SC Asks Dean to Act On Leafllet

The Dean and the Faculty Student Relations Committee were requested by the Student Council Thursday to undertake regulation of the distribution of leafllets outside the school.

The council also decided to request the Dean to enforce the regulations already in existence on leafllet distribution in corridors and on staircases. This decision followed a discussion of the rules.

The allegations were made to the ASU President, Irv Cooper, in a letter which also threatened to bring charges for the obstruction of the ASU for violation of the rules. No discussion of the letter took place at the meeting, however.

The following committees were appointed as a part of the student council: Z. B. Brown, and A. Novick; and Arthur Zelniker, D. D. Rock, and A. M. D. Simpson.

In the past, the school has not been successful in this area, according to the student council.

Edward H. Harris, treasurer, declared that the members of the staff of the school are not in charge of the student council.

Negotiations have been held by President Harris and President Harris, who said that the school will not accept any offers of support from outside agencies.

Elect Schoenholtz Ticker Chief

Election of Jerry Schoenholtz, 41, and Howard Weisman, 41, as acting business manager of The Ticker was announced Thursday.

"We felt that neither of the candidates had great promise," said President Schoenholtz, "and warrant immediate action." (Continued on Page Four)

Former Ticker Columnist Completes Autobiography

By MAXWELL RAYMOND "38

I now feel like a blood brother of the forty-first syllabus of the new school year. Over the entire school year I have written the story of my life in a few hundred words. I have said that this is the last issue of the "Yankee Hound" and that I hope to hear from you at some later time. My life has been a series of adventures and I am glad to add my name to the list of the "Yankee Hounds." I have been a member of the school for the past five years and have lived in this school from the time I was a small boy. I am now ready to take my place in the world of work.

Term's News

By Al Hejdieh

The past term may not have been as hectic as others, but it has its share of meaningful moments. The seniors have been preparing for their upcoming examinations, and they are looking forward to the future. The seniors have been working hard to complete their coursework and are ready to take on the challenges of the next term.

The seniors have also been involved in a variety of extracurricular activities, including sports, clubs, and volunteer work. These activities have helped them develop a sense of teamwork and leadership, and have given them a chance to meet new people and build lasting friendships.

The seniors are also looking forward to graduation, which is just around the corner. They have been planning their future and are excited about the opportunities that await them. Whether they are heading to college, starting a new job, or continuing their education, the seniors are ready to take on the world.

With sadness in heart
We say goodbye....

By Eugene Gay

You have to pardon me for tearing, but I feel a bit emotionally involved in going out. The seniors are leaving. There is a great deal of dirt and dust and footprints on the grass, and it smells like the beginning of a new season. The seniors are leaving, and with them, a part of our lives.

The seniors have been our friends, our teammates, our competitors, and our mentors. They have been a part of our college experience, and we will miss them deeply.

The seniors have been a part of our lives for the past four years, and we have shared many memories with them. We have laughed, cried, and celebrated together, and we will always remember the good times.

The seniors have also been a part of our challenges, and we have grown as a result. The seniors have taught us valuable lessons about life, and we will carry those lessons with us for the rest of our lives.

We wish the seniors well as they begin their new journeys. We hope that they will continue to be successful and happy, and we will always be proud to call them our friends.
