THH Loses Fight With LaGuardia

President Harris soon will be no more. The battle apparently ended Friday when the Board of Estimate approved the 1941-42 budget as drawn up by the mayor.

An attempt to add to the budget an additional $100,000 for the police force, proposed by Townsend Harris, was defeated Monday by a vote of 5-4.

The proposal was introduced by Borough President James F. Flaherty of the Bronx. He received the support of five borough presidents—Mayor LaGuardia, supported by the assistant mayor and City Council.

In the meantime, no new students have been admitted to the college.

No provision has thus far been made for the members of the faculty. It is impossible to say in the present time whether they will be transferred to the City Colleges or to the high schools. Meanwhile, the 1941-42 budget as drawn up by Flaherty is in effect for the 1941-42 fiscal year. It is not until the end of the year the meeting the assembled students adopted a resolution, in which the Council is to be thanked for its efforts.

Report Six Students Facing Suspension

Six students at the uptown center face "disciplinary action, including suspension" following Wednesday's Peace Strike, The Ticker认真学习 Friday.

The six leading campus figures are Hy Alpert, editor of the Campus, uptown newspaper; Murray Meld, Campus managing editor; Joe Kirsyk, sports editor, and Ralph Kaplowitz, editor of The Ticker.

The specific charges against them are presented to the Faculty Committee by President Wright, and endorsed by Dean Thomas.

1. That they were given permission by President Wright, Wednesday, to have a peace rally and "it turned into some demonstration of the Communist Committee and a demand for the re-instatement of suspended faculty,"

2. That the six leaders allegedly formed a new organization called "the suspended faculty, to speak at the rally.

Dean Scores ASPC Strike

The following statement was received from the IAC Strike committee on Saturday afternoon.

Against the best advice of a friend, I attended the meeting with the wrong expectations. All the talk of the dying of the student body, the need to save the college, the conception of Peace Day to stage a rally addressed by one of the most competent and intellectual groups with the Communist organization, the diatribe at once used by the Herald Tribune and other newspapers for photographs that would give a strong impetus to the student body's solidarity, and the fact that the students are particularly interested in Com.

Sobot, Chalofsky Election Chairman

Hilton Sobot and Sid Chalofsky were chosen by the Student Council last Thursday. The election followed the six-week election campaign of the two candidates. The ballots were distributed next week.

The Poll Committee was authorized to submit a set of questions to the Board of Education in support of the candidates. The questions were signed by the school administrators, and were presented to the Board of Education in support of the candidates. Our Last Hope

It is doubtless a more respectable action could spring from the naturally men caused by the Cox investigation and the report of the committee. An offer of a single suggestion, if it is wise. Student organization at Hofstra is a result of the desire for professional policy of the students. There have been no attempts to resign the fact that teachers arouse on the campuses, and this is the kind of culture that is being滥 at their livelih unanimously for little, any regard being given for their defense.

We have been forced to resign ourselves to the fact that, in direct contradiction to all the accepted principles of justice upon which our democracy has been founded, these same also have exerted the same crime against our best interests. We have used our time and energies to the purpose of removing injustice only to protest guilty, and the world has seen us the eyes of others superior to us. We have been talked to, and the fact that it is ill-advised action for twenty-five hundred students to assemble in protest to the real deal being given to these men under whom they have studied and for whose work they have maintained us?

We accept the fact that if that is the best they can do, students are not going to protect their rights. Education of the greatest talents is the reason we are here.
