUNY Mathematics Skills Test (COMPASS) or successful completion of Pre-Algebra and a grade of 88 or higher on the CAFE exam or (3) MAT R300

MAT 2100 – CALCULUS III (4 crs. 4 hrs.)
Continuation of MAT 1600 with emphasis on partial differentiation, polar coordinates, multiple integration, solid geometry, vectors, and hyperbolic functions.
Prerequisite: MAT 1600 with a grade of C or better

MAT/BA 2200 – BUSINESS STATISTICS (4 crs. 4 hrs.)
An introduction to probability and statistics as they apply to business applications including data summary measures, discrete random variables and probability distributions, sampling methodologies and analysis, hypothesis testing and regression analysis. Special emphasis will be given to solutions of practical business problems. Students who have completed MAT 19A0 or MAT 2000 or MAT/BIO 9100 will not receive credit for this course.
Prerequisites: Successful completion of Pre-Algebra and a grade of 45 or higher on the Elementary Algebra portion of the CUNY Mathematics Skills Test (COMPASS) or successful completion of Pre-Algebra and a grade of 88 or higher on the CAFE exam or MAT R300

MAT 2500 – COLLEGE GEOMETRY (4 crs. 4 hrs.)
Geometry is presented as a branch of contemporary mathematics involving the interrelated study of Euclidean plane and solid geometry with an introduction to non-Euclidean geometrical systems.
Prerequisite: MAT 900

MAT 5500 – DIFFERENTIAL EQUATIONS (3 crs. 4 hrs.)
The solution of ordinary linear differential equations, operational techniques, solution by series, numerical solutions, Laplace transforms, and applications in engineering and the sciences.
Prerequisite: MAT 1500 with a grade of C- or better

MAT 5600 – LINEAR ALGEBRA (3 crs. 4 hrs.)
Study of vector spaces, matrix algebra transformation, and vector analysis.
Prerequisite: MAT 1500 with a grade of C- or better

MAT 81XX – INDEPENDENT STUDY (1-3 crs. 1-3 hrs.)
Independent study of mathematics is developed individually between student and faculty member and must be approved by the department.

MAT 82XX (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.
MAT/BIO 9100, BIOSTATISTICS (4 crs. 4 hrs.)
An introduction to the theories and techniques relating to
probability, statistics and data analysis as pertaining to
biology. Discrete and continuous probability distributions
are studied including binomial, normal and t-distributions.
Classical and Bayesian statistics, estimation, hypothesis
testing will be emphasized. SPSS software will be
introduced and used in the laboratory. Students who
have completed MAT 19A0 or MAT 2000 or MAT/BA
2200 will not receive credit for this course.
Prerequisite: MAT 900
Required Core: Mathematical and Quantitative Reasoning
Flexible Core: Scientific World (Group E)

NURSING

THE A.A.S. IN NURSING HAS A LIMITED NUMBER OF SEATS AVAILABLE FOR ADMISSION EACH SEMESTER.

ALL FIRST-TIME FRESHMAN AND TRANSFER STUDENTS ARE ENROLLED AS LIBERAL ARTS (A.A.) STUDENTS TAKING A SEQUENCE OF COURSES WHICH, ONCE SATISFACTORILY COMPLETED, COULD LEAD TO ENTRANCE INTO THE CLINICAL NURSING MAJOR.

The Nursing Program consists of two components: Pre-Clinical and Clinical.

To be considered for the Clinical component of the Program, students must comply with the following:

1. be enrolled in the Pre-clinical Component. Students must complete an application for Pre-Clinical Nursing during the period noted on the Academic Calendar. This application is obtained in the Registrar's Office. The student must see a nursing counselor to discuss their academic performance and obtain a counselor's signature on the application. The application is submitted to the Nursing Department.

2. pass the CUNY Reading and Writing exams and parts 1 and 2 of the COMPASS Math Skills Test and/or complete any required remediation before completion of the four (4) courses in the Pre-Clinical Sequence;

3. complete the four (4) courses in the Pre-Clinical Sequence: ENG 1200, PSY 1100, BIO 1100 and SCI 2500;

4. complete the four courses in the Pre-Clinical Sequence with at least a grade point average of 2.5 and earn at least two (2) B's (one of which must be in SCI 2500 or BIO 1100);

5. students who have repeated and/or withdrawn from any of the Pre-Clinical sequence courses may not be considered for admission to the Nursing program;

6. all grades received for courses taken in the Pre-Clinical Sequence at Kingsborough will be included in the Pre-Clinical average computation;

7. submit transcripts from other colleges (NOTE: Letter grades received in the Pre-Clinical sequence courses at other colleges will be used to determine eligibility for admission); any biological sciences course more than 10 years old will not be accepted for exemption or credit;

8. perform satisfactorily on the Test of Essential Academic Skills (TEAS).and;

9. transfer students from other colleges must be in good academic standing. Students who are on academic probation or have been administratively dismissed from a Nursing program at a previous school are not eligible for admission to the Nursing program.

Students who successfully complete the prescribed Pre-Clinical Sequence requirements may formally file for enrollment into the Clinical component of the Nursing Program. Application forms for the Clinical component of the Nursing Program are available in the Nursing Department Office (M-401). The completed form should be filed in that office during the fall or spring semester in which the student expects to complete the pre-clinical requirements. Students completing the requirements during the summer or winter module should file their applications in the following semester. Specific filing dates are available in the Nursing Department Office.

Completion of the above conditions (1–8) does not guarantee admission into the Clinical component of the Nursing Program. Admission into the Clinical component will be based on space availability, the Pre-Clinical Sequence average and the Test of Essential Academic Skills (TEAS) results.

Qualified applicants who are not admitted to the Clinical component due to lack of available space will not be placed on a waiting list or be given preferential admission into a later class. These students should consult with a nursing counselor in Room M-101 to discuss further options.

Licensed Practical Nurses who are accepted into the Clinical phase of the Nursing Program may receive credit for NUR 1800 (Fundamentals of Nursing) by earning a grade of C or better in the National League for Nursing (NLN) ACE exam. Credit for NUR 1700 (Calculations for Medication Administration), may be earned by passing the Nursing Department examination with a grade of B or higher.

Starting in the fall 2009 semester, in order to advance into nursing clinicals, students must provide documentation for one of the following categories:

1) U.S. Citizenship
2) Permanent Residency
3) International Student with F1 Status
4) Granted Asylum, Refugee Status, Temporary Protected Status, Withholding of Removal, Deferred Enforced Departure; or Deferred Action Status by the U.S. government
Retention Criteria

A large number of those students who are accepted into the Clinical component of the Nursing Program, complete the Nursing Program.

Criteria for retention in the Nursing Program mandates that students:

1) Earn a minimum of a C grade in every required Nursing and co-requisite course.

2) Students who achieve a C- grade in a required clinical nursing course may apply to repeat the course one time only in the semester immediately following, subject to space availability. The minimum grade for clinical courses that are repeated is a B. The “Intent to Return to Nursing Course” form is available on the KCC Nursing Department website under “Forms”. This must be completed with a plan of success that demonstrates significant changes in how the course material will be mastered when repeated. Only one required nursing course may be repeated.

3) Students who enter NUR 1700 and NUR 1800 must complete the Nursing program within four years from the date of entry into these courses. Any student who has not attended nursing courses for two or more consecutive semesters cannot be readmitted into the Nursing Program unless qualifying examinations have been passed in the required nursing courses previously completed successfully. Qualifying examinations may be repeated only once.

4) Students must achieve a grade of B in order to pass NUR 1700.

5) Students in the clinical component can only appeal the retention criteria one time.

6) Students in the clinical component can only withdraw once and must be passing to do so.

Nursing students who enter NUR 1700 and NUR 1800 for the first time must complete the Nursing Program within four years from the date of entry into the core nursing courses. Any student who has not attended nursing courses for two or more consecutive semesters cannot be readmitted into the Nursing Program unless qualifying examinations have been passed in the required nursing courses previously completed successfully. In accordance with the retention criteria of the Nursing Department, qualifying examinations may be repeated only once.

Drug Calculation Policy

As of fall 1989, NUR 1700, “Calculations for Medication Administration” is a pre/corequisite for NUR 1800 and a prerequisite to all other nursing courses. Throughout the rest of the program, drug knowledge and skills will be integrated and tested in every nursing course.

Pre-NCLEX RN Examination

All students must take the ATI RN Comprehensive Predictor examination while enrolled in their last clinical nursing course.

Malpractice Insurance – Health Clearance – CPR Certification

Prior to registration, students entering nursing courses in which there are laboratory experiences in hospitals and other health agencies, are required to have malpractice insurance, health clearance and a CPR (BLS) certificate. The insurance policy, CPR (BLS) certificate, and health clearance must be satisfactory for the entire semester. Information on malpractice insurance and/or CPR is available in the Nursing Department Office (M-401); information on health requirements, from the Health Services Office (A-108).

NOTES:
(a) Clinical Nursing students incur the expenses of purchasing a required uniform and equipment necessary for clinical practice in health care agencies.

(b) The academic requirements in the Nursing curriculum are demanding and students are cautioned to plan their work schedules or extracurricular activities with this in mind.

Legal Limitations for State Licensure

Requirements for licensure as a Registered Professional Nurse (RN) in New York State includes: having attained the age of eighteen years or more, the successful completion of the A.A.S. Degree Program in Nursing, passing the National Council Licensing Examination and being of good moral character. The Office of Professional Discipline investigates all applicants with prior criminal conviction(s) and/or pending criminal charges (felony or misdemeanor). Following its investigation, a determination will be made as to the applicant’s eligibility for licensure.

The majority of students who complete the Nursing Program requirements and graduate from Kingsborough pass the licensing examination (NCLEX-RN) on their first attempt. Most graduates are employed in acute care or long-term care facilities.
NUR 1700 – CALCULATIONS FOR MEDICATION ADMINISTRATION (1 cr. 2 hrs.)
The course introduces beginning level students to acquire knowledge and develop proficiency for accurately computing medication dosages for various methods of administration to patients across the lifespan. Topics include systems of measurement, equivalents and conversions, selected abbreviations and computation of medication dosages. Content will be reinforced and tested in subsequent nursing courses. It is essential for students to engage in additional practice in order to develop proficiency. Provisions are available for additional time and tutorial assistance in the college laboratory. Classroom instruction will be held weekly throughout the semester.

Prerequisite: Passing grade on the COMPASS Math Skills Test or Math M200
Pre/Corequisite: NUR 1800 or the equivalent

NUR 1800 – FUNDAMENTALS OF NURSING (7 hrs. 13 hrs.)
Beginning level clinical nursing students are introduced to basic nursing knowledge and skills including dependent, independent and interdependent functions of the nurse. This course is designed to introduce the beginning student to the following concepts: Quality and Safety for Nurses (QSEN) Initiative incorporating patient centered care, teamwork and collaboration, evidenced based practice, safety, quality improvement and informatics; the nursing process; and the Categories of Client Needs.

Classroom instruction and laboratory sessions, at the college and in selected health agencies, are held weekly throughout the semester. During the college laboratory, concepts and principles discussed in previous classes are used as the basis for performing therapeutic nursing interventions. The health agency experiences are utilized to extend learning. Each clinical experience is preceded and followed by a conference where the expected student learning outcomes are discussed and evaluated. Individual and group assignments are utilized for laboratory experiences. Class work for the typical week consists of: classroom instruction – four (4) hours, college laboratory – two (2) hours and health agency experiences – seven (7) hours. It is mandatory for students to engage in additional practice for the development of skills. Provisions are available for additional time in the college laboratory for practice.

Prerequisites: BIO 1100, PSY 1100, SCI 2500; ENG 1200 or ENG 2400 if exempt from ENG 1200
Pre/Corequisites: NUR 1700 and BIO 1200

NUR 1900 – FAMILY CENTERED MATERNITY NURSING (4 hrs. 14 hrs. One-half semester)
This course present facts, principles and concepts relevant to the care of individuals and families during the reproductive years of the life cycle and introduces the student to family centered maternity nursing. Recognizing the impact of pregnancy on the individual and family, the student develops an awareness of the physiological and psychosocial needs of the patient that may occur during the childbearing years. This is addressed through Quality and Safety for Nurses (QSEN) Initiative incorporating the concepts of patient centered care, teamwork and collaboration, evidence based practice, safety, quality improvement and informatics; the nursing process; and the Categories of Client Needs.

Classroom instruction and laboratory sessions, at the college and in selected health agencies, are held weekly throughout the semester. Classwork for the typical week will consist of: five (5) hours of classroom instruction, one (1) hour college laboratory/simulation, eight (8) hours health agency experience. It is essential for students to engage in additional practice for the maintenance of skills. Provisions are available for additional time in the college laboratory for practice.

Prerequisites: NUR 2000 and NUR 2200
Pre/Corequisites: SOC 3100 and ENG 2400

NUR 2000 – NURSING THE EMOTIONALLY ILL (4 hrs. 14 hrs. One-half semester)
This course focuses on Nursing care of emotionally ill patients who are experiencing difficulty meeting psychosocial needs. It also focuses on how emotional illness affects the needs of the individual and family in their efforts to adapt to stressors. The physiological and psychological needs of the patient are addressed through Quality and Safety for Nurses (QSEN) Initiative incorporating the concepts of patient centered care, teamwork and collaboration, evidence based practice, safety, quality improvement and informatics; the nursing process; and the Categories of Client Needs. Students are also introduced to the principles of management of patient groups.

Class work for a typical week consists of: five (5) hours classroom instruction, one (1) hour weekly college laboratory/simulation, and eight (8) hours of health agency experiences. It is essential for students to engage in additional practice for further development of skills. Provisions are available for additional time in the college laboratory for practice.

Prerequisite: NUR 2100
Pre/Corequisite: PSY 3200
Recommended: SOC 3100 and ENG 2400
NUR 2100 – NURSING THE ILL ADULT I (9 crs. 16 hrs.)
Nursing the adult patient with common recurring health problems includes nursing interventions based on physiological and psychological needs of adult patients. This course introduces the students to the nursing care of the adult patient who has common recurring health problems. The physiological and psychological needs of the adult patient are addressed through Quality and Safety for Nurses (QSEN) Initiative incorporating the concepts of patient centered care, teamwork and collaboration, evidence based practice, safety, quality improvement and informatics; the nursing process; and the Categories of Client Needs.

Classroom instruction and laboratory sessions, at the college and in selected health agencies, are held weekly throughout the semester. Learning is enhanced through simulations performed weekly in the college laboratory. Class work for typical week consists of: five (5) hours of classroom instruction, three (3) hours of college laboratory/simulation, and eight (8) hours of health agency experiences. Laboratory sessions are on campus and in hospitals or other health agencies. It is essential for students to engage in additional practice for further development of skills. Provisions are available for additional time in the college laboratory for practice.

Prerequisites: NUR 1700, NUR 1800
Pre/Corequisite: BIO 5100 (Students can not continue in NUR 2100 if they withdraw from BIO 5100)

NUR 2200 – NURSING THE ILL ADULT II (5 crs. 17 hrs. One-half semester)
Nursing of the adult patient with common recurring health alterations includes advanced nursing interventions based on physiological and psychological needs of adult patients. This course builds on concepts of commonly recurring health alterations presented in Nursing the Ill Adult I (NUR 21). The physiological and psychological needs of the adult patient are addressed through Quality and Safety for Nurses (QSEN) Initiative incorporating the concepts of patient centered care, teamwork and collaboration, evidence based practice, safety, quality improvement and informatics; the nursing process; and the Categories of Client Needs. The principles of priority setting, leadership and delegation are incorporated throughout the course.

Class work for typical week consists of: six (6) hours of classroom instruction, three (3) hours of college laboratory/simulation, and eight (8) hours of health agency experiences. Laboratory sessions are on campus and in hospitals or other health agencies. It is essential for students to engage in additional practice for further development of skills. Provisions are available for additional time in the college laboratory for practice.

Prerequisite: NUR 2100
Pre/Corequisite: PSY 3200
Recommended: SOC 3100 and ENG 2400

NUR 2300 – NURSING OF CHILDREN (5 crs. 17 hrs. One-half semester)
This course introduces the students to nursing care of children, from infancy through adolescence, and their families. The students will develop an awareness of the physiological and psychosocial needs of children. The needs of the children are addressed through Quality and Safety for Nurses (QSEN) Initiative incorporating the concepts of patient centered care, teamwork and collaboration, evidence based practice, safety, quality improvement and informatics; the nursing process; and the Categories of Client Needs.

Learning experiences will include health care maintenance of children as well as concepts relevant to hospitalized children. Class work for typical week consists of: six (6) hours of classroom instruction, three (3) hours of college laboratory/simulation, and eight (8) hours of health agency experiences. Laboratory sessions are on campus and in hospitals or other health agencies. It is essential for students to engage in additional practice for further development of skills. Provisions are available for additional time in the college laboratory for practice.

Prerequisites: NUR 2000, NUR 2200
Pre/Corequisites: SOC 3100, ENG 2400
NUR 2400 – ISSUES IN NURSING (1 cr. 1 hr.)
This course is a survey of issues/transitions faced by the beginning Associate Degree Nurse as an individual and as a member of the nursing profession. The history of nursing, the role and responsibilities of the nurse, legal aspects of practice and issues and current trends in nursing are discussed. Instruction may be in the classroom, online, or both (hybrid).
Prerequisites: NUR 2000, NUR 2200
Pre/Corequisites: NUR 1900, NUR 2300, SOC 3100, ENG 2400

ELECTIVES:

NUR 2700 – PATHOPHYSIOLOGY (3 crs. 3 hrs.)
Physiologic and pathophysiologic mechanisms that act singly or in concert to produce alterations on a cellular, tissue, organ, system level as well as on the total human organism. Emphasis is placed on underlying concepts that create recurrent patterns of cellular dysfunction and progression to alterations in system function and interweaves development across the lifespan with disease processes.
Pre/Corequisites: BIO 1200, SCI 2500 or department permission required

NUR 2900 – ALTERNATIVE HEALTH CARE MODALITIES (3 crs. 3 hrs.)
Introduction to complementary and alternative health care treatments such as herbal remedies, massage, acupuncture and meditation and their use in both disease management and health promotion.

NUR 4100 – EMERGENCY HEALTH CARE (2 crs. 2 hrs.)
Enhances knowledge of actual and potential environmental hazards, explores cardiopulmonary emergencies and identifies appropriate action(s). Techniques for taking vital signs and techniques of basic cardiac life support CPR, (cardiopulmonary resuscitation) are demonstrated.

NUR 4200 – PARENTING (3 crs. 3 hrs.)
Theory and concepts relating to the interaction between parents and children from infancy to early adulthood. Participants explore effective parenting skills to assist in personal growth.

NUR 4300 – PERSPECTIVES ON DEATH AND DYING (3 crs. 3 hrs.)
The dynamics of death and dying for the purpose of understanding one's own feelings and attitudes so that meaningful assistance may be given to the dying individual and the family are examined. The ethical/moral and legal problems arising from such controversial issues as advanced medical treatment; strategies, abortion, suicide and euthanasia are explored.
Prerequisites: PSY 1100 or SOC 3100 or department permission. Open to all students.

NUR 4400 – DIET IN HEALTH AND ILLNESS (2 crs. 2 hrs.)
The nature of food and fluid intake in healthy and in ill individuals. Cultural differences, the age variable and dietary modifications are examined.
Prerequisite: NUR 1800

NUR 4500 – PHARMACOLOGY IN HEALTH AND DISEASE (3 crs. 3 hrs.)
Intended for individuals of any background who desire information regarding safe use of prescription and non-prescription drugs. Emphasis will be placed on the impact of safe drug use on promoting and maintaining health. This course will also examine how drugs affect the body by changing many of its normal mechanisms and thereby contributing to health problems.
Prerequisite: NUR 1800

NUR 4600 – TRANSCULTURAL PERSPECTIVES IN HEALTH CARE (3 crs. 3 hrs.)
Introduction to the field of transcultural health care. Provides an anthropological approach to healing, health values and practices of selected groups. Explores the roles of health professionals in reconciling ethnocentric health care values with health practices of culturally diverse groups.
Prerequisite: NUR 1800

NUR 4700 – NURSING IN THE COMMUNITY (3 crs. 3 hrs.)
Introduction to current home health care delivery systems; regulatory agencies; reimbursement mechanisms (insurance, private pay, Medicaid, Medicare); and roles and levels of care providers. Proposed Federal, State, City and private initiatives, planned changes in utilization and providers as well as accreditation and quality assurance programs will be explained. Options and skills to negotiate and obtain home care services for individuals and families will be discussed.
Prerequisite: NUR 1800
NUR 4800 – INTRODUCTION TO BASIC HEALTH ASSESSMENT AND PHYSICAL EXAMINATION OF THE ADULT (3 crs. 4 hrs.)
Introduction to the basic knowledge and skills required to perform a comprehensive health assessment of an adult. The compilation of a health history, interview techniques and a regional approach to the physical examination of the adult will be introduced and practiced. A synthesis of the physical, psychosocial, developmental and cultural assessments will prepare students to develop a holistic statement of the health status of an adult individual.
Prerequisite: NUR 1800

NUR 4900 – EKG RHYTHM RECOGNITION (3 crs. 3 hrs.)
An intermediate level course that builds on basic cardiac knowledge. The advanced knowledge and skill necessary to visually recognize, understand and treat cardiac rhythm disturbances.
Prerequisite: NUR 1800 or department permission

NUR 5000 – PAIN MANAGEMENT STRATEGIES (3 crs. 3 hrs.)
The role of the nurse, physician, other health care professionals, and caretakers in the pain management of clients, including a focus on the terminally ill as well as the chronically pained client. In this course, students will gain knowledge of both traditional pharmacological strategies as well as non-traditional alternative therapies.
Prerequisite: PSY 1100

NUR 5100 – END OF LIFE ISSUES, HOSPICE AND PALLIATIVE CARE (3 crs. 3 hrs.)
The role of the nurse, physician, other health care professionals, and caretakers in the provision of care for the dying patient and family members. The students will gain knowledge of end of life issues, care, understand the philosophy of hospice and palliative care, and identify appropriate interventions when working with the terminally ill patient and grieving family members.
Prerequisite: PSY 1100 and/or department permission

NUR 82XX (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

A.A.S. IN SURGICAL TECHNOLOGY
The A.A.S. in Surgical Technology has a limited number of seats available for admission. The courses are offered once per academic year.

The Surgical Technology Program provides the professional skills required for a career in health care. The program introduces the student to the theory and practice of Surgical Technology and Perioperative practice in the classroom, laboratory and actual clinical setting. Students are prepared to function as a professional member of the surgical team by demonstrating knowledge of aseptic techniques, surgical procedures and instrumentation. The learning environment for students facilitates the development of knowledge, skills and values for professional development. The students garner sufficient background to be able to assimilate the policies and procedures of any health care institution consistent with their scope of practice in New York State. Upon completion of the program, graduates are eligible to take the National Board of Surgical Technology and Surgical Assisting (NBSTSA).

Career Opportunities
Surgical Technologists are crucial members of the surgical team. They are employed in hospital operating rooms, delivery rooms, cast rooms, ambulatory care units and central supply departments. They are utilized in clinic, ophthalmologists, physician and dentists’ offices. With a broad educational background combined with the specialized focus they possess, Surgical Technologists’ function very well in diverse areas as medical sales, product development and research, laser technology and bio-medical engineering.

Admission Requirements
To be considered for the Surgical Technology Program, students must pass the CUNY Reading and Writing exams and parts 1 and 2 of the COMPASS Math Skills Test or MAT M200.

The student must achieve a minimum average of 2.5 in all courses required for the program. Courses from other colleges to be applied toward program requirements must have grades submitted for them.

Retention Criteria
Criteria for retention in the Surgical Technology Program mandates that students:

1. Receive no more that two grades below C in any of the pre or corequisite courses.
2. Earn a minimum of C in all Surgical Technology courses.
3. Students earning less than a C grade in a Surgical
Technology course may repeat the course one time (subject to space availability). The minimum grade for courses that are repeated is a B.

4. A second earned grade of less than C in any Surgical Technology course will result in dismissal from the Program.

5. Clinical Performance in the Practicum must be at a satisfactory level to remain in the program.

Any student who has not attended nursing courses for two or more consecutive semesters cannot be readmitted into the Surgical Technology Program unless qualifying examinations have been passed in sequential order in the courses previously completed. In accordance with the retention criteria of the Nursing Department, these examinations can be repeated only once. In addition, the student must demonstrate clinical competency by passing a Clinical Practicum examination prior to returning to any of the clinical courses.

**Practicum Courses**

Following the successful completion of the first semester of the program, students will enroll in Practicum Courses and will participate in actual surgical procedures in the operating rooms at various clinical agencies.

**Practicum Requirements**

**Course Completion:**

The student must complete and achieve a grade of C in the following courses prior to placement in the first practicum:

- ENG 1200
- BIO 1100
- ST 100
- ST 200

**Health Clearance – Malpractice Insurance – CPR Certification**

Prior to registration for the practicum, students in Surgical Technology are required to obtain health clearance from the Kingsborough Community College Office of Health Services (Room A-108). Students should obtain information regarding annual physical examination, immunization, tuberculosis testing and forms from the Office of Health Services (Room A-108). Students must obtain malpractice insurance that is valid for the entire semester and provide documentation of this to the Nursing Department (Room M-401) prior to registration. Students must also obtain CPR (BLS) certification and provide documentation to the Nursing Department prior to registration in the first Practicum.

*Information on obtaining BLS certification and malpractice insurance is available in the Nursing Department office, Room M-401.*

Students are required to purchase a lab coat and KCC patch. They may opt to purchase individual protective goggles.

The academic requirements are demanding and students are cautioned to plan their work schedules and extra curricular activities with this in mind.

**SURGICAL TECHNOLOGY**

**ST 100 - SURGICAL TECHNOLOGY I**

**(3 credits, 3 hours)**

Comprehensive study of the operative environment, professional roles, communications techniques and ethical responsibilities.

**Corequisite:** ST 200

**Prerequisites:** BIO 1100, ENG 1200

**ST 200 - SURGICAL TECHNOLOGY II**

**(2 credits, 6 hours (2 lecture, 4 lab)**

Provides theoretical knowledge for the application of essential skills during the perioperative phase of patient care. It introduces the student to the practice of surgical technology with a focus on those skills necessary for function in the scrub role.

**Corequisite:** ST 100

**Prerequisites:** BIO 1100, ENG 1200

**ST 300 - SURGICAL TECHNOLOGY III**

**(4 credits, 4 hours)**

Principles and the practice of surgical technology with a focus on those functions that impact the circulating role. Introduction to surgical pharmacology, anesthesia and wound healing physiology.

**Prerequisite:** ST 100, ST 200

**Corequisite:** ST 300

**ST 400 - SURGICAL PROCEDURES**

**(3 crs. 3 hrs.)**

Introduction to each anatomical system with a focused review of pathology in conjunction with those specific procedures performed. The instrumentation and surgical modalities of each specialty will be covered as they relate to the practice of surgical technology. Surgical specialties include general, gastrointestinal, biliary, gynecologic, ear-nose and thoracic surgery, plastic and pediatric surgery.

**Pre/Corequisites:** BIO 1100, NUR 4500

**ST 4500 - SURGICAL PHARMACOLOGY**

**(3 credits, 3 hours)**

The study of pharmacology relevant to the preparation, distribution and administration of those medications commonly used in the operating room environment. Concepts of intended therapeutic effects, side effects and adverse effects are covered. *Course is only open to Surgical Technology majors (code 056). Prerequisite: ST 100*
ST 500 - ADVANCED SURGICAL PROCEDURES  
(4 credits, 4 hours)  
Continuation of anatomical systems with a focused review of pathology in conjunction with specific procedures performed. The instrumentation and surgical modalities of each specialty will be covered as they relate to the practice of Surgical Technology. The advanced surgical specialties include Ophthalmic, Vascular, Ortho-pedic, Neurosurgery, Thoracic, Cardiac, Trauma and Transplant.  
Prerequisite: ST 400, ST 4P00  
Corequisite: ST 5P00  
Pre/Corequisite: BIO 5100

ST 600 - PROFESSIONAL STRATEGIES FOR THE SURGICAL TECHNOLOGIST (3 crs. 3 hrs.)  
Prepares students for both certification and life in the work force. It is both a review course for certification as well as development of job-seeking skills to ensure that the student succeeds in a career path. Resume writing and interviewing techniques are covered as a requirement for the Certified Surgical Technologist for recertification and continuing education throughout his/her career.  
Prerequisite: ST 500, ST 5P00  
Corequisite: ST 6P00

ST 3P00 - PRACTICUM I  
(2 credits, 8 clinical hours)  
Provides the student individualized experience in practice in the field. Emphasis is placed demonstrating proficiency necessary to participate in surgical procedures.  
Prerequisite: ST 100, ST 200  
Corequisite: ST 300

ST 4P00 - PRACTICUM II  
(2 credits, 8 clinical hours)  
Provides the student with individualized experience in practice in the field. Emphasis is placed on demonstrating proficiency in skills necessary and participating in basic surgical procedures.  
Prerequisite: ST 300, ST 3P00  
Corequisite: ST 400

ST 5P00 - PRACTICUM III  
(3 credits, 16 clinical hours)  
Continuation of individualized experiences in practice in the field. Emphasis is placed on demonstrating proficiency in skills necessary for participating in the advanced specialties.  
Prerequisite: ST 400, ST 4P00  
Corequisite: ST 500

ST 6P00 - PRACTICUM IV (3 credits, 16 clinical hours)  
Provides the student with individualized experience in the field. Emphasis is placed on demonstrating proficiency in skills necessary for independent practice.  
Prerequisite: ST 500, ST 5P00  
Corequisite: ST 600

A.A.S. IN EMERGENCY MEDICAL SERVICES – PARAMEDIC (EMS-P)  
The A.A.S. in Emergency Medical Services has a limited number of seats available for admission. Once students satisfactorily complete a sequence of courses, they will be considered for entrance into the EMS major.  
The Paramedic Program provides the professional skills and knowledge for a health care career as an entry-level Paramedic. The Paramedic is the highest level of the health care provider outside of the hospital setting. The program introduces the theory and practice of Emergency Medical Services and the role of the Paramedic in the area of pre-hospital care via the classroom, laboratory and actual clinical settings such as hospitals and ambulances. After successful completion of the program, students will be eligible to sit for the Paramedic-level examination in New York City, New York State and the National Registry.  
The Paramedic Program consists of two components: Pre-Clinical and Clinical.  

Admission Requirements  
To be considered for the Paramedic Program, students must pass the CUNY Reading and Writing exams and parts 1 and 2 of the COMPASS Math Skills Test or MAT M200. Students must be out of remediation in order to take EMS 100.  
Students must also have a minimum of 200 patient contact hours as an Emergency Medical Technician (EMT) prior to registration for any paramedic-level courses, starting with EMS 210.  
To complete the program, students must achieve a minimum average of 2.0 in all courses required for the program. Courses from other colleges to be applied toward program requirements must have official transcripts of the courses with final grades.  
In order to receive an Emergency Medical Services-Paramedic A.A.S., a student is required to have completed the final 24 credits toward that degree while enrolled at Kingsborough.  

Certification Requirements  
According to New York State Department of Health Bureau of Emergency Medical Services (NYS DOH BEMS) policy, the requirements for all EMT5/Paramedics are:  
• Complete the Application for Emergency Medical Services Certification (DOH-65), including affirmation regarding criminal convictions  
• Successfully complete an approved New York State EMT-B or AEMT course  
• Achieve a passing score on the practical and written certification examinations
• Must be at least 18 years of age by the end of the month in which they are scheduled to take the written certification examination
• Knowledge and skills required show need for high school or equivalent education
• Ability to communicate effectively via telephone and radio equipment
• Ability to lift, carry and balance up to 125 pounds (250 pounds with assistance)
• Ability to interpret oral, written and diagnostic form instructions
• Ability to use good judgment and remain calm in high stress situations
• Ability to be unaffected by loud noises and flashing lights
• Ability to function efficiently without interruption throughout an entire work shift
• Ability to calculate weight and volume ratios
• Ability to read English language, manuals and road maps
• Ability to accurately discern street signs and addresses
• Ability to interview patients, patient family members and bystanders
• Ability to document, in writing, all relevant information in prescribed format in light of legal ramifications of such
• Ability to converse, in English, with coworkers and hospital staff with regard to the status of the patient
• Possesses good manual dexterity with ability to perform all tasks related to the highest quality patient care
• Ability to bend, stoop and crawl on uneven terrain
• Ability to withstand varied environmental conditions such as extreme heat, cold and moisture
• Ability to work in low light situations and confined spaces
• Ability to work with other providers to make appropriate patient care decisions

New York State DOH BEMS policy on criminal conviction:
In accordance with the provisions of the State Emergency Medical Services (EMS) Code - 10 NYCRR Part 800, applicants for EMS certification or recertification must not have been convicted of certain misdemeanors or felonies. The department will review all criminal convictions from any federal, military, state and/or local jurisdiction to determine if such convictions fall within the scope of those specified in Part 800, or to determine if the applicant for certification represents a potential risk or danger to patients or the public at large.

The regulation does not prevent an applicant with a criminal conviction from attending and completing all of the requirements of an EMS course. However, it may prevent the applicant from becoming certified in New York State until the department has conducted a review and investigation of the circumstances of the conviction(s) and made a determination that the applicant does not demonstrate a risk or danger to patients. For more information about this NYS DOH BEMS policy, please refer to www.health.ny.gov/professionals/ems/policy/09-05.htm.

Retention criteria
Criteria for retention in the Paramedic Program mandates that students:

1. Receive no more than two grades below C in any of the prerequisite or corequisite courses.
2. Earn a minimum of C in all EMS courses such as EMS 100, EMS 101, EMS 210, EMS 211, EMS 220, EMS 221, EMS 230, EMS 231, EMS 240 and EMS 241.
3. Earning less than a C grade in an EMS course may repeat the course ONE TIME (subject to space availability). The minimum grade for courses that are repeated is a B.
4. Who earn a second grade of less than C in any EMS course will be dismissed from the Paramedic Program.
5. Must perform at a satisfactory level in the Clinical courses in order to remain in the program.

Any student who has not attended EMS courses for two or more consecutive semesters cannot be readmitted into the Paramedic Program unless qualifying examinations have been passed in sequential order of the courses previously completed. These qualifying examinations can be repeated only once. In addition, the student must demonstrate clinical competency by passing a clinical practical examination prior to returning to any of the clinical courses.
Paramedic Clinical courses

Following the successful completion of the EMT component of the program, students will enroll in paramedic-level clinical courses and will participate in actual patient care on ambulances and in various departments at different hospitals.

Clinical Requirements

Course completion:
The student must complete and achieve a grade of C in the following courses prior to placement in the first Paramedic-level course, starting with EMS 210:

- EMS 100
- EMS 101
- ENG 12
- ENG 24
- BIO 11
- BIO 12
- PSY 11
- Any 3-credit math course

Health Clearance, Malpractice Insurance and CPR certification

Prior to the registration for the practicum, students in the Paramedic Program are required to obtain health clearance from the Kingsborough Community College Office of Health Services (Room A-108). Students can obtain information regarding annual physical examination, immunizations, and tuberculosis testing from the Office of Health Services.

Prior to registration of their first practicum, students must also obtain CPR certification and provide documentation of malpractice insurance valid for the entire semester to the Paramedic Program office (Room V-101). Information on obtaining CPR certification and malpractice insurance is available in the Paramedic Program office.

Students are required to purchase uniforms as per the policy and procedures of the Paramedic Program. They may opt to purchase individual protective goggles.

This program’s academic requirements are demanding, and students are cautioned to plan their work schedules and extracurricular activities with this in mind. In addition to the classroom and laboratory hour requirements, students are required to, at a minimum, participate in one eight-hour clinical rotation at a hospital and two eight-hour rotations on an ambulance per week.

Both the New York State Department of Health Bureau of Emergency Medical Services and the New York State Education Department have approved Kingsborough Community College to offer the Paramedic Program.

Disability Services

It is college policy to provide reasonable accommodations to students with disabilities. Any student with a documented disability who may need accommodations is requested to speak directly to Access-Ability Services, D-205, (718) 368-5175. All discussions will remain confidential.

EMERGENCY MEDICAL SERVICES

EMS 100 – Emergency Medical Technician - Basic (5 crs. 12 hrs.)

This course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as an emergency medical technician (EMT). It reviews material including but not limited to: overview of emergency medical services (EMS); EMS systems; roles of EMTs and paramedics; basic anatomy and physiology; preparatory and basic airway management; cardiopulmonary resuscitation (CPR); patient assessment; medical/behavioral/obstetrical/gynecological, traumatic, medical emergencies for neonate, pediatric, adult and geriatric patients. Lab work includes bleeding control, CPR, patient assessment and management, splinting, patient immobilization, moving techniques, and ambulance operations. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. Students must satisfactorily perform all practical skills in order to successfully complete the course.

Prerequisites: Passing score on the CUNY Reading and Writing Exams and the COMPASS Math Skills Test, successful completion of all developmental courses, or department permission.
EMS 101 – EMT - Basic Clinical I (1 cr. 12 hrs. for six weeks)
This course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as an emergency medical technician (EMT). It reviews material including but not limited to: infants and children; other special populations; ambulance operations; and working as part of a pre-hospital care team including paramedics. Lab work includes: bleeding control; CPR; patient assessment and management; splinting; patient immobilization; moving techniques; and weapons of mass destruction (WMD) awareness. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. Students must satisfactorily perform all practical skills in order to successfully complete the course. The number of minimum patient experiences is delineated. Some students, however, may be required to schedule additional shifts to acquire an acceptable minimum of competencies and experiences.

Offered only during winter or summer module.
Prerequisite: EMS 100

EMS 210 – PARAMEDIC I (7 crs. 16 hrs.)
This course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as a paramedic. It will review material including but not limited to: overview of emergency medical services (EMS); EMS systems; the role of the paramedic; introduction to National Standards Curriculum; preparatory, advanced anatomy and physiology and advanced airway management; and patient assessment and management. Lab work includes: patient assessment and management; bleeding control; fracture management; intravenous (IV) access techniques; endotracheal intubation; calculating dosages; preparing medications for administration; and practice in all administration techniques. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. Students must satisfactorily perform all practical skills in order to successfully complete the course.

Prerequisites: EMS 101, BIO 1200, ENG 2400, PSY 1100, any 3-credit math course
Corequisite: EMS 211

EMS 211 – PARAMEDIC CLINICAL I (2 crs. 15 hrs.)
This clinical course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as a paramedic. It is designed to introduce the student to the clinical aspect in the field of emergency medical services in specific areas of preparatory and advanced airway in the setting of a hospital department (clinical) and/or ambulance (field). Students will participate in a series of clinical/field rotations of 8-hour shifts either in a hospital department or on an ambulance. Clinical/field rotations include areas such as adult and pediatric emergency departments, critical care units, morgue, operating room, psychiatric units, labor and delivery, other hospital departments (as needed) and basic and advanced life support ambulances. Lab work includes: patient assessment and management; bleeding control; fracture management; intravenous (IV) access techniques; endotracheal intubation; calculating dosages; preparing medications for administration; and practice in all administration techniques. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. The number of minimum patient experiences is delineated. Some students, however, may be required to schedule additional shifts to acquire an acceptable minimum of competencies and experiences. Students must satisfactorily perform all practical skills in order to successfully complete the course. This course is the first of a four-course clinical sequence. NOTE: Since paramedic students are already NYS-certified EMTs, they are expected to participate in patient care (under direct supervision of a preceptor) up to their level of training.

Offered only during winter or summer module.

Prerequisites: EMS 210, BIO 1200, ENG 2400, PSY 1100, any 3-credit math course
Corequisite: EMS 221

EMS 220 – PARAMEDIC II (5 crs. 16 hrs.)
This course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as a paramedic. It reviews material including but not limited to: assessment and management of the medical and trauma patient; selecting and implementing an appropriate treatment plan for a wide range of complaints including respiratory, cardiovascular, neurological, environmental and obstetrical emergencies; introduction to pre-hospital pharmacology; and introduction to electrocardiogram monitoring. Lab work involves: patient assessment and management; bleeding control; advanced fracture management; intravenous (IV) access techniques; endotracheal intubation; calculating dosages; preparing medications for administration and practice in all administration techniques. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. Students must satisfactorily perform all practical skills in order to successfully complete the course.

Prerequisites: EMS 210 and EMS 211
Corequisite: EMS 222
EMS 221 – PARAMEDIC CLINICAL II (3 crs. 15 hrs.)
This clinical course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as a paramedic. It is designed to continue the student experience in the clinical aspect of the field of emergency medical services in specific areas of preparatory, advanced airway management, trauma and medical in the setting of a hospital department (clinical) and/or ambulance (field). Students will participate in a series of clinical/field rotations of 8-hour shifts either in a hospital department or an ambulance. Clinical/field rotations include areas such as adult and pediatric emergency departments, critical care units, morgue, operating room, psychiatric units, labor and delivery, other hospital departments (as needed) and basic and advanced life support ambulances. Lab work includes: patient assessment and management; intravenous (IV) access techniques; endotracheal intubation; calculating dosages; preparing medications for administration and practice in all administration techniques. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. The number of minimum patient experiences is delineated. Some students, however, may be required to schedule additional shifts to acquire an acceptable minimum of competencies and experiences. Students must satisfactorily perform all practical skills in order to successfully complete the course. This course is the second of a four-course clinical sequence. NOTE: Since paramedic students are already NYS-certified EMTS, they are expected to participate in patient care (under direct supervision of a preceptor) up to their level of training. Offered only during winter or summer module.
Prerequisites: EMS 210 and EMS 211
Corequisite: EMS 220

EMS 230 – PARAMEDIC III (7 crs. 16 hrs.)
This course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as a paramedic. It reviews material including but not limited to: special considerations; environmental emergencies; assessment-based management; selecting and implementing an appropriate treatment plan for a wide range of complaints including respiratory, cardiovascular, neurological, environmental and obstetrical emergencies; detailed pre-hospital pharmacology; and detailed electrocardiogram monitoring. Lab work includes: patient assessment and management; bleeding control; advanced fracture management; intravenous (IV) access techniques; endotracheal intubation; calculating dosages; preparing medications for administration and practice in all administration techniques. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. Students must satisfactorily perform all practical skills in order to successfully complete the course.
Prerequisites: EMS 220 and EMS 221
Corequisite: EMS 230

EMS 231 – PARAMEDIC CLINICAL III (2 crs. 15 hrs.)
This clinical course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as a paramedic. It is designed to continue the student experience in the clinical aspect of the field of emergency medical services in specific areas of preparatory, advanced airway management, trauma and medical, and pharmacology in the setting of a hospital department (clinical) and/or ambulance (field). Students will participate in a series of clinical rotations of 8-hour shifts either in a hospital department or on an ambulance. Clinical rotations include areas such as adult and pediatric emergency departments, critical care units, morgue, operating room, psychiatric units, labor and delivery, other hospital departments (as needed) and basic and advanced life support ambulances. Lab work includes: patient assessment and management; intravenous (IV) access techniques; endotracheal intubation; calculating dosages; preparing medications for administration and practice in all administration techniques. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. The number of minimum patient experiences is delineated. Some students, however, may be required to schedule additional shifts to acquire an acceptable minimum of competencies and experiences. Students must satisfactorily perform all practical skills in order to successfully complete the course. This course is the third of a four-course clinical sequence. NOTE: Since paramedic students are already NYS-certified EMTS, they are expected to participate in patient care (under direct supervision of a preceptor) up to their level of training.
Prerequisites: EMS 220 and EMS 221
Corequisite: EMS 230

EMS 240 – PARAMEDIC IV (5 crs. 16 hrs.)
This course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as a paramedic. It reviews material including but not limited to: EMS operations; public health; hazardous materials awareness and weapons of mass destruction (WMD) awareness; NYC EMS protocols; selecting and implementing an appropriate treatment plan for neonatal, pediatric, adult and geriatric patients with a variety of complaints including respiratory, cardiovascular, neurological, environmental, trauma, psychiatric, altered mental status, abdominal and
obstetrical emergencies. Lab work includes: patient assessment and management; advanced fracture management; intravenous (IV) access techniques; endotracheal intubation; calculating dosages; preparing medications for administration and practice in all administration techniques. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. Students must satisfactorily perform all practical skills in order to successfully complete the course.

**Prerequisites:** EMS 230 and EMS 231

**Corequisite:** EMS 241

**EMS 241 – PARAMEDIC CLINICAL IV (3 crs. 15 hrs.)**

This clinical course covers the New York State Department of Health Bureau of Emergency Medical Services curriculum for preparation as a paramedic. It is designed to continue the student experience in the clinical aspect in the field of emergency medical services in specific areas of advanced airway management, medical, trauma, pharmacology, special considerations and operations in the setting of a hospital department (clinical) and/or ambulance (field). Students will participate in a series of clinical rotations of 8-hour shifts either in a hospital department or on an ambulance. Clinical rotations include areas such as adult and pediatric emergency departments, critical care units, morgue, operating room, psychiatric units, labor and delivery, other hospital departments (as needed) and basic and advanced life support ambulances. Lab work includes: patient assessment and management; bleeding control; fracture management; intravenous (IV) access techniques; endotracheal intubation; calculating dosages; preparing medications for administration; and practice in all administration techniques. Skills are subsequently demonstrated and evaluated in the laboratory, hospital and/or field setting. The number of minimum patient experiences is delineated. Some students, however, may be required to schedule additional shifts to acquire an acceptable minimum of competencies and experiences. Students must satisfactorily perform all practical skills in order to successfully complete the course. **Offered only during winter or summer module.**

**Prerequisites:** EMS 230 and EMS 231

**Corequisite:** EMS 240

**POLYSOMNOGRAPHY**

**PSG 100 – THE SCIENCE OF SLEEP AND CIRCADIAN RHYTHMS (3 crs. 3 hrs.)**

This course is designed to provide students with the biological basis for clinical sleep and circadian rhythms disorders. Students will be introduced to the history of sleep research, and current theories regarding how and why we sleep. Daily biological rhythms and their relationship to sleep and wake states will also be investigated in this course.

**Prerequisite:** ENG 1200, BIO 1100, MAT 900, and PSY 1100

**PSG 101 – NEUROSCIENCE AND PHARMACOLOGY IN SLEEP (4 crs. 4 hrs.)**

This course will inform students of the neurological basis of sleep. The anatomical brain regions responsible for sleep and waking, as well as endogenous neurochemicals modulating sleep and wake will be discussed. In the second half of this course, the effects of pharmacological compounds on sleep architecture are described.

**Corequisite:** PSG 102

**PSG 102 – FOUNDATIONS OF POLYSOMNOGRAPHY I (3 crs. 4 hrs.)**

In this course students will be taught the basic skills required to perform a clinical sleep study, including electrode placement using the international 10-20 system and how to use respiratory belts, pressure transducers, thermistors, pulse-oximetry, end tidal capnography, and electromyography during a sleep recording. Use of polysomnographic equipment, including amplifier settings, inputting patient data, and setting up basic recording montages, is also covered.

**Prerequisite:** PSG 100

**Corequisite:** PSG 101

**PSG 103 – CLINICAL PRACTICUM IN SLEEP MEDICINE I (6 crs. 12 hrs.)**

Students will be placed in an active clinical sleep laboratory for the entire semester. One night per week the student will observe a registered polysomnographic technician at work. As the student becomes familiar with the workings of the laboratory, they will begin preparing patients for nighttime sleep studies, and will learn how to monitor patients during the night.

**Prerequisite:** PSG 102, BLS certification, and medical clearance from the internship site

**Corequisite:** PSG 104 and PSG 105
PSG 104 – FOUNDATIONS OF POLYSOMNOGRAPHY II
(3 crs. 4 hrs.)
Advanced topics for clinical sleep recordings will be covered in this course, including how to perform Multiple Sleep Latency (MSLT) and Maintenance of Wakefulness (MWT) testing and montages for special patient populations such as for seizure, REM behavior disorder, bruxism, and pediatrics. Identification of both physiological and non-physiological electrical artifact commonly seen while performing polysomnography, as well as advanced trouble shooting of technical equipment will also be covered.
Prerequisite: PSG 101 and PSG 102
Corequisite: PSG 103 and PSG 105

PSG 105 – CLINICAL POLYSOMNOGRAPHIC SCORING (3 crs. 4 hrs.)
Students will learn to define sleep stages, respiratory events, periodic limb movements, seizures, bruxism, and EKG arrhythmias from electrophysiological data obtained during a polysomnographic recording. At the end of this course, students should be able to properly score a polysomnographic based on the criteria described in the American Academy of Sleep Medicine Manual for the Scoring of Sleep and Associated Events.
Prerequisite: PSG 101 and PSG 102
Corequisite: PSG 103 and PSG 105

PSG 106 – CLASSIFICATION OF SLEEP DISORDERS
(3 crs. 3 hrs.)
The focus of this course is to give students a complete understanding of the nosology of clinical sleep and circadian rhythms disorders from the perspective of the International Classification of Sleep Disorders Diagnostic & Coding Manual. Upon completion of this course, students should know the diagnostic criteria of all major sleep and circadian rhythm disorders.
Prerequisite: PSG 103, PSG 104, and PSG 105

PSG 107 CARDIOPULMONARY PHYSIOLOGY IN SLEEP
(3 crs. 3 hrs.)
The physiology of normal respiratory function during sleep, as well as our current understanding of the pathophysiology of obstructive and central apneas during sleep is described. Acute and long-term consequences of sleep apnea, as well as cardiac function and dysfunction with a specific focus on arrhythmias commonly associated with sleep-disordered breathing is investigated.
Prerequisite: PSG 106
Corequisite: PSG 108

PSG 108 CLINICAL PRACTICUM IN SLEEP MEDICINE II
(6 crs. 12 hrs.)
As in the Clinical Practicum in Sleep Medicine I, students in this course will spend a semester observing and working in a clinical sleep laboratory. During this semester students will focus on learning to titrate patients with positive airway pressure machines including CPAP, BiPAP and ASV. Titration of supplemental oxygen will also be taught. Real time obstructive and central sleep apnea and hypopnea, and EKG arrhythmia detection will be an area of particular focus. Students will also gain experience performing MSLT and MWT testing.
Prerequisite: PSG 106 and medical clearance from internship site
Corequisite: PSG 107

CHEMISTRY

~ CHM 100 – PREVIEW of GENERAL CHEMISTRY
(0 crs. 2 hrs. – 2 equated credits)
Lecture and workshop introduces chemical nomenclature, symbolism, structure of atoms and molecules, isotopes and atomic weight, simple chemical reactions and balancing chemical equations. Mathematics necessary for chemistry included. Critical reading of chemistry texts. Students receive intensive help with weak areas.
Pre/Corequisite: MAT 900
Required of all students who wish to enroll in CHM 1100 and do not meet the prerequisites.

CHM 500 – CHEMISTRY FOR THE NUTRITIONAL SCIENCES (5 crs. 7 hrs)
Principles of general chemistry with applications to biological systems and processes. Intended for students who wish to pursue a career in nutrition or other health-related fields. Not open to students who have completed CHM 01100. Utilization of the metric system, conversions, physical and chemical properties of matter, chemical nomenclature, symbolism, atomic and molecular structure, nuclear processes, the basics of chemical bonding and reactions, stoichiometry, and the properties of the states of matter, solids, liquids and gases. Students will also be introduced to the chemistry of solutions and colloids, acids and bases, which are integral in nutritional processes. Students will be able to proceed on to organic chemistry courses in health related fields.
Prerequisites: Permission of the department; passing scores on CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200.

CHM 1100 – GENERAL CHEMISTRY I
(4 crs. 6 hrs.)
Two-semester classroom and laboratory course. First term introduces: the mole concept, stoichiometry, thermochemistry, atomic structure, periodic properties, bonding, (especially of carbon compounds), the gaseous, liquid and solid states, phase changes, electrolytes, and the properties of selected elements in relation to environmental problems.
Prerequisites: MAT 900 or a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; and either CHM 100 or passing exemption exam for CHM 100. Contact department for exemption exam information.
Required Core: Life and Physical Sciences;
Flexible Core: Scientific World (Group E)

CHM 1200 – GENERAL CHEMISTRY II
(4 crs. 6 hrs.)
Study of chemical kinetics, equilibrium, acids, bases, salts, weak electrolytes and pH, solubility, entropy and free energy, electrochemistry, transition metal chemistry, nuclear chemistry and selected topics in organic chemistry. Laboratory experiments includes classical and modern chemistry methods.
Prerequisite: CHM 1100
Required Core: Life and Physical Sciences
Flexible Core: Scientific World (Group E)
CHM 3100 – ORGANIC CHEMISTRY I (5 crs. 9 hrs.)
Modern concepts of organic chemistry includes: structure and bonding reaction mechanisms, stereochemistry, nomenclature and synthesis; relationship between structure and reactivity of the functional groups representing the principal classes of organic compounds. Laboratory covers fundamental operations of organic chemistry including determination of physical properties, experimental reactions and procedures, basic instrumentation and analysis.
Prerequisite: CHM 1200

CHM 3200 – ORGANIC CHEMISTRY II (5 crs. 9 hrs.)
Continued study of structure and reactivity of organic compounds including structure and bonding, nomenclature, synthesis, stereochemistry and reaction mechanisms of the important functional groups of organic compounds. Laboratory covers basic processes of organic chemistry, advanced instrumental methods, study of functional groups and derivatives and qualitative organic analysis. Select students may be introduced to research methods.
Prerequisite: CHM 3100

CHM 81XX – INDEPENDENT STUDY (1-3 crs. 1-3 hrs.)
Independent study of chemistry is developed individually between student and faculty member and must be approved by the department.

CHM 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical and pilot nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

ENGINEERING SCIENCE

EGR 2100 – ENGINEERING DESIGN (3 crs. 5 hrs.)
For a beginning engineering students, hand-on investigations and an appreciation of the importance of engineering in our society. In the laboratory, students will investigate problems relevant to the study of engineering, including mechanical, robotic and bridge design. Computers will be utilized for all relevant laboratory sessions. Lecture discussions will include preparation for the labs and discussions of approaches engineers have used to solve difficult problems.
Prerequisite: Passing scores on the CUNY Reading and Writing exams and MAT 900
Corequisite: MAT 1400

EGR 2200 – INTRODUCTION TO ELECTRICAL ENGINEERING (3 crs. 4 hrs.)
First course in electrical engineering, includes: circuit elements and their voltage-current relations; Kirchoff’s laws; elementary circuit analysis; continuous and discrete signals; differential and difference equations; first order systems. Required for Engineering Science Majors.
Prerequisites: MAT 2100, PHY 1400.
Corequisite: MAT 5500

EGR 2300 – INTRODUCTION TO ENGINEERING THERMODYNAMICS (3 crs. 4 hrs.)
First course in engineering thermodynamics, topics include: Zeroth Law and absolute temperature; work, heat, First Law and applications; Second Law, Carnot theorems, entropy, thermodynamic state variables and functions, reversibility, irreversibility, and availability functions; Ideal gas mixtures, mixtures of vapors and gas, humidity calculations.
Required for Engineering Science Majors.
Prerequisites: CHM 1200, PHY 1400
Corequisite: CS 1200

EARTH AND PLANETARY SCIENCE

EPS 3100 – METEOROLOGY (4 crs. 6 hrs.)
Fundamental physical and chemical structure of the atmosphere including weather, climate, meteorological instrumentation, and air pollution.
Prerequisites: Passing scores on the CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; or department permission
Required Core: Life and Physical Sciences
Flexible Core: Scientific World (Group E)

EPS 3200 – OCEANOGRAPHY (4 crs. 6 hrs.)
Factors that have a major influence on the physical and chemical structure of the oceans includes tides, waves, currents, oceanographic instrumentation and coastal oceanography. Course includes a laboratory component.
Prerequisites: Passing scores on the CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; or department permission
Required Core: Life and Physical Sciences
Flexible Core: Scientific World (Group E)
EPS 3300 – PHYSICAL GEOLOGY (4 crs. 6 hrs.)
Study of the nature of the Earth and its processes includes: mineral and rock classification; analysis of the agents of weathering and erosion; dynamics of the Earth’s crust as manifest in mountain building, volcanoes and earthquakes; recent data concerning the geology of other planets; field and laboratory techniques of the geologist. 
Prerequisites: Passing scores on the CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; or department permission
Required Core: Life and Physical Sciences
Flexible Core: Scientific World (Group E)

EPS 3500 – INTRODUCTION TO ASTRONOMY (4 crs. 6 hrs.)
Concepts and methods of astronomical science, the early theories of the universe, astronomical instruments, the solar systems and its members, stars, galaxies, recently discovered objects, and study of modern cosmological ideas. Course includes a laboratory component.
Prerequisites: Passing scores on the CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; or department permission
Required Core: Life and Physical Sciences
Flexible Core: Scientific World (Group E)

EPS 3600 – PLANETOLOGY: A TRIP THROUGH THE SOLAR SYSTEM (4 crs. 6 hrs.)
Introduction to the planets, moons and smaller bodies that occupy our Solar System, and to current Space Science research and technology. Topics include the origin and evolution of our solar system, the geological and chemical characteristics of the planets, moons, asteroids, comets and life in the solar system.
Prerequisites: Passing scores on the CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; or department permission
Required Core: Life and Physical Sciences
Flexible Core: Scientific World (Group E)

EPS 3800 – INTRODUCTION TO EARTH SCIENCE (4 crs. 5 hrs.)
The earth’s environment, meteorology, geology, astronomy, and oceanography. Field trips and laboratory work included.
Prerequisites: Passing scores on the CUNY Reading and Writing exams; a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200; or department permission
Required Core: Life and Physical Sciences
Flexible Core: Scientific World (Group E)

PHYSICS

PHY 100 – PREVIEW OF GENERAL PHYSICS (0 crs. 2 hrs. – 2 equated crs.)
Topics covered include: measurements mathematical background, vectors, motion in a straight line, motion in a plane, forces, work, energy, power, momentum, impulse and angular motion in a plane.
Pre/Corequisite: MAT 900

PHY 1100 – GENERAL PHYSICS I (4 crs. 6 hrs.)
First term of non-calculus two-semester lecture and laboratory course in classical and modern physics. Includes study of mechanics, heat, hydrostatics and hydrodynamics, harmonic motion and waves. Physical principles are demonstrated and students receive hands-on laboratory experience. Recommended for students in liberal arts, pre-medical, pre-dental, pre-pharmacy, pre-optometry and allied health.
Prerequisite: MAT 1400.

PHY 1200 – GENERAL PHYSICS II (4 crs. 6 hrs.)
Second term of General Physics. Includes sound, electricity, magnetism and optics. Laboratory sessions included.
Prerequisite: PHY 1100

PHY 1300 – ADVANCED GENERAL PHYSICS I (4 crs. 6 hrs.)
First term of calculus two-semester lecture and laboratory course in classical and modern physics. Includes the study of mechanics, heat, hydrostatics and hydrodynamics, harmonic motion and waves. Physical principles demonstrated and “hands on” laboratory experience. Recommended for science, engineering, pre-medical and allied health students who desire a more comprehensive treatment than given in PHY 1100.
Pre/Corequisite: MAT 1500
Required Core: Life and Physical Sciences
Flexible Core: Scientific World (Group E)

PHY 1400 – ADVANCED GENERAL PHYSICS II (4 crs. 6 hrs.)
Second term of PHY 1300. Topics include sound, electricity, magnetism and optics. Laboratory sessions included.
Prerequisite: PHY 1300
Pre/Corequisite: MAT 1600
Required Core: Life and Physical Sciences
Flexible Core: Scientific World (Group E)
PHY 4200 – IDEAS OF MODERN PHYSICS  
(3 crs. 3 hrs.)
The origin, ideas and scientific developments of modern physics including a brief description of Classical Physics; the Theory of Special and General Relativity; and Quantum Mechanics.  
Prerequisite: Passing scores on the CUNY Reading and Writing exams; and a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200.

PHY 81XX – INDEPENDENT STUDY  
(1-3 crs. 1-3 hrs.)
Independent study of physics is developed individually between student and faculty member and must be approved by the department.

SCIENCE

SCI 2500 – APPLIED PHYSICAL SCIENCES FOR ALLIED HEALTH CAREERS (3 crs. 5 hrs.)
Lecture and laboratory course on chemistry and physics topics with direct bearing on health services. Includes: mechanics, electricity, optics, atomic energy, radioactivity, atomic structure, chemical bonding, chemical equations, behavior of gases, respiration and oxygen therapy, properties of liquids and solutions including hydrostatics and hydrodynamics, acids and bases, plus an introduction to organic and biochemistry and drug calculations.  
For Nursing Majors only.  
Prerequisites: Passing scores on the CUNY Reading and Writing exams; and a passing score on the COMPASS parts 1 and 2 or a passing grade in MAT M200.  
For Nursing Majors only or department permission.

SCI 3700 – DEVELOPMENTS IN THE PHYSICAL SCIENCES AND THE ENVIRONMENT (4 crs. 5 hrs.)
Basic concepts in the physical sciences and their applications in today’s technologically advance world are presented. The impact that modern technology has on our physical environment is examined. Selected topics include: pollution, ozone layer depletion, global climate change, pesticides and chemicals in food, energy sources (renewable and non-renewable), and medical and military applications of technology. Students will engage in science through application of the methods of science (e.g. empirical, experimental and the scientific method). Students will develop the ability to formulate strong, logical, science-based arguments, evaluate and discuss environmental issues, and test hypothesis to improve problem solving skills.

SCI 5100 – CHEMISTRY AND THE ENVIRONMENT  
(3 crs. 3 hrs.)
An investigation of important topics that involve the state of the environment from a scientific perspective. This course will cover topics that include global warming, stratospheric ozone depletion, acid rain, the carbon and nitrogen cycles, chemical and industrial pollution, the impact of fossil fuels, nuclear energy, and treatment.

SCI 5100LB – CHEMISTRY AND THE ENVIRONMENT  
(1 crs. 2 hrs.)
The gathering, analysis, interpretation, and presentation of scientific data. The measure of selected physical, chemical and geological properties that influence the structure and function of ecological systems. Selected standard techniques used to observe, sample and describe natural systems.  
Prerequisite: SCI 5100

SCI 7000 – THE SCIENCE OF NUTRITION  
(4 crs. 5 hrs.) (3 hrs. lecture and 2 hours laboratory per week)
Learn and measure the physical and chemical properties that influence the structure and function of nutritional systems. Gain experience with practical applications of nutritional science. Practice the gathering, analysis, interpretation, and presentation of scientific data. Learn standard techniques used to observe, sample and describe natural systems.  
Prerequisites: Passing scores on the CUNY Reading and Writing exams.

CULINARY ARTS

CA 100 – CULINARY ARTS I: SKILLS (3 crs. 5 hrs.)
Introduction to cooking terminology, techniques, and theories. Proper knife handling, vegetable cuts and stock, soup, and sauce production. Equipment use and product identification including herbs, produce, dairy, fish, poultry, meat, cold and dry pantries. Egg cookery introduced as a prelude to cooking techniques covered in Culinary Arts II. The proper use of seasoning and frequent tasting, and the development of timing, and organization. 
Prerequisite: Passing score on Part 1 of the COMPASS Exam (Arithmetic) or passing MAT M100
Pre/Corequisite: TAH 7100

CA 200 – CULINARY ARTS II: MAJOR TECHNIQUES (3 crs. 5 hrs.)
Continuation of cooking terminology and theories, and major cooking techniques. Food groups including fresh and dry pasta, bean and legumes, rice and grains, vegetable and potato, and advanced small sauce and soup production, breakfast and brunch cookery explored. Introduction to plate presentation, banquet-style lunch service, cost control theories and an operating revenue-generating food production facility. 
Prerequisite: CA 100

CA 300 – GARDE MANGER AND CHARCUTERIE (3 crs. 5 hrs.)
Introduction to cooking terminology, techniques, and theories in the cold kitchen. Areas of study include salads, sandwiches, appetizers, canapés, and hors d’oeuvres with emphasis on flavor profiles, visual composition, and buffet presentation. Charcuterie explored through sausage making, cured and smoked foods, and the use of forcemeats in terrines, pâtés, galantines, and roulades. Traditional and practical use of repurposing meat, garniture and accoutrements, and classic and modern culinary trends are covered. 
Prerequisite: CA 100 and CA 200

CA 1100 – BAKING AND PASTRY (3 crs. 5 hrs.)
An introduction to baking and pastry making. Techniques for the quality production of yeasted and quick breads, pies and tarts, choux pastry, phyllo and puff pastry applications, basic cakes, cookies, ice cream and sorbets, Bavarians and mousses, and fruit cookery. 
Prerequisite: TAH 7100 and passing score on Part I of the COMPASS Exam (Arithmetic) or passing MAT M100

CA 1200 – PATISSERIE (3 crs. 5 hrs.)
Continuation of baking and pastry making and the introduction of more advanced techniques. Includes artisan-style yeast breads; laminated dough fabrication including puff pastry, Danish dough, and croissant dough; classic and contemporary layered cakes; classic specialty pastries; advanced cookies; introduction to petit fours; meringues. Correct technique, product quality, and skills in critiquing taste, texture, and appearance, finished products suited for buffet or ala carte service with appropriate garniture, sauces, and presentation, the professional pastry kitchen and volume production are covered. 
Prerequisite: CA 1100

CA 2100 – FOOD SAFETY AND SANITATION CERTIFICATION (1 cr. 2 hrs.)
Practices for serving safe food and maintaining a sanitary kitchen environment. Topics include preventing food-borne illnesses, food microbes, food allergens, contamination, worker hygiene, the flow of food from purchasing and receiving through production and service, food safety management systems, maintaining sanitary facilities and integrated pest management. Presentation for the ServSafe examination from the National Restaurant Association and the New York City Foodhandler examination from the NYC Department of Health and Mental Hygiene.
CA 5000 – FOOD AND BEVERAGE COST CONTROL (3 crs. 3 hrs.)
The application of tools to manage and control food and labor costs in the food service industry. Students learn the fundamental flow of the purchasing cycle including procuring vendors, selecting products, placing orders, and proper receiving procedures. Emphasis placed on understanding and controlling food and labor costs through forecasting, inventory evaluation, and income statements.
Prerequisite: Passing score on Part 1 of the CUNY Mathematics Skills Test (COMPASS)

CA 6000 – BEVERAGE MANAGEMENT (3 crs. 3 hrs.)
Introduction to managing and serving wine, beer, spirits, and non-alcoholic libations and their role in the restaurant industry from a culinary and marketing perspective. Examination of historical, geographical, cultural, and profitable roles beverages play. Terminology and theories of pairing beverages with food, production, sanitation, employee management, purchasing, receiving, storing, and regulation is explored. Development of new beverage concepts. NRA Educational Foundation ServSafe Alcohol certification.
Prerequisite: TAH 7100

CA 7200 – RESTAURANT AND FOOD SERVICE OPERATIONS (3 crs. 5 hrs.)
An introduction to restaurant concepts and operations for students who want to open their own restaurant, or manage a restaurant or catering establishment. The course is a blueprint for how to proceed from the conceptual development stage through the marketing, operations and management of a restaurant or catering facility. NOTE: Not open to students who have completed TAH 7200.
Prerequisite: CA 100 and CA 200
Corequisite: CA 2100

CA 7400 – MENU AND DINING ROOM MANAGEMENT (3 crs. 5 hrs.)
The role and importance of proper wait service to the tourism and hospitality industry. Case studies, cost, and control factors in the construction and management of a function menu will be covered. New trends and developments will be explored as they relate to catering, trade shows and professional meetings. NOTE: Not open to students who have completed TAH 7400.
Pre/Corequisite: TAH 7100

CA 8000 – GLOBAL CULINARY IMPROVISATION (3 crs. 5 hrs.)
Principles and practice of identification, comparison, and evaluation of selected foods, ingredients, techniques, and equipment for recipe formulation, menu planning and preparation, application of global flavor principles and ingredients, and modifications to meet specific requirements. This is a capstone course focused on improvisational, interactive activities structured around five competencies: problem-solving, culinary improvisation, flavor and palate development, leadership and teamwork, and communication.
Prerequisite: CA 100 and CA 200

CA 9200 – INTERNSHIP IN CULINARY ARTS (3 crs. 9 hrs.)
Integration of theory and practice in an actual work environment, eight hours per week of supervised field experience in culinary arts plus one hour a week on campus for a seminar discussion of relevant topics. Classroom sessions focus on industry-specific career development and planning skills, and preparation of a professional portfolio.
Prerequisite: CA 100 and CA 200

TOURISM AND HOSPITALITY

TAH 100 – INTRODUCTION TO TOURISM AND HOSPITALITY (3 crs. 3 hrs.)
Overview of the many and varied organizations and agencies that make up the tourism and hospitality industry, their roles and interrelationships. Topics include transportation, lodgings, restaurants, wholesale and retail operations, attractions, government owned parks and facilities, trade organizations, and governmental agencies.

TAH 200 – DESTINATION GEOGRAPHY (3 crs. 3 hrs.)
Destination development topics include: travel motivation; man-made and natural attractions, and activities in their geographic context; major tourism destination areas; selling techniques used when counseling clients.
Pre/Corequisite: TAH 100

TAH 500 – LABOR RELATIONS AND CUSTOMER SERVICE PRACTICES (3 crs. 3 hrs.)
Labor and training topics within tourism and hospitality organizations. Terminology and best practices of the industry are explored. Relationship between employee and customer, and employee and management are examined. A survey of customer service techniques common to the industry is conducted.
Pre/Corequisite: TAH 100
TAH/RPE 700 – INTRODUCTION TO SPORTS MANAGEMENT (3 crs. 3 hrs.)
Overview of the organizations and agencies that comprise the sports industry and their roles and interrelationships. This is a foundation course that covers the history, ethics, diversity, management theories, laws, and operating procedures of sports management.

TAH 1200 – TOURISM AND HOSPITALITY ENTREPRENEURSHIP (3 crs. 3 hrs.)
Introduction to the theories and concepts within the tourism and hospitality industries from an entrepreneurial perspective, including key determinants and their innovative impact on performance. The importance and impact of globalization is analyzed, and financial, marketing and legal strategies are explored. The tools needed to start one's own tourism and hospitality business are emphasized.
Pre/Corequisite: TAH 100

TAH 1500 – CRUISES AND SPECIALTY MARKETS (3 crs. 3 hrs.)
Presents various specialty, niche travel markets to the student. These markets include: cruises, adventure tourism, heritage tourism, spa and fitness tourism, special interest sports tourism, gaming and casino operations.
Pre/Corequisite: TAH 100

TAH 1700 – TOURISM TECHNOLOGY (3 crs. 4 hrs.)
Survey of critical technology components in tourism and aviation. Global Distribution Systems (GDS) and their application to each Industry through workplace simulations and online activities.
Prerequisite: TAH 100

TAH 1800 – CASE STUDIES IN TOURISM AND HOSPITALITY (3 crs. 3 hrs.)
The case method is used to examine the various components of the tourism and hospitality industry. Each case contains details of actual operations that can be viewed from various perspectives in reaching solutions. Relevant technology and analytical tools are utilized throughout the course.
Pre/Corequisite: TAH 100

TAH 1900 – THE BUSINESS OF TOURISM & HOSPITALITY (3 crs. 3 hrs.)
Survey of critical business competencies and applied technology strategies to manage, market, create and promote tourism and hospitality products and services. Relevant reports and documents are prepared by students through simulated activities. Entrepreneurial activities are placed in a Tourism and Hospitality context.
Pre/Corequisite: TAH 100

TAH 2200 – FRONT OFFICE OPERATIONS (3 crs. 3 hrs.)
Survey of front office operations within a hotel including front desk, reservations, customer service, night audit, marketing and human resources. Students master and apply critical skills and competencies for careers in the Hospitality industry.
Pre/Corequisite: TAH 100

TAH 2500 – TOURISM AND HOSPITALITY MARKETING (3 crs. 3 hrs.)
Application of practical marketing techniques relating to the tourism and hospitality industries. Marketing mix, communications mix, customer relationship marketing and online marketing will be studied and a marketing plan typically found within small to mid-size businesses will be created.
Prerequisite: TAH 100

TAH 3000 – TAH FINANCIAL DECISION MAKING (3 crs. 3 hrs.)
This course provides students with a basic knowledge of tourism and hospitality industry financial decision making skills. Students learn, and create, various business reports commonly found in the tourism and hospitality industries including: income statements, and balance sheets. Quantitative reasoning skills are gained through learning ratio analysis pricing, and forecasting within the context of running a tourism and hospitality related business.
Prerequisite: TAH 100 and TAH 1900

TAH 4100 – INTRODUCTION TO MEETING PLANNING (3 crs. 3 hrs.)
The basic essentials and elements of meeting planning plus an introduction to the opportunities and responsibilities in this growing field.
Pre/Corequisite: TAH 100

TAH 4200 – EVENT PLANNING AND OPERATIONS (3 crs. 3 hrs.)
To effectively manage the increasingly complex area of hotel and association meeting and event planning and operations, students learn to understand and deal with fiscal constraints and acquire necessary skills and knowledge to successfully interact with the various players involved.
Prerequisite: TAH 4100

TAH 4300 – EVENT CATERING MANAGEMENT (3 crs. 3 hrs.)
Introduction to the basic skills and competencies required for catering, food and beverage operations, and the opportunities and responsibilities of this sector of the hospitality and tourism industry.
Prerequisite: TAH 7100
TAH/RPE 4600 – FACILITIES PLANNING IN SPORTS (3 crs. 3 hrs.)
The principles, guidelines and recommendations for planning, constructing, using and maintaining sports facilities.

TAH 5100 – INTERPRETIVE GUIDING (3 crs. 3 hrs.)
Basic components of Tour Guiding including duties and responsibilities of a tour guide and how to handle tour groups in various settings. New York City will be the reference point for sight and attraction guiding. Requirements for the New York City Tour Guide license.

TAH 5200 – HOSPITALITY TECHNOLOGY (3 crs. 3 hrs.)
Survey of critical technology components in hospitality and food services. A basic understanding of these systems and their application to each industry through workplace simulations and online activities. Hotel property management software is taught and food service purchasing simulations are practiced.
Prerequisite: TAH 100

TAH 5300 – GEOGRAPHIC HIGHLIGHTS (3 crs. 3 hrs.)
The financial, sociocultural, physical resource and environmental consequences of tourism developmental decisions. The application of this information in the competition for market share.
Prerequisites: TAH 100, TAH 200

TAH 5400 – COMPARATIVE HOSPITALITY VENUES (3 crs. 3 hrs.)
Meeting planning, event management, trade show development and administration and catering support as elements critical to the growth and economic development of the hospitality industry. This course will help prepare students to recognize and manage these factors in today’s global marketplace.
Prerequisites: TAH 100, TAH 200

TAH 6100 – INTRODUCTION TO LOGISTICS AND TRANSPORTATION (3 crs. 3 hrs.)
An overview of the field of logistics and transportation in light of today’s global market realities. Includes a thorough analysis of the U.S. and international transportation systems, physical distribution operations, and import/export documentation as well as the principles involved in the movement of goods worldwide.
Prerequisites: TAH 100, TAH 200

TAH 6500 – AIRPORT AND AVIATION MANAGEMENT (3 crs. 3 hrs.)
This course will impart to students a broad understanding of the air transportation industry and an appreciation of the major management functions within an airline and airport. The characteristics, scope and economic significance of airports and air transportation are explored in detail.
Prerequisites: TAH 100

TAH 6600 – CRUISE LINE MARKETING AND SALES (3 crs. 3 hrs.)
Introduction to marketing and sales strategies specific to the cruise-line industry. Technology support platforms, geography, safety and sustainability and customer service concepts, case studies and other simulated activities.

TAH 6900 – AVIATION AND AIRPORT SECURITY (3 crs. 3 hrs.)
An analysis of threats, security and protections within the aviation industry. The impact of international aviation terrorism and governmental measures to combat the loss of life and property. Sample airport and terminal security programs are presented for analysis.
Prerequisite: TAH 100

TAH 7100 – INTRODUCTION TO PROFESSIONAL FOOD SERVICE (3 crs. 3 hrs.)
An introduction to the various components of the professional food service industry. Subjects will include the history, scope, classification, trends and the role of the customer.

TAH 81XX – INDEPENDENT STUDY (3 crs. 3 hrs.)
Independent study of tourism and hospitality is developed individually between student and faculty member and must be approved by the department.

TAH 8204 – CRUISELINE MARKETING AND SALES (3 crs. 3 hrs.)
Introduction to the specialized marketing and sales concepts, strategies and unique challenges of the cruise line industry. Industry-specific technology and applications, customer service strategies, communication and presentation skills, research marketing and sales planning and implementation.

TAH 82XX – (1-3 crs. 1-3 hrs.)
This course is of a topical nature and is designed to meet the immediate needs and interests of various student populations. It is offered for a maximum of two semesters.

TAH 9096 – THE VIRTUAL ENTERPRISE (3 crs. 3 hrs.)
Introduction to business operations of tourism, hospitality, aviation, international transportation, and the food service industries through the development operation of a simulated business environment. Utilizing technology, students trade products and services, and form decision-making teams that conceive, organize and operate business transactions.
TAH 9160 – PROFESSIONAL PORTFOLIO
(1 cr. 1 hr.)
Will direct students in the preparation and assembly of a professional portfolio consisting of a career development package, research write-up and work samples. The portfolio will serve as a professional vitae for students in their internship fieldwork placement. A supervised practical experience evaluation completes the professional portfolio.
Pre/Corequisite: TAH 100

TAH 9250 – FIELD EXPERIENCE IN TOURISM AND HOSPITALITY (3 crs. 9 hrs.)
(8 hrs. in field plus 1 hr. on-campus seminar)
To integrate theory and practice by applying acquired skills in an actual work environment, eight hours per week of supervised field experience in travel and hospitality plus one hour a week on campus, of seminar discussion of relevant topic.
Pre/Corequisite: TAH 100

MARITIME TECHNOLOGY

NOTE: Candidates for United States Coast Guard-approved Standards of Training, Certification, and Watchkeeping (STCW) certificates must successfully complete STCW training and will only be awarded the certificates upon graduation.

MT 3000 – INTRODUCTION TO MARITIME TECHNOLOGY
(3 crs. 4 hrs.) [2 hrs. lecture, 2 hrs. lab]
An introduction to seamanship, including Maritime career opportunities and required training, nautical terminology, boating laws and regulations and types of engines.
Prerequisites: Enrollment in the “College Now” Program

MT 3300 – VESSEL TECHNOLOGY I (3 crs. 5 hrs.)
Seamanship theory and fundamentals of vessel operations, including vessel handling, piloting, major phases of applied engineering technology, operating rigging and deck machinery. Extensive on-board training for operations in tight quarters and open sea. Consideration of Coast Guard procedures, towing, vessel stability and meteorology. Open only to Maritime Technology Majors.

MT 03400 – VESSEL TECHNOLOGY II (3 crs. 5 hrs.)
Practical experience aboard vessels engaged in party-and-charter-boat fishing, oceanographic survey work, vessel delivery and cruising. Day and overnight cruises aboard the R/V CUNY at Kingsborough vessel. Introduction to maritime industry opportunities.
Prerequisite: MT 3300

MT 4300 – MARINA OPERATIONS (3 crs. 4 hrs.)
Basic skills required to operate a full service marina or boatyard includes: dock and storage facilities; parts and service department; boat engine sales; ship's store; business and marketing. Consideration of marina products in relation to operations and clientele.

MT 4600 – COASTAL PILOTING AND SEAMANSHIP
(4 crs. 6 hrs)
Introduction to nautical chart work, coastal piloting and the principles of general seamanship. Marine compass, nautical charts, piloting, tides and currents, position determination, navigational aids and electronic navigation are covered. Also included are the seamanship principles of life saving, fire fighting, the Rules of the Road and marlinspike seamanship. Two “hands-on” cruises; Jamaica Bay and New York Harbor, are included.

MT 5000 – INTRODUCTION TO OUTBOARD MOTORS (2 crs. 3 hrs)
The principles of the internal combustion gasoline engine are covered. Included are the topics of construction, testing and maintenance of these engines as well as the methods of converting the generated energy into vessel propulsion. Propulsion topics primarily focus on outboards and out-drives.

MT 5100 – INTRODUCTION TO DIESEL ENGINES
(2 crs. 3 hrs.)
The principles of the diesel engine operation, construction, testing and maintenance are covered. Troubleshooting and the emergency repairs of these engines as well as the difference between two-cycle and four-cycle diesel are reviewed.

MT 5200 – WELDING (2 crs. 3 hrs.)
This course covers the basic skills required for maintaining and repairing steel and aluminum vessels; also included is the fabrication of stainless steel items. Emphasis is placed on welding safety and making emergency repairs. Class work consists of one hour of lecture and two hours of laboratory each week.

MT 5300 – FIBERGLASS, REFRIGERATION AND HYDRAULIC REPAIRS (2 crs. 3 hrs.)
This course covers the basic skills required for maintaining and repairing fiberglass hulls. The basic principles of hydraulic and refrigeration systems and common ship board system designs are presented. Installation, application, operation, maintenance and troubleshooting of vessel hydraulic and refrigeration systems are covered.
MT 5400 – LOW VOLTAGE ELECTRICAL SYSTEMS
(2 crs. 3 hrs.)
This course is designed to give the student the background necessary to be able to read and implement the directions common in most marine electronics manuals. The course focuses on series and parallel circuits, low voltage AC and DC systems, hull wiring, and the installation of common marine electronics including echo-sounders, chart plotters, RADAR, loran, GPS, VHF, and SSB radios.

MT 5500 – MARINE ELECTRONICS (2 crs. 3 hrs.)
This course is designed to give the student the background necessary to be able to read and implement the directions common in most marine electronics users manuals as well as develop the skills necessary to properly operate representative models of the more common forms of marine electronis. Through lecture and lab work in the college’s ship bridge simulator, the student will develop skills in radio telephones, RADAR, SONAR, GPS, and electronic chart plotters as well as LORAN-C. Utilizing the ship simulator, students will learn the proper radio protocol and procedures and how to send a distress signal.

Prerequisite: MT 4600

MT 5600 – ADVANCED OUTBOARDS (3 crs. 4 hrs.)
Builds upon the theory and practical knowledge learned in Introduction to Outboards, as it applies to current outboard technology. Ignition systems, electronic fuel injection systems; lower units/gear cases; and periodic maintenance are covered. The course is divided into theory/lecture section (2 hrs.) and a laboratory (practical application) section (2 hrs.), total 4 hrs/week.

Prerequisite: MT 5000

MT 5700 – VESSEL SYSTEMS, THEORY, MAINTENANCE AND TROUBLESHOOTING
(3 crs., 4 hrs. – 2 hrs. lecture, 2 hrs. lab)
Builds upon knowledge of the following systems: domestic water and sanitation plumbing, engine cooling systems, fuel systems tanks, delivery and external filtering, AC power generators and distribution, steering systems, and advanced data and power distribution networks, including NMEA 0183, NMEA 2000, and CAN Bus networks. Emphasis will be placed on troubleshooting and repair of each system. Students will use Microsoft Visio® software to document vessel systems for service purposes.

Prerequisites: MT 5300, MT 5400

MT 5800 – ADVANCED WELDING (2 crs. 3 hrs.)
Builds on the knowledge and skills acquired in the prerequisite Welding course. Two new processes will be covered: Tungsten Inert Gas welding (TIG) and Shielded Metal Arch Welding (SMAW). Emphasis is placed on safe and proper setup and operation of equipment.

Prerequisite: MT 5200

THE ROBERT J. KIBBEE LIBRARY

The Library and Media Center is the major learning resource facility at the college. Students and faculty are provided with a rich variety of materials to support the curriculum; meet information needs; and assist in study, in research, in stimulating cultural development, satisfying special interests and academic curiosity. Professional librarians offer reference and research services and are available to promote and facilitate full utilization of all library resources.

The Library’s high-quality collection includes more than 420,000 carefully selected reference and circulating books in print and electronic formats; over 75,900 online periodicals; more than 25,000 bound periodicals; and over 10,400 micro-films. Additional resources include pamphlets, government documents, career briefs, and special collections of maps and college catalogs. The Library also has an online public access catalog (CUNY+) which provides access to Kingsborough’s library holdings and those of the other CUNY colleges as well. Also available is Web access to over 100 electronic databases (full text and bibliographic).

Additional services include: computer work stations with access to the Internet; library instruction sessions to facilitate information literacy; home access to most electronic databases; e-mail notices of books being held and of overdue books; online renewal of Kingsborough library books; photocopiers (nominal charge); microfilm reader/ printers; prominent display of new books which may be borrowed; exhibits in wall and floor display cases; and bulletin boards for notice of campus events. In the Media Center (Room L-115, ext. 5044) are a variety of non-print materials and media services that serve the needs of several departments, students and faculty. Among materials available are audio and video recordings; slides/ film-strips/cassette machines; and numerous music and language recordings. The Center contains an audio studio for taped lessons, programs for playback and developmental use. Media reference service is available throughout the academic year. The “Learning Lab,” which consists of a 40-carrel audio listening facility (L-102) is available to students as a class. Classes in foreign languages and other disciplines are taught in this lab.

Christine Beckner, Dean

John L. Aaron, Director, Continuing Education, Marketing, Promotion, Advertising, Contracts and Grant Outreach

Frank Milano, Director, ESL Programs and CUNY Language Immersion Program

Karolina Rasa, Director, Continuing Education Programs

Natalie Bredikhina, Assistant Director, ESL Programs

Alexis Greene, Continuing Education Specialist, Coordinator Healthcare Institute

Patti D’Agosta, Continuing Education Manager

Vickie DiMartino, Associate Director

In addition to serving students of all ages who matriculate in credit and degree programs, the College supports its mission as an educational institution for the community through its Office of Continuing Education, for those who seek courses and programs on a not-for-credit basis. It also promotes learning outside of classrooms with on-site training programs, online courses, and by making its rich resources as a collegiate institution — its scholars, artists and performers, campus facilities, print and technology resources —available to the community.

Recognizing the importance of inter-connected networks of educational institutions, corporate entities, civic and governmental bodies, the College, its President, faculty and administrators are all active in these networks in order to secure the future, not only of the institution itself but also of the City of New York as all continue to advance in the twenty-first century.

PUBLICATIONS
Continuing Education publishes a catalog four times each year, which is its major promotional vehicle. Program flyers are also produced quarterly for the College For Kids programs and the SAT programs. Additional flyers representing Regents Review programs, Corporate Training, Grant programs and English as a Second Language (ESL) flyers and newspaper advertisements are produced in five languages and distributed in language-appropriate neighborhoods.

BUSINESS TRAINING AND DEVELOPMENT
The College, through the Office of Continuing Education, contributes to the economic vitality of the region by proactively reaching out and creating educational partnerships with business, industry and agencies, and linking the resources of the College with the workforce development needs of the organization. The College assists with management and support staff training by providing needs assessment, course design, instructional services, evaluations and certificates of completion. Offered on site or on the KCC campus, these activities provide the business community with cost effective, comprehensive, quality programs to improve competitiveness by upgrading workforce skills, and retraining for newly created jobs.

The Office of Continuing Education and the College’s Center for Economic and Workforce Development are also combining resources to deliver credit /non-credit training programs funded by private and public agencies. For example, to meet NYC’s growing demand for qualified customer-oriented skilled people in the tourism industry, training programs were designed for careers in hotels, restaurants convention centers, cruise ships or for the entrepreneur. A three year grant funded by the Department of Labor will train and obtain employment for students in one of three training tracks: Food Service / Culinary Basics Hospitality; Hospitality Management; or Hospitality Sales & Marketing.

Various food service training programs have been delivered to participants in the Parks Opportunity Program, Williamsburg Works program, 1199/SEIU members, East New York residents through a grant funded by United Way and the Center for Worker Education programs. All participants are given the opportunity to achieve three certifications: ServSafe, National Restaurant Association; ManageFirst Food Production, National Restaurant Association; and Food Handler Certification, New York City Department of Health and Mental Hygiene.

MOST POPULAR PROGRAMS:
English as a Second Language
Diagnostic testing and counseling precede placement in appropriate-level instruction classes for adults whose first language is not English. Instructional levels range from survival skills for those with no command of English to advancement skills for employees in fields such as healthcare or business, who wish to refine their English language skills.

High School Equivalency (TASC)
Preparation for the Test Assessing Secondary Completion (TASC) examination includes a diagnostic/ prescriptive assessment, practice in test-taking, instruction in content areas, critical thinking, writing skills development, and counseling for both career development and college admission. For adults not yet ready for high school completion, basic education courses are also provided.
Certificate Programs
Certificate programs with carefully designed sequences of courses, are offered on a non-credit basis, exempt from liberal arts general education requirements, and of considerably shorter duration than degree programs at the College. The Continuing Education certificate programs nevertheless require commitment to a sustained and rigorous course of study. They are designed for adults seeking entry-level employment requiring skills in disciplines such as, bookkeeping, business administration, accounting, medical billing and coding, paralegal, alcohol and substance abuse counseling, event and meeting planning, make-up artistry, word processing, pre-licensure, and continuing education requirements for insurance and real estate.

Healthcare Institute Programs
Health care is the largest single employer in Brooklyn. With that in mind, Continuing Education has partnered with the applicable certifying bodies to deliver the best possible training for those interested in entering or advancing in the healthcare field. Certification programs are offered in: EMT, Certified Patient Care Technician; Certified Billing and Coding Specialist; Certified Medical Administrative Assistant; Certified Pharmacy Technician; Certified EKG Technician; Certified Nurse Aide, Certified Phlebotomy Technician; Certified Medical Assistant, and a host of other allied healthcare certifications and re-certification courses.

Career Advancement Courses
Tailored to the needs of adults re-entering the job market or seeking to update or upgrade skills for current jobs, career advancement courses build skills in keyboarding, word processing, information technology, customer-service, supervisory skills, and other business office skills. Career planning is facilitated by courses, which introduce the adult learner to occupational options.

CUNY Language Immersion Programs (CLIP)
The CLIP Program is designed for students who have been accepted by CUNY colleges but whose English skills need refining before they can enter CUNY as a matriculated student. It is an intensive 25-hour-a-week immersion program. After completion, it is expected that the student will enter the CUNY College of their choice.

The Taxi Institute
Continuing Education is an approved city-wide provider of the 24-hour and 80-hour test-preparation training for the New York City Taxi & Limousine operators (Hack) License, and the 4-hour class designed for those wishing to satisfactorily complete their probationary period. All testing is done on-site at Kingsborough.

College For Kids (CFK)
Children, ages 6 through 13, can attend a combination of academic and active classes on Saturday and/or Sunday mornings; over a full-day on Saturdays (which includes a nutritious lunch); and/or Monday through Thursday during the summer, for four or six weeks. The College For Kids program is designed so parents can enroll in a TASC or certificate program class while their child is in the CFK program.

Most classes are small and all instructors are dedicated and highly qualified so that children enjoy enrichment activities not ordinarily provided in the public schools. Courses may include, but are not limited to: reading and math, creative writing, hands-on instruction in arts, crafts, and musical instruments, fishing, cooking, photography, as well as swimming, tennis, gymnastics, dance, self-defense, cricket and soccer. A special sub-section of College For Kids offers intensive test-preparation courses in language arts, mathematics, science and social studies to prepare third and fourth graders for mandatory State exams given for fourth and fifth graders.

SAT Preparation Program
This Saturday or Sunday morning program for high school students offers instruction drill, and simulated testing in verbal, math, and test-taking strategy skills in preparation for college entrance examinations. Counseling, advisement on college selection, the application process, financial assistance and scholarship programs are also included.

Regents Preparation Program
The Continuing Education Regents preparation program gives students a final chance to gain an intensive overview of the subjects right before taking the exams. This program gives students a rigorous review during the two weeks before the actual exams are scheduled, and the courses offer intensive coverage of the high school subject course curriculum and new higher standards.

Liberal Arts
A variety of liberal arts courses serve adults who wish to explore their current interests in the humanities, politics, psychology, foreign languages and other areas. Adults also register in short-term liberal arts courses to sample the experience of formal instruction in established disciplines, deciding whether they wish to enroll in the College’s credit-based courses and degree programs.

BUSINESS TRAINING AND DEVELOPMENT
The College, through the office of Continuing Education, contributes to the economic vitality of the region by proactively reaching out and creating educational partnerships with business, industry and agencies, and
linking the resources of the College with the workforce
development needs of the organization. The College
assists with management and support staff training by

the opportunity to achieve three certifications: ServSafe,
National Restaurant Association; ManageFirst Food
Production, National Restaurant Association; and Food
Handler Certification, New York City Department of
Health and Mental Hygiene.

OTHER BUSINESS TRAINING COLLABORATIONS:

**Department of Parks–Parks Opportunity
Program (POP)**

Continuing Education provides training in Pharmacy
Technician, through a voucher issued system for clients of
POP, leading to certification by the Pharmacy Technician
Certification Board (PTCB), Certified Nurse Aide leading to
certification by the National Healthcareer Association
(NHA), in addition to Culinary Arts certifications and
Urban Farming Technologies.

**Lutheran Medical Center**

The Office of Continuing Education has provided Certified
Nurse Aide and Pharmacy Technician training leading to
NHA certification for members of the Lutheran Medical
Family Center.

**New York City Housing Authority (NYCHA)**

The Office of Continuing Education through a contractual
arrangement has provided TASC test-preparation and
Introduction to Computers training programs for residents
of NYCHA’s Howard Houses.

**Contract Courses: Privately and Publicly
Supported**

Continuing Education offers courses and services for
specialized target populations and program providers.
Offered under the aegis of the College and various public
agencies, funded programs may serve, for example, adult
learners in need of: vocational counseling; literacy and
English language instruction; job readiness skills; and job
training. Continuing Education also designs and provides
courses for the employees of local businesses and industry
and municipal agencies.

POLICIES, RULES, AND REGULATIONS

NOTIFICATION OF POLICY

TITLE I, ARTICLE 5, SECTION 224-A OF NEW YORK STATE EDUCATION LAW

Students unable because of religious beliefs to attend classes on certain days.

1. No person shall be expelled from or be refused admission as a student to an Institution of Higher Education for the reason that he/she is unable, because of religious beliefs, to attend classes or to participate in any examination, study or work requirements on a particular day or days.

2. Any student in an Institution of Higher Education who is unable, because of religious beliefs, to attend classes on a particular day or days shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.

3. It shall be the responsibility of the faculty and of the administrative officials of each Institution of Higher Education to make available to each student who is absent from school, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.

4. If registration, classes, examinations, study or work requirements are held on Friday after four o'clock post meridian or on Saturday, similar or makeup classes, examinations, study or work requirements shall be made available on other days, where it is possible and practicable to do so. No special fees shall be charged to the student for these classes, examinations, study or work requirements held on other days.

5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each Institution of Higher Education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of availing him/herself of the provisions of this section.

6. Any student, who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the Supreme Court of the County in which such Institution of Higher Education is located for the enforcement of rights under this section.

6a. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing them that each student who is absent from school, because of his or her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.

7. As used in this section, the term “institution of higher education” shall mean any institution of higher education, recognized and approved by the regents of the university of the state of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution which is operated, supervised, or controlled by a church or by a religious or denominational organization whose educational purposes are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines. As used in this section, the term “religious belief” shall mean beliefs associated with any corporation organized and operated exclusively for religious purposes, which is not qualified for tax exemption under section 501 of the United States Code.

RULES AND REGULATIONS FOR THE MAINTENANCE OF PUBLIC ORDER
(Henderson Rules)

The tradition of the university as a sanctuary of academic freedoms and center of informed discussion is an honored one, to be guarded vigilantly. The basic significance of that sanctuary lies in the protection of intellectual freedom; the rights of professors to teach, of scholars to engage in the advancement of knowledge, of students to learn and to express their views, free from external pressures or interference. These freedoms can flourish only in an atmosphere of mutual respect, civility and trust among teachers and students, only when members of the university community are willing to accept self-restraint and reciprocity as the condition upon which they share in its intellectual autonomy.
Academic freedom and the sanctuary of the university campus extend to all who share these aims and responsibilities. They cannot be invoked by those who would subordinate intellectual freedom to political ends or who violate the norms of conduct established to protect that freedom. Against such offenders, the university has the right, and indeed the obligation to defend itself. Therefore, the following rules and regulations are in effect at Kingsborough Community College and will be administered in accordance with the requirements of the process as provided in the Bylaws of CUNY’s Board of Trustees.

To enforce these rules and regulations the Bylaws of CUNY’s Board provide that:

The President, with respect to this education unit, shall:

a. Have the affirmative responsibility of conserving and enhancing the education standards of the college and schools under his jurisdiction;

b. Be the advisor and executive agent to the Board and of his respective College Committee and as such shall have the immediate supervision with full discretionary power in carrying into effect the Bylaws, resolutions and policies of any of its committees and the policies, programs and lawful resolutions of the several faculties;

c. Exercise general superintendence over the concerns, officers, employees and students of his education unit.

**Rules**

1. A member of the academic community shall not intentionally obstruct and/or forcibly prevent others from the exercise of their rights. Nor shall he/she interfere with the institutions educational process or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational, and community services.

2. Individuals are liable for failure to comply with lawful directions issued by representatives of the university/college when they are acting in their official capacities. Members of the academic community are required to show their identification cards when requested to do so by an official of the college.

3. Unauthorized occupancy of university/college facilities or blocking access to or from such areas is prohibited. Permission from appropriate college authorities must be obtained for removal, relocation and use of university/college equipment and/or supplies.

4. Theft from or damage to university/college premises is prohibited.

5. Each member of the academic community, or an invited guest, has the right to advocate his position without having to fear abuse, physical, verbal, or otherwise from others supporting conflicting points of view. Members of the academic community and other persons on the college grounds, shall not use language or take actions reasonably likely to provoke or encourage physical violence by demonstrators, those demonstrated against, or spectators.

6. Action may be taken against any and all persons who have no legitimate reason for their presence on any campus within the college, or whose presence on any such campus obstructs and/or forcibly prevents others from the exercise of their rights or interferes with the institution’s educational process or facilities, or the rights of those who wish to avail themselves of any of the institution’s instructional, personal, administrative, recreational, and community services.

7. Disorderly or indecent conduct on college-owned or controlled properties is prohibited.

8. No individual shall have in his possession a rifle, shotgun or firearm, or knowingly have in his possession any other dangerous instrument or material that can be used to inflict bodily harm on an individual or damage upon a building or the grounds of the college without the written authorization of such educational institution. Nor shall any individual have in his possession any other instrument or material which can be used and is intended to inflict bodily harm on an individual or damage upon a building or the grounds of the college.

9. Any action or situation which recklessly or intentionally endangers mental or physical health or involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization is prohibited.

10. The unlawful manufacture, distribution, dispensation, possession, or use of illegal drugs or other controlled substances by University students or employees on university/college premises, or as part of any university or college activities is prohibited. Employees of the University must also notify the College Personnel Director of any criminal drug statute conviction for a violation occurring in the workplace not later than five (5) days after such conviction.

11. The unlawful possession, use, or distribution of alcohol by students or employees on University/college premises or as part of any University/college activities is prohibited.
In addition to Henderson Rules, student conduct and discipline is governed by Article XV of the Bylaws of The City University of New York. Students are urged to familiarize themselves with the content of the Article. Copies of the Bylaws are available in the Library. They are printed in the Student Handbook as are the rules and regulations pertaining to Sexual Harassment.

**Penalties**

1. Any student engaging in any manner in conduct prohibited under substantive Rules 1–11 shall be subject to the following range of sanctions as hereafter defined in the attached Appendix: admonition, warning, censure, disciplinary probation, restitution, suspension, expulsion, ejection, and/or arrest by the civil authorities.

2. Any tenured or non-tenured faculty member, or other member of the instructional staff, or member of the classified staff engaging in any manner in conduct prohibited under substantive Rules 1–11 shall be subject to the following range of penalties: warning, censure, restitution, fine not exceeding those permitted by law or by the Bylaws of the City University of New York or suspension with or without pay pending a hearing before an appropriate college authority, dismissal after a hearing, ejection, and/or arrest by the civil authorities, and, for engaging in any manner in conduct prohibited under substantive rule 10, may, in the alternative, be required to participate satisfactorily in an appropriately licensed drug treatment or rehabilitation program. A tenured or non-tenured faculty member, or other member of the instructional staff, or member of the classified staff charged with engaging in any manner in conduct prohibited under substantive Rules 1-11 shall be entitled to be treated in accordance with applicable provisions of the Education Law, or the Civil Service Law, or the applicable collective bargaining agreement, or the Bylaws or written policies of The City University of New York.

3. Any visitor, licensee, or invitee, engaging in any manner in conduct prohibited under substantive Rules 1–11 shall be subject to ejection, and/or arrest by the civil authorities.

4. Any organization which authorized the conduct prohibited under substantive Rules 1-11 shall have its permission to operate on campus rescinded.

**Sanctions Defined**

A. **ADMONITION:** An oral statement to the offender that University rules have been violated.

B. **WARNING:** Notice to the offender, orally or in writing, that continuation or repetition of the wrongful conduct, within a period of time stated in the warning, may be cause for more severe disciplinary action.

C. **CENSURE:** Written reprimand for violation of a specified regulation, including the possibility of more severe disciplinary sanction in the event of conviction for the violation of any university regulation within a period stated in the letter of reprimand.

D. **DISCIPLINARY PROBATION:** Exclusion from participation in privileges or extracurricular university activities as set forth in the notice of disciplinary probation for a specified period of time.

E. **RESTITUTION:** Reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.

F. **SUSPENSION:** Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time.

G. **EXPULSION:** Termination of student status for an indefinite period. The conditions of readmission, if any is permitted, shall be stated in the order of expulsion.

H. **COMPLAINT TO CIVIL AUTHORITIES.**

I. **EJECTION.**

**STATEMENT OF NONDISCRIMINATION**

Kingsborough Community College is an Affirmative Action/Equal Opportunity Institution. The college does not discriminate, in any way, on the basis of age, gender, sexual orientation, lineage, or citizenship religion, race, color, national or ethnic origin, disability, genetic predisposition or carrier status, veteran status or marital status in its student admissions, employment, access to programs, and administration of educational policies.

It is the policy of The City University of New York to prohibit harassment of students and employees on the basis of gender and sexual orientation. Sexual harassment is illegal under federal, state and city laws and contrary to the University policy of equal employment and academic opportunity.
Kingsborough's Affirmative Action/Equal Opportunity Officer is located in room A-228 and can be reached at extension 5026. The Affirmative Action Officer also serves as KCC's coordinator for Section 504 of the American Disabilities Act and coordinator of Title IX, which prohibits discrimination on the basis of gender.

To learn more about CUNY's Affirmative Action Policy, please refer to the Equal Opportunity Compliance and Diversity Issues page, located in the policies and reports section of the college website, www.kbcc.cuny.edu.

SECURITY AND PUBLIC SAFETY

DEPARTMENT OF PUBLIC SAFETY
Room L-202, ext. 5069

Kingsborough's public safety staff strives to provide an environment that fosters the opportunity and the freedom for the entire Kingsborough community to grow intellectually while in the pursuit of educational excellence.

Dedicated to a community-oriented approach to policing and campus safety, the department is responsible for many aspects of campus security including crime prevention, law enforcement, subsequent investigation, emergency preparedness, asset protection, and campus access control. Several public safety officers are state-certified emergency medical technician's (EMT), trained to respond to health emergencies on campus.

Anyone concerned about a student and his/her behavior should make an Assessment and Care Team (ACT) referral. These referrals were created to identify, investigate, assess, refer, monitor and take action in response to behaviors exhibited by Kingsborough students that may pose a threat to the college community. The ACT will assess the situation and make recommendations for action. More information can be found on the college website, www.kbcc.cuny.edu/act.

In case of emergency call 7777 from any campus phone or use one of the many emergency pull-box stations located throughout the campus.

LOST AND FOUND

Lost and found items should be turned in to Public Safety Officers for processing. If the property is turned in with identification enclosed, they will make every effort to contact the owner. Illegal contraband or weapons are immediately vouchered with the New York City Police Department.

Recovery of lost and found articles requires proper identification of the article and claimant. Unclaimed lost and found items are donated each year to different charities (e.g., Salvation Army, Eyes for the Needy).

IDENTIFICATION CARDS

The Department of Public Safety will issue a photo identification (I.D.) card upon first registering as a student. I.D. cards are updated electronically each semester thereafter, once tuition and fees have been paid. While on campus, students are required to carry – and upon request, present – a valid I.D. to any college official, including public safety officers. Spot checks are conducted at the main gate and on campus throughout each semester.

Students who lose or misplace their Kingsborough identification card must first pay a ten dollars ($10) replacement fee at the Bursar's Office in room A-205 and then proceed to the Department of Public Safety in Room L-202 with the receipt for a replacement identification card.

Stolen I.D. cards must be reported, by the owner, to the Police Department and to the Department of Public Safety. A replacement card will be issued, at no cost, upon delivery of a Police Department case number or police report.

For more information about Kingsborough’s Department of Public Safety please visit their webpage on the Kingsborough website: www.kbcc.cuny.edu.

HOLIDAYS AND EMERGENCY COLLEGE CLOSING

Holiday Closings

The Academic Calendar in the Schedule of Classes lists holidays when the college is closed and when no classes are held. This information is also available on the Kingsborough website, www.kbcc.cuny.edu.

Emergency Closings

In the event of emergency college closings, due to inclement weather or other factors over which the college has no control, students can get up-to-the-minute information by listening to the following TV and radio stations, and their corresponding websites, for instructions, or by going to the Kingsborough Community College website at www.kbcc.cuny.edu.

The Council of Presidents of the several colleges is established by the Bylaws of the University and is chaired by the Chancellor. The Council not only advises the Chancellor on the budget and on the formulation and revision of a Master Plan for public higher education in the City, but it may recommend directly to the Board in matters concerning the physical and instructional development of the University at large. The President of each college unit is specifically charged with the administration of his/her own institution and in this capacity he/she is responsible directly to the Board.

Within each institution, governance structures are established to meet unique needs and objectives; some of these structures may be at variance with plans called for in the University Bylaws, but are permitted by them. Under these Bylaws, responsibilities for policy at the college level are shared by the President, the Faculty, and students. The President has affirmative responsibility for conserving and enhancing the educational standards and general academic excellence of the college under his/her jurisdiction and is responsible to the Board as its advisor and executive agent on his/her campus. The President is also directed to consult with the Faculty, through appropriate bodies, on matters of appointments, reappointments, and promotions. One means of this consultation is provided for in the Bylaws through the requirement for a Committee on Faculty Personnel and Budget at each college.

The Bylaws reserve to the Faculty of each institution, subject to guidelines established by the Board of Trustees, responsibility for the formulation of policy relating to curriculum, admission and retention of students, credits, attendance, and the granting of degrees.

Recommendations in these matters by a Faculty, Faculty Council, or other organization created under a Board approved college governance plan to represent the Faculty, as provided for in the Bylaws, shall be forwarded to the Board by the President.

CUNY POLICY ON ACADEMIC INTEGRITY

Academic Dishonesty is prohibited in The City University of New York and is punishable by penalties, including failing grades, suspension, and expulsion, as provided herein.

I. Definitions and Examples of Academic Dishonesty

**Cheating** is the unauthorized use or attempted use of material, information, notes, study aids, devices or communication during an academic exercise.

The following are some examples of cheating, but by no means is it an exhaustive list:

- Copying from another student during an examination or allowing another to copy your work.
- Unauthorized collaboration on a take home assignment or examination.
- Using notes during a closed book examination.
- Taking an examination for another student, or asking or allowing another student to take an examination for you.
- Changing a graded exam and returning it for more credit. Submitting substantial portions of the same paper to more than one course without consulting with each instructor.
- Preparing answers or writing notes in a blue book (exam booklet) before an examination. Allowing others to research and write assigned papers or do assigned projects, including use of commercial term paper services.
- Giving assistance to acts of academic misconduct/dishonesty.
- Fabricating data (all or in part).
- Submitting someone else's work as your own.
- Unauthorized use during an examination of any electronic devices such as cell phones, palm pilots, computers or other technologies to retrieve or send information.

**Plagiarism** is the act of presenting another person's ideas, research or writings as your own. The following are some examples of plagiarism, but by no means is it an exhaustive list:

- Using information that is not common knowledge without acknowledging the source.
- Failing to acknowledge collaborators on homework and laboratory assignments.

**Internet plagiarism** includes submitting downloaded term papers or parts of term papers, paraphrasing or copying information from the internet without citing the source, and “cutting & pasting” from various sources without proper attribution.

**Obtaining Unfair Advantage** is any activity that intentionally or unintentionally gives a student an unfair advantage in his/her academic work over another student.

The following are some examples of obtaining an unfair advantage, but by no means it is an exhaustive list:

- Stealing, reproducing, circulating or otherwise gaining advance access to examination materials.
- Depriving other students of access to library materials by stealing, destroying, defacing, or concealing them.
- Retaining, using or circulating examination materials which clearly indicate that they should be returned at the end of the exam.
- Intentionally obstructing or interfering with another student's work.

**Falsification of Records and Official Documents**

The following are some examples of falsification, but by no means is it an exhaustive list:

- Forging signatures of authorization.
- Falsifying information on an official academic record.
- Falsifying information on an official document such as a grade report, letter of permission, drop/add form, ID card or other college document.

II. Procedures for Imposition of Sanctions for Violations of CUNY Policy on Academic Integrity

A. Introduction
As a legal matter, in disciplining students for violations of policies of academic integrity, CUNY, as a public institution, must conform to the principles of due process mandated by the Fourteenth Amendment to the United States Constitution — generally speaking, to provide notice of the charges and some opportunity to be heard. In the context of courtlitigated violations, questions as to how much and what kind of process was “due” turn on the courts’ judgment whether the decision on culpability was “disciplinary” (a question of fact) or “academic” (a question of the instructor’s expert judgment). This distinction has proved difficult to apply on campus. Accordingly, these procedures provide for alternative approaches depending on the severity of the sanction(s) being sought. If the instructor desires solely an “academic” sanction, that is, a grade reduction, less process is due than if a “disciplinary” sanction, such as suspension or expulsion, is sought.

A faculty member who suspects that a student has committed a violation of the CUNY or the college Academic Integrity Policy shall review with the student the facts and circumstances of the suspected violation whenever possible. The decision whether to seek an academic sanction only, rather than a disciplinary sanction or both types of sanctions, will rest with the faculty member in the first instance, but the college retains the right to bring disciplinary charges against the student. Among the factors the college should consider in determining whether to seek a disciplinary sanction are whether the student has committed one or more prior violations of the Academic Integrity Policy and mitigating circumstances if any. Although not required, it is strongly recommended that every instance of suspected violation should be reported to the Academic Integrity Official on a form provided by the college as described in the third Recommendation for Promoting Academic Integrity, above. Among other things, this reporting will allow the college to determine whether it wishes to seek a disciplinary sanction even where the instructor may not wish to do so.

B. Procedures In Cases Where The Instructor Seeks An Academic Sanction Only
1. Student Accepts Guilt And Does Not Contest The Academic Sanction
   If the faculty member wishes to seek only an academic sanction (i.e., a reduced grade only), and the student does not contest either his/her guilt or the particular reduced grade the faculty member has chosen, then the student shall be given the reduced grade, unless the college decides to seek a disciplinary sanction, see Section I above and IV below. The reduced grade may apply to the particular assignment as to which the violation occurred or to the course grade, at the faculty member’s discretion.

2. Student Denies Guilt And/Or Contests The Academic Sanction
   If the student denies guilt or contests the particular grade awarded by the faculty member, then the matter shall be handled using the college’s grade appeals process, including departmental grading committees where applicable, or the Academic Integrity Committee. In either case, the process must, at a minimum, provide the student with an opportunity to be heard and to present evidence.

C. Procedures In Cases Where A Disciplinary Sanction Is Sought
   If a faculty member suspects a violation and seeks a disciplinary sanction, the faculty member shall refer the matter to the college’s Academic Integrity Official using the Faculty Report form, as described in the third Recommendation for Promoting Academic Integrity above, to be adjudicated by the college’s Faculty-Student Disciplinary Committee under Article 15 of the CUNY Bylaws. As provided for therein, the Faculty-Student Disciplinary may, among other things, investigate, conciliate, or hear evidence on cases in which disciplinary charges are brought.

   Under certain circumstances, college officials other than the Academic Integrity Official may seek disciplinary sanctions following the procedures outlined above. For the reasons discussed in Item IV below, if a reduced grade is also at issue, then that grade should be held in abeyance, pending the Faculty-Student Disciplinary Committee’s action.

D. Procedures In Cases In Which Both A Disciplinary And An Academic Sanction Are Sought
   If a faculty member seeks to have both a disciplinary and an academic sanction imposed, it is not advisable to proceed on both fronts simultaneously lest inconsistent results ensue. Thus, it is best to begin with the disciplinary proceeding seeking imposition of a disciplinary sanction and await its outcome before addressing the academic sanction. If the Faculty-Student Disciplinary Committee finds that the alleged violation occurred, then the faculty
member may reflect that finding in the student's grade. If the Faculty-Student Disciplinary Committee finds that the alleged violation did not occur, then no sanction of any kind may be imposed. The decision whether to pursue both types of sanctions will ordinarily rest with the faculty member.

E. Reporting Requirements

1. By The Faculty Member To The Academic Integrity Official

   In cases where a violation of academic integrity has been found to have occurred (whether by admission or a fact-finding process), the faculty member who seeks a disciplinary sanction should promptly file with the Academic Integrity Official a report of the adjudication in writing on a Faculty Report form (see sample attached) provided by the college as described above. The Academic Integrity Official shall maintain a confidential file for each student about whom a suspected or adjudicated violation is reported. If either the grade appeals process or the Faculty-Student Disciplinary Committee finds that no violation occurred, the Academic Integrity Official shall remove and destroy all material relating to that incident from the student's confidential academic integrity file. Before determining what sanction(s) to seek, the faculty member or the Academic Integrity Official may consult the student's confidential academic integrity file, if any, to determine whether the student has been found to have previously committed a violation of the Academic Integrity Policy, the nature of the infraction, and the sanction imposed or action taken.

2. By the Academic Integrity Official To the Faculty Member

   Where a matter proceeds to the Faculty-Student Disciplinary Committee, the Academic Integrity Official shall promptly report its resolution to the faculty member and file a record of the resolution in the student's confidential academic integrity file, unless, as indicated above, the suspected violation was held to be unfounded, in which case all reporting forms concerning that suspected violation shall be destroyed.

---

1 A reduced grade can be an “F,” a “D-,” or another grade that is lower than the grade that would have been given but for the violation.

2 Typically, disciplinary sanctions would be sought in cases of the most egregious, or repeated, violations, for example: infraction in ways similar to criminal activity (such as forging a grade form; stealing an examination from a professor or a university office; or forging a transcript); having a substitute take an examination or taking an examination for someone else; sabotaging another student’s work through actions designed to prevent the student from successfully completing an assignment; dishonesty that affects a major or essential portion of work done to meet course requirements. [These examples have been taken from a list of violations compiled by Rutgers University.]

ADMISSION OF STUDENTS WHO MAY POSE A RISK TO A COLLEGE

The college reserves the right to deny admission to any student if in its judgment, the presence of that student on campus poses an undue risk to the safety or security of the college or the college community. That judgment will be based on an individualized determination taking into account any information the college has about the crime committed by the student and the particular circumstances of the college, including the presence of a child care center, summer camp, public school or public school students on campus. In addition, the college may consider factors such as the amount of time since the crime was committed, the amount of jail time served by the student, the number of years the student was on probation or parole, whether the student has satisfied probation or parole requirements at the time of the student’s application, whether the student has completed drug, alcohol, sex offender or other treatment, and what work or educational experience the student has had after the conviction. Finally, if the student is known to have been assisted by a CUNY-sponsored or other re-entry program or initiative, the college will consult with a counselor or representative with said program.
