BROOKLYN COLLEGE TO START REGULAR SESSIONS TOMORROW

ROBINSON HEADS BOARD

Eight Floors of New Brooklyn Office Building Rented for Brooklyn Branch

Regular sessions of the new Brooklyn branch of the College of the City of New York will begin tomorrow morning, September 24, under the auspices of the Board of Higher Education, of which Dr. Frederick H. Robinson is president. The sessions will be held by the Adelphi Alumni Fund.

The Board of Higher Education has rented eight floors of a newly-built Brooklyn office building for use on the college's campus. Work in furnishing and equipping the new quarters will begin tomorrow and will be continued up to the time of the opening.

All freshmen and sophomore who are now residing in Brooklyn who are not enrolled at the Institute of either Bachelor of Arts, Bachelor of Social Sciences, or Bachelor of Music degree programs have been transferred to the Brooklyn branch. All freshmen in the College of Liberal Studies who are in the science division have the option of either transferring to Brooklyn or attending the main college building. However, most science men find it more convenient to work at the main building due to the fact that advanced science courses have not yet been transferred to the Brooklyn branch and will probably be ready sometime within the year. In order to be eligible to transfer the science men will be able to transfer at the beginning of next term.

Professor Earl A. Marton, who has been appointed Acting Dean of the College of Education in the Brooklyn branch, has taught history at Adelphi and has served as the representative of the college's president in the Brooklyn branch.

Professor J. H. Biddle Kelly, and Mr. Alfred N. Appleby have been transferred to the Brooklyn branch.

Fifty Men Answer Football Summons

In response to Coach Harold Parker's letter calling for a panel of candidates for the varsity football team, some fifty aspirants made their appearance before the panel during the recent season. The list included none of last year's regulars. The only exception was the dramatic name of two freshmen who are enrolled in the college's literary and scientific courses. The panel was engaged in selecting the members of the team for the upcoming season.

The campaign for the sale of "U" tickets opens today. The payment plan will be made available to any member of the union committee. The price of $8.45 for the printings of the union is a monetary return on the $2.50 paid to the university committee. A number of members are expected to receive their tickets by mail at the end of the week.

The incoming class is expected to be up to the repute made by the previous class by the end of the first week of classes. The incoming classes are enrolled by the various classes for the purchase of the "U" ticket. It is probable that an award will be made to the class having the highest percentage of "U" members.
