Other successful candidates included Claire Werner, vice-president; Harold Kibbe, secretary; and Gillian Gillman, treasurer.

At the first meeting Friday, the new officers and the council set definite courses to plan for the term. A publicity bureau, headed by Irving Lasson, was established as the central unit for dissemination of information and publicity concerning faculty functions. Other committees were social, athletic, and public relations, and the student council meets every third Wednesday at 5:30 p.m. Mr. A. T. Baldwin, superintendent of the School of Business, will instruct the craftsmen in the study of making false masks, puppets, and wooden heads on Wednesday evenings at 6:30.

By Stanley W. Wolkowski

"R-O-O-O-O-E-E-E-E-E-OO-O-O-O." These muffled words resounded from the front office of The Ticker as three alert reporters snatched their pipes, pencils, and office supplies and dashed to investigate who was being murdered on the campus. Listening carefully to the referee's directions, the three women successfully scored a home run for the1st baseman of the All-American Women's League.

In conjunction with the basic purpose of the organization, the Dubuque Delta Chapter of Alpha Phi Omega, National Service Fraternity, will meet Thursday evening, October 15, 7:30, to discuss plans for aiding the war effort of the City College.

The committee will be composed of a representative of the United Professional Service Commission, a representative of the Municipal Civil Service Commission, a representative of the Teachers Union, and a representative of the student body.

In the final action of the meeting, the acting president approved the granting of BBA and MBA degrees.

By Sylvia Nacht

At 10 a.m. tomorrow, 3,000 students will cast their votes in the general school elections. Twenty-three candidates are in the running for the student council seats slated to be filled, while 44 candidates are vying for the house council seats. Ballots will be distributed in all 10 residence halls beginning at 10 a.m. tomorrow, not having a class at that hour may not vote in SS from 10 a.m. to 1 p.m.

"The power of choosing one's president is becoming increasingly scarce among the student body. It is a matter of practical democracy, and the student should feel entitled to exercise the privilege.

The residency of the student council will be between Leonard Braverman, last year's president, and Jack Entes, the secretary of the council.

Job Brochure Available

A brochure available at LeVan

Closer cooperation by seniors in contributing to the employment-brochure which is being compiled un der the leadership of U.C. LeVan, is asserted J. G. LeVan, Placement Director.

Anticipating a good employment market this fall, Mr. LeVan is urging students to obtain not only full-time positions, but also part-time positions in department stores, especially during the Christmas season.

Almost 100 brochures have already been distributed, with requests for more increases as the season advances. Opportunities for part-time positions, especially department stores, have increased.

The Employment Bureau placed applicants in a variety of jobs, including sales clerks, typists, and part-time services.

Many 1949 graduates are filling positions which offer a chance for advancement, Mr. LeVan has noted. The records compiled by the Employment Bureau are good for accounting purposes. It is not necessary for students registered with the bureau to inquire for jobs at the Employment Bureau office because opportunities of positions are posted on the bulletin board outside of room 306.

Police Need Skill,
Says LaGuardia

"To be a policeman for a fireman is just as hard," said Mayor F. H. LaGuardia Monday at the opening of the Division of Public Service Training, newly inaugurated branch of City College.

"Police and fire work are sciences," he asserted, requiring special skills and technical training. In the Police Department we need more men every day for the efficient, well-balanced police force. The best way to obtain them is to train them, he said.

Employing that he looks favorably on the development of the 10-credit course in criminal law and police training, the school's curriculum which would enable graduates to enter either of the two public safety departments without taking an examination, the Mayor stated: "So until we have established a four-year course in civil service exams for the police and fire departments is abolished."

Dr. Robert Faustini, director of the school, reported that registration was still open despite the announcement that it had been closed. The DPST uses Town Hall and Harriss Hall classrooms and facilities.

Orchestra One, chairman of the Board of Higher Education, John J. McCauley; Fire Commission, Deputy-chief inspector O'Conner are also present at the assembly.
