FACULTY BARS BROWDER TALKS

SC Opposes Faculty Ban on Browder

By Irving Shulbank

"The provisor with what you say but will defend your right to say it." Paraphrasing Voltaire's famous words, the Student Council decided Thursday by a 9 to 1 vote to go on record as being firmly opposed to the Faculty Committee's decision to ban Mr. Browder from the college. The motion was made by Jules Farnham, secretary, and seconded by Manny Feigin, chairman of Council on Students Activities.

The motion was adopted by a show of hands, and no opposition was voiced. Chairman Feigin said that the Student Council would continue to refuse to meet with the Faculty Committee until the ban on Mr. Browder was lifted.

ASU, At Model Convention, Discuss Peace And Labor

At a model convention last Wednesday, the ASU split into three panels to discuss topics which will be brought up at the national convention at Madison, Wisconsin.

The "American Foreign Policy" panel adopted a resolution condemning the present conflict between England, France, and Germany as an imperialist war. It also voted to fight the current war hysteria and showed how it is working towards American involvement in the struggle.

After a lengthy discussion, the panel rejected a resolution condemning the invasion of Finland and branded Russia as an aggressor.

The "Labor and Peace Forces" panel decided that the "New Deal is not an end but the peace force it was planned to be" and passed resolutions condemning the present war as imperialist. They recommended that Truman and Arnold's stand on trade unions be attacked, favoring increases in U.S. production and supporting all trade unions and other organizations which maintain strict neutrality for the United States.

The combined "Human Needs and the War" and "Peace Forces in the U.S." panel passed a number of resolutions and recommendations for delegates to the fifth annual convention of the ASU were accepted. Money to finance the delegates will be raised by raffling "a new car, a new radio, and a happy meal".
