Dr. Harry Gideonse
Brooklyn College
Brooklyn, N. Y.

Dear Doctor Gideonse:

Before launching an expanded program of five or six work camps this summer the Work Camp Committee is anxious to clarify its position and to explore the educational possibilities of the work camp idea. Consequently we are planning an evening devoted to a thorough discussion of our program this summer and the direction which the movement might best take. Dr. Gothe, possibly Kenneth Holland, and I would like to present briefly some of our ideas and the evening will then be given to general discussion.

Mr. and Mrs. Eliot Pratt have kindly invited us to meet at their apartment (One East End Avenue) on the evening of April 23rd. In order to provide full discussion we will meet at six o'clock so that some of the issues will be reviewed before a buffet dinner at seven-thirty. We hope very much that you will be able to help us in formulating our plans.

Cordially,

Algernon D. Black
Chairman, Work Camp Committee
