General Regulations Governing Campus Life

HOUSKEEPING:

1. Rooms must be kept clean and neat. Cleaning implements are provided on each floor.

2. Sweepings should be picked up with the dust pan in the room. Do not sweep dirt into the halls.

3. Be especially careful about neatness and cleanliness in the baths.

4. Containers are provided outside for refuse. Candy papers, sacks, cigarette butts and other refuse should not be strewn on the grass.

FOOD:

1. Any food in the room must be carefully stored in adequate containers to protect the dormitory against mice, ants, and other insects. Nothing should be kept in the room which creates an unpleasant odor in rooms or halls.

2. During the warm weather be exceedingly careful about food spoilage. When in doubt, don't take chances. Very few foods can be kept without refrigeration.

Electrical Appliances:

1. Electrical heating appliances—irons, hot plates, etc., may not be used in the dormitory rooms.

2. Suitable plugs for irons are provided in the laundry.

3. Radios and study lamps may be attached in the rooms.

Inspection:

Frequent room inspections will be made with pass keys by authorized members of the staff. The purpose of this inspection is to ensure:

(a) to maintain safety and welfare of the residents of the dormitories and
(b) to make possible guidance and instruction to those students who have not yet acquired the art of adequate housekeeping either because of adequate knowledge of procedures or inability to budget their time and fit in housekeeping.

HOURS:

Quiet hours for study and rest are essential.

The following are recommended for study hours:

- School nights (Mon.-Thurs.) 7:30 - 9:00 P.M.
- Sundays (or the rest day of the week) - The dormitory must be kept quiet until 11:00 P.M. Men may not use the social rooms during this period. Ping-Pong, table, piano and the radio should not be played except that the radio may be used softly for news.

Closing Hours:

Doors will be locked at 10:00 P.M. on weekday nights.

Doors will remain open for one half-hour after the closing of any function sponsored by the College.

On nights when students are attending Gargoyle dances, etc., the doors will remain open until 12 Midnight.

Girls who plan to be out later than 10:00 P.M. on week nights or 10:30 P.M. on "Social Nights" must arrange with the resident dean of the dormitory. Such arrangements are at the discretion of the dean of the dormitory.

The dormitory should be quiet after 10:00 P.M. on school nights or 10:30 P.M. on social nights. Those coming in later must respect the quiet hour for their colleagues who may have chosen to study or to retire early.

Lights out at 10:30 P.M., week-days; 11:00 P.M., week-ends. Late comers returning from social functions should burn as little light as possible.
