As NYA, Director

Although he had submitted his resignation as NYA administrative director because of the pressure of other duties, Professor Charles C. Grove has been permitted to continue his administrative work until current applications have been disposed of.

Professor Grove stated that he had made an appointment with the director of the Ticker staff Friday at 5 p.m. in the office to discuss plans for the term. All applicants are urged to attend.

Professor Grove had argued that a 25c reduction in the number of applications for positions would cost the city more to maintain a regular four-year high school than it costs now for the three-year institution.

Alumni Favors Independent Placement Bureau

Resolutions affecting the setup of the Commerce and Employment Bureau and the existing vacancy of President were among the important measures passed Thursday by the Executive Board of The School of Business Alumni Society.

In reference to the Employment Bureau, the Board recommended that the Alumni continue its policy of seeking to establish an employment bureau independent of uptown domination.

It also went on record as favoring the establishment of a committee composed of members of the Board of Higher Education, the Faculty, and Alumni to appraise the applications and select a person for the position of City College President.
