As Eight Receive Insignia Awards

Barry to Introduce New Motion
Before Board to Legalize ASU

Prospects of the legalization of the American Student Union rose when Professor Charles T. Barry, secretary of the Board of Directors of the Educational Society of the City of New York, announced that he will introduce in the near future a resolution...

**LET SPAIN WAIT!**

The Ticker appears this morning with an apology.

Those who are interested in vital matters of student opinion will find the apology on page one along with a three-column headline announcing Student Council Insignia Awards.

We confess that a story affecting a handful of students, and of no great importance to the school at large, does not merit the space given to the Council's action on Insignia.

Only last week, the Council had suffered the latest in a series of blows from Dean Moore in its attempt to execute vigorous, progressive legislation in its "Albany Program." In response to the Dean's dictatorial action, the Council was expected in all quarters to come back with a militant declaration of its rights as the duly elected organ of the student body. Instead, it kept its columns open last Friday afternoon, bringing the Council's reply to the Dean directly to the students.

What was our expectation, then, to learn late Friday evening, that the Student Council had, after a two-hour and no-doubt arduous debate, voted against the School President's action, "The Ticker" kept its columns open last Friday afternoon, bringing the Council's reply to the Dean directly to the students.

Meanwhile, we trust that Dean Moore, left school Friday afternoon, with his late-disturbed equilibrium, somewhat in the manner in which the first Council session, if not by means of the Council's chief concern.

**For A White X-mas: Soap and Suds**

**THE COLLEGE** has a unique distinction in being located at the corner of Twenty-third Street and Lexington Avenue. It is, by all odds, a filthy and unhealthful corner of our fair city. Dust gusts eddying from all parts of the neighborhood meet in a gale at the home of the department of hygiene, on the second floor of the building. If all the dust which is collected on the floor, dust gusts eddying from all parts of the neighborhood meet in a gale at the home of the department of hygiene, on the second floor of the building. The dust is not merely a nuisance, but a health hazard. The dust contains infection, and is a source of respiratory disease.

In the spirit of Yuletide, mistletoe and Hollyhocks, we suggest to the administration that they grant the student body a Christmas present of soap and towels, for a clean 1937!
