W hen the administrators are made to answer r questions, they usually explain them by the ability of the students to answer the questions. No one ever asks the students to answer the questions. Questions are answered by the students who have been asked the questions. Questions are not answered by the students who have not been asked the questions.

Each class Committee Officer may explain his views to the students of the other classes, but it is usually advisable to be in contact with the class whose students are to answer the questions, and, in most instances, this contact is made by the class whose students are to answer the questions.

From long experiences at the college, we have noted that the students are interested in the problems of the classes, and are interested in the problems of the college, and are interested in the problems of the college's administration. But when these interests are presented, they are presented as a matter of interest, and are not presented as a matter of necessity. They have incorporated the interests of the students of the other classes in the administration of the college.

Acting President Mead Seeks Best Man Available For Dean

By Ira Zipper

"The new dean of the School of Business will be the best man available," announced Acting President Mead in an interview with The Ticker. He asserted that whether or not the man selected is from the college or not, the factor of his real character that contact with the college will come to the final selection.

With the budget proposed, Dr. Mead stated that the budgetary appropriations are to be asked for next year will be substantially the same as that received this year. This may permit the addition of one or two more members to the teaching staff according to Dr. Mead, but he said nothing definite as yet. A request for the appropriation to enlarge the up-town library is now being considered by the City Planning Commission.

"The possibility of the appointment of a full-time man as a business treasurer of the School of Business is entirely dependent on the money allotted the college," asserted Dr. Mead. "The chance is small that any man will be appointed unless the budget is increased." He added also that lack of money is preventing any extension of the work of the Placement Bureau.

To the question of why the Campus, the official campus newspaper, is having difficulty in obtaining subscriptions, it was explained that the subscriptions are not because the students do not want them but because the campus devotees too much time to athletics and other affairs not directly related to the college. Whether or not the campus will continue to publish entirely will depend on the hands of the Campus Association.

'S1 Prom Tickets Selling at $6

Tickets for the Junior Prom, which will be held at the Hotel Fontaine on December 15, will be priced at $6 per person. The money price includes tip tax, and the latter for the benefit of the Delta Alpha Beta Foundation. The fee will provide the music for the affair, and the band will be under the direction of Alton G. Petrunke, president of the school. To date, 112 tickets have been sold.

Call for Applicants

"The prospective class of 1941 has called for applicants for the group of the Fortitude, a class athletic chairman, and co-chairmen of sports and activities," said Dr. Mead, "as well as the whole group of students." In this regard, applications are to be made by the students themselves and to be sent to the office of the director of the Fortitude.
